OUR FAMINE SUMMARY.

[SPECIAL FOR THE ASYLUM PRESS ALMANAC.]

THE GENERAL RELIEF FUND.

The response which has come from all parts of the British dominions to the appeal which was made on behalf of the famine-stricken people of Southern India has been so magnificent from a financial point of view, and the good done with the aid rendered has been so great, that a few details in regard to the origin and working of the Fund may be of interest, and also be worthy of permanent record.

In June last, the Directors of the Monegar Choultry at Madras a Poor-House and Infirmary, (the nearest approach probably to an English Work-house in India) were requested by one of their number, Mr. Krishnama Chariar, to provide for the relief of the caste poor of Madras, who could not, from religious and other scruples, partake of cooked food, supplied in Relief Houses. They would sooner die than partake of such food. As the funds (raised from endowments made by wealthy natives, from public subscriptions, and from a grant from Government), would not permit of aid being rendered, the suggestion was referred to His Grace the Governor in Council. The Governor in Council suggested that the relief of such poor as were altogether outside of existing agencies should be undertaken by the public, who should raise subscriptions, towards which, Government would make allotments. The Municipal Council was made the medium of the effort, and a large number of European and Native gentlemen joined in the deliberations of the Famine Relief Committee, which was then formed. At one of the meetings, sub-committees (9) aggregating in number nearly two hundred gentlemen, undertook the personal supervision of relief and agreed to make searching investigation into the cases of all who were applicants for relief. At this meeting the first suggestion was made for seeking charitable aid outside Madras; it emanated from Mr. Digby, Editor of the *Madras Times*. Some discussion followed the suggestion, Sir William Robinson, K.C.S.I., agreeing that it would be well if the attention of the English public were called to the actual state of things in Southern India, but he was not of opinion that the Town Relief Committee should undertake the task. Mr. Digby maintained the propriety of the Madras Committee, as representing the whole Presidency, taking the initiative, but for the time being forbore to make a motion on the subject.

Meanwhile having found there was a strong feeling among the inhabitants of Madras on the subject, Mr. Digby again brought the subject forward at a meeting held on the 30th of July, three days after the meeting referred to above when it was resolved that a requisition should be sent to the Sheriff to convene a meeting, and that His Grace the Governor should be asked to preside. At the Committee meeting Mr. Digby moved the following resolution, which was substantially adopted:—

“That the Central Committee of Town Relief for Madras arrange for a public meeting being held at an early date in the Banqueting Hall, over which His Grace the Governor be asked to preside. That at this meeting Resolutions be submitted which shall show the extent of distress throughout the Presidency and that the aid of the communities of Calcutta, and other Indian cities where no abnormal distress is being experienced, be sought. Also that the Lord Mayor of London and the English Chambers of Commerce be communicated with, and that the India Office be asked to place all available communications regarding the Famine at the service of the English Press. As the local Government undertake to keep the people alive as far as possible, it be suggested that the Funds raised in England, and elsewhere be employed in supplementing Government aid, and in providing implements for agriculture and seed grain for sowing during the approaching N. E. monsoon season.”

A public meeting presided over by His Grace the Governor of Madras was held. His Grace consented to take the chair, only after the meeting had been called by unofficial gentlemen—in a word by the citizens of Madras. The signatures to the requisition to the Sheriff were all those of private citizens. This fact is explicitly stated, because the impression got abroad that His Grace the Governor of Madras as Governor appealed to the people of England for help. That was not the case, however, the appeal being from the people of Madras to the people of England. The meeting in the Banqueting Hall was well attended, and the outcome of it was the following telegram to the *London Times* :—

Please publish for the information of the Lord Mayors of London, York, and Dublin, the Mayors of Birmingham, Bristol, Liverpool, and Manchester, and the Lord Provosts of Edinburgh and Glasgow, that at a public meeting held in Madras, the Governor presiding, it was resolved to appeal to the British public for aid to the population of Southern India :—

"The severity of the famine is increasing, and the distress is great. The rainfall continues insufficient, and a population of twenty millions is affected. Numbers are absolutely dependent on charity, and in the Madras Presidency alone 1,750,000 persons daily receive assistance. The increased mortality has already reached nearly half a million. The distress is now reaching the better classes, owing to the increased price of grain. The pressure must continue till the crops are gathered in January. The necessity for assistance is most urgent and pressing."

The proceedings of the meeting itself will be found detailed in the following appeal which was widely circulated throughout Great Britain, the Colonies, and India :—

"I have the honor to place before you, with a view to arousing the sympathy and aid of those whom you may be able to influence, the proceedings of a public meeting held in Madras on August the 8th, and presided over by His Grace the DUKE OF BUCKINGHAM AND CHANDOS, Governor of Madras. His Grace's speech sets out the main facts of the disastrous state of things to which your attention is asked, and is in the following terms:—

"His Grace said that he had acceded with much satisfaction to the request addressed to him by the residents of the city that he should preside over a meeting for the purpose of considering whether, in the present state of the calamity and distress which prevailed over so large a portion of the Presidency, it was not necessary that they should appeal to the charity of the people of India and England to aid in the relief that was being afforded to the sufferers by the famine. There was a time when he had hoped and thought that circumstances would now have been in a different condition from what they were. It was thought that crops might have been sown some two months ago, and that, with seasonable rain to foster their growth, prospects would improve, and that, as fast as the people had gathered to the aid which had been collected and granted, so quickly would all appearances of the famine disappear on the people once more finding occupation and the earth once more giving crops. But it had not been so willed. They had now entered upon a new phase of the Famine. From the Kistna river to Cape Comorin, throughout an extent of territory covering seven or eight degrees of latitude, except in a narrow strip of country, viz., Travancore and portions of the Western Coast, there were sad signs of distress. Information received by His Grace from almost every district week after week and fortnight after fortnight complained of great scarcity and the want of food and cattle, and of dire distress being experienced. Such was the tenor of the reports of the several district officers, and that those reports were not exaggerated was shown by the testimony of officers having long experience in Indian matters who had visited and were still visiting the famine districts. At the present moment, an area including eighteen millions of people depended for their food supply on the activity of trade and commerce, and the exertions of those who were engaged in the transport of grain. Through the Ceded Districts, Salem, North Arcot, Coimbatore, and the Nilgiris, the demand of half of ten millions of people was being daily met by the Railway, and if the demand every month was compared, it would be seen that the necessity for supplies was steadily on the increase. In the State of Mysore, the same dire distress existed, and there was also the same uncertainty as to future crops. Amongst the agricultural classes there was a feeling of general despair caused by the depression arising out of the existing state of things. His Grace had referred to the supply of food. It was essentially the task and duty of the Government to see to that—to have the food supplies which existed in the Presidency distributed to the several districts. It was no light task for trade and commerce to provide for the great demand of the supply of food. A month ago he was of opinion from the facts before him that there was not enough grain being received in Madras to meet the demand. Indeed, at the time there was only a week's supply on hand. But now enough had been received to carry on for a time, yet His Grace desired not to lose the opportunity of urging on those engaged in trade and commerce to use their efforts to be equal to the demand. As he had said before, it was the duty of the Government to see to the supply of food, but public charity was needed for other purposes. It was not food alone that was needed. During the short trips he had taken in the famine districts—he was sorry that he could not make such more frequently or farther,—His Grace had noticed the want of covering for the body, the roofless houses and the destitute condition of the poor who were compelled to seek relief in the camps. Thatch had been taken from the roof for the cattle, and the bamboo rafters converted into means to purchase food. The sights to be met with presented a sad picture of the destitute plight to which a very large number of the people had been reduced. Consequently, too many, when they return to their homes from the Relief camps or public works, will have to go to a roofless house with not a single culinary vessel remaining in

it. Here were wants which it would be necessary to recognise and supply, and for which he thought outside aid might well be sought. To provide clothing for the poor, even such scanty clothing as this climate necessitates, means were wanting; to enable them to repair their houses and to purchase new implements instead of those which they had sold in order to procure the means to obtain food, would require funds, which might be looked for from public charity. It was necessary that public charity should be invited for these purposes, and such wants were eminently suited to the claims of charity. To supply these wants to so large a number of people would need a sum of money far more than could be got from the Presidency. It would be necessary to look for aid to the sympathy which England had exercised on occasions of distress through many by-gone years. His Grace was convinced that they had but to place a true account of the distress prevailing among the people of this land to evoke the sympathy and secure the liberal aid of England. He could not think that, when it should be known in England how large a portion of the Presidency was subject to calamity and distress, when it should be known that the districts in which the distress prevailed included eighteen millions of people, and also when it should be known that two-thirds of the Presidency was suffering from high prices of food, that whole districts were suffering under pressure of prices double what had been suffered in the Bengal famine of 1874 the people of England would not hesitate to admit the need for aid. It was because His Grace felt that aid was needed that he had consented to preside at the meeting, for he confessed, and he was not ashamed to confess it, that he had held that it behoved particular districts suffering from some kinds of calamities, to endeavour of themselves to grapple with those calamities. Thus, the Madras Presidency had been endeavouring to do with the famine. But the time when Madras could take such a course had passed. Further aid was needed. His Grace had had but little opportunity of visiting the districts—not, as he had said, as much as he could have desired—and as he had already observed, he had had to judge of the condition of the districts from the reports of the officers. The Government had sent out able and experienced officers to see what was being done to relieve the sufferings of the people. These officers brought back information shewing that much energy and vigilance was being devoted by the district officers to the relief of suffering and that energy and self-sacrificing zeal characterised the officers of the Madras service engaged in the task; but they also brought back information which showed that, with all the exertions that were employed, the Government were not holding their ground with the condition of the people; that, in fact, in the new phase which the famine had assumed, they had to meet their enemy with reduced strength and impoverished means. The stores which had existed before existed no longer. They had to contend with the difficulty that faced them with a weakened population and diminished resources. Thus a greater task than that which they had before to grapple with had fallen on the Government, and a still greater task on the district officers on whose energy would depend the issue of the contest with starvation in which they were now engaged. After paying a high compliment to the energy of Dr. Cornish and his careful tours of inspection, His Grace read an extract from a report received on that day from that officer referring to a tour in the districts of Bellary and Kurnool. Dr. Cornish gave a gloomy account of the condition of these districts, and His Grace said that what was stated of these districts by Dr. Cornish might be said of other districts also."

The terrible effects of the scarcity upon the lives of the people will be seen from remarks made by the Sanitary Commissioner of Madras at the Meeting in question. Dr. CORNISH said:—

"On the subject of mortality, which was far from a pleasant one, he would offer but a very few remarks. He had official returns of the mortality from January to July last, and for the five years preceding. The total number of deaths for the five years was 215,177, and the number of deaths from January to July in 1877, was 519,301, being 309,224 more than for the corresponding five years. If it was considered that the returns were not strictly complete and that Mysore was not included, the rate of mortality was indeed

very great, and God only knew how many more were yet to die before the Famine was over. With regard to the necessity for subscriptions, there would, he said, be thousands of children who would be made orphans by the famine. All these would have to be provided for, they would have to be fed, clothed, and even educated."

COL. DAEVIA, Commissioner of City Police, alluding to the Relief Camps in the City of Madras, said :—

On the 28th July the average total relieved for the week was 18,421, of whom 8,000 were Mahomedans and the rest low caste. The average in this class relief since 5th December has been 11,203. They had also five large camps for the detention and support of mofussil pauper immigrants, whose average number from the 5th December has been 11,916. To these, two meals or 16 ozs. of dry grain, cooked with the usual condiments, have been issued daily. The actual numbers on this relief on 28th July were 14,830. Within the last few weeks several working Camps have also been formed of paupers, recovered and drafted from the Relief Camps, who are employed on various works in the Town. These people purchased their own food and cooked it for themselves. Their numbers now amount to 9,017. There were thus no less than 87,268 persons being relieved by Government in the Town and at the Red Hills at the present moment. He now approached the more melancholy phases of the Relief, viz., the mortality in the camps. In spite of all the skill, care, and attention on the part of most devoted Medical Officers no less than 5,117 resident paupers have died. In other words, nearly half the Camp population perished in seven months. These figures, which were thoroughly reliable, would enable the public to form some estimate of the sufferings of the people in the other afflicted Districts where no such aid can be had.

As will be inferred the distress is very widespread. The number of people receiving relief is one million and three-quarters, of whom 600,000 were on gratuitous relief, being fed in Relief Camps or getting money payments. These are entirely dependent upon State aid for support, and the number is steadily increasing. With regard to the food pressure upon the poor it may be stated that the price of grain has risen till it is now equivalent to a quartern loaf in England being increased in price from sixpence to two shillings and sixpence. Meanwhile there is no work for the people save such as the Government provides. The proportion now relieved is 10 per cent. of the population of some of the distressed districts. In Kurnool and Bellary the proportion is 27 per cent., in Cuddapah 18 per cent., and in Chingleput, near Madras, the distress is quite as great. The condition of the people is going from bad to worse, and ryots are fast flocking into the Relief Camps.

Resolutions were unanimously adopted by the Meeting to the following effect :—

I. That the increasing severity of the distress arising from the Famine necessitates an appeal to public charity.

II. That with the view of obtaining the aid referred in the first resolution, the Lord Mayors of London, York and Dublin; the Mayors of Bristol, Birmingham, Liverpool, Manchester; the Lord Provosts of Edinburgh and Glasgow, and the communities of Calcutta and other cities and stations in India, and the Editor of *The Times*, London, be at once informed by telegraph, and more fully by letter, of the urgent necessity which exists for assistance, and be solicited to adopt such measures as they may think more suitable for making the condition of this Presidency known to the public.

III. That the existing Town Relief Committee, with its Divisional Committees, be requested to continue in office, and that a General Committee be formed to undertake the general management of the Famine Relief Fund.

A fourth resolution provided for the appointment of the Committee whose names appear on page xii.

The Resolutions were spoken to by A. Mackenzie, Esq., the Venerable Archdeacon Drury, Dr. Cornish, J. Jones, Esq. Wm. Digby, Esq., Colonel Drever, The Right Rev. Bishop Fennelly, Rev. R. Stephenson, Hon. V. Ramiengar, C.S.I., J. Nicholas, Esq., and the Hon. J. G. Coleman in the order mentioned.

A Meeting of the General Committee was called for the 6th of August, when Sir Wm. Robinson was appointed Chairman of Committees, and Mr. Digby, Honorary Secretary. An Executive Committee was nominated, which with subsequent additions, was composed as follows:—

The Hon. Sir W. Robinson, K.C.S.I., G. Thornhill, C.S.I. G. A. Ballard, Esq., R. K. Puckle, Esq., the Venerable Archdeacon Drury, the Very Rev. J. Colgan, the Rev. J. M. Strachan, M.D., Colonel Weldon, Hon'ble J. G. Coleman, J. Jones, Esq., W. W. Munsie, Esq., C. A. Ainslie, Esq., H. Cornish, Esq., A. Mackenzie, Esq., Robert Orr, Esq., Hon'ble Mir Humayun Jah Bahadur, Hon'ble V. Ramengar C.S.I., M. Cundasawmy Mudaliyar, F. Rowlandson, Esq., and Wm. Digby, Esq., the Honorary Secretary.

Subscriptions flowed in freely from various parts of India, and a public meeting was arranged to be held in Calcutta, but through misunderstanding regarding the wishes and intentions of the Supreme Government it was not held, and considerable excitement and feeling was aroused at apparent conflict between the authorities and the Madras public. [Subsequently a public meeting was held in Calcutta, and appreciable help rendered.] Meanwhile, in England, the appeal had been heartily taken up, and on the 28th of August His Grace the Governor received the first remittance from the Lord Mayor of London, which amounted to £45,000. Meanwhile there was considerable uneasiness about the attitude of the Supreme Government, which was removed on the occasion of the Viceroy's visit to Madras, when the following correspondence was published in a *Gazette of India Extraordinary*:—

No. 773, Governor-General's Camp, Madras, the 31st August, 1877.

From—S. C. BAYLYN, Esq., C.S.I., Adl. Secy. to the Govt. of India.

To—The Secretary to the Government of Madras.

SIR,

I am directed to forward, for the information of the Governor of Madras in Council, the accompanying copy of a letter which, under the direction of His Excellency the Viceroy, I have this day addressed to the Government of Bengal, in regard to the question of applying to the public for Subscriptions in aid of Famine Relief.

2. The immediate object of this letter was to explain to His Honour the Lieutenant-Governor of Bengal somewhat more fully than had been in the telegram of the 12th of August the views and wishes of the Government of India in regard to appeals by Government for public subscriptions, and it is desirable, that His Grace should also be informed of the considerations which led His Excellency to adopt these views.

3. With reference to paragraph 7 of the enclosed letter, I am directed to state that His Excellency finds on the proceedings of the Committee *
 * General Committee, held on the 24th August, a resolution that the Fund should be devoted (1) to contributions in aid of local Committees for the relief of necessitous poor, not reached by the Government, (2) to contributions towards the care of destitute children, (3) to making allotment towards any other special objects which seem to come within the scope and ability of the Fund. The whole discussion tends to show that it was the desire of the Committee to adapt its work to objects and measures of relief other than that already covered by the action of Government, but in considering the terms by which the Committee define the objects to which their funds will be devoted the Viceroy fails to gather such complete and specific information on the point as he could desire. He has no objection whatever to the benefits of private charity being directed towards those necessitous poor whom the action of Government cannot reach, and accepts it as quite probable that among women of the respectable classes, among persons on very small fixed incomes, and even among agriculturists who are struggling to remain at their homes, there may be cases, which ought not to come within the scope of Government action, but which may very properly be relieved by private charity wherever private charity has the necessary agency at its disposal. Simi-

larly in regard to children, though Government is in one way or another endeavouring to keep alive all destitute or orphan children that may be thrown on its hands, there may well be room for private charity in regard to children not within this category, and moreover the work of providing for and supporting such children hereafter, either by grants to orphanages or to those who will receive such children, is obviously a fit subject for private charity. His Excellency understands that it was not the object of the Committee to express, in a general resolution, specific rules or detailed instructions, but doubtless these will be drawn out hereafter. In the meantime, as Lord Lytton learns that the subject has been under the consideration of His Grace the Governor, he will be glad to receive information as to the conclusions which the Madras Government have come to, and to learn not only what are the specific objects in detail to which funds are to be devoted, but also what agency the Committee propose to employ both in large towns and in the interior for the attainment of those objects. In large towns there will no doubt be plenty of volunteer agency available, but in the villages His Excellency apprehends that, outside the chain of relief organization subordinate to the Collector it will be difficult to find the requisite agency and Lord Lytton deprecates the diversion of this organization to purposes other than those of Government relief. This objection is not based on imaginary grounds. Experience has shown that, when the Government relief organization has been placed under the orders of a Central Committee, it has led not only to the Collectors being burthened with additional work, having to submit double sets of returns, and to correspond with an additional master, but also to a considerable amount of friction and some unseemly discussions between Government officials and their superiors. His Excellency hopes therefore that the Government of Madras will be able to direct the operations of the Committee into some line, where the agency to be employed will not be that of the overworked establishment already employed by Government.

No. 772, Governor-General's Camp, Madras, the 31st August 1867.

From—S. C. BAYLEY, Esq., C.S.I., Additional Secretary to the Government of India,
To—The Secretary to the Government of Bengal.

SIR,

The attention of His Excellency the Viceroy has been drawn to certain correspondence which has passed between the Lord Mayor of London and the General Committee, Madras Famine Relief Fund, in regard to a private meeting held in Calcutta for forming a Famine Relief Committee; and from this correspondence it appears that considerable misapprehension exists as to His Excellency's views on the subject of appeals to the public in aid of famine relief. I am, therefore, directed to communicate to you, in continuation of the Viceroy's telegram of the 12th August, the views of the Government of India on this important subject.

2. The Madras Government have undertaken to keep people alive by all available means within their power; they undertake to relieve the famine-stricken by giving work to those who can work; by giving food and attendance either in relief camps or kitchens to famine-stricken people who cannot work, and they distribute relief in the shape of a money-dole to nearly half a million of people at their villages; but in order to do this the whole available organisation of the country is strained to the very utmost, and it is impossible to place this organisation at the disposal of any irresponsible committee.

3. Before, therefore, the Government of India could properly ask for, or even accept, the charitable assistance of the public, it would be necessary to ascertain what measures of relief, other than those already adopted by Government, the Central Committee propose to adopt, and what organisation, other than the Government organisation, is at their disposal for carrying out those measures.

4. The Viceroy in his telegram of the 12th explained that he was unwilling "to appeal for public subscriptions in aid of the efforts which Government was making to keep people alive" that is to say, he was unwilling to ask for public subscriptions in order to

supplement the Government expenditure on the same lines, for the same ends, and through the same channels of organisation as the Government had already occupied. To have done this would be merely asking for public subscriptions in aid of the Indian revenues, and it was unlikely on the one hand that the public would have cared to subscribe for this purpose, while on the other the assistance which such subscriptions could have given would have borne but an infinitesimal proportion to the expenditure of half a million sterling a month which the Government has already to defray on account of famine.

5. There was another consideration which, in His Excellency's opinion, rendered it specially inopportune to appeal to the Indian public for subscriptions in aid of Imperial expenditure on famine, so long especially as the objects and agency of such charity are not distinctly and definitely separated from the objects and agency of Government expenditure. It had become manifest that, in order to meet the heavy drain on the finances of India, which the Madras and Bombay famines were already causing, the Government would sooner or later be obliged to resort to increased taxation over the whole country, and it followed necessarily from the nature of the case that the very class from whom subscriptions might be expected would have to bear the burthen of taxation; the Viceroy was, therefore, unwilling to ask for public subscriptions from the same persons, who would hereafter have to bear a heavy burthen of taxation for precisely the same objects as those to which their subscriptions were to be devoted.

6. This last consideration of course applies only to subscriptions raised in India and in no way to appeals made in England; but its importance is increased by the fact that in addition to the destitution in Madras, the Government have to face anticipated scarcity also over a great portion of Northern India.

7. His Excellency in his telegram of the 12th instant added that, "if any definite objects can be specified which are beyond the scope of the operations of Government, and to which the subscriptions of the public can be usefully applied, there can be no objection." At that time the Government of India had received no communication on the subject from the Government of Madras, and the newspaper reports of the public meetings left it quite uncertain whether the objects to which the Com-

"Committee earnestly solicit your Lordship's powerful influence, support, appeal, assistance, for afflicted population Southern India. Property sold for food: villages largely deserted; poor wandering search sustenance, resources lower middle class exhausted owing famine prices; prompt liberal assistance sympathy may mitigate suffering.

mittee destined their funds were those already provided by Government, or not: in fact, the telegram ultimately sent home by the Committee to the Lord Mayor leaves the question still open to the utmost doubt and points rather to the assistance being devoted to relief works and relief camps, than to any fresh field of action. His Excellency has now, however, had an opportunity of conferring with the Government of Madras, and learns from His Grace the Duke of Buckingham that the Committee propose to devote the funds received by them to special objects not coming within the scope of Government relief, two of

which objects are understood to be the relief of those who are not yet so reduced as to leave their villages or to apply for Government assistance, and the support of orphans and destitute children not reached by Government agency. His Excellency is now in correspondence with the Government of Madras with a view to formulating somewhat more precisely the objects to which private charity will be devoted and the agency through which it will be applied.

8. While therefore it remains in the Viceroy's opinion undesirable for the Government itself to ask those, who will hereafter have to bear the burthen of taxation on account of famine expenditure, to give their private subscriptions also towards the same object, His Excellency desires that every encouragement may be given to spontaneous efforts which may be made in this direction. Lord Lytton is very far from desiring to impede the flow

of private charity, and is only anxious to secure that it should be devoted to useful purposes apart from those already taken up by the State, and that it should not be diverted into a simple contribution to the revenues of the State.

Soon afterwards His Excellency the Viceroy was so satisfied with the operations controlled by the General Committee that he forwarded a donation of Rs. 10,000 to the Fund. In Great Britain subscriptions rapidly increased in amount: separate funds were raised in Lancashire and in Scotland. Later on the total sums subscribed will be found given in detail.

During the period this point was being discussed, the General Committee, through its Executive, was striving to establish Committees throughout the Presidency, but a feeling being abroad that the Supreme Government was opposed to officials taking part in the formation of Committees led to great delay. Missionary agency was prompt to offer itself for disbursing relief, and throughout has proved most valuable. Eventually the restriction of the Government of India regarding officials taking part in the movement was removed, and about the same time, two gentlemen—the Rev. J. M. Strachan, M. D. and Mr. F. Rowlandson—having been appointed to proceed through the Presidency to organise relief operations, it was not long before Committees or Agencies were appointed everywhere, the list being roughly as follows:—

Regarding the work of the gentlemen who went on Deputation duty, the following extracts from the Weekly Statement of the General Committee, No. 5 will be of interest :—

Brode, October 11th 1877.

(From F. ROWLANDSON Esq. to the HONORARY SECRETARY, General Relief Fund.)

I wrote to you of my Meeting on Saturday morning last, with the existing Local Committee at Coimbatore. This body did not appear to me sufficiently representative as no European official gentlemen were upon it. Accordingly on Sunday and Monday I saw the Judge (Mr. Kindersley) and other gentlemen, and at a Meeting of Committee held on Monday evening, Messrs. Kindersley, Davis, Cloete, Grimes, Wynch, Ogg, and H. G. Wedderburn were added to the Committee, and Mr. Kindersley was elected President and Colonel Cloete Vice-President, conjointly with Mr. Stree Rungachariu who had been elected at a previous Meeting, when Mr. Nash (Stanes & Co.) had been made Honorary Treasurer, and Mr. Booyungs Row, Honorary Secretary.

A revision was then made of the list of Sub-Committees in the Town, and Sub-Committees were formed for the talugs consisting of two or three local members and two inspecting members from the Town Committee. Col. Cloete, Messrs. Grimes, Wynch, Ogg, and Wedderburn were each put on a Town Sub-Committee, and Messrs. Cloete and Wedderburn also consented to work on Talug Committees. Mr. Venkatasiah (Pensioned Deputy Collector) and Mr. Narainyar (Pensioned Sheristadar) agreed to travel through the talugs as did Mr. Stree Rungachariu. Colonel Davis, whose duties take him into different parts of the District, will act with each Sub-Committee as he finds himself in its neighbourhood.

A meeting of the Committee was fixed for Wednesday, the proceedings of which will no doubt be communicated to you. I think your Committee may rely upon receiving most valuable assistance from the Coimbatore Committee as now constituted.

On the afternoon of Sunday I had a long interview with the Right Rev. D. J. Bardou, Roman Catholic Bishop. I explained to him that the Local Committee having taken charge of the four S. W. Talugs of the District, any application on behalf of residents in that area he might desire to make should be made in future to that Committee and not to you. He gave the names of several priests who were put on the Talug Sub-Committees at Monday evening's meeting. The Bishop also informed me of the agency in other parts of the District which he can employ either separately or in conjunction with Local Com-

mittees. He also told me that there is a part of Cochin territory within his Vicariate which is much distressed. I would suggest that a sum of Rs. 500 be sent him for distribution there.

On Monday morning I came here and was fortunate in finding Mr. Wedderburn and Dr. Cornish with the Sub-Collector, Mr. McWatters. There was a parade of 8,000 people for inspection by Dr. Cornish. They varied very much in condition, but at least a fourth appeared to me incapable of work, and proper subjects for camp relief or hospital treatment.

After the inspection I met the Collector and Dr. Cornish at Mr. McWatters' house.

In reply to my enquiries as to the way in which we can best utilize the funds at our disposal, Mr. McWatters gave it as his opinion that there should be an immediate allotment of grants to the ryots to enable them to get their land under cultivation. I informed him that the General Committee were of opinion that the purchase of bullocks does not come within the scope of our operations. Mr. McWatters begged me to urge upon the Committee the reconsideration of their decision, and I have the honor to request that the point may be discussed again, having reference amongst other matters to the fact that we may now suppose that we shall in all probability have some 40 lakhs sent out for distribution, so that some two lakhs at least may be approximately apportioned to each distressed District. Dr. Cornish quite coincided with Mr. McWatters, and authorized me to state that it is his opinion that the agricultural classes, which he described as the backbone of the country, are especially deserving of liberal relief, being more independent in character than the pariah and chuckler caste folk who are only too ready to abuse kindness shown to them. I understood Mr. Wedderburn to be of opinion also that grants for bullocks should be made for the greater part of the District, in fact, for all the taluqs excepting Coimbatore, Pollachy, and Collegal. As to the two former of these you will receive, in due course, the report of your Coimbatore Committee.

I find Mr. McWatters has convened a Meeting for to-morrow (Friday) of residents, with a view to the formation of a Local Committee for the Erode, Karur, and Darapuram taluqs.

Taking, however, into consideration the necessity for immediate action, I beg to suggest that if your Committee is prepared to adopt the views as above stated of Mr. McWatters, a sum of Rs. 50,000 should be forthwith remitted to that gentleman for distribution in the three taluqs of his Sub-Collectorate.

The following statement will show what urgent need there is for action.—

A reference to paragraph 5 of G. O., 8rd October 1877, F. R. No. 2137A, will show the Committee that Government limits its grants of seed grain to grounds already ploughed, thus excluding ryots who have no cattle to plough with. The effect of this must be the non-cultivation of a considerable area.

I go out to-day to Bhowani where I hope to meet Mr. MacGregor, the Divisional officer, and Major Ross, the Famine Relief officer. I shall hope to advise you by Satur-

day's post of arrangements having been made for relief operations in Battismangalam and Bhowani, as also of the proceedings of the Meeting to be held here.

P.S.—I have just returned from Bhowani where I found Mr. MacGregor—an officer of considerable experience—also in favour of grants for bullocks.

(From Rev. J. M. STRACHAN, M. D., to the HONORARY SECRETARY).

KURNOOL, October 6, 1877.

A meeting was held yesterday afternoon for the purpose of organizing a Kurnool Relief Committee. I am glad to say there was a very large attendance, nearly the whole of the European community were present, as well as the grandson of the late Nawab of Kurnool, several influential Mahomedans and about 60 Hindu gentlemen, a large, influential, and thoroughly representative Committee were appointed, and I am happy to say J. H. Latham, Esq., has consented to act as Treasurer and Secretary; a better selection could not have been made. He will forward to you a copy of the proceedings of the Meeting, together with the names of the gentlemen forming the Committee. A lengthened discussion took place as to the best means of distributing the charity, and as to the class of sufferers to whom it ought to be given. It was agreed to form nurseries for children with the especial object of feeding such as are in an emaciated condition, to give a money-dole weekly to those suffering from distress but not receiving Government help, to help to support such poor ryots who may have sown their fields but have to wait for some weeks before they can reap. (It was acknowledged that these could easily get advances on their crops; but on the other hand the Chetties demand such a high interest, that these poor ryots would be in scarcely a better position after they reap than they were before) Further, it was thought expedient to give clothing and cumbles to such as require them as far as the funds placed at the disposal of the Committee would allow; to purchase or hire bullocks for ploughing and to repair the houses of those suffering from extreme poverty. It was agreed to ask for a first grant of Rs. 40,000. I trust you duly received the telegram I sent on this point. I telegraphed, fearing that this letter would not be in time for the Monday meeting. There is no Bank in Kurnool, so it will be necessary to obtain the consent of Government to the money being lodged in the Treasury here. There is to be a meeting of the Committee here on Monday morning, and I have been requested to remain for the meeting. I expect to leave Kurnool on Monday night and to reach Cuddapah on or about Thursday next.

The country about here looks most promising—green everywhere and thriving crops here and there. The Collector tells me that 98 per cent. of cultivation in this district is dry. There has of late been abundance of rain; and except for cotton it does not much matter, so far as this district is concerned, what kind of a North-East Monsoon there may be. Further a very large number of people have left relief works and relief camps and returned to their villages, and are now trying to get a living for themselves. Notwithstanding all this, there remains a vast amount of distress. I notice far more emaciated creatures than I saw in Bellary, and I am quite sure that Kurnool requires and deserves a large share of the Funds at the disposal of the Committee. You have a strong and thoroughly efficient Committee here now. You may rely upon them carefully and judiciously spending the money entrusted to them; and I hope the General Committee will repose that confidence in them which they have already done in the Bellary Committee. I am quite working in the dark as to the plans of organization that are being employed in the districts of South India. Perhaps the time has already come when the General Committee may see their way to the issue of a detailed plan, which with slight alterations required by peculiar circumstances might be generally adopted throughout all the Districts. I have thought a good deal on the subject and venture to forward some suggestions for the perusal of the Committee.

Suggestions as to the distribution of the Famine Relief Funds.

1. All grants made are for the purpose of relieving present distress. Permanent

charges, such as orphanages, &c., can only be considered after the pressure of immediate wants has passed away.

2. That Committees be formed at the head town of each District, who shall distribute the grants made to them in that town and in the villages of the district, to the following classes of the distressed :—
 - a. Poor East Indians and Europeans.
 - b. Natives of the lower middle class.
 - c. All natives who are not receiving Government aid but who are in want.
3. That the forms of relief be limited to the following :—
 - a. Day nurseries for feeding infants and children who are evidently suffering from the want of nourishment.
 - b. A money-dole of 8 annas for an adult and 4 annas for a child under 12 years of age.
 - c. The repair of the roofs and houses of the very poor.
 - d. Payment of the hire of bullocks for those ryots who are too poor to pay the hire themselves.

N. B.—Government undertakes to provide seed grain.

- e. The purchase of looms, ploughs, &c.
- f. The grants of cloths at the rate of 2½ per cent. of the population of the Famine District; and a grant at the same percentage of cumblies. Taking Kurnool District as an example, this will give 3 cloths and 3 cumblies to every village in the Famine districts; and if we reckon the cost of large and small cloths and cumblies taken together, at about R. 1 each, the total grant which should be made once for all, for cloths and cumblies is as follows :—

FOR CLOTHS.		
District.	Population.	Rupees.
Kurnool... ..	1,000,000	2,500
Nellore	1,378,000	3,440
Cuddapah	1,351,000	3,380
Bellary	1,668,000	4,170
Chingleput	938,000	2,345
N. Arcot	2,015,000	5,038
S. Arcot	1,755,000	4,388
Tanjore	1,973,000	4,932
Madura	2,266,000	5,665
Tinnevely	1,684,000	4,205
Coimbatore	1,763,000	4,475
Salem	1,907,000	4,918
Madras	397,000	992
		50,478
Add the same for cumblies...		50,478
	Total Rs. ..	100,956

That is, one lakh out of thirty for clothing 100,000 people at a time of the year when in their weakened condition exposure to cold will prove fatal to thousands.

4. That where District Committees exist, all grants for those districts shall be made, not to individual applicants but to the Committees, the members of whom living on the spot will be most likely clearly to understand the circumstances. For example, an application comes for help for an orphanage, the Madras Committee refers the applicant to the District Committee.
5. That district Committees organize Taluk Committees and make grants to them.
6. That the help of "officials" be sought and thankfully acknowledged, especially in dispensing the charity in the remote villages.

7. That the village officials be not employed by the Taluk Committees. I think it will be found that the merchants will be able to help greatly in this matter. Every large merchant has direct communication with grain sellers in neighbouring villages, who would, if asked, draw up a roll of those requiring relief, and then the relieving officer on his next visit could inquire and revise, and administer the help. I am convinced that by this plan the distress in most of the remote villages could become known in a fortnight.

The system of relief generally adopted is described in the following details regarding an allotment of thirty-six lakhs of rupees made early in October:—

The method of calculation adopted was, briefly, this: the number of persons on Government relief of all sorts was taken and compared with the total population as indicating the intensity of distress in the various districts. The proportion of agriculturists to the general population was taken from the census returns. One-third of the 36 lakhs was apportioned to non-agriculturists, whilst the remainder (24 lakhs) was apportioned to the agriculturists paying under Rs. 50 Government Assessment.

The results worked out a fair idea of distribution. They have been modified to some slight extent from general information available and it is believed the statement given below may be accepted as being an equitable allotment. On further consideration it was found there are not data for further distributing the sums to Sub-divisions or Taluqs, and I think that operation may safely be left to the Local Committees, assisted as they are by Revenue and other Government officers of experience. Particulars are as follows.—

Distribution of 36 lakhs of Famine Relief Funds.

District.	Allotment to non agriculturists.	Allotment to Agriculturists, generally patadars under Rs. 50	Total.
	<i>Rs.</i>	<i>Rs.</i>	<i>Rs.</i>
1. Bellary	2,25,000	6,75,000	9,00,000
2. Salem	1,80,000	2,90,000	4,50,000
3. Kurnool	1,80,000	3,20,000	5,00,000
4. Cuddapah	1,60,000	3,40,000	5,00,000
5. Coimbatore	1,19,000	1,81,000	3,00,000
6. North Arcot	95,000	1,55,000	2,50,000
7. South Arcot	18,000	82,000	1,00,000
8. Chingleput	75,000	1,25,000	2,00,000
9. Madura	58,000	97,000	1,50,000
10. Nellore	1,15,000	1,85,000	2,50,000
Total.	12,00,000	24,00,000	36,00,000

This statement was adopted, and applications then before the Committee were dealt with on the basis of this scheme. For the guidance of Local Committees it was decided that a letter should be prepared, of which the following is a copy of that sent to the Honorary Secretary of the Local Committee at Kurnool:—

The Madras General Famine Relief Committee believe that their operations and those of the respective Local Committees will be facilitated and rendered more effective if a fairly definite idea is arrived at as to the amount of relief to be distributed in different localities.

2. The General Committee find they are in a position efficiently to allot sums to Collectories and perhaps to Taluqs. The arrangement of the farthermore minute territorial and individual allotments will fall to the Local Committees and Sub-Committees under the general principles that have been, or may be from time to time, indicated.

3. Local and Sub-Committees had been pretty generally formed already, but the General Committee is not satisfied that all parts of the distressed tracts come within their action. If there are any tracts that have been hitherto omitted it is very desirable

they should now be arranged for either by bringing them under an existing Local Committee, or by a new Committee or Agency being forthwith started.

4. The General Committee find that the sum for apportionment over the Kurnool Collectorate will not fall short of five lakhs of Rupees.

The Committee consider this sum may be best utilized by distributing approximately one-third to relief of the general distressed population and two-thirds to assist agricultural operations by money grants for hire of bullocks, for seed grain, implements, &c. Generally the relief should be given to ryots whose puttas are under Rs. 50.

5. In the Kurnool Collectorate there is one Local Committee at Kurnool. Does this Committee operate over all the Taluqs noted directly or through Local Sub-Committees or Agencies? If not I am to request your Committee will be good enough to take the earliest possible opportunity of conferring with the Collector, and with the Collector's concurrence, if necessary, with any of the Division or Taluq Officers, and arrange either for bringing the Taluqs where relief has not hitherto been provided for within the scope of your own operations, or recommend to this Committee how the said Taluqs may best be reached and receive their due share of relief.
1. Pattikonda.
 2. Ramulkota.
 3. Nundikotkur.
 4. Markapur.
 5. Cumbum.
 6. Nundial.
 7. Sirivel.
 8. Koilgunda.

6. The Committee will be glad to have the Local Committee's remarks, as to proportionate allotments to different Taluqs. It will tend to avoid confusion if Revenue territorial divisions are adhered to as far as possible in apportioning grants to Committees and Agencies.

Thenceforward the work of the Executive and Local Committees and Agencies has been most active, and productive of much good. As the fund is still in active operation, it is not possible to do more than give a general outline of what has been done to date with two-thirds of it. This will be found indicated, first, in the map showing Committees, &c., and, secondly, in the tabular returns herewith quoted as follows:—

Early in November a telegram was sent to the Lord Mayor of London stating that the receipts from all sources were so large that the committee could gratefully say that collections might cease. The Mansion House Fund, and others, were closed, but sums still came in. On the 15th December the Fund (we quote *Weekly Statement*, No. 13) stood as appears in the following statement :-

It will be seen that a balance of more than 12 lakhs remained for disposal on the 13th December. There is much distress yet to be relieved and many orphans to be provided for. When the Fund is finally closed, some months hence, what is now a clearly recognised fact will be incontestably established, viz, that the munificent charity of the British people in all parts of the dominions ruled by the Queen of Great Britain and the Empress of India has been of incalculable value in saving life and in helping to restore the country to its normal condition after a cruel and prolonged period of suffering.

EAST INDIAN MATRONS IN CHARGE OF NURSERIES.

Early in August last the suffering among the children of the coolies working on the Junction Canal attracted the notice of Mrs. Firth.

Many of these children appeared to be wasting away, not only from neglect and insufficient and unwholesome food, but from passing long hours without any nourishment whilst their parents were at work; the wages of the previous day being barely sufficient to provide one meal for the labourers and their children.

This suggested to Mrs. Firth the idea of collecting funds by private subscription to erect Sheds where the young children and infants of famine coolies might be fed and cared for whilst their parents were occupied. With this object in view, Mrs. Firth consulted Mrs. Carmichael, and the first result of their joint efforts was the opening of the Day Nursery at *Barber's Bridge* on the 8th of August.

It was not thought expedient on Sanitary grounds however, to detain the children during the day, but a Leaf Shed was erected by the Engineer in charge of the Canal Works capable of accommodating 200 children and in this about 180 were assembled and fed twice a day, at 9 A. M. and 4-30 P. M. with bread (4 oz. at each meal) and ragi conjee. Milk was also given to the young infants, and through the kindness of Surgeon-General Smith, arrow-root was also supplied for very weak and sickly children. A Matron was put in charge with a peon and two assistants and several ladies undertook to supervise the meals daily and to regulate the supplies of food. It was proposed at first to admit only the children of coolies on famine relief works, but as it became evident that the suffering was far more widely spread than at first appeared, and that the children of many of the industrious were quite as much in need of assistance as those of actual paupers,* it was decided to extend relief to them, and finally no child bearing evident marks of want or starvation was refused admittance.

* It has been abundantly evident that the poorer classes of the town of Madras and other places (including persons of respectable caste) have been gradually losing condition owing to the long continued famine prices.

My remarks have reference especially to the great mass of poorly-paid labourers, amongst whom I include the lower classes of domestic servants, horse-keepers, grass-cutters, shepherds, weavers, workers in leather, gardeners, peons and others, whose wages if raised at all during the famine period, are inadequate to cope with a general rise in provision of from 100 to 300 per cent. in the main articles in daily use.—*Memorandum on the use of Nurseries for Famine Relief*, by Dr. Cornish, vide *Madras Mail*, 30th September, 1877.

The public responded generously to Mrs. Carmichael's appeal for help in the work, and many native gentlemen were especially kind in affording all the assistance in their power, especially the late Mr. D. Narsing Rao, Deputy Salt Collector, Madras. Out of Rs. 18,860 which has been subscribed for the Nurseries, Rs. 1,600 were contributed from the Mansion House Fund, the remaining Rs. 18,760 having been collected especially for this object. The first subscriptions to the Indian Famine collected in Calcutta were the result of an especial appeal for the Nurseries most kindly made by Sir Richard Garth. Considerable sums had also been collected by private individuals at home and in the Colonies.

Almost simultaneously with the first Nursery at Barber's Bridge, Mrs. Cornish opened one in her own grounds in *Teynampett*, particulars of which will be found below. No expenses for the erection of Sheds or for establishment have been incurred in this instance and only one meal is given, but the allowance of bread is larger. On the 17th September the third Nursery was opened on the *Eplanade* near the Beach. Capacious Sheds were erected, one being reserved for caste children to which a separate kitchen with a caste cook is attached. Upwards of a thousand children are constantly fed at this Nursery, and some of the worst cases that have been met with have been found here. As the situation is central, a Hospital Shed has been added, and the books show a daily attendance of about 48 patients; Mr. Apothecary Phillips has been kindly deputed by the Surgeon-General to attend daily. No less than 86,481 meals were given out at this Nursery from 17th September to 31st October.

Next followed the *Kilpauk* Nursery in the 5th Division which was opened on the 15th October, and on the 20th of the same month a fifth was opened at *Choolay* in Vepery. The daily attendance at these Nurseries average respectively 400 and 850 children, who each receive two meals a day.

At each of the Nurseries a Dresser attends and a small supply of medicines is kept at hand. Brandy and broth are occasionally required for the sick. It may be mentioned, here, that vaccination is carried out, everywhere.

As regards the diet of the children, the Committee have been guided by the advice of the Sanitary Commissioner as laid down in the following extracts from his Memorandum quoted before.—

"For young children, experience shows that bread made of wheat flour is a very suitable staple of diet. Nearly all castes will eat it readily, and it appears to be more easily digested than rice when the children have been much reduced by starvation * * * At present, wheat is nearly as cheap as rice and cheaper, if the nutritive value of the grain are considered * * * If there is any difficulty in getting bread, *Ragi* flour may be used instead and given boiled in pudding or in cakes or conjee * * * All young children should have milk or butter-milk as a part of their food. * * *

For children from 3 to 7 years of age, the following quantities are suitable for a single meal :—

Fresh brown bread, from.....	4 to 8 ounces.
Ragi flour in conjee.....	1 to 1½ "
Sugar.....	½ to 1 "
Salt, enough to season conjee.....	1 "
Butter-milk.....	½ to 1 pint.

The following table gives the average number of children fed at each Nursery and the cost of each child per day, *i. e.*, for 2 meals :—

The Sheds in which the meals are given have been erected with the greatest economy consistent with the requirements of the case. They are simply raised on rough wooden posts and thickly thatched with Palmyra leaves, so as to afford sufficient protection from sun and rain; whilst the sides are left open to ensure thorough ventilation. They stand in an enclosure surrounded by a bamboo fence.

*The reason for the monthly expenditure being so much less is, that milk is sent by a lady in the neighbourhood.

† Mrs. Cornish also has milk sent to her Nursery by a friend in the district.

These Nurseries will be maintained until the poorer classes obtain material relief by a fall in the present high prices of food. This may be expected at the close of the principal harvest, towards the end of February next. At Christmas, clothes will be distributed, most of the children and many of their mothers being shockingly clad.

SPECIAL RELIEF OPERATIONS OF THE FRIEND-IN-NEED SOCIETY.

A special meeting of the Friend-in-Need Society was held in Christ Church School Rooms Mount Road, on the 4th November 1876, the following gentlemen being present.

The Venerable the Archdeacon, Chairman, The Honorable H. S. Cunningham, and J. G. Coleman, Colonel C. S. Hearn, Rev. C. H. Pelly, Rev. J. P. Lang, Captain D. Heming, Rev. F. Brown, Rev. Dr. J. M. Strachan, Rev. A. C. Taylor, F. T. Atkins Esq., F. Rowlandson, Colonel L. H. Isacke, Rev. R. C. Macdonald and many others.

The Chairman said he had called a special meeting at the request of the St. Thomé Committee, and read a letter from Dr. Strachan stating that the pensioners of the St. Thomé District had petitioned the Local Committee "begging that they may be granted for a time, some addition to their pension."

The Chairman said that he had then before him only the St. Thomé petition, but he had heard from Mr. Moore, the Secretary, that Vepery contemplated sending a similar petition and that he thought other Districts would be doing the same shortly. At this stage a petition from Parcherry District was handed to the Secretary, who handed it to the Chairman, praying for Special Relief. The Archdeacon said he was quite sure that the meeting would sympathise with the object for which they had met and called upon Dr. Strachan to move the first Resolution.

The Rev. Dr. Strachan rose and moved, "That during the existing scarcity a special collection be made under the auspices of the Friend-in-Need Society for the purpose of relieving the European and Eurasian poor," which was seconded by Colonel Hearn and carried.

The second proposition was proposed by the Honorable H. S. Cunningham, "that this fund be called the Friend-in-Need Special Relief Fund and that the relief afforded by it be not confined to the Pensioners of the Society." This was seconded by Colonel the Honorable J. G. Coleman and carried.

The Rev. Dr. Strachan next proposed and the Rev R. C. Macdonald, seconded "that the relief afforded by this fund be given exclusively in the form of cooked food."

The Rev. J. P. Lang proposed and Colonel Hearn seconded "that an Executive Committee be formed consisting of one member from each District and Workshop Committee with the President, Financial Secretary, and Secretary, to regulate the administration of the Fund and that the following gentlemen compose the Executive.

The Venerable, the Archdeacon, Rev. Dr. Strachan, Rev. W. Scott, Rev. J. P. Lang, Rev. R. C. Macdonald, Rev. C. H. Deane, Rev. F. Brown, Very Rev. J. Colgan, F. T. Atkins Esq., Colonel L. H. Isacke, Mr. Newbigging and the Secretary.

The Committee on the 16th November commenced operations in the following districts—namely:—

- Mount Road—Christ Church Compound.
- Egmore—Scotch Kirk Compound.
- Vepery—Mr. Ottmann's Grounds.
- John Pereira's—Trinity Chapel Compound.
- Blach Town—Mr. P. D'Silva's Premises.
- Parcherry—Francis Xavier's Church Compound.
- Royapooram—Monegar Choultry Grounds.
- Saint Thomé—Church Compound.
- Men's and Women's Workshops—On Workshop Premises.

The average number fed daily at these districts and workshops was 2,858 adults and 272 children.

Subscriptions at first, were very liberal amounting in all to Rupees 9,975-14-4 and the Government grant amounted to Rupees 8,748-10-8 making a total of Rupees 18,119-8-7. Towards the close of the first six months of the famine, however, the Committee found that subscriptions were coming in slowly, and that without further Government help they would be compelled to give up their relief operations. This led to a special meeting of the General Committee on the 17th May, at which the President undertook to address Government, and that gentlemen wrote on June 11th that, "The funds in hand

will cover the outlay for the first three weeks in June; roughly speaking, therefore, a credit for Rupees 600 for the remainder of June and for Rupees 2,500 for July and subsequent months until distress abates will suffice." On the 16th June the Government passed an order that the organization of this Special Relief Fund, "At this critical time, and the ability and moderation with which it has been administered, reflects the highest credit on the Society, through whose benevolent efforts a large number of distressed Europeans and East Indians in the city has met with such seasonable relief."

"Mr. Thornhill will accept for himself and his fellow-workers the best thanks of His Grace the Governor in Council."

"The sum of Rupees 8,500 will be placed at the disposal of the Committee for continuing relief up to the end of July next."

Thus the Government paid to the Committee:—For June Rs. 600, for July 2,500, for August 2,500, for September 2,500, for October 2,500, Total Rs. 10,600.

When the November grant was applied for however, the Government referred the Committee to the Central Relief Committee from which very material help was received, the allotments from this source amounting to Rupees 86,000. With these large grants the Friend-in-Need Society were enabled to extend their relief operations. Accordingly it was resolved to distribute money doles to the most needy. It was at the same time found that there was a very large number of the more respectable class of Europeans and Eurasians who, in ordinary times, were able to supply themselves with the necessities of life and keep above want, had begun to feel the struggle a hard one and which, with their limited means, they were totally unable to cope with. The plan adopted by the Committee was to divide the whole into three classes. The 1st (or lowest) consisted of those fed at the Society's depots; the second of the Society's Pensioners; and the 3rd (or upper) Class of the respectable persons just alluded to. Those of the 1st and 2nd Classes without families received Rupee 1 each a month and those with families Rs. 1-8 each. To the 3rd Class the doles ranged from Rs. 8 to 10 each according to circumstances and number in each family. As the year was advancing to a close prospects brightened and the Committee felt justified in discontinuing the money allowance to those of the 1st and 2nd Classes who were fed, except in the cases of the Society's Pensioners who received no dinner, and reducing that of the 3rd Class by one-fourth.

The next subject which occupied the attention of the Committee was the clothing of the poor who had not the wherewithal to change their tattered and worn-out garments even when wet with rain. The cold season too was in immediate prospect, and it became evident to even the most casual observer that this want must be supplied without delay. The Committee lost no time and applied to the Central Relief Committee for a grant of Rs. 5,000 which was readily acceded to. At the close of the year the Sub-Committee resolved that Local Committees would distribute to each adult male six yards of drill and three yards long cloth, and to each adult female eight yards chintz and three yards long cloth. As the Executive Committee had no data as to the sizes of the children they gave an average all round by treating a boy as two-thirds of a male adult and a girl as half of a female adult. The Executive Committee suggested that in order to insure the making up of the clothing by the recipients that Local Committees direct a muster on a given day when every adult and child shall be required to appear in the new clothes supplied, failing in which the defaulter shall forfeit further aid from the Society. Several Paymasters were busy distributing the clothes on the day after Christmas.

With the improvement in the condition of the season and in the prices of articles of food, the Committee will discontinue the grant to recipients of the 1st and 2nd classes except the pensioners who receive no mid-day meal, and reduce the allowance given to those of the 3rd class by one-fourth. The Society's Committee has up to this done its work with great success, giving much of their time to, and taking great trouble in, the administration of relief.

OUR RETROSPECT FOR 1877.

EUROPEAN.

In taking a retrospect of the year 1877, the chronicler has had a melancholy task to perform, when he recalled the hopes of prosperity and peace with which the new year was ushered in, which each and all were falsified in turn as the months advanced. Drought in India has been balanced by floods in Europe, accompanied by violent storms causing many disasters at sea. The virulence of party faction, joined to religious intolerance at home and abroad has assisted in lighting up a cruel and sanguinary war, the end of which it is still impossible to foresee. The dangers to our Imperial sway have however been happily averted for a time by the indomitable valour of the Turks, and England has been able to maintain a watchful attitude of masterly inactivity. But the war is not yet ended, another campaign is threatened, and so Great Britain may eventually be forced to draw the sword in self-defence. As if this were not enough, a political convulsion seems imminent in France which, in its turn, may provoke a war with Germany, the more so that Russia is deeply engaged already, and Austria is divided between the rival sympathies of her Austrian and Slavonic populations. In Italy again, the death of the Pope, which may occur at any moment, would probably lead to serious political complications. Add to all these sources of anxiety the dreadful famine in India which has taxed the resources of the nation, and we need not be surprised that commerce languishes and that the public revenue is falling off.

FRANCE.—France has passed the greater part of the current year in a state of great political agitation, owing to the intrigues of the clerical and monarchical parties, with the President, Marshal Macmahon, at their head, to overturn the Republic. A ministerial crisis occurred in December of last year, owing to the refusal of the Government to permit military honours to be paid at the funeral of an officer of the Legion of Honour, on the ground that the funeral was performed without any religious service. This and the subsequent debates led to the resignation of the Ministry on Dec. 8; and a new Ministry was constituted wherein M. Jules Simon became Prime Minister and M. Martel, Minister of Justice and Public Worship, while the other Ministers retained their posts. On Jan. 18, a very serious explosion occurred at Fort Larmont, near Portarlier. A substance similar to dynamite, but much more explosive, named *matazietite*, is made in Switzerland, but is forbidden entry into France. In December an attempt was made to smuggle about 6,000 lbs. weight of this substance through the custom house as manure. It was seized and consigned to Fort Portarlier for security. On the above-named day it exploded, and entirely destroyed the fort and blew down the barrack walls on to the Portarlier railway. Fortunately only six men were killed. With all their revolutions and changes of Government, the French are far from possessing either political or religious liberty as we understand these words in England. An instance of this was given in March, when Father Hyacinthe was refused the right of delivering a course of lectures on religious subjects by two successive Republican Ministers of the Interior, first M. de Marcère and then M. Jules Simon. He was however allowed to lecture on Morals. The first discourse, at the Château d'Eau, on April 15, was attended by 4,000 persons. In the first week of April M. Paul de Cassagnac, the Bonapartist deputy and editor of the *Pays* newspaper, was prosecuted for his violent and unjustifiable attacks on certain members of the Chamber of Deputies. He was sentenced to a fine of 3,000 Francs (£120) and two months' imprisonment. On May 16, Marshal Macmahon suddenly dismissed the Minister of the Interior, M. Simon. All the other Ministers immediately resigned. The Due de Broglie (a firm opponent of Republican institutions) was appointed President of the Council and Minister of Justice, and M. de Fourtou, Minister of the Interior. The cause

of this act, which amounted almost to a *coup d'Etat*, and may yet lead to an insurrection, was a vote by the Chamber of Deputies relaxing the press law of 1875, for which vote M. Simon was held responsible by the President. The Chamber immediately passed a vote of want of confidence in the new Cabinet by 355 to 154 votes. The scenes in the Assembly were most exciting on May 17 and 18, when the session was prorogued for a month amidst shouts of *Vive la Republique* from the Left or opposition members. A Republican manifesto was drawn up and was signed by 350 out of 539 members. M. Bonnet Duverrier, President of the Municipal Council of Paris, made a speech at a meeting at St. Denis which was construed as being insulting to the President, and he was accordingly condemned to 15 months' imprisonment and 2,000 Francs fine. The Chambers reassembled on June 16, and after a series of stormy debates lasting over four days, the Chamber of Deputies passed a new vote of want of confidence in the Broglie Ministry by 363 votes to 158. On the 22nd of June the Senate decided by a majority of 20 that the Chamber of Deputies should be dissolved. All sorts of intrigues were now at work to undermine the Republic. To give time for this pressure to produce its effect, the elections were postponed to October 14, and the President made a tour in Western France to learn the sentiments of the provinces. The most astounding act of the Government, however, was the prosecution of M. Gambetta for a speech at Lille wherein he said that the dissolution of the Assembly was unnecessary, and that the President must give way to the popular voice or resign, an alternative which the Marshal distinctly refuses to accept. M. Gambetta and M. Murat, the Editor of the *Republique Francaise*, which had reported the speech, were both condemned on September 11 to three months' imprisonment and 2,000 Francs fine. The death of M. Thiers seemed alone to be wanting to complete the confusion of the political situation, and this occurred on September 3, of apoplexy, in the 81st year of his age. The veteran statesman left behind him a splendid manifesto addressed to the electors of Paris which has since been published. This manifesto denounces in fitting terms the illegal measures adopted by the Government to influence the electors and demonstrates the folly and the danger of attempting to establish a monarchical government in the present divided state of parties in France. On September 19, the President published an address of a most irritating kind, being nothing less than a demand that France should submit to him, or take the consequences; and declaring that he would not resign whatever the decision of the country might be, but retain his post until the expiration of the seven years, in 1880.

In France the result of the elections on October 14 was decidedly adverse to the Ministry. The Republicans did not gain so many seats as they expected, in consequence of the scandalous intimidation and other discreditable practices of the Government officials; but still they found themselves with a strong majority of 117 votes. Immediately the Chamber of Deputies met in November a succession of stormy scenes began which threaten to plunge France into confusion similar to that whence, it was hoped, she had emerged.

Towards the end of the year the war between Russia and Turkey fluctuated greatly. On October 19, the fourth and most desperate attack on Plevna was successfully repulsed by the Turks, and Osman Pasha covered his name with undying glory. More troops were summoned from Russia, and by the middle of November the troops of the Czar contrived to cut the communications of the Turks in the hope of reducing their unconquerable foes by the process of starvation. In Armenia, Mukhtar Pasha defeated the Grand Duke Michael on the 3rd, 4th, and 5th of October in a series of severe combats; but on the 14th the Russians received reinforcements which enabled them to attack in their turn, and to break the centre of the Turkish position. This was a well earned victory to Russia, and promised the speedy capture of all Armenia; but Mukhtar Pasha, hastily drawing together the shattered remnants of his army, was able to strike a blow at the advancing Russians to the east of Erzeroum. The opportune arrival of 20,000 fresh Turks at this point brought the Russian army to a stop, and again renders the issue of the campaign very doubtful.

RUSSIA AND TURKEY.—We are guilty of no exaggeration in saying that the attention of the whole civilized world is concentrated on these two Powers, now engaged in mortal combat of the issues on which depend the hopes of peace and well-being of a large portion of the human race. The insurrection in Bosnia and Herzegovina, and subsequently the rising in Bulgaria, and its suppression, with all the attendant horrors, are well known to every one, and that a Conference of all the great European powers was decided on, to determine what measures were to be adopted for securing the welfare of the Christian subjects of the Porte.

On December 11 the preliminary meetings of the Conference began at the Russian embassy under the direction of General Ignatieff as senior Ambassador. Here the first and fatal mistake was made, of excluding the Turkish representatives. All these Powers were parties to treaty which guaranteed the integrity and independence of the Ottoman Porte, and yet here they were, met in the Ottoman capital, not to decide whether Turkey was guilty of any crime (that was taken as proved) but what amount of compulsion their mutual jealousies would permit them to place upon the Turkish Government. Every one of these Powers would have repudiated a similar proceeding in the event of an insurrection, say in Ireland, or Poland, or Hungary, or Paris, or Alsace, or Naples. In the meantime the Russians were concentrating an army of 250,000 men in Bessarabia close to the Pruth, and another army on the Asiatic frontier with vast stores of every kind. The Turkish armaments also were pressed forward with great energy, and regular troops and volunteers were despatched to the Danube and to Armenia, and the fortresses also were armed and provisioned, and the greatest activity prevailed at the arsenals. In the midst of all this, the Grand Vizier, Mehemed Rushdi Pacha, resigned, and Midhat Pacha was appointed in his place. Midhat Pacha inaugurated his accession to office by the production of a Constitution of a most liberal character, which was officially promulgated amid salvoes of artillery on December 23. This Constitution gives equal rights and free representation to all the provinces of the empire and establishes a Parliament consisting of an Upper and a Lower House, the former chosen for life by the Sultan, the latter elected by ballot one member for every 10,000 inhabitants to sit for four years; in fact, a Constitution of a more democratic character than exists in many other parts of Europe.

The Conference continued its sittings during a month, proposing various humiliating schemes to Turkey, but on the 18th of January a Grand Council of the Porte, consisting of 237 dignitaries including representatives of all the creeds and races of the empire unanimously rejected the interference of Europe in the Turkish Government, and accepted the probable alternative of a war, all the members shouting aloud that they preferred death to dishonour.

On the 27th February, Servia made her peace with Turkey; but the extravagant demands of Montenegro were not acceded to. A few days before this, Midhat Pasha had been banished by the Sultan, and this unwise proceeding was made the occasion for presenting a final protocol to Turkey. The definitive refusal to sign this demand was followed by a declaration of war on the part of Russia. In the meantime the first Turkish Parliament was opened by the Sultan in person, on March 19, with becoming state. He made a brilliant speech in favour of justice, respect for the law, and good administration. He promised that the new Constitution should be protected, and that electoral, provincial, commercial, press, judicial, and budget laws should forthwith be submitted to the consideration of the Assembly, all which was honestly performed; and the Parliament set to work with much business-like tact, to the general surprise of Europe, no less than 18 subjects being discussed and 630 petitions received. The session closed on June 23.

War having been declared on April 24, the Russians, estimated at 280,000 men, under the command of the Grand Duke Nicholas, the second brother of the Emperor, immediately crossed the Pruth, while the Roumanian army retired towards Bucharest. The Czar left St. Petersburg for Kischeneff, the head-quarters of the Bessarabian army, on

April 20. The Turks in the meantime had placed five ironclad vessels in the Danube to hinder the crossing of the river and to destroy the enemy's bridges; but the river was so much flooded that the attempt to cross had to be delayed. In the last week of May the Roumanians declared their independence and war against Turkey. They attempted to cross the Danube on July 4, but were repulsed. At length, on the 21st of June, the Danube was crossed at Galatz, Ibralla, and Hirsova, and on the 28th at Simnizza where Redif Pasha refused to oppose the Russian movements. The town of Nicopolis was destroyed by bombardment on the 28th. The Czar and the Czarovich crossed the Danube on the following day. The first battle in Bulgaria took place on June 30 in the Russian attack on Biela, which was repulsed. On July 2 they made another attack with the same result; they therefore retired from Biela and marched southward to Tirnova, which they took, and there established the Provisional Government of Bulgaria, under Prince Toherkasski. The Turks thereupon evacuated Biela on the 8th and 9th of July, falling back on Rustchuk, and the Russians made their head-quarters there and occupied Plevna and Selvi. On July 14 the Muscovites, 20,000 strong, under General Gourko, crossed the Balkans by the Hasakoi Boghaz Pass without firing a shot; they also seized on the Chipka Pass and fortified it and proceeded towards Adrianople as far as Yen Zagra, where a sanguinary struggle took place, ending in the repulse of the Russians by Suleiman and Rouf Pashas. On the 15th of July the fortress of Nicopolis was captured, with a large number of guns, two monitors, and 6,000 prisoners; on the same day Kustendji was also occupied; but here the Russian successes seem to have ended. Abdul Kerim Pacha was dismissed from the command of the Turkish forces in Bulgaria, and replaced by Mehemed Ali, a Prussian, who infused new energy into the Turkish forces, whose losses up to this point had been mainly caused by the incompetency or inaction of Abdul Kerim. Near the middle of July, Osman Pacha, commanding the army of the Vid, who had been ordered to relieve Nicopolis, but found himself too late for that operation, took up his position at Plevna, which the Russians had evacuated. He there entrenched himself, and was attacked by the Russians on July 20. He repulsed them with a loss of 24,000 men in killed and wounded. This disaster crippled the invaders for two months. On July 25 the Russians were defeated at Rasgrad, and again repulsed on July 31 with great slaughter in an attack on Loftcha, and again on August 2 at Vladiva. Owing to this series of reverses the Guards were ordered up from St. Petersburg as quickly as possible, and the Roumanian army was brought across the Danube to threaten the left flank of Osman Pacha's position. Between the 17th and 23rd of July, General Gourko forced the Chipka Pass, proceeding northwards from Kesanlik, while the younger Skobeloff advanced from the northern end, to his assistance. Here the Russians entrenched themselves. This led to some of the most desperate fighting of the whole campaign. On August 21 the Russian troops in the Chipka Pass were attacked with great impetuosity by Suleiman Pacha, whose troops stormed the enemy's entrenchments in the most determined manner, capturing each of their positions in succession. This struggle, which attained Homeric proportions, was continued without intermission for twelve days, each party being constantly reinforced. All the Russian forts were taken; but one, the Fort Nicholas, which the Turks were unable to hold. The Russians suffered other reverses on August 23, at Pop Skeu; on the 30th at Kara Hassan, where they were driven over the river Kara Lom, with the loss of the Grand Duke Vladimir's camp and equipage; on the 31st at Peljohat to the east of Plevna; and on September 4 at Kadikoi, near Rustchuk. The Russians captured Loftcha on September 2, after a stubborn resistance, which they own to have cost them 1,000 men. On September 7th to 11th, a combined attack of Russians and Roumanians was made on Plevna, with 80,000 men and 365 guns. They were repulsed with enormous loss—not less than 360 officers and 28,000 men, besides 8,000 prisoners; in return for which, they only effected a lodgment in three redoubts, which were recaptured on the following day. At this date also the Turks threw a bridge across from Silistria and fortified the island of Talgam for the purpose of carrying the war into Roumania, and cutting off the Russian communications. The withdrawal of Turkish troops from Montenegro permitted that turbulent people to

capture some positions, to punish which Mehemet Ali was transferred from command of the army of the Lom, and was succeeded by Suleiman Pasha. The autumnal rains had now begun to set in, and the movement and even the provisioning of troops became very difficult, owing to the badness of the roads. The best comment on the ill success the Russians have met with in their invasion of Bulgaria is the fact that their headquarters, which were at one time established at Tirnova, were subsequently withdrawn successively to Biela, to Gorny Studen, to Bulgareni, and in the beginning of October to Listona where they had established their principal bridge over the Danube.

The campaign carried on in Armenia by Russia against Turkey resembled that on the Danube in its early successes and its subsequent collapse, excepting that in the Asiatic campaign the failure was more sudden and complete. The Russian forces under the Grand Duke Michael and Generals Melikoff and Terguhassoff numbered about 150,000 men, with 85 field batteries and 160 siege guns. To oppose these, the Turks mustered some 80,000 men under Mukhtar Pasha. The Muscovites crossed the frontier in four columns; one, starting from Erivan, descended upon Bayazid, which was captured on April 30. A second column left Goumri, or Alexandropol, under Melikoff, and entered the plain of Kars, occupying Hadju-Veli-Khor and Subottan. A third column attacked Ardahan, which they stormed and took on May 17. On April 29 and 30 there were skirmishes near Kars, when the Turks were driven back and siege was laid to that fortress. On May 11, a column from Rion attacked Batoum, but were repulsed with severe loss. On the 18th of May the first assault on Kars was made, when the Turks made a vigorous sortie and drove the Russians away. While the siege of Kars was proceeding the Russian right wing moved round towards Erzeroum, and a battle was fought at Kara-kilisse, where the Russians were utterly defeated, on May 29. Up to the middle of June the fortune of war seemed going against the Turks, Kars was closely invested, and on half rations, Pennek had been evacuated, with the loss of 6,000 men; Olti had been captured, and three divisions of Russians were marching against Erzeroum, which was unprovisioned. By a sudden dash the Turks recaptured Olti and Pennek, driving the Russians out and taking arms, ammunition, and provisions. On June 16 the Turks were defeated at Zedekhan, and retired on Delibaba, but between the 20th and 26th the Russians in their turn were defeated; on the 30th they were again defeated, and destroyed their ammunition and threw their cannons into a river to avoid capture. They retreated to Kari-kilisse, and on July 2 were utterly routed by Hassan Pasha and lost every thing. On July 1 the garrison of Kars again drove away the besiegers, and Mukhtar Pasha entered Kars with relief. Thus caused the general collapse of the Russian campaign, which lost all interest for a time as the Russians retreated over their frontier, where the Turks seemed to be unable to do them much harm; but on August 25 the Turks stormed the Russian camp on the heights of Kizil Tepe and took a large quantity of arms and ammunition. On October 2, General Melikoff surprised the Turkish camp on Mount Yagni, near Alexandropol, and captured the position, but the Turks soon rallied and defeated the Russians with great slaughter, one Russian General being killed and another wounded. Not the least interesting operation of the campaign was the rescue of an immense number of Circassians, who had fled to Soukoum Kaleh by a large fleet which embarked them all in the first week of August and retired after completely destroying the place with all the fortifications.

Within the last few days, the fortresses of Turkey have been slipping out of her hands one after another; first Kars, then Plevna; and now there is a report that Erzeroum is gone also. The fortified town of Etropol and Travita were captured by the Russians and Rahava by the Roumanians, and Servia has declared war against Turkey and it is probable that Greece will follow by making a similar declaration. The Montenegrins are still able to prosecute their successes in despite of such resistance as the Turks are able to make. On November 24 they captured the two forts which command the town of Spizza, on the Adriatic, just north of Antivari. The Montenegrins now occupy the whole territory as far as Bojana, with the exception of the citadels of Antivari and Dulogno.

Turkish war vessels appeared off the coast on November 25th, but could not approach on account of the heavy sea. The Turkish Parliament was opened at Constantinople on the 13th December. The speech from the throne dwells on the necessity of establishing an equality between Christians and Turks, and appeals to the patriotism of nation to defend Turkey's rights. The Turkish Supreme Council state that they have resolved to continue the war to the last extremity. Plevna has fallen after severe fighting. The garrison surrendered unconditionally. Osman Pacha was wounded. A rumour that Osman had committed suicide has been contradicted. The number of prisoners taken by the Russians at Plevna was 40,000 men besides 90,200 sick. The slaughter is described as having been very great. The Russian loss at Plevna is put at 1,444. The Turkish loss was 4,000 killed and wounded, and 77 guns captured: the prisoners comprised 10 Pachas and 2,128 officers. The total Russian loss is now given as 74,495 men up to December 6th.

The importance of the events which have occurred in Turkey and in France, leaves us but scanty space for our notice of other countries. Prince Bismarck tendered his resignation of the Chancellorship on April 1st, but consented to accept a leave of absence until September, with retention of the office of Chancellor and the conduct of public affairs. Count von Moltke delivered an important speech in the Parliament on April 24 on the military estimates, foreboding an early war with France and demanding a vote, which were immediately granted. This speech produced a perfect panic in France when first reported, but it was soon discovered to be only a party manoeuvre to ensure the money being voted. On May 1 the Emperor and Crown Prince went on a tour through Alsace and Lorraine and were much satisfied with the reception they met with and with the growing feeling of friendliness to Germany on the part of the inhabitants; but their visit nearly led to the destruction of the Cathedral of Metz, the decorations of which caught fire, and the building was saved with extreme difficulty.

ITALY.—The great event of the year in Italy has been the celebration of the Pope's Jubilee, on the 50th anniversary of his Episcopal consecration, which fell on 2nd June. The Pope's Jubilee was a decided success, having attracted about 17,000 pilgrims from all parts of the world, who brought presents in money to the value of £269,000, a great part of which was sent to London for safe custody, besides innumerable articles of church decoration, embroidered robes, crucifixes, chalices, &c. The cash was appropriated as follows: £160,000 as funds of the Holy See, to meet the expenses of the new Pope's election and support after the death of Pío Nono; £160,000 as rewards to soldiers and faithful servants of all ranks; £160,000 to repair and decorate churches; £179,000 for various charitable purposes. A great scandal to the Church arose on the disposal of the property of Cardinal Antonelli, when a lady known as the Countess Lambertini announced herself as the daughter of the Cardinal, and as such claimed to be his heiress. The mother who has long been dead, is supposed to have been an English lady; but as soon as the child was born it was taken to the house of a woman named Antoinette Marconi, who brought it up as her own daughter. It is certain that Antonelli was passionately fond of the child, and paid large sums for her education. The Pope was so affected by the scandal that he even wrote a letter to the King of Italy, requesting that the suit might be stopped; but the King replied that he could not interfere with the Courts of Justice.

UNITED STATES.—The long-pending question of the Presidential election was decided at the latter end of February, just in time for Mr. Hayes, the new President, and Mr. Wheeler, the Vice-President, to assume office on March 5. Mr. Hayes, who was elected by a majority of one vote, declared his policy to be purity of administration and the pacification of the country, and equal rights to all, without distinction of party or colour. He accordingly withdrew the Federal troops from the Southern States, and thus ended the state of siege which they have suffered ever since the great Civil War. In June the Nez Percé Indians at Idaho commenced a massacre of the whites in retaliation for a murder of one of their tribe by a white man; and an expedition was sent against them, numbering 163 men, with a howitzer gun. On August 8 the troops were surprised by the Indians, who killed about half of them and captured the gun and all her ammu-

dition and horses. On July 17th, an alarming strike of railway servants broke out at Baltimore. It soon spread over western Virginia; and at Pittsburgh assumed the proportions of a Civil War. The militia were called out, and fired on the people, killing and wounding about 50. The mob then armed themselves and laid siege to the militia in the round house; and even procured cannon to fire on them. Failing in making them surrender, they set fire to the buildings by means of cars laden with petroleum, and the troops were forced to retreat. The mob then plundered the railway warehouses and burnt 125 locomotives, 1,000 railway cars, and immense quantities of corn and other provisions. The flames extended along the railways a distance of three miles. Similar but less destructive riots occurred at Philadelphia, Cumberland, and other places; and it was near the end of the month before order was restored. The damage was estimated at four million dollars.

HOME--POLITICAL.

The "Eastern Question" has been the one absorbing topic during the past twelve-months as it was during the previous one. The ex-Premier flooded the country during the autumn of 1876 and the spring of this year with pamphlets and speeches on all possible occasions, with the object of proving that the Turks generally ought to be exterminated; or at least driven, bag and baggage, to the further side of the Bosphorus. It has never been alleged that the Turkish Government is worse now than it was for generations. Mr. Gladstone has been many years in office, and therefore had ample means of knowing what was going on in Turkey and ample power to bring all the force of the British nation to bear in the reform of abuses in Turkish policy, yet he never made a move in favour of the Bulgarian Christians till last year.

The Budget was produced on April 12 by Sir Stafford Northcote, who apologised for its being a ready-made budget, as there was nothing to alter, to add or to take away—an event as unprecedented as the "tie" at the University boat race. The growth of the revenue during the past year had been £448,000, and the growth of the estimates had been three-quarters of a million. The estimated revenue is £79,020,000, and the expenditure will be £78,790,044, which will leave a surplus of £226,000. A vigorous debate on a Protocol of the Russian Government took place in the House of Commons on April 13. Prodigious labour was bestowed upon this document; it appears that no less than twenty-five different versions were at one time in existence. On April 7, Mr. Gladstone gave notice that, on April 30, he would propose five Resolutions in the House of Commons on the conduct of the Porte. The publication of these Resolutions caused such a torrent of remonstrances from men of all shades of opinion, that Mr. Gladstone postponed the discussion till May 7. On that night the House was thronged and in such a state of excitement as had not been witnessed for 20 years. It was generally known that all the members of the late Cabinet were determined to vote against Mr. Gladstone's five Resolutions, the purport of which was that we were morally bound to aid Russia to drive the Turks out of Europe. Out of doors the Radical agitation of the preceding year was revived; and meetings were held at St. James's Hall, and in the provinces, where Mr. Gladstone's name retained its magic power. But in the House itself were statesmen who either were then in power or who might be called to power at any moment by virtue of these very Resolutions if passed, and who felt the gravity of the occasion; so Mr. Gladstone was received in perfect silence. Under these circumstances Mr. Gladstone felt it necessary to modify his programme, by dropping three of the five Resolutions and altering the tenor of one of the remaining two. This change of tactics took the House by surprise, and gave rise to a violent controversy which lasted two hours, as to whether Mr. Gladstone should be allowed to address the house at all. On obtaining leave to proceed, he made a very eloquent speech; but, curiously enough, the most telling points in it were in support of those very resolutions which he had ostensibly dropped, namely, those whose effort would have been to yoke England to the car of Russia in her advance against Turkey. The debate lasted five nights. The leading members on both sides of the House spoke

at length; and the division resulted in a majority of 131 votes for the Government and against Mr. Gladstone. This was the great event of the session, as the Liberal Party, though reunited by Mr. Gladstone's change of front, felt the Government to be too strong to risk such another defeat. The minority of 238 was a purely party list, while the majority of 864 included many members who have separated themselves from Mr. Gladstone. On the discussion of the Burials Bill, in the House of Lords on June 18, the Government were defeated by 127 to 111 votes, by the passing of an amendment by the Earl of Harrowby, to the effect that the interment of a deceased person should be sanctioned with such Christian and orderly religious service as the relatives might prefer. On this vote taking place the Bill was immediately withdrawn. The Indian Budget was laid before the House of Commons by Lord George Hamilton on June 21. The disloyal faction of the Irish have this session adopted new tactics, in order, if possible, to force the British Government to repeal the Union, by obstructing public business to the utmost possible extent. Messrs. Parnell, Biggar, O'Donnell, and four others chose the South African Bill for the purpose of harassing the Legislature. This was only a measure permitting the South African colonies to form a confederation like that of Canada, and of course had no special interest for Irishmen as such, but this was probably the very reason why this Bill was chosen for the attack on Parliamentary business. By alternately moving amendments and motions to adjourn the debate, backed up by interminably long speeches, they thought to wear out the House, and did compel the Government to modify the time honoured rules for the conduct of the debates. On July 25, Mr. Parnell was suspended from the service of the House for two days, but nothing daunted, on July 31, the Home Rulers continued their attack, and obliged the House to sit for 26 hours in order to pass the Bill. By dint of a relay of chairmen and members, the Government succeeded in 'keeping a House,' and the Irishmen were defeated. During the recess, Messrs. Parnell and Biggar have been enthusiastically received by the Home Rulers, and they declared their intention of adopting a new trick next session. Lord Derby's answer to Prince Gortschakoff's circular was published on May 7. This despatch, the tone of which was that of stern rebuke and dignified exposure of Russia's falsehood, produced an impression on the Continent which showed that England's voice is not unimportant. At the latter end of June a very important despatch by Lord Derby to Prince Gortschakoff, dated May 6, was published. In this document Lord Derby states that the British Government would be obliged to change its policy of neutrality if Russia should take possession of Constantinople, should disturb the present regulations as to the navigation of the Bosphorus and Dardanelles, should menace the Suez Canal, or should interfere with the Persian Gulf. Prince Gortschakoff replied in polite terms, promising to respect British interests so long as we maintained our neutrality. Considerable excitement was caused in the latter end of July by the sudden ordering of troops to the Mediterranean, to reinforce the garrisons there, so as to be prepared to defend British interests, should the Russians threaten Constantinople. Mr. Ward Hunt, the First Lord of the Admiralty, died at Hamburg on July 29, and Mr. W. H. Smith, the member for Westminster and head of perhaps the largest newspaper agency in the world, was appointed to succeed him. Mr. Smith was re-elected for Westminster without opposition.

Mr. Gladstone delivered a lecture on Nov. 23 at Hawarden upon Mr. Forster's article in the *Nineteenth Century* upon "Russians, Turks, and Bulgarians."

Mr. Gladstone strongly condemned the conduct of the Turkish Government, which, he said, was unparalleled for wickedness in the whole history of the world. The Government itself was a combination of fraud, falsehood, and robbery, and systematic lying and systematic slander were the instruments by which it carried on its daily work. In proof, he cited an absurd account of himself which has appeared in a Turkish newspaper, and in which he is represented as the son of a Bulgarian pig-dealer. As a specimen of Turkish character and manners he cited, without vouching for its truth, a story involving a charge against Midhat Pasha of assassination and treachery. The story was to the effect

that assassins were then hired to kill Midhat for 20,000 piastres, but they were defeated in time, and Midhat offered them 20,000 piastres to kill his enemy. They took the bribe, and half of it was paid beforehand; but when they came back to claim the other half Midhat denounced them as murderers, and had them executed. No notice, Mr. Gladstone observed, has been taken of this story. "But it will now go forth to the world," and "perhaps they might hear something more about it."

Mr. Gladstone paid a high compliment to Mr. Forbes as an observer of facts and a faithful recorder of his observations, but insisted strongly that we must distinguish between what Mr. Forbes actually saw and his inferences from what he saw or was told. Admitting the truth of Mr. Forbes's description of the prosperity of the Bulgarians, he pointed out that their lives and property were at the absolute will of the Government, whose cruelty was only limited by regard for the raising of the taxes and the necessary cultivation of the land. Mr. Gladstone, towards the conclusion of his address, referred to the conduct of the English Government regarding the war. The Prime Minister's conditional neutrality, he said, must be met by conditional quietude on the part of the people. But we have got to watch a large portion of his press and of his friends who are labouring hard to drive the nation into war on the side of tyranny and wrong. If yielding to this pressure, the Government desists from neutrality, we too, I think and hope, shall desist from quietude, and shall take care not to be responsible for national disgrace and crime. We shall show fight like Englishmen. The nation shall decide. There is a strong feeling in the country, in which I share to a certain extent, that it will be a misfortune if Russia should acquire an exclusive or dominating influence in the Slav provinces. With others I have laboured to the best of my ability to prevent this mischief. But those who call themselves friends of the Turk have done all in their power to bring it about. I fear they are as blind as moles, but they do not share this fear, and believe they have been very wise, each and all, like what they call practical men, pursuing their own interests. The Jews, the leaders of the Greeks subject to the Porte, have for the most part been strangely hostile to the Slavs in this day of need. The Poles, who had the greatest excuse for violence, have shown the greatest moderation. The Magyars of Hungary, who have least excuse of all, and who themselves appealed to all the Liberal sympathies of Europe to establish their own freedom, have been conspicuous beyond all others in their efforts to prolong the slavery of the Slavs of Turkey. They have, I suppose, been promoting "Magyar interests"—which, no doubt, are all the world to them. Russia, and Russia only, has held out the hand of help, at an enormous cost of life and treasure, to the unhappy Christians of the Turkish Empire. Who can be surprised if they shall regard her as their only friend?

A story is circulating to the effect that Midhat Pacha has telegraphed giving instructions that criminal proceedings be at once instituted against Mr. Gladstone for his recent statements at Hawarden regarding him. No doubt plenty of funds would be forthcoming for such a purpose, if Midhat would like to go into the witness-box. The statement made that Parliament will open on the 17th January on account of the crucial situation in the East is confirmed. The *Standard* of to-day states that the Ministry will then propose that the British army be increased. Other Conservative Journals, in discussing the situation, say that it is not the Russian victories over the Turks, but Austrian and German support of Russia which is the real danger to British interests.

HOME—SOCIAL.

The courts of law, both civil and criminal, have been occupied this year with some remarkable trials. Among the former was the Vane peerage case, which was finally settled on November 24. This case contains all the materials for a three-volume novel. It appears that towards the end of last century, Sir Frederick Fletcher Vane, heir to the baronetcy and estates, formed an intimacy with a woman of inferior social position, by whom he had two children. A third child was born in 1797, and Sir Frederick married the mother on March 9 of that year. This child was christened Francis, and was recognised by every

one sister to the late Earl of Essex. In 1807 another son, Frederick Henry, was born, and he (Frederick Henry) now claimed the title and property, on the plea that Francis was born before the marriage, instead of some three weeks after that event. In summing up the evidence, the Vice-Chancellor expressed his condemnation of the claim set up by the younger brother, since this claim could have been maintained only by branding his father and mother with fraud and perjury, "a price which few men, we trust," said his Lordship, "would pay even for a baronetcy and £5,000 a year." A return of the total costs of the Tichborne trial shows that the expense amounted to £60,074 19s 4d of which the Counsel got £23,076 17s, the witnesses £18,712 8s 1d, the law stationers and printers £10,868 6s 11d, the shorthand writers £9,697 10s 4d, and the jury £3,780. A mysterious death occurred on April 18 at Penge a village near London, to furnished lodgings at which place a Mrs. Harriet Staunton had been conveyed from Cudham in Kent, late on the preceding night by two gentlemen and two ladies. Mrs. Staunton was stated to be an invalid and inclined to paralysis. Early on the morning following the arrival, a doctor came to see the invalid. Half an hour later, a nurse arrived and soon after an undertaker. The death altogether was so suspicious that the funeral was stopped and an inquest held, at which it was proved that the deceased was the daughter of the Rev. Mr. Butterfield, of Brasted Brentford, and was possessed of between £2,000 and £3,000. She was of weak intellect and had married a lawyer's clerk, named Lewis Staunton, who had a brother, Patrick, whose wife's sister, Alice Rhodes, had formed an illicit connection with Lewis Staunton. These four accordingly conspired together to get rid of Lewis Staunton's wife and child by a systematic course of imprisonment and starvation, and physical and mental cruelty. Having got the child buried without exciting suspicion, and reduced the wife to the last gasp they thought it expedient that she should be removed to a distance from Cudham where enquiries might have been made about her, so they took her to Penge. But the removal was too much for her and she died almost immediately on arrival, which led to the discovery of the plot. The four accomplices were tried in September and found guilty of murder, but all four criminals were reprieved. Mr. Charles Bradlaugh and Miss Annie Besant, well known Atheistic lecturers, were found guilty on June 21, after a four days trial, of publishing an obscene book called "The Truths of Philosophy," which dealt with the population question from a medical point of view. The book was the production of an American physician, and had been in circulation with a small sale for 43 years while the effect of this prosecution was to draw public attention to the work and cause a sale of many thousand copies. After being found guilty, but before sentence was passed, they were foolish enough to announce their intention of continuing the sale, and they were accordingly sentenced to six months' imprisonment and a fine of £200 each and to enter into recognizances to be of good behaviour for two years. On July 12 Druscovitch, Makhlejohn, Clarke and Palmer, heads of the detective department of the Metropolitan Police force, and Froggatt, a solicitor, were charged with taking bribes to hinder the apprehension of Kerr, Bale, Benson, and Murray, who had been convicted of defrauding the Countess de Goncourt, a French lady, of £10,000 by fictitious betting transactions of a most ingenious character. It appeared that warrants for the apprehension of these rogues were placed in the hands of the detectives, who, instead of arresting them, gave them all necessary information by post and telegraph to enable them to get out of the way. The officers were at length suspected, and other means were taken to catch the thieves, who when convicted turned evidence against the officers, and a most astounding system of collusion between the thieves and the thief catchers was brought to light. The detectives and Froggatt were tried before Baron Pollock. This extraordinary condemnation and punishment cannot be considered heavy, apart from what the men lose in position, pension, and future employment. The two years' imprisonment awarded each of the accused will no doubt give intense satisfaction to some of the biggest rascals in the country, and they would only have been better pleased had the sentence been more severe. The public generally view the whole matter with regret. There can be no doubt that the members

of the detective force are exposed to very great temptations, and the need is all the greater to keep the force straight by such a prosecution as the present, when grave suspicions were raised that the men employed to detect crime had proved traitors to the trust reposed in them. The growth of schemes of roguery is a sign of the times, and what is to be the result if public servants called in to discover criminals are to participate in the plunder and aid in their escape. The Earl of Aberdeen has no sooner reached his country seat with his bride than his house is entered, and a large amount of jewels, a part of the wedding presents, stolen. Here is a case in point. The integrity of the officers employed to find the thieves and the stolen property, if not everything, is of first importance.

An accident in the Tynewydd coal pit in the Rhonda Valley, South Wales, on April 11, caused by the sudden eruption of water into the mine, elicited such wonderful powers of endurance and intrepidity among both the victims and their rescuers as to call for special mention. Just as the men were leaving their work at night, a roar of rushing water was heard, and most of the men escaped to the surface, but 14 men and boys were missing. Volunteers descended, and found the mine, which is 92 yards deep, nearly full of water, which reached to within a short distance of the shaft. They heard knockings ahead of them, and began cutting through the coal. Relays of men worked through the night. About six o'clock next day a mandril struck through the coal to where the imprisoned men were. A terrific explosion then occurred of the imprisoned air, which forced one of the entombed men into the hole and killed him. The air having escaped, the water rose and drowned the men behind. Other knockings were now heard, but these were half a mile from the point to which the rescuers had penetrated. Divers were sent forward, who penetrated to within 270 feet of the entombed men, but were then stopped by fallen timber. In the meantime pumping went on incessantly, as well as the work of cutting the coal. On the 18th voices were heard, and the rescuers estimated that they were within 4 yards of the sufferers. Now the danger of explosion for a moment paralyzed the rescuers. Air tight doors were accordingly fitted up with condensing pumps to produce an atmospheric pressure outside the coal equal to that behind the wall, so as to lessen the risk of explosion and to keep back the water. At last after 10 days' imprisonment without food, the five surviving miners were released, on the afternoon of April 20, just as a message from the Queen as to their safety was received. Owing to the heroism displayed by the rescuers, Her Majesty extended the scope of the Albert medal decoration to risks incurred for the saving of human life by land as well as by sea, as at first instituted. A sum of £1,800 was also raised by public subscription, partly for the relief of the sufferers and of the widows and orphans of those killed in the mine and partly for a testimonial to the brave men who risked their lives to save their fellow workmen. On August 4, Lord Aberdeen, in presence of 30,000 persons, presented 21 second class and 4 first class Albert medals to the Tynewydd rescuers. The proceeds of the Mansion House fund, five medals of the knights of St John of Jerusalem, and the silver tankards presented by the *Daily Telegraph* were distributed at the same time, and a banquet followed.

The Oxford and Cambridge boat race on the Thames was splendidly rowed on March 24, and resulted in a dead heat, an unprecedented result of a four mile race. After several unsuccessful attempts, the American pedestrian Weston, accomplished the feat of walking 510 miles in six days, but he was beaten by O'Leary, an Irishman, who walked 520 miles in the same time. On October 6, Gulk, the Welsh pedestrian, accomplished the hitherto unattempted feat of walking 1,500 miles in 1,000 hours. General Grant the ex-President of the United States, arrived in England on May 28. He was very warmly welcomed and presented with the freedom of the city of London and other places, but we do not learn that he offered to refund any part of the nine million dollars which the Yankee Government took from England over and above the amount of damage done by the Alabama and her fellow privateers. On July 16, the Prince and Princess of Wales unveiled the statue of Alfred the Great at Wantage, his native place. Alfred is represented as a warrior, with his right hand resting on a battle axe, and his left hand holding

a parchment roll. The statue is 8 feet high, of Italian marble, on a granite pedestal. The Prince of Wales is Alfred's 33rd great-grandson. The first wedding which ever took place in the present St Paul's Cathedral, London, was solemnised on August 2, by the Archbishop of Canterbury, when the Lady Mayoresse was married to a Mr Price. The building was thronged, and hundreds were unable to gain admission, all the members of the population being present.

HOME-RELIGIOUS

The principal items of religious intelligence during the current year are connected with the increase of the episcopate of the National Church and the efforts being made to stem the torrent of Ritualism, with its attendant superstitions. The Bishop of Calcutta left England on Dec 28. On April 25, Dr Benson, late Master of Wellington College, and Canon and Chancellor of Lincoln Cathedral, was consecrated first Bishop of Truro at St Paul's Cathedral, London. This is the first new see created in the southern provinces of England since the Reformation, it comprises the whole of the county of Cornwall. The new Bishop was enthroned on April 30. Another new diocese just created is the bishopric of St Albans, to which the Rev Dr Thomas Lugh Cloughton, Bishop of Rochester, was appointed. Being already a bishop, there was no need for consecration, so the "investiture" was performed by the Archbishop of Canterbury in St Alban's Abbey on June 12, before a vast congregation. The foregoing appointment causing a vacancy in the see of Rochester, the Rev A. W. Thorold, Vicar of St Pancras, London, was elected on July 7. He was consecrated at Westminster Abbey on July 25, and enthroned on July 27. The new Bishop preached on Aug 10, at St James's, Hatcham (Mr Tooth's Church), and said he hoped that there were no persons present who were ashamed of the term Protestant, for if the Church of England was not a Protestant Reformed Church, she was a shameful schism and ought not to have any existence. On August 24 the Rev Rowley Hill, Vicar of Sheffield, and formerly of St Michael's, Christ Church, London, was consecrated Bishop of Sodor and Man, at York Minster. Mr Thomas Hildy, of Newcastle, who died in September, has bequeathed £200,000 towards founding a bishopric in Northumberland.

Mr Tooth, the incumbent of St James's, Hatcham, who was prosecuted last year under the Public Worship Regulation Act, being contumacious, was suspended, and Canon Gee was appointed to supersede him. Canon Gee presented himself at the church door on December 21, but his entry was resisted by Mr Tooth, who was accordingly arrested for contempt and lodged in Horse-monger Lane Gaol on January 22, and liberated on February 17. The doors of the church were forced open by order of the Bishop of Rochester on February 10, and service was performed without music, as the organ was locked up. In September Mr Tooth resigned the living, having come into possession of £10,000 which had been left him for an orphanage. He has accordingly taken a place at Croydon, where little children who are without parental control will have the Rev Mr. Tooth for their spiritual guide and adviser, and in this matter Mr Tooth writes that he hopes to have the blessing of the Archbishop of Canterbury. The living of St James's has been offered to the Rev Malcolm Macleod. The appeal of the Rev R. C. Ridsdale against the decision of the Court of Arches in what is known as the Folkestone Ritual case, was heard on January 28 and 29, and judgment given against Mr Ridsdale. There were originally twelve charges, several of which were admitted, and the present appeal concerned four charges only, viz., wearing the alb and chasuble, the use of wafer bread in the Communion, the "eastward position," and the crucifix on the altar with candles round. Of these charges, the Eucharistic vestments were declared to be illegal. The eastward position, with the back to the people, would be illegal if it prevented the congregation from seeing the bread broken and the cup taken in hand. The use of wafer bread would be illegal, but in the present case, its use was not sufficiently proved. And finally, the crucifix was declared to be illegal. Mr Ridsdale refused to acknowledge the jurisdiction of the Ecclesiastical Court, and announced that if only the Bishop had ordered him to abstain from the objectionable practices, he would have deferred to his authority. Whereupon the Archbishop of Canterbury took Mr Ridsdale at his word, and wrote him a

letter absolving him from compliance with the said practices. This was a cruel "sell" for the would-be martyr; but he consented to yield "provisionally," until Convocation had had an opportunity of deciding the question at issue. On this being made known, 22 members of his congregation went over to Rome.

A confraternity called The Society of the Holy Cross, which inculcates auricular confession, has been for some years clandestinely circulating a book called "The Priest an Abolitionist," containing directions for obscene questions to be put by the priest to penitents of both sexes and all ages. The attention of Parliament was called to the subject by Lord Redesdale at the beginning of the session, and on July 8, the Bishop of London moved a resolution in the Upper House of Convocation, and Prebendary Gibbs in the Lower House, on the great scandal caused by the book and the doctrines and practices it inculcates and condemned the practice of confession to a priest. Thereupon the Society of the Holy Cross announced that the book in question will be withdrawn 'in consequence of the discovery of its existence by the public,' but they say that they do not condemn the book, and it is clear that the objectionable practices will not be repudiated, since a petition signed by 600 clergymen praying for the appointment of heretical confessors was presented to the Queen in 1875 and another petition against the Redesdale decision has just been presented signed by 40,000 persons. Numerous and influential petitions in support of the Protestant character of the Church of England have however also been received.

A meeting of the Church League to promote the disestablishment of the Church was held at the Fitzmason's Tavern on July 3. Archdeacon Dunsen and Mr. Mackonochie were among the more prominent speakers. There was a good deal of uproar at the meeting.

A meeting in commemoration of the 500th anniversary of the Pope's condemnation of Wycliffe was held at Exeter Hall on June 11. Lord Plunkett, Bishop of Meath, presided. Wycliffe was a man far in advance of his age since he repudiated transubstantiation, a mediatory priesthood and auricular confession and translated the Bible into the vulgar tongue.

INDIAN

There have been wars and rumours of wars this year. The political sky has been again and again darkly clouded, and the thunder of impending strife has been heard approaching our shores. Happily India has not yet been directly concerned in the tempests now raging, and the unexpected vigour of Turkey will, in all probability, relieve India of anxiety for many years to come. But although the sulphurous fumes of war have not spread themselves over our fields, an enemy of a far more deadly kind has brought death, disease, and misery in our very midst. A famine of grim severity settled down upon an enormous tract of country in the Presidencies of Madras and Bombay, and has taxed to the uttermost the resources and the ingenuity of the Government, in spite of the sad experience already gained in endeavours to cope with similar disasters. The particulars of this dire calamity will be given further on, its mention here because it was the greatest and most melancholy event of the year, and occupied the foremost place in every mind and heart.

POLITICAL

The greatest political event of the year was the Proclamation at Delhi on January 1, of the assumption of the title of Empress of India by Her Majesty Queen Victoria. This important ceremonial was made a great national event, and was celebrated with great magnificence and solemnity. More than 60 ruling Indian chiefs assembled with their retinues to take part in the proceedings, and a canvas city was erected round Delhi which covered seven or eight miles of surface. The Imperial dais was placed on

the Dabhoi plain, and was shaped like an enormous canopy surmounted by an Imperial crown. Seats were arranged around the sides in segments of a circle, enclosing an amphitheatre of vast diameter. On December 28, 1876, Lord Lytton made his public entry into Delhi, in a grand procession containing 100 elephants; and accompanied by native princes and troops, who formed a retinue fully three miles long. On January 1, the Proclamation was read by Major Barnes, who is the tallest officer in India and possesses stentorian lungs. He made his voice heard over the whole assembly. An army of 15,000 troops were present; and a salute of 101 guns was fired. It was explained that the reason for the assumption of the new title was that it should be a symbol of the union of the interests of the princes and people of India, and a claim upon their loyal allegiance, the Imperial power giving them a guarantee of impartial protection, so that all might feel that the great principles of liberty, equity, and justice are secured to them. A new order, called "the Order of the Indian Empire," was instituted; and on January 5, there was a grand review of troops, on which occasion the Indian Princes and Chiefs displayed the flower of their troops in the march past. The coveted salute of 21 guns was conferred upon Sindhu, Holkar, the Maharajahs of Kashmir, Odeypore, and Travancore. The salutes of other rulers were also raised. Upon the above-mentioned Kings, and some others, was conferred the special title of "Councillors of the Empire;" and Sindhu and the Maharajah of Kashmir are to appear in the British "Army List" as Generals in the British Army, but they are to exercise no authority over British troops. The title of "Councillors" is not to be an empty name, for a meeting of the newly constituted body is already arranged for, at which is to be discussed fiscal and administrative subjects affecting native States. In honor of great celebration at Delhi, all public officers in the three Presidencies were allowed eight days' extra leave, and 16,000 criminals were let loose upon society as an act of mercy. The proclamation of the new title made Russia feel exceedingly sore, as was to be gathered from the newspaper articles of that country. They looked upon it as a check to their progress in Asia; and considered it the second act of a drama, of which the first was the sensational purchase of shares in the Suez Canal. Both these acts, while strengthening the position of England, proportionally diminished the influence of Russia.

It has been suggested that, without threatening or defying any European power, England could materially strengthen her position in India by fortifying Perim and Ormuz, and by holding Quetta, and even Herat, in strength. As indicated above, the English position has been improved in a more pleasing manner, and daily being improved by promoting the welfare and prosperity of the country. Still one of the bold things above spoken of has actually been accomplished with a good result. At the end of 1876, Major Sandeman, accompanied by a strong escort, entered the territories of the Khan of Khelat; he met the Khan on Nov. 8, and entered into a new arrangement with him, by which the British Government undertakes to uphold the present ruler against all internal and external foes. The Khan is to receive an allowance of £12,000 a year; and has conferred upon the English the right to occupy the chief towns with troops; and Major Sandeman has fixed his headquarters in Khelat itself, and has placed strong parties at Quetta and Jacobabad. The Bolan Pass is, therefore, now secured. The administration of matters connected with the frontier was separated from the Punjab officers in March.

The unpleasantness of having Russia for a near neighbour was illustrated this year. The Amir of Cabul received certain Russian Agents at the end of last year, who appear to have left his mind in some uncertainty as to whether an alliance with Russia might not prove more advantageous to himself than the countenance he received from the English. This led him to act with considerable reserve towards us, and even to create an impression that he meditated a raid into India. The Amir called in all the balances of tribute from the different governors of his possessions; and busied himself in arming and drilling large bodies of troops, for some great, but unknown, enterprise. In the midst of all this, in February, Sir Lewis Pelly, met Nur Mohamed Shah, the Envoy of Cabul, at

Peshawar, for the purpose of negotiating a satisfactory basis of alliance. The Amir was asked to accept a permanent resident at Caval which, after much cogitating and delay, he ultimately refused to accede to. In April the negotiations were finally broken off. The frontier force was greatly strengthened; large supplies of ammunition were forwarded thither, and proper means taken to secure that spot from sudden attack. Nor did this end the affair; for the Amir forbade all intercourse with Peshawar; and, in May, ordered all Afghans in the British service to choose between giving up their employment and leaving the country with their families. Some unhappy people who were suspected of writing news letters to the English, had their ears cut off, and were imprisoned.

The depredations of the Afridis were particularly annoying in the Kohat and Peshawar districts; and this led to the closure of those passes at the end of 1876. The Afridis chafed at this, and in January retaliated by making several murderous raids upon the villages around the mouth of the Kohat Pass. Before March, however, they came to reason, and submitted to the terms proposed by the Indian Government and the pass was re-opened. With characteristic fickleness the Afridis refused, in August, to be bound by the terms under which the pass was opened. A party of Lancers and some Sikh infantry settled the matter at last without firing a shot.

Mahomed Yakooth Beg, Amir of Kashgar, Atalik, Ghazi, and Badaulat, died in May of this year. He owed his success in life solely to his military achievements; but evil days seem to have fallen on the last few months of his life. He was undoubtedly the greatest man which Central Asia has produced for many generations. He is succeeded by his eldest son Kuli Beg. The envoy of this potentate, Sayyid Yakooth Khan, who has acquired some celebrity, visited England in May. He was shown many of our great sights, and expressed both astonishment and pleasure at what he saw.

Perhaps it can scarcely be called a political event, but the predilection for dangerous toys was again detected in January, by the accidental discovery at the Jhelum railway station of two large cases full of Enfield rifle caps, consigned by a native of Delhi to a "bhai" at Jhelum.

In January, the Chief Commissionership of Oudh was annexed to the Lieutenant-Governorship of the North-West Provinces. Allahabad is to be the capital of the united districts, with residence during part of the year at Lucknow. Sir Philip Wodehouse sailed for England on April 30; and was succeeded in the Government of Bombay by Sir Richard Temple. The reign of Sir Philip has certainly been an eventful one; and opinion is divided as to his merits as a governor, but his dismal failure during the celebrated Bombay riots will never be forgotten. While speaking of changes in the Civil Service it may be mentioned that the Governor-General has distinctly promised a re-organization for the purpose of admitting natives with more freedom and regularity of places of trust. A move was also made in this direction in March by the appointment of two native gentlemen to a magistracy and the first inspectorship of registration, respectively, in Calcutta. In July, 106 members of the Madras Civil Service addressed a spirited memorial to the Marquis of Salisbury, protesting against the Resolution of the Government of India of Oct. 19, 1876, No. 1649, which prohibited officers in civil employ from memorializing Government on any subject collectively. The memorialists justly pointed out that officers scattered over a vast country could not singly collect the information necessary to support their memorials; and that to prevent them from uniting for such a purpose was to deny them the right of proving any cause of grievance.

On January 7, the Viceroy installed the young Maharajah of Patiala on the *gaddi*. This was the first occasion on which a Viceroy had installed a native chief, and great rejoicings accompanied the ceremony in consequence. On December 5, 1876, there were riots at the Thakur of Bhowanagar, 116 villages, which had been separated from his State by the treaty of Bassein in December 1802, and had been for 54 years under British rule. He receives them during good behaviour only. Jung Bahadur died suddenly, at Purnaghat, in the Terai, on February 25. He began political life by the murder of his uncle, and this deed was shortly afterwards followed by a massacre of Nepalese chiefs who were

deemed inimical to the State. By these means he acquired the virtual sovereignty of Nepal, although continued to administer affairs in the name of the one seated on the throne. He was wise enough to see the advantage of a close alliance with the English; and during the mutiny rendered important help. For this he was created a G.C.S.I., and afterwards G.C.I.E. The English have certainly lost in him a staunch friend.

FINANCIAL.

On March 15, Sir John Strachey, the Finance Minister, submitted the Indian Budget to the Legislative Council. The finally closed accounts for 1875-76 showed the actual revenues to have been 52,515,789*l.*, and the expenditure 55,117,536*l.*, including 595,779*l.* for Famine relief and 4,370,539*l.* for public works extraordinary, thus leaving a deficit of 2,801,747*l.* Excluding the charge for extraordinary public works, but not the Famine expenditure, there would have been a surplus of 1,668,882*l.* The regular estimates for 1876-77 placed the revenue at 51,206,700*l.*, and the expenditure at 57,285,000*l.*, including 3,800,000*l.* on account of public works extraordinary, thus showing a deficit of 6,078,300*l.* Excluding the expenditure for public works extraordinary, the deficit was reduced to 2,278,300*l.* The cost of the Famine, including loss of revenue during the financial year, 1876-77, was estimated at 3,100,000*l.* The ordinary accounts, excluding the Famine expenditure, showed a surplus of 624,800*l.* The Budget estimates for 1877-78 placed the revenue at 52,192,700*l.*, and the expenditure at 56,442,400*l.*, including public works extraordinary, amounting to 3,628,000*l.* The deficit of 4,249,700*l.* was reduced to 621,700*l.*, by excluding the expenditure for public works extraordinary. The estimated cost of the famine during the financial year was 2,150,000*l.*, making a total of 5,250,000*l.* for the two years. The ordinary accounts, excluding the famine and public works expenditure, showed a surplus of 928,800*l.*

The next amount borrowed in 1876-77 was 3,724,000*l.* The loans to be raised in 1877-78 amount to 6,500,000*l.*, including 250,000*l.* from Soudia for the Gawlior Railway. Of the remaining 6,250,000*l.*, the Indian Government proposed to raise 2,500,000*l.* in India. The Government is not authorized to pledge the Secretary of State for India regarding loans issued in England, but recommended him to ask Parliament for power to borrow 3,750,000*l.* in England. No fresh Imperial taxation was proposed. The Bengal and North-West Provinces were required to provide by local taxation for the interest on the capital borrowed for the local railways and canals under their management.

The Decentralization Scheme started by Lord Mayo was this year largely extended by transferring to the Local Governments the revenues derived from Excise, Stamps, Law and Justice, Collections from the Terni and Bhabar and Dudin estates, and some miscellaneous items. It is not intended, however, to surrender to the Local Governments any part of the normal growth of income, but the final arrangements for adjusting this matter are not yet decided on. For the next two years one-half of any net increase is to be paid into the Imperial Treasury, the Government of India undertaking to bear its part of any deficit. The six years' experience of the Decentralization Scheme has proved the wisdom of its adoption; better work has been done at a cheaper rate, with more effectual control over expenditure, and without any of the former unpleasant friction between the different administrations.

The duties on salt are now fairly taken in hand, and the Government are rapidly getting into their power full control over the manufacture and supply of this article. This will enable the salt tax to be equalized over India, to be reduced, and, better than all, will lead to the abolition of the obstructive customs lines, with the army of 8,000 men employed to overhaul every vehicle which attempts to enter British territory.

Sir John Strachey proposed that henceforward unremunerative public works and famine charges should be classed under the head of ordinary expenditure, and be provided for from the revenue, special measures being considered to meet famine charges. The Indian Government pledged itself to abolish the import duties on cotton goods with the least possible delay. Sir John Strachey stated, however, that all measures of fiscal relief must

be postponed for this year in consequence of the famine. The effect which the Famine has upon the Exchequer is shown by the following statement --

	Revenues	Expenditure	Deficit	Excluding Public Works Extraordinary	Excluding Public Works Extraordinary, and Famine
	£	£	£	£	£
1875 76	52,515 789	55 117 536	2,601,747	Surplus 1 663,882	Surplus 2,177 417
1876 77 Regular Estimate	51 206 700	57 785,000	6 078 300	Deficit 2 274 400	824 800
1877 78 1st Estimate	52,192 700	56 142 400	4 212 700	Deficit 621,700	928 300

The estimated cash balances in India to the credit of the Government amounted at the end of 1876 77 to 11,694 700/ and will amount at the end of 1877 78 to 12 500 000/. The estimated amount of Council bills to be drawn during 1877 78 is 138 500 000 Rs. Sir John Strachey considered the present financial position of India to be satisfactory and regarded the future promising. The public seemed to concur in this opinion for the Budget was very favourably reviewed by the Indian press generally.

The debts of the Nawab Nazim were published at the very beginning of the year and from that it is not to be learnt that 4541 630 was the amount of the claims upon him, which were settled by aid of a special Commission appointed by Government for £165 171. Even on these terms it will be May 1878 before he has free from liabilities. Some of these debts were highly objectionable, as for example one of £6 58 17 6 for 'newspaper and literary services,' by which he prosecuted his imaginary claims against Government. The money spent upon English journals for advocating the Nawab Nazim's claims is simply scandalous. The *Cont Circular Graph*, *Cont Service Gazette* and other papers are shown to have received large sums of money for the insertion of articles, and numerous English writers sold their pens in the same cause. A case which requires such means to advocate it must be a very bad one. Perhaps the most noteworthy was the sum of £600 paid to Mr W Russell of the *Naval and Military Gazette*, paid on the Nawab's account but he declines to disclose the object for which the money was paid.

Among the financial events of the year is the stoppage of payment by the Punjab Bank in consequence of a run upon it. A petition to wind up the affairs of the Bank was filed at London on July 5 and subsequently transferred to the Court of the Judicial Assistant at Lahore. This transfer will allow the melancholy work of winding up to be proceeded with both expeditiously and economically.

SOCIAL

A disaster of almost unparalleled magnitude to which we have before been compelled to allude, is the chief event to chronicle under this head of our Summary. A Famine of dire severity afflicted an enormous stretch of country in both Bombay and Madras and brought death and misery to millions of unhappy people. In Bombay there was an entire failure of crops in the district of Sholapoor and a partial failure in Kaladoc, Dhurwar, Khindlish, Narsick, Ahmednuggur, Poona, Satara, and Baram. These important districts cover an area of 51 000 square miles, and are occupied by 8 millions of people. In Madras the condition of things was much worse. There were no less than twelve districts afflicted by drought, to wit Bialary, Kurnool, Cuddapah, Kistna, Nellore, Chingleput, North Arcot, Salem, Madras, Combaratore, Tanjore and Trichinopoly. The area of these places is about 84,700 square miles, and the population is reckoned at 19 millions.

The Famine began to be felt in Bombay in November, and before January a quarter of a million people in Bombay, and upwards of a million in Madras, were on the relief

works organised for the purpose of saving them from starvation. The number of people capable of giving some labour in return for their food, will afford an index of the severity of the famine. There were, then, on the relief works :—

	In Bombay.	In Madras.
At end of January	949,158	908,410
In February	260,587	973,976
March	238,819	815,979
April	253,700	698,761
May	354,976	719,695
June	289,795	700,774
July	256,000	912,000
August	285,000	900,000
September	240,000	773,094
October	195,000	698,259

Besides the number of people engaged on relief work, there were large numbers who from weakness or other infirmity could not labour, and to them food was supplied gratuitously. The number of these, which, in January, was about 90,000 in Bombay, and 76,190 in Madras,—rose in July to 149,000 in Bombay, and 781,000 in Madras; and as long months of impoverishment told upon the district, the number steadily increased till it far outnumbered those who were able to labour. In October, in Madras alone, there were no less than 1,603,721 people gratuitously fed; and in Bombay there were some hundreds of thousands.

Government was not so successful in preventing starvation, as was the case in the Bengal Famine two years ago. Such a triumphant result was simply impossible. Every exertion was made to bring food to the famishing; but Dr. Cornish announced in August that, up to that time, half a million of people had died from want since the beginning of the Famine. After August the deaths increased with great rapidity, and in places reached appalling proportions. The relief works at Lungscoogoor were, in September, spoken of as resembling a battle-field, the road-sides being literally strewn with the dead and dying. From the first great loss of life was expected, and the Supreme Government prepared the public mind for such a result by a despatch dated January 16, in which it was said that "the task of saving life irrespective of the cost, is one which it is beyond our power to undertake." This remarkable passage met with such adverse criticism that its meaning had to be explained away. Important railway and canal works were immediately undertaken. Sir R. Temple was appointed Special Commissioner; and in September Lord Lytton himself personally inspected the Famine districts, and assumed the chief direction of affairs. The cost of such gigantic measures of relief was necessarily great, and it is estimated that the entire cost of the Famine will not be less than 10½ million pounds sterling. This large sum of money does not include what was spent for a similar purpose in the native States of Mysore and Hyderabad, where the Famine also wrought its evil work. On August 7 the Governor of Madras presided at a public meeting to invite private subscriptions in aid of the sufferers. This appeal, we are pleased to say, was nobly responded to; and in London, the Lord Mayor opened a subscription list which in the course of a few weeks was raised to nearly half a million.

The repeated famines with which India is now afflicted suggest very grave reflections and appear to indicate that the peace and tranquillity enjoyed under British protection permit the population to increase at a rate greater than the state of its agricultural industry warrants. The remedy for this circumstance lies in manufactures, trade, and improved methods of agriculture; but it is impossible to discuss here these highly important questions.

The second event we have to chronicle is, like the first, a great disaster. On October 31, 1876, a cyclone of terrible force swept a huge wave nearly 20 feet over a great part of the district of Bakerganj, north of Bengal. The islands of Southern Shahabapur,

Kattiah, and Sundesp were completely covered with water; 1,182,000 people were suddenly put in peril, and 215,000 perished. Although this disaster occurred at the end of last year, it deserves a place here both from its magnitude, and from the fact that the overflow caused an outbreak of cholera which swept off the survivors with such rapidity that, by the end of February of the present year, no less than 58,000 people had succumbed to that terrible disease.

Turning to more pleasant matters we have to record that the Madras Friend-in-Need Society received, from the Hon. J. G. Coleman, the large sum of 10,000 Rs., to be expended in any way deemed proper for the relief of distressed Europeans and Eurasians. On Jan. 1, the Cuddalore branch railway, 127 miles long, was opened. The Harbour works are proceeding; but not with the speed anticipated. The tremendous force of the sea severely shakes the new masonry, and has already done considerable damage. The very difficulty of its construction shows distinctly the need of such a work.

Several incidents have occurred this year indicative of the growth of broad and intelligent views among the Indian people. As instances we chronicle the facts that, on New Year's day, Mr. B. S. Ramasawmy Mudliar fed 2,000 poor people and clothed 500 more, in honour of the Proclamation of the Imperial title. In May, Manlavie Ghulam Ali, Chowdhree of Furrseedpore, gave 10,000 Rs. for the extension of the Dacca College premises. This gift enables the work to be completed. In February, the Maharajah of Dhar presented a magnificent collection of books to the Debating Society of the new Rajkumar College at Indore. The great gold medal of the Royal Geographical Society was awarded this year to the brave explorer Pandit Nain Singh, who is remarkable among Hindus for the positive additions he has made to human knowledge. He traversed about 1,800 miles of absolutely unexplored country in Great Tibet, &c., making astronomical observations all the way. The noble fellow has now retired on a special pension of £50 a year, and we trust he will long enjoy it, and that his example will stimulate the exertions of his countrymen. In January, Lord Lytton laid the foundation stone of the new Muhammadan College at Allyghur, which owes its existence to the suggestions of Syad Ahmad Khan. It is an exact copy of Oxford University in England, with only such necessary Oriental characteristics as the arrangements for cooking and eating regulations of castes, &c. It will cost £100,000, and is especially remarkable as being the most conspicuous example—Muhammadan or Hindu—of a spontaneous native movement in the direction of educational and general social improvement. The wasteful expenditure so common at Hindu marriages has occupied the serious attention of natives themselves; and in February an influential meeting of Hindus at Rohilcund proceeded to the practical remedy of formulating rules and regulations to be strictly adhered to by rich and poor. In April a monster meeting was held at Lucknow for the same purpose, and resulted in a settled determination to curtail marriage expenses. Preaching without practice is, however, of little avail; and so Raja Radha Prasad Singh, (one of the active promoters of reduced expenditure), should have thought, when, on June 28, he spent upwards of four lakhs of rupees over the marriage of his daughter! In connection with the foregoing we may notice the fact that this year the Holi festival was announced at Brindaban, N. W. P., by the priests *advertising* a programme of their devotions. This rather startling novelty shows that the advantages of civilization are being appreciated by even the priesthood of the north-west. No doubt an increase of custom rewarded their enterprise. But while speaking of festivals, the terrible accident at Ayodhya near Fyzabad must not be forgotten. On Sunday, February 25, upwards of a million people congregated in that place, caused indescribable confusion in their struggling to and from the bathing *ghats*, and 56 people were crushed to death by the crowd.

Lord Lytton is always outspoken on public questions which admit of his taking the public into his confidence, and he is especially so where education is concerned; so that when it was understood he would preside at the distribution of prizes at La Martinière and at St. Xavier's College, both occasions became objects of interest. After the prizes had been given the Viceroy spoke at both places, and all teachers in India would do well

to impress the truth of what he said upon their pupils, and to make their teaching run in such channels as to make it more practically beneficial in after life. The following sentence in the remarks made at La Martinère might with advantage be written in letters of gold in all the schools of India, whether Anglo-Indian, Eurasian, or Native :—

Now, this college may be justly proud of the success and eminence attained in after-life by some of its former pupils. But its pupils must not suppose that to have carried away the prizes which are open to them here gives them any personal claim in after-life to prizes not commonly open to the class they belong to, whatever that class may be. I should be sorry if any of you young gentlemen were encouraged to believe that a university degree, however, meritoriously it may be won, is a sure passport to wealth and influence, or even to independence. You cannot all be Government servants or eminent lawyers; and the probability is that the great majority of you will have to seek and earn your livelihood in the prosecution of lowlier, but by no means less worthy, or less useful, vocations.

The warning contained in these words is particularly applicable to the swarms of Bengalis, more or less superficial in their knowledge, the offspring of our system of education. They have a fixed idea that they are born to enter Government service, or to shine in the courts of law as pleaders. A large number succeed tolerably well in one line or the other; a few of course rise to eminence, but the majority do not manage to secure Government employment, nor do they get clients enough to suit their aspirations; so they take to literary and oratorical loafing. It is these who become the glib talkers rather than accurate writers the political agitators rather than good citizens.

Bombay has again taken the lead in starting a new manufacturing industry in India. Mr. Ferozshah, a Parsee, in March last opened an extensive pottery work at Naigaum, a few miles from Bombay; and Mr. Ratnagar of Dadur has started works for the manufacture of the finer kinds of pottery. As the future wealth and importance of India are largely dependent upon the development of manufactures, such undertakings as the above are of considerable interest. Another great spinning mill has also been opened by the Sassoon Spinning Company, which is capable of turning out 65,000 lbs. a week. This industry has now spread to the Hooghly also. There are now five great factories near Calcutta, working over 100,000 spindles; and there are indications of large extensions.

The Rev. T. Valpy French has been appointed first Bishop of Lahore. He was formerly fellow of University College, Oxford; from 1850 to 1864, he was principal of the Church Missionary Divinity School at Lahore, and subsequently Vicar of St. Paul's, Cheltenham, and of Brith, and Rector of St. Ebbe's, Oxford.

A somewhat remarkable court-martial was held at Colaba on May 18, at which Quarter master-Serjeant Miller, on a doubtful resemblance of hand-writing, was found guilty of the charge of writing a highly improper letter to the *Standard* newspaper; notwithstanding the fact that he had been 23 years in the army without a single offence being ever before reported against him. The finding of the court was most properly quashed by the confirming officer, but the unfortunate Serjeant was afterwards reduced to the ranks by orders from Home. But even this did not end the ups and downs of this fickle affair, for Mr. Miller was subsequently re-promoted to the rank of Serjeant by order of the Commander-in-Chief. The civil tribunals have had the frolic also. Mr. Fellow, the Magistrate of Howrah, Bengal, made himself conspicuous this year by sentencing a young lady of 17 years of age to two months' rigorous imprisonment, because a letter which she entrusted to a servant to post, was found with a defaced half-anna postage stamp upon it. The circumstances connected with this case were not such as to inspire natives with a high opinion of English justice; and we are glad to know that the lady was ultimately set at liberty, and the monstrous conviction was quashed. While on trials we must notice the case of Greenhwaite. This was a sad one, inasmuch as it presents to us a Sunday School teacher, and Secretary, to the "Christian Young Men's Association" becoming a swindler to the extent of 18,000 rupees, because he had observed that the bank at which he was employed was accustomed to pay presented bills without inquiry.

Two serious accidents occurred this year. On January 23, a terrible explosion of gunpowder occurred at the "Three Gates," Ahmedabad, by which about 50 people were killed; and in July, 30 acres of ground collapsed at Raneegunge, (including three pits which were yielding coal), burying an unknown number of people.

OBITUARY.

This year death has removed from among us an unusual number of people who formerly occupied distinguished positions. In the order of date, we have to record that in March died Lieutenant-General Sir J. Fordyce, who was one of the heroes of the Indian army. He served at the capture of Arracan in 1824, and throughout the Sutlej and subsequent campaigns of 1845, being present at the battles of Ferozshah, Sohraon, Chillianwallah, and Guzerat. He commanded the Bengal artillery sent in pursuit of the Sikh army, and was present at the surrender of Rawal Pindee.

Major-Genl. F. M. Ommanney died at Great Yarmouth on March 5. Entered the army in 1848, and served in India in suppression of mutiny. Was present at Futtiahad, March 6, 1868. Commanded 1st brigade artillery of Central India Field Force under Sir Hugh Rose at the capture of Chandairree Fort, and of Jhansi, the action on the Betwa, also at the attack on Koonch and the capture of Calpee. Retired on full pay of Colonel and was gazetted Major-General on September 8, 1876.

Major-Genl. William Forbes died suddenly, May 6. Deceased joined the Indian army as Ensign in January 1841, served the campaign of 1842 under General Pollock, was present at the forcing of the Khyber Pass and in the Sutlej campaign of 1845-46, including battle of Ferozshah. He retired on special pension with honorary rank of Major-Genl., September 1876.

Alderman Allen died suddenly of apoplexy on May 22, at his office in Waterloo Place, aged 60. The deceased was the well-known Oriental publisher, and proprietor of *Allen's Indian Mail*. He was elected Alderman in March 1858, Sheriff in 1867, and Lord Mayor in 1867.

Major-Gen. E. J. Lake, C.B., died, at the age of 54, on June 7. He was formerly Financial Commissioner of the Punjab. He entered the Bengal Engineers in 1840, and served in the Sutlej campaign of 1845-46, and fought at Moodkee and Alwal. He commanded the troops of the Nawab of Bhowalpoore in the 2nd Punjab war, in 1848-49, and was present at the battle of Goojerat and the pursuit of the Sikhs and Afghans. He became Major-General on January 1, 1870.

On June 9, the head of the celebrated Tagor family, Maharajah R. Tagor, died. He was an honest and candid representative of native opinion, and a firm supporter of the rights of his fellow-countrymen. He was a member of the Bengal and Viceregal Legislative Councils, and had been created a Companion of the Star of India.

Miss Mary Carpenter, well known for the active part she took in the promotion of female education in India, died on June 14, at Bristol, England. She had published several works on the best methods of dealing with young criminals, and had paid four visits to India, for the purpose of promoting female education and prison reform in that country.

In June also died Sir Jamsetjee Jeejeebhoy, the son of the celebrated philanthropist of that name. He was a man of considerable mental power and breadth of views, having made the Bible, the Talmud, and the Koran, his favourite study. He constantly strove, as his father did before him, to weave fresh links between India and England. His son, Manockjee Curesjee, succeeded him in the title.

Mr. J. C. Marshman, the eldest son of Dr. Marshman, died on July 8. He was a man of untiring energy, and devoted to the cause of the education of the Indian people. Like the other famous Serampore Missionaries, he lived upon a small income and devoted all else that he acquired by his untiring industry, to the good of India. By this process he was able to expend £30,000 on building and maintaining a College; and when he was appointed official translator to Government, he paid away, month by month, the whole of the salary derived from that office, for a period of ten years, in furthering the cause of education. His knowledge of Indian affairs, both historical and social, was enormous.

The death of Mr. Charles Scott, c.s., Inspector-General of Hospitals, occurred on July 9 at his residence in South Lambeth, aged seventy-four. The deceased, who joined the Army Medical Department, in Nov. 1834, was for many years in medical charge of the 82nd Light Infantry, and was surgeon of the regiment in the Punjab campaign of 1848-49, including the first and second siege operations before Mooltan, the capture of the city and surrender of the fortress, the capture of the fort and garrison of Chenab, and the battle of Goojerat. He served with the force under Sir Colin Campbell against the Peshawur frontier hill tribes in 1852, and distinguished himself in the Indian mutiny as medical officer of the 82nd in the heroic defence of the residency of Lucknow until its final relief by Lord Clyde on Nov. 24, 1857. He was afterwards present at the defeat of the Gwalior rebels at Cawnpore, and was mentioned in despatches "for eminent services throughout the whole siege of Lucknow," receiving the C.B. grant of a year's service, promotion to staff surgeon, first class, and deputy inspector general of hospitals, and the medal with clasp for Lucknow. Mr. Scott was appointed honorary surgeon to Her Majesty in April 1860, and retired from active service with a step of rank in March 1862.

Mr. Ross Donnelly Mangies died on August 16, aged 76. He obtained his first appointment as Writer in Bengal, on leaving Haileybury College in 1819. In 1821 he was appointed assistant to the Secretary to the Board of Commissioners of the lately ceded provinces, and thence rose, by successive steps too numerous for mention here, till in 1837 he became member of the General Committee of Public Instruction and Officiating Secretary to the Government of India in the Judicial and Revenue Departments, and Officiating Private Secretary to the Deputy-Governor of Bengal. He returned to England in 1839 and sat as Liberal Member for Guildford from 1841 till 1853, and was Chairman of the East India Company in the year 1857-58, in which latter year he was appointed one of the original members of Her Majesty's Indian Council. He contributed some most important articles on India to the *Edinburgh Review*, and also published a Vindication of the Honorable East India Company from the attacks of Messrs. Rickards and Crauford.

On the night of September 5 the Rajah of Kappurthilla died suddenly at Dharmasala, either from apoplexy or the bursting of an abscess on the brain. The State is likely to be long under British administration, as the late chief's successor is a delicate boy of 5 years of age.

Major-Genl. F. Elphinstone, late deputy assistant-commissary-general of the second class on the Madras Staff Corps, and formerly on the 20th N.I., died at Chepstow Place, Bayswater, on Sept. 15, in his fifty-fourth year. The deceased obtained his first commission Dec. 12, 1810, and became lieutenant Oct. 21, 1812. In 1814-5 he served in the Southern Mahratta country, and was present at Panulla, Raungia, Seevapore, Mundlur, and Munsutosh. He served also with the Turkish contingent in the Engineer Corps at Kertch in the Crimea, in 1855-6. He was promoted to brevet captain Dec. 12, 1855, and served in Bengal, at Cawnpore, in the Commissariat department, during the mutiny of 1858-9, for which he received the medal. He obtained his commission as captain in 1838, became major in 1861, lieutenant-colonel in 1866, brevet colonel 1871, and major-general 1875.

CHRONOLOGICAL NOTES.

EXPLANATION OF CHRONOLOGICAL CYCLES AND ERAS.

The Golden Number is that which any given year holds in the Lunar Cycle, which is a period of 19 years, at the lapse of which the phases of the moon take place on the same day of the months respectively as at the commencement of the cycle. Therefore while the sun performs its annual course 19 times, the course of the moon amounts to 235. In the Ancient Calendar this number was inscribed on a tablet set up in the market place of Athens in letters of gold, hence the term *Golden Number*. It was likewise called the Prime, because it pointed out the first day of the new moon, *primus luna*.

The Epoct is the number of days of the Lunar Cycle, over and above all the complete courses of the moon for any number of years, hence the number indicates the age of the moon at the beginning of the year.

The Solar Cycle is a period of 78 years, which, owing to leap year must necessarily elapse before the days of the month can return respectively to the same days of the week as at the commencement of the cycle. The first year of the Christian Era was the tenth year of this cycle.

The Dominical Letter is that letter of the alphabet which points out in the Calendar the Munda throughout the year, thence also called the *Sunday Letter* or *Die Dominica*.

Roman Indiction was a period of 15 years, instituted by Constantine the Great in A. D. 312, for levying certain taxes upon the subjects of his empire. The Popes since the time of Charlemagne have dated their acts by the year of the Indiction which was fixed on the 1st of January.

The Julian Period embraces 7886 years and is produced by multiplying into each other the Solar Cycle (28), the Lunar Cycle (19), and the Cycle of the Indiction (15). This period is reckoned from 700 years before the usual date fixed upon for the creation, at a time when the three cycles are supposed to have commenced together, a circumstance which cannot take place again until A.D. 3267, or the lapse of the entire period.

Our Lord was born in 5214 of the Julian Period. This style was contrived by Joseph Juste Scaliger in A. D. 1583 for chronological purposes, and is assumed as a fixed era in the calculations of all Astronomers and Chronologists. It is of great importance as the standard or general receptacle of all other Epochs, Periods and Cycles. Into this, as into a large ocean, all the stream of time discharge themselves, without losing their character, and if historians had recorded the number of each Cycle in each year respectively, there could have been no dispute about the date of any event in past ages.

GREGORIAN CALENDAR OR NEW STYLE.

Up to 1582 the length of the year as computed by Julius Cæsar in B. C. 45 consisted of 365 days and 6 hours, but as the true length of a solar year is only 365 days, 5 hours and nearly 46 minutes, this calculation had produced an error amounting to 10 days. Consequently Pope Gregory XIII. hence the Calendar was called *Gregorian*, undertook in 1582 to rectify that error by making the year to consist of 365 days, ten days between the 15th and 16th October were struck out, and the 16th was reckoned as the 5th October. According to this style the ordinary year is to consist of 365 days, but the year 1584 and every fourth year afterwards termed *leap year* to contain 366 days, and the centuries 1700, 1800, 1900, 2100, and so on for those centuries which are not divisible by 400 are to be reckoned, not as *leap years*, but as ordinary years of 365 days only.

The New Style has been gradually adopted, throughout Europe, except in Russia and Greece where the old style still prevails.

In Great Britain the New Style was adopted in 1752, by that time the error had amounted to 11 days. It was therefore enacted that September 3 of that year should be reckoned as September 14. During the present century, supposing the New Style had not been adopted, the error would be 12 days, and this difference must therefore be allowed in Russian and Greek dates. Thus a Russian bill dated March 2, must be reckoned as dated March 11.

TABLE SHEWING THE CORRESPONDING MONTHS AND DAYS OF THE ENGLISH, TAMIL, TELUGU, AND MAHOMEDAN CALENDAR FOR 1878

[illegible]

CALENDAR.

FOR 1878--(continued).

[illegible]

PLANETARY PHENOMENA.

MERCURY will be a morning star from the middle of January to the end of February, from the middle of May to the end of June and from the middle of September to the early part of October. He will be an evening star throughout the month of April, from the middle of July to the end of August, and from the middle of November to the middle of December. When in superior conjunction, that is, when the Sun is between the earth and Mercury, he appears perfectly round but very small, not more than 5" in diameter; but when in the opposite portion of his orbit or near his inferior conjunction, he presents the form of a slender and brilliant crescent nearly 12' in diameter.

VENUS will be an evening star from the beginning of January to the middle of February, and a morning star from the beginning of March to the end of October. She will be in inferior conjunction with the Sun on February 21st, and may then be seen with a good telescope as a slender crescent thread of silvery-light about eight degrees North of the Sun with an apparent diameter of 60 or one minute of space. During the month of May she will appear like the half Moon or First Quarter with a diameter of about 24", and will afterwards be gibbous, during the months of June, July, and August. When in superior conjunction with the Sun on December 5th, she will appear round with a diameter of only 10". Venus will attain her greatest brilliancy in the middle of January and towards the end of March, when she may be easily distinguished by the unassisted sight in full-day-light provided her position is known.

MARS will be an evening star from the beginning of the year to the end of July, and a morning star from the beginning of November to the end of the year. He will be in conjunction with the Sun on September 18th, when his apparent diameter will be only 11". He will be unfavorably situated for observation throughout the year.

JUPITER will be in conjunction with the Sun on January 5th, and cannot be well seen for some weeks before and after this time. He will be a morning star till the end of April and an evening star from the beginning of August to the end of the year. He will be in opposition to the Sun on July 25th with an apparent diameter of 45", and will be well situated for observation from May to September. Jupiter will be stationary on May 26th and on September 23rd, and in quadrature with the Sun on April 26th and on October 22nd.

His interesting belts and the phenomena of his four Satellites are well worthy of examination. Any good pocket telescope will, if steadily supported, render the Satellites visible and their Eclipses observable. From the middle of January to July 25th the Eclipses will occur on the Western side of the planet, but in the other portion of the year to the East of the Primary. When both the disappearance and reappearance of a Satellite are given, it must be remembered the phenomena take place on the same side of the planet, but the reappearance always to the East of the spot at which the Satellite vanished.—*For table of Eclipses see page 23.*

SATURN will be an evening star until the end of February, and a morning star from April to June. He will be stationary on July 16th and on November 30th; and in quadrature with the Sun on June 24th and December 18th. He will be in conjunction with the Sun on March 18th; in opposition on September 22nd, and favorably seen both before and after midnight during the months of August, September and October.

In the early part of the year the beautiful system of rings, which generally renders Saturn the most attractive object in the heavens, will be seen with difficulty, only as a radial line of light, extending a short distance East and West of the planet, and even this will be lost to sight on February 6th. About March 1st it will reappear, still however as a fine thread of light on each side of the planet, only distinguishable with considerable optical power, but towards the middle of the year it will present the appearance of two radial bars, in shape slightly conical, extending to a length of about 12" on each side of the planet. From the time of reappearance the Southern surface of the ring will be exposed to our view, and will so continue for the following 14 years. Saturn is attended by eight Satellites, five of which may be readily seen with any good telescope, but the remaining three require instruments of the largest size to render them discernible.

URANUS will be in opposition to the Sun on February 16th, in Right Ascension 9h 59m., and North Declination 15° 7'; when he may be seen as a star of the sixth magnitude the faintest visible without telescopic aid in the absence of moonlight. His apparent diameter is usually about 4".

NEPTUNE will be in opposition to the Sun on October 31st, in Right Ascension 2h. 26m., and North Declination 12° 34". His diameter never exceeds 2½". He is only of about the eighth magnitude as compared with the fixed stars. Uranus and Neptune are both visible with a mere pocket glass, when their positions are well known, though they are only distinguishable from the fixed stars with superior instruments charged with high magnifying powers.

The number of minor planets is now one hundred and seventy-eight, and discoveries have been so frequent of late years that it is no longer considered desirable to continue the list hitherto given.

There will be two Eclipses of the Sun and two of the Moon.

GARDENING CALENDAR.

MADRAS.

KITCHEN GARDEN.

January.—As the weather during the month will generally be clear and dry, attention to watering is required; if possible, water in the morning, otherwise late in the evening; never water vegetables during the heat of the day. The sowing of European vegetables may now be discontinued, as in the majority of cases seed sown during this month will prove to be labor needlessly expended, they will not come to maturity, or scarcely to a state fit for consumption. Last month may be considered as drawing to a close all successful operations in regard to European vegetable sowing, with the exception of a few salads, which may be sown in beds, shaded and hand-watered with attention, they will produce small crops. During the first and second week is a good time to sow cucumbers, vegetable marrow, gourds, and such like. Nepal spinach should be sown and planted for a supply during the hot months. Attend to keeping the soil hoed amongst growing crops, eradicating weeds to prevent their seeding, which they now do freely, continue to earth up celery, choosing a dry day for directions as to *earthing*. Plant cuttings of the cabbage tribe in beds, if rooted they will give a good supply of sprouts during the hot months. Sow country vegetables if required, remove all decaying vegetables to the compost heap. Look to the graft mangoes, continue every two or three days to deepen the incision till the branch is cut through. If any are entirely removed they may be planted without delay, taking care to support them against damage from high winds.

FLOWER GARDEN.

The flowers during this month should be in great perfection. The main operations consist in keeping everything clean and in perfect order, using the knife amongst the shrubs, &c, where required. Attend to the young shoots of creepers so that they may be properly trained, cut back all plants that may be growing over the hedges of the beds or walks, this should be done neatly so that the use of the knife may not be discovered, nothing looks worse than plants abruptly cut round the edge of flower beds. Such cuttings of shrubs and roses, as are rooted should be planted out in beds, well watered and shaded for a few days. Attend to plants in pots, roses in flower-bud will be improved by frequent watering with liquid manure, it will increase the size of the flowers. Shade tender plants from the midday sun, keep a supply of water exposed to the sun during the day, for watering potted plants in the evening. Attend to clipping hedges, keeping the walks and grass in proper trim.

Remarks.—The weather during this month is generally clear, rain seldom falls, dews are plentiful, vegetables are abundant towards the end of the month. Fruits, such as oranges, pomegranates, guavas, plantains, &c., are to be had.

KITCHEN GARDEN.

February.—As the Horticultural exhibition is generally held during the early part of the month, attend to the schedule of prizes if you intend to compete, preserve such articles as may be required by making them with stakes, in forwarding articles for competition pay marked attention to what is required, avoid sending vegetables of any kind in flower pots. In the garden, little is required beyond the directions of last month; a few salads may be sown, country radishes, cucumbers and gourds may still be sown. Keep the garden clear from decayed leaves; vegetables during this month, especially the cabbage tribe, give out a most disagreeable odour if left decaying. See that arrangements are made to keep up a supply of such country vegetables as may be required. Watering will invariably be requisite throughout the month, plant out, (if on hand) cuttings of the cabbage tribe. Attend to collecting manure for the next season.

FLOWER GARDEN.

The directions of last month are suitable to this, little more can be done than attending to watering and cleanliness; let plants in pots intended for exhibition, be protected from the midday sun if possible. During the course of the month, remove and put in pots a good supply of verbenas and such like, to preserve them during the hot season. Attend to plants in pots, frequently stirring up the soil on the surface. If worms are troublesome, a little clear lime water used occasionally will remove them.

Remarks.—The weather during this month is clear and calm, dew every morning, rain seldom occurs if ever; vegetables and flowers in most seasons are plentiful; fruits, such as aspodillas, mangoes, oranges, custard apples, &c., are to be had.

KITCHEN GARDEN.

March.—As the cultivation of European vegetables will no longer give any degree of satisfaction equivalent to the expense incurred, it is not necessary to presume that by giving directions, success will be the reward of carrying them out. The heat is too great

to develop seeds of northern climes, indeed it is more chance to succeed in germinating and growing tropical seeds. Attention to the culture of such varieties of country vegetables as may be required is all that is requisite in cultivation, though the latter may be purchased in the market much cheaper than they can be grown in private gardens. All vacant spaces in the garden should now be dug, and thrown up in ridges (this is applicable to heavy soils) so as to expose the soil to the influence of the sun during the hot weather. Where the soil is light, let it be dug over level, collect manure without delay; if composed of heating materials, it will require to be watered and turned over frequently; be sure this matter is not overlooked; attend to watering lately planted mango trees, untie the ligatures round the grafted parts, support the stems securely against high winds, store yams in sand or dry soil.

FLOWER GARDEN.

Little can be done during this month; pay attention to cleanliness, watering shrubs, roses, &c., such beds as are empty should be neatly dug over, look to the roots of dahlias, let them be stored in pots of sand, or the pots they were grown in; if the soil is dried they must be kept dry. gloxinias, achimenes and bulbs, require the same treatment; plants growing in pots should be placed, if possible, to receive the morning sun and shaded during midday.

Remarks.—The weather during this month is clear, hot, and very unpleasant from the prevailing southerly winds, slight dew frequently. No rain falls during the whole course of the month; European vegetables are very scarce, dear, and bad in general; country vegetables plentiful, such as brinjals, radishes, greens &c. Fruit none, with the exception of indifferent plantains.

KITCHEN GARDEN.

April.—This month might be passed over in silence, as little or nothing can be done unless digging up any portions of the garden not attended to last month, this should not be neglected any longer. Cucumbers, gourds and melons may be sown during the month; they require protection from the sun until established. Attend to the fruiting pines; if the crowns appear to grow too large let the hearts be taken out neatly; remove all suckers from the bottom of the fruit; after the fruit has swelled a good size, water should be sparingly applied as it tends to injure the flavour.

FLOWER GARDEN

The directions of last month are suitable to this, little more can be done than keeping the garden clean and free of weeds; towards the end of the month look well to the support of young trees, creepers, &c., as gales may be expected early in May. Prepare soil for plants in pots without delay look over dahlia roots, &c., in case they are being injured by vermin. Roses in pots should not be excited at present, or they will be weakened.

Remarks.—The weather during this month is similar to that of last, wind changeable from S. to E. and W., dew is seldom seen. A few slight showers of rain sometimes occur; European vegetables are very scarce, native vegetables are plentiful. Fruits, such as grapes, pine-apples, and some of the orange tribe are to be had. Plantains are plentiful.

KITCHEN GARDEN.

May.—During the month the land wind commences, much difficulty will be experienced in cultivating any but the common varieties of country vegetables, dig over any vacant spaces of ground, no matter how roughly, prepare manure, repair and build water channels when required; make and repair roads and walks.

FLOWER GARDEN

Now is a good time to put walks in good order, and make others where required. If composts for seeds and plants in pots are not preparing, delay no longer, as they will be required in July. Wash all empty flower-pots and order supplies for new ones, use every endeavour to put down the unsightly pots in general use—it can be done.

Remarks.—The weather during this month is unpleasantly hot from the prevailing land winds; in most seasons a few slight showers of rainfall; seldom other than country vegetables are to be had, with the exception of cabbage sprouts, which are hard and tough, mangoes and pine-apples are plentiful and cheap; flowers are scarce.

KITCHEN GARDEN.

June.—Although rain frequently occurs during the month, it is scarcely desirable to recommend the sowing of European vegetables. It is more requisite to push forward any new work that may be required; dig over and trench all vacant and new ground that may be taken in for cultivation. Be careful that a good supply of manure is on hand.

FLOWER GARDEN

Preparing pits for planting trees and ornamental shrubs may be proceeded with, likewise the filling up of all hollows on the lawns where water accumulates during monsoons. Making new flower gardens where required, they should be proceeded with at once; it will save time when the gardeners are required for more active operations in July

and August. Repair walks and make new ones: see that they are broad and level enough for two persons to walk abreast upon them, there is no necessity to raise them up like ridges in the centre; if they are slightly convex to throw off the water, it is sufficient.

Remarks.—The weather during this month is similar to that of last; showers are more frequent: European vegetables are rarely to be had. Fruit is plentiful.

KITCHEN GARDEN.

July.—Everything should be prepared during the present month for sowing seeds in August if the weather is at all favorable, sow a small quantity of celery and parsley for early plants. Peas may be sown towards the latter part of the month, though with but slight chance of success in the generality of seasons; during the last week the levelling of the soil thrown up in ridges may be proceeded with. The manure heap should be in a fit condition for use.

FLOWER GARDEN

Little can be done during the month further than preparation for the ensuing seed time; let composts be in a perfect state for use before the end of the month. Make up grass edgings with turf. Do not prune roses unless they show signs of growth; this can be easily discovered by the swelling and bursting of the buds. If they show signs, prune and manure, though waiting till the following month, would be more judicious. Take care not to be carried into two active operations by a good shower of rain. Look to the roots of dahlias, gloxinias and abnemes, they may have commenced to grow, retard them as much as possible, but bring them to the light as dahlias are very impatient, their roots should be divided towards the end of the month into as many divisions as possible with a sharp knife, having shoot upon each division.

Remarks.—The rains of the S. W. monsoon commence during this month in slight showers; the sky is very cloudy, rain is frequent in most seasons. Fruit and vegetables are scarce.

KITCHEN GARDEN.

August.—As imported seed should now be on hand, let a first sowing be put in pots or boxes without delay. If the weather is favorable, successive sowings may be put in during the whole course of the month. Care must be taken that the soil is in a proper moist condition. Guard against the ravages of red ants, be sparing of water to imported seeds until they germinate. A first sowing of peas and French beans may be put in, likewise carrots, beet, parsley and radishes; choose a dry day, sow celery in boxes or pots in rich soil mixed with well-decayed manure, and a small quantity of powdered lime. The reason celery is so apt to run to seed, arises from inattention to keep up a constant luxuriance by the aid of good manure, celery should never receive a check; of country vegetables, sow brinjals, gourds, cucumbers, roselles, greens spinach, beans, chillies, snake gourds, &c.; plant yams and Jerusalem artichokes. Attend to top-dressing asparagus beds, make a fresh bed of water-cresses in a shady spot near a well or tank where they can be easily supplied with water twice a day. Put in suckers of pine-apples; prepare stock of mangoes for grafting. Let the garden soil be levelled, well manured and dug over: make sure the manure is well looked after and mixed with lime and ashes before using.

FLOWER GARDEN.

Sow seeds of everything that can be had most suitable for the climate, be careful how small seeds are sown and watered; look to the roots of dahlias, gloxinias, &c.; they should be set agrowing in good soil. If no plan has been definitely fixed upon to secure a good supply of flowers now is the time to look to it; there is no time to spare: propagate verbenas by layers; sow hollyhocks, phloxes, petunias, balsams, &c., increase your stock of chrysanthemums, by division, or fresh supplies, let the flower garden be well dug and manured; dig and manure round the roots of shrubs on lawns, &c. Let a shaded piece of ground be prepared in which to put cuttings of roses, shrubs &c.; prepare pits for planting trees and shrubs, make them large and deep. Pits in the soil of Madras or anywhere should not be less than 2½ feet in diameter and depth. Too much care cannot be taken of seedlings, lest they get drawn during the dull days that prevail, expose them to the light and air as much as possible. Top-dress all plants in pots not intended to be re-potted with fresh soil and manure; re-pot and top-dress roses in pots. Prune and manure garden roses and put in cuttings.

Remarks.—It were unnecessary to write these instructions if those for whom they are written do not carry them out during the course of this month. As success can only be looked for by close attention, next month will be of less avail to have plants sufficiently strong to produce an early crop or to stand the heavy rains, and whatever complaints may have to be made against the failure of vegetables and the display of flowers in January and February, it can be ascribed to no other cause than neglecting to conduct operations at the right season and in a proper manner. The native gardeners are not so much to blame as they in general go by the instructions they receive.

Rain is frequent during this month; country vegetables are plentiful, fruit and European vegetables are very scarce.

KITCHEN GARDEN.

September.—This is the proper time to sow a succession of peas. French beans and spinach they may be put in every week during the month; continue to sow vegetables of all kinds. Onions and leeks in light rich soil in beds, protected from the rain by mats tied over moveable bamboo frame-work. Attend to the seedlings sown last month; some of which will be ready for transplanting. Knot-khol and cabbage, if any were sown early in July, will be ready for final transplanting in the garden, in beds of rows; let them be lifted carefully; disturb the roots as little as possible. Encourage the growth of celery by slight waterings of liquid manure; look after insects; a slight sprinkling of lime over and under the leaves will arrest their ravages; if not used let them be picked off with hand every morning. Lime will in nowise injure the tenderest vegetation, if slaked and cool. Native vegetables sown at the beginning of last month will be fit for planting out. Commence to graft mangoes; make preparations, such as digging trenches, &c., to prevent the garden being flooded during the monsoon near at hand. Manure pine-apples, remove the suckers and put them into root.

FLOWER GARDEN.

Petunias, hollyhocks, phloxes, &c., &c., sown last month, should during this be fit for planting out, choosing a dull damp day. Continue to sow balsams, hollyhocks and all showy annuals, not neglecting mignonette. Balsam seed from Hyderabad is generally good; and from the cultivators there removing the lateral branches, they have acquired a peculiar upright habit, show about one foot of blossom in a column when well-grown. Attend to cleanliness and keeping the soil in flower bed opened by hoeing (*the idea of seeing a Gardener sitting in a flower-bed digging it up with a piece of bamboo is absurd*). Prune roses if hitherto neglected, layer bud and put in cuttings of roses and such shrubs, trees and creepers as may be required. Sow seeds of trees and shrubs; put in pipings of carnations, picotees in boxes, filled with fine sand, mixed with red earth. Let all creepers be neatly tied to the posts or trolleys upon which they are trained, prune where required; prune and keep in proper form shrubs, &c.; attend to cutting hedges and filling up gaps, casuarina hedges neatly trimmed would be much neater round flower gardens than unsightly bamboo trellises; it is astonishing they are not more generally planted, as they combine neatness with economy, are easily raised if the seed is not too deeply covered with soil.

KITCHEN GARDEN.

October.—Transplant all vegetable plants, large enough into beds or drills where they are to grow. Trenches should be ready to receive celery plants; shade if the weather is clear; look after tomatoes, onions, leeks, carrots and beet-root, let them be thinned out to proper distances from each other; the thinnings may be planted if required. Continue to sow a few varieties of vegetable seeds. Peas may be sown every week, let the drills in which they are sown be raised above the surface level; continue to sow a succession of French beans. Keep out a supply of salads, such as lettuce, endive, mustard, water-cress, &c. Finish early in the month preparations for planting out vegetables, do not trust till wanted, as the soil may not be workable for rain. Let everything about the garden be neat and clean; eradicate weeds on their first appearance. If the weather during the month should prove dry, peas and the cabbage tribe will suffer much. A supply of water will be requisite to prevent the crops sustaining a check which would prove very detrimental. When water is applied let it be in the morning, very early, if possible; when it is cool, frequent hoeing up the soil amongst the crops will require to be looked to. If activity is not displayed during the early part of this month in forwarding operations, there is but little chance of success for the season. Take particular care the crops are not planted on the same piece of ground they were last year, alternate them yearly if possible. Graft mangoes and plant pine-apples.

FLOWER GARDEN.

The operations of last month are applicable to this. Look after dahlias in pots, stake them and water occasionally with liquid manure. Plant out verbenas, heliotropes and all other bedding plants. Keep up a supply of balsams, cockscombs, mignonette, &c. Plant trees and shrubs, attend to training and pruning creepers. This is a good time to get roses, fuchsias, violets, &c., from the hills of Bangalore. Take advantage of dry days to cut grass; straten and trim the edges of walks and beds. Give everything a neat and clean appearance. Protect all newly planted trees from wind. The best plan is to use three tarred ropes for each plant, fix them to the stems round which should be tied a piece of canvas to prevent the friction of the ropes from injuring the bark; tie the ropes tight to three pegs firmly driven into the ground at the proper distance from the plants. This is costlier than stakes but more permanent, and will protect the plants till properly rooted.

Remarks.—The weather during this month is generally wet and stormy, more especially during the latter part of it. Vegetables and fruits still continue scarce.

KITCHEN GARDEN.

November.—Few European vegetables will come to perfection if not fit to plant out during this month. Attend to transplanting seedlings; peas and French beans may be

sown every week or ten days; the main crop must be looked for from seed sown this month, as peas sown in December seldom succeed. Sow a small quantity of cabbage, kuol-khol, cauliflowers, tomatoes, &c., likewise a few salads. Cauliflowers sown during the first week of the month; if they are well attended to, flowers may be had during February. Attend to transplanting onions and leeks. Thin out turnips and carrots to proper distances from each other. Plant celery in trenches, look after all details such as cleanliness, digging trenches to carry off the heavy rains; put in cuttings of cabbage sprouts for use during the hot season. Graft mangoes; put in cuttings of figs and vines. Plant onion bulbs for salad.

FLOWER GARDEN.

Continue to transplant seedlings into pots or boxes. Plant out annuals, verbenas, hollyhocks phloxes and ipomeas, if strong enough. Sow any flower seeds remaining on hand. Sow seeds of trees and shrubs. Prepare early in the month stations for ornamental creepers, and plant without delay. Attend to training creepers and pruning where required. Prune and manure garden roses and put in cuttings. In pruning, cut the old branches down to three or four eyes from the bottom. Top-dress all plants in pots not requiring re-potting; protect tender plants from heavy rains, activity is required during this month to obtain a good supply of flowers during the three following months. The finer varieties of roses in pots should be re-potted if necessary; they require a heavy soil mixed with well decayed cow-dung. Support all plants requiring it from the high winds.

Remarks.—The weather during this month is in general boisterous, with heavy rains; the N. E. monsoon continues with great violence. Vegetables and flowers continue scarce.

KITCHEN GARDEN.

December.—Continue to plant out and transplant into boxes all vegetable plants on hand during the first week. Attend to thinning turnips and carrots. Plant celery in trenches and earth up such as may require it. Keep the soil amongst the growing crops hoed, and eradicate weeds on their first appearance. Branch lettuce and snide by tying up the leaves. Thin out the branches of tomatoes. Look sharp after insects amongst cabbage and cauliflowers. Use slaked lime freely on all crops attacked, it will prove a beneficial check. During the month sow cucumbers, vegetable marrow, country vegetables for greens, &c. Early planted vegetables will be fit for use towards the end of the month. French beans and salads should be in abundance. Attend to staking peas, beans, &c. Continue to make up a manure heap for the ensuing season; let nothing be lost in the shape of vegetable matter. The main work of the month is attention to growing crops; look to early grafted mangoes, make incisions gradually on the branches above the grafts.

FLOWER GARDEN.

Plant out the remaining stock of annuals, sow a few hollyhocks, amaranthus, &c. A last sowing of balsam is may be put in. Sow convolvuluses of all kinds. Potinias for flowering during the hot months. Attend to dahlias and encourage them by frequent watering of liquid manure. Keep the flower beds and walks clean and neat; water and roll the walks towards the latter part of the month, it will give them a neat appearance, at the same time they will be more comfortable to walk upon.

Remarks.—The weather during the first two weeks is similar to last month, generally clearing up towards the latter end. Fogs are frequent; flowers continue scarce with the exception of roses, vegetables are scarce, country greens, &c., are to be had in abundance; fruits, such as oranges, guavas and plantains, are plentiful.

BANGALORE.

January.—In this month most of the culinary vegetables are in great perfection. Grapes, apples, pine-apples, country raspberry, and also a few strawberries and peaches are in season. Such apple trees as have finished bearing may now be pruned, although it would be better to delay it until the ensuing month. Sow seeds of such vegetables as peas, radish spinach, &c., that do not require more than three months to come to perfection. This is a good month for altering or making a garden, laying walks, &c. Open the roots of vine trees, if the wood is well ripened.

This is the best month for planting cuttings of sugar-cane.

Remarks.—The nights and mornings are chill—a clear sky during the day. It seldom rains during this month; but fog falls daily in the mornings. The wind blows steadily from the N. E. with occasional variations.

February.—In this month, country raspberries, figs, pomegranates, pine-apples, peaches, grapes and strawberries may be had in great abundance and perfection. A few apples remain. Very few vegetables can be sown with advantage this month. Open the roots of peach and apples and prune apple trees. As the mango will be in flower, spread, if requisite, some manure round the roots of the trees, slightly stirring the soil.

Sow peaches, the stone should be broken, else the seeds will take some months to germinate.

Remarks.—The weather during the whole of this month is very fine. It seldom, if ever, rains. Heavy dew falls in the mornings. The wind blows N. E., sometimes changing to the S. E. The first half of the month is rather chilly, about the end it commences to be warm.

March.—During this month the roots of apple trees should be opened, if not already done by those who approve of that system, and very strong manure should be applied. Strawberries, grapes, raspberries and peaches are in season. The ground should be forked about the roots of vines. Plant tuberose roots. Beet root and celery are in perfection. As the winds and hot air of this month are very injurious to vegetation, as few seeds as possible should be sown.

Remarks.—The weather during this month is clear, hot and unpleasant. Rain is little known. There is less dew. The wind continues to blow from the N. E. There is plenty of dust. It thunders and lightens occasionally.

April.—Sow all flower seeds to come to perfection in July and August. They will be refreshed by the early rains called the mango showers, and there is generally rain in Mysore during June. Sow every kind of vegetable seed. Plant potatoes. Dhalia seeds should be sown in this month in situations protected from the burning winds.

Remarks.—This is the hottest month. The nights are very sultry, and the sun pours down its fiery rays with unabating vigor during the day. The dust is almost suffocating. There is thunder and lightning. The mango showers may be expected towards the close of the month. Wind N. E.

May.—Repeat the sowing of last month, or may be deferred till this month. Transplant the seeds of vegetables sown last month, and prepare the beds for the final transplanting of kuol-kuol, cabbage and cauliflower, watering the soil richly. Sow some cotton seeds.

Remarks.—The weather still continues hot. If the mango showers have set in, the heat is not so great as that of April. High winds from the S. W., with rain and clouds, may be expected. Rather dusty.

June.—The directions for this month are very similar in many respects to those given for May and April, in order to have the flowers and vegetables later in the season. Mangoes are in great perfection, and pine-apples abundant; jack-fruit in season. The natives plough their ground and sow the earth-nut. This is the best month for sowing seeds from England, &c., provided they arrive in the two or three preceding months, but in general it is advisable to sow them as soon as they are unpacked. The fields for lay should be scratched by the native plough and manured. Cuttings and suckers of chrysanthemums, if taken off and planted in small pots, will flower in September.

Roses often suffer much more from the attacks of the rose beetle during this month. They should be sought for at night with the aid of a lantern, and while one boy holds the light, another picks off the insects and throws them into a chatty of water. Immense numbers can be killed in a short time in this way. The old roots of the dhalia should be planted in large pots of sand covered with some fermenting vegetable matter, to induce them to send out shoots.

Remarks.—Rain is more frequent. The days begin to get cloudy and pleasant, and the nights cool. Wind from S. W., blows strongly. Plenty of dust.

July.—Pine-apples and apples are in season. Mangoes still continue tall towards the end of the month, young plants should then be grafted, and the trees pruned as soon as they have done bearing, as that is the only time when it can be done with impunity. Cuttings of all trees and shrubs should be put in this month, as well as slips of artichokes, which, as soon as they have established themselves should be cut down close to the ground.

The natives generally sow the raggy and cholam, and prepare the ground for rice, and plant cuttings of sugar-cane. Flower and vegetable seeds may still be sown, and in regular seasons the cabbage tribe of the first and second sowings should be finally transplanted. The first crop of hay is cut this month. Sow mango seeds for supply of stocks for next year's grafting. The dhalia sown last month will require transplanting, and the shoots should be separated from the old roots. The seeds (dalias) should now be turned out of pots into the open ground in a sandy well manured soil. A species of white grub attacks the roots of flower plants, more especially the scarlet geranium. The only mode of destroying these insects is by uprooting the plants that show any signs of dropping and removing the grub. Experiments in the cultivation of wheat may be attempted this month.

Remarks.—There is generally much rain this month. The days are cloudy and pleasant, and the nights cool. The wind blows from S. W. Thunder and lightning frequent.

August.—Apples still continue; young trees should now be grafted, and cuttings put down. Oranges, loquats, and alligator pears in season. Insects are excessively numerous and destructive. The orange tribes should be budded and inarched, and propagated by gooties. Plant beds with early strawberries. Still sow a few vegetable and flower seeds. Continue grafting mangoes. Transplant cotton. Propagate carnations and pinks by

layers. Begin collecting seeds of early flowering annuals. Dahlias are in perfection. The natives sow different kinds of grain in this and in the following month. Stake the dahlias, put into ground last month.

Remarks.—The early monsoons cease about the beginning of this month. The wind blows from S. W., and the weather is somewhat warm.

September.—Alligator pears and loquats still continue. Guavas in plenty. Sow orange seed and alligator pear stones. Young potatoes in season. The American cotton sow early in full pod. Plant Cape bulbs, either in the ground or in very deep pots well drained. The turnips and cabbages are much infested by a small dark caterpillar, which may be destroyed by sprinkling the plants with powdered lime. The rice begins to flower. Put down cuttings of geraniums, roses, violets, heartsease, &c. Flowers are in great perfection. As most of the peach trees will have lost their leaves, the roots should be opened and exposed for four days and then strongly manured. The principal crop of hay is cut in this month.

Strip off leaves, and bare and prune the roots of apple trees, dressing the root at the same time with sheep or other manure.

Remarks.—This is rather a hot month. The wind blows from S. W., and rain may be expected from the middle of the month, particularly in the evenings.

October.—Vegetables are in great perfection. Sour sop and guavas also are now in season. The main beds for strawberries should be planted. Vines will begin to flower early in this month; the borders should be dug and well manured. Dahlias will begin to fall in the month. As soon as the leaves begin to wither, they should be taken up with the soil that adheres to them, and keep in a dry place. As soon as they have been sufficiently dried, they should be packed up in boxes of sand till the time for planting arrives. The double tube roses should be similarly treated.

Remarks.—The latter monsoons which generally commence towards the end of last month, are very heavy during October. The wind veers round to the N. E. The days are pleasant and the nights cool.

November.—Apples begin to ripen towards the end of this month. Custard apples in plenty. This is the last month in which the generality of vegetables can be sown with advantage. Sow the casurina and other tree seeds. This is a good month to lay in a stock of manure and prepare composts for the next year. The larger kinds of perennial water flowers should be taken up and reduced in size and re-planted. This is a good month to plant potatoes, sweet potatoes melons, cucumbers and most vegetable seeds. The raggy crop is cut during this month.

Remarks.—High winds from the N. E., and heavy rain may be expected during the early part of the month. Towards the end, the temperature of the atmosphere is considerably lessened, and the nights begin to be chilly. This is a very pleasant month. Mornings foggy.

December.—Apples are in plenty, and peaches may be had towards the end of the month. Rose-apples also are abundant. All vegetables in season. A good month for sowing melon and cucumber seeds, as well as peas, radish and spinach; but very few other vegetable seeds. Most of the exotic plants will have ceased flowering; the beds should therefore be dug up and manured with a soil composed of two-thirds vegetable and half well decayed animal manure. Turn out and examine dahlia roots. Prune roses.

Remarks.—This is usually a clear month with heavy fog in the mornings. Days cool and nights chilly. Wind from the N. E. Heat is scarcely felt at midday. This a very pleasant and healthy month.

General Remarks.—The meteorological observation of three years—1884-5-6—was one very hot and one very rainy season;—this may therefore be regarded as very fair average when taken together.

Bangalore is in lat. 12 58. N, and long 77-39' E. The base of Commissioner's flagstaff is 3,030 feet above high water-mark at Madras, and the mean annual temperature is 75° Fahr.; while that of Madras is 85°. Thus confirming the generally received opinion that a rise of 900 feet causes a fall in the thermometer of one degree. The soil, except in the valleys, is a red sandy loam, inclined to gravelly; and the sound rock a finely foliated gneiss with slaty cleavage. It is much used for building purposes.

Average rainfall of twenty-three years is 35.41 inches.

LIST OF HER MAJESTY'S COVENANTED CIVIL SERVANTS ON THE MADRAS ESTABLISHMENT,

Corrected up to the 31st December, 1877.

The Rank of Civil Servants commences from the date of arrival at Madras of the first Civil Servant appointed in Europe, of the same season of which they are Civil Servants, and, being thus determined, all Civil Servants belong, during the first four years, to Class VI, —from the fifth to the end of the eighth year, to Class V, —from the ninth to the end of the twelfth year, to Class IV, —from the thirteenth to the end of the twentieth year, to Class III; —from the twenty-first to the end of the twenty-eighth year, to Class II, —and from and after the twenty-ninth year, to Class I.

The letters A, B, C, prefixed to the names, denote respectively that the parties have not passed either of the two Standards of Qualification; that the first or lower Standard has been passed; that the Servant cannot take Special Leave.

M prefixed to a name denotes that the Servant though not having passed by the 2nd Standard, nor holding an appointment superior to that of Assistant is invested permanently with the full powers of a Magistrate.

Column 5, Italics show Junior Furlough and sick leave without allowances under former Rules and extraordinary leave under the Civil Leave Code. Roman Capitals show Special Leave. Antique letters indicate a year of Sick Leave taken under rules in force before 1st July 1868, with reference to Section 11—(3) Civil Leave Code

Column 7, The Active Service is calculated in accordance with Section 7, Civil Leave Code, and as the period of Residence qualifying for Pension under Section 4, Supplement A of the Civil Pension Code.

MADRAS CIVIL FUND.

OFFICE, CHEPAUK.—Hours of business from 11 A.M. to 5 P.M.

Hon'ble D. Arbutnot.	} Trustees of the Civil Fund for 1877.	Hon'ble D. F. Carmichael.
G. Thornhill, Esq.		C. A. Galton, Esq.
Hon'ble L. C. Innes.		T. Weir, Esq.,
The Chief Secretary - - - - -		Trustee Ex-Officio

Sir H. C. Montgomery, Bart.	W. H. Bayley, Esq.	J. D. Smn, Esq., c.s.
T. L. Blane, Esq.	Sir T. Pycroft, K.C.S.I.	

Half-yearly General Meetings are held in the months of January and July of each year, on a day to be fixed by the Trustees and notified in the Official Gazette.

Under the old Rules of the Civil Fund, Subscriptions, at 2½ per cent. are payable by all Members of the Covenanted Civil Service on their allowances for a period of 16 years and a Donation of £300 is payable at option on the birth of a daughter to secure to her the benefits of the Subsidiary Rules after the age of 19.

The pensions granted to Widows under the old Rules of the Civil Fund, are continued till re-marriage or death, and are revived on second widowhood.

The daughters of deceased Members for whom the benefits of the Subsidiary Rules have been secured, are allowed pensions till marriage or death, but those for whom the above benefits have not been secured, are granted pensions up to the age of 19 only or till marriage, if married at an earlier age when in either case a Donation of £300 is paid to them or their guardians. But if such daughters are proved to be in indigent circumstances, then, instead of the Donation, a pension of £50 per annum is allowed to them after the age of 19 till marriage or death.

Pensions to sons are granted up to the age of 19 when a Donation of £300 is paid to them or to their guardians, but if such sons are proved to labor under mental or bodily infirmity, then instead of the Donation, a pension of £50 per annum is granted to them till recovery.

The whole amount of pensions allowed under these Rules to each family (widows and children) is reducible by any private income in excess of £15 private income— which amount is allowed for the benefit of the *whole* family of a deceased Subscriber. The individual pension is reducible by the individual share of the private income in excess of £45 equally divided among the whole family.

Under the Rules of the Provident Branch of the Civil Fund, lately adopted by the Service, the following Subscriptions and Donations are payable by Subscribers to this branch.

Subscriptions at 2½ per cent. on the allowances of Subscribers for 16 years as before and at the same rate for the whole further term of service, in the cases of married men and widowers with families; but at one per cent. after 16 years for the whole further period of service, in the cases of Bachelors and Widowers without families.

On each marriage and by each married man entering the Service,		
a Donation of - - - - -	Rs.	1,500 0 0
On birth of each daughter, a Donation of - - - - -	"	500 0 0
On birth of each son, a Donation of - - - - -	"	250 0 0

The Annuities granted to widows under these Rules, are reduced to one-half on re-marriage and continued at that rate during second marriage and until death, but if the second husband happen to be a Subscriber to this branch, then the widow on the second widowhood reverts to the full Annuity.

The Annuities to daughters of deceased Members are continued till marriage or death, and a Donation of £300 is paid to them on marriage.

The Annuities to sons are continued up to age of 21, when a Donation of £300 is paid; and if such son is proved to labor under mental or bodily infirmity, then instead of the Donation but without reference to age, an Annuity of £125 is granted until recovery.

The Annuities granted from this branch of the Fund to the families of deceased Subscribers, are not affected by any amount of private income they may possess or inherit.

CIVIL SERVICE REGULATIONS.

CORRECTED TO 1ST OCTOBER, 1877.

Rules for the grant of Leave of Absence for regulating Acting Allowances; and for limiting the period of Service of Covenanted Civil Servants, Judges of the High Court, Bishops, Chaplains, Military and Medical Officers, Law Officers, and Uncovenanted Officers.

THE CIVIL PENSION CODE.

CHAPTER I.

Definitions.

SECTION 1.—In this Code, unless there be something repugnant in the subject or context—

(a)—“Local Government” includes a Chief Commissioner, the Resident at Hyderabad, and the Agents to the Governor General in Rajputana and Central India

(b)—“Qualify” and “count” mean “qualify” and “count” for pension or gratuity under this Code.

(c)—Service is said to be “pensionable” when it qualifies, and an office is said to be “pensionable” when service therein counts.

(d).—When pension or gratuity is said to be chargeable to several accounts according to the “rule of proportions,” the meaning is that the charge should be debited to such several accounts, in the proportions in which the aggregate salary drawn by the officer during the whole of his qualifying service has been paid from them.

(e)—“Pay” means “substantive pay.” “Salary” means the sum of “pay” and “acting allowance.”

(f).—A “Local Allowance” is an allowance, not specially declared to be “pay” or “salary,” given to an officer in addition to the regular pay or salary of his appointment, either for duties which do not properly belong to his office, or in consideration of exceptional local circumstances, such as the unhealthiness or expensiveness of the locality or duty, or the specially arduous nature of the work. A local allowance is given in full to the officer actually present on duty, and is not taken into account in calculating leave allowances or pension.

(g).—“General Revenue” includes provincial revenues and the revenues of Mysore and the Berar.

(h).—“Local Fund”—When revenue derived from special sources is devoted to specified objects, and not to the general purposes of the administration, whether imperial or provincial, the revenue so devoted forms a “Local Fund.”

(k).—“Covenanted Civil Service” means the Bengal, Madras and Bombay Covenanted Civil Services of the Crown. A “Covenanted Civil Servant” is a member of the Covenanted Civil Service.

(l).—An “Uncovenanted Officer” is a public servant not belonging to the Covenanted Civil Service or the Army.

CHAPTER II.

Extent of Application.

SECTION 2.—The Rules in this Code and its supplements apply to all public officers, except the following, who are under Military Rules—

(a)—Officers and men in the Army or in the Navy (including Covenanted Medical officers).*

(b).—Officers of the Subordinate Medical Department.

SECTION 3.—The general provisions of the Code do not apply to the undermentioned officers, whose pensions and gratuities are regulated by the special Rules contained in the Supplements:—

(a).—Officers of the Covenanted Civil Service.

(b).—Judges of the High Courts of Judicature.

(c).—Chaplains.

(d).—Members of the Bengal Pilot Service.

* The Code applies to all officers employed under the Military Department whose service is not pensionable under Military Rules.

1. The Rules in Chapter VII, however, apply to officers of the Covenanted Civil Service.

Option of old Rules.

SECTION 4.—The following officers are allowed an option (which can be exercised once only,) between the Rules embodied in this Code (which for the most part, came in to force on the 8th June 1863) and rules which previously applied to them.—

- (a).—Covenanted Civil Engineers of the Public Works Department and Civil officers of the Telegraph Department, whose covenants are dated before the 8th June 1863, may elect between the Rules in this Code and the rules which were in force when they executed their covenants, and which are set forth in Appendix B1.

Provided that, if they elect the latter, they must abide also by the Leave Rules which were in force before the 8th June 1863, excepting the Rules for privilege leave and subsidiary leave, which kinds of leave are regulated, in all cases, by the Civil Leave Code and Supplement F.

- (b).—Marine Engineers in Bengal and Bombay, engaged under covenant in England, before the abolition of the Indian Navy, may elect to serve under the rules in this Code, and the Leave and other Rules in force for Uncovenanted Officers generally or under the terms of their covenants.

[NOTE.—An Engineer engaged under covenant in England before the abolition of the Indian Navy, who elects the Rules in this Code and the Leave Rules in force for Uncovenanted Officers generally, does not forfeit the rights in other respects secured to him by his covenant.]

CHAPTER III.

General Principles and General Exceptions.

SECTION 5.—An officer's claim to pension or gratuity is governed by the Rules in force at the time when he resigns, or is discharged from, the service of Government. No officer has any claim to a benefit granted after his resignation or discharge.

Application of rules.

SECTION 6.—Service which is pensionable under Military Rules does not count. An officer who is counting service for military pension cannot, simultaneously, count service for civil pension.

Service under Military rules.

EXAMPLES.—An officer who has served in the Indian Navy, if he afterwards enters civil employ, cannot count his naval service. A non-commissioned officer or private soldier, employed in the Civil Department, cannot begin to count his service for civil pension until he has taken his discharge from the Army.

EXCEPTION (1).—Military Hospital Assistants and enlisted Native Doctors are excluded, by this Section, from pension or gratuity under this Code, but a Military Hospital Assistant or Native Doctor, if promoted to be an Assistant Surgeon, counts service from the date on which he passed his examination as Hospital Assistant.

Exceptions.

(2). Those Inspectors in the Telegraph Department who came from England as Artificers in 1863, and did not take their discharge from the Army till about 1863, count their departmental service.

(3). In the Public Works Department, Warrant Officers in the grades of Conductor and Sub-Conductor, and non-commissioned officers, are obliged, when promoted to the Engineer establishment, to take their discharge from the Army, and their whole departmental service then qualifies.

(4). A soldier in civil employ who takes his discharge from the Army is entitled to count his departmental service for one year before his discharge. A soldier who was in civil employ on the 17th October 1872, and who took his discharge from the Army before the 1st November 1873, or, if he was in the Public Works Department, before the 1st November 1874, counts his whole departmental service. A soldier in civil employ who took his discharge from the Army before the 17th October 1872 is also entitled to count his departmental service. A Native soldier employed in the Public Works Department, if he took his discharge from the Army before the 31st December 1875, counts his whole departmental service.

[NOTE.—This Rule does not apply to soldier-clerks in military offices.—]

1. A soldier in civil employ may not take his discharge from the Army without the consent of his civil departmental superior.

2. Saving as provided in *Exception* (4), a soldier, whether attached or unattached, cannot count service for Civil Pension till he takes his discharge from the Army.

(4A) But if such a clerk is subsequently employed in the Civil Department, he may count his service in the military office, provided he takes his discharge within twelve months after joining his appointment in the Civil Department.

Cumulative pensions inadmissible.

SECTION 7.—An officer cannot earn two pensions or gratuities in the same office at the same time, or by the same continuous service.

EXAMPLE—A soldier who obtains his discharge from the Army under *Exception* (4), Sec. 8, is not entitled to any pension or gratuity in the Military Department, for the portion of his Military service which he will thereafter count as civil service.

Two claims for one office SECTION 8.—Two officers may not count service for pension or gratuity simultaneously in respect to one office.

EXAMPLE—An officer appointed to an office substantively *pro tempore* in place of an officer deputed temporarily to fill an office which is not pensionable may not count his service in such appointment for pension, unless the deputed officer vacates, for the time, his claim to pension in respect to his own office.

Pensions paid for specific services. SECTION 9.—Pension or gratuity is not earned by a person whose whole time is not retained for the service of Government, merely because he is paid by Government for work done for it.

EXAMPLE—This Rule applies to the following officers among others :—Advocate General, Solicitor to Government, Government Pleaders and Law Professors not debarred from private practice, Sheriffs and Deputy Sheriffs in presidency towns, Coroners, Roman Catholic Priests, Church clerks and other church servants.

1. Service as Deputy Sheriff of Bombay qualified under an order in the Financial Department, No 10,800, dated the 28th February 1867. This order was withdrawn on the 11th December 1871. But officers who held the appointment between these dates count the whole of their service in it.

SECTION 10.—On the same principle, a public servant who holds some other pensionable office earns no pension or gratuity in respect of an office of the kind mentioned in Section 9, or in respect of duties paid for by a local allowance.

SECTION 11.—Service under a covenant which contains no stipulation regarding pension or gratuity does not qualify, unless the Government of India specially permits it to qualify.

Service under a covenant. SECTION 12.—An officer who is appointed for a limited time only, or for a specified duty on the completion of which he is to be discharged, has no claim to pension or gratuity.

SECTION 13.—Service as an apprentice, or, in the Bengal Presidency as a supernumerary Assistant Surgeon, does not qualify, and except for compensation gratuity, superior service before completion of twenty-two years of age, does not qualify. But this restriction does not apply to officers appointed to the service under the regulations of the Royal Indian Engineering College at Cooper's Hill, or specially educated in Europe for the Forest Department under Regulations made by the Secretary of State.

[NOTE.—The word "apprentice" in this Section does not include Engineer apprentices in the Public Works Department.]

SECTION 14.—The service of an officer appointed to the service under the regulations of the Royal Indian Engineering College at Cooper's Hill, counts from the date of the despatch appointing him to the service unless any special date of appointment be fixed in the despatch announcing it to the Government of India. But this privilege is forfeited unless the officer land in India within three months from the date of his appointment. In such cases his service, like the service of any Civil Engineer appointed in England, counts from the date on which he lands in India. The service of an officer specially educated in Europe for the Forest Department under Regulations made by the Secretary of State counts from the date on which he joins the office to which he is first posted in India.

CHAPTER IV. QUALIFYING SERVICE.

First condition.—Service under Government.

SECTION 15.—The service of an officer does not qualify unless he is appointed, and his duties and pay are regulated, by the Government, or under conditions determined by the Government.

1. Service as a Native Accountant in a Silladar Regiment in the Bombay Presidency does not qualify in the case of officers appointed to such service on or after the 6th February 1875.

2. The following are examples of officers excluded from pension by this Section :—A Marine officer paid by fees fixed by the Board of Trade. Officers of a Municipality. Officers of grant-in-aid schools and institutions (e. g., the Asiatic Society and the Canning College at Lucknow). Subordinates appointed by Treasurers on their own responsibility, e. g., Tahvildars in the North-Western Provinces, and Potadars (money-lenders) in Bengal.

Office under Board of trade. Municipalities. Grant-in-aid schools and institutions. Treasurers' subordinates.

8. The educational authorities in Bengal having induced certain teachers of Government institutions to accept service in grant-in-aid schools, by declaring a Rule regarding Bombay schools (*Section 29, Case c*) to be applicable to their case, were directed, in December 1893, to offer to these teachers, re-employment in Government schools. Those of them who accepted such re-employment reckon their service (not exceeding three years), in grant-in-aid schools, as service under Government.

4. An officer on the establishment of any Government school in Bengal, the expenses of which are paid from assignments made in gross to a local committee having the direct management of the school, and from school fees, or of a school of which the expenses are defrayed from a municipal grant and from school fees, may, on his first appointment or on his transfer from other pensionable service, with the permission of the Local Government, subscribe for pension or gratuity under the Rules in this Code, in the manner prescribed in Section 98. The Rules of the Code including the Rules in Sections 52 and 60 apply to such an officer.

5. Service as a teacher in a District or Anglo-Vernacular school in the Central Provinces, paid wholly or partly by the contributions of Municipalities or local subscriptions, qualifies in the case of officers who were appointed to such service before the 29th January 1876.

6. The service of the officers of the printing department of the Bengal Secretariat who, before August 1868, were paid partly from savings by the reduction of the copying staff of the Secretariat and partly from subscriptions to the calendar Gazette, qualifies.

SECTION 16. Service on an establishment paid from a gross allowance made to the head of the office, the detailed distribution of which the Government does not interfere, does not qualify. Such gross allowance may be fixed in amount, or may consist of fees assigned to the head of the office.

1. The maximum establishment allowance for Registration offices in Bengal is not an establishment allowance within the meaning of this Section, because the Inspector General of Registration, under the orders of Government, regulates its distribution, and any balance unspent is saved to Government.

2. Service in the Allahabad Pension Pay Office, which was formerly paid from an establishment allowance, qualifies in the case of the clerks retained in it when it became a regular establishment.

SECTION 17.—Service on an establishment paid from the household allowance of the Viceroy, or of a Governor or Lieutenant-Governor, does not qualify. (*But see Rule 2 under Section 32.*)

SECTION 18.—In the following cases, service under an employer to whose position Government has succeeded qualifies.

(a) Service in the Berars and in Mysore by officers transferred the Government of India when it undertook the administration of these provinces.

(b) Service rendered to a Native State and continued to the British Government, on the lapse or annexation of the State, when old age or infirmity renders the officer a fit object for pension.

(c) Service, in superior grades, in Talukdari schools in Oudh, which were converted into Government schools on the organisation of the Educational Department in this province.

(d) Service by officers who were on the establishments of the Military and Medical Funds when the Funds were taken over by Government.

(e) Service was guaranteed to the soldiers of the Sikh Government who, on annexation, entered the British service in the following regiments:

Subhan Khan's (or 1st Punjab police battalion.) Sherdil regiment (or 2nd Punjab police battalion.) Kallar-mukhi (or 3rd Punjab police battalion.) Suraj-mukhi (or 4th Punjab police battalion.) The 3rd Punjab light field battery. The 4th or Garrison Company of Artillery. Two companies of Punjab Sappers.

In accordance with the guarantee, such soldiers who, on the 28th October 1861, were in employment in any Department, are entitled to receive pension for their service under the Sikh Durbar and for that under the British Government, under the Rules for invalid pensions to soldiers in Local or Irregular Corps.

CHAPTER V.

QUALIFYING SERVICE.

Second Condition—Permanent and Substantive Employment.

Service, permanent and temporary.

1 Service in an office which, though at first created experimentally or temporarily, eventually becomes permanent, qualifies. But this Rule does not apply to the case of an officer who is entertained temporarily in one appointment, and is, afterwards, transferred to another substantive appointment.

2 An officer officiating in an office which is vacant, or of which the permanent incumbent does not draw any part of the pay, may, if he is confirmed without breach of continuity, and if the permanent incumbent is not at the time counting service in the office for pension, count service as if he had held the office substantively.

3 An officer who holds a substantive office and draws substantive pay, as a probationer, holds a substantive office within the meaning of this Section. So does an officer who is on probation for a substantive office, if he is employed in a vacancy reserved for him pending probation and in which no other officer simultaneously counts service.

SECTION 20.—If an officer on a permanent establishment is detached on temporary duty, on the understanding that, when the temporary duty ceases, he will return to the permanent establishment, he continues to count service as if he had remained on the permanent establishment.

Examples.—A Deputy Collector deputed to assess or collect the Income Tax. A Mu-harrir detached on Settlement duty.

SECTION 21.—If the substantive office of an officer is abolished within the meaning of Section 50, but the officer is, at the time, on special duty, or is, on abolition of his office, deputed on special duty, his service continues to qualify.

1. It is essential that the duty be of a special character. Mere employment, in continuation of permanent employment, in a temporary appointment which happens, at the time, to be vacant, does not qualify under this Rule.

SECTION 22.—Press servants who are paid for piece-work, and Section-writers in Bengal, the North-Western Provinces, and Madras, are reckoned members of a permanent establishment holding substantive offices, if—

- (1) they are employed, not casually, but as part of a fixed establishment, and
- (2) during the last seventy-two months of their actual employment they have been attached to one office uninterruptedly for twenty-four months, or it has not been through their own choice or misconduct that they have not been so attached.

Exceptions to the general rule.

(a)—A Surgeon, or duly qualified Medical Practitioner in charge of a Government vessel, may count his service afloat, if he is, without breach of continuity, transferred therefrom to the Uncovenanted Medical Service.

(b).—Claims by officers of the Public Works Department whose pay was charged to "works," before the issue of the Public Works Department Circular No 6 of 1862, but whose employment was really of a permanent character, will, if the sanction of their entertainment was regular, be specially considered by the Government of India.

(c).—If the Collector of Customs in Calcutta, in transferring an officer from the extra or contingent list of the Calcutta Customs Preventive service, declares that the transfer is made on the ground of good service rendered, his service on the extra or contingent list qualifies.

Settlement and Survey departments. SECTION 24. (a).—Service in the undermentioned Settlement and Survey Departments which are on a quasi-permanent footing, qualifies :

The Settlement Departments in Madras, the North-Western Provinces, Oudh, and the Punjab. The Revenue Survey Departments in Bengal, Madras, and Bombay. The establishments of the Inam Commissioners of Madras and Bombay. The Alienation Settlement Department in Bombay.

1.—This Section does not apply to an officer engaged on the understanding that his appointment is only temporary, or that he will be liable to be discharged after a short period of service.

(b).—In other provinces (and in the above-named provinces also, apart from the regular Departments), Settlement and Survey work is temporary service, and does not count. But if service in the Settlement Department in any province or in the Malabar Escheat establishment, Madras, is followed, without a break, by qualifying service, it qualifies.

1.—Deputy Collectors and similar gazetted officers, when not especially employed for temporary work, are not affected by this Rule, as they count service, independently of the particular Department to which they happen, for the time, to be attached.

CHAPTER VI. QUALIFYING SERVICE.

Third Condition.—Source of Remuneration.

Specification of sources. SECTION 25.—Service which satisfies the condition laid down in CHAPTERS IV and V qualifies, or does not qualify, according to the source from which it is paid.

Political agencies. Officers on establishments of Political Agencies are exempt from this condition. But when a Political Agency is established at the charge of a Native State, every member of the establishment, covenanted or uncovenanted, must pay to the British Government, in respect of his pension and absentee allowances, a contribution equal to what would be levied from him under Section 38, if Section 37 applied to him.

[NOTE.—This condition was ordered on the 30th December 1871, to be introduced gradually whenever existing arrangements were revised. Officers of the Rewah Political Agency then already paid six per cent.]

Railway Police. 2. Members of office establishments in the Railway Police in Bombay, who are wholly paid by the Railway Companies, are also exempt from this condition.

3. When Police officers are entertained at the cost of individuals and corporate bodies under Sections 13, 14, and 15 of Act V of 1861 of the Governor General of India in Council, or under Sections 14, 15 and 16 of Act VII of 1867 of the Governor of Bombay in Council, an additional charge of one-fourth of the pay of officers whose pay is not less than Rupees 100 a month, and of one-eighth of the pay of others, must be defrayed by the persons for whose benefit the officers are employed, and credited to Provincial Funds ; provided always that this additional charge shall not be made when such officers do not belong to the regular Police, but are only temporarily engaged, their service not counting for pension ; or when the pay of the officers is a charge upon the Government.

—(See Section 108 (b))

SECTION 26.—Service is paid as follows —

- A.—From the General Revenues.
- B.—From Local Funds.
- C.—From Funds in respect of which the Government holds the position only of a trustee.
- D.—By fees levied by law, or under the authority of the Government.
- E.—By commission.
- F.—By the grant, in accordance with law or custom, of a tenure in land, or of any other source of income, or right to collect money.

A

Paid from general revenues. SECTION 27.—Service paid from the General Revenues qualifies :

Process-serving establishments. 1. The service of Process servers, before the Court Fees Act, 1870, was passed, qualifies in the following cases :—

In BENGAL— Service paid from the Fund formed under Act V of 1863, Bengal Council.

In the NORTH-WESTERN PROVINCES—

(a).—Service under the civil courts after 31st December 1863.

(b).—Service under the revenue courts after 31st December 1865.

In the PUNJAB—

Service after 14th March 1859.

All service.

In Bombay—

Service paid from the Ameen's Fee Fund.

[NOTE.—In Madras the service of Process-servers before their appointment under the Court Fees Act, 1870, did not qualify.]

2. Rule 1 applies also to Naib Nazirs who were paid from the same source as process-servers.

SECTION 28.—Pensions and gratuities for service paid, wholly or partly, from the revenues of Mysore or the Berars, shall be charged against these revenues wholly or according to the rule of proportions, as the case may be.

Berars and Mysore.

1. This Rule applies also in the following cases: Mamlatdars and Karkuns on establishments paid from the revenues of the Peint State. Public officers in superior grades transferred to service under the Municipality of Malcolm Peth, which is under Government control.

SECTION 29.—When contributions are made by Railway Companies, or from Local Funds, or special sources, towards the cost of appointments and establishments which are maintained directly from the General Revenues, the numbers and pay being fixed by the Government, the establishments are treated as if paid from the General Revenues

General revenues recouped from other sources.

The following cases fall under this Rule.—

(a).—The Shipping Master and Deputy Shipping Masters, and their establishments at Bombay, and the Deputy Shipping Master in Calcutta, the cost of which office is provided for by shipping fees.

(b).—The establishment of the Hooghly colleges and collegiate schools, while the cost thereof was borne by the Mohsin Trust Fund, and also that of the Elphinstone college and high school, the cost of which is recovered from a private endowment.

(c).—Masters and assistant masters in schools established in Bombay on the old system (converse to the grant-in-aid system), whose pay was met in part by local contributions. The pension in this case is reckoned only on the share of salary paid by Government

Bombay schools on old system.

Schor school.

(d).—The establishment of the Schor (Central India) School, the expense of which is paid, in part, by local subscriptions

(e).—The following Customs establishments in Bombay, the cost of which (including, in the case of some of them, a percentage* to cover cost of pension) is paid by private companies.

- Book-keeper, High Court, Bombay.* (g).—The Book-keeper of the High Court at Bombay whose pay is provided for by a three per cent. commission on invested funds.

B.

Paid from local funds. SECTION 80.—Except as provided in Sections 81, 82, and 83, service paid from Local Funds does not qualify.

Discretionary power of Government SECTION 81.—If a Local Fund satisfies the two conditions following;—

- (1) that its income is derived from taxation, or other permanent source, and not from charitable donations, or voluntary subscriptions;
- (2) that the source of its income is under the control of Government:

the Local Government may, at its discretion, treat service paid therefrom as qualifying.

1. Taxes imposed by Municipalities are not under the control of Government; therefore, service under a Municipality does not qualify. But there are, in the Bombay Presidency, some Local Funds administered by Municipalities, the source of whose income is under the control, not of the Municipalities, but of Government; for it is not in the power of the Municipalities to abolish them or reduce their income. In these cases, if the first condition is fulfilled, the Local Fund would be within the Rule.

Port Funds 2. This Section applies absolutely to establishments paid from Port Funds managed by Government, and not by Trustees.

Imperial account offices. 3. It applies also to officers employed in imperial account offices.

4. A pension may be given for service rendered at the charge of a Local Fund, even though it do not satisfy the conditions prescribed in this Section, if, with the permission of the Local Government, the Trustees of the Fund pay to the Imperial Government the capital value of the pension, which value shall be determined, till further orders, by Table A in Appendix E. In such case, the capital value thus paid will be credited to the Imperial Government, and the pension will thenceforth be a charge upon the Imperial Revenues.

Pension charged against fund. SECTION 82.—Pension or gratuity for service under a Local Fund is paid from the Local Fund.

1. When part of the pensionable service of an officer has been paid from the General Revenues and part from Local Funds, his pension or gratuity is paid according to the rule of proportions the pensionable Local Funds service may not be neglected, and a pension or gratuity awarded only for the service paid from General Revenues. Provided that, if, under this Rule, less than one-fourth of any pension or gratuity would be payable from either source, no distribution shall be made, in such case the other source shall bear the whole charge.

2. If an officer has served partly (in a capacity which would have given him claim to pension or gratuity if the service has been paid from the General Revenues) on the household establishment of the Viceroy, and partly on establishments paid from the General Revenues, he is entitled, from the General Revenues, to a share of any pension or gratuity to which he would have been entitled if his whole service has been paid from the General Revenues, proportionate to the length of the service which has been so paid.

Viceroy's household establishment. Example.—A. B., a messenger on a pay of Rs 8 a month, has served altogether 32 years, of which 16 years were passed on the household establishment of the Viceroy. If A. B.'s whole service had been paid from the General Revenues, he would have been entitled under Section 65 (b) to a maximum pension of Rs 4 a month. A. B. will receive from the General Revenues a maximum pension of Rs 2 a month.

3. The Government does not guarantee the solvency of Funds (such as the Local Educational Pension Fund, Bombay) formed by the subscriptions of Local Fund officers and established to provide pensions for the subscribers thereto.*

Pension fund. 4. An officer who is paid from a Local Fund may, with the permission of Local Government, on first appointment, and upon production of a medical certificate, under Section 52, Rule 2, or, on transfer from pensionable service, without such certificate, subscribe for a pension or gratuity in the manner prescribed in Section 88. In such case, so long as the officer continues to subscribe for pension or

Contribution by Local Fund employees

* See Appendix C, Extract 1.

gratuity, the Rules of this Code apply to him, as if he were paid from the General Revenues.

5. When the Local Government allows an officer to subscribe for pension or gratuity, his name, the date of his birth, and other particulars necessary for his identification, shall be recorded in the office of the Accountant General. The certificate of good health should also be sent to this office.

Exceptions to general rule. SECTION 33.—In the following cases, service paid from Local Funds qualifies:—

(a). Public officers transferred to establishments under the Cotton Frauds Act, Bombay, before the receipt of the Secretary of State's despatch to the Government of India, No. 343, dated 18th December 1861, which directed their early re-transfer to the regular service.

Cotton frauds establishment, Bombay. (b).—Officers of the lithographic press, Calcutta, transferred with it to the Alipur jail in January 1860, and afterwards paid from the Convict Labor Fund.

Lithographic Press, Calcutta. (c).—Members of the regular Public Works establishments employed, under the authority of the Local Government, on Local Funds works. From the 10th January 1872, this permission was restricted to Engineer officers.

Public Works Engineers lent to local funds. C
SECTION 34.—Service paid from funds which Government holds only as a Trustee, does not qualify.

EXAMPLES.*—Estates under the Court of Wards. Attached estates.

D. & E.

SECTION 35. (a).—Service in an office paid only by fees levied by law or under the authority of Government, or by a commission, does not qualify.

(b).—Service in an office paid by fees or by commission in addition to pay from the General Revenues, qualifies.

1. Services as Administrator General, or as official Assignee does not qualify, even though (as in Madras and Bombay) the income from fees or commission is supplemented from the General Revenues.

2. Nazirs on the establishments of civil or revenue courts, who were paid, wholly or partly, by fees, or entitled to pension or gratuity unless the establishment on which they have served is excluded by Section 16.

3. Service as a Thoogyee (local collector of revenue), in Burmah, qualifies.

F.

SECTION 36.—Service paid by the grant, in accordance with law or custom, of a tenure in land, or of any other source of income, or right to collect money, does not qualify.

EXCEPTION.—An officiating hereditary district officer in Kara appointed under Act XI of 1843, if transferred to qualifying service, counts his previous service.

CHAPTER VII.

Officers Lent to Native States, Municipalities, etc.

[NOTE.—The Rules in this Chapter apply to all officers in the service of the British Government†.]

SECTION 37.—The following Rules provide for the case of officers transferred, on or after the 14th October 1871 (or, in the case of teachers transferred to the service of the Chamba and Kolhapur States, on or after the 22nd October 1875,‡ from qualifying service, to service under Native States, Municipalities, or other bodies financially independent of the Government of India Provided:

(1)—that the transfer is made on public grounds, and not only in the private interest of the officer transferred;

* See Chapter VII.

† See Appendix C, Extract 2.

‡ For the Rules applicable to the case of officers transferred before the 14th October 1871 (or, in the case of teachers transferred to the service of the Chamba and Kolhapur States, before the 22nd October 1875) see Appendix D.

(3)—that no officer be transferred without the consent of the Local government, and

(8)—that no officer be transferred for service under a Native State without the consent of the Government of India in the Foreign Department.

Transfers to service paid from Local Funds and not admitted under Section 81, and temporary transfers to service paid from Local Funds under which service is so admitted, are within the meaning of this Section.

Contribution required.

EXAMPLES.—Port Trusts and Estates under the Court of Wards are examples of "other bodies financially independent of the Government of India."

SECTION 88 (a).—From every officer transferred in the manner specified in Section 37, who does not wholly resign the service of Government, or who is not, for special and public reasons, exempted from the operation of the Rules in this Chapter, a contribution shall be levied, of one-fifth of the salary which he receives from his employers; that is to say, he will receive from his employers pay and acting allowance, fixed in accordance with the Rules of the Government service, for the appointment which he holds or in which he officiates, and, retaining four-fifths, will pay one-fifth, to the Government of India. Provided always that the contribution from an Uncovenanted officer shall in no case exceed two hundred and fifty rupees a month.

(b).—In return for this contribution, the Government will accept the charge for the officer's pension or gratuity, and also that for his absentee allowances (except in the case of privilege leave, regarding which no arrangement can be made, and during which the

Government obligation.

contribution must be paid in the same manner as if the officer were on duty), in the same manner and to the same extent as if he were in the regular service of Government, saving only that the calculation of pension, gratuity or absentee allowance, will be based upon the four-fifths salary which he retains, and not upon the full amount which he receives.

Temporary employment.

1. The contribution prescribed in this Section shall not be levied from any officer who is lent to a Native State, Municipality, &c., for temporary employment for a period not exceeding six months.

2. With the special permission of the Government of India in the Financial Department, an officer may make the contribution prescribed in

Contribution upon part of salary.

this Section in respect of a part only, not being less than two-thirds, of his salary. Provided that pension, gratuity, or absentee allowance, will, in every case, be calculated only upon four-fifths of the amount in respect of which the contribution is paid.

3. A Native of India, not a member of the Covenanted Civil Service, may resign all claims to allowances from the British Government during

Contribution for pension only by a native of India.

leave. In such case, the contribution required will be twelve per cent. instead of one-fifth, and shall, in no case, exceed one hundred and thirty-six rupees a month; and the pension, gratuity, or absentee allowance will be calculated upon 88 per cent. ($\frac{88}{100}$ ths) of the amount in respect of which contribution is received.

Inferior servants.

4. From inferior servants, the contribution required is one anna in the rupee for pension or gratuity only; the Government of India will not pay the leave allowances of such servants.

5. If the salary of the officer is disbursed at a British Government treasury, the required contribution will be deducted at time of payment; otherwise, the officer himself must pay the amount, directly, to the British Government, in such manner as may be arranged. The Government will not ordinarily enter into any direct arrangements with the Native State, Municipality, or other body to which the officer may be lent, or make any direct demands upon it.

Information required.

6. The officer must furnish all information that may be required from him by the Accountant General.

7. An officer is not permitted to withhold the contribution upon condition that the time of his service lent or transferred shall not count for pension, gratuity or leave. He must either wholly resign the service of Government, or, unless he is specially exempted, make the contribution required by these Rules.

Withholding contribution.

8. The salary of an officer lent to a Native State must in every case, be fixed with the consent of the Government of India, and the officer must not accept any increased allowances without the previous sanction of the Government of India.

Salary fixed by Government.

9. The salary of an officer transferred in the manner described in Section 87 for service under a Native State, Municipality, or other body, must be borne by the Native State, Municipality or other body from the date on which he is relieved from his duty under the British Government to the date on which he is relieved from his duty under the Native State, Municipality, or other body.

10. An officer who is paid from a Local Fund may, on first appointment, with the permission of the Local Government, and upon production of a medical certificate, under Section 52, Rule 2, subscribe, under this Section, for a pension or gratuity. The Rules of the Code will then apply to such officer so long as he continues to subscribe for pension or gratuity, as if he were paid from the General Revenues.

11. The deduction made under this Section from the salary of a Covenanted Civil Servant includes the deduction on account of annuity. The portion which is to be considered as deduction on account of annuity is equal to one-twenty-fourth part of the salary remaining to the officer after the whole deduction. If, however, the salary to be drawn is already fixed on other considerations (as, e.g., if the officer is to receive a salary equal to what he drew before transfer), the contribution under this Section should be calculated upon the salary which remains to him after the usual deduction on account of annuity.

EXAMPLE.—The salary of A. B. is Rs. 1,000. The deduction on account of his annuity is Rs. 40, and the contribution which he must pay, if transferred to serve under the Native State, $\frac{1000-40}{4} = 240$. The whole charge on the Native State is Rs. 1,000, plus Rs. 240, or Rs. 1,240. From this A. B. will pay Rs. 240 to Government; A. B. will pay separately Rs. 40 on account of annuity.

12. No officer has any right of property in contributions made under this Section, or any claim upon Government in respect to such contributions, except to receive such pension, gratuity or absentee allowance, as may become admissible to him in accordance with the Rules in this Code or its Supplements.

13. The pension leave and acting allowances of an officer transferred from qualifying service to service whether acting or permanent under a Native State, Municipality or other body financially independent of the Government of India, are regulated by the rules which apply to officers of the Government of India. Any saving arising from the absence of a permanent officer accrues to his employers. Except when an officer is exempted for the payment of the contribution prescribed in Section 38, e.g., the Chairman of the Council of the town of Calcutta, the Chairman of the Municipal corporation of the city of Bombay, the President of the Municipal Commission for the town of Madras, and an officer holding political appointment in the Sawant War or Kolhapur State which was on the 18th August 1875 held by a British officer. In this case the saving should be paid to Government.

14. If an officer is, under this Chapter, transferred from qualifying service to substantive service under a Native State, Municipality or other body financially independent of the Government of India, it must be arranged that he does not forfeit a lien upon his substantive office under the British Government which his *locum tenens* should hold substantively for the time only, under Section 4 of the Acting Allowance Code.

An officer so transferred cannot return to acting service under the British Government without reverting also to his substantive office under the British Government, the *locum tenens* of this office, thereupon, falling back on acting allowances. No officer, while acting in any appointment under the British Government, or the pay of which is regulated by the British Government, is entitled to allowances on account of any office under a Native State, Municipality or other body financially independent of the Government of India. But there is no objection to his being permitted to retain a lien upon such an office, or to the actual incumbent being appointed thereto, during his absence, substantively for a time only.

Excepted cases.

SECTION 39.—The Rules in this Chapter do not apply in the following cases:—

Assistant opium agents. (a).—Assistant Opium Agents in independent Native States, who are paid by the Native States.

Charitable dispensaries. (b).—Medical officers lent to charitable dispensaries or hospitals in British India and Vaccinators enrolled as officers of Government and employed in military cantonments or under municipalities or paid from Local Funds. The service of these officers counts as if it were service under the British Government.

(b-1).—Any officer appointed to be Chairman of the Council of the town of Calcutta, Chairman of the Municipal corporation of the city of Bombay, or President of the Municipal Commission for the town of Madras. The exemption of these officers from the operation of the rules in this chapter is held to be a substantial contribution by the Government to Municipal Revenues granted in consideration of the fact that the Local Government retains in its own hand the nomination and appointment of officers to these offices.

(b-2).—Political officers employed in the Sawant Wari and Kolhapur States on the 18th August 1875, and also those who may be hereafter appointed to offices held by British officers in those States on the 18th August 1875.

(c).—Officers lent to Her Majesty's Government in England, or to any Colonial Government. These cases are left for special treatment as they arise *

Colonial Governments.

The following Military letter from the Right Honourable the Secretary of State for India is published for information and guidance.

Military
No. 841.

INDIA OFFICE,
LONDON, 30 Nov. 1876.

To His Excellency the Right Honourable the Governor General of India in Council.

MY LORD,—Two cases have recently come before me, in which I have been called upon to consider in Council the conditions under which officers of the Indian Staff Corps and local officers may be permitted, when demand is made from proper quarters, to give their services beyond Indian limits.

2. And I have thought it well to endeavour to lay down a rule of general application in such cases.

3. The circumstances under which such demands will come before Government are various. In some cases the services of Officers are desired beyond Indian limits by Her Majesty's Government, whether within or beyond the territories of Great Britain and her Dependencies, on account of special reasons affecting the interests of the British Empire.

4. In other cases the services of Indian officers may be sought (as they have been several times of late years) on account of special qualifications for local assistance by governments of British Colonies (or by friendly Foreign States)

5. And your officers may be applied for to serve on the personal staff of general officers or in analogous positions out of India, when the grounds of the application are, from the nature of the case, of a private and personal, though perfectly legitimate nature.

6. No one will question that every practical facility should be given to compliance with the demand for officers under the first of the preceding categories. But I think also that, as a general principle, and within reasonable limits, no needless obstacle should be allowed to stand in the way of such demands under whichever class they come. The more free the scope we can give the employment of our officers consistently with what is due to the Indian Administration, the more are we likely to elevate the credit and the tone of the service and to add to its prestige

7. It will, of course, rest with you to consider and decide on every demand of this kind as it arises.

8. And I propose to lay down as a rule, that every officer whom you shall so permit to serve beyond the limits of India shall, while so serving, receive at the charge of Indian revenues the English furlough pay of his rank in addition to the allowances that may be assigned to him from other sources in each case, and that his service under such circumstances shall count for pension, subject to the following limitations —

A.—That when an officer is called for to serve on personal staff out of India, the privilege first named shall not be enjoyed beyond three years

B.—That when an officer's services are lent for other than special purposes either in England or in a British colony or to a Foreign State, the officer shall contribute to the Indian Exchequer a proportion, to be fixed by you, not exceeding one-fifth of the emoluments which he may receive during such transfer of his services, in compensation for the retention of his claim to pension during his absence from Indian duty.

CHAPTER VIII.

Superior and Inferior Service.

SECTION 40.—Qualifying service is divided into superior and inferior.

SECTION 41.—Service on pay not exceeding ten Government rupees, and service in the following capacities or in any office which has been graded as inferior by the rule or practice of the Local Government, on whatever pay, is inferior service:—

Inferior service.

Artificers other than those specified in Rule 1 under Section 42. Handicraftsmen, and labourers.
Bazars, Chaudharies of—
Daftaries and Muchies.
Maistries in the Public Works Department.
Menial and inferior servants of all sorts.
Messengers, Orderlies, and Peons, and their petty officers.
Money-testers (Fotadars).
Pressmen and Distributors in printing and lithographic establishments.

Priests, and other officers employed to administer oaths.

Sarkars.

Seamen and Boatmen.

Shroffs whose pay does not exceed fifteen rupees.

Turnkeys.

Village Accountants in Bombay (Tallaties).

Weighmen in mints (excepting the Head Weighmen.)

Superior service

SECTION 42.—All other service is superior service.

1 The service of the following officers is superior if their pay exceeds ten Government rupees.

Bazars*—Kotwals of—
Book-binders, whose professional occupation is book-binding, and who are not mere Daftaries.

Catamaram Maistries at Madras.

Commissionariat Inspector.

Divers.

Light-houses. Signalmen in—
Maistries in the Murrumat department under civil officers in the Madras Presidency, as respects service up to the year 1860.

Medical department Cutlers in the—
Mint artificers, if their occupation is injurious to health.

Printing establishments. Workmen employed in—except those whose work is

purely mechanical, such as Distributors and Pressmen but press servants admitted under Section 22 count service as superior for those months only in which their earnings exceed ten rupees.

Quarter-masters, Tindals, Dockyard Tindals, Serangs, Dockyard Serangs, Marine Engine-drivers, and Stoker-tindals.

Section-writers admitted under Section 22, in those months only in which their earnings exceed ten rupees.

Gunpowder manufactory of Madras. Workmen employed in the—before the 28th January 1871;—when they become permanently disabled by sickness or old age.† These are admitted even if their pay does not exceed ten rupees.

* On 14th December 1869 the following was declared to be the establishment of Kotwals of Bazars in Bombay, and officers who on that date, filled these posts, may be classed with superior servants retrospectively in respect of service as Kotwals or as Chaudhary of any of the Bazars enumerated

Poona (two), Belgaum, Dusa, Mhow, Nasirabad, Aden, Malgaum, Assighar Nimach, Ahmadabad, Ahmadnagar, Sholapur, Hyderabad, Jacobabad.

† For Dockyard and Military Artificers there is no rule, but the Government of India, in the case of deserving men of long service, recommends the Secretary of State to award special pensions.

In the year 1862, the Government of Bombay recommended to H. M.'s Government that some rules might be laid down for the grant of pensions to the Dockyard Artificers at that presidency. Though service as an Artificer is treated as inferior, the Local Government was of opinion that the nature of the service of the Artificers employed in the Bombay Dockyard is such as to entitle men of long service to special consideration. The Secretary of State, in a despatch to the Government of Bombay, No. 106, dated 30th November 1863, expressed his unwillingness to lay down a general rule, but desired each case of lengthened and approved service to be submitted for special consideration. Some time after, the Government of India in the Military Department ordered, apparently with reference to the case of Military Artificers, that no application for pension to an Artificer should be taken into consideration, unless the applicant had rendered forty years' meritorious service. But the Secretary of State (*Despatch to the Government of India, No. 181, dated 28th May 1868*), referring to his orders of 1863, in the case of the Dockyard Artificers, Bombay, desired that no fixed rule should be laid down, but that each case should be decided on its merits. This decision was re-affirmed, upon a reference from the Government of India, by a Despatch No. 419, dated 12th August 1875.

Under present rules, inferior servants are eligible for pensions and gratuities as in Section 65. But, with reference to the above-mentioned orders the case of Military Artificers and Bombay Dockyard Artificers will be specially considered as regards their claim to pension.

Hospital Purveyors.

Shroffs, whose pay exceeds fifteen rupees; also Shroffs in Madras, who were in the service on 22nd May 1856, and those in Bombay who were really clerks, and whose designation was, under the order of the Secretary of State, No. 1, dated 22nd October 1856, changed into Karkuns.

Stud-breeding establishment Zilladars in the North-West—
Telegraph department. Artificers, Assistant

Artificers, Mounted Artificers, and Linemen in the—The service of a lineman is superior even if his pay does not exceed ten Government rupees.
Tomandars and Naib Tomandars of the Thuggee and Dacoity department.
Vaccinators, including, in the Madras presidency, those whose pay is ten rupees.
Vatualing Gomastahs.
Vakils attached to the Barr infantry (Mysore.)

2. If an officer holds two or more offices, each of which is inferior by reason of the pay not exceeding ten rupees, he cannot count service as superior, on the ground that the aggregate pay exceeds ten rupees, unless the offices were arranged, and their pay

determined, with the intention that they should be held by one individual.

SECTION 43. (a).—When the regular duties of an officer whose pay exceeds ten rupees, but who bears an inferior designation, are really such as are ordinarily performed by a superior servant, his claim to pension or gratuity should be specially referred to the Government of India.

Doubtful cases.

(b).—On the other hand, an officer whose real duties are those of an inferior servant, even though his pay exceeds ten rupees, is not entitled to pension or gratuity on the superior scale, merely because he draws pay under a superior designation.

Example.—A lithographic pressman charged for as a copying clerk.

NOTE.—It is not intended by this Section that an inferior servant should count service as superior in virtue of his voluntarily assisting in the Office in superior work. It provides for the case of a person who is engaged under due authority to do superior work though with an inferior designation.

1. In consideration of the low scale of pay prevailing in Mysore during the Native Administration, the Chief Commissioner may allow service, even on pay not exceeding ten rupees, in offices which must have been filled by educated men, to reckon as superior service. (See Section 69, Rule 1.) But this concession shall not apply to an officer who was not in the service of the Mysore State before 1862, and who has not served continuously since that year.

*Mysore.**Fotadars.*

2. A class of servants in the North Western Provinces who were called "Fotadars," but whose duties were really those of accountants, have been declared superior servants, under Clause (a) of this Section.

CHAPTER IX.*Periods of Leave and Suspension.*

SECTION 44.—Periods of absence on leave other than privilege or subsidiary leave are not reckoned as superior service. Leave subsidiary to leave on medical certificate is not reckoned as service in the case of an officer who has twice before had leave on medical certificate beyond India.

Superior service.

Exception.—In the case of an officer appointed to the service under the Regulations of the Royal Indian Engineering College at Cooper's Hill and of an officer especially educated in Europe for the Forest Department under Regulations made by the Secretary of State, furlough to the following extent counts as service.—

*Service from date of appointment**Furlough counts as service.*

Under 20 years	None.
20 years	2 years.
25 "	3 "
30 "	4 "
35 "	5 "

1. This Section applies to leave on medical certificate taken even before 1856. Such leave was reckoned as service under the old Rules, but is not reckoned under the new Rules, the periods of service required by which are generally shorter.

*Leave before 1856.**Exception.*

2. Leave during recess, on half-pay, granted to Native Surveyors in the Revenue Survey Department in Bengal, the North-Western Provinces, and the Punjab, being allowed for public reasons, is reckoned as service.

3. Leave granted to an officer who is permitted to present himself at any examination which must be passed before a person is eligible for higher subordinate appointments, such as Deputy Magistracies, is reckoned as service (*Section 13 of Supplement F to the Civil Leave Code*).

4. When an officer is deputed out of India on duty, the whole period of his absence from India counts. When an officer on leave out of India is detained on duty, the period of such detention counts.

Inferior service.

SECTION 45.—An inferior servant counts periods of authorised leave as service.

1. Leave not exceeding in amount that admissible under the Rules in Supplement F to the Civil Leave Code, may, if granted by competent authority, be considered "authorised."

SECTION 46.—The time passed under suspension pending enquiry into conduct, counts, if the suspension is immediately followed by reinstatement. Time passed under suspension adjudged as a specific penalty does not count.

Suspension.

1. If an officer who has been suspended pending enquiry into his conduct is reinstated, but with forfeiture of any part of his allowances for the period of suspension, this period does not count. But the authority who reinstates the officer may expressly declare at the time, that the period shall count.

CHAPTER X

Forfeiture of past service.

Break in continuity.

SECTION 47.—A break in the continuity of service entails forfeiture of past service, except in the following cases:—

Leave.

(a)—Authorised leave.

Absence after leave.

(b)—Absence prolonged after the end of leave:

Provided that if an officer remains absent for more than a week after the end of privilege leave his past services are forfeited, unless the authority whose duty it is to make the appointment, re-appoints the officer and makes a declaration (to be communicated to the Accountant General) that his past services, or part of them, shall qualify. If he remains absent for more than a month, his past services cannot count without a special order by the Government of India.

[NOTE.—This proviso has effect from 11th January 1869.]

Suspension.

(c).—Suspension immediately followed by reinstatement, which need not necessarily be to the same office.

Abolition of office.

(d).—Abolition of office.

(e).—Transfer to non-qualifying service in an establishment which is under Government control. The transfer must be made by an authority competent to sanction it, and an officer who voluntarily resigns qualifying service, cannot claim the benefit of this Rule.

Transfer to non-qualifying service.

Transfer to a grant-in-aid school always entails forfeiture.

Household Establishment.

(f).—Transfer to service on the household establishment of the Viceroy.

Mutiny.

(g).—Loss of appointment owing to the mutiny, provided that the officer affected cleared his character, and was re-appointed as soon as a suitable vacancy was found for him.

Transit from one office to another.

(h).—Transit from one appointment to another, provided that the officer is transferred under the orders of competent authority, or if he is a ministerial officer, with the consent of the heads of both offices concerned.

SECTION 48.—Resignation of the public service, or removal from it on account of misconduct, or for inefficiency, or on account of failure to pass a prescribed examination, entails forfeiture of past service.

Removal from office.

1. But an officer who resigned the public service before the 8th June 1868 if he was a superior servant, or before 1st September 1871 if he was an inferior servant, and was re-appointed to the public service within twelve months from his resignation, is permitted to count the service rendered before resignation. This rule can be applied to only one resignation.

48A.—The Government of India may, upon such conditions as it may think fit in each case to impose, condone a break or breaks in the continuity of service not exceeding twelve months in the aggregate, which are not the result of any of the circumstances mentioned in Section 48. In the same manner the Local Government may, upon such conditions as it may in each case think fit to impose, condone a break or breaks in the continuity of service, not exceeding three months in the aggregate, or one month on any one occasion, provided that such break or breaks be not the result of any one of the circumstances mentioned in Section 48.

CHAPTER XI.

Conditions of award of pension and gratuity.

Classification.

SECTION 49.—Pensions and gratuities are of four classes :

- A.— Compensation pensions and gratuities.
- B.—Invalid pensions and gratuities.
- C.—Superannuation pensions and gratuities
- D.—Retiring pensions.

1. Pension or gratuity may not be granted to an officer whom it is desired to remove for misconduct or inefficiency.*
2. A gratuity is paid in a single sum, and not by instalments.
3. An officer may be admitted to pension or gratuity while absent on leave whether in or out of India.

* *Despatch from the Government of India, to the Secretary of State for India, No. 89, dated 17th January 1878.*

We have the honor to report, for Your Grace's approval, that we have sanctioned a compassionate allowance of * a month to A. B., whom it is considered expedient to remove from the service on account of intemperate habits.

2 We take this opportunity of representing to Your Grace that we often experience great difficulty from the rules in force not allowing the grant of a pension when, owing to inefficiency, which may, perhaps, not always be his fault, an officer is no longer able to perform satisfactorily the duties required of him.

3. We forward herewith a copy of papers relating to the case of C. D. as an illustration of this inconvenience. After serving Government for about 28 years, C. D. was removed for inefficiency, for which he was clearly not to blame.

4. Even the rules applicable to pension on medical certificate would not always meet such cases; and we should be glad to be allowed to exercise a discretion in granting to officers, whom it is desirable to remove from the service for inefficiency, due to whatever cause, such pension as may in each case seem to us expedient. We should limit such pension, ordinarily, to the amount admissible under Section 59 of the Civil Pension Code: it would probably be very seldom necessary to grant even so much.

5 What we wish is to be able to discharge upon some reasonable conditions, an officer whom it is not desired to keep in the public service, but whose conduct has not been such as to justify his dismissal without any provision for his subsistence, or, perhaps, the infliction upon him of any penalty whatever.

Despatch from Her Majesty's Secretary of State for India, No. 188, dated 27th March 1878.

PARA. 1. I have considered in Council your Financial letter, dated the 17th January 1878, No. 89, reporting the circumstances under which you have sanctioned the grant of a compassionate allowance of * a month to A. B., and requesting to be "allowed to exercise a discretion in granting to officers, whom it is desirable to remove from the service for inefficiency, due to whatever cause, such pension as may in each case seem to you expedient."

2. I confirm the grant of this compassionate allowance to A. B.; but I cannot sanction any general arrangement by which pensions not authorised by existing Rules could be granted without reference to the Secretary of State. I shall, however, be prepared to consider any proposal you may make for the grant of a special pension in a case of the nature to which you refer, but such proposed grant should always be made to, and be sanctioned by me, before any communication on the subject is made to the officer concerned.

A.

SECTION 50.—A compensation pension or gratuity is awarded to an officer discharged from the public service because, on a reduction of establishment, his appointment is abolished.

1. To pension an officer still capable of useful service is a waste of public money; and every endeavour should be made to employ the officer in some other office. Accordingly, before a pension or gratuity is granted to an officer discharged on abolition of appointment, it must be carefully considered whether he cannot be thus provided for. The head of a department in forwarding an application for compensation pension or gratuity, should invariably state for what reasons it has been found impossible to provide suitable employment for the applicant, and in the quarterly statements furnished by Local Governments of such pensions and gratuities, it should be stated in respect of each case, that it has been found, after careful enquiry, impossible to provide for the officer elsewhere.

Re-employment to be found if possible.

2. Whenever, upon the reduction of an establishment, it is necessary to discharge one or more members thereof, the selection of the officers to be discharged should *prima facie*, be made in such way that the least charge for compensation pension or gratuity is incurred.

Selection for discharge.

3. An officer discharged with a compensation pension may not, on pain of losing his pension, refuse to accept any appointment which the Local Government thinks fit, within six months from the date of his discharge, to offer to him. The salary of such new appointment must not, however, be less than enough to raise his total receipts under the operation of Section 97 to the amount which he received as salary immediately before his discharge. Nor should the new appointment be such as the officer cannot reasonably and equitably be expected to accept.

Cannot refuse re-employment.

4. Rule 8 applies also to the case of an officer entitled to compensation pension who, upon the abolition of his own appointment, is transferred to another appointment under proper authority. To such an officer, a compensation pension may be simultaneously awarded, subject always to the limitation prescribed by Section 97

or transfer.

5. The discharge of one officer to make room for another better qualified, is not the abolition of an appointment within the meaning of this Section; the abolition must produce a real saving to Government in respect of the cost of the appointment. Particulars of the saving effected should be fully set forth in every application for compensation pension or gratuity. The saving should always exceed the cost of the pension or gratuity; otherwise it may be better to postpone the reduction of establishment or abolition of appointment.

Explanation.

Change in nature of duties.

6. If it becomes necessary to discharge an officer in consequence of a change in the nature of the duties of his office, the case should be referred to the Government of India.

Despatch from Her Majesty's Secretary of State for India, No. 369, dated 5th October 1876.

PARA. 1. I have considered in Council your Financial letter dated the 7th August 1876, No. 270, reporting the circumstances under which you have decided to dispense with the services of Mr. A.,

an Executive Engineer, giving him a gratuity of six months' pay with a free passage to England or the Colonies.

2. It appears from the papers forwarded with your letter that Mr. A. has been in the Department about eleven years, but that he has not proved an efficient officer, which may however, be probably accounted for in some measure by the bad health from which he has suffered, and that the Local Government are of opinion that the most economical course to pursue in his case would be to give him a gratuity, and dispense with his services.

3. You state that there were hardly sufficient grounds for Mr. A.'s dismissal, while on the other hand, as the medical report on his case did not declare him to be permanently incapacitated for further service in India, he had no claim, under the Pension Rules, to any gratuity on removal from the service, and that it appeared to you to be more advisable to dispense with his services on the terms above referred to, than to retain him in the Department even in reduced position.

4. Your proceedings are confirmed.

7. An appointment, the pay of which is reduced as part of a general scheme of revision, may be considered abolished within the meaning of this Section. But, in such case, it would often be better to grant a personal allowance than a pension.
- General reduction.*
8. If, of two appointments held by one officer, one is abolished, and the other retained, the case should be specially submitted to the Government of India.
- Abolition of one of two appointments.*
9. Deputy Collectors, Munsifs, and similar officers, who belong to the public service apart from their particular local appointment, cannot obtain a compensation pension or gratuity, in consequence of the abolition of a particular appointment.
- Graded officers.*
10. No pension or gratuity may be awarded to an officer on discharge after the completion of a specified term of service.
- Excepted Cases.*
11. No pension or gratuity may be awarded for the loss of a local allowance.
- Local allowance.*
- SECTION.—51.—If an officer, who is entitled to receive compensation pension or gratuity, accepts instead, another appointment in the Government service (whether qualifying or not), and subsequently becomes again entitled to receive a pension or gratuity of any class, the amount of such pension or gratuity should not be less than he could have claimed if he had not accepted the appointment.
- Transfer to an appointment of less value.*

B.

SECTION 52.—An INVALID pension or gratuity is awarded, on retirement from the public service, to an officer who, by bodily or mental infirmity, is permanently incapacitated—

(a)—for the public service, or—

(b)—for the particular branch of it to which he belongs.

1. An officer discharged on other grounds has no claim under this Section, even although he can produce medical evidence of incapacity for service.

No claim on other grounds.

2. To prevent undue liability for invalid pensions or gratuities, no person may be appointed to a superior grade in the public service in India without a certificate in the annexed form by a Commissioned Medical officer, or by a Medical officer in charge of a civil station. This certificate must be annexed to the first bill submitted for the pay of the officer. A similar rule is enforced by the Secretary of State in respect of persons selected by him for service in India.

Medical certificate on first appointment.

CERTIFICATE.

I do hereby certify that I have examined A B, a candidate for employment in the Department, and cannot discover that he has any disease, constitutional affection or bodily infirmity, unfitting him, or likely to unfit him, for the public service in any part of India.

3. But if an officer, who is appointed on a salary not exceeding fifty rupees a month, cannot conveniently appear before a Commissioned Medical officer or a Medical officer in charge of a civil station, the Local Government may accept a certificate in such form as it considers sufficient, from any other officer, who need not even be a medical man.

Exception.

4. No medical certificate is necessary upon an officer being promoted from inferior to superior service.

Promotion.

5. Rule 1 under Section 50 applies, *mutatis mutandis*, in the case of an officer invalidated under clause (b), as unfit for employment only in some particular branch of the public service. Every effort should be made to find for such an officer other employment suited to his particular capacity.

Re-employment.

SECTION 53.—If the officer applying for pension or gratuity is sixty years old or upwards, no certificate by a Medical officer is necessary. It will suffice for the head of the office to certify to the incapacity of the applicant. Otherwise incapacity for service must be established by a medical certificate attested as follows—

Medical certificate by whom attested.

(a).—If the officer submitting it is on leave in England;—by the Medical Board of the India Office.

- (b).—If he is serving at a Presidency town;—by the Surgeon General of the Indian Medical Department or by the Standing Medical Committee at the Presidency.
- (c).—If he is a superior officer and is serving in the interior of the country under such circumstances that, in the opinion of the Local Government, he can be conveniently required to appear before a Military Invaliding Committee;—by such Committee.
- (d).—In other cases, the Local Government may either accept a certificate given by a single Commissioned Medical officer in charge of a civil station, or assemble a special Invaliding Committee at a convenient civil station. If the pension applied for exceeds Rs. 100 a month, a certificate by a single Medical officer should not be accepted as sufficient if it is possible, without undue inconvenience, to assemble an Invaliding Committee, or to cause the applicant to appear before the Surgeon General, Indian Medical Department, or the Standing Medical Committee at the Presidency.

Form of Medical certificate. SECTION 54.—The Medical certificate must be in the following form:—

CERTIFICATE.

Certified that I or we (as the case may be) have carefully examined A. B., son of C. D., a— in the — years. His age is, by his own statement, — years, and, by appearance, about — years. I (or we) consider A. B. to be completely and permanently incapacitated for further service of any kind or (as the case may be) in the Department to which he belongs, in consequence of (here state disease or cause). His incapacity does not appear to us to have been caused by irregular or intemperate habits. (If the incapacity does not appear to be complete and permanent, the certificate should be modified accordingly, and the following addition should be made.)

I am (or We are) of opinion that A. B. is fit for further service of a less laborious character than that which he has been doing, or may, after resting for — months, be fit for further service of a less laborious character than that which he has been doing.

NOTE.—A succinct statement of the medical case, and of the treatment adopted, should, if possible, be appended.

NOTE 2. If the examining Medical Officer, though unable to discover any specific disease in the Officer considers him incapacitated for further service by general debility while still under the age of fifty-five years, he should give detailed reasons for his opinion, and if a second medical opinion be easily obtainable, it should always in such a case be obtained. In cases of this kind, special explanation will be expected from the head of the office or department concerned of the grounds on which it is proposed to invalid the officer.

SECTION 55.—If the incapacity is the result of irregular or intemperate habits, no pension or gratuity can be granted. Otherwise, it is for the Local Government to decide whether the officer's incapacity is such as to render it necessary to admit him to invalid pension or gratuity.

1. An officer who has submitted a medical certificate of incapacity for further service must not (except for special reasons to be reported to the Local Government) be retained in the service pending the decision on his application for pension. Without the further special sanction of the Local Government, service after the date of a medical certificate can in no case count for pension. The object of this rule is to discourage tentative applications. But an inferior servant, or a Police officer whose pay does not exceed twenty rupees a month, and who, in the opinion of the head of his office is fit for light work, may be retained in employment till his pension or gratuity is sanctioned, provided that his place is not filled up till he retires, and that his service counts only to the date of his medical certificate.

C.

SECTION 56.—A SUPERANNUATION pension or gratuity is granted to an officer compelled, by rule, to retire at a particular age.*

1. An officer in a superior grade, who has attained the age of fifty-five years, may be required to retire, unless the Local Government considers him efficient, and permits him

* The following Rule was, with the sanction of the Secretary of State, passed by the Government of India in a Notification, No. 794, dated 25th January 1885, in regard to Military and Naval officers in Civil employ:—

"After the age of fifty-five years, no Military or Naval officer shall be appointed to a new office in Civil employment, or shall be permitted to retain any such office which he has held for five years and upwards, except in special cases, which are to be referred for the decision of the Right Hon'ble the Secretary of State."

And in his despatch No. 108, dated 30th August 1878, the Secretary of State remarked: "This Rule should be strictly enforced unless the retirement of any officer should be considered by the Government, under which he is serving, to be injurious to the public interests. I therefore agree with your Excellency in Council that while Colonel A. B. appears to be a useful and experienced officer, his case is not one which should form an exception to the existing rule."

to remain in the service.* (See Rule 3 under Section 1 of the Civil Leave Code.) But, as the premature retirement of an efficient officer imposes a needless charge on the State, this Rule should be worked with discretion † No officer can claim to retire on the ground that he is fifty-five years old.

2. The Accountant General will inform the Local Government whenever any officer attains the age of fifty-five years, in order that the Local Government, being apprised of the fact, may take such action as it sees fit for the retention or otherwise of the officer in question.

3. If an officer, whose age is less than sixty years, is required to retire under Rule 1, the chief of his office must certify under the head of "Any other remarks," on the third page of the application for his pension or gratuity, that the applicant is inefficient owing to age or infirmity.

NOTE.—Each department of the Government of India exercises the powers of a Local Government under the Rules subsidiary to this Section in respect to any officers immediately subordinate to it.

4. An annual return of officers permitted to remain in the service after the age of fifty-five years, should be submitted in the subjoined form to the Government of India in the Administrative Department concerned:

1. No.—2 Office—3. Name of officer—4. Present age—5. Period of extension—6. Grounds of extension, and remarks

D.

Retiring pension.

SECTION 57.—A RETIRING pension is granted to an officer who voluntarily retires after completing the requisite period of service.

CHAPTER XII.

Amount of Pension or Gratuity.

[NOTE.—For the definition of the words "pay," "emoluments," and "average emoluments," as used in this Chapter, see Chapter XIII.]

Explanation.

SECTION 58.—THE AMOUNT of pension or gratuity that may be granted is determined by length of service, as set forth in Sections 59, 60, and 61

No option of gratuity.

1. An officer entitled to pension may not take a gratuity instead of pension.

Pension to be in rupees.

2. A pension or gratuity (except a pension granted under Section 64) is fixed in rupees and not in sterling money, even though it is to be paid in England.

* I am directed to acknowledge your letter No. 515C-S., dated 14th ultimo, relative to the existing rules for the superannuation of Covenanted and Uncovenanted Officers in Civil employ. You enquire whether Uncovenanted Officers holding appointments open to members of the Covenanted Service should be treated like Covenanted Officers in the matter of retirement.

2. The Government of Bengal are aware that a Covenanted Civilian or an officer of the Army in Civil employ is obliged to retire after a certain period of service unless it is injurious to the public interests that he should do so; but an Uncovenanted Officer in a superior grade who has attained the age of 55 years may be required to retire unless the Local Government considers him efficient and permits him to remain in the service.

Section 59, C. P. Code.

There is thus a clear distinction between the two classes of officers; for the former class is required as a rule to retire, while the latter is required as a rule to be retained, the result in both cases alike being decided by what is most expedient in the public interests.

3. The Government of India think it unnecessary to add to these rules, but in the case of Uncovenanted Officers holding appointments open to the Covenanted Service the standard of efficiency by which the retention of such officers is to be decided may reasonably be raised above the standard required in lower appointments.—(Govt. of India, Home Dept., to Govt. of Bengal, No. 524, dated 31st March, 1876.)

† The Secretary of State wrote regarding this Rule in Public Despatch No. 87, dated 8th August 1872:—"I trust that the various Governments and Administrations will always be disposed to extend to this Rule a very liberal interpretation, and that the State may, in no case, be deprived of the valuable experience of really efficient Native officers by the untimely exercise of the powers of compulsory retirement on pension."¶

¶ In acknowledging the receipt of your letter No. 1819, dated 11th November 1875, I am directed to say that Rule 1 of Section 56 of the Civil Pension Code applies to all uncovenanted officers (in the superior grades) without reference to their nationality. If an officer is efficient after attaining the age of 55 years, his retention in the service is not barred by the accident of his being of other than purely native birth, and though the despatch of the Secretary of State in the foot-note to Rule 1 of Section 56 mentions native officers only, it has a much wider application, and should be held applicable to all uncovenanted officers in superior grades, whether natives or Europeans, equally with the rule quoted above.—(Govt. of India, Financial Dept., to Govt., N. W. P., No. 2759 dated 7th December 1875.)

A.—FOR SUPERIOR SERVICE.

Compensation and invalid pension. SECTION 59.—The amount of compensation and invalid pension and gratuity which may be granted for superior service is as follows:—

(a).—After a service of less than fifteen years:—

Gratuity. A gratuity, not exceeding (except in special cases, and under the orders of the Government of India) one month's emoluments for each completed year of service; and not, under any circumstances, exceeding twelve months' emoluments in all.

No account of broken periods. 1. Broken periods of a year are not to be taken into account in calculating the amount of any gratuity admissible to an officer under any Rule in the Code.

(b).—After a service of not less than fifteen years but less than twenty-five years:—

Pension not exceeding one-third of average emoluments. A pension, not exceeding one-third of the officer's average emoluments; and also, not exceeding Rs. 8,000 a year, or, if the officer's average emoluments do not exceed Rs. 12,000 a year, Rs. 2,000 a year.

(c).—After a service of not less than twenty-five years:—

Pension not exceeding one-half of average emoluments. A pension, not exceeding one-half of the officer's average emoluments; and, also, not exceeding Rs. 5,000 a year, or, if the officer's average emoluments do not exceed Rs. 12,000 a year, Rs. 4,000 a year.

2. An invalid pension on the following scale, but not being less than Rs. 1,000 or more than Rs. 2,000 a year, may be granted to an officer appointed to the service under the Regulations of the Royal Indian Engineering College at Cooper's Hill, or specially educated in Europe for the Forest Department under Regulations made by the Secretary of State:—

If the service of the officer be not less than—
10 years $\frac{1}{2}$ of the officer's average emoluments.

11 " $\frac{1}{3}$ do.

12 " $\frac{1}{3}$ do.

13 " $\frac{1}{3}$ do.

14 " $\frac{1}{3}$ do.

Superannuation pension.

SECTION 60.—The amount of superannuation pension and gratuity which may be granted for superior service is that which would be admissible as an invalid pension or gratuity.

Proviso.—If an officer's qualifying service began after the 20th January 1871, and after he attained the age of twenty-five years,* the pension or gratuity admissible as invalid pension or gratuity is to be multiplied by a fraction, the numerator of which is the number of years service completed, not exceeding 80, and the denominator of which is 80. The amount of Rs. 2,000, Rs. 3,000, Rs. 4,000 or Rs. 5,000, is to be applied before, and not after, this multiplication.

* Resolution by the Government of India, Financial Department, No. 423, dated 20th January 1871.

The Governor General in Council observes that the admission into the service of Government of other than young men tends to throw upon the State an undue liability in respect of pensionary allowances.

2. His Excellency in Council is accordingly pleased to declare that, as a general rule, no person should be admitted into the Uncovenanted Service of Government after he has attained the age of 25 years. But if, for special reasons, any one is after this date admitted at a later age, then in the event of his being required to retire, under the operation of any rule for the removal of officers from the service as superannuated, on their attaining a particular age, the pension to which he would but for this rule be entitled shall be reduced in the proportion which the number of years of pensionable service which he has completed bears to 30 years, the full period required for a good service pension.

Letter from Government of India, Financial Department, to Government of Madras, No. 2085, dated 15th July 1871.

I am directed to acknowledge the receipt of your letter No. 816, dated 18th June 1871, inquiring whether the rule of 20th January 1871, prohibiting the employment in the uncovenanted civil service of persons above the age of 25 years, except on special grounds, is to be applied to the case of persons who having voluntarily resigned the service seek to obtain re-admission.

3. In reply I am desired to say that so far as regards the re-admission of persons situated as above, it is a question for the officer appointing to determine, and probably previous service, if it proved the capacity of the person, might be a special reason for employment.

8. In the case of re-employment of such persons the rule for the reduction of pension will apply.

Educational officers.

1. For officers entitled to the benefit of Section 68 (a), "27" should be substituted for "30" in this proviso.

Retiring pension.

SECTION 61.—The amount of retiring pension which may be granted for superior service is as follows:—

After a service of not less than thirty years:—

The same in amount as an invalid pension admissible after twenty-five years' service.

Extension of the maxima.

SECTION 62.—In the following cases, the several prescribed maximum limits of Rs. 2,000, Rs. 3,000, Rs. 4,000, and Rs. 5,000 a year may be relaxed:—

(a).—For an officer whose average emoluments exceeded Rs. 10,000 a year and who entered the service before the 19th May 1855, or whose salary, before the 6th August 1863, exceeded Rs. 10,000 a year, the maximum pension is, ordinarily, Rs. 5,000. But, if the service of such an officer has been of extraordinary merit, a pension exceeding Rs. 5,000 may be recommended for the sanction of the Secretary of State.

(b).—To an officer who entered the service before the 19th May 1855, but whose average emoluments do not exceed Rs. 10,000 a year, the Secretary of State, on the recommendation of the Government of India, sometimes grants a special pension in excess of the prescribed maximum, for unusually meritorious services.

(c).—For a Native Judge (see Appendix B 1) who was in the service on the 29th October 1866, the limit is ordinarily Rs. 5,000.

[NOTE.—The limits which may be relaxed under this Section are the maximum money limits, and not the limits of one-third or one-half average emoluments. †]

4. In regard to this rule it should be remarked that it imposes no "specified disadvantage as regards pension," but only prevents the undue advantage which the persons to whom it applies would otherwise obtain by being permitted to earn a full pension by a service of less than 30 years.

Letter from Government of India, Financial Department, to Government of Madras No. 2400, dated 30th August 1873.

I am directed to acknowledge the receipt of your letter No. 549, dated 29th April 1872, submitting the request of the Government of Madras for a reconsideration of the orders of the Government of India, No. 1961, dated 16th July 1871, passed on the recommendation of the Local Government to exempt pleaders who might be candidates for employment in the judicial branch of the service, from the operation of the rule prescribing 25 years as the maximum age for admission into the uncovenanted service.

In reply, I am to remark that the Government of Madras appear to have misapprehended the rule in question. There is no general prohibition against the employment of persons in the public service whose age exceeds 25 years; nor is any reference to the Government of India necessary before any such persons are employed. Under the rule as laid down in Financial Resolution No. 423, dated 20th January 1871, a Local Government has a discretion to admit to the public service any person at any age; and no particular disadvantage affects an officer admitted after the age of 25 years, except that if he is superannuated, i. e., compelled to retire as inefficient, on attaining the age of 55 years (Civil Pension Code, 56-1), he will get a proportionately smaller pension. His claim to an invalid or compensation, or retiring pension (sections 60, 62, and 67 of the Code) is not affected.

By a later order the Government of India have expressed their willingness to relieve any officer from even this special disadvantage on sufficient cause being shown. But the Government of India alone can grant such relief.

* These limits do not apply to Covenanted Civil Engineers and to Civil Officers of the Telegraph Department who executed their covenants before the 8th June 1863, and who have elected the rules which were in force before that date—Section 4 (a). There is no maximum money limit to the pension of such an officer whose covenant is dated before the 19th May 1855; and in the case of an officer whose covenant is dated after the 19th May 1855 (but before the 8th June 1863), the pension is limited to £400 a year, if his pay is not less than Rs. 700 and not more than Rs. 1,000 a month; and to £300 a year, if his pay exceeds Rs. 1,000 a month.

† Extract from a Financial Despatch from Her Majesty's Secretary of State for India, No. 401 dated 24th September 1873.

8. You inquire whether it is open to your Government, under Section 62 of the Civil Pension Code, to recommend to the Home Government the grant of special pensions, not only in excess of the money limits prescribed by the Rules, but also in excess of the limits of one-third or one-half of average emoluments, as the case may be.

Privileges in counting service. SECTION 63.—In the following cases, certain privileges exist in respect of the length of service required for pension.

- (a).—To the following officers, not being natives of Asia, pension is admissible after three years' less service than is required from other officers, provided that they began service after twenty-five years of age.

Educational officers.

- (1). Directors of Public Instruction, Inspectors of schools, Principals and Professors of colleges, and Head Masters of colleges and high schools.

- 2.—Barristers of England or Ireland, or members of the Faculty of Advocates of the Court of Session of Scotland, serving in offices to which the Local Government has, with the consent of the Government of India, declared it to be necessary to appoint

Barristers and Advocates.

Barristers of England or Ireland, or members of Faculty of Advocates of the Court of Session of Scotland.

To entitle an officer to the benefit of this Rule, the whole of the service for which pension is claimed must have been passed in one or other of the offices indicated.

- (b).—An officer appointed before the 8th June 1863 may count service for an *invalid* pension at one-third or one-half of his average emoluments, according to the old Rules provided that he has not enjoyed any advantages under the new Leave Rules which he might not equally have enjoyed under the old. The

Officers appointed before June 1863.

amount of the pension must, however, be calculated in accordance with the Rules in this Chapter and Chapter XIII.

4. The Pension Code published by you merely embodies existing Rules as to the grant of pensions, and interpretations thereof, and is intended for the guidance and information of your officers; but it can scarcely be held to absolutely preclude your Government from making any special representation to the Secretary of State you may see fit in any particular case.

5. The inconvenience, however, of recommending uncovenanted servants for special pensions unauthorised by the Rules was pointed out in paragraphs 7 to 9 of the Financial Despatch, dated 80th September 1863, No. 174,* and I see no reason to modify the opinion therein expressed.

6. Under these circumstances, I consider that it would be inexpedient to alter the Pension Code as proposed by you.

* *Extract from a Financial Despatch from Her Majesty's Secretary of State for India, No. 174, dated 80th September 1863.*

8. I take this opportunity of calling your attention to the practice of recommending uncovenanted servants for special pensions. The Code of Rules which was published on the 4th of January 1831, prescribed that "the rates of pension shall be fixed on a graduated scale, within the prescribed limitations, with reference to the responsibility and arduousness of the employment, the degree of merit of the individual, and the nature and length of his service; and, in my Financial Despatch of the 8th of December 1863, No. 205, I observed (paragraph 9) that "pensions of the full amount stated are to be granted only as the reward of approved service." It appears, however, to be the custom for heads of Departments in India to recommend, in nearly every case, the full amount of pension which the rules permit: and, whenever the service rendered has been at all above the average character, a special pension is recommended in excess of that which the Rules authorise.

9. It cannot be too strongly insisted upon, and made known to the whole body of Uncovenanted officers, that the full pension authorised under the Rules is not to be given as a matter of course, but only where the service performed has been really such as to merit the approval of Government, and this should be invariably kept in view in considering recommendations for pension. It is easy for your Government to keep within the limits which the Rules authorise but there is a manifest inconvenience in the Home Government refusing to grant a special pension which may have been submitted to them with the weight which must always attach to a recommendation by your Government.

Extract from a Military Despatch from Her Majesty's Secretary of State for India No. 92 of 8th March 1877.

2. On the recommendation of the Government *** supported by your Lordship, I authorise you to grant Lieutenant A. B. the higher pension of a Deputy Commissary, in lieu of that of an Assistant Commissary, to which only he is entitled under the Regulations. I desire, however, to express my general disinclination to increase the non-effective charges, by the grant of pensions in excess of what the regulations of the service provide, save in cases of very exceptional and distinguished service.

B. Mere length of service, however faithfully performed, is not, I consider in itself a sufficient ground for exceptional reward.

Example.—An officer has served Government for twenty-one years, of which five years were passed before he was twenty-two years old and two years were passed on leave on medical certificate under the Rules of 1856. His service, calculated under the Rules is only fourteen years, the rest being excluded by Sections 18 and 44, and he would not be entitled to pension under Section 59 (b); but, under the old Rules (see Appendix B 1) the whole twenty-one years would count, and he would be entitled to pension under Section 59 (b), having completed the twenty years' service required by the old Rules.

(c).—Native Judges who were in the service as Judges on the 29th October 1866, and who were entitled to exceptional advantages under the old Rules (see Appendix B 1), may count service for one-third and one-half pension in accordance with the old Rules.

Native Judges.

Lucknow garrison.

(d).—Uncovenanted officers who formed part of the garrison of Lucknow during the siege in 1857, count one year's additional service.

(e).—When on the ground of his previous experience a Civil Engineer is appointed specially to the service of the Government in the Department of Public Works, with initial rank higher than that of a first grade Assistant Engineer, the Secretary of State will, at the time of the engagement of the officer, sanction such a departure from the rules of this Code in his favor as may be agreed upon.

Civil Engineers.

Barriester appointments.

SECTION 64.—To the following officers, being Barristers of England or Ireland, or members of the Faculty of advocates of the Court of Session of Scotland, viz:—

Judges of the Chief Court of the Punjab; First Judges of Small Cause Courts of Presidency towns; Recorder of Rangoon. Secretary to the Government of India in the Legislative Department (formerly Assistant Secretary in the Home Department, Legislative Branch, and afterwards Secretary to the Council of the Governor General for making Laws and Regulations.)

Invalid and retiring pensions are admissible as follows:

(a).—After not less than six years and nine months active service in one or other of the offices specified in this Section,—an invalid pension of £300 a year.

(b).—After not less than eight years and eight months such service,—an invalid pension of £500 a year.

(c).—After not less than eleven years and six months such service,—a retiring pension of £750 a year.

1. Active service here includes besides time spent on duty, whether in substantive or acting service, privilege leave, subsidiary leave, and periods of vacation during which the officer is not on furlough or extraordinary leave.

2. Except as provided by this Section, these officers come under the ordinary Rules.

B—FOR INFERIOR SERVICE.

For inferior service.

SECTION 65.—FOR INFERIOR SERVICE, pension and gratuity may be granted as follows:—

Compensation and invalid gratuity.

(a).—Compensation and invalid gratuity:

Service of less than 5 years,—nil.

„ not less than 5 years and less than 10 years,—3 months' pay.

„ „ 10 „ „ 15 „ —4 „ „

„ „ 15 „ „ 20 „ —5 „ „

„ „ 20 „ „ —6 „ „

Compensation and invalid pension.

(b).—Compensation and invalid pension:

Service not less than 30 years,—half pay not exceeding four rupees.

1. In special cases the Government of India grants more than half pay; but never more than four rupees.

2. Service rendered before the age of sixteen years does not qualify.

3. For inferior service in Mysore no pensions are given. But compensation and invalid gratuities may be granted at the rate of one month's pay for each year of service (without limits as to the number of years' service), the pay to be taken at the average of the last three years. Inferior servants on the Sowar establishment and on the establishments attached to the Bara infantry come under this Rule.

In Mysore.

4. To servants of the Mysore Palace establishment, pensions may be granted at the rates prescribed in this Section; and the Chief Commissioner may grant compassionate allowances to helpless old servants not entitled to regular pensions. A portion, not exceeding half, of the pensions of these servants, may be continued to their widows, if they have no other means of subsistence, and if no arrangements can be made to employ any member of the family.

5. An officer should not, without urgent necessity, be invalided when he has nearly completed 30 years' service. The Government cannot undertake to overlook a deficiency of service resulting from an officer being prematurely invalided. The principle of this rule applies to all analogous cases.

C.—FOR SERVICE PARTLY INFERIOR AND PARTLY SUPERIOR.

SECTION 66.—If the service of an officer have been for some time inferior and for some time superior, he has the option of counting the whole as inferior service towards pension or gratuity on the inferior scale, or of counting so much of it as is superior towards pension or gratuity on the superior scale.

A gratuity on the superior scale under this Section is calculated upon the emoluments which the officer drew when last in superior service. A gratuity on the inferior scale is calculated upon the pay (whether on the superior or inferior scale) which he drew immediately before retirement from service. If an officer has been, as a penalty for misconduct, reduced from the superior to the inferior class, he should not be allowed the benefit of this Section without special reference to the Government of India.

SECTION 67.—If an officer has been promoted from an inferior to a superior grade as a reward for meritorious service, the case will be specially considered by the Government of India.

1 This Rule is to be strictly interpreted, and claims under it can be founded only on exceptional promotion, made out of the ordinary course.

Explanation as to full pension.

SECTION 68.—The full pension or gratuity admissible under the Rules is not to be given as a matter of course, or unless the service rendered has been really approved.

Reduction.

1 If the service has not been thoroughly satisfactory, the Local Government should make such reduction in the amount of pension or gratuity as it thinks proper.

CHAPTER XIII.

Calculation of Pension and Gratuity.

SECTION 69 (a).—Unless there be something repugnant in the subject or context, the words "pay" and "emoluments" used in CHAPTER XII, mean the pay and emoluments which the officer was receiving immediately before his retirement from service.

Meaning of "pay" and "emoluments."

(b).—"Average emoluments" means the average calculated upon the last five years of service.

1. In the case of an officer claiming the benefit of Section 43, Rule 1, "average emoluments" means the average calculated for the whole of the service necessary to qualify for the pension granted, excluding any excess service rendered before the commencement of the necessary period, and a gratuity is to be calculated on "average emoluments" (as defined in this Section) instead of on "emoluments."

2. If during the last five years of his service, an officer has been absent on leave with allowances, or, having been suspended, has been, under Section 45, reinstated without loss of service, his emoluments, for the purpose of ascertaining the average, should be taken at what they would have been had he not been absent on leave or suspended. provided always that his pension must not be increased on account of increments in pay not actually received. But if the leave is reckoned as service under Section 44, Rule 2, only the allowance actually received during the leave should be taken into account.

3. If, during the last five years of his service, an officer has been, for a period, without allowances, or in inferior service, or suspended under such circumstances that the period of suspension does not count as service, such period should be disregarded in the calculation of the average, an equal period before the five years being included.

4. Excepting as provided in Rules 2 and 3, only emoluments actually received can be included in the calculation. For example, when an officer is allowed to count time retrospectively towards increase of pay, but does not receive retrospectively the intermediate periodical increments, these intermediate increments are not reckoned in the calculation.

Emoluments actually received to be reckoned.

5. If an officer has held more than one appointment, in respect of each of which, if he had held it separately and alone, pension or gratuity would have been admissible to him, the pension or gratuity, or pension and gratuity, admissible to him, is the sum of the several pensions or gratuities, or pensions and gratuities which would have been admissible to him if he had held each office separately and alone. The consolidated pension thus admissible is subject to the limitations prescribed in Section 59 (b) and (c).

6. An officer is not entitled, for service in an office conjointly with another office, to any pension or gratuity which would not have been admissible to him, if he had held the office separately and alone.

Definition of "emoluments." SECTION 70 (a)—In the term "emoluments" are included the following:—

(1)—Pay of substantive appointment; (2)—Personal allowance; (3)—Fees or commission, if they are the authorised emoluments of an appointment, and are in addition to a substantive pay; and commission in the case of a Thoozyee; (4)—Field allowances i.e., horse and tent allowance, of any officer in the Survey Department in the Bengal Presidency who retires from the service on or before the 1st September 1882; (5)—Change allowance to Signallers in the Telegraph Department; (6)—Bullock Train and Punjab Military Horse Van Dak allowance in the Post Office Department.

(b)—Other allowances are excluded, such as—

(1)—Local allowances, (2)—Allowances given for duties performed in addition to the work of a regular appointment; (3)—Messing allowances, Working allowances and Provision allowances to officers in the Marine Department; (3A)—Field allowances (i.e., house and tent allowances) of officers of the Survey Department, excepting officers in Bengal who retire before 1st September 1882; (4)—House rent allowances, or estimated value of free quarters; (5)—Tour and other allowances (to officers who accompany the Viceroy or any Government); (6)—Compensation for dearness of provisions.

(c)—Acting allowances and allowances drawn by an officer appointed substantively *pro tempore* may not be included, unless the *pro tempore* or acting service counts under Section 8, or Section 19, Rule 2, as the case may be

Acting allowances

Deputation allowances

1. When an officer in permanent employment is deputed on temporary duty, he cannot count his additional allowances for the deputation. (Section 20)

2. But this Rule does not apply to an officer deputed to service in the Income Tax Department, or to an officer deputed on abolition of his appointment to special duty (Section 21), or to an officer who, at the time of the abolition of his appointment, was on special duty. In these cases the full allowances are counted.

3. If an officer who is *temporarily* transferred to service not under the control of Government, does not pay any contribution under Chapter VII, he cannot count, for the time passed in such service, higher pay than he had when he was transferred to it.

4 In the case of Section-writers and Press servants whose service qualifies under Section 22, "pay" and "emoluments" mean the average earnings of the last six months of service. (If the gratuity is on the superior scale, this means the average of the last six monthly bills exceeding ten rupees) "Average emoluments" means the average of the last seventy-two monthly bills exceeding ten rupees.

5 In cases falling under clause (a) of this Section, "emoluments" means the average earnings of the last six months of service.

Net emoluments only to be taken.

SECTION 71—Any part of an officer's pay or emoluments which is specially intended to provide for expenses incidental to his duty, must be excluded.

Examples.—When an officer's pay is intended partly to cover the expense of his providing keeping a horse, his pay must be taken only at what it would be if it was not intended to cover such expense. When a water-carrier's pay provides for his keeping a bullock, his pay must be taken at what it would be if he were not required to keep a bullock.

When a consolidated pay specifically includes tentage, travelling allowance, or house allowance, these must be deducted.

The commission paid to a Thoozyee in Burmah goes in part to pay expenses of collection and remittance of money. Account must be taken of the remainder only.

1. So, also, when an officer's pay is given at two rates, a smaller rate during stationary duty, and a higher rate during periods passed on tour or travelling, the former rate alone should be the basis of the calculation.

CHAPTER XIV.

Applications for Pension or Gratuity.

SECTION 72.—Every NON-GAZETTED officer, with the exception of Police officers whose pay does not exceed twenty rupees, and officers in the Post Office Department or the Inland Customs Department whose pay does not exceed ten rupees, is required to keep a Service-book in which should be entered a statement of every step in his official life, each entry being attested, at the time, by the immediate head of the office in which he is serving. For officers of the Inland Customs Department, whose pay does not exceed ten rupees, a roll must be kept such as is prescribed in Section 114 (a) for the Police.

If the officer is himself at the head of an office (e. g., a Deputy Post Master or a Sub-Inspector of Police), the attestation should be made by his immediate superior.

1. The opening page should be divided for entries in the following form

1 Name of officer (2) Caste or race. (3) Residence (4) Father's name and residence. (5) Age (6) Exact height by measurement 7. Personal marks for identification. (8) Date on which page is filled up. (9) Signature of officer. (10) Signature and designation of the head of the office.

The entries in this page should be renewed or re-attested at least every five years.

2 The remaining pages should be divided for entries in the following form.

(1) Name of appointment. (2) Whether substantive or acting, and whether permanent or temporary. (3) If acting, here state the substantive appointment (4) Pay. (5) Acting allowance. (6) Date of commencement of appointment. (7) Signature of officer. (Character of officer *) (9) Signature and designation of immediate head of the office. (10) Date of termination of appointment (11) Reason of termination (such as promotion, transfer, dismissal, &c. (12) Signature of immediate head of the office.

No entries need be made in column 8 except when there is anything especially good or bad to be recorded.

8. Leave of every description (except casual) every period of suspension from employment, and every other break of service, should be noted, with full detail of its duration by an entry written across the page, and attested by the head of the office

4. A Service-book is supplied, at his own cost, to every officer on his first appointment.

5. The Service-book of an officer is to be kept in the office in which he is serving, and transferred with him from office to office. It may be given up to the officer if he resigns or is discharged without fault, an entry being first made therein to this effect.

6. Every officer is charged with the duty of seeing that his own service-book is properly kept up, and that all erasures in it are properly attested. If the book is not carefully kept up, difficulties may arise as to verification of service, should the officer afterwards apply for pension or gratuity.

SECTION 73.—An applicant for pension or gratuity, not being a gazetted officer, should submit to the authority whose duty it would be to fill up his appointment if vacant, his Service-book, and a statement of the following particulars:

(a)—The date of the Christian era on which the applicant was born. (b).—List of appointments, substantive and acting, held during the service for which pension or gratuity is claimed, showing, when any appointment was only an acting one, what substantive appointment was held at the same time. The dates of the beginning and ending of each appointment should be stated, and the pay and acting allowance drawn in each. (c).—Dates of beginning and ending of such period of leave. (d).—An explanation of each break in continuity of service.

1. An officer may submit his application for pension or gratuity even though he has not ceased to be borne on the establishment; but the application must be supported by a certificate from the authority whose duty it would be to fill up his appointment if vacant, that the officer is likely, within six months, to return from Government service. The certificate is to be forwarded to the Accountant

* Circular of the Government of India, in the Home Department, dated 15th June 1869.

The Governor General in Council has recently had under consideration a case in which a public officer, the head of a Department, in granting a certificate to one of his subordinates, suppressed the true reason for which the subordinate had been removed from his appointment. Such an omission may, obviously, be injurious to the interests of the public service. I am therefore directed to draw attention to the subject, and to request the issue of orders to all public officers, warning them to be careful in giving certificates to their subordinates, to state the whole truth in respect of character and cause of dismissal or resignation of appointment.

Department, which Department is required then to verify the services in accordance with the Rules under Section 74. This provision is intended to obviate the delays which take place in the verification of service; and it is not to be understood as justifying the preparation of the regular application in Form A, prescribed in Section 75, before the officer has actually retired.

Verification of service.

SECTION 74.—The authority receiving the application should then, in communication with the Account Department, verify the services claimed.

1. If the service has been, wholly or in part, inferior (regarding which service the records of the Account offices are sometimes incomplete), he should first gather from official records and other sources all the information procurable. In respect to superior service, it will be sufficient to gather in the first place, only such information as is easily procurable.

2. The information thus received should then be forwarded to the Account officer concerned, as follow:—

For service in the ordinary civil establishment—The Accountant General;

“ “ the Public Works Department—The Examiner of Public Works Accounts;

“ “ the Post Office Department—The Compiler of Post Office Accounts;

“ “ the Telegraph Department—The Examiner of Telegraph Accounts;

“ “ the Military and Marine Departments—The Controller of Military Accounts;

“ “ the Forest Department—In Madras and Bombay,—The Accountant General; in other places,—The provincial Conservator;

for information as to whether his office records bear out the applicant's statements. If there be any discrepancy, the Account officer will detail the nature of such discrepancy; for instance, that the post which the applicant states that he filled during a certain period is shown, by the Account officer's registers, to have been filled by another man.

3. If the service claimed cannot be wholly verified from the records of the Account offices, reference must be made to the head of the office in which the applicant states that he served during the period in doubt.

4. If it be found impossible to verify the service otherwise, the officer receiving the application should take the affidavit of the applicant (on plain paper,—*See General Stamp Act, 1869, Section 15, Clause 12*), and should also collect such collateral evidence as may be procurable: for instance, certificates, such as those given by an officer to a subordinate on his leaving an office, and the testimony of contemporary servants.

5. The service will be admitted or rejected upon consideration of the whole evidence thus afforded.

SECTION 75.—After completing the verification in the manner prescribed in Section 74,

Form of application

the authority receiving the application should draw up the application in Form A, Appendix A, and, arranging with it all the documents relied upon for verification of the service claimed, in such manner that they can be conveniently referred to, forward it, together with the officer's Service book, through his official superior, to the Local Government.

In Sections 75, 76, and 77, “Local Government” includes a Department of the Government of India in respect of all officers immediately subordinate thereto:—

Certificate of character or conduct.

Leave and suspension.

Medical certificate.

Medical certificate.

SECTION 76.—A GAZETTED OFFICER should submit his application, through his official superiors, to Local Government. The application should

be drawn up, in the Form prescribed in Section 75, either by the officer himself or by the head of the Department in which he is serving; and the Rules under that Section apply, save that it is not necessary to have the service formally verified before forwarding the application.

SECTION 77.—The last officer through whom the application passes should send it to the chief provincial Account officer of the Department,

Accountant General's report.

instead of forwarding it direct to the Government. The Account officer will (after verifying the service in the manner prescribed in Section 74) submit the application to the Local Government with a

report upon the claim for pension or gratuity, and the Rules applicable to the case. He will also certify the correctness of the calculations of service, and of pension or gratuity.

1. If the case is plainly incorrect or incomplete, the Account officer should return it for correction or explanation.

2. In the Post office Department, the compiler being subordinate to the Director General, the application should go to him first, and to the Director General afterwards.

3. In the column of Form A, reserved on the second page for the remarks of the Account officer, he should note briefly his reasons for disallowing any service claimed, and his explanation of any apparent discrepancies and the like. This Rule applies to the case of both gazetted and ungazetted officers.

CHAPTER XV.

Powers of the Local Government and of the Government of India.

SECTION 78.—In a case falling clearly and strictly within the letter of the rules, the Local Government may grant the pension or gratuity admissible. Whenever such grant of a pension or gratuity is communicated to an officer, he should be at the same time informed that the grant is subject to revision by the Government of India in the Financial Department, and that should the amount granted be found to be in excess of that to which the Government of India in the Financial Department considers him entitled under the rules, he will be called upon to refund such excess. If any interpretation of the rules is involved, or if any indulgence not provided for by the rules is proposed, the Local Government should submit the case, with its opinion and recommendation,* to the Government of India in the Department in which the officer has served. Until the reply of the Government of India is received, a recommendation of this nature should never be communicated, directly or indirectly, to the officer concerned.

1. The Governments of Bombay and Madras should, upon questions of pension and gratuity, communicate with the Secretary of State, through the Supreme Government, and not directly.

2. An application in Form A or D, Appendix A, as the case may be, should accompany every special recommendation made under this Section.

SECTION 79.—Returns (in Form C, Appendix A) of pensions and Gratuities granted during the quarter, should be submitted by the Local Governments to the Supreme Government as soon as possible after the end of each quarter of the financial year. These returns should include all civil pensions and gratuities sanctioned during the quarter, in whatever Department, by the Government of India or the Secretary of State, as well as by the Local Government, care being taken, however, to enter each pension once only.

Government of India.

SECTION 80.—All claims to pension and gratuity are considered by the Government of India in the Financial Department.

Secretary of State.

SECTION 81.—Pensions and gratuities in excess of the amounts admissible under rule, or involving any relaxation of rule, require the sanction of the Secretary of State.†

1. When special circumstances appear to justify a departure from the rules laid down regarding pensions to uncovenanted officers, it is generally desirable that the allowance granted should be an arbitrarily fixed sum rather than any exact proportion of the pay to which it might be supposed that the rules afford a claim.

SECTION 82.—The Government of India is ordinarily unwilling to pass order on questions affecting the pension of an officer until he actually retires. Memorials which relate to such questions addressed prematurely to the Secretary of State, are uniformly returned.

1. This Section does not prohibit the submission of an application for pension or gratuity on behalf of an officer intending to retire immediately, while he is still in employ. (See Rule 1 under Section 78.)

* In respect to such recommendations, see foot-note to Section 62. (c) note.

† See foot-note to Section 62. (c) note.

CHAPTER XVI.

Manner of payment.

SECTION 83.—The order sanctioning the grant of a pension or gratuity to be paid in India should be forwarded, with a copy of the first page of the formal application, to the Accountant General of the Province in which payment is to be made.

Sanction of pension.

SECTION 84.—The Accountant General will then communicate to the officer who is to pay the pension or gratuity, authority to make the payment, in the case of a pension, such authority will be a permanent pay order in Form B, Appendix A.

Permanent pay order.

1. The disbursing officer will deliver one-half of the order to the pensioner, and keep the other half carefully, in such manner that the pensioner shall not have access thereto.

2. Each payment made is to be entered on the reverse both of the pensioner's half and of the disbursing officer's half of the order, both entries being attested, at the time of payment, by the signature of the disbursing officer. When the reverse of a permanent-pay order is filled up, or when the pensioner's half is found to be worn or torn, both halves should be returned to the Accountant General for renewal.

3. If a pensioner loses his half of the permanent-pay order, the disbursing officer's half should be returned to the Accountant General, in order that he may issue a new order. The observance of Rule 2 will prevent any payment being made on the half alleged to be lost.

Pension when payable.

SECTION 85.—A pension is payable in India in monthly instalments. The pension for each month is payable on the first day of the following month.

NOTE. (1).—This rule applies to ordinary, not to special cases. If, under special circumstances, a pension is granted long after an officer has retired, retrospective effect should not be given to it without the special orders of the Government granting it, in the absence of which special orders such a pension will take effect only from the date of sanction.

(2).—With reference to Section 92 of this Code, a pension should, under no circumstances, be paid, for the first time, in arrears for more than six months, without the special orders of the Local Government.

1. Apart from special orders, a pension, other than an extraordinary pension under CHAPTER XXII, is payable from the date on which the pensioner ceased to be borne on the establishment, or from the date of the application, whichever is later. The object of this latter alternative is to prevent unnecessary delay in the submission of applications. The rule may be relaxed, in this particular, by the Local Government, when the delay is sufficiently delayed.

2. Pension is payable for the day on which the pensioner dies.

Personal appearance at time of payment.

SECTION 86 (a).—Unless specially exempted by the Local Government, a pensioner must take payment in person, after identification by comparison with the permanent-pay order.

(b).—A female pensioner who is not accustomed to appear in public, and a male pensioner who is unable to appear in consequence of bodily illness or infirmity, or is exempted from personal appearance by the Local Government, may receive his or her

Exemptions.

pension upon the production of a life-certificate signed by a responsible officer of Government, or by some other well-known and trustworthy person. In such cases, the disbursing officer must take all possible precautions to prevent imposition, and must, before the first payment in each year, require proof not only of the existence of the pensioner, but also, if the pensioner is a male and has not been exempted from personal appearance by the Local Government, of his inability to attend in person to receive payment.

1. The disbursing officer is personally responsible for any payment wrongly made, and should take every precaution against fraudulent personation. In case of doubt he should refer to the Accountant General.

2. A pensioner of rank may be privately identified by the disbursing officer and need not be required to appear at a public office.

Certificate of non-employment.

SECTION 87.—A pensioner, drawing pension in India, is required to append to his bills a certificate as follows:—

"I declare that I have not received any remuneration for serving Government in any capacity during the period for which the amount of pension claimed in this bill is due."

1. In the case of a pensioner permitted under Chapter XX to draw pension after re-employment this certificate should be modified according to the facts.

SECTION 88. (a).—An annual return of pensioners in Form E, Appendix A, should be sent to the Accountant General from every office whence pensions are disbursed. The Accountant General will submit to the Government of India an abstract of these returns compared with the following table showing the probable rates of mortality calculated for Native army pensioners.

NOTE.—1. The return should include pensioners to whom pensions have been granted otherwise than under the Rules in this Code.

2. The Local Government should instruct the Police or some other suitable subordinate agency to report promptly to the District Officers the death of any civil pensioner; and District Officers should enquire immediately into the cause of the non-appearance of any pensioner to draw his pension.

Age.	Rate of mortality per cent.			
Under 60	4.
60—60	4.5
60—65	6.5
65—70	8.
70—75	10
75—80	12.
80—85	12.5

(b).—The return is in three parts: (1) for pensions not exceeding Rs. 10; (2) for pensions exceeding Rs. 10, but not exceeding Rs. 50; (3) for pensions exceeding Rs. 50.

CHAPTER XVII.

Place of payment.

Payable at any treasury

SECTION 89.—A pension or gratuity is payable at any treasury in India, or, if the recipient is resident in Europe, at the Home treasury of the Government of India in London.

1. At the Home treasury, pensions are paid quarterly, at the rate of exchange which is annually fixed for the adjustment of transactions between the British and Indian exchequers.

2. Rule 1 applies to an officer under covenant, who is entitled by his covenant to pension in accordance with the rules applicable to uncovenanted officers; the covenanted rate of exchange for his pay and allowances does not, unless it is expressly so stated, apply to his pension.

Transfer between England and India.

SECTION 90.—Transfer of pension from the Home treasury to an Indian treasury, or *vice versa*, is permitted only once.

1. An application for transfer of payment from India to the Home treasury should be made to the Accountant General within whose jurisdiction the treasury of payment is. If the transfer is admissible, he will grant a last-pay certificate, forwarding a duplicate,† with copy of the first page of the application upon which the pension was originally granted to the Comptroller General (or, in Bombay and Madras, to the Local Government) for transmission to England, if not admissible, he will take the orders of the Government of India in the Financial Department.

2. If the pension is not wholly chargeable against the General Revenues, care must be taken to state on the certificate how it is to be debited.

SECTION 91.—A Local Government or an Accountant General may, on application, and on sufficient cause shewn, permit transfer of payment from one treasury in India to another. This jurisdiction may be delegated, by the Local Government, to Commissioners of Divisions, or to any higher executive authority.

1. Copy of any order issued by a Local Government or other executive authority under this Section should be forwarded to the provincial Accountant General, and the Collector of the District from which the payment is to be transferred should be instructed to return his half of the permanent-pay order. The Accountant General will then issue a new one to the officer who will in future pay the pension, or, if the officer belongs to another province, will move the Accountant General of this province to do so.

2. A District officer may authorise payment in any of the outlying treasuries subordinate to the District treasury, of a pension payable, under proper authority, at his head-quarters, and may transfer the payment of a pension from such subordinate treasury to the District treasury, or from one subordinate treasury to another in the same District.

* See Appendix C, Extract 8

† See foot-note Chapter XII, Case I.

CHAPTER XVIII.

Lapse and Forfeiture of Pensions.

SECTION 92. If a pension payable in India, remains undrawn for more than six months the permanent-pay order must be returned to the Accountant General and the pension ceases to be payable. If the pensioner afterwards appears, the disbursing officer may reclaim the permanent-pay order and renew the payment; but the arrears cannot be paid without the order of the Local Government obtained through the Accountant General.

1. If the suspension of payment is attributable to error or neglect by any public officer the Accountant General may direct payment of the arrears without taking the orders of the Government.

2. If a pensioner or a person entitled to a gratuity dies, payment of any arrear actually due may be made to his heirs, provided that they apply within six months from his death it cannot be paid thereafter, without the sanction of the Local Government. Even if the pension or gratuity has not been sanctioned before the death of the officer, the payment may be made, under the orders of the Local Government. If an officer dies before actually retiring or being discharged, his heirs have no claim to anything.

SECTION 93.—Future good conduct is an implied condition of every grant of pension. The Government reserves to itself the right of withholding a pension, if the pensioner be convicted of serious crime, or be guilty of grave misconduct.

CHAPTER XIX.

Commutation of Pensions.

SECTION 94.—A life pension not exceeding twenty rupees a year may, at any time, on certificate of good health by the Medical officer (Covenanted or Uncovenanted) of the District, and provided the pensioner's age does not exceed seventy years, be commuted at the rates shewn in Table A in Appendix E. The pension of a pensioner whose age is more than seventy years cannot be commuted except by special order of the Government of India.

1. If a pensioner whose pension has been commuted, dies before receiving the commutation value, it is payable to his heirs.

2. The only general rules for the commutation of pensions are those in this Chapter. The policy of the Government of India is opposed to the commutation of pensions save under very exceptional circumstances; Local Governments and Administrations should invariably consult the Government of India before ordering (under the operation of Section 10* of Act XXIII of 1871) the commutation of pensions otherwise than as provided for in this Chapter.

3. Rule 2 is not to be understood as interfering with the rules which have already been issued with the sanction of the Government of India in regard to the commutation of any Special classes of pension in any Presidency or Province.

SECTION 95.—A gratuity may, at the discretion of the Government of India, or, with the sanction of the Government of India, on the application of the recipient, be converted either to a life annuity, or to a temporary life annuity, or to an annuity payable for a certain number of years, with remainder to the recipient's heirs in case of his death.

1. The amount of a life annuity will be determined in accordance with the rates shewn in Table A printed as Appendix E.

2. The amount of a temporary life annuity will be determined by the formula given in the Note to Table A in Appendix E.

3. In calculating the amount of an annuity for a fixed number of years, the Savings Bank rate of interest will be employed. For the present that rate is 3½ per cent.—*vide* Table B in Appendix E.

4. The Government of India will never insist on the conversion of a gratuity into a life annuity, or temporary life annuity, unless the expectation of life of the recipient be reported by competent medical authority to be equal to the average.

(NOTE.—These rules for the commutation of gratuities do not in any way modify the periods of service for pension required by the existing rules.)

* "The Local Government may, with the consent of the holder, order the whole or any part of his pension, or grant of money, or land revenue, to be commuted for a lump sum on such terms as may seem fit."

CHAPTER XX.

*Re-employment of Pensioners and Persons who have obtained Gratuities.**

SECTION 96.—An officer who has obtained a COMPENSATION GRATUITY, if re-employed in qualifying service, may either retain the gratuity, in which case his former service will not count for future pension or gratuity, or refund it and count his former service.

After compensation gratuity.

1. The intention to refund must be stated immediately on re-employment; but the refund may be made by monthly instalments of not less than one-third of the officer's salary and not less than the whole gratuity divided by the number of months which have elapsed since the end of the service for which the gratuity was given. The right to count previous service does not revive till the whole amount is refunded.

SECTION 97.—An officer who has obtained COMPENSATION PENSION, if re-employed may retain his pension in addition to his pay; provided that the sum total shall not exceed the pay of the appointment on abolition of which the pension was given. If his re-employment is in qualifying service, he may either retain his pension (subject to the proviso above stated), in which case his former service will not count for future pension, or cease to draw any part of his pension and count his previous service. Pension immediately drawn need not be refunded.

After compensation pension

1. In the case of a Section-writer or Press servant (*see Section 22*) re-employed, the pay of the appointment abolished is taken at the average earnings of the last six months of employment.

2. If an officer does not, within three months from the date of his re-employment, exercise the option conceded by this Section, of ceasing to draw pension and counting his former service, he may not, thereafter, do so without the permission of the Government of India.

3. An officer who under this Section draws pension in addition to pay shall, during leave of absence from his new office, draw so much of his pension as will bring his whole allowances during leave up to the amount which would have been admissible to him if he had taken leave of the same kind under the same circumstances while holding his abolished appointment, provided that his allowances on leave shall never be less than his pension.

SECTION 98.—There is no bar to the re-employment of an officer who has regained health after obtaining INVALID PENSION OR GRATUITY, or, if an officer is invalid as being incapacitated for employment in a particular branch of the service to his re-employment in some other branch of the service. The rules in such a case as to refunding gratuity, drawing pension, and counting service, are the same as in the case of re-employment after compensation pension or gratuity.

After invalid pension

SECTION 99.—An officer who has obtained a SUPERANNUATION PENSION OR GRATUITY is, by the nature of the case excluded from re-employment.

After superannuation pension.

SECTION 100†—An officer who has obtained a RETIRING PENSION cannot be re-employed except on strong public grounds, and with the express sanction of the Government of India in the Financial Department. If so re-employed, he is permitted to draw pension in addition to full pay. There is no objection to the employment of such a pensioner in service paid from Local Funds.

After retiring pension

* For the Statute 85 Vic. Cap. 12, which regulates the re-employment of pensioned civil servants of the British Government, see Appendix C, of the Civil Pension Code. It does not apply to servants of the Government of India.

† Extract from a Financial Despatch from the Secretary of State for India,—No. 518, dated 4th December 1872.

Para 2. In reference to this case, you state that, in the Financial despatch dated the 9th July 1868, No. 290, "the following rule was laid down" —

"When an officer who has retired on a pension obtained, not on medical certificate, but after a prescribed period of service, is subsequently employed in any public capacity, he shall be permitted to draw the pension in addition to the salary of the office to which he may be appointed; but, in the event of a Military officer resigning the service after he has been appointed to a civil office, he must at the same time vacate that office. He may, however, be re-appointed to the office, not as a matter of course but only in the event of your considering it decidedly for the benefit of the public service."

3. You also state that the principle of that rule, which was at first applicable to Commissioned officers in Civil Employ, has been extended to all Civil officers, and that Section 100 of the Civil Pension Code provides that "no officer can be permitted to retire

No officer can be permitted to retire with the view of being re-employed, whether in the general service or at the charge of Local Funds, and drawing pension in addition to pay.*

SECTION 101.—An officer holding two or more separate appointments may not, save with the express sanction of the Government of India in the Financial Department, receive a pension or gratuity in respect to one or more of such appointments, without returning from the service altogether. There is no objection to his being relieved from one or more of such appointments at any time, without being compelled to leave the service altogether; but, in such case, any pension or gratuity which may be admissible to him in respect to the office or offices from which he is relieved, will be deferred until he finally retires.

1. **THE RULES** in this CHAPTER do not apply to an officer pensioned on the abolition of the Indian Navy. If such an officer is re-employed, his service will be on exactly the same terms as if he had never been employed before. But, so long as he is employed, his navy pension will be held in abeyance, excepting so much of it as is necessary to raise his total emoluments to one-and-a-quarter times the amount of his pension. If he has commuted his pension for a single payment, the same deduction will be made from his allowance as if he had not done so.

2. But Engineers, Boiler-makers and Warrant officers of the Indian Navy, who were pensioned on the abolition of this Navy, are permitted to draw pension, during re-employment, in addition to full pay.

3. The rules in this CHAPTER do not apply to a military pensioner in civil employ, the claims of such an officer to salary, pension and gratuity in the Civil Department, are dealt with without reference to his military pension. But the pension of a Commissioned officer other than a "good service" pension, or of the heir of a native Non-commissioned officer or soldier, will, during re-employment, merge in his salary.

4. A civil, military, or naval pensioner of any class may, under the orders of the Local Government, be employed without loss of pension, on duty which is *bona fide* temporary, lasting for not more than a year.

5. If an officer of the Subordinate Medical Department, holding a civil appointment, continues in civil employ after he has earned his military pension, his pension remains in abeyance.

6. There is no objection to a pensioner of any class, being appointed to be Sub-Registrar of Assurances if he be remunerated by fees only.

7. Except as provided in Rules 1, 2 and 3, an officer, who, having been discharged with a pension or gratuity, is subsequently re-employed, may not count his new service for a separate pension or gratuity. Pension or gratuity is in any case admissible only for the new service combined with the old, the whole being counted as one service. Provided, however, that if a gratuity received for the earlier service has not been refunded, gratuity or pension (as the case may be) may be allowed for the subsequent service on condition that the amount of such gratuity, or the present value of such pension calculated according to table A Appendix E., plus the amount of the previous gratuity, shall not exceed the amount of gratuity, or the present value of the pension calculated according to Table A in Appendix E., that would have been admissible had the gratuity received for the earlier

with the view "of being re-employed, whether in the general service, or at the charge of Local Funds, "and drawing pension in addition to pay," and you propose that the rule should now be extended to Military officers in Civil Employ.

4. Previous to the receipt by you of the Financial Despatch, dated the 8th July 1868, No. 290, it was the invariable rule that a military pension should merge in civil salary, and it was only on "your strong recommendation" that any modification of that rule was authorized.

5. Under the terms of the modification sanctioned in 1868, you have full power to guard against the abuse of the concession granted by declining to re-appoint any officer to a civil appointment who may resign the service for the purpose of obtaining military pension in addition to civil salary: and I am of opinion that you should do so, except under exceptional circumstances, when it is decidedly for the benefit of the public service. I see no objection, however, to your proposition to extend to Military officers in Civil Employ the rules on the subject which you have laid down as regards Civil officers.

* The Governor General in Council observes that in the case of a Soldier in civil employ who has earned his army pension, there is no objection to his being continued in civil employ, on condition that his army pension remains in abeyance during the period of such continuance in civil employ.—*Financial Resolution, No. 768, dated 8th January, 1876.*

service been refunded. If the amount of such gratuity, or the present value of such pension, plus the amount of the previous gratuity, exceeds the amount of gratuity, or the present value of the pension that would have been admissible if the gratuity received for the earlier service has been refunded, the excess must be disallowed.

EXAMPLES TO THE PROVISIONS:—1. A. B. after a service of 8 years, received a gratuity of Rs. 4,800. A. B. was re-employed but did not refund the gratuity. After serving for 5 years, A. B. becomes eligible for an invalid gratuity of Rs. 8,000. If A. B. had refunded

Rule 7, Section 101

the gratuity for the earlier service, he would have been entitled to a gratuity of Rs. 7,200. As the gratuity admissible for the new service, plus the gratuity received for the earlier service exceeds the gratuity which would have been admissible to A. B. if the gratuity for the earlier service had been refunded, A. B. is entitled to receive a gratuity of Rs. 3,000 minus Rs. 600 which is the excess.

2. C. D. obtained a gratuity of Rs. 4,000 after a service of 8 years. C. D. was re-employed but did not refund the gratuity. After serving for 16 years, C. D. at the age of 48 years becomes eligible for an invalid pension of Rs. 150 a month. If C. D. had refunded the gratuity for the earlier service he would have been entitled to a pension of Rs. 150 a month. The present value of the pension of Rs. 150 (Rs. 18,971-14-0) plus the gratuity received for the earlier service is equal to Rs. 22,971-14-0 and as this is in excess of the present value of the pension by Rs. 4,000, the excess should be disallowed. C. D. will therefore be entitled to a pension of which the present value is Rs. 14,971-14-0 or a pension of Rs. 118-5-11 a month.

3. E. F. is removed after a service of 10 years with a gratuity of Rs. 8,000. E. F. was re-employed but did not refund the gratuity. After serving for 20 years, E. F. at the age of 55 years becomes eligible for a superannuation pension of Rs. 150 a month. If E. F. had refunded the gratuity for the earlier service he would have been entitled to a superannuation pension of Rs. 225 a month. The present values of the pension of Rs. 150 and Rs. 225 are respectively Rs. 16,092-3-0 and Rs. 24,138-4-6. The present value of the pension of Rs. 150 plus the amount of the gratuity received for the earlier service, does not exceed the present value of the pension that would have been admissible if the gratuity for the earlier service had been refunded. E. F. is therefore entitled to the pension of Rs. 150 a month.

8. The following is the Statute Law applicable to Governors General, Governors and Ordinary Members of Council

3 and 4 William IV Cap. 85, Section LXXVII.

"Provided always, and be it enacted, that if any Governor General, Governor or Ordinary Member of the Council of India, or any Member of the Council of any Presidency,

(* *Sic in original—Query "under."*)

shall hold or enjoy any pension, salary or any place, office or employment of profit under the Crown or any public office or* the said Company (East India Company), or any annuity payable out of the Civil or Military Fund of the said Company, the salary of his office of Governor General of India, Governor, or Member of Council, shall be reduced by the amount of the pension, salary, annuity, or profits of office so respectively held or enjoyed by him."

CHAPTER XXI.

Special Rules for the Police.

SECTION 102.—The following special rules apply to members of Police Forces constituted under Acts XIII of 1856, XXIV of 1859, and V of 1861 of the Governor General of India in Council, Act IV of 1866 of the Lieutenant Governor of Bengal in Council, and Acts VII of 1867 and I of 1872 of the Governor of Bombay in Council.

1. The Trans-Indus and Port Blair Police Forces, though not organised under Act V of 1861, and never possessing a Superannuation Fund, are on the same footing, as to pension and gratuity, as the legally constituted Police.

Municipal and Railway Police.

Municipal Police.

SECTION 103 (a).—If the Police of a town are wholly supported by, and under the control of, a Municipality, the Government has no concern with their pensions or gratuities.

(b).—But if the Government, being interested in the efficiency of a Police Force paid, wholly or partly, by a Municipality, or from Cantonment Funds, or from the General Revenues subsidised by a contribution from a Municipality, or from Cantonment Funds, undertakes the organisation and control of the Force, as connected with, and auxiliary to, the Civil Constabulary, service in such a Force is treated as service under Government. The contributions of Municipalities or of Cantonment Funds towards the cost of the pensions and gratuities of such Forces are, for the present, undetermined.

Exception.—Members of the Police Forces employed by small Municipalities in Sind, and by village communities in the District of Hyderabad in Sind, are not entitled to pensions and gratuities.

1. The Police Forces in the presidency towns of Calcutta, Madras and Bombay, and in the Municipalities in Lower Bengal, come under this clause.

SECTION 104.—Service in the Railway Police on the East Indian and the Sind, Punjab and Delhi Railways, and in Bombay, is treated as service under Government, though such Police are either wholly or partly paid by the Railway Companies.

Railway police.

1. In the Bengal division of the East Indian Railway, the Railway Company pay six per cent. in addition to pay and salary, to discharge their liability for pension. In the other divisions another arrangement is in force.

QUALIFYING SERVICE.

Qualifying service.

SECTION 105.—Service in any of the Police Forces mentioned in Section 102, after the establishment of a Superannuation Fund* in the Force, qualifies.†

1. Members of office establishments permitted to subscribe to the Police Superannuation Funds by Financial Department order No. 3398, dated 27th July 1863, may count the service during which they so subscribed.

Exceptional privileges.

SECTION 106.—In the following cases, members of Police Forces have exceptional privileges in regard to pension.—

(a).—Soldiers of the Sikh Government to whom service was guaranteed (see Section 18 (c)), and who, on the breaking up of the Punjab Military Police in which they had enlisted, were transferred to the Civil Police, are, if their pay does not exceed twenty

rupees, entitled to invalid pensions at line rates for their service under the Sikh Darbar, and in the Military Police, and in the Civil Police. First class Sergeants get pension as Havildars, second class Sergeants as Naiks, and Constables as Sepoys.

(b).—Men who after completing, on 8rd May 1861, four years' service in the Army, or in the Oudh Military Police, were transferred to the Oudh Civil Police and were in employ in this force on 29th January 1864, are, if their pay does not exceed twenty rupees,

entitled for their service in the Army, and the Military Police, and in the Civil Police, to

* The Superannuation Funds were Funds to which, with the exception of certain soldiers of the Sikh Darbar (See Section 18 (c)) and members of the Oudh Military Police, Police officers whose pay did not exceed twenty rupees were obliged to contribute. By these contributions they became entitled to pensions according to the rules of the several Funds.

Officers whose pay exceeded twenty rupees did not contribute, as they came under the operation of the ordinary pension rules.

By Act X of 1869, the Superannuation Funds established under Acts XXIV of 1869, and V of 1861 of the Governor General of India in Council, and VII of 1867 of the Governor of Bombay in Council, were abolished. The Superannuation Funds which had been established in the Madras town police, under Act XIII of 1866, having been by Act VIII of 1867 of the Governor of Madras in Council, amalgamated with that established under Act XXIV of 1869 of the Governor General in Council, was abolished with the latter. The Funds established under Act IV of 1866 of the Lieutenant-Governor in Council, and Act I of 1872 of the Governor of Bombay in Council, in the Calcutta and Bombay Town Police, are still in existence.

In the Police Forces of which the Superannuation Funds were abolished, the pay of the men was reduced, either individually or on the average, to its previous nominal amount, less subscriptions to the Funds, the Government undertaking the liabilities of the Funds.

† Letter from Government of India, Financial Department, to Government of Bombay,—No 1051, dated 23rd June 1876.

I am directed to acknowledge the receipt of your letter No 1860, dated 27th April 1876, enquiring whether armourers, bellows-boys, bluesties, and muckies who have subscribed to the Police Superannuation Fund should be allowed pensions according to the special rules for the police, or according to the scale prescribed in section 65 of the Civil Pension Code, and whether in the latter case, the subscriptions recovered from them on account of the Police Superannuation Fund should not be refunded.

2. In reply, I am to say that, as a general rule, the subscriptions recovered from the employees in question should be refunded to them with interest, and their claims to pensions and gratuities will then be dealt with in accordance with the ordinary rules for inferior servants. In the case, however, of men who have served for not less than ten years, the option should be allowed, viz., either of receiving back their subscriptions and coming under the ordinary pension rules, or of continuing their subscriptions and eventually receiving pensions under the special rules for the Police.

pensions on the terms applicable to Local and Irregular troops of the rank corresponding to that which they may attain in the Police.

- (c).—Men of the Mhairwarra Battalion, who were present on parade on the 1st July 1857, and were, subsequently, transferred to the Ajmir and Mhairwarra Police, are entitled to pensions at the rates for soldiers of the line.

Previous service when qualifying.

- (a).—In the first two cases

Sikh Darbar soldiers and Oudh military police.

SECTION 107.—In the following cases, service rendered before enlistment in the new Police Constabulary qualifies:—

mentioned in Section 106, if the men subscribed to the Superannuation Fund in order to obtain the higher pension, admissible under its rules, or if, by serving on pay higher than twenty rupees, they have become entitled to the pension prescribed in Section 111, the previous service mentioned in Section 106 qualifies.

Men of native army.

(b).—Soldiers transferred to the Police on the reductions of the Native Army which were made in 1861, count their army service.

- (1).—In February 1867 it was declared that this rule would be applicable to all future transfers to the Police on occasions of reduction of the Native Army.

- (2).—In the Punjab Police, men counting service under this rule, if they were faithful during the mutiny when their Regiments joined the rebels, are entitled to pensions at the rates for soldiers of the line, instead of the rates of the Superannuation Fund.

- (3).—Soldiers who formed part of the garrison of Lucknow during the siege in 1857, count three years' additional service.

- (4).—A man voluntarily taking discharge from the Army and entering the Police, cannot count past service.

- (5).—Men of the Bhagalpur Hill Ranges, who, on the disbandment of the Corps, took employment in the Police, count their service in that Corps, including the period of employment in it during the time the Corps was under the orders of the Civil Department after the reductions in the Native Army made in 1861.

- (c).—Men who were enlisted in the Central Provinces Police after discharge with gratuity from the Nagpur Irregular Force, or who were transferred to the Police from that Force, or from the Mulki Horse, count their service in these Forces, and also that in the Forces of the late Raja of Nagpur.

- (d).—Men who served with the 1st Regiment, Nagpur Irregular Infantry, or with the Mulki Horse, during the mutiny in 1857, count two years' additional service.

- (e).—Men of the Berar Police, recruited from the Hill Rangers, count their service in that Corps.

Military police.

(f).—Service in the 1st Bengal Military Police Battalion and service in the Oudh Military Police qualifies.

- (g).—Service in superior grades in the old Civil and Military Police (*i.e.*, Darogas and officers of higher rank in the Civil Police, and Jamedars and Officers of higher rank in the Military Police) or in any other Department qualifies.

- (h).—Service in the special Levy of two hundred and thirty men, which, during the mutinies, was organized in the Kaira district, under the supervision of Mr. L. R. Ashburner, then First Assistant Magistrate of Kaira, qualifies.

- (i).—In the North-Western Provinces, the Punjab and Oudh, men count half their service in the inferior grades in the old Civil and Military Police.

- (l).—Men transferred from the Army to the Military Police in the years 1856 to 1861, preserved whatever title they had, at the time of transfer, to pension for Army Service. At the same time, service in the Military Police did not give any further title to pension, except in the cases specially mentioned above. Accordingly, men who possessed this title to pension for Army Service, and were transferred from the Military Police to the Civil Police, count their previous Army Service.

(m).—Pensions granted to men who count Army Service under the above Rules are, if their service in the Army was sufficient to entitle them to pension if discharged without fault, a charge on the Military Department; otherwise they are a charge upon the Civil Department.

Pensions for army service how chargeable.

SECTION 108.—A Policeman on pay not exceeding twenty rupees, who re-enlists within one year after discharge, may, at the discretion of the Inspector General, count his service before discharge.

AMOUNT OF PENSION OR GRATUITY.

SECTION 109.—The pension or gratuity admissible to an officer whose pay at date of discharge or resignation does not exceed twenty rupees will be determined, as prescribed in Section 110, according to one of the following scales:—

Officers on pay not exceeding Rs. 20

SCALE A.

According to the rules of the Superannuation Fund of the Force.

1. As the rules of the Superannuation Funds did not always provide for compensation pension or gratuity, the following orders were issued with reference to the reductions directed in 1869:

- (1).—Compensation pension and gratuity should be awarded at the same rate as the Superannuation Fund Rules provide for invalid pensions and gratuities.
- (2).—But if the gratuity thus awardable is less than the amount (without interest) of the officer's subscriptions to the fund, the difference should be made up.

SCALE B.

According to the rules prescribed in Chapters XI, XII, and XIII, for the calculation of pensions and gratuities for superior service, except that (1) all service in the Police after the age of 18 years qualifies, (2) in addition to the leave which, under Chapter IX, is reckoned as service, one year's leave in thirteen years' service, and two in thirty years' service, is so reckoned.

SECTION 110 (a)—The pensions and gratuities of officers of the town Police of Calcutta and Bombay are regulated by scale A.

(b). The pension or gratuity of an officer of any other Force is regulated as follows:—

(1).—If he was in the Police before the 19th July 1871 and has served continuously since that date; by scale A or scale B according to his election (which, by order in the Financial Department, No. 2091, dated 19th July 1871, he was required immediately to declare). Provided that in the case of an officer who has elected to abide by scale B, such election shall not prejudice his title to count as service for pension or gratuity any leave obtained by him before his election, which under the rules of the Superannuation Fund, would have counted for pension or gratuity.

(2).—If he was enlisted or re-enlisted on or after the 19th July 1871, by scale B.

SECTION 111.—The pension or gratuity admissible to an officer whose pay at date of discharge or resignation exceeds twenty rupees, is determined by the rules which apply to ordinary service, except that service rendered after the completion of 22 years of age, and declared by this Chapter to be qualifying, is treated as superior service, and that the benefit of the rule in Section 108 is not withdrawn from a Police officer by reason of his being promoted to pay exceeding twenty rupees a month.

1. When a Police officer, by promotion to a pay exceeding twenty rupees, loses any benefit as to pension or gratuity which he would have enjoyed had his pay remained unchanged, his pension or gratuity may be regulated as if he had not received the promotion.

SECTION 112.—If part of an officer's continuous service qualifies for pension or gratuity under the general rules of the Code, but does not qualify under the rules in this Chapter, he may elect to receive, in lieu of the pension or gratuity admissible under the rules in this Chapter, such pension or gratuity as is admissible to him, under Sections 65 and 66, for the whole of his service, both inferior and superior.

EXAMPLE.—An officer who was transferred to the present Civil Police from an inferior grade in the old Police, or from the Military Police, and who is not entitled under Section 106 or 107 to count former service, may obtain pension under this Section.

1. An officer who under Section 110 (b) 1) has elected to abide by Scale B, will, if he takes gratuity under this Section, obtain, in lieu of the scale prescribed in Section 65 (a), one month's pay for every complete two years of service, but not more than twelve months' pay in all.

SECTION 811.—Except in the case of the town Police of Calcutta and Bombay (Section 110 (a)), pension or gratuity is to be calculated upon the net pay, i. e., the pay actually received by the officer, and not upon the gross pay i. e., the pay from which were deducted the subscriptions to the Superannuation Funds (see foot-note to Section 106). But this rule shall not, until he is either promoted to higher pay, or degraded, for misconduct, to lower pay, be applied to any officer who, on the 19th July 1871, was entitled, by the rules of the Superannuation Fund, to have his pension or gratuity calculated on his gross pay.

1. Good service pay is not reckoned in calculating pension or gratuity, except in the case of those who, before the 19th July 1871, were members of the Police Forces of Bengal (excluding the East Indian Railway Police) or the Punjab.

VERIFICATION OF SERVICE.

SECTION 114. (a).—There shall be kept up for each District Superintendent of Police a service-roll in English, in which shall be recorded the date of the enrolment of each man in the Constabulary, his caste, tribe, village age, height, and marks of identification

at the time of enrolment; his rank, promotion, reduction or other punishment, his absences, on leave or without leave the breaks in his service, and every other incident in his service which may involve forfeiture of portion of his service, or affect the amount of his pension or gratuity

(b).—The roll shall be checked by the vernacular roll and order book and the punishment register, and every entry in it shall be signed by the District Superintendent of Police.

(c).—In addition to the above roll, the Inspector General of Police shall keep a record of all service on pay exceeding twenty rupees (except that of gazetted officers), and shall verify the record annually, in communication with the Accountant General.

(d).—From this roll the necessary statement of service of every applicant for pension shall be prepared, additional proofs being collected, as prescribed in Section 74, in respect of any service, rendered before enrolment in the Constabulary, which the applicant may be entitled to count

1. District Superintendents of Police should be on their guard against endeavours to retire on invalid pension by officers who are capable of serving longer. Medical officers should be very searching in their examination of the physical unfitness of every applicant for pension, and, whenever the number of applicants for pension or gratuity is large, the examination should, if possible, be conducted by two Medical officers.

Power of sanction.

SECTION 115.—A claim by a Public officer, on pay not exceeding twenty rupees, to pension or gratuity only for the period of continuous and

Sanction.

verified service in the Force in which at the time of application he is serving, may, if admissible under the strict letter of the rules, be allowed by the Inspector General of Police, and reported to the Accountant General with the necessary particulars for identification.

All other claims will be treated under the ordinary rules

1. Claims to extraordinary pension or gratuity (see Chapter XXII), even though they may be provided for by the rules of the Superannuation Fund, are subject to the rule in Section 123.

2. The quarterly return submitted by the Local Government to the Supreme Government under Section 79, should contain particulars of all pensions and gratuities granted by the Inspector General as well as by the Local Government, the Government of India, and the Secretary of State for India

Manner of payment.

SECTION 116.—Payment of a pension or gratuity shall be made by the Treasury officer of the District where the pensioner resides, on a permanent-pay order (in the case of a pension), and on the

Payment.

identification of the pensioner by the District Superintendent of Police, and special Committees shall be assembled every five years to identify the pensioners.

CHAPTER XXII

Extraordinary Pensions

[NOTE.—The rules in this Chapter are analogous to the Regulations for the grant of pensions to soldiers wounded in action and to the heirs of soldiers killed in action.]

A.—In cases of injury or death.

SECTION 117.—The following are the rules for the grant of a gratuity or pension

(a) to a man so injured, in the execution of a public duty, as to be incapacitated for earning a livelihood,

(b) to the family of a man killed in the execution of a public duty.

They apply to any person employed in the service of the Government, whether permanently, temporarily, or even casually, and whether remunerated by a fixed salary, or (as, for example, miners in the salt mines) for piece-work. They apply also to Village Watchmen.

SECTION 118*.—An extraordinary pension or gratuity is granted only when injury or death is met in the performance of a duty which is attended with extraordinary bodily risk. The Government recognises no claims on account of loss of life or bodily injury resulting from an ordinary accident.

Not cases of mere accident.

The following would be regarded as, *prima facie*, cases of ordinary accident: A Policeman falling from his horse; a Policeman on escort duty killed by sun-stroke; a Lascar killed by the snapping of a hawser; a Laborer falling under a burden.

1. The Government recognises no claim by a widow on account of the services of her husband. It is the duty of every Government officer himself to provide for his family.

2. The Government of India are almost invariably under the painful necessity of rejecting recommendations made in contravention of this rule; and the submission of such recommendations, save under very extraordinary circumstances, is disapproved, as calculated only to give rise to hopes that could not be fulfilled.

[NOTE.—In Despatch No 52, dated 8th February 1870, the Secretary of State observed:

"Grave objections exist to the grant of special pensions to the families of Uncovered servants, every such grant forming a precedent which is quoted in support of "subsequent applications with less claims to consideration"]

SECTION 119—A pension or gratuity is granted to the family of a man killed in the execution of his duty, only if he had a wife, son or daughter (legitimate, father or mother, dependant upon him for support

Claims recognised in case of death.

1 (a).—If a pension is granted to a family under this Section, it is allotted, towards the support of the family, to the eldest surviving son,

falling sons, to the eldest widow for the same purpose;

falling both sons and widows, to the eldest surviving unmarried daughter for the same purpose,

these failing, to the father for the same purpose;

and, failing all others, to the mother for the same purpose

(b).—To a male, pension is given as follows —

If the pensioner is under six years of age, till he is eighteen years old;

If above six and under fifty years, for twelve years,

If not under fifty years, for life

(c).—The pension to a female is for life or until marriage † but on a suitable marriage, she may, at the discretion of the Local Government, have a dowry equal to five years' pension.

(d).—A pension is given to only one member of each family, and no transfer of the pension to another member is permitted on its lapse either by the demise of the pensioner or for any other reason, or, on its remaining in abeyance under the operation of the Rules in Chapter XX.

[NOTE.—The words "toward the support of the family" should be inserted in every order sanctioning a pension under this Section]

Amount of pension.

SECTION 120—The amount of gratuity or pension is to be regulated by—

(a) the character and service of the man injured or killed,

(b) the nature of the risk undergone, and the conduct of the man in accepting it,

(c) the nature and extent of the injury received;

(d) the pecuniary circumstances and prospects of the claimant

1. The Government does not bind itself to grant pension or gratuity in every case, or if it grants pension, to grant it for life —(See Rules under Section 119.)

* In an order of the Financial Department, No. 9141, dated 20th September 1873, it was observed that this rule being based upon the analogy of the regulations for the grant of pensions to soldiers wounded and to the families of soldiers killed in action, the Government is compelled strictly to limit its application to the cases for which it is intended to provide; and, moreover, that it is obviously inexpedient for the Government to dispense charity in individual cases, or to do anything that might weaken the inducements to officers to secure proper provision for their families.

† The Hon'ble the President in Council is pleased to decide that a political, extraordinary or other pension granted in the Civil Department to a female infant, native of Asia, shall, in the absence of special orders to the contrary, last until she leaves her own family to cohabit with a husband, or being unmarried, attains the age of 16 years, whichever event happens first—*Financial Resolution No. 3767, dated 31st October 1876.*

SECTION 121.—Whenever a claim for extraordinary gratuity or pension is made, the head of the office in which the man killed or injured was employed, will hold a formal inquest, taking evidence on the following matters.

Preliminary enquiry.

(a) the circumstances under which the injury was received, or the life lost,
(b) the relationship (in the cases of death), and the pecuniary circumstances of the claimants.

SECTION 122.—The head of the office will then submit the case, with a report, through his official superiors, to the Government, sending, in the case of a man injured, the usual form of application (*Form A, Appendix A*), and in the case of a man killed, a statement in *Form B, Appendix A*.

Pension roll.

SECTION 123.—The Local Government may grant a gratuity not exceeding six months' pay (which is ordinarily the maximum given), reporting the grant as in the case of an ordinary gratuity. If the Local Government deems a grant of six months' pay insufficient, it should report the case, with a recommendation, to the Government of India in the Department in which the officer was serving.

Power of Local Government.

1 The Director of State Railways is authorised to sanction the grant of a gratuity to any State Railway servant who may be injured, or to the representatives of any State Railway servant who may be killed, by the working of trains or engines, otherwise than through his own negligence or wilful action, when such gratuity does not exceed a sum equal to six months' pay of the servant injured or killed, subject to a maximum limit of Rupees 200.

2 In case of an accident to a person not in Government employ, the Engineer-in-Chief of a State Railway is authorised, after consultation with the Magistrate of the District or Sub-division in which the accident occurred, to award promptly any sum, not exceeding Rs. 50, approved by the Magistrate as sufficient. If the Magistrate recommends more than Rs. 50, the authority of the Director of State Railways must be sought up to Rs. 200.

[*Note.*—Grants under rule 2 should be charged as part of the working expenses of the Railway concerned.]

3 If the Director thinks Rs. 200 insufficient, a reference must be made to the Government of India.

4 In the case of the Narora Branch Railway and Tramway, the Government of the North Western Provinces exercises the powers of the Director of State Railways under these Rules.

SECTION 124 (a)—The Government of India may at its discretion, under special circumstances, grant a pension, not exceeding twenty-five rupees a month, to a Government officer injured, or to the family of a Government officer killed, in the execution of his duty, as follows—

Power of Supreme Government.

- (1) To an officer wounded in the first or second degree,* a pension not exceeding full pay
- (2) To an officer wounded in the third or fourth degree,* a pension not exceeding half pay, or, if the officer is entitled to an invalid pension of half-pay under Section 56 or 63 of this Code, then not exceeding three-quarters pay
- (3) To the family of an officer killed in the execution of his duty, a pension not exceeding half the pay of the deceased officer, and not less than Rs. 2½ [two and three quarter rupees] a month
- (4) These rules apply to the case of a village watchman or his family, even though he receive no pay from the State

(b)—The Government of India may, at its discretion, sanction, in lieu of pension under the provisions of clause (a), a gratuity in excess of six months' pay, provided that the gratuity shall not exceed one hundred rupees

* *1st Degree*—Men losing two limbs or both eyes from wounds, or being so severely wounded as to be totally incapable of earning a livelihood and to require the care and assistance of some other person.

2nd Degree—Men losing one limb or one eye, or being so disabled as to be incapable of earning a livelihood, though not requiring the care of another person.

3rd Degree—Men not losing a limb or an eye who have received an injury equal to the loss of a limb, or who are otherwise so disabled as to be capable of contributing in only a small degree towards earning a livelihood.

4th Degree—Men able to contribute materially towards a livelihood, although unfit, from wounds for the ordinary duties of the service.

B.—Military Service.

SECTION 125.—Officers and men, enrolled as volunteers, and having a military organisation, enjoy the same privileges in regard to compensation for wounds as soldiers of corresponding grades, unless they are entitled under the following rules, or under special conditions of service, to higher rates.

(a).—An officer of the Covenanted Civil Service wounded in action while serving (under circumstances justifying his presence) with a Military Force, will receive such compensation as may be granted by the Government of India, subject to the confirmation of the Secretary of State.

(b).—Any other civil officer of the Government will receive compensation in proportion to his salary according to the following scale.

If his salary is Rs 500 a month, or upwards, as a Captain.	
" 300 "	Lieutenant.
" 200 "	Ensign.
" 100 "	Subadar.
" 50 "	Jamadar.
" 15 "	Sepoy.

(c).—A person not in Civil or Military service, wounded in action while serving (as aforesaid) with Military Forces, will receive compensation according to his station in life as compared with that of a Military officer, each case being considered separately on its own merits by the Government of India, and compensation granted subject to the confirmation of the Secretary of State.

C Mutiny Pensions

SECTION 126. (a).—The widow of an Uncovenanted officer, who receives a pension on account of her husband having been killed in the mutiny, retains half her pension after re-marriage. Her half pension is not increased on second widowhood.

Widow's pensions.

(b).—The daughter of an Uncovenanted officer in the Punjab, who receives a mutiny pension "payable till marriage," receives, on marriage seven years' pension as a dowry

Pension Rules of 4th January 1881.

RULES relative to the grant of Superannuation Pensions to subordinate officers in the Civil Department.

[NOTE.—Subsidiary and supplementary Rules of date later than 4th January 1881 are printed in small type.]

SECTION 1.—Superannuation Pensions will be granted only to the superior classes of public servants indicated in the annexed list.

[NOTE.—This list is not published, as the Code sufficiently declares to whom these Rules may now be applied.]

Inferior servants, sowars, armed or organised peons, including jamadars and other ranks, lascars, boatmen, artificers, labourers, and menials are to have no claim to such provision.

SECTION 2.—With the exception of Native Judges and Law Officers, the applicant must have been employed in the public service for a period of at least twenty years.

SECTION 3.—The public servant, whatever may have been the period of his service, must be incapacitated for further employment, by old age, protracted ill-health, loss of sight, or other bodily or mental infirmity.

SECTION 4.—The character, conduct, and past services of the public servant must be favorably certified by the officer or officers under whom he may have been employed, and must appear to be such as to entitle him to the favorable consideration of Government.

SECTION 5.—Whenever it may be judged expedient to grant a pension to a public officer, whose case may come within the foregoing provisions, the amount of the pension shall be limited as follows:

Clause 1st.—If the period, during which the individual may have been actually employed in the public service, shall be more than twenty years, but less than thirty years, the amount of the pension shall not exceed one-third of the monthly salary or authorised official allowances of such individual, calculated on an average of five years previously to the date of application for such pension.

Clause 2nd.—If the period of actual service shall have been thirty years or upwards, the amount of the pension shall not exceed one-half of the salary or authorised allowances of the individual calculated in manner above stated.

1. Pension may be awarded on the above scale, to persons thrown out of employ by reduction of establishment, without their being required to produce medical certificate.

2. In the Despatch from Court of Directors, No. 18, dated 5th May 1854, the following further Rule is prescribed:

"We authorise you to grant to any Uncovenanted servant belonging to a class recognised by the present Rules, who, though not possessed of medical certificate of incapacity, may be permitted to retire from the service, and who can produce unquestionable testimonials of a faithful, efficient discharge of his duties during a period of 35 years, a pension equal to half the average salary which he may have received during the last five years of his service. These pensions are to be regarded as the rewards of good service; they will not, in any case, be claimable as of right, and every pension, which you may see sufficient reason to grant, must be reported to us with a statement of the grounds of your proceeding."

Rules regarding Service.

3. The period of service must be continuous, but a break between two periods of employment, if it does not exceed twelve months, and was not caused by dismissal from office for misconduct, will not prejudice the officer in whose service it occurs.

4. To the following extent, leave counts as actual service:

(a).—All leave taken before the Uncovenanted Service Leave Rules of 1856.

(b).—The following leave taken under the Rules of 1856. Two out of three years obtainable on medical certificate.

Leave subsidiary to leave on medical certificate.

Privilege leave.

Leave on private affairs on half-pay.

(c).—Leave during recess on half-pay granted to Native Surveyors in the Revenue Survey Department, Bengal, North-Western Provinces, and the Punjab.

5. Service before the attainment of 16 years of age does not qualify for pension.

Rules for Calculation of Pension.

6. "Authorised official allowances" include the following:

(a).—House-rent allowance, or value of official residence.

(b).—Personal allowance given as compensation for reduction of salary.

The following are not included:

(a).—Personal allowances otherwise than as above.

(b).—Horse and tent allowances.

Clause 8rd.—For Law Officers and Native Judges, the period of 15 years shall be substituted for that specified in clause 1st, and 22 years for the term mentioned in clause 2nd.

1. This Rule applies also to Principals and Head Masters of Colleges and Schools, and also to Inspectors and Professors.

2. The concession granted by the Rule applies only to cases where the whole of the prescribed period of service has been rendered in the privileged capacities.

3. Law officers are a class which now no longer exists. The designation "Native Judges" applies to officers in such positions as principal Sudder Ameen, and Moonsiff. Goungygroups in Burmah are also "Native Judges." Magistrates of Police and Judges of Small Cause Courts are not Native Judges; but a "Native Judge" transferred to be a Judge of a Small Cause Court will retain his privileges.

Clause 4th.—The rates of pensions shall be fixed on a graduated scale, within the prescribed limitations, with reference to the responsibility and arduousness of the employment, the degree of merit of the individual, and the nature and length of his service.

1. The limit of pension in ordinary cases is Rs. 5,000 a year, but this is subject to the Rules under Section 62 of the Code.

2.

RESOLUTION OF 1st JULY 1870.

Resolution by the Government of India, Financial Department,—No. 1555, dated

1st July 1870.

As considerable misapprehension exists in regard to the limitations of pensions of Uncovenanted Servants, both under the old and new Rules, the Governor General in Council is pleased to issue the following Resolution:—

Resolution.—Up to 1855 the pensions admissible under the Uncovenanted Service Pension Rules were not formally limited within any maximum amount.

2. On 19th May 1855 the Government of India published a Despatch of the Court of Directors which limited pensions for Uncovenanted Servants, appointed after that day, to £500 a year if their pay exceeded Rs. 1000 a month, or to £400 a year if their pay ranged from Rs. 700 to Rs. 1,000 a month. This limitation applied alike to the one-third pay pension and to the half-pay pension.

3. In 1862, with reference to the increasing number of well-paid appointments which were being thrown open to the Uncovenanted Service, the Government of Bombay recommended that the class who in the opinion of that Government were exempt from the foregoing limitation, viz., those Uncovenanted Servants who had been appointed to the Government service before 19th May 1855 should, on promotion to an appointment the salary of which is Rs. 10,000 per annum, be called upon to renounce formally any claim to pension beyond the sum of £500 per annum.

4. The Government of India agreed with the Government of Bombay as to the propriety of the limitation, but demurred to the proposal for exacting a formal renunciation of title to a pension exceeding £500 a year from those admitted into the service before 19th May 1855, who might be offered promotion to a salary amounting to or exceeding Rs. 10,000 a year. Hesitation was felt on the following grounds, viz:—

I.—That if a right to a pension exceeding £500 a year ever existed under the Pension Rules of 1831 in favour of those appointed to the service before 19th May 1855, it would be a "doubtful proceeding" to refuse "promotion to a deserving officer unless he will consent to abandon that to which, it is assumed, he has a right under the existing Rules."

II.—That no such right existed under the Rules of 1831, inasmuch as those Rules did not pledge Government to any particular amount of pension, but merely prescribed that the pension should not exceed a certain fixed proportion of the effective pay

of the applicant, and that, accordingly, it was within the competence of the Government to define specifically by subsequent Rules, as was done on 19th May 1855, the precise amount within the limit of the prescribed proportions of effective pay which should not be exceeded in awarding pension.

III.—That, in this view, the wording of the order of 19th May 1855, which applied the limitation mentioned in the 2nd paragraph of this Resolution to those only who might be appointed to the service after 19th May 1855, was unhappy, inasmuch as no specific rate of pension had ever been guaranteed to those appointed before that date.

5. Accordingly the Government of India inclined to think, "notwithstanding the difficulty caused by the proceedings of 1855, * * that even now it will be better that the Government should assert its right to alter the Rules of 1831 as regards all appointments clearly not embraced * by the original intention of those Rules, and to declare such alteration applicable to all Uncovenanted Servants, whether they entered the public service before 1855 or since.

6. "But if this be done, it may be right, having regard to the expectations which must naturally have been created by the order of 1855, to allow the full advantage of the Rules of 1831 with respect to all appointments made up to the present time,† and held by officers who entered the public service before 1855. Thus, such an officer, already holding an appointment of Rs. 1,500 a month, will, on superannuation after 20 or 30 years' service, according to the class of appointment, be able to claim a pension of £900 a year; but he will not, if hereafter promoted to higher emoluments, be able to claim a still larger pension calculated on those higher emoluments."

7. This reference was submitted to the Secretary of State quite apart from a memorial from Uncovenanted Servants praying for increased pensionary advantages. The Secretary of State, however, answered the reference and the memorial in the same Despatch.

8. In reply to the memorial, he conceded certain additional benefits, but qualified them by a condition that pensions should be limited as follow, viz :—

1st.—That half-pay pensions should not exceed £500 a year whatever the amount of salary, or £400 a year when the salary does not exceed Rs. 12,000 per annum.

2nd.—That one-third pay pensions should not exceed £300 a year whatever the amount of salary or £200 a year if the salary shall not exceed Rs. 12,000 per annum.

These form a part of the new Rules.

9. In reply to the reference from the Government of Bombay regarding pensions beyond £500 a year to those who were in the service on 19th

Para. 23 of Despatch, dated 8th December, 1862. May 1855, the Secretary of State decided that "under the existing Pension Rules an Uncovenanted Servant is not entitled to claim a pension of the full amount, which is only authorised as the reward of approved service; and, when the rules were framed, it could not have been contemplated that a larger pension than £500 per annum could ever be granted.

Para. 24 of Despatch, dated 8th December, 1862. 10 "Under any circumstances therefore the full pension should only be awarded in cases of extraordinary merit.

Para. 25 of Despatch dated, 8th December, 1862. 11 "With this reservation therefore I concur in the expediency of the proposition ‡ made by you, which must be invariably acted upon as regards promotion subsequent to this § date, and a clause to that effect should be included in the new Rules."

12. The 23rd and 24th paragraphs of the Secretary of State's Despatch of 8th December, 1862 (paragraphs 9 and 10 of this Resolution) were published, but, paragraph 25 not having been published, a memorial was submitted asking for an interpretation of the published paragraphs. In forwarding this memorial, the Government of India explained that "the recommendation which the Government of India submitted on this point was, that those officers who entered before the 19th of May 1855 should be allowed, in respect of all appointments made previously to the time of the reference, a pension at the full rate allowed by the Rules of 1831, whether more or less than £500 a year; but that persons appointed to highly paid offices subsequently to this (i. e.,) the time of writing) should be limited as to the amount of pension by the Rule which fixes the maximum pension at £500 a year. The Government of India, then, contemplated a more liberal application of the Rules of 1831 as regards the class of servants referred to than would be admissible under a strict interpretation of the 24th paragraph of your Despatch."

* i. e., Appointments on salaries exceeding Rs. 600, 700 or 800 a month.

† 6th August 1862.

‡ Paragraph 6 of this Resolution.

§ 8th December 1862

13. The reply of the Secretary of State is quoted below :—

Secretary of State's Despatch No. 30, dated 8th February, 1884.

(Published under notification of the Government of India, Financial Department, No. 1523, dated 19th March 1884.)

"1. I have considered in Council your Financial Letter dated the 18th October, 1868, No. 137, forwarding a memorial from certain Uncovenanted Officers at your Presidency requesting an interpretation of paragraphs 21 to 25 of my Financial Despatch dated the 8th December 1862, No. 205, which relate to the limitation of pensions to Uncovenanted Servants to £500 per annum.

2. "In the Letter from your Government dated the 6th August, 1869, No. 111, you stated that the Uncovenanted Service cannot claim to have any rights under the Rules 1861 beyond what may be considered to arise out of the general pledge which those Rules may be taken to give,—that a member of that service when rendered incapable of further duty shall not be discharged without some pensionary support. As regards the amount of pension to be given, the Rules merely fix a limit which is not to be exceeded, and although it has, with rare exceptions, been the practice to allow the highest pension of which the Rules allow, this practice cannot be admitted to confer on the Uncovenanted Service any right to claim that maximum in all cases, without any regard whatever to the original design and scope of the Rules.

3. "In that view Her Majesty's Government fully concurred. It was therefore decided that Uncovenanted Servants appointed prior to the 19th May, 1855 (the date of the Court's Despatch limiting pensions to £500 per annum) whose average salary during the last five years of their service shall have exceeded Rs. 10,000 per annum, and also those who were promoted prior to the 6th August, 1862 (the date of the letter from the Government of India relative to the limitation of pensions to Uncovenanted Servants) to offices to which salaries exceeding Rs. 10,000 per annum are attached, shall, if their average salary during the last five years of their service exceed that amount, be allowed, in cases of extraordinary merit, pensions exceeding £500 per annum,—the amount of excess to be governed by the merits and services of the retiring servant, and to be limited to an amount consistent with a due regard to the public interests. In regard to Uncovenanted Servants who have rendered approved services of only an ordinary character the pension must in no case exceed £500 per annum.

4. "An Uncovenanted Servant promoted subsequently to the 6th August, 1862 to an office to which a salary exceeding Rs. 10,000 per annum is attached, is not to be granted an increased pension in consequence of the increase to his salary."

14. This reply did not embrace the cases of persons appointed before 19th May, 1855 whose salaries, at the time of retirement, may be less than Rs. 10,000 per annum. In respect of such persons it was urged by the Government of India, in a Despatch to the Secretary of State, No. 31, dated 5th February, 1863, that inasmuch as the orders of the 9th February 1864 "recognise the claim to a pension of Rs. 5,000 per annum, or one-half of salary, on the part of an Uncovenanted Servant whose average salary for the last five years of service is Rs. 10,000 per annum, Uncovenanted Servants with salaries of less than Rs. 10,000 per annum who were appointed before the 19th May, 1855 might be allowed one-third or half-pay pension, irrespective of the limits laid down in the new Pension Rules, which may be restricted to the cases of Uncovenanted Servants appointed after the 19th May, 1855."

15. The Secretary of State, however, in a Despatch No. 400, dated 18th November 1869, negatived the recommendation, observing that there was no ground "for excepting Uncovenanted Servants with salaries of less than Rupees 10,000 per annum from the Rules applicable to Uncovenanted Servants with salaries exceeding that amount;" and added, that "if in any particular case of a servant whose salary is less than Rupees 10,000 you should consider that unusually meritorious service calls for a relaxation of the restriction contained in the Rules, I shall be prepared to consider any recommendation you might make for the grant of a special pension, as already allowed in regard to servants with higher salaries."

16. Three other classes of officers have been exempted from the limitations of the half and one-third pensions prescribed by the new Pension Rules, viz. :—

I.—In a Despatch No. 84, dated 31st March 1835, the Secretary of State ruled that "Civil Engineers who entered into covenants when the old Uncovenanted Leave and Pensions Rules were in force" might be allowed "the benefit of those Rules in regard both to leave of absence and pension, and any covenanted Engineer so situated may therefore have the option of selecting which Rules he will abide by; but having once made his selection he is not to be permitted to avail himself of any of the advantages of the other Rules."

II.—In Financial Resolution No. 1862, dated 16th August 1865, the benefit of the foregoing decision was extended to certain officers of the Telegraph Department who had executed their covenants before the publication, in June 1863, of the new Uncovenanted Service Leave and Pension Rules.

III.—Under an impression that the classes of officers who in the old Pension Rules were designated as Law Officers and Native Judges had ceased to exist, the Secretary of State, in a Despatch No. 909, dated 23rd December 1865, declared the new Rules applicable to all Uncovenanted Officers in the Judicial Department. In reply, the Government of India explained that the term Native Judges included Principal Sudder Ameeris, Sudder Ameeris, and Moonsiffs, and that to these the old Rules assured a pension equal to one-third salary after 15 years' service, and equal to one-half after 22 years' service, when the applicants were certified to be unfit for further duty. Thereupon the Secretary of State observed in his Despatch No. 174, dated 31st July 1866, that "it was not understood that the exceptional advantages granted by the old Uncovenanted Service Pension Rules to 'Native Judges' extended to Native Judicial Officers of other grades." So far as relates to any who can be considered entitled to benefits granted by the old Rules to officers of that class, I am willing that they shall still be considered eligible to the pensions allowed by those Rules; but, with reference to all future appointments, I see no ground for making a distinction between Native Judges and the general body of Uncovenanted Servants, for whom the new Rules make liberal provision." This Despatch was published by the Government of India on the 29th October 1866.

17. The Rules, therefore, regarding the limitations of the amount of pensions of Uncovenanted Servants may be thus summarised.—

I.—The limitations prescribed by the Uncovenanted Service Pension Rules of April

1. *Officers who entered the service before 19th May 1855, or were promoted before 8th August 1862 to salaries exceeding Rs. 10,000 a year, and whose average salary during the last five years' of service exceeds that sum* 1864 in regard to one-third and one-half pensions do not apply to Uncovenanted Servants of the three classes noted in the margin. Ordinarily the limit of pension for these classes of servants will be £500 per annum. In cases of extraordinary merit, Uncovenanted Servants of the 1st of the said classes may be allowed pensions exceeding £500 per annum, the amount of excess to be governed by the merits and services of the retiring servant, and to be limited to an amount consistent with a due regard to the public interests.

2. *Covenanted Civil Engineers in the Public Works Department, and certain civil covenanted Officers of the Telegraph Department, who entered the service before the promulgation of the new Rules, and have elected to abide by the old Pension Rules.*

3. *Native Judges who were in the service on the 29th October 1866,*

ices of the retiring servant, and to be limited to an amount consistent with a due regard to the public interests.

II.—In all other cases, the pensions of Uncovenanted Servants are subject to the limitations of the new Pension Rules of 8th June 1863 and 15th April 1864, but for "unusually meritorious services" special pensions may be allowed by the Secretary of State to any appointed before 19th May 1855.

APPENDIX C

Extracts.

I

From the letter of the Government of India in the Financial Department, to the Government of Bengal, No. 8177, dated 31st August 1871.

4. The references made in your letter to a proposed formation of a Pension Fund by deduction from salaries probably arise from the orders of this Department, No. 940, dated 16th June 1870, which contained, as models, certain Rules proposed by the Government of Bombay for the constitution of an Educational Pension Fund there.

5. The Government of India, on a reconsideration of the whole subject, is disposed to withdraw the approval which it then expressed of the scheme set forth in these Rules. There is an almost entire absence of data on which to estimate the amount of deduction which would be necessary to render such a Fund solvent; and such calculations as can be made, render it extremely doubtful whether five per cent. is nearly enough to cover the contingent charge; and it is of course out of the question to guarantee from Imperial Revenues the solvency of any such Fund. A Pension Fund termed by deduction from salary is, perhaps, objectionable also on another ground, namely, that it, to a certain extent, unnecessarily fetters the hands of the employer.

6. In the case, therefore, of Local Funds which will, beyond a doubt, be able, without embarrassment, to meet the pensionary claims of employes, it seems to the Government

of India that it would be best, should the Local Government think proper to grant to the employes a right to pension, to leave the pensionary claims to be met when they arise. And in the case of Local Funds regarding whose position there is not the same absence of doubt, it would appear to be the wisest course to abstain from making any absolute promise of pension. The ability of such Funds to provide any pensions which, on special grounds, it may be deemed desirable to grant, can be more easily determined when the claim is presented for consideration, than it can be at a time antecedent by many years, to the actual accrual of the charge.

7. It might even be a matter for the consideration of the Local Government, whether, considering the peculiar constitution of Local Funds, it would not be well, especially in the case of such as are of uncertain solvency or stability, to credit to a separate account the capital value of any pension granted. The necessity of providing at once the entire value of a pension, instead of throwing the charge forward upon future years, would perhaps afford a useful check against indiscriminate recommendations by those who have the management of the Funds.

2.

From Resolution of the Government of India in the Financial Department, No. 4,359, dated 14th October 1871.

The position of the Government of India, and the difficulty experienced by Native States and public bodies in obtaining competent officers without its assistance, frequently render it necessary for the Government, for political or for public reasons, to transfer its officers to service paid for from sources other than its own revenues. Such transfers would, as a general rule, be impossible if the condition were insisted on, that the officer transferred should give up his privileges as an officer in the service of the Government of India, and in the papers above read, the question is discussed what financial arrangements are proper to be made in the case of officers of Government lent to, or transferred service paid by, Native States, Municipalities, and other bodies, financially independent of the Government of India, such as Courts of Wards, Port Trusts, &c., and permitted at the same time to retain their privileges as servants of the Government of India.

2. The remuneration of officers of Government may be thus classified—

Immediate,—Their pay and allowances while on duty ;

Contingent,—Their absentee allowances ;

Deferred,—Their pensionary allowances ;

and such officers when lent to Native States, &c., though they obtained their "immediate" remuneration from the State or Fund at the charge of which they are employed, look, for the most part, to the Government of India, for their "contingent" and "deferred" remuneration.

3. It may sometimes be expedient, for special reasons, that the Government of India should bear such charges. but, as a rule, it is not so, and it is necessary to prescribe the conditions which should be imposed, so that such charges may be avoided, unless the Government, for special reasons accepts them.

4. The Government of India have, accordingly, resolved to enquire, on account of every officer lent or transferred to a Native State, or a Municipality or other financially independent body ; who is permitted to retain his position in relation to the service of Government, and his claims to absentee and pensionary allowances under the Rules of the service to which he belongs, and with regard to whom the exemption contemplated in paragraph 3 is not declared, a contribution proportional to the salary which he receives, and regulated on the following principles.

5. In the first place it is to the officers themselves, and not to their employers, that the Government will look for the contribution required : any other course would be productive of difficulty and inconvenience.

6. In the second place a calculation founded upon such data as are available, shews that the cost to Government of the charges above classed as contingent and deferred, excluding, however, privilege leave allowances, is about one-quarter of the amount actually disbursed in the form of "immediate" remuneration.

13. In the case of Covenanted Civil Servants the contribution of one-fifth required by this Resolution includes the four per cent. deduction to the Annuity Funds which will

not be separately levied. The amount of the contribution to be credited to the Annuity Fund is 91 per cent. of the full nominal pay and acting allowance, being one twenty-fourth part of the amount retained by the officer after deduction.* This proportion, being one-sixth of the entire contribution, will be credited to the Annuity Funds so long as they are maintained.

* i. e., the same as 4 per cent. retained out of 100.

8.

Extract from Resolution of the Government of India in the Financial Department, No. 1,586, dated 22nd March, 1871.

The Governor General in Council has had under consideration the question of how to guard against fraudulent claims to pensionary allowances being put forward by strangers after the actual incumbents are dead.

2. The chief protection against such claims must be the careful testing by the disbursing officer of each claim at the time it is presented.

8 But it seems advisable also that statistical information regarding pensions should be kept up, and, for this purpose, His Excellency in Council is pleased to direct that, from every office where pensions are disbursed, Returns in the annexed Form shall annually be made to the Account office to which it is subordinate —

(1).—For pensions not exceeding Rs. 10.

(2).—For pensions exceeding Rs. 10, and not exceeding Rs. 50.

(3).—For pensions exceeding Rs. 50.

4. The Account officers should scrutinise the information thus received in order that enquiry may be at once made where any remarkable longevity appears, or where any other anomalous features present themselves.

5. His Excellency in Council is well aware that there is great difficulty in exercising a check, by this means, on the action of local officers. The instances in any single disbursing office are necessarily too few to warrant the assumption that their departure from mathematical regularity requires any special explanation; and, on the other hand, in the compilation of the figures of several offices, the effects caused by the perpetration of frauds in any one would probably disappear in the mass.

6. But, while His Excellency in Council, in view of this difficulty in supervising this particular part of their work, confidently expects, at the hands of local officers, extreme caution in dealing with claims to pension, he does not doubt that the information contained in the Forms now prescribed will be found, in both central and local offices, to be of great value.

STATUTE 35, VICTORIA, CAP. 12.

An Act to amend an Act of the fourth and fifth years of King William the Fourth, Chapter twenty-four, intitled "An Act to alter, amend and consolidate the laws for regulating the pensions, compensations and allowances to be made to persons in respect of their having held civil offices in His Majesty's Service."

(18th May 1872.)

Whereas by an Act passed in the Session holden in the fourth and fifth years of King William the Fourth, Chapter twenty-four, "to alter, amend and consolidate the laws for regulating the pensions, compensations and allowances to be made to persons in respect of their having held civil offices in His Majesty's Service," it is provided amongst other things "that in case any person enjoying any superannuation allowance in consequence of retiring from office on account of age, infirmity or any other cause, or enjoying any compensation for past services, upon the abolition or reduction of office, shall be appointed to fill any office in any public department, every such allowance or compensation shall cease to be paid for any period subsequent to such appointment if the annual amount of the profits of the office to which he shall be appointed shall be equal to those of the office formerly held by him; and in case they shall not be equal to those of his former office, then no more of such superannuation allowance or compensation shall be paid to him than what with the salary of his new appointment shall be equal to that of his former office."

And whereas doubts have lately been entertained as to whether the expression "office in any public department" as used in the above-mentioned provisions extends to public departments in any part of Her Majesty's dominions beyond the limits of the United Kingdom.

And whereas it is expedient to remove such doubts :

Be it enacted by the Queen's Most Excellent Majesty, by and with the advice and consent of the Lords, Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows :—

Explanation of Section twenty of 4 and 5 W. IV, c. 24.

1. It is hereby declared that the expression "office in any public department" as used in the abovementioned provision of the said Act extends, and shall from the date of the passing of the said Act be deemed to have extended, to any office in any public department in the British possessions.

2. In this Act "British possession," shall include any territories for the time being vested in Her Majesty by virtue of any Act of Parliament for the Government of India, also any colony, plantation, island, territory or settlement within Her Majesty's dominions, and not within the United Kingdom.

Definition of colony.

8. This Act may be cited for all purposes as "The Superannuation Act, 1872."

APPENDIX D.

Officers lent to Native States, Municipalities, etc., before the 14th October 1871.

Before 14th October 1871, the date of the promulgation of the Rules in Chapter VII, service under Native States, Municipalities, or other bodies financially independent of the Government of India, did not ordinarily qualify, as it did not satisfy the first and third conditions of qualifying service. Unless specially exempted, or unless their case fell within one of the special Rules stated beneath, officers, not being Covenanted Civil Servants, or Officers of the Army, who accepted such service, ceased to have any claim on the Government of India in respect of pensions or gratuities. The Rules in Chapter VII do not affect the position of these officers, and they must abide by the conditions under which they left the regular service. In the same way, officers who may transfer their services in future will have no claim unless the transfer is such as is provided for in Chapter VII.

Special Rules in force before the 14th October 1871.

1. Officers transferred by competent authority to service under Native States, for a purpose in which the Government is interested, count their service, as if it were under the Government of India.

The following cases are within this Rule :—

- (a). *—Teachers transferred to the service of the Chamba state. In this case the pension is paid by the Government of India and the Raja of Chamba according to the Rule of proportions.
- (b). *—Officers transferred to service in the Kolhapur school; the pension being chargeable, according to the Rule of proportions, to the Government of India, and to a fund formed by a contribution, proportional to salary, paid by the Chief of Kolhapur.
- (c).—Officers transferred, under the authority of the Government of the Punjab, to service under the Bhawalpur State. In this case the charge for the pension will be shared by the Bhawalpur State according to the Rule of proportions.
- (d).—Assistant Opium Agents in Independent Native States, whose pay is found by the Native States.

2. Subordinates in the Revenue Survey, temporarily lent to Municipalities for duty which for though paid by them, also promotes imperial interests, count their service as if it were under Government.

3. Medical officers lent to charitable dispensaries or hospitals in British India, count their service as if it were under Government.

4. Officers transferred, on or after 28th April 1863, by the authority of Government, or their official superiors, from qualifying service under Government, to service of the following descriptions, count their service as if it were paid from the General Revenues :—

Service under the Court of Wards.

Service in Jagir States in Bombay.

Service under the Talukdari Settlement Officer in Bombay.

* Applies to transfers before the 22nd October 1875.

Provided that six per cent. of the salary be contributed to the Government of India either by the officer himself, or from the funds whence the salary is paid. This proviso has effect from the 9th November 1870, in the case of service under the Court of Wards, and from the 8th July 1871, in the case of service in Jagir States or under the Talukdari Settlement Officer.

APPENDIX E.

Memorandum on Pension-values of Civil Pensioners.

The compilation of a table for shewing the capital value of pensions depends upon two data, namely, the rate of mortality and the rate of interest.

2. I shall take these two separately, and first discuss the data as to rate of mortality.

3. Observations of native life are extremely few,—so few indeed, that those Assurance Companies in Calcutta which accept risks on native lives do not base their calculations on any data regarding native life. One office adopts European military rates, and two others take a certain percentage in addition to European civil rates, as the basis of assurance on native lives. If we were to follow them, we should simply adopt for native rates of mortality something in excess of European rates.

4. The only regular investigation regarding native life which, so far as I know, has been made, was the work of Dr. Robert Haines, a Surgeon in Bombay, who made elaborate enquires on the subject, on the basis chiefly of military records, and whose papers were purchased by the Government of Bombay in 1867.

5. The following is a summary of the rates of mortality that resulted from his investigations, to which I have added, for purposes of comparison, the rates observed in the Bengal Uncovenanted Service Fund —

Age.	35-39	40-44	45-49	50-54	55-59	60-64	65-69	70-74	75-79	80-84	85-89	90—
A.—Civil Pensioners, Warden's Official Funds, chiefly clerks	6 67	..	1 408	2 651	2 661	2 618	5 301	4 126	3 614	1 676	1 156	2 410
B.—Civil Pensioners, chiefly clerks, superannuated on Medical Certificate.	4	7 042	10 238	3 697	4 138	5 138	2 794	8 151	4 474	9 929	3 226	7 895
C.—Native Military Pensioners and a few others.	1 920	2 760	3 764	4 319	5 200	6 554	8 318	9 831	11 750	17 321	14 199	20 455
D.—Uncovenanted Service Fund. (Mr. Woodrow's figures.)	1 78	2 12	2 94	3 99	4 15	7 28	8 45

Of these series of results, the first (marked A) and the second (marked B) are based upon observation of only 140 and 164 deaths respectively, so that the area of observation is not wide enough to enable us to accept them with any confidence. This is especially the case with the ages above 80, where, in the first case, the observations were confined to five deaths, in an average of about twenty persons alive each year.

6. The series marked C has a much wider area of observation, 6,835 deaths having occurred among the cases observed; the regular gradation of the results also shews that the area has been sufficiently large to eliminate departures from the average. They may, in my opinion, be accepted as a good guide, in the cases to which they immediately apply, namely, native military pensioners in Bombay; the only question is, whether the circumstances of native civil pensioners in Bengal are sufficiently similar to those of native military pensioners in Bombay, to warrant us in accepting statistics affecting the latter, as a guide towards conclusions affecting the former.

7. I recently had occasion to make a close comparison between the actual deaths occurring among the civil pensioners in Bengal, during the years 1871-73 and 1872-73, and the number of deaths that might be expected according to the rates of the series C, just mentioned. I quote here the results of the comparison, and my observations regarding them.

"The following is a summary of the whole of these statistics:—

Description of Pensioners.	Rate of Pension.	Number	Actual mortality.	Expected mortality.
INDIA.....	All.....	204	25	24.5
BENGAL, MOFUSSIL.....	Under Rs 10	500	82	88
	Under " 50	357	38	44.5
	Over " 50	105	28	14
BENGAL, CALCUTTA	Under " 10	83	9	9.5
	Under " 50	185	16	24
	Over " 50	89	11	13.5
MARINE.....	All.....	69	4	6
Total.....		1,603	213	202

"I think, therefore, that it is a pretty fair conclusion that, so far as can be judged from information and calculations so rough in their nature, the mortality rates, with which we above started, are not far from the average applicable to the case. It is worthy of remark that the younger pensioners shew a tendency to excessive mortality (compared with our initial figures), which is easily accounted for by the fact that they are, by the nature of the case, mostly invalids; and that, as we might have expected, the pensioners of the class between Rs. 10 and 50 seem to be more healthy than those on higher, or on lower, pensions."

8. A similar examination of the Bombay pension returns for 1870-71 till 1872-73, three years, gave—

Rate of Pension.	Number.	Actual mortality.	Expected mortality.
Under..... Re 10	1,780	887	825.1
Do..... " 50	639	125	108.6
Over..... " 60	210	35	37
All.....	2,629	498	470.7

the excess of actual mortality occurring chiefly at the ages under 50 and above 75.

9. It seems to me therefore that, pending further observation, we should base our mortality tables upon the rates which we have thus examined. It is necessary, however, to make an alteration in respect of the earlier ages. Pensioners in the Civil Department, of ages 35 to 50, are for the most part invalids, and therefore have necessarily a comparatively high rate of mortality. On this ground, therefore, I have taken the rate for these ages at 4 per cent. instead of at 1.920, 2.760, and 3.764.

10. The second of the data is the rate of interest to be allowed; and this is a matter for the decision of the Government of India, as the capitalised value is to be received by it, and the interest to be given by it. I know, however, that in a similar case, where the Government of India consented to receive money for annuities, simply at a fair rate of interest, without giving any privilege or donation of any kind, it fixed $\frac{3}{4}$ per cent. (the present savings bank rate) as the rate which it would give. I take this rate, therefore, as the basis on which to make the calculation.

11. The calculation and the result are shown in Table A appended.

12. In actual practice, the values received from Local Funds on account of pensions granted will be credited direct to Government, and the pensions will form a direct charge upon the Government, but if accounts are kept up *pro forma* in which the amounts received are credited, and the amount of pensions paid are debited, and a sum equal to $\frac{3}{4}$ per cent. interest upon the nominal balance credited each year, these accounts will afford an easy means of testing whether the rates of mortality have been so taken as to give fair valuation rates. If the actual mortality corresponds with our estimated rates, the balance of the account should always be equal to the aggregate value of the pensions still outstanding, the values being calculated from the appended table, according to the ages on the date of the valuation. If the actual mortality be less, the balance will be less than the value, and if a decided tendency in this direction should be observed, it will be necessary to revise the rates in favor of the Government. If the actual mortality be greater, the balance will exceed the value, and any marked excess would similarly suggest a revision of the rates in favor of the contributory Local Funds.

13. A small table (Table B) is appended, which may be useful for the conversion of lump payments into monthly payments lasting for a given number of years. The monthly payments thus reckoned are absolute, and are not dependent upon any life.

14. It should be added that the results which are shown in these tables involve no margin for safety, or for working expenses, no allowance of any kind being made in favor either of the payers or of the receivers of the pension-values. I have confined myself entirely to the question of exact valuation, upon data which involve no margins.

* The adjustment is twofold. First, the figures in the column "Value of annuity" show the value at the exact age x , whereas we want for working purposes the value at age x last birthday. This may be taken at the mean between the value at age x , and at age $x+1$. Secondly, the value thus given is the value of annuity defined as the sum payable at the end of each year, provided the recipient is alive at the end of the year. We have to add about 1 to get the value of the annuity payable monthly up to the date of death.

[NOTE.—To calculate the amount of a temporary life annuity granted under Section 95, the following formula will be employed.

$$Y = 12 \left\{ \frac{G}{Ax - Ax + n} \frac{Dx + n}{Dx} \right\}$$

y = amount payable monthly on account of annuity.

G = amount of gratuity.

x = age last birthday.

n = number of years for which the annuity is payable.

Ax and $Ax + n$ are the numbers shown in column headed "Adjusted value" opposite age x and Age $x + n$, respectively.

Dx and $Dx + n$ are the numbers shown in column headed Dx opposite Age x and Age $x + n$, respectively.]

SUPPLEMENT A.

Covenanted Civil Servants.

SECTION 1.—Annuities and gratuities are granted to Covenanted Civil Servants of the Crown in India under the following Rules.

SECTION 2.—"Active service" includes, besides time spent on duty.—

(a). The interval between the date of an officer's first arrival in India, and the date on which he joins his first appointment.

1. The date of an officer's first arrival in India is held to be as follows:—
Before the 31st January 1868—the date of his actual arrival in India.

From the 31st January 1868 to the 4th May 1869, inclusive,—the date on which he reported his arrival at the capital town of the Presidency to which he was attached; or, if he was attached to the North-Western Provinces, the Punjab or Oudh, and had permission to come to India via Bombay, the date on which he reported his arrival at Bombay.

From the 5th May 1869. (1)—In the case of an officer, who is posted in England to Upper India, and comes out via Bombay, and who has been instructed by the Secretary of State to enquire at the Secretariat of the Government of Bombay, for any orders as to his ultimate destination: (a) if he receives no orders at Bombay; the date on which he reports himself at Allahabad to the Secretary to the Government of India in the Home department, and to the Secretary to the Government of the North-Western Provinces:—(b) if he receives orders at Bombay; the date on which he reports his arrival at any Station or Province to which he is attached by such orders. (2)—In the case of any other officer; the date on which he reports his arrival at the capital town of the Presidency or Province to which he is attached.

2. If an officer does not join his first appointment within the joining time allowed to him, the interval between the end of joining time and the date on which he actually joins, is not reckoned as active service.

(b). Time passed in India, out of employ, on subsistence allowance, but not on furlough.

1. If a Covenanted Civil Servant on his first arrival in India is unable, from illness, to proceed to the seat of the Government to which he is attached, or to any other Station to which he is ordered to proceed direct, the Local Government in whose jurisdiction he is,

may, on medical certificate, grant to him a subsistence allowance of two hundred and fifty rupees a month, for not more than two months. Time thus spent, is not reckoned as active service.

(c). Subsidiary leave of absence.

1. "Subsidiary leave" includes the corresponding leave (called "special leave") under the Covenanted Service Leave Rules in force before the 1st July 1868.

(d). Privilege leave of absence.

1. "Privilege leave" includes the corresponding leave (called "short leave on private affairs" and "leave on private affairs") under the Covenanted Service Leave Rules in force before the 1st July 1868.

(e). Leave of absence within the limits of the East India Company's charter, which counted as service and residence under the Covenanted Service Leave Rules in force before the 8th June 1855.

(f). Leave of absence on urgent private affairs granted before the 3rd January 1863.

(g). Period of absence on duty, of an officer deputed or detained out of India on duty.

1. Examination leave of absence is also reckoned as active service; but not more than twelve months can be so reckoned to any officer.

2. One year of leave of absence on medical certificate was reckoned as "residence" under the Covenanted Service Leave Rules in force before the 1st July 1868. This is not reckoned as "active service," as a reduction of one year has been made in the period required to qualify for annuity.

Section 3.—Four per centum shall be deducted at the time of payment from every officer's pay and from such of his other public emoluments as are mentioned in the last column of the following Table:—

If the officer was in the service in 1875 or is appointed to it after passing a competitive examination held before the end of the year 1876, and belongs to the	Bengal Establishment.	{ Every allowance, excepting (1) minimum furlough allowance, (2) subsistence allowance while on furlough, (3) establishment allowance, (4) sumptuary allowance of Lieutenant Governors and Chief Commissioners, and (5) travelling allowance.

1. The deduction from allowances required by this Section is included in the deduction made under Chapter VII of the Code, and is not to be separately made, except when the contribution prescribed in Rule II, Section 38 of the Code, is calculated upon the salary which remains to an officer after the usual deduction on account of annuity.

Section 4.—An officer who has been twenty-five years in the service, counting from the date of his covenant, or from the date of the Despatch of the Secretary of State announcing his appointment whichever may have been earlier),

and who has rendered twenty-one years' active service, is entitled, on his resignation of the service being accepted, to an annuity of £1,000.

Section 5.—An officer who, being declared by a medical certificate in due form, to be incapacitated for further service, is permitted to resign the service before he is entitled to an annuity under Section 4, is entitled to a gratuity or annuity as follows.

(a). If he have been in the service for less than five years,—a gratuity of £500.

(b). If he have been in the service for five years or more;—an annuity of £150, plus £90 for each complete year of service in excess of five: provided that the whole annuity shall not exceed £450.

(a). An officer of the Bengal Civil Service serving immediately under the Government of India if he be in India, shall submit his application for permission to resign the service, and for an annuity, to the Government of India in the Department under which he is serving; and the Department receiving the application

will forward it, with any remarks that may be necessary, to the Home Department, which should obtain the report of the Comptroller General upon the officer's claim in respect of service and active service, and also as to whether there are any demands against him on account of the deduction prescribed in Section 8, or on any other account. (2) Any other officer of the Bengal Civil Service, if he be in India, shall submit his application, through the Local Government under which he may be serving, and the Local Government will forward the application, with any observations which may be necessary, to the Government of India in the Home Department, together with a "no-demand" certificate from the Accountant General. (3) An officer of the Madras or the Bombay Civil Service shall submit his application to the Government of Madras or Bombay, as the case may be. (4) If an officer be in Europe, his application may be submitted to the Secretary of State, who will forward it to be dealt with the Government of India, the Government of Madras, or the Government of Bombay, as the case may be.

- (b). In the case of an officer of the Bengal Service, if his resignation be accepted, the case should be forwarded to the Financial Department in which Department a Resolution will be recorded, granting the annuity or gratuity to which the officer may be entitled.
- (c). The copy of this Resolution forwarded to the officer will be authority for drawing the annuity or gratuity.

An officer leaving India on resignation of the service, must report the date of the departure of the vessel in which he sails, if he is a member of the Bengal Civil Service, to the Government of India in the Financial Department, and if he is a member of the Madras or Bombay Civil Services, to the Governments of Madras or Bombay, as the case may be.

NOTE.—A copy of this Rule should be furnished by the Accountant General to every officer (if he be in India) who applies to resign, with an intimation that there will be delay in the commencement of his annuity, if he does not report the date of his departure. This copy should be sent to the officer when the Accountant General prepares his no-demand certificate.)

SECTION 7.—Payment of these annuities and gratuities may be taken at the Home treasury in sterling money, or, in India, in Government rupees, at the following rate:

If the annuitant was a member of the Bengal Civil Service;—10½ Government rupees for each pound sterling.

If the annuitant was a member of the Madras or Bombay Civil Service;—10 65 Government rupees for each pound sterling.

Transfer from the Home treasury to an Indian treasury, or *vice versa*, is permitted twice only.

[*NOTE.*—The reason of the difference in the rates of exchange is to be found in the history of the Annuity Funds. The rates of exchange differ considerably in the various Service Funds.]

SECTION 8.—Contributions to the pension fund by members of the Pilot service who joined the service on or before the 1st of July 1835, and pensions to them and to their families, will continue to be paid in Sicca rupees. All other contributions, allowances, and pensions, will be paid in Government rupees.

1. If pensions payable in Sicca rupees are paid at the Home Treasury of the Government of India, payment is made at 24/085d. for each Sicca rupee.

the widow and orphan of a Pilot lost with any vessel on board of which his duty may have placed him; the pensions to be in addition to those admissible under Section 1:—

Widow of Branch Pilot	Rs. 80 a month.
Do. Master	" 25 "
Do. First Mate Pilot	" 20 "
Do. Second Mate and Volunteer Pilot	" 15 "
Girls until ten years of age	" 8 "
Do. after ten years until married	" 5 "
Boys until fifteen years of age	" 6 "

The Court of Directors did not, however, sanction the scale, observing in their Marine Department's Despatch to the Government of Bengal, No. 8, dated 22nd February 1848, that they thought it preferable that each case should continue to be decided upon according to its merits.

THE CIVIL LEAVE CODE.

CHAPTER 1.

Extent of Application.

SECTION 1.—Leave of absence from duty may be granted under the Rules in this Code to—

Covenanted servants. (a), all Covenanted Civil Servants of the Crown in India, except—

Lieutenant-Governors;
Ordinary Members of the Council of the Governor General, or of the Governor of Madras or Bombay;
Judges of the High Courts;

(b), to all Uncovenanted Officers of the classes enumerated in Schedule A, who either have been, or may hereafter be, appointed to the service of the Government of India by, or with the special sanction of, Her Majesty's Secretary of State for India, or who have been or may hereafter be specially admitted to the benefit of these Rules.

[NOTE.—These officers were admitted to the benefits of these Rules from the 3rd January 1872, being the day on which the Despatch from the Secretary of State No. 451, dated 6th December 1871, was received.]

A Nominal Roll of officers thus admitted to date is printed at pages 227 to 238. The death, resignation removal or retirement of any officer whose name appears in this Roll should be promptly reported by the Government Department, or Head of Office under whom he is serving, directly to the Government of India in the Financial Department.

NOTE. 2 The conditions precedent to the special admission of an officer to the benefit of these Rules are. (1) The officer must not be of purely Asiatic descent; (2) he must have held, substantively, on the 3rd January 1872, one of the offices detailed in schedule A; and (3) his salary, on the 10th February 1876, must have been not less than six thousand rupees a year.

1. An officer under contract is not entitled to leave, except in accordance with the terms of his contract. But, if an officer of the class defined in clause (b) of this Section is, by the terms of his contract of service, entitled to leave under the "Uncovenanted Service Leave Rules," the Rules referred to shall be held to be the Rules in this Code.

1-A. An officer of the Royal Navy attached to the Marine Survey Department is subject to the Rules of this Code which apply to Medical Officers.

2. No leave, other than privilege leave under Chapter VII, may be granted to any Covenanted Officer who has completed the term of service when by any Rule he is required to retire from the service. Any leave, other than privilege leave, granted to a Covenanted Officer before such date, ceases to have effect on such date.*

3. An Uncovenanted Officer is eligible, after he attains the age of fifty-five years, for privilege leave, and also for any special leave (Chapter V, and Section 5 of Supplement F) to which he may be otherwise entitled. Any leave, other than privilege leave or special leave as above, granted to an Uncovenanted Officer before the date on which he attains the age of fifty-five years, ceases to have effect on this date.

SECTION 2.—Subsidiary leave of absence under Chapter VI, privilege leave of absence under Chapter VII, and examination leave of absence under Chapter VIII, of this Code, may be granted to a Military Officer in Civil employ. Otherwise, leave of absence may not be granted, under the rules of this Code, to any Military Officer.

Supplements.

SECTION 3.—Leave of absence from duty may be granted under the Rules in the Supplements to this Code.—

(a), to the officers excepted under Section 1 (a) (*Supplements A & B*);

* Applies to a Military Officer in Civil Employ.

Barriester Judges. (b), to the following officers, if they are Barristers of England or Ireland, or Members of the Faculty of Advocates of the Court of Session of Scotland, *viz.*—

Judges of the Chief Court of the Punjab;
First Judges of Small Cause Courts of Presidency towns;
Recorder of Rangoon;

Secretary to the Government of India in the Legislative Department (*Supplement B*);

Law officers. (c) to Law Officers of Government (*Supplement C*);

Bishops and Chaplains. (d), to Bishops and Chaplains (*Supplement D & E*);

(*Uncovenanted servants.*) (e), to Uncovenanted Officers other than those mentioned in Section 1 (b) (*Supplement F*).

(f) to men of the Port Blair Police (*Supplement G*).

CHAPTER II.

Definitions.

SECTION 4.—In this Code, unless there be something repugnant in the subject or context—

Active service. (a). “Active service” includes besides time spent on duty,*—

(1), privilege leave of absence;

1. “Privilege leave” includes the corresponding leave, (called “short leave on private affairs” and “leave on private affairs”) under the Covenanted Service Leave Rules in force before the 1st July 1868.

(2) Subsidiary leave of absence;

1. “Subsidiary leave” includes the corresponding leave (called “special leave”) under the Covenanted Service Leave Rules in force before the 1st July 1868; and also preparatory leave under the Uncovenanted Service Leave Rules.

3. * * * *

In the case of Covenanted Civil Servants, Active Service includes also—

(4), the interval between the date of an officer's first arrival in India, and the date on which he joins his first appointment,

Arrival in India. 1. The date of an officer's first arrival in India is held to be as follows.—

Before the 31st January 1868 :—the date of his actual arrival in India.

From the 31st January 1868 to the 4th May 1869, inclusive ;—the date on which he reported his arrival at the capital town of the Presidency to which he was attached, or, if he was attached to the North-Western Provinces, the Punjab, or Oudh, and had permission to come to India *via* Bombay, the date on which he reported his arrival at Bombay.

From the 5th May 1869. (1) In the case of an officer who is posted in England to Upper India, and comes out *via* Bombay, and who has been instructed by the Secretary of State to enquire at the Secretariat of the Government of Bombay for any orders as to his ultimate destination : (a) if he receives no orders at Bombay; the date on which he reports himself at Allahabad to the Secretary to the Government of India in the Home Department, and to the Secretary to the Government of the North-Western Provinces :— (b) if he receives orders at Bombay; the date on which he reports his arrival at any Station or Province to which he is attached by such orders. (2) In the case of any other officer; the date on which he reports his arrival at the Capital town of the Presidency or Province to which he is attached.

2. If an officer does not join his first appointment within the joining time allowed him, the interval between the end of such joining time and the date on which he actually joins, is not active service.

(5), time passed in India, out of employ, on subsistence allowance, but not on furlough ;

* In a despatch No. 16 of 18th January 1877, the Secretary of State declined to lay down a general rule that the period of absence of an officer deputed or detained on duty out of India shall count as service for leave as well as for pension, and wrote, “The occasions when Indian Officers are employed out of India on duty are comparatively so rare, and the circumstances of their employment vary so much, that it will be preferable to consider each case that may arise in future on its merits, and this course I shall be prepared to adopt.”

1. If a Covenanted Civil Servant on his first arrival in India is unable, from illness, to proceed to the seat of the Government to which he is attached, or to any other Station to which he is ordered to proceed direct, the Local Government in whose jurisdiction he is, may, on medical certificate, grant to him a subsistence allowance of two hundred and fifty rupees a month, for not more than two months. Time thus spent is not active service.

(6), leave of absence within the limits of the East India Company's charter, which counted as service and residence under the Covenanted Service Leave Rules in force before the 8th June 1855 :

(7), leave of absence on urgent private affairs granted before the 8th January 1868.

1. Examination leave of absence is also active service; provided that not more than twelve months of such leave can be so reckoned to any officer.

2. One year of leave of absence on medical certificate was reckoned as "residence" under the Covenanted Service Leave Rules in force before the first July 1868. This is not reckoned as active service.

(b). "Extraordinary leave" means leave of absence granted otherwise than under the Rules in this Code or its Supplements but includes leave without allowances granted under Section 9 of Supplement F.

Example.—Leave in extension of the three years admissible under Section 18.

(c). "Continuous service" and "continuous active service" mean the service, and active service, of an officer since his last return from leave of the following kinds, namely,—

in the case of a Covenanted Civil Servant:—furlough or extraordinary leave lasting more than three months;

in the case of an Uncovenanted Officer.—furlough, special leave, or extraordinary leave, whether more or less than three months,

or, in either case, if he have not had such leave, since the beginning of his active service.

No leave can be included in continuous service, except—

in the case of a Covenanted Civil Servant.—privilege leave and special leave;

in the case of an Uncovenanted Officer.—privilege leave.

1. Examination leave may also be included, unless the officer have already had twelve months' such leave.

(d). "Pay" means substantive pay. "Pay" includes also the subsistence allowance of a Covenanted Civil Servant who has an officiating, but not a substantive, appointment. "Salary" is the sum of pay and acting allowance.

1.* Personal allowance is, for the purposes of this Code, to be taken as part of an officer's substantive pay.

2.* "Salary" does not include house-rent, tentage, or travelling allowances whether daily, monthly, or annual; nor does it include "local allowances," which are paid in full to the officer performing the duty for which they are given, and which are not included in the allowances upon which leave allowances are calculated. (*But see Rule 4 under Section 34.*)

(e)* A "Local allowance" may be drawn by an officer absent from his office on duty for a period not exceeding one month,† provided that it is not drawn by a *locum tenens*.

(f)*—Whenever it is necessary to calculate a period in "Calendar Months," the period ends either on the day of the month corresponding with the day before the day on which it begins or, if there is no such corresponding day in that month, then on the last day of the month.

Examples.

A period of six calendar months beginning on the

28th February ends on the

31st March or 1st April 27th August.

29th August 30th September.

30th August to 1st September 28th February.

last day of February.

A period of three calendar months beginning on the

29th November 28th February.

30th November or 1st December last day of February.

* Applies to all officers in Civil employ.

† An officer who is absent on duty for more than a month is not entitled to draw his local allowance for any part of such absence.

Note.—See Section 8, and Section 87, Rules 10 and 12. The first day of an officer's leave is the first day on which he has not charge of his office after noon, and the last day of his leave is the last day on which he has not charge before noon.

(g). "Local Government" includes a Department of the Government of India, a Chief Commissioner, the Resident at Hyderabad, and the Agents to the Governor-General in Rajputana and Central India.

Local Government.

(h). The words "Accountant General," when used in reference to a public servant applying for leave or on leave, mean the Officer who audits the pay and allowances of such public servant.

(i). "Covenanted Civil Service" means the Bengal, Madras and Bombay Covenanted Civil Services of the Crown. A "Covenanted Civil Servant" is a member of the Covenanted Civil service.

(j). An "Uncovenanted Officer" is a public servant not belonging to the Covenanted Civil Service or the Army.

(k). When the leave allowances of an officer are said to be chargeable to several accounts according to the "rule of proportions," the meaning is that the charge should be debited to such several accounts in the proportions in which the aggregate salary drawn by the officer in the course of the three years immediately preceding the beginning of his leave, was charged to such several accounts.

CHAPTER III.

General Rules.

SECTION 5.*—Leave of absence can never be claimed absolutely, as of right. Nothing in this Code or its Supplements must be understood to limit the discretion of the Government to refuse, or revoke, leave of absence of any description, at any time, according to the exigencies of the public service.

Discretion of Government

1. If a Local Government, under this Section, refuse furlough to an officer of the Bengal Covenanted Civil Service, it should report the refusal for the sanction of the Government of India in the Home Department.

SECTION 6.*—If an officer who is absent on leave, obtains promotion, substantive or officiating, or an increase of pay or acting allowance which involves no change in, or addition to, his duties or responsibilities, the promotion or increase has effect at once.

Promotion during leave.

Otherwise the promotion of an absent officer has effect only from the date of his return to duty.

SECTION 7.—An officer who is discharged from, or resigns, the public service, and is re-employed after an interval, cannot, without the sanction of the Government of India, count his service prior to discharge towards leave after re-employment.

Service before discharge or resignation.

Exception.—An officer discharged from the Indian Navy on its abolition, who was subsequently re-employed in the public service, may count service in the Indian Navy towards leave after re-employment, notwithstanding the occurrence of an interval between his discharge from the Indian Navy and his first re-employment. Any leave taken by such officer while in the Indian Navy will be treated, in calculating the leave due to him under this Rule, as if such leave had been taken under the Rules to which he became subject on re-employment.

* Applies to all officers in Civil employ.

† *Letter from Government of India, Marine Department, to Government of Bombay, No. 28 S., (Leave of Absence), dated 14th July 1877.*

With reference to your telegram of the 26th June 1877, relative to the question of the grant of six months and 25 days' furlough to A. B, I am directed to state, for the information of His Excellency the Governor in Council, that the interval referred to in the Exception under Section 7 of the Civil Leave Code, means such brief interval as might have occurred when the Indian Navy was abolished, before a discharged officer could be provided with employment, not a prolonged break of several years such as has occurred in A. B's case and that therefore the Government of India regret to be unable to permit that officer's service in the Indian Navy prior to its abolition to count towards leave.

1. An Uncovenanted officer, who draws pension as well as pay under Section 97 of the Civil Pension Code, may, during leave of absence from his new office, draw so much of his pension as will raise his whole leave allowances to the amount which would have been admissible to him if he had taken leave of the same kind and under the same circumstances while holding his abolished appointment; provided that his allowances on leave shall never be less than his pension.

SECTION 8.*—If an officer who has obtained leave of absence makes over charge of his office before noon, his leave begins on and includes the day on which he makes over charge; otherwise, it begins on and includes the following day.

Beginning of leave.

1.* If the absence of the officer does not involve the deputation of any officer from another Station, or any formal transfer of charge in the way of taking over money, or the like, then the Local Government may, by special order, permit the absentee to

Leaving station.

leave his Station at the close of the last day on which the office is open for business before his leave begins. In such case, the several transfers to charge dependent upon the departure of the absentee shall take effect from the close of the last working day as aforesaid. But the leave of the absentee and the re-arrangement of allowances, if any, depending upon his departure, shall begin from, and include, the first day, thereafter, on which the office is open for business. The actual date of the officer's departure from his Station must, however, always be reported.

CHAPTER IV.

Furlough.

(Note.—The Local Government may grant furlough in India to a Commissioned Military Officer in Civil employ, including a warrant officer who holds an Honorary, Veteran, or unattached Commission, who is entitled to furlough under Chapter I of the Rules published by G. G. O. in Military Department, No. 171, dated 25th February 1874.† Such furlough should be granted only upon a certificate by the Military Department of the Presidency to which the officer belongs, that he is entitled thereto; and a copy of the order granting the furlough should be sent to the Government of India in the Military Department.

A Local Government may not grant furlough out of India to any Military Officer.)

SECTION 9.—The amount of furlough admissible to a Covenanted Civil Servant, and the aggregate amount of furlough and of special leave with allowances, admissible to an Uncovenanted Officer, is limited to six years. All the Rules in the Code are subject to this limitation.

Aggregate admissible.

Explanation.—The following leave under other Rules is counted as furlough under this Section :—

in the case of a Covenanted Civil Servant :—furlough, and leave with allowances on medical certificate, under former Rules;

1. Leave of the kind described in Section 4 (a 6) and junior furlough under the Rules in force before the 8th June 1855, are not counted against an officer under this Section.

in the case of an uncovenanted Officer :—furlough, and leave with allowances on medical certificate, and leave on private affairs, under former Rules, or under the Rules in Supplement F to this Code.

SECTION 10.—The amount of furlough "earned" by an officer is one-fourth of his active service.

1. Leave of the kind described in Section 4 (a 6) counts as active service under this Section.

Proviso.—Provided that, in making this calculation for an Uncovenanted Officer, only half of the active service rendered by him in offices other than those included in Schedule A, shall be taken into account.

1. The whole of the active service rendered while officiating in any of the offices included in Schedule A is to be taken into account.

SECTION 11.—The amount of furlough "due" to an officer is the amount which he has earned, diminished by—

Amount due.

in the case of a Covenanted Civil Servant :—

1. the amount of furlough which he has enjoyed under these or any former Rules, except junior furlough under the Rules in force before the 8th June 1855;

(2) the excess over one year in the amount of leave with allowances on medical certificate, which he has enjoyed under former Rules.

in the case of an Uncovenanted Officer :—

(3) the amount of furlough, or special leave with allowances, which he has enjoyed under these or any other Rules :

* Applies to all officers in Civil Employ.

† See Appendix C 1.

- (4) the amount of leave on private affairs, or on medical certificate with allowances, which he has enjoyed under the Rules formerly applicable to him.

Proviso.—Provided that if more than two years' furlough be due to an Uncovenanted Officer when he is first admitted to the benefit of these Rules, the excess shall be cancelled.

Amount admissible after three years' service. SECTION 12.—To an officer who has rendered three years' continuous service,* furlough for not more than two years may be granted, as follows:—

on medical certificate:—unconditionally;

See Section 88 Rules 2 to 9.

without medical certificate:—subject to these provisos:—

- (1) that the furlough be due to him;
- (2) that he have rendered eight years' active service;
- (3) that the whole number of officers absent on furlough and special leave do not exceed the limit (if any) appointed by the Government of India.

1. Except on medical certificate, or on very urgent private affairs, furlough or special leave may not be granted to a Covenanted Civil Servant in Oudh, the Central Provinces, British Burmah, Assam, Ajmur, Mysore and Coorg, and the Berars, if one-fifth of all the officers serving in the same commission are already absent on furlough or special leave. Elsewhere, it may not be granted, if one-fifth of the whole number of Covenanted Civil Servants serving under the orders of the same Local Government are already absent on furlough or special leave.

Extension.

SECTION 13.—Furlough granted under Section 12 may, on medical certificate, be extended to not more than three years.

After less than three years' service.

SECTION 14.—To an officer who has not rendered three years continuous service,† furlough for not more than one year may be granted on medical certificate.

Extension.

SECTION 15.—Furlough granted under Section 14 for less than one year, may on medical certificate, be extended to not more than one year.

Lien.

SECTION 16 (a).—An officer on ordinary furlough has a lien on his substantive appointment, or on a substantive appointment of a like character and not less pay.

On ordinary furlough.

Explanation.—Ordinary furlough includes—

- (1) the first two years of each separate period of furlough under Section 12, including any extension under Section 13.‡
- (2) so much of furlough under Section 14, including any extension under Section 15, as may be due, provided that the officer have rendered six months' continuous active service.*

On other furlough.

(b) On other furlough, a Covenanted Civil Servant has no lien; but an Uncovenanted Officer has a lien.

An officer is not entitled at the end of furlough or special leave, or subsidiary leave affixed thereto, to resume, as a matter of course, without further orders, the particular appointment which he vacated before his furlough or special leave. He should report his return to duty in the manner prescribed in Section 37, Rule 8, and await orders.

* For definition of "continuous service," see Section 4 (c).

† For definition of "continuous service" and "continuous active service," see Section 4(c).

‡ Circular by the Government of India, Financial Department, No. 197, Dated 26th April, 1877.

Explanation 1 under Section 16 (a) of the Civil Leave Code has been more than once interpreted to mean that the first two years of each separate period of furlough under Section 12 plus any extension under Section 13 is "ordinary furlough."

2. The explanation, correctly read, cannot bear this meaning; but, as the misunderstanding has occurred, and is important, the undersigned is directed to point out that ordinary furlough can, under no circumstances, extend beyond two years at one time.

1* An officer may not surrender his lien; and a Local Government may not fill up substantively, even for a time only, an appointment on which an officer has a lien, without transferring the officer to another substantive appointment of not less pay. The saving which accrues to the State by paying acting, instead of substantive allowances, must be carefully secured as a set-off against the cost of leave allowances.

Joining.

2.* An officer may have a lien on an appointment without having actually joined it.

Promotion.

3.* An officer on furlough has no claim to substantive promotion; but there is no objection to such promotion. (See Section 6.)

Acting.

4.* An officer on ordinary furlough has no lien on an acting appointment.

SECTION 17.—An officer on ordinary furlough is entitled, subject to the limitations prescribed in Sections 18 and 19, to a leave allowance equal to half the average salary which he has earned during so much of his continuous active service† as is within the three years preceding the day on which he gives up office,

Provided that subsidiary leave shall not be included in active service under this Section; nor periods during which an officer has been out of employ in India, otherwise than as a penalty for misconduct:

And provided also that the leave allowances of an Uncovenanted officer shall, in no case, exceed his actual salary when he takes furlough.

1. In the case of a Commissioned Military officer in Civil Employ who takes subsidiary or preparatory leave before furlough, the words "prior to his proceeding on furlough" in Rule V of the Military Furlough Regulations of the 10th November 1868, shall be understood to mean *prior to his being relieved of his duties*.

SECTION 18.—The maximum leave allowance of a Covenanted Civil Servant on ordinary furlough, is, if paid at the Home treasury of the Government of India, £ 250 a quarter, or, if paid in India, Rs. 838½ a month. The minimum is, if paid at the Home treasury, £ 125 a quarter, or his last salary, whichever is less.

and for an Uncovenanted Officer.

SECTION 19.—The maximum leave allowance of an Uncovenanted Officer on ordinary furlough is, if paid at the Home Treasury of the Government of India, £ 200 a quarter, or, if paid in India, Rs. 666½ a month. There is no minimum.

1. An officer on furlough does not forfeit his past leave allowance by resigning the service without returning to India.

SECTION 20.—An officer on furlough, other than ordinary, is entitled, if a Covenanted Civil Servant, to subsistence allowance; and, if an Uncovenanted Officer, to £ 120 a quarter paid at the Home Treasury, or Rs. 400 a month paid in India, or to one-quarter of the average salary defined in Section 17, whichever is less.

Allowance on other furlough.

Subsistence allowance.

1. The following are the rates of monthly subsistence allowance for Covenanted Civil Servants:—

To an officer of not more than eight years' actual residence in India	Rs. 250
To an officer of more than eight, but less than twenty years' actual residence in India	„ 320
To an officer of twenty or more years' actual residence in India	„ 400

CHAPTER V.

Special Leave of Absence.

Amount admissible.

SECTION 21.—Special leave on urgent private affairs may be granted at any time, for not more than six months.

Provided that an officer who has had special leave, must render six years' active service before he can again have such leave.

1. The corresponding leave under the Covenanted Civil Service Leave Rules in force before the 1st July 1868, is "special leave" within the meaning of this proviso.

2. An Uncovenanted Officer is not debarred from obtaining special leave with allowances under this Chapter by reason of his having had leave on private affairs under the Rules in Supplement F, such leave on private affairs being furlough in another form.

* Applies to all officers in Civil Employ.

† For definition of "continuous active service." see Section 4 (c).

Lien.

SECTION 22.—An Officer on special leave has a lien on his substantive appointment, or on a substantive appointment of a like character and not less pay.

(See Rules under Section 16.)

SECTION 23 (a).—For the first six months for which an officer is on special leave, whether the six months be included in the same leave or not he is entitled to the leave allowance admissible under Sections 17, 18 and 19.

Allowance.

(b). Thereafter he is entitled to no leave allowance.

1. The corresponding leave under the Covenanted Civil Service Leave Rules in force before the 1st July 1868 is "special leave" within the meaning of this Section.

CHAPTER VI.

Subsidiary Leave of Absence.

[NOTE.—Subsidiary leave of absence is intended only for the purpose of enabling an officer to make the necessary arrangements for breaking up or reorganising his household and for the journey to or from the seaport, as the case may be; and its duration should be limited to what is necessary for these purposes.

SECTION 24 (a).—Furlough and special leave, out of India, begin on, and include, the day of the departure of the vessel in which the officer sails*; and to an officer taking such leave, subsidiary leave, not ordinarily exceeding thirty days, may be granted from the day on which he gives up office, to the day before that on which his furlough or special leave begins.

(b). Furlough and special leave, out of India, end on, and include, the day before the arrival of the vessel in which the officer returns*, and to an officer coming back from such leave, subsidiary leave, not ordinarily exceeding thirty days, may be granted from the day on which the vessel arrives, to the day before that on which he assumes the office, to which he may be appointed

(See Rule 8 under Section 37.)

1. For the interval between his giving up charge of office and the beginning of his furlough out of India, and between the ending of his furlough out of India and the assumption of his office, a *Military officer.* Commissioned Military Officer in Civil Employ is allowed subsidiary leave not ordinarily exceeding in each case thirty days

2. Subsidiary leave may be granted to a Covenanted Civil Servant and, with the previous consent of the Government of India in the Military Department, to a Military Officer in Civil Employ returning from the service, to the same extent, and with the same allowances, as if he were going on furlough. To an Uncovenanted Officer such leave may be given on half-pay for fourteen days, but only if it causes no additional expense to the State.

3 * Subsidiary leave of absence may be granted for more than thirty days whenever the Local Government is satisfied that an officer could not within thirty days, by the available means of conveyance and by the direct route, reach the port of embarkation or his station, as the case may be. Subsidiary leave may also be prolonged beyond thirty days if the Local Government is satisfied that an officer who has arranged to start by a particular vessel within the period of subsidiary leave allowed to him, is prevented from doing so by a change in the date of the vessel's departure. Subsidiary leave may not be granted for more than thirty days on medical certificate, or upon any other grounds than those set forth in this Rule. Whenever a Local Government grants subsidiary leave for more than thirty days, a report of the grant, with the reasons for it, should be made to the Government of India in the Financial Department.

4. An officer may leave India, or return to India, by any port, but the dates by which the beginning and ending of furlough or special leave are determined, are the date of the vessel's departure from the port where he first meets it, and arrival at the port where he quits it.

Example.—An officer sailing from Calcutta in a vessel which touches at Madras, counts by the date of the departure of the vessel from Calcutta, and not from Madras.

5.† An officer serving the Government of India in Persia or Arabia may leave the country in which he is serving, or return to it, by any port (except Aden) or frontier town

* Applies to a Commissioned Military Officer in Civil employ.

† Applies to all officers who are subject to the Rules in the Supplements to this code, excepting Supplement F.

he likes, provided that the journey to or from such port or frontier town must not exceed thirty days. The certificate showing the date of departure or return must be given by the British Consul, if there be one, otherwise, by the officer himself.

6.* The date of the departure of a vessel from any port where a pilot is taken is held to be the date on which the Pilot leaves it at sea; and the date of the arrival of a vessel in such a port is the date on which the Pilot is taken on board.

7.* An officer embarking after subsidiary leave must report his departure to the Local Government which granted him the leave, and his arrival in England to the Secretary of State.

8.* An order by a Local Government or, in the case of a Military Officer in Civil employ, by the Government of India, Madras, or Bombay, in the Military Department, granting to an officer, proceeding on furlough or special leave, "the usual subsidiary leave" must be understood to cover subsidiary leave under clause (b) as well as under clause (a); and if, with reference to the note at the head of the Chapter, the Local Government or, in the case of a Military Officer in Civil Employ, the Government of India, Madras or Bombay, in the Military Department, at the instance of the Local Government limits the subsidiary leave of an officer under clause (a), the same limitation will, in the absence of further orders, apply to his subsidiary leave under Clause (b).

SECTION 25.—An officer may take furlough or special leave, partly in, and partly out of, India. But subsidiary leave is not admissible under Section 24, Clause (a), unless the furlough or special leave begins as furlough or special leave out of India; nor under Section 24, Clause (b), unless it ends as furlough or special leave out of India.

Provided that if an officer who has obtained subsidiary leave, with the intention of taking furlough or special leave out of India, is prevented by sickness or other urgent and adequate reason from embarking within the period of his subsidiary leave, the Local Government may order that his furlough or special leave shall begin in India at the end of his subsidiary leave, and, consequently, without forfeiture of this leave.*

1.* In the absence of such special order, if an officer remains in India after the end of subsidiary leave under Section 24, Clause (a), his furlough or special leave will be held to have begun as furlough or special leave in India, and will be counted from the day on which he gave up office.

SECTION 26.—An officer on subsidiary leave under Clause (a) of Section 24 has, or has not, a lien on an appointment, according as he has, or has not, such lien on the first day of the leave to which it is subsidiary.

Lien.

[NOTE.—A Commissioned Military Officer in Civil Employ does not lose his lien during subsidiary leave preparatory to furlough.]

SECTION 27.—An officer on subsidiary leave under Clause (b) of Section 24 has, or has not, a lien on an appointment, according as he has, or has not, such lien on the day last preceding the subsidiary leave.

Allowances.

SECTION 28.—An officer on subsidiary leave is entitled to allowances as follows:—

Special leave.

(a). If the leave be subsidiary to special leave, and the officer have had leave subsidiary to a former special leave —no allowance.

1. The corresponding leave under the Covenanted Civil Service Rules in force before the 1st July 1868 is special leave within the meaning of this Clause.

(b). If the leave be subsidiary to ordinary furlough, or special leave:—the allowance admissible under Section 17, but calculated, in the case of a Covenanted Civil Servant, without limitation of maximum or minimum prescribed by Section 18. The limitations prescribed by Section 19 apply to the allowances of an Uncovenanted Officer on subsidiary leave.

Ordinary furlough.

(c). If the leave be subsidiary to furlough other than ordinary:—the allowance admissible under Section 20.

Other furlough.

(d). If the officer, under Section 37, have ceased to have a lien on a substantive appointment—as, for example, if a Covenanted Officer has been absent on extraordinary leave in extension of furlough—in the case of a Covenanted Civil Servant:—subsistence allowance; and in the case of an Uncovenanted Civil Servant:—no allowance.

Without lien.

1.* An officer may draw allowances as if he were on privilege leave, for any part of his subsidiary leave under Clause (a) of Section 24, for which, if he were not going on furlough or special leave, privilege leave would be admissible to him.

Privilege leave allowances.

* Applies to a Commissioned Military Officer in Civil Employ.

8. The allowances of every Commissioned Military Officer in Civil Employ during subsidiary leave shall be calculated as in the case of general leave taken in India under the Military Furlough Regulations. Provided always, that if an officer have, under the action of the Leave Rules, lost his lien on his appointment, he shall, during subsidiary leave, draw allowances under the Rules of the Military Department applicable to his case.

[NOTE.—This Rule regulates allowances during leave subsidiary to furlough of any description.]

CHAPTER VII.

[The Rules in this Chapter apply to Commissioned Military Officers in Civil Employ.]*

*Privilege leave of absence.**Limit.*

SECTION 29.—The amount of privilege leave admissible at one time, is limited to three calendar months.

SECTION 30.—The amount of privilege leave earned by an officer is one-eleventh part of the time during which he has been on duty without interruption. Provided that no privilege leave can be earned

Amount earned.

by an officer by duty done while three months' such leave is due to him, and that, whenever duty is interrupted, all claim to privilege leave earned theretofore is forfeited. Absence on privilege leave, though not counting as duty, is not an interruption of duty within the meaning of this Section.

[NOTE.—The calculation must be made as follows:—One calendar month for every eleven complete calendar months of duty, and one day for every eleven days of the balance.]

1. Time spent on subsidiary leave does not qualify for privilege leave. But if an officer, returning from leave, not before the expiration thereof, be, only for the convenience of the Local Government, and not for any fault of his own, prevented from joining an appointment on which he has a lien; or, if he be kept out of employ on subsistence allowance; then, duty qualifying for privilege leave begins on the day on which he presents himself to the Local Government ready for duty.

Beginning of qualifying service.

2. When an officer is first appointed to the public service, duty qualifying for privilege leave does not begin until he takes charge of the office to which he is appointed.

3. "Examination leave" may, if the examination for which it is granted be successfully passed, unless the officer has already had twelve months' examination leave, count as duty qualifying for privilege leave. Examination leave does not interrupt duty within the meaning of this Chapter.

*Examination leave reckons as duty.**Suspension does not reckon as duty.*

4. Suspension from office as a penalty for misconduct, is an interruption of duty within the meaning of this Chapter.

4 A.—The suspension of an officer from office pending enquiry into his conduct interrupts his duty or not as the Local Government may in each case decide. Time passed under suspension does not qualify for privilege leave unless, in any case, the Local Government expressly orders that it shall so qualify.

5. If an officer remains absent after the end of privilege leave his duty is interrupted within the meaning of this Section. But if the Local Government considers that his default was due to circumstances beyond his control, it may remit the penalty.

6. If an officer remains absent after the end of examination leave or of joining time, the period of absence cannot count as duty qualifying for privilege leave, and, unless the absence is accounted for to the satisfaction of the Local Government it is an interruption of duty within the meaning of this Section.

Absence after examination leave or of joining time does not reckon as duty.

7. With regard to the privilege leave of a Commissioned Military Officer in Civil Employ, no distinction is made between an officer who has a substantive Civil employment and an officer who is merely officiating in the Civil Department. The leave is earned

by uninterrupted duty in either the Civil or the Military Department. But a Military

Judicial and Educational officers.

2. The Local Government may, with the sanction of the Government of India, impose a like restriction in the case of Covenanted Officers.*

SECTION 82.—To an officer who has been on duty, without interruption, for eleven calendar months, and who has not, for six calendar months been absent on privilege leave, the whole or any part of the privilege leave due to him, may be granted.

1. An officer applying for privilege leave must record a declaration that he has no intention of retiring or of taking furlough, special leave, subsidiary leave, leave on private affairs, or leave on medical certificate, for three months after his return to duty.

Though not absolutely debarred by this declaration from applying for permission to retire or to take such leave within the three months, he should if he does so, explain his change of mind.

2. If an officer is, on public grounds, recalled to duty from privilege leave before the whole leave granted to him is ended, privilege leave may be granted to him again, even within six calendar months from the date of his return to duty.

Recall from leave.

SECTION 83.—An officer on privilege leave has a lien on his substantive appointment. He has also a lien on his officiating appointment, so long as it is not resumed by an officer having a superior lien on it.

Allowances

Holding an appointment sanctioned for a limited time.

Acting allowance.

SECTION 84.—An officer on privilege leave is entitled to a leave allowance equal to the salary which he would earn in the appointment on which he has a lien.

1. If privilege leave is granted to an officer who holds an appointment sanctioned only for a limited time, and for a special purpose, he is not entitled, during privilege leave to any special allowance attached to the appointment.

2. An officer on privilege leave is entitled to a leave allowance equal to his salary, even though another officer be appointed to act for him.

3. If an officer, on transfer from one appointment to another, obtain privilege leave without joining his new office, his leave allowance shall not be less than it would have been if he had joined his new office.

* "I am directed to acknowledge your No. 862A, dated 18th March 1873, and subsequent No. 403, dated 6th May, submitting propositions for modifying the application of Privilege Leave Rules to District and Sessions Judges.

2 "In reply, I am directed to state that His Excellency in Council, after full consideration of the correspondence with the several Local Governments upon this question, has determined that it is not necessary to fix any special restriction upon the grant of privilege to District and Sessions Judges as distinguished from other members of the Covenanted Civil Service. It is true that, in most Provinces, the regular transaction of judicial business is ordinarily suspended for a time during each year. But the practice as to closing Courts, and the period for which they are completely shut appear to vary considerably in different jurisdictions; and the vacation is rarely of a sort which, like privilege leave, sets the presiding officer of a Court absolutely free. It is thus difficult to frame any constant rule which might fairly set off the permanent value of vacation against any formal curtailment of privilege leave, for which even a certain vacation at one season of the year hardly compensates.

3. "On the whole, therefore, the Government of India prefer to maintain the existing system, which invests Administrations with full power to consider each application for leave on its merits, and which lays upon them the responsibility of dealing with it. As judicial functions differ from executive work, so must the reasons upon which leave can be given or refused differ in each class; but there seems no need for laying down, as to either class, any uniform rule to limit the responsibility of Government. His Excellency in Council believes that Government may best dispose of these cases upon the general principles of guarding the interests of the public service, and of allotting, so far as may be possible, equal privileges of relaxation from work to all departments of the public service."—(Home Department, to Government, North-Western Provinces, No. 1104, 24th June 1873.

4. A local allowance may be drawn by an officer on privilege leave, provided that it is not drawn by his *locum tenens*.

5. In the Madras and Bombay Presidencies, an officer on privilege leave may draw the house-rent or tentage attached to his appointment, if he places his house or tent at the disposal of the officer, if any, who officiates for him. The officiating officer cannot, in such case, draw the house-rent or tentage attached to the appointment. But if the officer, for a reason which the Local Government considers sufficient, refuses the accommodation placed at his disposal, the allowance is to be drawn by him and not by the absentee.

6. An assistant in the Geological Survey of India on privilege leave may draw the house-rent and horse allowance of his office, provided that they are not claimed by an officer officiating for him during his absence.

7. A Police Inspector in Madras on privilege leave may draw any horse allowance to which he is entitled while on duty, provided that such allowance is not claimed by any officer officiating for him during his absence.

8. An officer may draw Presidency house-rent or Presidency allowance on privilege leave, provided that no extra expense is thereby caused to the State.

CHAPTER VIII.

Examination Leave of Absence.

[The Rules in this Chapter apply to Commissioned Military Officers in Civil Employ, except those employed in the Public Works Department and in the Survey Department under the Surveyor General of India, for whom there are special departmental rules.]

A Military Officer in Civil employ is not eligible for leave to enable him to pass an examination under G. G. O., Military Department, No 1009, dated 3rd December 1876.

1. A Covenanted Civil Servant, who is a candidate for a reward offered by the Government for the study of any of the vernacular languages, may be allowed leave for one month for the purpose of being examined.

2. If he pass the examination, he may be allowed similar leave for another month.

3. An officer on examination leave has a lien on his appointment (substantive or officiating), and is entitled to leave allowance, as if he were on privilege leave.

4. An officer while absent from his Office or from his Station to attend a departmental examination, or (in the Punjab) an examination in Pushtu or Belochi, which is obligatory on certain officers, is considered to be on duty.

5. Leave may not be given under Rule 4 to an officer to prepare for examination, or for recreation after examination. A reasonable time, including the day or days of examination, should be allowed for the journey to and from the place of examination, and nothing more.

CHAPTER IX.

Joining-Time

[The Rules in this Chapter apply to all officers in Civil Employ.]

1. Joining-time is the time allowed to an officer to proceed from one Station to another when his appointment is changed, or when, being unemployed, he is appointed to any office. An officer is held to be on duty during joining-time, if he is entitled to allowances.

2. Joining-time is allowed as follows, excluding Sundays :—
for any part of the journey which may be made by Railway,—one day for every hundred miles ;

for any part of the journey which may be made by Steamer,—one day for every hundred miles ;

or such longer time as the Steamer may actually occupy ;

for the rest of the journey,—one day for every ten miles ;

and six days, in addition to the whole, thus calculated.

2A. An officer whose appointment is changed while he is in transit from one appointment to another must join his new office within a period, beginning from the day on which the order changing his appointment reaches him, and calculated in the manner prescribed in Rule 2. except that, without the special orders of the Local Government the six days allowed, by that Rule, in addition to the time calculated by distance, shall not be granted afresh to an officer in these circumstances.

3. One day's joining time is allowed to an officer transferred from one office to another at the same station.

4. The full joining-time is allowed only if it is spent *bona fide* in preparation for, or in making, the journey; and no more than three months may be granted under any circumstances. The Government which orders a transfer, may limit the duration of joining-time.

Full-joining time.

5. When an officer, after giving over charge of his office at one Station, on transfer or reversion to another office, takes privilege or examination leave before joining the office to which he has been transferred, or to which he has reverted; or when an officer, while on privilege or examination leave, is transferred to a Station other than that from which he took leave,—he is entitled to joining-time in addition to his privilege or examination leave. The joining-time of an officer transferred during privilege or examination leave, will be counted from his old Station, or from the place where he receives the order of transfer, whichever calculation would entitle him to the less joining-time.

When leave intervenes.

6 (a). Unless, for special recorded reasons, the Government or other authority under whose orders the transfer takes place, permits or requires it to be made in any particular case, elsewhere or otherwise, the charge of an office must be made over at its headquarters, both the relieving and the relieved officers being present.

Charge of office.

(b) As a general rule, and subject to any special orders to the contrary in particular cases, the head-quarters of an officer on the staff of a Government—*as, for instance, a Secretary to a Government, the Sanitary Commissioner with the Government of India, or a clerk in a Government Secretariat*—are the head quarters, for the time being, of the Government to which he is attached.

Head-quarters of Government.

(c) The head-quarters of any other officer are either the Station which has been declared to be his head-quarters by the authority which appoints him, or, in the absence of such declaration, the Station where the records of his office are kept.

Of other officers.

(d) If an officer is authorized under clause (a) to make over charge of an office elsewhere than at his head-quarters, any joining-time to which he may be entitled shall be reckoned from the place at which he actually makes over charge.

7. If an officer, during transit from one appointment to another, obtains furlough on medical certificate (with or without subsidiary leave prefixed), he may be allowed only the joining-time calculated for the journey from his old Station to the furthest place to which he has proceeded on his route to his new Station.

Furlough taken during transit.

Allowances.

8. Except in the cases mentioned in Rule 9, an officer draws during joining-time, the following allowances:—

(a) as regards pay,—

Pay. the pay which he drew in his old appointment, or that which he draws in his new, whichever is less:

(b) as regards acting allowance,—

Acting allowance.

(1) if transferred from an officiating appointment to an appointment, officiating or substantive, with not less salary,—the acting allowance of his old appointment;

(2) if, after being promoted from a lower to a higher officiating appointment without losing his lien on the lower one, he is relieved of the higher and returns to the lower officiating appointment or to another appointment, officiating or substantive, with not less salary,—the acting allowance of the lower officiating appointment;

(3) Provided that no officer can draw acting allowance for any appointment after another officer having a superior lien on it has resumed it.

9. An Uncovenanted Officer who has no substantive appointment, is not entitled to any allowance during joining-time; but if such an officer, officiating in an office, is transferred to another office, under the same Local Government, the Local Government may allow him to draw, during his transit, the allowance to which he would be entitled under Rule 8.

Uncovenanted Officer without appointment.

10. When, with the consent of the heads of both the Offices concerned, or under the orders of competent authority, a ministerial officer is transferred from service in one office to service in another office on grounds of public convenience only, and not at his own request, for his own advantage, or in consequence of any fault on his part, the Rules in this Chapter apply to his case.

Ministerial officers.

11. An officer who does not join his new appointment within the joining time allowed to him is entitled to no allowance after the end of his joining-time, and after a week ceases to have a lien on any appointment. But if the local Government considers that his default was due to circumstances beyond his control, it may exempt him from the loss of his appointment.

CHAPTER X.

Extension and Commutation of Leave.

SECTION 85.*—Except as provided in Section 24, no kind of leave can be granted in continuation of any other kind; but any leave may be retrospectively changed for another kind or amount of leave which might, at first, have been granted:

Provided that the grant, or extension of furlough, under this Rule (otherwise than on medical certificate), is subject to proviso (3) under Section 12.

1. Except by the Secretary of State, leave cannot be changed or extended, without the permission of the Local Government which originally granted it.

2. In the case of a Commissioned Military Officer in Civil Employ, leave may be retrospectively commuted by the authority which granted it to any kind of leave which the said authority would have been competent to allow when the original leave was sanctioned.

3. An officer on furlough or special leave in Europe, who wishes to have his leave extended, must apply to the Secretary of State for India at least three months before the end of his leave.

4† Examination leave may be granted in continuation of privilege leave, and privilege leave may be granted in continuation of examination leave under Chapter VIII, Rule 1, but not in continuation of examination leave under Chapter VIII, Rule 2. Otherwise, no kind of leave, except furlough on medical certificate, may be granted in continuation of examination leave.

5.† When privilege leave is, on medical certificate, retrospectively changed for furlough out of India, so much of the leave passed before the departure of the vessel in which the officer sails may be treated as subsidiary leave under clause (a) of Section 24, as might have been granted as subsidiary leave, if the officer had originally obtained furlough and not privilege leave.

CHAPTER XI.

Payment of Leave Allowances.

[This Chapter applies to all officers in Civil Employ.]

SECTION 86 (a).—Leave allowances are payable in India after the end of each month; but an officer on furlough or special leave out of India may, at his option, take payment at the Home treasury of the Government of India.

Allowances how payable.

1. An officer embarking on furlough or special leave must take with him a Last-Pay Certificate, whether he intends to draw his allowances in England or not. (*For Rules, see Chapter XII.*)

2.† A gazetted officer on leave in India may draw his allowances at any treasury in India. An officer on furlough or special leave out of India may draw his allowances in India either at his own Headquarters, or at the chief town of the province, or at the capital town of the Presidency in which he is employed. If the leave of an officer, whether in or out of India, is extended or commuted, the Accountant General within

* In 1871 two officers were allowed to take special leave of absence under Chapter V, in continuation of privilege leave under Chapter VII. The concession was made, in each case, on public grounds only, the officers having undertaken to perform certain important public duties in England. The Secretary of State, however, wrote upon the second case;—

"In permitting C. D. to take privilege leave and special leave together, you have followed the course adopted in A. B.'s case."

"Grants of leave in direct opposition to the Furlough Rules cause inconvenience and create embarrassing precedents; and I request that no similar concession may be granted in future."—[*Financial Despatch, No. 65, dated 15th February, 1872.*]

‡ Does not apply to officers in the Public Works Department. There are special Departmental Rules for these officers.—(*See Appendix B.*)

whose jurisdiction the officer is employed must, on receiving advice of such extension or commutation, forthwith communicate it to the Accountant General within whose jurisdiction his leave allowances are drawn. He should also communicate any other circumstances connected with the leave which may be required to be known to the Accountant General who passes the officer's leave allowances.

8.* If a gazetted officer signs the bill himself, he must either appear in person at the place of payment, or must furnish a life-certificate by a Covenanted Civil Servant, a Magistrate, a Notary, a Banker, or a Minister of Religion. If he draws the allowances through an authorised agent, the agent, whether he has or has not a power of attorney, must either furnish a life-certificate as above, or execute a bond to refund over-payments. A life-certificate may be given periodically, a bond being given to cover intermediate payments not supported by life-certificate.

The proper stamp duty upon bonds executed under this Rule is that chargeable upon indemnity bonds according to Article 9 of the first Schedule of the General Stamp Act XVIII of 1869.

4.* A ministerial officer on leave in India can draw his leave allowances only at the treasury whence his salary is disbursed, and under the signature of the head of the office to which he is attached; this officer is responsible for any over-charges, and no other security is required.

(b). If payment be taken at the Home Treasury, it is made quarterly, and rupees are

converted into sterling at the rate of exchange fixed, for the time being, for financial transactions between the Imperial and the Indian Treasuries.

1. Payment is made from the Home Treasury as follows.

On fixed quarter-days (namely, March 25th, June 24th, September 29th, December 24th), a form is supplied on application to the India Office, containing,

(1) a life-certificate to be filled up in the manner directed on the face of it.

(2) a cheque for the amount due (which is specified) for the officer to fill up, and which may be cashed through any banker.

2. If an officer's contract of service contains a stipulation to the effect that "a pound sterling shall be considered equal to, and calculated at," any specified rate, his leave allowances are converted into sterling at this rate.

3. If an officer receives an advance of pay in England to enable him to return to duty in India, the advance will be recovered at the rate, or rates, of exchange fixed for the adjustment of financial transactions between the Imperial and Indian Governments for the year in which the advance was made. The same Rule will also apply when an advance is made in England to a person appointed there proceeding to India to join his appointment.

36A. The leave allowances of an officer, who in the course of the three years immediately preceding the beginning of his leave has served in any appointment, the pay or salary of which has been derived either wholly or in part otherwise than from Indian Revenues, shall be charged according to the rule of proportions.

This rule does not however apply to an officer who has made a contribution under Section 38 of the Civil Pension Code for the cost of his leave, or who is specially exempted from the operation of that section. Nor does this rule apply to a Military Officer who vacates his appointment in the Civil Department when going on leave and reports to the Military Department in this case the leave allowance is charged to the Military Department.

CHAPTER XII.

Last-pay certificate.

[This Chapter applies to all officers in Civil Employ, excepting officers in the Public Works Department.]

1. No officer (unless he has been newly appointed to the service of Government) can begin to draw pay or allowances at any treasury in India, or at the Home treasury of the Government of India, without producing a Last-Pay Certificate from the treasury where his pay or allowances were last disbursed, or from the Accountant General within whose jurisdiction this treasury is.

Personal appearance.

2. An officer must, if possible, appear personally at the office where his Last-Pay Certificate is completed.

* Does not apply to officers in the Public Works Department. There are special Departmental Rules for these officers.—(See Appendix B.)

2. A Military Officer in Civil Employ proceeding on furlough cannot obtain a Last-Pay Certificate until he submits to the Accountant General a certificate by the Military Department of the Presidency to which he belongs, in Form A, B, or C (as the case may be) contained in Appendix D.

Military Officers.

4. The Rules and Forms prescribed for the issue of Last-Pay Certificates in India, in each of the following cases, are stated beneath.

Case I.—To an officer proceeding on leave to Europe and embarking at a port in the Presidency or Province in which he is employed;

Case II.—To an officer proceeding on leave to Europe and embarking at a port in another Presidency or Province;

(a) If he be employed at, or have to pass through, the Station of the Accountant General of his Presidency or Province;

(b) If he be not employed at, and have not to pass through that Station;

Case III.—To an officer proceeding on leave from one place in India to another, whether the two places are, or are not, in the same Presidency or Province,

Case IV.—To an officer proceeding on duty from one Presidency, Province, or Circle of Account, to another;

Case V.—To an officer proceeding on duty from one place to another in the same Presidency or province.

CASE I.

The Accountant General should give the officer a certificate in Form A, Appendix A, and, save in the cases below excepted, forward a duplicate certificate, in the same form, to the Local Government for transmission to the Secretary of State.*

Officer embarking in his own Presidency.

Exceptions—(1) If the officer embark at a port in British Burma, the Accountant General should forward the duplicate form direct to the Comptroller General for transmission to the Secretary of State.

(2). If the officer embark at Calcutta, the Accountant General should, in like manner, forward the duplicate form to the Comptroller General, after filling up the blanks in the Pilot's certificate at its foot.

CASE II. (a).

The Accountant General should pay to the officer† his allowances up to the date of his departure from the Accountant General's Station and should give him a certificate in Form B, Appendix A, leaving the 7th, 9th, and 10th spaces blank, and send a duplicate, after signing the letter on the reverse, to the Accountant General, or (if there be no Accountant General) to the officer in charge of the treasury at the port at which the absentee intends to embark for Europe. The Accountant General or Treasury Officer at the port of embarkation should follow the instructions in the letter addressed to him, and return the original form to the officer. If he be an Accountant General, he should forward the duplicate to the Local Government for transmission to the Secretary of State, and address a letter in the Form E, Appendix A, to the Accountant General of the officer's Presidency or Province, but if he be a treasury officer, he should forward the duplicate to the Accountant General of his own Presidency or Province, who will forward it to the Local Government for transmission to the Secretary of State, and address a letter in the Form F, Appendix A, to the Accountant General of the absentee's Presidency or Province.

CASE II. (b).

The Accountant General should send to the officer a certificate in Form C, Appendix A, leaving the 7th, 9th, and 10th spaces blank, and forward a duplicate to the Accountant General or Treasury Officer at the port at which the officer intends to embark for Europe. Before the officer's departure from his Station, the officer in charge of the treasury from which he last drew pay should fill up and attest the certificate at the end of the original Form C. The Accountant General or Treasury Officer at the port at which the officer

15. The duplicates should in all cases be exact copies of the originals; and if it should be found, after the original certificate has been furnished, that an alteration is necessary, an amended certificate should be granted.

16. Duplicate certificate should be so marked on the face.

† The officer, if he be not employed at the Accountant General's Station, should bring a Last-pay Certificate, in a form similar to Form M, from the officer in charge of the treasury where his salary was last disbursed.

intends to embark should follow the instructions in the letter to his address on the back of Form C, and after copying the entries and signature from the certificate at the end of the original form into the duplicate, should return the original form to the officer. If he be an Accountant General, he should forward the duplicate certificate to the Local Government for transmission to the Secretary of State, and forward a copy of the certificate at the end of the form to the Accountant General of the absentee's Presidency or Province, with a letter in the Form G, Appendix A; but if he be a Treasury Officer, he should forward the duplicate Form E to the Accountant General of his own Presidency or Province, who will send it to the Local Government for transmission to the Secretary of State, and forward a copy of the certificate at the end of the form to the Accountant General of the absentee's Presidency or Province, with a letter in the Form H, Appendix A.

But in the case of a Covenanted Civil Servant, or a Military Officer in Civil Employ, or an Uncovenanted Officer of the class as specified in Section 1 (b) of the Code, if the officer's appointment have been changed within the period, on his average salary for which the leave allowance is to be calculated, the rate of leave allowance will sometimes depend on the date on which he may make over charge of his office, and the Accountant General may not be aware of that date at the time the Last-Pay Certificate is prepared. In such cases the Accountant General should send to the officer a document in the Form D, Appendix A, leaving the 7th, 8th, 10th and 11th spaces on the face of the form blank, and should forward a duplicate of it to the Accountant General or Treasury Officer at the port at which the officer intends to embark. Before the officer's departure from his Station, the officer in charge of the treasury from which he last drew pay should fill up the 8th space on the face of the original form, and fill up and attest the certificate at the end of that form. The Accountant General or Treasury Officer at the port at which the officer intends to embark should follow the instructions in the letter to his address on the back of the form, and having copied in the duplicate form the entry in the 8th space on the face of the original form, and the entries and signature in the certificate at the end, should return the original form to the absentee. If he be an Accountant General he should forward the duplicate form to the Local Government for transmission to the Secretary of State, and send a copy of the certificate at the end of the form to the Accountant General of the absentee's Presidency or Province, with a letter in the Form K, Appendix A, but if he be a Treasury officer, he should forward the duplicate Form D to the Accountant General of his own Presidency or Province, who will send it on to the Local Government for transmission to the Secretary of State and forward a copy of the certificate at the end of the Form D to the Accountant General of the absentee's Presidency or Province, with a letter in the Form L, Appendix A.

CASE III.

The officer should obtain a certificate in Form A, in Appendix A, from the Accountant General of his Presidency or Province, but if he is not proceeding to any place out of that Presidency or Province, the 12th space in the certificate may be left blank.

CASE IV.

The officer should obtain a certificate in the Form M, Appendix A. If he be employed at the Station of the Accountant General of his Presidency or Province, the certificate should be given by that officer. If he have to pass through that Station on his way to his new Presidency or Province, the certificate should be given by the officer in charge of the treasury from which he last drew pay, and countersigned by the Accountant General. CHAPTER XIII.

Return to duty.

[This Chapter applies to all Civil Officers in Civil Employ, and, in respect to leave of absence in India granted by the Civil authorities, to Commissioned Military Officers in Civil Employ.]

SECTION 37.—An officer who remains absent after the end of his leave is entitled to no allowance for the period of such absence, and he ceases to have a lien on any appointment, if his leave was furlough,—immediately;

and, if it was special or privilege leave,—after a week.

1. An officer on furlough or special leave in Europe may not return to India, without obtaining the permission of the Secretary of State. He must apply for this permission at least three months before the end of his leave.

Permission to return to duty.
1A.—If the Local Government considers it inexpedient that an officer should return from furlough or special leave in Europe to duty in India, it should furnish a complete statement of the circumstances to the Secretary of State in the case of the Governments of Madras and Bombay directly, otherwise through the Government of India, if possible when the furlough or special leave is granted, but, in any case, at a sufficiently early date to enable the Secretary of State to take any measures that may seem to him necessary before the time when permission would, in ordinary course, be given to the officer to return to duty.

2 The grant by the Secretary of State to an officer on leave, of permission to return to duty by a particular steamer, is equivalent to an extension of leave, without prejudice to the officer's appointment, until the day on which the steamer arrives; but does not give any claim to allowances not admissible by Rule.

3. A gazetted officer returning to duty must report his return to the Local Government, or, if he is an officer employed directly under the Government of India, to the Government of India in the Department under which he is employed. An officer of the Bengal Covenanted Civil Service employed directly under the Government of India, returning from furlough or special leave, must also report his return to the Government of India in the Home Department.

4. An officer may not, without the permission of the authority which granted him leave, return to duty, more than fourteen days before the end of furlough or special leave. This permission may be given with such conditions as the authority granting it may prescribe. An officer returning from furlough or special leave more than fourteen days before its expiry, without such permission, is entitled to no subsidiary leave, save under the special orders of the Government to which he is subordinate. In such case, subsidiary leave cannot, under any circumstances, be allowed for more than thirty days, and should not be granted for even this period, if less time will suffice for the journey from the place where the officer receives permission to return to duty to the Station which he is permitted to join.

[NOTE.—This rule applies to a Military Officer in Civil Employ, but, in his case, the permission to return to duty must be obtained from the Local Government.]

5. An officer permitted to return to duty before the end of his leave should have the unused part of his leave formally cancelled by the authority which granted it; but this is not necessary, if his return from leave is separately notified in the Gazette.

6. If the Local Government is satisfied that the default of an officer is due to circumstances beyond his control, it may exempt him from loss of appointment under this Section, but not from loss of allowances during the period of his absence without leave. If the officer is an Uncovenanted Civil Servant, the Local Government may authorise the payment to him of as much as it thinks fit of any allowances during subsidiary leave under Section 18 (b) to which he would have been entitled if he had not remained absent after the end of his leave.

7. So long as an officer retains a lien under this Section, or if he is exempted under Rule 6 from loss of appointment, absence after the end of his leave, though not counting as continuous service, does not operate as a break of continuous service or continuous active service as defined in Section 4 (c).

8. If the appointment of an officer is changed during furlough or special leave out of India, or upon his reporting his return, he must join his new appointment within the subsidiary leave allowed him. (See Section 24 (b).) Nothing in excess of the allowances admissible for subsidiary leave can be passed to him until he joins his new office.

9. If the appointment of an officer is changed during furlough or special leave in India, he must join his new appointment within his leave. But the Local Government may allow him joining-time, if he have not had sufficient notice of the change.

10. An officer begins to draw pay and acting allowance from the day on which he assumes the office (substantive or officiating) to which he may have been appointed, or on which he may have a lien. But if his leave or joining-time end on Sunday or authorised holiday, and he take charge before noon on the first working day after such Sunday or holiday, his assumption of office and the re-arrange-

ment of appointments and allowances (if any), consequent thereon, shall be held to have taken place on the day after that on which his leave ended; provided that such re-arrangement (if any) does not involve the transfer of any officer to another Station, or the formal appointment of any officer to a new office.

11. An officer or seaman serving on a pilot or light vessel attached to the Port of Calcutta is considered to have returned to duty on the day on which he reports himself to the Master Attendant.
Officer of pilot vessel.

12. If charge of an office is transferred after noon, the transfer does not affect allowances till the next day.
Charge of office after noon.

CHAPTER XIV.

Applications for leave.

SECTION 38.—Every application for leave is to be submitted to the Local Government, which will deal with it in such manner as the Governor General in Council may prescribe.
Applications for leave.

1. (a)* When an officer applies for leave, he should quote the Section or Rule of this Code under which he considers himself entitled to the leave.

(b). After obtaining a report from the Accountant General upon the title of the application to the leave applied for, the Local Government may grant any leave admissible under the Code.

(c).† Leave may be granted with retrospective effect from the date on which it is admissible.

(d). A Local Government granting leave to an officer of the Bengal, Madras, or Bombay Covenanted Civil Services serving out of his own Presidency, should inform the Government of India, Madras, or Bombay, as the case may be.

(e). Each Local Government should, at the end of each quarter, submit to the Government of India in the Home Department a statement of officers of the Bengal Covenanted Civil Service absent on furlough or special leave (including subsidiary leave) granted by it. A register prepared from these statements is kept in the Home Department, from which an extract is published quarterly in the *Gazette of India*.

2. An application from an officer in India for leave, or extension, or commutation, of leave, on medical certificate, must be accompanied by a certificate in the following form, or as nearly in this form as the circumstances allow.
Medical certificate.

I, A. B., surgeon at, or of the _____, do hereby certify that C. D., of the _____ service, is in a bad state of health, and I solemnly and sincerely declare that, according to the best of my judgment, a change of air is essentially necessary to his recovery, and do therefore recommend that he may be permitted to proceed to sea [or to such place as the Surgeon may think proper, expressing it in the certificate.]

3. The applicant must (unless the state of his health absolutely prevent it, or, if he be an applicant for furlough in India, unless the Government to which he is subordinate otherwise permit) present himself with two copies of the statement of his case, either at the Presidency town of Bombay before one or more Medical Officers to be appointed to this duty by the Government of Bombay, or at the seat of the Government under which he is serving, before the Medical Board there, or if there be no such Board, before one or more Medical Officers to be appointed by that Government, and obtain a certificate as follows:—

We (or I) do hereby certify that according to the best of our (or my) professional judgment, after careful personal examination of the case, we (or I) consider the health of C. D. to be such as to render leave of absence for a period of _____ absolutely necessary for his recovery.

4. If the state of the applicant's health be certified by a Covenanted Medical Officer, or by a Medical Officer in charge of a Civil Station, to be such as to make it highly inconvenient for him to repair to the seat of the Government of the Presidency or Province, the Local Government may accept a certificate from any two Medical Officers, either Covenanted or in charge of Civil Stations provided neither of them is the regular medical attendant of the applicant. The certifying officers need not belong to the same Province as the applicant.

* Applies to all gazetted officers in Civil Employ.

† Applies to leave granted under any of the Supplements to this Code.

5. If an applicant for furlough in India is exempted by a Local Government from appearing at the seat of the Government, he should produce a certificate signed by at least two Medical Officers, either Covenanted or in charge of Civil Stations, provided neither of them is his regular medical attendant.

6. The grant in Rule 8 of the option of undergoing medical examination at Bombay does not confer on the applicant a right to leave without the sanction of the Government to which he is subordinate.

7. If the officer is going on leave out of India, he should take with him one copy of the medical report upon his case.

8.* A duplicate of the medical report upon the case of an officer going to Europe on medical certificate should be forwarded through the Government under which the officer is employed, for the information of the Medical Board attached to the India Office, so as to arrive as soon as the officer arrives in England.

9. If an applicant for an *extension or commutation of leave* on medical certificate be residing out of India, and within twenty miles from London, he must produce a certificate from the Medical Board attached to the India Office, showing the necessity for the extension or commutation. If he be residing more than twenty miles from London, certificates in the form given in Rule 8 must be produced from two medical practitioners; and he may be called upon to produce other evidence.

10.* An application for privilege leave should not be made more than six weeks before the leave is wanted.

11. Unless specially otherwise ordered, leave must begin within thirty-five days of the date on which it was granted.

11A.—An application† by a Military officer in civil employ for furlough out of India† must be submitted in the manner prescribed in G. G. O., Military Department, No. 84, dated 11th January 1869, to the local Government. Any local Government receiving such an application from an officer of the Bengal Army will, if it thinks it should be granted, submit it to the Government of India in the Military Department at Calcutta.

The Government of Madras or Bombay receiving such an application from an officer belonging to its own army will, if it consider in the Civil Department that it should be granted, transfer it to be disposed of in the Military Department.

Any other local Government receiving such an application by an officer of the Madras or Bombay Army, shall, if it consider that it should be granted, forward it to the Government of Madras or Bombay, as the case may be, in the Military Department.

In forwarding such an application, the local Government, in the Civil Department, will always state, with careful reference to the note prefixed to Chapter VI, the amount of subsidiary leave to be allowed to an officer, if his application is granted; and the Government of India, Madras, or Bombay, in the Military Department, as the case may be, will grant the subsidiary leave recommended by the Local Government in the Civil Department.

12. When a Military Officer in Civil Employ applies for leave of absence on medical certificate or proceeds to a port of embarkation for the purpose of appearing before a medical board, he should communicate his intention to his immediate departmental superior when he sends in his application, or before he leaves his Station, as the case may be. A copy of the order granting leave on medical certificate should be forwarded to such departmental superior by the Government which grants the leave.

13. No-Demand Certificates are not required from officers going on leave except in the Public Works Department.

14. A Commissioned Military Officer in Civil Employ, going on leave from the Public Works Department, is required to produce a No-Demand Certificate from the Examiner of Public Works Accounts.

SECTION 39.—If under the operation of proviso (3), Section 12, the applications for furlough (including those under Section 35) cannot all be complied with, furlough will be granted in the following order:—

First.—To the applicant to whom most furlough is due:

Secondly.—Of two or more applicants to whom the same amount is due;—to him who has rendered longest continuous active service:

Thirdly.—Of two or more such applicants who have rendered the same continuous active service;—to the senior.

* Applies to leave granted under any of the Supplements to this Code.

† N. B.—This rule does not apply to the case of Medical officers whose applications must be forwarded through the Local Government to the Adjutant General.

‡ As to furlough in India see the note prefixed to Chapter IV.

APPENDIX A.

Forms for Last-Pay Certificate.

In filling up these forms:—

(1.) Except in case of Chaplains, allowances should be stated in rupees a month, and not in pounds a year; and, in entering "the rate of absentee allowance," it should be stated, in the first place, without reference to the maximum or minimum applicable, and then, if a maximum or minimum applies, or if the allowance is such that a future change in the official rate of exchange may render a maximum and minimum applicable, the words should be added "subject to a maximum (or minimum) of, &c."

(2.) The deduction to which the allowances of a Covenanted Civil Servant are subject on account of annuity while he is on leave should invariably be stated in his last-pay certificate. (See Section 8 of Supplement A, to the Civil Pension Code.)

(3.) In Forms A, B, C, and D, the Presidency to which an officer belongs should be stated in the title, and the Presidency or Province in which he is employed should be stated under the first heading.

(4.) In line 10, in Forms A to C and in line 11 in Form D, the Section of Supplement E to the Civil Leave Code, or of the Military Furlough Regulations under which the advance is made, should be mentioned. Similarly, the words under Supplement E to the Civil Leave Code, or under the Military Furlough Regulations, should be inserted between the words "that" and "you will grant" on the reverse of Forms C and D.

(5.) In Forms A, B, C, and D, it must be shown whether an officer is entitled to the full amount of furlough permitted by the Rules.

(6.) In the heading "source from which, &c.," the term "Indian Revenues" should be used in all certificates intended to be sent to England, as the term "Imperial Revenues" has there a different signification. If the allowance is not chargeable finally to the Government of India, the Local Administration or Fund from which it is recoverable must be expressly stated.

(7.) A copy of Section 37, Rule 3, and Section 38, Rule 11, should be given to an officer going on leave, and a copy of Section 35, Rule 3, and Section 37, Rule 1, to an officer going on leave to Europe. A copy of Section 37, Rule 4, should also be given to an officer proceeding on furlough or special leave.

(7) a.—The service and residence of a chaplain proceeding on leave to Europe should be entered in a foot-note on his Last-pay Certificate.

(8.) The certificates of officers proceeding on leave to Europe shall be prepared—

1st, for officers in the employ of the Military Department—in black ink;

2nd, for officers in the employ of the Public Works Department—in blue ink;

3rd, for officers in the employ of the Civil Department—in red ink;—

and it should be distinctly stated in the certificates whether the absentee allowance is chargeable to the Civil, the Military or the Public Works Department.

[NOTE.—The object of the certificates being prepared in different kinds of ink is to enable the Home authorities to ascertain at once the Department to which the absentee allowance of an officer is to be charged.]

(9.) Whenever a corrected Last-pay certificate, whether original or duplicate, is furnished, should invariably be marked "Amended Certificate."

Rules on the subject of the mode of payment of leave allowances to members of the Public Works Department during absence on leave in India.

- I.—The allowances of an officer or subordinate of the Public Works Department who is absent on leave in India, and who is entitled to draw allowances during such absence, should be included monthly, as they become due, in the salary bill of the Division or office to which he is attached, and submitted for audit to the Examiner. The allowances, if admissible, should be audited by the latter officer provisionally, subject to receiving an assurance that the officer is alive.

II.—If the absentee is attached to a Division, the Executive Engineer of this Division, on receipt of the audited bill, should request the Executive Engineer at the Station at or nearest which the absentee resides during his leave, to pay the allowances to the absentee on his appearing in person to receive payment, or on his furnishing a life-certificate by a Covenanted Civil Servant, a Magistrate, a Notary, a Banker, a Military officer, a Chaplain, an officer of the Engineer Establishment of the Public Works Department, or any other officer of the Department holding an analogous position. If the amount exceeds Rs. 500, and has to be paid in another Province or Branch of the Department, the requisition for payment should be sanctioned by the Superintending Engineer of the Circle, in accordance with the orders contained in Public Works Department Circular No. 68, dated 21st December 1873.

III.—The Executive Engineer who complies with the requisition should send a transfer advice of the payment to the Examiner of his own Province, for transmission to the Examiner of the Province to which the absentee belongs, stating in the advice that the absentee appeared in person for payment, or attaching a life-certificate. If the absentee and the disbursing officer belong to the same Province, the latter should send advice of payment to the Executive Engineer's Division, and forward the life-certificate, or a statement that the absentee appeared in person for payment to the Examiner.

IV.—If the absentee is attached to an office, the head of the office should request the Executive Engineer, by whom the bills of the office are paid, to arrange for the payment of the absentee's leave allowances, and the procedure indicated in the preceding Rules will then be gone through.—*Circular of the Public Works Department, Government of India, No. 58, dated 16th October 1873.*

(NOTE.—If a life-certificate cannot be furnished, a bond executed by a recognized Bank or agency firm, may be accepted.)—*Circular of the Public Works Department, Government of India, No. 32, dated 2nd June 1874.*

APPENDIX C.

1.

Military Furlough Rules of 1868.

General Order, Military Department, No. 171 of 1874, dated the 25th February.

The Furlough Rules of 1868, as revised by various subsequent decisions, are republished for general information; and in future this General Order shall ordinarily be referred to in any matter depending on those rules. The rules previously in force will be designated, as heretofore, the Furlough Rules of 1796 and 1864.

The following G. G. O.'s are cancelled prospectively from the 1st January 1875:—

G. G. O. No. 690 of 1869 (1st clause).

G. G. O. No. 627 of 1870.

G. G. O. No. 613 of 1871.

NOTE.—*The advantages granted by the Furlough Rules of 1864 to officers who obtain furlough on medical certificate are not applicable to any officers of the British Service whose Regiments, Battalions, Brigades or Batteries arrived in India after the date of the Passage Warrant of 1865, and neither those rules nor the Furlough Rules of 1868 are, as respects furlough on private affairs, applicable to British Officers serving with their Regiments or employed with a five years' tenure in staff situations (see para. 4).

But officers of the late Indian Army who hold permanent appointments under the Government of India, and who have elected to abide by the Furlough Rules of 1864, in preference to those of 1868, of course retain their election.

2. These rules are applicable to all officers who, on the 1st July 1868, belonged to the several Indian Staff Corps, or to the Indian Army, and who have elected, or may elect, to adopt them: officers of the British Army who entered the Staff Corps after that date are of course subject to them.

In regard to the periods of leave of absence during which appointments may be held, and in regard to the increased allowances, they are also applicable to officers of the Royal Artillery and Royal Engineers, late of the Indian Army, holding permanent Staff appointments not of a regimental nature, and to such officers of the Engineers of the Imperial Establishment as may be permanently employed on the staff in India.

* Added by G. G. O. No. 685, dated 6th June 1874, paragraph 1.

But should an officer of the British Service, holding such permanent staff appointment, be allowed to proceed on leave under circumstances which, by these rules, would involve loss of appointment, he cannot take leave under them, but simply as a British Officer holding no appointment.

Do not apply to Invalid Officers.

Nor to Regimental Officers of the British Service, even though formerly of Indian Army.

Only partially to officers of the British Service holding 6-year appointments.

Do not apply to officers of the British Medical Staff.

Apply to R. E. Officers of the Imperial list holding permanent non-regimental staff appointments.

* These officers, therefore, and other Royal Engineer Officers of the Imperial list on permanent staff employ under the Government, will be entitled to a furlough of two years after eight years' service in India, or at the expiration of one year from the date of their return (for a second tour of service in India) on the completion of the prescribed home service after the first period of seven years' service in India.

* Such officers will be allowed an advance of passage money, or free passage in a troopship if proceeding in the troping season, the advance to be refunded on receipt of the balance of furlough pay. The English rate of pay of their rank only will be passed to them during their leave; but at its conclusion, on their

presenting an order for them to return to India, the difference between that rate and furlough pay, less the passage money they have received, will be paid to them in England conditionally on its refund if the order to return to India is not carried out.

* Those Royal Engineer Officers who arrived in India before the 1st July 1872, are, however, not subject to the provisions of the preceding clause as long as they do not exchange Indian for Home service, but draw furlough pay during furlough as others.

Royal Engineer Officers on the Imperial Establishment, who are merely doing duty with, or attached to the Sappers and Miners, but not on the fixed establishment and drawing staff salary, will, in regard to these rules, be on the footing of Regimental Officers of the British Service—see preceding paragraph. If, however, they afterwards accept staff employ they also will count their service for furlough from date of arrival in India.

† An officer of the British Service holding permanent staff employ under the Government, who may proceed on furlough under circumstances which involve the forfeiture of his appointment, must obtain the furlough as a British Regimental Officer, and it will reckon as a portion of the aggregate eight years of furlough on pay to which an officer is restricted during his service by Rule XVI. But, on again becoming permanently employed, he resumes the right of obtaining furlough under these rules.

6. Officers of British Regiments who may join the Staff Corps, can count as service towards furlough all their military service in India, provided that half of it (in no case less than four years) shall have been passed in the Staff Corps. But any leave to England they may have taken during service so counted will be reckoned as furlough already taken. Officers of the British Service who formerly belonged to the Indian Armies are exempted from the above proviso.

Previous service of officers of the British Service who join Staff Corps now reckoned towards furlough.

* Original rule modified by G. G. O. No. 583, dated 5th June 1854, paragraph 2.

† Added by G. G. O. No. 585, dated 5th June 1874, paragraph 2.

mmissions, who may elect them; the period of service qualifying for furlough being calculated from the date of the attainment of a Commission. They will receive during furlough half their total receipts, calculated as laid down in Rule V, but without any reference to a minimum or maximum rate. Warrant Officers not holding Commissions can obtain furlough under these rules only on medical certificate.

Such furlough may be for two years with retention of appointment and half of the aggregate allowances; but any extension of such leave (which will not be granted for more than one year in excess of the two years), or any leave taken within less than three years from the date of last return to duty, will be on "English furlough pay." [See Note to para 9.]

and who has not made his election, will be required, on the first occasion of his applying for leave out of India, to state whether he desires to take the leave under these rules, or under those previously in force applicable to Warrant Officers, viz, G. G. O. Nos. 618 and 681 of 1854, G. G. O. No. 1,559 of 1857, and subsequent orders. That election will be considered final.

Those who became Warrant Officers after 19th February 1869 are subject to these rules, and cannot elect any of the previous rules.

Leave on medical certificate on Indian pay and allowances to places eastward of the Cape, as allowed to Commissioned Officers under the Furlough Rules of 1796, is not in any case admissible to a Warrant Officer.

Rules apply to Medical as to other Warrant Officers.

These rules respecting Warrant Officers apply to Honorary Assistant Surgeons and Warrant Officers in the Medical Department.

understood as the half Indian salary within the prescribed limits specified in paragraph V of these Rules, converted at the rate of exchange fixed by the Secretary of State for the official year,* whilst "English Furlough Pay" will represent the rates heretofore allowed to the several grades as English pay under the Rules of 1796 and 1854.

officer is to be restricted, the rates laid down in paragraph 11 of G. G. O. No. 69, dated 22nd January 1868, and (for Medical Warrant Officers) paragraph 22 of G. G. O. No. 550 of 1868, are to be understood as intended in the cases of Warrant officers.

RULES.

I.—The distinction, with respect to allowances, which has been hitherto drawn between

Assimilation of allowances on furlough on private affairs and medical certificate.

furlough on private affairs and sick leave, is abolished, both kinds of leave being included under the general term *Furlough*, provision, however, being made for the obtaining of furlough under medical certificate without all the restrictions applicable to furlough when taken without medical certificate.

II.—Leave taken under the rules now prescribed will not involve forfeiture of appointment, except in the cases herein specially provided for.

* Under the authority of the Right Hon'ble the Secretary of State for India, it is hereby notified that the furlough pay of all officers who elected the furlough rules of 1868 before the 1st July 1871, will for the future be issued at the rate of exchange of 2 shillings the rupee.

3. This order does apply to officers who were admitted to the Staff Corps on and after the 1st July 1868.—G. G. O. by the Military Department, No. 901, dated 22nd September 1876.

Officers of the Staff Corps and local Indian Service, and officers on the General list, can retain their appointments during all leave of absence granted by competent authority.* But their pay during such absence will be the same as they would obtain under these rules had this exemption from forfeiture of appointment not been granted.

III.—The rules now prescribed do not effect the provisions of Act XXXIII of George III Chapter 52, Section 70; † but an absentee cannot retain his appointment and draw absentee allowances, except under the rules now prescribed. Nor do they affect the regulations by which General Officers Commanding Divisions and Brigades can only obtain limited periods of leave without forfeiting their commands.

IV.—Leave of absence will in future be of three kinds, viz.,—

I.—Furlough in or out of India.

II.—General leave on private affairs, or sick certificate in India, or short leave to sea.

III.—Privilege leave.

[Doubts having been expressed on the point, the Right Hon'ble the Governor General in Council is pleased to notify, under instructions from Her Majesty's Government and in continuation of G. G. O. No. 1,160, dated 11th November 1873, that neither the Indian Furlough Rules of 1868 nor those of 1854, are, as respects leave on private affairs, applicable to British Officers serving with their Regiments or employed with a five years' tenure in staff situations. Any leave on this account, which may be granted to them by the authority under whom they may be serving, must be taken under the rules of the British service, and therefore, whilst borne on the Indian Establishment, they will receive the British pay of their rank and that only.]

2. This ruling does not apply to Officers of Royal Engineers permanently employed in Departmental service, or to other British Officers who may be permanently employed under the Government of India; these are eligible for all the advantages of the Indian Furlough Rules so long as they retain their appointments.—G. G. O. of the Military Department, No. 497, dated 13th May 1874.]

CHAPTER I

Furlough.

Furlough pay how reckoned.

V.—An officer drawing staff pay, in addition to pay of rank, proceeding on furlough, will be allowed pay at the rate of 50 per cent. of the salary of his substantive office.

* The following despatches from the Secretary of State was published under Military Department's General Order No. 1,174, dated 24th November 1875.—

No. 249, Military, dated 14th October 1875.

Major-General * * of the Royal (Bengal) Engineers, now on furlough for two years, has raised the question whether, in the event of his obtaining an extension of each furlough, he will be entitled to retain his appointment in the Public Works Department, and I have to inform you that, with reference to this application, I have decided that the rule under which officers of the Staff Corps and local Service retain their appointments during all authorised leave shall be made applicable to all military and medical officers taking leave under the Rules of 1868.

† The section referred to is quoted below:—

Section 70.—“And be it further enacted that no persons who shall have held any civil or military station whatever in India, in the service of the said United Company, being under the rank or degree of a Member of Council or Commander-in-Chief of the Forces, and who, having departed from India by leave of the Governor General in Council, shall not return to India within the space of five years next after such departure, shall be entitled to any rank, or restoration of office, or be capable of again serving in India, either in the European or Native Corps of Troops, or in the Civil line of the Company's Service; unless, in the case of any Civil Servant of the Company, it shall be proved to the satisfaction of the Court of Directors that such absence was occasioned by sickness or infirmity, or unless such person be permitted to return with his rank to India by a vote or resolution passed by way of ballot by three parts in four of the proprietors assembled in General Court, specially convened for that purpose, whereof eight days' previous notice of the time and purpose of such meeting shall be given in *The London Gazette*; or unless, in the case of any Military Officer, it shall be proved to the satisfaction of the said Court of Directors and the Board of Commissioners for the affairs of India that such absence was occasioned by sickness or infirmity, or some inevitable accidents.”

But an officer in civil employ and drawing consolidated salary, will be allowed 80 per cent. of the average salary drawn by him during the three years prior to his proceeding on furlough, or during his actual service in India, should that be less than three years: and the time spent and the allowances drawn during any leave "other than privilege leave" will be omitted in the calculation of average salary.

No absentee shall in either case draw more than £1,000, or less than £250 per annum.

The term "salary" will signify the total amount drawn by an officer, whether as consolidated pay, or staff allowances in addition to pay, but will not include any extra or special allowances. But in the case of a Military Officer in civil employ, his acting

Meaning of term "Salary." allowances shall be taken into account as a part of his salary in calculating his furlough pay.

§ 2. An officer absent on furlough, who may be transferred to another office during his absence, shall be entitled, for the entire period of his furlough, to furlough pay at the rate sanctioned to him when leaving India, whatever the salary of the office to which he may be transferred may be. This furlough pay will be continued to an officer in military employ after his return to India, and until he joins his appointment, provided it is not less than the military pay, or pay and allowances, of his rank.

But an officer whose term of office shall lapse, who shall vacate his appointment, or whose appointment shall be abolished during his furlough, will revert at once to the furlough pay which he would draw in virtue of his rank, as laid down below, in § 4. Any case of sudden abolition of appointment may, however, be specially considered in the department of the Government under which the officer may have been employed. An officer will also be entitled to the benefit of his promotion to a higher Staff Corps or regimental rank, whilst on furlough, subject to the maximum limit.

Pay of officers transferred to other appointments during furlough. to India, and until he joins his appointment, provided it is not less than the military pay, or pay and allowances, of his rank.

But an officer whose term of office shall lapse, who shall vacate his appointment, or whose appointment shall be abolished during his furlough, will revert at once to the furlough pay which he would draw in virtue of his rank, as laid down below, in § 4. Any case of sudden abolition of appointment may, however, be specially considered in the department of the Government under which the officer may have been employed. An officer will also be entitled to the benefit of his promotion to a higher Staff Corps or regimental rank, whilst on furlough, subject to the maximum limit.

§ 3. Officers holding regimental medical charges will be allowed to retain such charges during the authorized periods of furlough as if they were medical staff appointments. And the difference between the unemployed* grade pay of the officer holding the substantive charge and the consolidated salary of the charge will be considered the staff salary divisible between the absentee and the officer officiating for him.

Regimental medical charges retained during furlough. *The staff salary how divided.* § 4. Officers not in staff employ will receive half the Indian pay of their rank, provided that an officer entitled to furlough shall in no case receive less than the above minimum of £250 per annum.

Minimum furlough pay. NOTE.—Officers who may be entitled to income allowance from the Military Fund during absence in Europe will draw their half salary or minimum absentee allowance under the foregoing clause, subject to a deduction equivalent to the amount of such income allowance.

All furlough on private affairs subject to the exigencies of the service. VI.—All grants of furlough on private affairs are subject to the exigencies of the public service,—of which exigency the Government is to be exclusively the judge,—and to any regulations that may be found necessary for limiting the number of absentees.

NOTE.—It is therefore within the competency of local Governments and of the Commander-in-Chief to decline to forward the application of any officer whose absence would, in their opinion, be detrimental to the interest of the public service, until such time as arrangements can be made for removing the difficulty; and it is the duty of every head of a department to decline to forward any application for furlough, whenever the services of the officer cannot be spared without risking the efficiency of the department, any doubtful case being referred for the orders of Government.

VII.—The maximum amount of furlough on private affairs to be taken at any one time, carrying pay and retention of appointment, will be two years: any extension of such furlough will be without pay, unless it is on medical certificate, see Rule XIII. (But see Notes (3) and (4), Rule IX.) And no extension on private affairs beyond two years will be granted, though without pay, except upon satisfactory evidence of very urgent necessity.

Furlough on private affairs limited to 2 years at one time. *Extensions of such furlough.*

* G. G. O. No. 1,060 of 23rd December 1864, para. 29.
G. G. O. No. 870 of 4th April 1867, para. 9.

VIII.—A period of at least three years' service after return from last furlough, except furlough for a period not exceeding six months under rule XI (and excepting also, in the case of an officer in civil employ, ordinary furlough not exceeding three months), must be completed before furlough can again be taken unless obtained under medical certificate. (See Rules XIII and XIV, and Note 3 of Rule IX.)

NOTE. Such furlough will, however, be excluded from the three years' service required between two furloughs *G. G. O., No. 24, dated 12th January 1877.*

Exception in cases of officers ordered out on Field Service.

But an officer who may be ordered to return to duty before the completion of his furlough for the purpose of proceeding on Field Service, may be allowed to take the balance of such furlough at any time.

NOTE.—An officer in civil employ cannot reckon in this interval of three years any period of absence from actual duty, excepting those spent on privilege leave.

IX.—An officer will be eligible for two years' furlough on the completion of eight years' actual service in India (see para. 6 of this order); for a third year after a further period of six years' actual service, and for a fourth and fifth year after similar intervals of six years, and so on up to the maximum prescribed in Rule XVI. The grant of furlough to an officer eligible for it will be subject only to the conditions specified in Rules VI and VII. But see notes to this Rule.

Periods of service qualifying for furlough.

Furlough without pay not reckoned as "furlough taken."

lough with furlough pay, whether on private affairs or on medical certificate, taken under these Rules, will so reckon.

How far previous furlough on medical certificate bars furlough on private affairs.

Furlough on private affairs, with pay, taken under the Rules of 1796 or 1854, counts in all respects as furlough. Leave on sick certificate, under the Rules of 1796, does not count in any respect as furlough.

Leave on sick certificate, with pay, under the Rules of 1854, counts as part of the maximum of eight years allowed under these Rules, but until the maximum thus made up be reached, this leave will not count as furlough already taken in determining the amount of furlough to which an officer is entitled.

Leave without pay under the Rules either of 1796 or 1854, does not count in any respects as furlough.

§ 4. If an officer appointed to any duty in England draws his Indian allowances, with or without any portion of his staff salary, he can count the period of such employment as service towards furlough; but if he is appointed to an office in England to which a fixed consolidated salary is attached, he cannot reckon the time of such employment as service towards furlough.

Service on duty in England how reckoned.

NOTE (1).—But an officer of less than eight years' service in India may obtain furlough, not exceeding two years, on medical certificate, with furlough pay and retention of appointment, provided he has been three years in the Staff Corps, or—in the case of a Royal Engineer Officer holding a permanent staff appointment, or an officer not in the Staff Corps—has served for three years in India.

Furlough on medical certificate when on furlough pay.

NOTE (2).—If the officer has not been three years in the Staff Corps, or served three years in India, as the case may be, he will receive "English furlough pay" only, and must vacate his appointment, unless entitled to retain it under Rule II.*

Furlough on medical certificate when on English furlough pay.

* Extract from a letter from the Government of India in the Military Department to the Adjutant General in India, No. 21, dated 3rd October 1876.

With reference to your letter No. 2,795 A "Leave," dated 24th July 1876, and previous correspondence, regarding the question of the retention by Lieutenant * * R. E., Imperial establishment, of his appointment in the Public Works Department, I am desirous to state for the information of His Excellency the Commander-in-Chief, that, in the opinion of the Government of India, the retention of the appointment by an officer situated as Lieutenant * * is, is provided for by the furlough regulations as they stand.

2. By note I of Rule IX of the furlough regulations of 1868, published in G. G. O. No. 171 of 1874, an officer who has not served three years in India, and proceeding on furlough

This rule and the proviso in note 1, however, are not applicable to officers of the Indian Army who entered the new Line Regiments, or Royal Artillery, and subsequently the Staff Corps.

NOTE (3).—Unemployed General Officers of the Staff Corps of local service can be granted furlough without serving the intervals of three and six years, respectively, prescribed in Rules VIII and IX; and they can remain in Europe after they have exhausted the full period of furlough allowed during an officer's service by Rule XVI (eight years on the whole) on the English furlough pay of their rank.

General officers exempted from certain rules.

NOTE (4).—And a Major-General of the Staff Corps—if he has so much furlough at his credit, and proceeds to England within a year of his being promoted to that rank, or of his ceasing to be employed—can continue, after the expiration of the two years' furlough to receive half his Indian pay until he completes the period of three years during which he would be entitled to draw his Staff Corps pay if he were in India.

X.—An officer eligible for furlough need not take the whole amount to which his service entitles him, but may apply for any portion thereof as an instalment; and in that case the balance will remain at his credit in any future computation of the amount of furlough for which he may be eligible.

Furlough may be taken by instalments.

Illustration.

Furlough at credit how determined.

1. An officer who has served nine years in India is entitled to two years' furlough: he takes only one year, and after his return remains in India for five years. He is then eligible for two years furlough as follows:—

Total service in India	14 years.
Furlough due on that service	8 "
Furlough already taken*	1 year.
Balance for which he is eligible	2 years.

* See Rule IX, § 2.

2. An officer who has served 20 years in India without taking furlough is entitled to four years' furlough. He can only take, however, two years at one time carrying pay, the balance remaining at his credit in any future computation of furlough to which he may be entitled. He can take that balance after completing three years' service from the date of his return from the first instalment.

NOTE.—An officer is said to have furlough at his credit,—even though he may not be able to obtain it owing to the number of absentees, or other cause,—when the calculation of his service, as in illustration 1 above, shew a "balance for which he is eligible."

XI.—Furlough on urgent private affairs for six months on pay equivalent to the British Regimental pay of his rank may be granted when the officer has less than six months' furlough at his credit, or when, from other causes, e.g., the number of the absentees, or his not having served three years since his last return to duty, he is not able to take it.

Furlough on urgent private affairs when granted.

The said period may form part of the periods of either eight or six years referred to in Rule IX, and also—except in the case of an officer in civil employ, see Rule VIII, note—of the three years which was required to intervene between two periods of furlough by Rule VIII.†

This leave cannot be given in extension of furlough of any description. It cannot be extended beyond six months, unless on medical certificate

and on the same pay, in which case, the officer will be deemed to have vacated his appointment, unless entitled to retain it under Rule II; the whole period will be reckoned in the maximum amount of furlough (8 years) allowed by Rule XVI, and no portion of it can form any part of the periods referred to in Rules VIII and IX.

on Medical certificate, will receive "English furlough pay" only, and will vacate his appointment unless entitled to retain it, under Rule II.

8. Rule II lays down that officers of the Staff Corps and Local Indian service can retain their appointments during all leave of absence granted by competent authority. Subsequently, the Secretary of State of India, in his despatch, published under G. G. O. 1,174 of 1875, decided that the rule under which officers of the Staff Corps and local service retain their appointment during all authorized leave, shall be made applicable to all military and medical officers taking leave under the rules of 1868.

4. The provisions of note 1 of Rule IX, which you state will, under the above ruling, require modification, are not really affected by it, as they refer to leave on "furlough pay" with retention of appointment. Note 2 relates to leave on "English furlough pay" with retention on vacation of appointment. Lieutenant* * retains his appointment, but as he has not performed three years' service, he does so on "English furlough pay" only.

* Added by G. G. O., No. 805, dated 26th March 1874.

† Original rule modified by G. G. O., No. 922, dated 31st August 1876.

NOTE.—Ill-health is not considered as warranting furlough under this rule to any officer who under the provisions of these rules can obtain furlough on medical certificate without forfeiting his appointment.

XII.—Subject to State considerations, there will be no restriction as to the places to which an officer may resort during furlough. But, if he desires to spend in England the rest of a "furlough in India," or *vice versa*, he must obtain permission to do so from the Government of his Presidency, or from the Secretary of State for India, as the case may be; and on landing in either country, he must report his arrival accordingly to the Military Department of his own Presidency, or to the India Office, forwarding a copy of the permission granted him to change his destination. An officer who, on his return to India, reports his debarkation, without forwarding at once a copy of the permission granted him to change his destination, or submitting an application for such permission will be considered to have returned to his duty.

Reports, &c., required.

XIII.—Furlough on medical certificate is obtainable as indicated in Notes (1) and (2) of Rule IX and in Rule XIV. Absence on such furlough for a longer period than two years at one time will involve forfeiture of appointment [But see exceptions in Rule II.] Furlough may, however, be extended on medical certificate up to a third year on "English * furlough pay;" and an officer on furlough on private affairs, who may be obliged to obtain an extension on medical certificate, will be thenceforward entitled to the same advantages, and subject to the same disadvantages as to retention of appointment, pay, &c., as if he had originally obtained furlough on medical certificate.

Consequences of extension of furlough on medical certificate over 2 years.

If he exceeds 3 years absence on medical certificate, the officer may have to retire or go on half pay.

Extension on medical certificate over 3 years to be without pay.

Officers on medical certificate must be pronounced fit for duty before returning to India.

XIV.—An officer whose health may necessitate his taking furlough within three years from the date of last return from any furlough, except that taken for a period not exceeding six months under Rule XI (and excepting also, in the case of an officer on civil employ, *ordinary furlough not exceeding three months*), may obtain, under the usual medical certificate, such amount as may be duly certified to be necessary for the restoration of his health; but he will receive only "English furlough pay" and must vacate any appointment he may be holding, unless entitled to retain it under Rule II.

§ 2. If, however, he shall have served three years since the date of his last return to duty, although there may be no balance of furlough at his credit, he will be entitled, on obtaining furlough on medical certificate to retain his appointment, and to receive "furlough pay" as laid down in Rule V, for the entire period not exceeding two years. Should the latter period be exceeded, he will come under the provisions of Rule XIII.

XV.—An officer entitled to furlough, or having a balance of furlough at his credit, whose health may necessitate his absence from India, must take the leave as furlough under Rule IX, but without forfeiting any passage money, to which he may be entitled under Military Fund Rules,—or if a Subaltern, by Regulation,—when proceeding on medical certificate.

§ 2. Should an officer be declared fit for duty before the expiration of two years, he may be granted extension on private affairs up to that limit, provided that he has so much at his credit, and that if he remains he will not be in excess of the established proportion of absentees. Any extension on private affairs of such furlough beyond the said period of two years must be without pay.

Furlough on medical certificate when extended on private affairs.

years, or any lesser period, which may be at his credit under Rules IX and X, will be regarded, in all respects, as furlough on medical certificate (Rule XIII); and if the period of two years should not exhaust the balance of furlough at his credit under Rule X, the period or periods of extension shall be deducted from such balance till the latter is exhausted. On the aggregate of two years' leave being exceeded, the officer will come under the provisions of Rule XIII.

Total furlough with pay, &c., in an officer's service limited to 8 years.

XVI.—The aggregate amount of furlough with pay and retention of appointment on private affairs and on medical certificate, that may be granted to an officer during his service, will be limited to eight years.

Furlough not reckoned in this period.

NOTE.—The following periods of leave, however, will not be reckoned in this period of eight years:—

§ 1.—Leave without pay.

§ 2.—Sick leave to Europe, or to the Colonies estward of Cape under the Rules of 1796.

§ 3.—Leave taken under Rule XI of these Rules, provided it be not extended over the six months. If it be so extended, the whole period will reckon as part of the eight years.

§ 4.—Leave necessitated by wounds, or sickness contracted on active service, and any other leave which may be allowed by proper authority to reckon as service for pension.

§ 5.—In the case of an unemployed officer, periods of residence in England on English pay after promotion to the rank of Major General, or to the rank of Regimental Colonel in the Royal (late Indian) Artillery and Engineers, or after completion of tour of service as Inspector General or Deputy Inspector General of Hospitals, when the officer is no longer required to reside in India.

All other leave to Europe, or out of India, for periods exceeding three months (see Rule XXVII), including furlough on medical certificate under the Furlough Rules of 1854, will form part of the period of eight years.

XVII.—If taken in India, furlough would be reckoned from the date of the absentee's quitting his station to the date of his return thereto, if taken out of India, from the date of the sailing of the vessel in which he may have embarked to the date of his *bona fide* disembarkation in India for the purpose of rejoining his appointment or Regiment, the date of embarkation (or of the vessel's leaving the Sandheads if from Calcutta) and that of disembarkation also, are included in the furlough.

NOTE (1).—As an illustration of this rule, it may be observed that a Madras officer's landing and reporting himself at Madras *en route* to Calcutta to join his appointment in Bengal or the North-Western Provinces, &c., is not disembarkation in the sense intended by this rule.

NOTE (2).—To enable an officer who overstays his leave to obtain an extension, he should shew that he took all needful precautions to ensure his arrival in proper time, and if delayed by the departure of the vessel being deferred, he should obtain the certificate of the owner or agent that she had been *bona fide* advertised to sail from—on the—but that her departure has been delayed till the—. Extension to cover excess over furlough how obtained.

XVIII.—* Preparatory leave to embark for Europe, or elsewhere, on furlough will be granted for any period deemed necessary, not ordinarily exceeding 30 days. Leave up to the same limit, to enable him to rejoin on his return from furlough, will be granted from the date succeeding that of his disembarkation in India. This applies equally to furloughs taken under Rule XI. The authority which has power to grant preparatory leave can, on due cause being shewn, grant any necessary extension of it; but this can be done only on very sufficient reasons.

Preparatory leave.

Limited ordinarily to 30 days.

NOTE (1).—An officer obtaining a furlough on private affairs or medical certificate must embark within three months of the date of the General Order which notifies it, or take up the first portion of his furlough in India until he embarks; if not, the General Order will cease to have effect. The only exception to this rule can be allowed is when the officer is prevented from embarking within the three months,

G. G. O. granting furlough has effect for 3 months only.

In future the words "with the necessary subsidiary leave" will be added to the Government General order granting an officer furlough.

owing to his detention in India by proper authority on *bona fide* public grounds. If, however, the officer does not within a reasonable time avail himself of the furlough given him, his subsequently being placed on duty rendering his detention necessary will not exempt him from the rule, and in every case of such detention the officer must at once report it, and he is not to embark after the expiration of three months until he has applied for and obtained from the Government of his Presidency an extension of the period.

Detention when deemed a valid excuse.

An officer serving out of his Presidency may embark from it.

Applications for furlough how submitted.

NOTE (3).—Officers who may be serving in other Presidencies than their own, if they desire to embark *bona fide* for Europe from the latter, may obtain preparatory leave accordingly, and their furlough will reckon from the date of their embarkation at their own Presidencies.

NOTE (8).—For full information as to the submission of applications for furlough, see G. G. O. No. 34 of 11th January 1869; G. G. O. No. 103, dated 28th January 1869; General Order by the Commander-in-Chief, No. 135 dated 11th June 1870.

NOTE (4).—The allowances of Military Officers in Civil employ during preparatory leave, and after return to India until they rejoin their appointments, will be adjusted according to Civil Rules.

Leave preparatory to retirement.

NOTE (5).—Leave preparatory to retirement from the service does not reckon as service towards pension.

Pay issued monthly in India, quarterly in England.

XIX.—Furlough allowances are payable monthly, if payment is taken in India; and quarterly, if payment is taken in England.

XX.—Advance of furlough pay will continue to be made in India to those officers who desire it, for three months from date of embarkation. Payments in continuation will be made in England on the expiration of six months from that date. No advance is made in England to officers on their returning to duty.

Advances of furlough pay given in India only.

XXI.—The last pay certificate issued to each officer who may be granted furlough, whether on private affairs, or on medical certificate, will specify the rate of the pay and staff salary of his last substantive appointment, and the rate to which he will be entitled in Europe in virtue of Rule V.

Last pay certificate to show rate of furlough pay, &c.

XXII.—An officer acting in India for an absentee on furlough will be restricted, for the entire period that he may so act, to the half staff salary of the appointment in which he may be acting, in addition to the full pay of his rank and the half staff salary of his own appointment, if he possess one. The aggregate staff salary granted to the acting officer in such cases will not be less than Rs. 100 per mensem, unless the full staff salary of the post in which he is officiating is less than that sum.

Pay of officers acting for those on furlough.

Pay of Warrant Officers acting for others on furlough.

A Warrant Officer, acting for one of a higher grade on furlough, receives half of the aggregate allowances of the absentee, added to half of the aggregate of his own allowances.

NOTE.—† The indulgence granted by § 1 of this rule is only allowed to one directly officiating in the place of the officer absent on furlough, not to one acting in the room of an officer who is himself acting for an absentee on furlough.

XXIII.—The privilege heretofore granted to Military and Medical (a) Officers who had elected the rules of 1854, of counting the proportion of leave noted in the margin as service for pension, is retained, and is applicable to those who elect these rules, subject (in the case of officers under the Rules of 1796) to the condition laid down in § 4 of Rule XXXIV. The periods of service qualifying for pension remain unaltered.

XXIV.—In computing the furlough on private affairs to which an officer who has already enjoyed some portion of such furlough will be entitled under these rules, it will be necessary to deduct the total amount of the furlough on private affairs of which he may have availed himself during his service from the total periods to which under Rule IX he can lay claim. The balance (within the limit of eight years' total furlough on private affairs and medical certificate laid down in Rule XVI) will represent the leave to which he will be entitled on the expiration of not less than three years from his last return to duty.

(2).—An officer of four years' service has proceeded on sick certificate to England for 20 months extended afterwards to two years. He returns, serves six years in India, takes two years' furlough, and returns to India about the time of the promulgation of these rules, which he accepts. He must serve before he can take an additional year's furlough, thus—

CHAPTER II.

General leave on private affairs and sick certificate in India.

XXV.—* An officer will be eligible, as at present, to take leave on private affairs or sick certificate any where in India for any period not exceeding six months, at the discretion of His Excellency the Commander-in-Chief, or of the Government under which he may be serving. During the entire period of

* A military officer in civil employ having applied for six months' leave on private affairs to Cashmere, it was decided in the Military Department that leave under this Rule was applicable only to officers in military employ, an officer in civil employ who has elected the Rules of 1868, coming under the provisions of Rule XXXIII. (*Military Department's Order, No 66, dated 3rd April 1876.*)

his absence on this account, the officer will be entitled, as at present, to his full pay and a moiety of his staff salary. Leave taken under this rule will form no part of the eight year's aggregate furlough. If this indulgence should be taken advantage of for a third year consecutively, the officer will lose his staff appointment unless entitled to retain it under Rule II.

XXVI.—Leave on sick certificate for a period exceeding six months, capable of extension, under renewed medical certificate, to a limit of one year, may be granted to any officer who, in the opinion of a Medical Board, may require it. Leave of this nature, taken after the promulgation of these rules, will be held to constitute a part of the maximum period of eight years' leave of absence to which an officer is entitled in his entire period of service, but will not be regarded as furlough, nor will it affect the intervals entitling to furlough laid down in Rule IX. During this leave the absentee will draw a moiety of his staff salary in addition to the pay of his rank. But if the 12 months be exceeded, the whole leave must be reckoned as furlough, and allowances be adjusted accordingly.

If extended over 1 year, reckons as furlough.

Short leave (not exceeding 8 months) allowed as heretofore.

XXVII.—Short leave, not exceeding three months, on private affairs or sick certificate, may also be taken to sea on the above condition; but absence from India for any longer period will be treated as furlough.

XXVIII.—All general leave taken in India counts as part of the leave reckoning against service for pension.

CHAPTER III.

Privilege Leave.

XXIX.—Privilege leave may be granted, as at present, for sixty days in each year to all officers in military employ, without deduction from the salaries and emoluments, drawn by them. General leave, in extension of privilege leave, can only be granted on the ground of sickness, or some other serious emergency which could not have been foreseen when the officer proceeded on privilege leave. Privilege leave may, however, be converted into general leave with the sanction of the Commander-in-Chief or the Government.

XXX.—In the case of the stations noted in the margin, privilege leave may, as at present, be granted for ninety days to officers of local corps, or of corps which are usually employed in one or other of the districts named.

No restriction as to place.

XXXI.—An officer is at liberty to proceed, wherever he may desire, on privilege leave, provided he can ensure his return before the expiration of his leave.

XXXII.—Privilege leave cannot be taken in continuation of furlough, nor can furlough be obtained in continuation of privilege leave. If furlough be obtained by an officer while absent on privilege leave, the privilege leave will be converted into general leave, the officer for that period sacrificing a moiety of his staff salary.

Must be apart from furlough or other leave.

Military Officers in Civil employ.

XXXIII.—Those Military Officers (including Warrant Officers who hold Honorary, Veteran, or Unattached Commissions) in Civil or Political employ who may elect these rules when they take leave in India, come, as respect periods of leave obtainable and amount of pay to be granted, under the Civil Leave Rules. When they take leave out of India, they come under the Military Leave Rules.

For preparatory or subsidiary leave, see Note (4) of Rule XVIII.

Subsidiary Rule.

XXXIV.—Officers of the Indian Military and Medical Services will be required generally to notify their intention to accept these rules, or to adhere to those now existing, on the first occasion of their taking furlough or general leave after the publication of this order.

Such election must be considered final, and under no plea whatever will an officer be subsequently relieved from the choice thus made.

Fund subscription during furlough. § 2. Officers going home under these rules will pay English rates of subscription only to the Military Fund.

Officers who may determine to abide by existing rules, will be allowed to proceed on furlough on the conditions laid down in Rules VII, VIII, and XIII, to the extent to which they may be entitled under the Furlough Regulations of 1864, or of 1796, whichever of the two they may have elected, and on the rates of pay contemplated in those Regulations, but retaining their appointments. The principle laid down in Rule XV must, however, be applied in those cases.

§ 4. If an officer under the Furlough Rules of 1796 elects the present rules, his service for pension will be reckoned under the former rules up to 1st July 1868, and thenceforward under the rules of 1868; and the fact of the officer having been on furlough on 1st July 1868, and not then having elected the rules of 1868, will not affect the case. All periods of leave out of Indian limits taken previous to 1st July 1868, will be wholly excluded from his service for pension; but he may reckon towards pension periods of leave taken subsequent to that date, according to the length of his service counting for pension, as shewn in Rule XXIII.

Retirement under 1796 Rules His election of these Furlough Rules in no way affects his right to retire under the Pension Rules of 1796.

2.

Revised Furlough and Leave Rules for the Staff Corps and Indian Local and Medical Services.
General Order, Military Department No. 1,816 of 1875, dated 30th December 1875.

Under instructions from Her Majesty's Government, the Right Hon'ble the Governor General in Council is pleased to publish the following revised furlough and leave rules applicable to the Staff Corps and Indian Local and Medical Services:—

Furlough and Leave Rules.

1. Officers included in Schedule A may receive, after five years' service in India or under the Government of India, one years' furlough, and an additional year for each subsequent five years' service. Furlough not taken at the time it becomes due is not lost, and can, subject to these rules, be taken later.

2. A Commissioned officer may receive at any time any portion of the furlough to which he is entitled. But except under Rule 8, he may not be absent from duty on any ground for more than three years consecutively; nor, on return from furlough, may he receive, except under Rule 6, any further portion of the furlough to which he is entitled, until after the interval of two years.

A. Warrant Officer receives half the emolument of his office calculated in the same manner as those of Commissioned Officers, no Warrant Officer, however, receiving as furlough pay less than the English furlough pay of his rank.

3. It must be distinctly understood that furlough is subject to the exigencies of the public service. Officers commanding regiments, and Heads of Departments, will forward no application for furlough unless able to satisfy the superior authorities that the officer's services can be spared without any inconvenience to the public service.

4. Furlough does not involve forfeiture of appointment, may be spent anywhere, and counts as service for pension.

5. A commissioned officer on furlough receives (up to, but not beyond, the sum of 1,000/ a year) half the emoluments of his office, computed according to a rate of exchange to be fixed in each year by the Secretary of State; but in any case he does not receive less than 250/ a year. The emoluments of his office include all pay, staff corps pay, staff salary, and Indian allowances he would receive in respect to it if he were on duty, and for the purpose of each payment his office is the office he fills on the day when that payment becomes due. A warrant officer receives half the emoluments of his office calculated in the same manner as those of commissioned officers, no warrant officer, however, receiving as furlough pay less than the English furlough pay of his rank.

6. Upon certificate of a Medical Board, an officer not entitled to furlough, if he has served not less than two years in India, may receive it for any period not exceeding two years; but such furlough will be deducted from his next accruing furlough until it is paid off. An officer will not be allowed to anticipate furlough under this rule to an aggregate amount of more than two years.

Ruling.—*An officer of less than two years' service, from date of coming under the new rules, falling sick, will be sent to England on medical certificate on English furlough pay, subject to the decision of Her Majesty's Government as to his ultimate disposal; special report on each case being submitted to Her Majesty's Government by the Government of India, or in the case of officers of the Madras or Bombay army by the Governments of these presidencies.

* G. G. O., Military Department, 1110, dated 27th October 1876.

7. An officer who has exhausted the furlough obtainable under these rules, and who may be certified by a Medical Board to be still unfit for duty, will be placed temporarily or permanently on half-pay, according to the circumstances of the case.

8. Under very urgent circumstances special furlough may be granted on private affairs which need not be paid back; but it will be in all cases without any kind of pay, and will not count for pension.

Ruling.—*The amount of leave which may be granted under this rule will be restricted to such period as the Government granting it is satisfied is actually necessary with reference to the urgency of the case.

9. Advances of passage money, on need shown, will be granted to officers on furlough, to be recovered in manner specified at the time of the grant: in India, at the discretion of the Local Government; and in England, at the discretion of the Secretary of State.

10. Leave may be granted for any period not exceeding six months at a time, and may not, except for very urgent reasons, to be specially reported to the Government of India, be renewed till after six months have elapsed from its expiration. It must be spent at some place east of the 40th degree of east longitude. Subject to these conditions, it may be granted or refused entirely at the discretion of the local authorities, who in granting it shall fix its duration, and may fix the limits within which it shall be spent, and whether during its continuance half pay and allowances are to be deducted for the payment of a substitute; and they may grant it as preparatory to furlough or for the purpose of a medical examination. Leave counts as service for pension and furlough. The local authorities shall be defined for the purpose of this rule by the Government of India.

11. Leave and furlough are reckoned from and to the close of the days named in the order granting them.

12. The position of the officers not included in Schedule A will be unchanged as respects leave or furlough.

13. Officers now in the service placing themselves, from a given date, under these rules shall count service for pension up to that date under the rules to which they were then subject.

Ruling.—* An officer takes with him so much service for a pension as he had become entitled to under former rules. Under the rules of 1854 and 1868, two years' leave in 20 years' service, but in periods of less than 20 years, no leave counts. Therefore, if an officer now under the rules of 1854 or 1868, of 20 years' service with two years' leave, elects the present rules, his service for pension will be 20 years; if an officer of 19 years' service with the same amount of leave elects these rules, his service for pension will be 17 years only.

SCHEDULE A.

Officers entering the Staff Corps or Indian Medical Service, and Warrant officers attaining that rank after the 31st December 1875; and

Ruling.—* The date of entry into the Staff Corps is that of entry for choice of furlough rules, *viz.*, the date on which the officer was originally appointed on probation. An officer therefore, whose date of admission in the Staff Corps is not after the 31st December 1875, will have the choice of rules, but an officer whose date of admission is after that date will have no option.

Any other Officers, Commissioned or Warrant, belonging to the Indian Army or Medical Service, or Officers of the Staff Corps, who after the 31st December 1875, shall, before asking for leave or furlough, apply in writing to the Local Government to be placed definitively upon this Schedule. but their service for furlough under Rule 1 shall commence from the date of such entry or such application respectively.

Ruling.—* An officer coming on this schedule, having furlough to his credit under previous rules, forfeits such furlough absolutely, he being required to serve five years from date of applying to be placed on the schedule before he can take one year's furlough unless it be sick furlough under Rule 6. An officer similarly circumstanced, but having furlough to his debit, is equally with the other entitled to take one year's furlough, five years after joining the new rules.

Any officers in Civil employment declared by the Government of India to be under Civil Leave Rules shall not be under these Rules.

* * * The last-pay certificate issued to an officer to whom furlough or leave has been granted shall state the pay to which, under Rule 5, he is at that date entitled in respect to the office he is holding, noticing the date, if any fixed, at which he will vacate it.

With advertence to the foregoing rules, the Right Hon'ble the Governor General in Council is pleased to notify—

I. That no "extra or special allowances" drawn by an officer which are now excluded from the account in calculating furlough pay under the Rules of 1868, can be reckoned in calculating furlough pay under these rules (Rule 5).

II. That the Governments of the three Presidencies, or their Excellencies the Commanders-in-Chief in regard to officers serving directly under them, shall be held to be the "local authorities" named in Rule 10.

III. That pending further orders, a Staff Officer granted leave under Rule 10 shall receive, as heretofore, the pay or Staff Corps pay of his rank and half the staff salary of his appointment during such leave: but full staff salary may be allowed him for the first two months (as now during privilege leave) when he makes approved arrangements for the performance of his duties during that period. In such cases the G. O. granting the leave must state that the first two months are to be on full staff pay.

N. B.—It is distinctly to be understood that the rule regarding the pay to be drawn on leave under para. 10 is liable to be modified at any time in any way that the Government of India may deem expedient.

IV. Pending further orders, these rules are not applicable to any officer in Civil employ.

Definitions.

Actual service. I.—In the following Rules, "actual service" includes—

- (1.) Time spent on duty as a Judge or Officiating Judge of a High Court.
- (2.) Privilege leave of absence.
- (3.) Subsidiary leave of absence.
- (4.) Duty authorised vacations, provided that the Judge is not absent on furlough or extraordinary leave.

Extraordinary leave.

"Extraordinary leave" means any leave granted otherwise than under these Rules.

Furlough.

II. One year's furlough shall be placed to the credit of each Judge after the completion of every four years of actual service.

III.—Except under Rules VI and VII, no furlough shall be granted until at credit under Rule II.

Provided that any Judge who may have been already in the service of the Government at the time of taking office in the High Court, and who was, at that time, entitled, under the Rules applicable to the branch of the service to which he belonged, to furlough, without medical certificate, may be granted furlough for a term not exceeding that to which he was so entitled upon the condition that such furlough shall not be taken until the completion of two years' actual service in the High Court, and shall not exceed one year.

IV.—Except under Rule VII, furlough shall not be repeated until after the completion of three years' actual service from the date of the last return from furlough or extraordinary leave.

N. B.—The words "furlough or extraordinary leave" in the above Rule mean furlough under these Rules, or extraordinary leave granted to an officer since he has been a Chief Justice or Judge of a High Court.

* SECTION 26.—It shall be lawful for the Governor General in Council, or Governor in Council of either of the Presidencies, as the case may be, to grant to an ordinary Member of Council leave of absence, under medical certificate, for a period not exceeding six months, and such Member, during his absence, shall retain his office, and shall, on his return and resumption of his duties, receive half his salary for the period of such absence; but, if his absence shall exceed six months his office shall be vacated.

V.—The maximum term of furlough to be taken at any one time shall be fifteen months.

VI.—Under medical certificate, furlough may be granted before it is at credit under Rule II.

VII.—On urgent private affairs, furlough may be granted before it is at credit under Rule II, and although three years of actual service have not been completed since the last return from furlough or extraordinary leave.

Provided that furlough under this Rule shall not exceed six months, and shall be granted only once during the whole period of a Judge's service in the High Court.

VIII.—The aggregate amount of all furlough which can be granted to a Judge during the whole period of his service in the High Court is two years and a half.

IX.—Furlough taken in India shall be reckoned from the date of the Judge's quitting his office to the date of his return thereto. Furlough taken out of India shall be reckoned from the date of embarkation to the date of return.

[NOTE.—By the date of return is meant the date of debarkation.]

In the event of the furlough being taken partly in India, and partly out of India, the commencement and termination of the furlough shall be respectively determined by the above Rules, according as the furlough begins or ends in or out of India.

X.—For the interval elapsing between the date of quitting his office and the commencement of furlough out of India, and between the termination of furlough out of India and resuming his office, a Judge may be allowed subsidiary leave not ordinarily exceeding thirty days, which in special cases may be extended.

XI.—A Judge, when on furlough or subsidiary leave, shall receive allowances at the rate of Rs. 833-5-4 per mensem in the case of leave taken in India, or £1,000 per annum in the case of leave taken out of India.

XII.—Except under medical certificate, the number of furloughs to be granted at any one time, and the grant of furloughs to individual Judges, shall be subject to, and limited by the exigencies of, the service, which exigencies shall be determined exclusively by the authority granting the furlough.

XIII.—If, owing to the exigencies of the service, it may be necessary to place any limit on the number of Judges who may be absent on furlough at the same time, applications not supported by medical certificate will be granted in the following order.

The Judge to whose credit the greatest amount of furlough remains under Rule II shall have the preference.

If two or more applicants are on an equality in this respect, the preference shall be given to the applicant whose actual service in a High Court is longest, reckoning, in the case of a Judge who has not taken furlough or extraordinary leave, from the date of his commencement of service in the High Court, and, in the case of a Judge who has taken furlough or extraordinary leave, from the date of his last return from such furlough or leave.

If two or more applicants are equal in both respects, the preference shall be given to the senior in the Court.

Privilege Leave.

XIV.—Subject to the exigencies of the service, a Judge who has completed eleven months' continuous duty, inclusive of vacations, may, if the Government be satisfied that there is an urgent necessity, but not otherwise, be granted privilege leave for one month without deduction from his salary or acting allowances.

XV.—In the same manner and under the same conditions an additional month of privilege leave shall be held to accrue to a Judge after each further period of eleven months' continuous duty.

XVI.—Privilege leave shall not be taken in instalments; but any balance of privilege leave that may not have been taken shall be added to the next privilege leave which may accrue.

Provided that the whole privilege leave taken at any one time shall not exceed three months, and that any accumulation of privilege leave beyond that period shall be forfeited.

[NOTE.—Section 83, Rule 1 of the Code shall not be held to apply to a Chief Justice or Judge of a High Court, even though, under Rule XXIII, he may elect to abide by former Rules. Whatever Rules such an officer may elect, privilege leave shall not be granted to him except on urgent necessity being shown.]

General.

XVII.—Furlough and privilege leave shall not be taken, as such, in continuation of each other; but if a Judge absent on one of these classes of leave be allowed to change it for another, the whole period of his absence shall be held to be under the class of leave for which it was changed.

XVIII.—Applications for leave shall in all cases be submitted in such manner as the Government may, from time to time, prescribe.

XIX.—Leave allowances shall be payable monthly if payment is taken in India, and quarterly if payment is taken in England.

XX.—No substantive appointment shall be vacated, merely by reason of leave being granted under these Rules.

XXI.—If a Judge shall overstay any leave, he shall forfeit all salary during the time of his remaining so absent, and if he shall so continue absent for more than one week, his office shall be liable to become vacant.

XXII.—No leave, except privilege and leave subsidiary to furlough, shall count as service for pension.

XXIII.—Each Judge who stood appointed to a High Court on the 7th August 1869, and has taken no leave since then, shall, on the next occasion of his taking leave, be given the option of accepting these Rules or abiding by those in force before that date for Judges of the High Courts of Judicature. Any Judge who has taken leave since the 7th August 1869, must abide by the Rules he elected when taking that leave.

[**NOTE.**—Under this Rule a Covenanted Civil Servant, who stood appointed as Judge of a High Court on the 7th August 1869, may take leave on medical certificate under the Rules which were in force before the 1st July 1868, for the grant of such leave to Covenanted Civil servants generally.]

XXIV.—If a Judge, who is a Covenanted Civil Servant, shall be permitted to resign his office and remain in his service, all leave which he may have taken as a Judge of the High Court shall be reckoned as if it had been taken under the Rules for the leave of absence of Covenanted Civil Servants.

XXV.—The foregoing Rules regarding furlough and leave of absence (I to XXIV) are, with the modifications A and B below stated, applicable also to the following officers:—

Judges of the Chief Court of the Punjab who are Barristers of England or Ireland or Members of the Faculty of Advocates of the Court of Session of Scotland.

Recorders in Burmah.

First Judges of Small Cause Courts at Presidency Towns.

Modifications indicated above.

A.—The allowances of these officers while on furlough or subsidiary leave shall not exceed half their salaries, and shall be limited also to the rate prescribed in Rule XI.

SUPPLEMENT D.

BISHOPS.

The following Rules regulate the grant of leave to Bishops:—

Furlough or leave on medical certificate. A Bishop may be allowed leave of absence either on medical certificate or on furlough.

Amount admissible on medical certificate. 8. The amount of leave of absence on medical certificate admissible to a Bishop is limited to two years.

4. Subject to the limitation in Rule 3, leave of absence may be granted to a Bishop upon medical certificate for a period not exceeding one year. Leave so granted may be extended upon medical certificate to any period not exceeding eighteen calendar months.

Amount of furlough.

5. The amount of furlough admissible to a Bishop at one time is limited to six calendar months.

6. The amount of furlough earned by a Bishop is one-eleventh of the time during which he has been on duty without interruption, provided that no additional furlough can be earned by duty done while six months' furlough is due, and that when duty is interrupted, all furlough earned theretofore is cancelled.

The furlough due to a Bishop is the furlough which he has earned less the period during which he has been absent on furlough.

Absence on furlough, though not counting as duty, is not an interruption of duty within the meaning of this Rule.

7. To a Bishop who has been on duty without interruption for thirty-three calendar months and who has not for twelve calendar months been absent on furlough, the whole or any part of the furlough due to him may be granted.

8. An Archdeacon or a Chaplain appointed to hold charge of a Diocese during the absence of the Bishop upon furlough or upon leave on Medical Certificate, is entitled to an allowance of Rs. 500 a month in addition to the pay of his substantive office.*

*Charge of Diocese.**Allowances on furlough.*

A Bishop while absent upon furlough or upon leave on medical certificate is entitled to full pay less Rs. 500 a month, but not to any other allowances.

10. An Archdeacon or a Chaplain appointed to hold charge of a Diocese during the absence of the Bishop upon leave on medical certificate is entitled to the travelling and other similar allowances admissible to the Bishop.*

Charge of Diocese.

* Formal appointment of the Archdeacon by the Government to hold charge of a Diocese is not necessary to enable the Accountant General to pass the extra allowance of Rs. 500, and the travelling and other allowances admissible to the Bishop. It is sufficient for the Accountant General if he has received notice officially that the Government has directed the Archdeacon to undertake the Bishop's jurisdiction or take charge of the Diocese.

11. The allowances of the Bishop of Madras or Bombay when performing the functions of the Bishop of Calcutta during his absence on leave, are regulated by 5 & 6 Vic. Cap. 118. In such case the Bishop of Madras or Bombay is entitled to an allowance at the rate of Rs. 633½ a month in addition to his salary as Bishop of Madras or Bombay, and the Bishop of Calcutta will receive during such absence the salary of his office less Rs. 633½ a month.

SUPPLEMENTS E.

CHAPLAINS.

Preliminary.

Chaplains.

SECTION 1.—The following Rules regulate the grant of leave to Chaplains.

SECTION 2.—In these Rules—

Active Service.

(a) "Active service" includes besides time spent on duty.

(1). Privilege leave of absence.

(2). Subsidiary leave of absence.

(3). Time passed in India out of employ, but not on leave.

Extraordinary leave.

(b). "Extraordinary leave" means leave of absence granted otherwise than under these Rules.

(c). "Continuous service" and "continuous active service" mean the service and active service of a Chaplain since his last return from furlough or extraordinary leave lasting more than three months; or, if he have not had such leave, since the beginning of his active service.

Continuous service.

No leave can be included in continuous service except privilege leave and special leave.

Furlough.

Aggregate admissible.

SECTION 3.—The amount of furlough admissible to a Chaplain is limited to six years. All the Rules in this Supplement are subject to this limitation.

Furlough and leave with allowances on medical certificate under former Rules, are counted as furlough under this Rule; but leave of absence in India taken before the 25th August 1854 is not.

Furlough earned.

SECTION 4 (a).—The amount of furlough "earned" by a Chaplain is one-fourth of his active service, and three months in addition thereto.

and due.

(b).—The amount of furlough "due" to a Chaplain, is the amount which he has earned, diminished by—

1 the amount of furlough which he has enjoyed under these or any former Rules;

2 the excess over one year in the amount of leave with allowances on medical certificate which he has enjoyed under former Rules.

Furlough admissible.

SECTION 5. (a).—To a Chaplain who has rendered three years' continuous service, furlough for not more than two years may be granted as follows:—

First, on medical certificate,—unconditionally:

1. Section 88 of the Code, Rules 2 to 9, apply generally to Chaplains also.

† By Act 53, Geo. 3, Cap. 155, Section 49, the pay of the Bishop of Calcutta is fixed at £5,000, to be paid at an exchange of two shillings for the Bengal current rupees. One hundred Bengal current rupees = 10 guineas rupees 88-2088 = rupees 21-4540. Thus the pay of the Bishop of Calcutta is rupees 8,881-6-8 a month. (*Resolution by the Government of India Financial Department No. 490, dated 31st May 1876, paragraph 3.*)

Secondly, without medical certificate,—subject to these provisos—

- (1) that the furlough be due to him;
- (2) that he have rendered seven years' active service;
- (3) that the whole number of Chaplains absent on furlough and special leave do not exceed the limit appointed by the Government of India.

1. Except on medical certificate, or on very urgent private affairs, furlough or special leave may not be granted to Church of England Chaplains employed in the Diocese of Calcutta, if fifteen per cent. of the whole number of such Chaplains are already absent on furlough or special leave. The Bishop of Calcutta will report to the Government of India when the limit is reached.

(b).—Furlough taken under this Section may, on medical certificate, be extended to not more than three years.

(c).—The furlough of a Chaplain is strictly limited to a period of three years at one time, and cannot be extended even without allowances. But the Secretary of State for India reserves to himself the power of allowing a Chaplain to remain in Europe beyond three years, should special and exceptional circumstances require a modification of this Rule.

Medical certificate.

SECTION 6 (a).—To a Chaplain who has not rendered three years' continuous service, furlough for not more than one year may be granted on medical certificate.

(b).—Furlough granted under this Section for less than one year may, on medical certificate, be extended to not more than one year.

Allowances.

SECTION 7.—A Chaplain on furlough is entitled to allowances as follows:—

	On ordinary furlough.	On other furlough.
Archdeacon, and the Senior Chaplain of the Church of Scotland	£800 a year.	£480 a year.
Senior Chaplains	£500 "	£384 "
Junior Chaplains	£350 "	£300 "

Explanation.—Ordinary furlough includes—

- (1) the first two years of each separate period of furlough under Section 5;
 - (2) so much of furlough under Section 6 as may be due, provided that the Chaplain have rendered six months' continuous active service.
1. A Chaplain on furlough does not forfeit his past leave allowance by resigning the service without returning to India.

Special leave of Absence.

Amount admissible.

SECTION 8.—Special leave on urgent private affairs may be granted at any time, for not more than six months:

Provided that a Chaplain, who has had special leave, must render six years' active service before he can again have such leave.

Allowances.

SECTION 9 (a).—For the first period of a Chaplain's special leave, he is entitled to the leave allowance admissible during ordinary furlough.

(b).—In subsequent periods he is entitled to no leave allowance.

Subsidiary leave of Absence.

SECTION 10 (a).—Furlough and special leave, out of India, begin on, and include, the date of the departure of the vessel on which the Chaplain sails and to a Chaplain taking such leave, subsidiary leave, not ordinarily exceeding thirty days, may be granted from the day on which he gives up duty to the day before that on which his furlough or special leave begins.

Amount admissible.

(b).—Furlough and special leave, out of India, end on, and include, the day before the arrival of the vessel in which the Chaplain is; and to a Chaplain returning from such leave, subsidiary leave not ordinarily exceeding thirty days, may be granted from the day on which the vessel arrives, to the day before that on which he assumes the duty to which he may be appointed.

1. Subsidiary leave may be granted to a Chaplain retiring from the service, to the same extent and with the same allowances as if he were going on furlough.
2. Subsidiary leave for more than thirty days may be granted in cases of necessity; but every such grant and the reason for it are to be reported to the Government of India.
3. A Chaplain may leave India, or return to India, by any port he likes; but the dates by which the beginning and ending of furlough and special leave are determined, are the date

of the vessel's departure from the port where he first meets it, and arrival at the port where he quits it. For instance: a Chaplain sailing from Calcutta in a vessel which touches at Madras, counts by the date of departure from Calcutta, and not from Madras.

4. The date of the departure of a vessel from any port where a Pilot is taken is held to be the date on which the Pilot leaves it at sea; and the date of the arrival of a vessel in such a port is the date on which the Pilot is taken on board.

Explanation.—A Chaplain may take furlough or special leave partly in, and partly out of, India. But subsidiary leave is not admissible under Clause (a) of this Section unless the furlough or special leave begins as furlough or special leave out of India; nor under Clause (b), unless it ends as furlough or special leave out of India.

Allowances.

SECTION 11.—A Chaplain on subsidiary leave is entitled to the same allowances as during the leave to which it is subsidiary.

1. A Chaplain may draw allowances as if he were on privilege leave, for any part of his subsidiary leave under Clause (a) of Section 10, for which, if he were not going on furlough or on special leave, privilege leave would be admissible to him.

Privilege Leave of Absence.

Amount admissible.

SECTION 12.—Privilege leave may be granted as follows:—

After five months' uninterrupted duty,—for not more than one month.

After ten months' uninterrupted duty,—for not more than two months.

After fifteen months' uninterrupted duty,—for not more than three months.

1. In applying for privilege leave, a Chaplain must record a declaration that he has no intention of retiring or of taking furlough, special leave, subsidiary leave or leave on medical certificate, for three months after his return to duty. Though not absolutely debarred by this declaration from applying to retire or to take such leave within three months, he should, if he does so, explain his change of mind.

2. A Chaplain may not take privilege leave in instalments.

Allowances.

SECTION 13.—A Chaplain on privilege leave is entitled to the same pay and house-rent as if he were on duty.

1. A Chaplain on privilege leave is not entitled to local allowances, such as conveyance allowance, jail allowance, or the special allowance to the Senior Chaplain of the Church of Scotland. Such allowances are drawn in full by the substitute.

2. The Chaplain's substitute may draw the house-rent, although it is also drawn by the absentee.

Miscellaneous.

SECTION 14.—The Rules for—

Extension, &c.

(1) Extension and commutation of leave: and

2. Payment of leave allowances;

are those contained in Section 35 and 36 of the Code, and the rulings subjoined. But to a Chaplain going on furlough to England, an advance of the first quarter's allowances may be made, which advance is not recoverable in the event of his death.

1. A Chaplain on leave in any of the British Colonies may draw his leave allowances there through the Control Pay-Master in the same manner as a Military Officer. But the requisite authority to pay must first be given by the Government of India.

SECTION 15.—Applications for leave are to be dealt with as the Governor General in Council may from time to time prescribe; and priority of claim is determined in accordance with section 39 of the Code.

1. The following Rules have been prescribed in the Home Department with reference to applications for leave from Chaplains on the Bengal Ecclesiastical establishment, and from Chaplains, on other establishments serving in the Diocese of Calcutta*.—

1. It is only on rare occasions that a Chaplain is specially attached to a particular Regiment; although usually he is moved with the Regiment, and is appointed Chaplain of the Station where the Regiment is quartered. When so appointed, he draws salary from the Civil Department. On the other hand, when attached to a Regiment, his pay becomes a charge upon the Military Department, and should be drawn thence.

2. Leave of absence, however, whether the Chaplain is attached to a Regiment or not, should be granted in the local Civil Department, and should be notified in the Local Gazette by the Local Government within whose jurisdiction the Chaplain is serving. When the Chaplain is attached to a Regiment, the application for leave will be forwarded through the Commanding officer. In the case of the Senior Chaplain, the leave shall be granted by the Local Government and by the Government of India concurrently, and be notified in the Local Gazette and in the *Gazette of India*.

* The subjoined orders will in future regulate the granting of leave to Chaplains of the Church of Scotland, and the department from which their salary should be drawn.

8. It is also necessary that arrangements should be made for keeping a record of each Chaplain's services. And the Governor General in Council is pleased to direct that this record should be compiled in the Office of the Comptroller General for Chaplains in the Bengal Presidency, and in the Office of the local Accountant General for those in Bombay and Madras. When a Chaplain is attached specially to a Regiment, and when he is relieved of that charge, the Account Officer concerned should be informed by the Military Department.

(Home Department's Resolution No. 4—237 of the 5th September 1875.)

I.—Subject to the exigencies of the public service, Local Governments and Chief Commissioners in the Bengal Presidency, are empowered, with the concurrence of the Bishop of Calcutta, to grant any furlough or special leave authorized by the Rules to Chaplains serving within their respective jurisdictions. But the Government of India alone grants leave to Chaplains of the Church of Scotland serving in the Bengal Presidency.

II.—If a Chaplain applying for furlough or special leave belong to the Madras or Bombay Ecclesiastical establishment, the Local Government or administration under which he is serving will, if the furlough or leave be granted, inform the Government of Madras or Bombay as the case may be.

III.—The Bishop of Calcutta is empowered to grant privilege leave to Chaplains under Section 12, subject to the exigencies of the State, of which the Bishop shall be the judge. But the grant, cancellation, or extension of such leave should be reported to the Local Government or Administration concerned.

IV.—All applications for leave or furlough should be accompanied by a certificate from the local Accountant General, shewing that the applicant is entitled to the leave asked for, and should, as a general rule, be forwarded, in the first instance, through the proper channel, to the Bishop of Calcutta, who will transmit applications for furlough or special leave, with His Lordship's remarks to the Local Government or Administration concerned, and will himself dispose of applications for privilege leave. But in cases of urgency, leave on medical certificate may be granted by the Local Government or Chief Commissioner in anticipation of the concurrence of the Bishop, who should, however, be informed without delay.

V.—Except under the orders of the Secretary of State, the term of furlough or special leave cannot be altered without the permission of the Government or Administration by which it may have been granted.

VI.—Every Chaplain who obtains leave or furlough shall supply himself with a Last-pay Certificate, and with a statement showing the pay which he is entitled to draw while absent. It shall be the duty of the local Accountant General to furnish these documents, and no leave allowances will be payable without their production.

VII.—A quarterly statement of Chaplains absent on furlough or special leave, with the dates of the grant and the expiry of such furlough or leave brought up to the 31st March, 30th June, 30th September, and 31st December of each year, shall be punctually furnished by Local Governments and Administrations to the Government of India in the Home Department.

VIII.—From these quarterly returns, a register will be compiled and kept at the office of the Secretary to the Government of India in the Home Department, of all grants to Chaplains on leave or furlough, of all extensions of leave or furlough, and of all returns to duty from absence. This register will be published quarterly in the *Gazette of India*.

IX.—Every Chaplain returning to duty shall report his return to the Bishop, and to the Local Government and Administration by which his leave or furlough may have been granted.

X. If any local Government or Administration shall see fit to refuse a furlough to any Chaplain on the ground of the exigencies of the public service, it shall report such refusal for the confirmation of the Government of India.

SUPPLEMENT F.

Uncovenanted officers generally.

[Such of the Rules under the Sections of the Code as are not expressly restricted to Covenanted Civil Servants, or are not explanatory of points in which the provisions of the Code differ from those in this Supplement, apply also to Uncovenanted Officers generally.]

Preliminary.

SECTION 1 (a).—Leave of absence from duty may be granted under the following Rules to officers who have substantive appointments on permanent establishments under the Government, and who are not entitled to leave under any of the other Rules in this Code or its Supplements:

Application of the rules.

(b).—These Rules apply fully only to those whose pay is not less than one hundred rupees a month. But leave may be granted under them to an officer, whether he be in superior

or inferior service,* whose pay is less than one hundred rupees a month, so far as it can be done without imposing any cost upon the State (*See Acting Allowance Code Section 53*). The absentee allowance of the substantive incumbent must not exceed what remains from the pay of the appointment after provision is made for the efficient discharge of his duties during his absence. No leave in excess of the leave admissible under these Rules may be granted to such an officer, with allowances, or counting as service for pension.

NOTE.—If it becomes necessary to bring an officer from a distance to act for an officer on leave whose pay is less than 100 Rs. a month, the travelling allowances and transit pay admissible to the substitute may be borne by the State; but such a transfer should never be made if it can be avoided.

Exceptions.—(1.) A Peon or a Guard in permanent employ, whose case is not provided for in *Exception (2)*, while sick in hospital or receiving medical aid as an out-door patient of the hospital of the Station at which he serves, may, without reference to the allowance paid to his substitute, be allowed half pay for a period not exceeding six months altogether, in any one term of three years, whether such leave be taken in one period or by instalments.

(2.)—A Police Officer enrolled under any Act of the Legislature or belonging to the Trans-Indus or Port Blair Police Forces, whose monthly pay does not exceed twenty rupees, or an Officer of the Inland Customs Department, whose monthly pay does not exceed twenty rupees, may, while sick in hospital or while receiving medical aid as an out-door patient at the Station or Head-quarters of the District in which he serves, be allowed, at the discretion of the authority granting the leave, and in addition to any leave admissible to him under the Rules in this Supplement, leave of absence from duty for six months altogether in any one period of three years, whether such leave be taken in one period or by instalments. For the first three months of such leave, the officer may receive full pay, and for the remaining three months, half pay, without the restriction contained in Clause (b) of this Section *viz.*, that no extra cost shall be imposed upon the State. Provided always that this concession shall be confined strictly to cases in which illness shall be certified not to have been caused by irregular or intemperate habits.

NOTE.—A Police officer, who under Section 110 (b 1) of the Civil Pension Code has elected to abide by Scale A in Section 109 of the said Code, cannot be admitted to the benefit of this *Exception* unless with the special permission of the Local Government.

(3.) A Seaman disabled while in the discharge of duty, may be allowed pay at harbour rates for a period not exceeding three months, provided that the injuries from which he is disabled are certified to by a Government Medical officer, and are not owing to the Seaman's own carelessness or inexperience, and that the vacancy caused by his absence is not filled up.

(4.) An Engineer of the Marine Department or an Artificer attached to an Ordnance Establishment may, during absence from work on account of injuries received in the course of his duty, be allowed full pay for one month, and, thereafter, half pay for three months.

1. Officers and men of the Army, and officers in the Subordinate Medical Department, are under military rules, and these rules do not apply to them. But a member of the Subordinate Medical Department in the warrant grade (Apothecary class), who under the operation of paragraph 46 of the G. G. O. of the Military Department, No. 550, dated 5th June 1868, is appointed to the grade of Assistant Surgeon, may count his service in the warrant grade towards leave under these rules, on the understanding that any leave taken by him during his employment as an officer of the Subordinate Medical Department in the warrant grade will be treated as if it had been taken under these rules.

2. The leave of members of the Pilot service in Bengal is governed by special rules.

3. A Police Officer who, under Section 110 (b 1) of the Civil Pension Code, has elected to abide by scale A in Section 109 of the said Code, is subject to the Leave Rules which applied to him before the abolition of the Police Superannuation Fund.

4. An officer appointed as probationer for a certain period before formal appointment, is entitled to the same leave as if he held a substantive appointment.

5. Service as an apprentice, or, in the Bengal Presidency as a Supernumerary Assistant Surgeon, does not qualify for leave; but a Supernumerary Assistant Surgeon may be allowed leave for six months in all on medical certificate without loss of allowances.

Note.—The word "Apprentice" in this rule does not include Engineer Apprentices in the Public Works Department.

6. An Officer holding a temporary or officiating appointment only, is not entitled to leave of any kind; but a limited amount of leave may be allowed to such an officer under the conditions hereinafter stated.

* The Governor General in Council considers that Section 1 (b) of Supplement F to the Civil Leave Code authorises the grant of leave upon the condition therein stated, not only to a superior officer whose pay is less than a hundred rupees a month, but to an officer whose service is treated as inferior under Section 41 of the Civil Pension Code, upon the condition that the grant of the leave shall not impose any cost upon the State.—(*Financial Resolution No. 3,041, dated, 30th April 1876.*)

7. Service in an office to which the Leave Rules do not apply does not qualify for leave under them, in the event of the officer afterwards coming under them. Service under a Local Fund of the kind mentioned in Civil Pension Code, Section 81, may qualify for leave under the Rules, but the allowances given during such leave must be disbursed from the Local Fund and from General Revenues in the proportion in which the salary has been paid from these sources during the period qualifying for the leave. Provided that, if less than one-fourth of the said allowances would under this Rule be payable from any source, the whole of the allowance shall be charged to the other source.

Pay and salary.

SECTION 2.—In these Rules “pay” means substantive monthly pay; “salary” means the sum of monthly pay and acting allowance.

1. Personal allowance is to be taken as part of an officer's substantive pay.

“Average salary” means the average salary for a month, calculated for so much of the three years immediately preceding the day on which the officer gives up office, as he has passed on duty, or on privilege leave. But, whenever leave is taken for not more than

Average salary.

one month, or whenever the officer's pay is less than three hundred rupees, the pay of the officer's appointment at the time he gives up office is to be taken in lieu of his “average salary.”

“Half average salary” is always subject to a maximum of Rs 500 a month if paid in India, and £150 a quarter if paid at the Home Treasury of the Government of India.

“One-quarter average salary” is always subject to a maximum of Rs 100 a month if paid in India and £120 a quarter if paid at the Home Treasury.

Provided always that the allowances of an Officer during leave shall in no case exceed his actual salary when he takes leave.

Leave on Medical Certificate

SECTION 3—Leave on medical certificate may be granted, whenever sufficient cause is shown, for three years in all, but not for more than three months, if the Local Government considers no substitute to be necessary, or can provide for his duties without additional expense.

Amount

1. An officer who has a temporary or officiating appointment only may be allowed leave under this Section for not more than three months, if the Local Government considers no substitute to be necessary, or can provide for his duties without additional expense.

Temporary footing

(d).—If the applicant be already on leave out of India, the certificate under clause (a) must state the period during which the Surgeon or Physician has attended the officer, and it must be countersigned, after personal examination, by the Medical Board of the India Office, or by the principal medical authority of the Colony or Country where the absentee may be.

(e).—The forms of certificate prescribed in the Code, Section 33, Rules 2 to 9, may be used as far as they are applicable.

THE ACTING ALLOWANCE CODE.

CHAPTER I.

Definitions and explanations.

SECTION 1.—In this Code, unless there be something repugnant in the subject or context—

(a). "Local Government" includes a Department of the Government of India, a Chief Commissioner, the Resident at Hyderabad, and the Agents to the Governor General in Rajputana and Central India.

(b) Appointments are said to be in the same "class" when they are in the same Department, and bear the same designation, or have been declared by the Government of India to be in the same class. Appointments in the same class, are sometimes divided into *grades* according to pay.

NOTE.—Appointments are not to be considered to belong to the same class or grade unless they have been so constituted or recognised by proper authority. There are no orders constituting classes or grades of ministerial officers, a ministerial officer, therefore, may be appointed to act for another ministerial officer in the same office whose pay is higher than his own, it being however borne in mind that Chapter IX applies to ministerial officers on progressive pay, and that, except as provided in that Chapter, a ministerial officer appointed to act for another whose pay is progressive cannot draw more than the minimum pay of the office in which he acts. If the pay of two or more officers progresses from the same minimum to the same maximum, one of them whose pay happens to be, at the moment, lower cannot act for another of them whose pay is, at the moment, higher.

2 If the pay of two or more Officers progresses from the same minimum to the same maximum, one of them whose pay happens to be at the moment lower cannot draw allowances for acting for another of them whose pay is at the moment higher.

(c) An "absentee" is an officer absent, whether on leave or on duty, from an appointment on which he has a lien.

(d) Except in Chapter IX, the words "the appointment" mean "the appointment in which an officer is officiating for an absentee."

(e) "Covenanted Civil Service" means the Bengal, Madras and Bombay Covenanted Civil Services of the Crown. A "Covenanted Civil Servant" is a Member of the Covenanted Civil Service.

(f) A "Local Allowance" is an allowance, not specially declared to be "pay" or "salary," given to an officer in addition to the regular pay or salary of his appointment, either for duties which do not properly belong to his office, or in consideration of exceptional local circumstances, such as the unhealthiness or expensiveness of the locality or duty, or the specially arduous nature of the work. A local allowance is given in full to the officer actually present on duty, and is not taken into account in calculating leave allowances or pension (*But see Rule 4 under Section 34, Civil Leave Code*.)

When a Civil Surgeon is required to proceed beyond the limits of his charge in order to appear as a witness in any judicial proceedings, he shall, in addition to the salary of his office, continue to draw the local allowances attached thereto without prejudice to the claim of his *locum tenens* to draw these allowances.

G I, 29th March 1877, No 1905, *Financial—Gazette*, page 268.

Pay and salary.

SECTION 2 (a).—The "pay" of an officer is as follows:—

(1). In the case of an officer with a substantive appointment:—the amount which he would receive, monthly, under any of the following designations, if he were doing the work of his substantive appointment.

Substantive pay,
Consolidated pay,
Military pay and allowances and staff salary,
Staff corps pay and staff salary.

(2). In the case of an officer without a substantive appointment—his monthly subsistence allowance (if a Covenanted Civil Servant), and his Military pay and allowances, or staff corps pay (if a Military Officer).

(b)—The "pay" of an appointment with reference to any officer, is the pay which he would receive monthly if he held the appointment substantively.

Example (1) If the pay of the appointment is subject to increase upon the passing of an examination or upon the completion of a certain period of service,* the officiating officer's allowances are calculated upon the pay which he would from time to time receive, if he held the appointment substantively.

(2) The acting allowance of an officer officiating in an appointment the pay of which has been reduced, with effect from the next succession thereto, is calculated upon the reduced pay.

(c).—"Salary" is the sum of "pay" and "acting allowance;" it does not include personal allowances,† travelling allowances, or local allowances, or the like.

(d).—"Progressive pay" is pay which upon the good behaviour of an officer, rises, by periodical increments, from a minimum to a maximum.

(e).—"Consolidated pay" includes military pay and allowances or staff corps pay, which cannot be separately drawn.

(f).—"Staff salary" is an allowance to a Military Officer in addition to the military pay and allowances or the staff corps pay of his rank.

CHAPTER II.

General Rules.

Maximum and minimum. SECTION 3 (a).—The maximum salary of an officiating officer is the pay of the appointment.

(b).—The minimum salary of an officiating officer is half the pay of the appointment.

SECTION 4.—If an absentee draws no part of the pay of his appointment, another officer may be appointed thereto substantively, for a time only, on full pay, without disturbing the lien of the absentee. The full pay of an officer thus appointed substantively, for a

time only, in like manner, be given to a substitute appointed substantively, for a time only, and such appointment need not disturb the lien, on the appointment, of the officer in whose place the substitute is appointed.

1.—An absentee who receives leave allowances, draws, within the meaning of this Section, "part of the pay of his appointment," and this Section is not to be construed as conflicting with Rule 1, under Section 16 (b) of the Civil Leave Code.

2. A substantive appointment may be made under this Section for a time only in the place of a Military Officer in Civil Employ whose appointment would be forfeited under Military Furlough Rules but for the operation of Rule II of the rules published with the General Order of the Government of India in the Military Department, No. 171, dated the 25th February 1874.

3. Full pay is not to be drawn under this Section as a matter of course, or unless the officer claiming it is, by proper authority, formally appointed to the office substantively for a time.

SECTION 5.—If the substantive appointment of an officer is changed while he is officiating in an appointment; or if, while so officiating, an officer is

Pay drawn without joining.

appointed, for the first time, to some substantive office; then, provided that his tenure of his officiating appointment is not interrupted by his new substantive appointment, he may draw the pay thereof without joining it, from the date on which he is appointed thereto, or from any later date on which the substantive office becomes vacant.

CHAPTER III.

The Covenanted Civil Service.

Officers with substantive appointments. SECTION 6 (a).—An officer with a substantive appointment, officiating in another appointment or in a higher grade, is entitled to an acting allowance of one-fifth of the pay of the appointment or grade.

(b).—But the acting allowances shall not be less than two-thirds of the difference between the pay (or, in the case of a progressive pay, the minimum pay) of the appointment or grade, and the pay of the officiating officer.

(c).—Nor shall it be less than Rs. 200.

* This does not refer to cases of progressive pay which are governed by the specific rules in Chapter IX.

† Unless in any case it may be especially ordered otherwise, the personal allowance of an officer should be reduced by any amount by which his pay or salary may be increased, and should cease as soon as his pay or salary is increased by an amount equal to his personal allowance.

I. In the North-Western Provinces, when a Settlement Officer officiates in an appointment in another Department, his salary shall be calculated as if his pay were the pay of the ordinary grade next below the standing which he occupies in the Settlement Department.

Explanation.—An officer officiating in a class divided into grades will officiate in the lowest grade, unless it be otherwise specially ordered.

[*Illustration.*—A is Magistrate, in the first grade, of Nuddes; B is Magistrate of Midnapore, the senior in the second grade. C is a Joint Magistrate. If A takes leave, then, in ordinary course of promotion, B would obtain officiating promotion to the first grade without leaving Midnapore, and C, appointed to officiate as Magistrate of Nuddes, would officiate in the second grade.]

Officer without substantive appointment. Section 7.—An officer without a substantive appointment is entitled to an acting allowance of half the pay of any appointment in which he officiates, and to subsistence allowance.

[NOTE.—For rates of subsistence allowance, see Civil Leave Code, Section 20, Rule I.]

SECTION 8.—The cases which may occur are these :—

(A). An officer officiating in an appointment of which the pay is consolidated may be—

Case 1.—An officer without a substantive appointment.

Case 2.—An officer having a substantive appointment the pay of which is consolidated.

Case 6.—An officer having a substantive appointment the pay of which is a staff salary.

1. An appointment of which the pay is fixed with reference to its being held by a Civil Officer, Covenanted or Uncovenanted, is treated, for the purposes of this Section, as if the pay of it were "consolidated."

SECTION 9.—In Case 1 the officer is entitled to his pay. If his pay is less than the following assumed subsistence allowance added to half the pay of the appointment, then the officer is entitled, besides his pay, to such acting allowance as will make the total equal to the sum of the following assumed subsistence allowance added to half the pay of the appointment :—

Appointments on consolidated pay.

Assumed subsistence allowance.

	Rs.
For an officer of the rank of Captain or Subaltern.....	250 a month.
For an officer of the rank of Major.....	320 "
For higher ranks.....	400 "

Appointments on staff salary. SECTION 10.—In Cases 2 and 3 the acting allowance is regulated by Section 6.

SECTION 11.—In Cases 4, 5, and 6, the salaries are calculated by Military Rules*: any excess of the consolidated pay of the substantive appointment in Case 5, over the military pay and allowances or the staff corps pay of the officer, being treated as a staff salary.

* The Military Rules referred to are as follow :—

(1) For officers who have elected the Rules of 1858 :—

An officiating officer will draw half the staff salary of the appointment and half the staff salary of his substantive appointment (civil or military) if he have one provided that the whole staff salary thus drawn shall be not less than Rs. 100 a month unless the full staff salary of the post in which he is officiating is less than that sum. After he has officiated in the appointment for six months he may draw the full staff salary of it if the full staff salary is available.

(2) For officers who have elected the rules of 1854 :—

An officiating officer will draw half the staff salary of the appointment. After acting for six months, whether continuously or not, in the same post or grade, he is entitled to the full staff salary, as soon as the absentee ceases to draw any part of it.

Section 12 (a).—As an exception to Sections 9 and 10, the allowances of a Commissioned Medical Officer, officiating in an appointment the pay of which was fixed by General Order of the Government of India in the Military Department, No. 370, dated the 4th

April 1867, shall be regulated by Section 11, on the assumption that the pay of the appointment is a staff salary equal to the difference between the officiating officer's unemployed pay and the consolidated pay he would receive if he held the appointment substantively.

(b).—Provided that, if the officer was appointed to the Medical Service before the 7th November 1864, he shall receive an aggregate salary not less than the grade pay of his rank.

[Note.—If a Military Officer officiating in a military appointment has a substantive appointment in the Civil Department, he shall draw in the Military Department the allowances to which he would have been entitled under Military Rules had his substantive appointment been an appointment in the Military Department.]

CHAPTER V

The Public Works Department

*[Engineers Establishment, Superior Railway Revenue Establishments
and Superior Officers of Accounts Branch.]*

[Note.—These Rules do not apply to cases of temporary promotion, which is given when officers obtain leave which is not privilege leave and which causes a vacancy likely to last more than three months. In such cases the officer temporarily promoted is entitled, so long as the promotion lasts, to the same pay as if he held the appointment substantively.]

No officiating in grades.

Section 13 (a)—An officer of a class divided into grades cannot officiate, in this class, in a grade higher than that to which he is substantively appointed.

(b).—An officer officiating in a rank which is divided into classes, or in a class divided into grades, will officiate in the lowest class or grade, but this Rule does not apply to an officer officiating in an appointment of which the substantive holder must belong to a particular class.

Officers with substantive appointment.

Section 14 (a)—An officer with a substantive appointment, officiating in a higher class or in another appointment, is entitled to an acting allowance, in addition to his pay, of one-fifth of the civil pay of the class or appointment in which he officiates.

(b).—A Civil Officer without a substantive appointment is entitled to an acting allowance of half the civil pay of the class or appointment in which he officiates. A Military officer, without an appointment, is entitled to his pay, and to such acting allowance as will make the total equal to the sum of the assumed subsistence allowance stated in Section 9, added to half the civil pay of the class or appointment in which he officiates.

Explanation—The civil pay of the graded class is the average civil pay of the grades (calculated without reference to the number of appointments in each grade), but the officiating officer's salary shall not exceed the pay of the lowest grade.

1 The net military pay of an officer of the Royal Engineers is not taken into account in calculating acting allowances. He is entitled to this pay independently of any other allowance.

Section 15.—In the following cases, special allowances are given, on sanction by the Local Government, or, if the appointment be under a Chief Commissioner or an Agent to the Governor General, or under the Resident of Hyderabad, or the Chief Commissioner of the Andaman and Nicobar Islands, by the Government of India:

(b).—A Subordinate officiating as an Assistant, is allowed Rs. 50 a month in addition to his pay. This allowance is not admissible on the mere circumstance of the Subordinate holding a charge formerly held by an Assistant, but only when the charge involves duties and responsibilities which, in character or extent, are such as are not usually imposed on Subordinate Officers.

(c).—An Accountant officiating with the sanction of the Government of India for an Examiner or Deputy Examiner, is entitled to an allowance of Rs. 100 a month in addition to his pay; provided that his salary must not exceed the pay of a Deputy Examiner.

(b).—An officer with a substantive appointment officiating in an appointment to which clause (a) does not apply, and of which the pay is not less than Rs 100, is entitled to an acting allowance of one-fifth of the pay of the appointment. Provided that, except in the Post Office Department, no officer may, under this clause be appointed to officiate in a higher grade of his own class.

See explanation under Section 20.

(b).—If the pay of the appointment is less than Rs. 200, and the Local Government considers that the acting allowances admissible by Rule are insufficient, it may grant to the officiating officer higher allowances, not exceeding the difference between the pay of the appointment and the portion of it drawn by the absentee for whom he officiates.

SECTION 22 (a).—The salary of an officer officiating in an appointment of which the pay is less than Rs. 100 should, as far as practicable, be regulated by Sections 20 (b) and 21 (a).

(c).—If he has no substantive appointment, the officer who appoints him may grant him such allowance, not exceeding the pay of the appointment, as he considers necessary.

Provided always that the absentee allowances of an officer whose pay is less than Rs. 100, must not exceed the difference between his pay and the sum of the acting allowances paid in consequence of his absence.

(See Civil Leave Code, Supplement F, Section 1.)

[NOTE.—This proviso does not apply to the cases noted as *Exceptions* (1) and (2) under Section 1 of Supplement F to the Civil Leave Code.]

CHAPTER VIII.

Plural Appointments

[NOTE.—This Chapter applies to all officers employed in the Telegraph Department, except as to cases provided for in Rule VIII of the Telegraph Code, Chapter D.] (See *Extract 2 in the Appendix.*)

Two or more appointments.

SECTION 23.—The salary of an officer holding substantively, or officiating in, two or more independent appointments at one time, is regulated as follows:

(a).—He draws the highest salary to which he would be entitled if he held, or, as the case may be officiated in, any one of the appointments alone.

(b).—For the other appointment, or appointments, he draws such allowances as the Local Government may fix, not exceeding, for each appointment, half the salary which he would draw if he held or, as the case may be, officiated in it alone.

(c).—Provided that his aggregate salary shall not exceed the pay which he would draw in the most highly paid of the appointments, if he held it substantively and alone.

1. This Proviso may be dispensed with, if the Local Government declares that, for special reasons to be recorded and, unless the extra expense falls only upon Provisional or Local Resources, communicated to the Supreme Government, it is necessary, on public grounds, to entrust to the one officer the duties of the several offices at once, and that the salary to which he would be limited by this proviso is not enough.

[Illustration.—A Covenanted Civil Servant holding a substantive appointment, A, of which the pay is Rs. 1,000, is appointed, without being relieved of his own duties, to officiate in two appointments, B, of which the pay is Rs. 1,600, and C, of which the pay is Rs. 900.

	Rs.
If he held A only he would draw	1,000

If he officiated in B only, he would draw pay Rs. 1,000, and acting allowance Rs. 400	1,400
---	-------

If he officiated in C only, he would draw pay Rs. 1,000 and acting allowance Rs. 900	1,900
--	-------

He will therefore draw for C (which carries the highest salary).. 1,900

And, but for proviso (c), he would be entitled, for B and A, to such allowances as the

Local Government may fix, not exceeding Rs. $\frac{1,400}{2} = 700$ for B, and $\frac{1,000}{2} = 500$ for A.

But, in consequence of this proviso, his aggregate salary must be limited to Rs. 2,300 (the pay of appointment C), unless the declaration prescribed in Rule 1 be made.]

SECTION 24 (a).—Section 23 does not apply to the case of an officer officiating at the same time in two or more appointments which are, ordinarily, held substantively by one individual. In such case, the two appointments shall, for the purpose of calculating acting allowances, be treated as one appointment upon the aggregate pay.

Exceptions.
(b).—Nor to the case of an officer discharging the duties of more than one appointment in the same office, or on the same establishment. An officer so employed, is entitled to the highest salary to which he would be entitled if he held or officiated in any of the appointments alone, and to nothing more.

EXAMPLES.—One Under-Secretary discharging the duties of a fellow Under-Secretary in the same Office or Department as well as his own.

A Joint Magistrate appointed, in addition to his own duties, to officiate as Magistrate of the District. In this case he gets allowances only as officiating Magistrate of the District.

A District Judge deprived of the help of an Additional or Assistant Judge, and therefore doing the Additional or Assistant Judge's work.

A Joint Magistrate doing the work of a second Joint Magistrate in the district as well as his own.

A clerk doing the duties of another clerk in the same office.

A Director of Public Instruction doing the work of one of his Inspectors, or one Inspector in the Educational Department doing the work of a fellow Inspector, in addition to his own.

(c).—Nor does the Section affect local allowances given for the performance of separate duties.

1. A Regimental Medical officer appointed to act as Civil Surgeon of a station without relinquishing his regimental duties, is entitled to an acting allowance of one hundred rupees a month. With this exception, the allowances for the additional charge of an appointment of the kind described in Section 12 are regulated by Military Rules and not by this Code.

2. A Covenanted or Uncovenanted Civil officer unavoidably placed in charge of a Cantonment Magistracy in addition to his own duties, is entitled to an acting allowance of Rs. 100 if the Cantonment Magistracy is of the second class, and Rs. 150 if it is of the first class. But as a rule, only Military officers should hold Cantonment Magistracies.

SECTION 25.—When an officer is appointed to be in charge of the current duties of an office, and the charge, in the opinion of the Local Government, entails a substantial increase of responsibility and some additional work, he is entitled to a charge allowance, to be fixed by the Local Government, not exceeding one-tenth of the pay of the office. If the office is open to, and may in practice be held by, a Covenanted Civil Servant or a Commissioned Officer of the Army, the allowance shall not be less than Rs. 100 a month. Provided that the salary of an officer appointed to be in charge of the current duties of an office, shall never exceed the salary which he would receive for officiating in the office.

Example.—The effect of the Proviso in this Section is, *inter alia*, that, unless the Local Government thinks it necessary to make the declaration indicated in Rule 1 under Section 23, clause (c), an officer is not entitled to any allowance for taking charge of an office the pay of which is not higher than that of his own substantive office.

Exceptions.—(1) —When a Subordinate Judicial officer is placed in charge of a District Judge's Office, or when an officer is placed in charge of a Political Agency, the charge allowance is fixed at Rs. 150 a month.

(2).—An Upper Subordinate in the Public Works Department placed by competent authority in charge of the current duties of an Executive Engineer's office in addition to his own duties, draws an allowance of Rs. 50 per mensem in addition to his own salary within the limit of the pay of an Executive Engineer, fourth grade. Any other officer of the Public Works Department, appointed without being relieved of his own duties, to be in charge of the current duties of an office of higher class than his own, may be permitted to draw a charge allowance of one-tenth of the pay of the higher class.

(3).—An Executive Engineer in charge of two Divisions may, as a special and temporary arrangement, receive a charge allowance of Rs. 100 a month.

(4).—A Sub-Assistant Patrol of the Inland Customs Department, when placed in charge of a beat owing to the absence on leave of a Patrol or an Assistant Patrol, is entitled to a charge allowance of Rs. 15 a month.

(5).—Whenever the administrative and medical charges of a Central Jail are not united, the officer appointed to the medical charge of the jail is entitled to an allowance of

Rs. 100 a month, or, in special cases at the discretion of the Local Government, Rs. 150 a month; provided always that the aggregate cost for the administrative and Medical charges shall not exceed the total pay payable for the combination of the two charges in one person.

(6).—A talati (village Accountant, Bombay) placed in charge of the duties of a fellow-talati in addition to his own duties, is entitled to allowances as follows :—

(7).—An Assistant Magistrate or Collector, or an Assistant Commissioner placed in charge of the duties of District Superintendent of Police, is entitled to a charge allowance of Rs. 100 a month, provided that no class promotion be given in the Police Department in consequence of the leave or deputation of the officer of whose office the Assistant Magistrate or Collector or Assistant Commissioner has charge.

This rule applies to supernumerary Assistant Collectors in the Bombay Presidency.

(a).—If the talati whose duties he performs in addition to his own receives fixed pay :—such portion of that fixed pay, not exceeding one-half as the Collector of the District may determine,

(b).—If the talati whose duties he performs in addition to his own is remunerated by a percentage on the revenue :—such portion of such percentage as the Collector may determine.

Provided always that no extra expense shall be caused to the Government by the arrangement.

1.—No allowance is admissible under this Section unless the incumbent has actually given over charge of the office under the orders of competent authority, and is absent on leave or deputation. For instance, no allowance is admissible to a subordinate officer empowered to dispose of routine business while his superior is on tour.

2.—No allowance is admissible to a magisterial or other non-medical officer for the executive charge, either permanently or temporarily, of a District Jail.

3.—An officer placed in charge of the current duties of an office is not entitled to any fixed travelling, tentage or local allowances attached to the office, except under the special orders of the Local Government.

SECTION 26.—When a Military Officer is appointed to officiate in a Civil office, without being relieved of military duty, his allowances for his Civil duties are regulated by the Rules in this Code, and drawn in the Civil Department, and his allowances for military duties are drawn in the Military Department under Military Rules.

CHAPTER IX

Appointments on Progressive Pay.

SECTION 27 (a).—When an officer is first appointed (whether the appointment be substantive or officiating) to an office of which the pay is progressive, and the minimum pay is not less than Rs. 100, the pay of the appointment shall, for the purpose of calculating his salary, be ascertained by counting towards the increment, any excess over one year in the period immediately preceding the date on which the appointment takes effect, during which the officer's pay, has been continuously—

(1) if progressive, or subject to increase on passing an examination,—at its maximum, and

(2) not less than the minimum pay of the appointment.

Provided that not more than a year can be counted under this Section.

(b).—If the minimum pay of the appointment is less than Rs. 100, no time can be counted towards the increments before the date on which the appointment takes effect.

Example.—A. B. had since the 1st July 1870 been drawing the maximum pay (Rs. 600) of his appointment. On the 1st December 1871 he was appointed to officiate in an office the pay of which rises from Rs. 600 to 800. Under this Section he counts five months out of the seventeen intervening between the 1st July 1870 and the 1st December 1871. This Section, however, does not fix his salary, but only determines one of the elements necessary for its calculation.

SECTION 28.—After an officer's first appointment, the pay of the appointment shall, for the purpose of calculating his salary, be ascertained by counting towards the increments (in addition to any time admissible under Section 27)—

i. Any time, whether continuous or not, during which he has officiated in the appointment, and during which—

(1) his pay, if progressive, or subject to increase on passing an examination, has been at its maximum, and

(2) his salary has been not less than the minimum pay of the appointment.

Provided that when the minimum pay of a higher class is equal to the maximum pay of a lower class, of which the pay is progressive, an officer whose substantive appointment is in the lower class, can under no circumstances, begin to count time for increments in the higher class until his pay has been, for one year, at its maximum.

Example.—C. D. holds an appointment of which the pay rises from Rs. 400 to Rs. 600. His pay on the 1st January 1873 is Rs. 550: on the 1st June he obtains the maximum pay of Rs. 600. He is appointed in February 1873 to officiate in an appointment of which the pay rises from Rs. 600 to Rs. 800. He cannot begin to count time in this appointment until the 1st June 1874 when his substantive pay will have been at its maximum for one year.

ii. Any time during which he has held the appointment substantively.

Example.—A. B. (the officer in the example under Section 27) will, under this Section, count the time subsequent to 1st December 1871, during which he is officiating in the appointment. But this Section, like the last, does not, of itself, fix his salary.

SECTION 28A.—Section 28 does not apply to the case of an officer the pay of whose appointment is changed during his tenure of office. In such case if the new pay is progressive the officer is not entitled to the first increment or his old pay till a year after the date of the order sanctioning the increase.

Examples (1) The pay of A. B.'s appointment is Rs. 300. on the 1st July 1876 it is changed to 250, raising by five annual increments of Rs. 20 a month to Rs. 350. A. B. is entitled to Rs. 320 from the 1st July 1877.

(2) The pay of C. D.'s appointment is Rs. 200, rising by five equal annual instalments to Rs. 300. C. D.'s pay has been Rs. 300 for five years. The pay of the appointment is changed by an order dated 1st July 1876 to Rs. 350, rising by five equal annual instalments to Rs. 550. C. D. is entitled to Rs. 320 from the 1st July 1877.

SECTION 29 (a)—If the officer is officiating in the appointment, his acting allowance shall be calculated on the mean pay of the appointment; his maximum salary shall be the pay of the appointment as fixed in accordance with Sections 27 and 28; and his minimum salary shall be half the mean pay of the appointment.

(b).—If the officer holds the appointment substantively, his pay shall be the pay of the appointment as fixed in accordance with Sections 27 and 28.

Example.—The "pay of the appointment," as fixed for A. B. in the example under Section 27 is—

From December 1st, 1871	Rs. 600 and
From July 1st, 1872	" 650 and
From July 1st, 1873	" 700 and
From July 1st, 1874	" 750 and so on.

If he officiates only he gets Rs. 740 i. e. Rs. 600 + 140 limited at first to Rs. 600, after the 1st July 1873 to Rs. 650, and after the 1st July 1873 to Rs. 700. But, after the 1st July 1874, he will, draw the full Rs. 740, as the limit is then Rs. 750.

If he, at any time, obtains the appointment substantively, he gets the full pay above stated.

1 The following special Rules apply to the Post Office Department:—

(a) Unless under special orders by the Director General, an officer of the Post Office can count time only under Section 28, and can count under Part I of that Section only so much time as is continuous.

SECTION 30.—An officer may, by excluding a previous appointment, count a subsequent appointment as the "first" appointment under these Rules.

Example—E. F., who has been drawing the maximum pay of his substantive office from the 1st January 1869, was appointed to officiate from the 1st January to the 31st March 1870 in an office on progressive pay, the minimum of which is the same as his maximum pay. He is again appointed to officiate in the higher office from the 1st January 1872, and is entitled, under Section 28, and count towards increments of salary the three months of his first officiating tenure. But if the appointment in 1872 were his "first" appointment to officiate in the higher office, he would be entitled under Section 27 to count one year towards increments of salary. E. F. is allowed to ignore his appointment in 1870, and count his second appointment as if it were his first.

SECTION 31.—In Departments in which the pay is regulated according to Classes, an officer may count, under Section 28, any time during which he has officiated in a higher Class, as if he had during that time officiated in any lower Class. Time thus counted cannot be afterwards counted towards an increment in the higher Class.*

* The rules in Sections 27 and 31 were first promulgated in the Acting Allowance Code, dated the 1st August 1871.

Section 31 may be applied in fixing the salaries of officers in the appointments which they were holding on the 1st August, but no back pay before the 1st can be drawn in consequence of the permission given by it.

Section 27 can be applied only in fixing the salaries of officers in appointments made on or after the first August 1871, but any officer holding an appointment on the 1st August 1871, may count that appointment as if it had been "first" made on that date.

SECTION 82.—Time spent on leave with allowances counts towards increments in the same manner as if during it the officer had actually held or officiated in (as the case may be) the appointment on which he has a lien.

SECTION 83.—Time passed under suspension does not count towards increments, if the suspension is a penalty for misconduct; but an officer, in directing re-instatement of a person who has been suspended, may declare that the time shall count.

CHAPTER X.

Exceptional Cases

SECTION 34.—The salary of a person appointed to be a temporary Member of the Executive Council of the Governor General, or of the Governor of Madras or Bombay, is regulated by Act of Parliament, Section 27 of 24 & 25 Vic., Cap. 67, as follows:

Section 27.—If any vacancy shall happen in the office of an Ordinary Member of the Council of the Governor General, or of the Council of either of the Presidencies, when no person provisionally appointed to succeed thereto shall be then present on the spot, then, and on every such occasion, such vacancy shall be supplied by the appointment of the Governor General in Council, or the Governor in Council, as the case may be, and until a successor shall arrive, the person so nominated shall execute the office to which he shall have been appointed, and shall have all the powers thereof, and shall have, and be entitled to, the salary and other emoluments and advantages appertaining to the said office during his continuance therein, every such temporary Member of Council foregoing all salaries and allowances by him held and enjoyed at the time of his being appointed to such office: and if any Ordinary Member of the Council of the Governor General, or of the Council of either of the Presidencies, shall, by any infirmity or otherwise, be rendered incapable of acting or of attending to act as such, or if any such Member shall be absent on leave, and if any person shall have been provisionally appointed as aforesaid, then the place of such Member absent or unable to attend shall be supplied by such person, and if no person provisionally appointed to succeed to the office shall be then on the spot, the Governor General in Council, or Governor in Council, as the case may be, shall appoint some person to be a temporary Member of Council, and until the return of the Member so absent or unable to attend, the person so provisionally appointed by the Secretary of State in Council, or so appointed by the Governor General in Council, or Governor in Council, as the case may be, shall execute the office to which he shall have been appointed, and shall have all the powers thereof, and shall receive half the salary of the Member of Council whose place he supplies, and also half the salary of his office under the Government of India, or the Government of either of the presidencies, as the case may be, if he hold any such office, the remaining half of such last-named salary being at the disposal of the Government of India, or other Government as aforesaid, provided always that no person shall be appointed a temporary Member of the said Council who might not have been appointed as hereinbefore provided to fill the vacancy supplied by such temporary appointment.

1. The salary of a person appointed to officiate as Lieutenant Governor is regulated in the same way as the salary of a person appointed under this Section, to be a temporary Member of Council.

G. I. 28th October, 1874, No. 6,269, Financial.

G. I. 13th August 1877, No. 2,406, Financial.

No other officer, therefore, can be appointed substantive *pro tem* to that District Judgeship. This decision is equally applicable in the case of the first Judge of a Presidency Town Small Cause Court as well as in the case of any Officer appointed to officiate as a High Court Judge.

Extract from the Rules of the appointments, &c., of officers of the Forest Department under the control of the Government of India.

(I).—(Rule XII of 1869 modified by the Resolution of the Government of India in the

5

Department of Revenue, Agricultural and Commerce, No 290—301, dated the 18th March 1875)

As a Rule, all officiating appointments to the office of Conservator, Deputy and Assistant Conservators will be made to the lowest grade, and in such cases the salary of the officiating officer will be the pay of the lowest grade of the office in which he officiates. The numbers in the grades of Deputy and Assistant Conservators being however now fixed, it has been decided as a temporary arrangement, which, it must be clearly understood, will not be continued after the establishment has been re-organised, to permit officers of one grade to act in temporary vacancies that may occur in higher grades within the classes of Assistant and Deputy Conservators, and to extend to the officers of the Forest Department the concessions granted to officers of the Survey Department in the Rules contained in Section 16 and 17 of the Acting Allowance Code.

(II).—(Rule XIII of 1869 unaltered) If in any special case an officiating appointment is made otherwise than to the lowest grade or class of Assistant or Deputy Conservator, or Conservator, the salary of the officiating officer will be regulated by the ordinary Rules regarding acting allowance, or will be fixed specially by the Government of India.

All other Assistants who have not passed according to the second standard of qualification may be examined at any half-yearly examination, with the special permission of the Collectors of their Districts previously obtained. Assistants examined under these Rules will draw, but not more than once for each standard, the usual travelling allowance to and from their respective stations, when the station at which the Divisional Committee meet is beyond the limits of their own Districts. When called upon to attend for examination within their own Districts, but at a distance from their head-quarters, they will draw only the extra tent allowance of Rs. 3 per diem, under the same restriction as travelling allowance. Members of Divisional Committees, being Revenue Officers, will, in like manner, be allowed to draw extra tentage* whenever their services may be required in such capacity at a distance from their head-quarters.

M. G. 17th Sep., 1860, No.
1,379 and 18th April, 1866, No.
300.

31. The principal object of the first Standard of examination is to test the proficiency, for practical purposes, of the Assistant in the vernacular language of his District. For this purpose at least 3 papers which he has never seen before, taken from official records very much at the hazard, and written by different persons in a plain running hand, must be read aloud by the Assistant correctly and without great difficulty; and after being read aloud, their contents must be correctly explained by him in English. An English Judgment, or other official papers to be furnished by the Central Committee, must be translated by him into the vernacular, without assistance. The translation must be substantially correct in meaning and intelligible to a native, tolerably correct in Grammar and Spelling, and free from any very bad errors of Idiom. He must dictate off hand, with some fluency the translation, into the vernacular, of an English report, or other official paper, also to be furnished by the Central Committee, whereof the translation will be written down exactly as dictated. The dictated paper must, in like manner, be intelligible and substantially correct. He must then be tested in conversation with two or three natives in such manner and to such extent as shall suffice to satisfy the Divisional Committee as to the degree of his power of understanding natives of different classes, and of making himself understood by them—such conversation or colloquial examination to be confined to the ordinary duties and business of a Court or Cutcherry, and not to embrace abstruse or peculiar subjects.

32. The next object of the first Standard of qualification is to test the Assistant's general acquaintance with the leading principles of the systems of Revenue Administration and Criminal Justice, and especially with so much of the Laws and Rules of Procedure as it is necessary for an officer to know in order to exercise properly the highest function of an Assistant to a Collector and Magistrate. For this purpose a set of questions on Revenue and Magisterial subjects and on the Law of Evidence will be furnished by the Central Committee. These questions should be so framed as not to involve points of difficulty or

rare occurrence, and to show rather the possession or the want of a general and intelligent acquaintance with the subjects of examination, and fundamental laws applicable thereto, than the knowledge of a string of points of detail and dates of orders, which may be soon learnt for the occasion, and are generally as soon forgotten again. These questions must be all answered without book. The Assistant should also be examined generally as to his knowledge of Cutcherry Accounts—both the English Accounts kept at the Hoosoor and the Native Accounts, Talook and Village of the Hookumnamah of his District, and of its past Revenue history, as can be learnt from the records.

33. The next object of the first Standard of Examination is to test the power which the Assistant may have acquired to deal with conflicting arguments and evidence in actual cases. For this purpose two decided cases, with the final proceeding in each withdrawn which the Assistant has never before seen, one from the Collector's and one from the Magistrate's Office, of the nature of cases coming before Assistants exercising the highest functions of an Assistant to a Collector and Magistrate, shall be given to the Assistant. The papers may be read over to him by a native officer, and the explanation of any difficult word or phrase may be asked for and given in the Vernacular, the circumstance being in each case noted. The Assistant may now refer to all his books, and may take his notes as the case is read over. At the conclusion of each case he must write in English a brief but precise description of it, and a decision upon the questions at issue, with a sufficient statement of the grounds on which it is founded.

34. The last object of the first Standard of Examination is to ascertain how the Assistant has been employed, and how he has done his duty at his Station. For this purpose the Collector and Magistrate under whom he has been employed shall furnish the Committee with a report upon these points. It shall be the duty of such officers to make over their Assistants, from time to time, cases for reports. The reports shall be written in English on one side of a sheet of paper; and after the case is decided the officer who decides it shall note on the other side of the sheet his remarks upon the report. These reports, with the notes thereon shall be submitted to the Divisional Committee. Such Officers shall also require their Assistants to make English Minutes of the cases given to them for decision, which Minutes also shall be submitted to the same Committee. But these reports and Minutes need not be sent up to the Central Committee. The opinion formed of them by the Divisional Committee, however, shall be entered in the records submitted to the Central Committee.

35. The second Standard of Examination is similar in its nature to the first, but more difficult in degree. In the Vernacular portion of it, the reading of a common office runninghand must be tolerably performed. The papers selected as tests should be of a more difficult description of office papers; the translation, dictation and conversation should be fluent, generally correct, and readily intelligible; and the Assistant should be tested in his power of explaining himself clearly, and with sufficient propriety, in the Vernacular, in an argument or topic of some difficulty, such as may occur in official business. In this Examination it will be necessary for the Assistant to pass in 2 Vernacular languages, of which one shall be the language of the District, in which the Assistant is stationed at the time of the examination, and the other any one of the languages, including Hindustani, prevailing in the Madras territories, which the Assistant may prefer, provided that ordinarily, and except on special grounds, no Assistant shall be promoted in any District in the Vernacular of which he has not passed. The test described in this rule shall be strictly enforced in respect of the language of the District in which the Assistant is stationed at the time of examination, but will be relaxed in respect of the second language and in respect of any other language which an Assistant must pass before he can be promoted in any District in which it prevails. Ability to write the language will not be required, but only a fair colloquial acquaintance with it, on the part of the Examinee, the power to translate correctly an official paper read to him, to dictate orders in the language, and read ordinary Arzais. The question of law and practice should be selected from the old field of the duties of a Collector and Magistrate; but they shall be arranged in two classes; one class comprehending important and leading points, in answering which no books shall be allowed, and the other class comprehending less general and less common points, in answering which the assistance of books shall be allowed, no guides digest or summaries, however, shall be permitted to be used, the Assistant being confined to the original Laws, Circular Orders, and constructions. The object of this class of questions is to test the Assistant's knowledge of where readily to find the law or practice on the less common points that arise in business. In preparing these questions, nice and difficult points should be avoided; the object being not to evoke subtlety or ingenuity, but only to ascertain whether the acquisitions and capacity of the person examined are adequate to enable him to perform, fitly, the important functions of an Indian Collector and Magistrate or not. The trial cases should be selected from those possessing enough of complexity to test the Assistant's ability to master all ordinary difficulties, and especially to test his power of minute attention to, and just appreciation of evidence.

His Excellency in Council is pleased to prescribe as a rule for future guidance that officers, on passing the lower or higher standard of examination, shall as a rule, be at once invested respectively, with the powers of a Subordinate Magistrate of the first class, or

with full Magisterial powers; and that they shall accordingly be entitled to the higher rates of pay from the date of their passing the examination. But if in the case of any officer subordinate to him, the Magistrate of a District shows, to the satisfaction of the Local Government that investiture with higher powers ought to be deferred, then the mere passing of the examination will not establish a title to higher pay, nor shall such higher pay be granted until the investiture with higher powers takes place.— *G. DISMISSAL OF UNCOVENANTED SERVANTS.

1. In the Resolution of the Most Noble the Governor General in Council, forwarded with Mr. Under-Secretary Couper's Letter of the 24th February last, the Local Government are directed "to issue the necessary orders for the establishment of a rule to prevent the arbitrary dismissal of Uncovenanted Servants, based on the suggestion of the Honourable Court."

2. The Right Honourable the Governor in Council considers a rule of this nature highly desirable. for, so long as the Uncovenanted Servant can be dismissed without a full inquiry and proof of misconduct, at the will of his superior, his tenure of office is so uncertain that it leads almost necessarily to the habit of looking at office as temporary, and temptation therefore is to make the most of it whilst it is held

3. The power of arbitrary dismissal also confirms in the whole body of the native servants the habits of servile dependants on a superior, which strikes at the root of all independence and manliness of character.

4. The Governor in Council resolves, therefore, in compliance with the orders of the Government of India, to lay down for the guidance of the Heads of all Offices in the Revenue, Judicial, Military and Public branches of the service, the following general principles by which the dismissal of Uncovenanted Servants should in future be regulated.

5. Persons appointed to permanent situations in any department shall not be dismissed but for fraud and dishonesty, continued and wilful negligence, offences involving moral disgrace and proved incompetency.

6. As, under the present rules for the Revenue and Judicial Departments, fines exceeding 10 Rupees cannot be inflicted without the sanction of the Board of Revenue and the High Court respectively, it is simply consistent to provide the same control over the dismissals of persons receiving upwards of 10 Rupees, but it will be sufficient to require returns to be made of such dismissals, specifying the cause of dismissals as falling within one or other of the heads in the above category, and to provide that no dismissal shall be final until the expiration of three months from the date on which the return shall be transmitted, giving the party a right of appeal at any time within that period. It should be understood that dismissal not appealed from, nor objected to, by the controlling Board upon their own review of the returns, are to be taken as confirmed.

7. The rule should be more definite than it is in the Judicial Department as to what servants may be dismissed without the previous consent of the controlling authority. In the Revenue Department, Tahsildars cannot be dismissed without previous sanction, and this ought to be extended to some other responsible situations such as Taluk Sheristadars, Peshcar, Huzur Head Gomastah, and the like. A similar rule should be applied to protect Officers of the same grades in the Judicial Department.

8. The Governor in Council considers it but just and proper that greater protection should be given to *old* servants, and with this view he directs that the previous sanction of the controlling authority should be indispensable to the dismissal of any servant of 15 years' standing receiving a certain salary say, 25 Rupees a month, but the amount will be determined on the report of, or according to, the opinion of the High Court and Board of Revenue, who will confer together and report on this point.

9. In every case, the specific grounds upon which it is proposed to dismiss any servant, should be reduced to writing and furnished to him, and the answer or defence or explanation of the party taken in writing, and the final decision of the superior recorded in writing. It will not be absolutely necessary for every head of charge to be formally proved by evidence, but where a specific fraudulent act is charged, of course it should be proved in the presence of the party accused and subject to his cross-examination, and so with other specific acts susceptible of proof by the evidence of witnesses upon which accusations within the category are built, but the charges will often be matter of inference from circumstances not capable of formal proof, not but less leading to a moral conviction. The rule, therefore, on this head, ought not to be rigorous.

10. As connected with this subject, the Governor in Council takes the opportunity of declaring the practice of officers introducing their own dependents or followers from other districts into higher and responsible trusts under them in a new office, thus superseding the old servants of the office, to be very objectionable; and he accordingly resolves that this source of arbitrary removal be at once checked. With regard to the highest offices in the Revenue Department, they are subject to the confirmation of the Board of Revenue, and it will be the duty of the Board to prevent the appointment of a follower of the Collector without good and sufficient reason being assigned, contrary to the declared sense of Government on the subject. The appointment of Deputy Sheristadar should also be made subject to the confirmation of the Board; but it will be sufficient when an officer on that grade is appointed, that the appointment shall be reported to the Board with a statement of his previous services, that the Board may interfere in the appointment shall appear objectionable on the ground of the declaration of Government.

11. This course should also be followed in regard to the appointment of the Sheristadars and others of the Judicial Courts.

12. With regard to officers which are subject to no controlling authority, the Government will directly exercise the same measure of control as it proposed to be exercised by the High Court and the Board of Revenue respectively, in regard to the Heads of Offices subordinate to them.

13. The High Court and the Board of Revenue, as well as other controlling authorities, will accordingly prepare and submit subsidiary rules for giving effect to the foregoing views and orders of Government.

1. Articles are invariably to be shown in yards, cwt., lbs., or gallons, &c., as indicated opposite each in the 2nd column; and besides this, the real value, whether determined by appraisers, in the case of goods dutiable ad valorem, or declared under Section XXVI of the Consolidated Customs Act, is to be shown. In the case of some articles, column 2 is blank; of these, the value only need be shown.

2. Where in the 2nd column of this list the word "denomination" occurs, it is intended that, besides the weight, measure, or quantity now specified as obligatory, the tale or denomination hitherto in use in the trade, such as "pairs," "pieces," "dozens," &c., should also be shown, so as to facilitate comparison with the returns of former years.

4. Trade with an inland country must be classed under the country to which belongs the port at which the articles are landed.

8. Under "Siam" is to be classed the trade between British Burmah and the Island of Junk Ceylon or Salang.

After 3½ o'clock afternoon, no Cash can be received or Bills of Duties settled. Parties therefore who are desirous of clearing Goods on private packages, are recommended to apply early in the day for the same. This rule is necessary to enable the accounts of the day to be closed in the evening, which could not be done were Duty received until a late hour.

All Pass Notes for every description of Goods imported or exported must be signed either by the Collector or Deputy Collector; no other signature shall authorize the Gatekeepers or other Custom House Officers to pass Goods.

FEES LEVIED AT THE CUSTOM HOUSE.—For duplicate of any certificate, Port-clearance or other necessary documents, (original having been lost), Rupees 5 each.

For Supplemental Manifest to supply inadvertent omissions in the original and second Port-clearance, Rupees 5 each.

A fee of one Rupee is charged for granting Certificates.

N.B.—The Collector is not bound to furnish duplicates of any document, but if satisfied that no fraud has been committed or is intended, he may grant them.

FREE GOODS.—All articles other than those specified in Schedules A and B of Act XIII of 1871, are free.

Godown Rent at the Madras Custom House.

Rule 1.—Goods shall be allowed to remain for four days in the Custom House free of charge.

Rule 2.—After that period, single rates shall be charged for seven days.

No person is liable to the payment of the tax who may be in possession of a carriage or animal for a period of 60 days only, or less in any half-year. In the Mofussil the full amount of tax where it obtains is payable for the current half-year within 15 days of becoming possessed of a carriage, &c.

Licenses for Horses, &c., must be obtained and the tax paid half-yearly, within 60 days from 1st May and 1st November, each year, under a penalty in default. Licenses are producible at all reasonable times, under a penalty in default, to the President of the Municipal Commission, or any person duly authorized in writing by him to demand its production.

Every cart and other wheeled vehicle *without springs*, must be registered half-yearly, upon such days as the President of the Municipal Commission may notify, and such fee as he shall fix, not exceeding two Rupees, must be paid for each registration. Persons becoming possessed of carts, &c., which have not been registered for the then current half-year, shall, within fifteen days of becoming so possessed, register the same. When any registered cart or other vehicle is transferred within any half-year, it shall be registered anew in the name of the person to whom it has been transferred, and a fee not exceeding four Annas shall be paid for every such last-mentioned registration.

The tolls referred to in page 302 hereof are not payable for licensed carriages and animals, nor for registered carts, nor more than once in one period of 24 hours, counting from midnight to midnight.

This tax is payable in two equal half-yearly instalments on or before the 1st June and the 1st December in each year, and every person exercising any of the above referred to Professions, &c., for two months in any one calendar year without having duly caused his name to be registered in the Office of the Municipal Commissioners and taken out a certificate of such registration, is liable, on conviction before two Magistrates, to a penalty not exceeding three times the amount payable in respect of a certificate for the entire year. The certificate will not be granted until the payment of the first half-yearly instalment of tax.

Every retail dealer in spirituous or intoxicating liquors is bound to cause each separate place of business used by him for the sale of such liquors to be registered in the Office of the Municipal Commissioners, and to take out a separate certificate of registration for each such place of business, and to pay for every such certificate such annual sum as is specified in Schedule C2 to this Act annexed, within two months of the opening of it, in every calendar year.

RATES ON HOUSES, BUILDINGS AND LANDS

Are due and payable by the owners from and after the end of the first quarter of the year. Any house of less annual value than fourteen Rupees is exempt from assessment if it be the sole rateable property of the owner, and on those vacant for 60 consecutive days

during any year, a remission of assessment is obtainable, provided notice of such vacancy be given to the President of the Municipal Commission.

Appeals against valuation or measurement and assessment are to be made in the first instance to the President of the Commission, and ultimately with those against any rate, toll or tax, assessed or demanded by the Commissioners to the Magistrates. But no appeal will be heard by the latter, unless preferred within thirty days after the accrual of the cause of complaint, and the amount of rate or tax has been deposited with the Commissioners.

Remarks and Instructions to which public attention is particularly invited.

ADDRESSES ON INLAND ARTICLES.—No address is complete which does not contain the Post Town from which delivery is intended, and care should always be taken to write the name of the Post Town as clearly as possible. It should generally form the last part of the address. If, however, the cover be directed to a Post Town of small note (especially if situated in another Province), or if it be directed to a Post Town having a name the same as, or very similar to, the name of another Post Town, it is proper to add in brackets the name of the District or Province in which the Post Town of address is situated. This can always be ascertained by reference to the list of Post Offices (at the end of the Postal Guide).

It is very necessary to see that the name of the Province or District when added as above is given in *brackets*, so as not to be mistaken for the Post Town in cases where there is a Post Town of the same name. For instance, a letter for Kurseong in the Darjeeling District will, if the word "Darjeeling" be written without brackets, be probably sent to Darjeeling Post Town, and will be chargeable with re-direction postage when forwarded thence to Kurseong.

Inconvenience having been experienced in the delivery of articles to public officers at their offices or private residences, as well as to those changing their stations or appointments, owing to the frequent inclusion in the address of both name and official designation, and to the consequent doubt whether the cover is intended for the individual or the official, the public are invited to regulate the form of address so as to ensure correct delivery under the following rule prescribed for the guidance of Postal officials, viz:—The delivery of covers *superscribed by a public officer as on H. M.'s service* is governed by the *official designation* (when given) of the addressee, the name being regarded only when given without the official designation; and the delivery of covers *not so superscribed* is governed by the *name* (when given) of the addressee, an official designation being regarded only when given without name.

Note.—The last clause of the above rule relating to articles not superscribed as on His Majesty's Service governs also the delivery of articles addressed to persons holding office in Banks, Firms or other institutions or offices. For instance a letter addressed to the Editor of a newspaper (no name being included in the address) will be delivered to the Editor for the time being, but a letter addressed to a particular individual by name together with the designation of Editor will in the absence of special instructions to the contrary from the individual named, be delivered to him even though he may have ceased to be Editor.

Care should be taken to spell the names of Post Towns in the same way as they are spelt in the List of Post Offices, and to write them *legibly in large, well-formed characters*. It must be remembered that to the natives of this country the English language is an acquired one, and that they are not so well able to decipher imperfect current handwriting as if the language and character were their own.

Closed articles not exceeding 10 tolas in weight, which are intended to be sent as Parcels, should have the word "Parcel" superscribed on the address side of the cover. In the absence of such superscription, they are forwarded by Letter Post and charged at letter rates.

ADDRESS ON FOREIGN ARTICLES.—In the case of letters for places abroad, the name of the *country* (written clearly in large, well-formed characters) as well as the town or city, should be given in full. Attention to this rule will often assist in deciphering the name of the town or city, and will prevent the letter from being mis-sent when there are towns of the same name in different countries. The address of every letter to a place abroad should end with the name of the country. Names of foreign towns, cities, or countries, should be spelt in the address in the same way as in the Foreign Post Schedule; and the attention of foreigners is particularly directed to this point, as many of them are in the habit of spelling foreign names according to the foreign method. If the route by which the article is intended to be sent be given by the sender, it should be written on the upper left-hand corner, and if the name of the sender be given, it should be written on the lower left-hand corner.

For rules respecting the marking of the *particular route* by which an article is intended to be sent, and respecting the practice of the Post Office in selecting routes when no particular route is given by the sender, see clause 3 of the remarks preceding the Foreign Post Schedule of Rates.

LETTERS ADDRESSED TO PLACES ABROAD TO WHICH PREPAYMENT OF POSTAGE IS COMPULSORY.—Letters posted unpaid or insufficiently paid and addressed to places marked C (compulsory prepayment) in the Foreign Post Schedule, are returned to the senders through the Dead Letter Office. For further particulars see clause (12) of the remarks preceding the Foreign Post Schedule.

INITIAL ADDRESSES.—No letter or other article addressed to initials or to a fictitious name and destined for the United Kingdom can be registered. Such articles, if tendered, will not be accepted for registration.

POSTAGE LABELS HOW TO BE PLACED, &c.—Labels should be placed on the front, that is, the address side of the letter and upon the right-hand upper corner. On re-directed letters, however, care should be taken not to place fresh stamps over the stamps which have been previously used.

The public are recommended to mark the stamps affixed by them to articles either by lines drawn across them, or by writing across them. Articles may be destroyed for the sake of the stamps borne by them, and as stamps bearing any mark denoting previous use cannot be so readily disposed of, much risk is avoided by the practice here recommended.

TRANSMISSION OF CURRENCY NOTES BY POST.—Letters containing coin, or a Currency Note, or any portion thereof, or manifestly containing a Postage or other stamp, or Label, or a Cheque, Hundi, Bank Note, Bank Post Bill, Bill of Exchange, or the like, addressed to any place in India, *must be registered*, and it is strongly recommended that Currency Notes sent through the post be sent *in halves*, the second halves being forwarded on acknowledgment of the receipt of the first halves. This method avoids much risk, for the value of the half note (if the other half be lost) can generally be recovered from the Paper Currency Department at a small charge under a Bond of Indemnity. If, on the other hand, whole notes sent by post are lost, the Currency Department does not recognize any claim on the part of the loser, although it records the loss, and, when the note is presented and paid at any Currency Office, informs the Police and the person who lost the note. As, however, stolen notes are seldom presented by the thief, and as notes received in good faith are good possessions, the recovery of a lost whole note is comparatively rare.

When Currency Notes are sent by post, covers or envelopes of a substantial and non-transparent kind should be used. The large black figures indicating the value of a Currency Note can be deciphered even if covered by eight-fold of paper of the thin transparent kind so commonly used in this country. The public are earnestly requested not to place unnecessary temptation in this respect before their own servants, who take such letters to the post, and before the Post Office employees.

CHANGES OF RESIDENCE.—Persons changing their place of residence are particularly requested to leave written instructions at the Post Office of their previous residence and to send written instructions to the Post Office of the place to which they may be going. A separate written instruction is required for every change of address, and no instruction will be attended to for more than three months after its receipt. No complicated or conditional instructions for re-direction can be attended to, and persons desiring services of this nature are advised to employ an Agent, to whom, if they so desire, all letters received to their address will be delivered. Instructions for re-direction should state clearly whether they are meant to apply to articles for other members of the family or household of the person giving the instructions.

RE-POSTED ARTICLES.—Articles re-posted without having been opened are, under certain conditions, explained in the Section headed "Re-direction," treated as re-directed articles.

COMPLAINTS AGAINST THE POST OFFICE.—Complaints against the Post Office, certified as such under the full signature and address of the sender, and addressed to any officer of the Postal Department, are not chargeable with any postage. In all complaints of overcharge or unnecessary delay in delivering letters or other articles, the covers or envelopes bearing the Post Office stamp must be presented for inspection; and when any complaints are preferred against any letter-carrier, the number on his badge should be specified.

OVERLAND PARCEL POST.—The public are specially warned against the use of flimsy covers for articles transmitted by the "Overland Parcel Post." Heavy articles are sometimes sent with only paper covering insecurely tied with string; frictions in transit detach this cover, and damage, and loss ensue. When sending parcels to, or ordering them from, the United Kingdom, special attention should be directed to the necessity for substantial wrappers or boxes properly secured.

A mistaken impression exists to the effect that the Overland Postal Post has been organised in concert with the British Post Office, to whom references on the subject are

not unfrequently made. The public are therefore requested to note, that the Overland Parcel Post has been arranged in communication with the Peninsular and Oriental Steam Navigation Company; any enquiries proceeding from England should be addressed to that Company's Office, No. 122, Leadenhall Street, London, E. C.

INSECURE COVERS USED BY THE PUBLIC.—It having been observed that the envelopes used for letters, packets, &c., sent through the post, are unfit for the purpose, causing damage to the correspondence, the public are recommended to use strong envelopes which, in the case of heavy or bulky articles, should be made of linen.

ADDRESSES ON LETTERS, &c., FOR PASSENGERS ON BOARD.—Letters posted in India for delivery to persons on their way to or from India should preferentially be addressed to the care of the local agent of the vessel or company to which the vessel belongs, full particulars being given of the name, &c., of the vessel (describing it as outward bound or homeward bound), if the addressee is travelling by one of the mail steamers (P. and O. Company) it may be sufficient to give the port of departure (Brindisi, Southampton, Calcutta or Bombay) of the steamer, with the time table date of such departure and the port of destination, for example "A. B. passenger by outward Mail Steamer Southampton (24th March) to Calcutta" care of &c. &c. &c. &c. &c.

It is recommended that the name and address of the sender be written on the lower left hand corner of the letter preceded by the word "from," so as to save the opening of the letter in the Dead Letter Office in case of non-delivery, and it is recommended also that all such letters be fully prepaid.

If a letter be posted in India *via* Bombay to the address of a passenger proceeding from Calcutta or Madras by a steamer of the P. and O. Company timed to reach Aden or Suez at or about the same time as the mail steamer which carries the letter from Bombay, it may be addressed as follows:—

Name of Addressee.

Passenger by Calcutta Mail Steamer (here enter name of vessel if known, or Calcutta date of departure)

Care of Marine Travelling Post Office, Bombay

N B.—Full pre-payment at Southampton rates is compulsory

Such letters will be made over to the Marine Post Office on leaving Bombay, and will be left at Aden for delivery if the Bombay mail steamer precedes the Calcutta steamer, or be taken on for delivery at Suez if the Calcutta steamer has preceded. The delivery at Suez will be effected on board the Calcutta steamer as soon as possible after the arrival of the Bombay steamer.

Every person who may not be paid by the Post Office Department, through whom any district post letter may be delivered, is authorized to receive a fee of one Pice, (a fourth of an Anna) for his own use, in addition to any unpaid postage which may be due on it.

Inland postage is not chargeable on Soldiers' overland letters.

Newspapers for Soldiers are not subject to forward postage when re-directed.

REGISTRATION—Letters and Newspapers can be registered by payment of 4 Annas in addition to postage, both of which must be prepaid by stamps.

The party posting such letters will be furnished with receipt bearing the address of the letter and the office stamps

Letters sent to be registered should be well secured with sealing wax, as those fastened with gum or wafer can be opened with impunity and without the slightest difficulty.

Registration makes the transmission of a letter more secure, as its disposal can thereby be traced.

As registration does not involve a receipt for the contents of a letter and as abstraction thereof may take place *before* as well as *after* the cover is posted, it is always advisable for the addressee who expects valuable enclosures to open the letter in the presence of the postman at the time of granting the receipt.

The registration of letters containing valuables, such as Bank Notes or Coin is compulsory—covers containing such articles when posted without being registered are charged with a double fee.

On the delivery for a registered letter, a receipt for the same must be signed immediately and given to the delivery peon.

CEYLON POST.—Letters sent from India by post, whether by land or by B. I. S. N. Co.'s Contract Steamers to any part of Ceylon, are liable to the undermentioned rates of postage, which must be prepaid; otherwise they will be returned to the sender through the Dead Letter Office if the letters are superscribed for either of those routes.

For a letter not exceeding $\frac{1}{4}$ oz.	2 Annas.
Do. exceeding $\frac{1}{4}$ oz. and not exceeding 1 oz.	4 "

and so on, adding 2 Annas or 8d. for every additional $\frac{1}{4}$ oz. or fraction of $\frac{1}{4}$ oz.

The above rates will only prepay a letter from the station of despatch to that of original address.

Newspapers are forwarded both by dawk as well as by Steamers at the rate of 2 Annas for 4 ozs. which will carry them to their destination. Book-packages and Patterns are only sent by Steamers at the rate of 2 Annas for every 4 ozs. Parcels are forwarded to Ceylon under the same conditions as those to England, &c., through the Overland Parcel Post, and must be similarly addressed to the Postmaster, Bombay. See rules respecting Overland Parcel Post, page 376.

MYSORE ANCHAY POST.—The postage on letters, &c., posted for delivery through the *Mysore Anchay*, &c., the separate post of the Mysore Government, must be *fully* prepaid, or otherwise they are detained and forwarded to the Dead Letter Office for disposal, except in the case of unpaid imported letters, &c., and those taxed with forward postage for re-direction.

Parcels and packets how transmitted.

11. All parcels are transmitted by banghy post under a system of registration: packets not exceeding ten tolas in weight are transmitted by letter post, and packets exceeding that limit are transmitted by banghy post, there is no registration for packets.

Mode of packing, prepayment, and contents of parcels and packets.

12. Parcels may at the option of the sender be packed in close covers, but packets must be packed in open covers (see definition in paragraph 1). the prepayment of postage on parcels is optional, while for packets full prepayment is compulsory. Not more than one letter or communication of the nature of a letter (not wholly printed or lithographed), may be enclosed in any parcel, and no letter or communication of the nature of a letter (not wholly printed or lithographed), may be enclosed in a packet, nor may a packet contain anything closed against inspection, but with these exceptions, and with the exception also of dangerous substances and other articles which cannot be sent by post in any form, there are no restrictions as to the contents of parcel and packets.

17. No packet may exceed one foot and a half in length, or one foot in width or depth; and if any such packet be posted, it will be treated as a parcel and charged accordingly.

Although a particular limit of size is prescribed in the case of parcels, a Post Office may refuse to receive any parcel which, owing to its size, shape or otherwise, cannot be carried without serious inconvenience to the mail service or risk to the parcel itself.

Parcels between places connected by guaranteed railway.

18. Between places connected by guaranteed railway, where the railway authorities may have intimated their readiness to undertake the conveyance and delivery of parcels, the Post Office does not convey parcels, except such as may be sent on the public service. Of course, if either the place of address or the place of despatch be not on the line of guaranteed railway, the above rule does not apply.

Attention is also invited to the facility now offered to the sender of a registered letter to have an acknowledgment signed by the addressee sent to him, if he prepays at the time of posting an extra postage fee of 1 anna.

A like facility, for obtaining acknowledgments for Parcels has now been introduced - but it only applies to Parcels for which receipts are given under paragraph 14, page 4 of the Postal Guide of 1st September 1877.

19. The name of the sender of any letter or other article shall not be demanded in any Post Office, except when the sender desires an addressee's acknowledgment to be sent to him, as provided in the rules under the head "Registration" this rule does not prevent the name of the sender being asked for, even if an acknowledgment be not desired, in the case of a registered letter or parcel (with the view of enabling the Department to communicate with him in the event of loss or misdirection), but it is optional with the sender in such cases to refuse compliance with the request.

Transmission of dangerous or offensive substances and of fragile articles.

20. It is forbidden to send by post explosive, dangerous, or offensive substances or material, such as gunpowder, matches, percussion caps, saltpetre, indigo, arsenic, acids, glass, liquids, &c, or any article which either in itself (however packed) or by reason of insecure packing may be liable to injure the contents of the mail bags or the persons of the mail officers. For the disposal of covers suspected to contain such articles, see the last clause of the following paragraph. Articles which either in themselves (however packed) or by reason of insecure packing are liable to injury from transmission with other articles in an ordinary mail bag, may be refused at the discretion of the Post Master, and, if forwarded, will be at the sole risk of the owner, it being understood that the Post Office cannot make special provision for the carriage of such articles.

Treatment of letters, &c, suspected to contain anything in contravention of Postal Rules.

21. Letters or other articles suspected to contain anything in contravention* of Postal Rules, shall not be detained for examination at the despatching office, but shall be forwarded marked "doubtful." The Post Master receiving such letters or other articles shall then act in accordance with Section 60 of the Post Office Act.

Where the infringement of rule is obvious, no detention being necessary for the purpose of examination, and the penalty being merely the charge of a different rate of postage, or the refusal to receive or forward the article, the Post Master of the despatching office

with himself take the necessary steps; and in all cases in which it is suspected that explosive, dangerous, or offensive substances are enclosed, it is the duty of the despatching office to do so.

Detention of parcels, packets, &c., on account of unusually heavy despatches.

22. The main business of the Post Office being the transmission of letters, the forwarding of newspapers, packets, and parcels (which no one is compelled to send through the Post Office), though an important, is only a secondary object; and in any case, therefore, where an unusual weight of mails prevents the transmission of the whole at once, a Post Master is authorised to detain for a period not exceeding 24 hours the inland parcels and packets, also imported newspapers and packets, and, if necessary, also the heavier service letters, except such as may be marked "Dispatch."

Instructions respecting the address of letters.

23. On this subject, see the fly-leaf at the commencement of this volume.

24. 25. On this subject, see the fly-leaf at the commencement of this volume, and also clause 8, Section V (Registration), and clause 14, Section XIV (Currency Department.)

Post Masters not knowingly to receive valuables for despatch.

26. In order to protect, as far as possible, the public mails from the chance of robbery, officers in charge of Post offices shall not knowingly receive coin, bullion, precious stones, or jewels for despatch either by letter or banghy post.

Expresses to be sparingly used by public Officers.

27. As the employment of expresses interferes with the celerity and regularity of the ordinary mails, and is intended with expense, public officers are enjoined to employ them as sparingly as possible; and any public officer despatching an express when the exigency of the public service does not, in the opinion of the authority to whom he is subordinate, require it, will be held answerable for the expenses attending that method of transmission. Public expresses from a Post Office at the seat of any Government or Administration can only be ordered by a Secretary to Government; in other cases, by the Chief Civil or Military Authority of the place.

Letters, &c., once posted not to be returned without express order, except in specified cases.

28. The following rules govern the re-delivery to the sender of all letters and other articles posted in a Post Office or Post Office letter box, except in the manner described (for unclaimed letters, &c.) in section 29 of the Post Office Act, or in the case of a letter or other article addressed to a place beyond the limits of British India which for any reason cannot be forwarded to destination:—

(1)—No letters or other articles delivered into any Post Office shall be re-delivered except under the orders of—

- (a) The Chief Postal Authority in a Province;
- (b) The Director General of the Post Office;
- (c) The Local Government or Administration; or
- (d) The Governor General in Council.

(2)—A fee of one rupee shall be paid with any application for such re-delivery.

Note.—A single fee of one rupee is all that is required on each application even though the application may refer to more than one letter or article.

(3)—An application for the re-delivery of any such letter or article may be presented in writing to the said officers, Governments or Administrations, directly, or through any officer in charge of a Post Office.

(4)—Such application shall be received only from the writer of the letter or the sender of the article, or from some person duly authorised in this behalf by such writer or sender.

(5).—The application shall be accompanied by a statement (which may be enclosed in a sealed cover) of the reasons why re-delivery of the letter or article is sought. Such sealed cover shall be opened only by the officer or by a Secretary to the Government or Administration to whom or to which the application is presented.

(6).—Upon receipt of such application and statement, together with a fee of one rupee as aforesaid, by a Post Master or other officer in charge of a Post Office, he shall immediately send the application and statement to the nearest officer or authority having power under Rule 1 to dispose of such application.

(7).—If the letter or article of which re-delivery is sought is in his possession, the said Post Master or other officer, instead of forwarding it to its address, shall send it with the application to the said officer or authority.

(8).—If the letter or article is not in the possession of the said Post Master or other officer, he shall require any other officer of the Post Office in whose possession it may be to abstain from sending it to its address, and to send it instead to the authority or officer to which or to whom the application will be or has been sent. The requisition to such other officer may be sent by telegraph, but all expenses attending its transmission must be borne by the applicant.

(9).—When the application reaches the officer or authority named in Rule 1, to whom it is thus sent, he, or it may order re-delivery of the letter or article upon being satisfied that the applicant is the writer or sender, and that sufficient reasons have been given for the re-delivery, otherwise he shall send it at once to its address.

(10). No letter delivered into the post shall be re-delivered in any case to any one but the writer, or to some person authorised by the writer in writing to receive it; and no article, not being a letter delivered into the post, shall be re-delivered to any one but the sender, or to some person authorised by the sender in writing to receive it.

(11).—In the foregoing rules, the word "writer" does not include a person who writes a letter which another dictates or directs to be written, or who copies a letter which has been written by another, but in each of such cases the author of the letter shall, for the purposes or these rules, be held to be the "writer."

29 These rules apply to all letters and articles, official as well as non-official. But, in the case of official letters and articles no fee is taken, the cost whereof would be debited as public expenditure.

Persons rejecting a letter, &c., unopened, not bound to pay postage.

30. The person to whom any letter or other article, the postage of which has not been paid, may be delivered, is not bound to pay the postage if he forthwith returns the same unopened; but if he opens or retains the same, he is bound to pay the postage due thereon. If he forthwith returns the same unopened, the cover is treated as refused.

Refund of postage on letters, &c., sent maliciously.

31. If a letter or other article shall appear to the satisfaction of the Post Master of the Office of delivery to have been maliciously sent for the purpose of annoying the person to whom it is addressed, the Post Master of the Delivery Office may remit the postage.

Postage marked on a letter, &c., to be paid at once.

32. Whatever postage is marked on a letter, paper, packet or parcel, must be paid at once on delivery, after which any complaint of overcharge will be duly attended to.

Remedy of Post Office in case of refusal to pay postage.

34. Postage which any person is bound to pay, but which he refuses to pay, is recoverable in the same manner as a fine under the Post Office Act, and the officer in charge of any Post Office has further the power of withholding from any person so refusing, until such postage be paid, any other letter or article addressed to that person not being on Her Majesty's Service.

Commanding Officers to receive letters for their Regiments.

35. Letters directed to Native Officers, or men of Regiments or Detachments, shall be delivered to an Orderly or any other fit person, who shall be deputed by the Officer Commanding the Regiment or Detachment to receive the same; but letters on which postage may be due shall not be delivered to such person unless the postage be first paid.

Letter-carriers must require immediate payment of postage.

36. Letter-carriers are forbidden to deliver any letter, newspaper, or other article without requiring immediate payment of the exact amount of postage. They are not bound to give change. If the amount of postage due is not at once tendered, and the letter-carrier is subjected to detention, the letters, &c., upon which postage is due shall be taken back to the Post Office for the next delivery. Letter-carriers are forbidden to deviate from their proscribed routes.

Delivery Tickets.

37. Delivery tickets can be obtained under the following conditions from all Post Offices authorised by the Post Master General of the Province to grant them, *viz* :—

(1)—The ticket will remain in force for one year from the date of issue, and will then be cancelled, unless renewed for another year. The date of issue or renewal will be noted on each ticket.

(2)—The payment for a ticket or for the renewal of a ticket is Rs 12, and this sum must be paid in advance. No refunds are allowed. Extra payment may be demanded under head (3).

(3)—Tickets can only be used at the Offices from which they were issued; but ticket-holders changing their residence may have them transferred from one Office to another, provided the latter is an Office authorised to grant tickets. The Post Master of the Office of Issue will write the words "cancelled for—Office" under his full signature, and the Post Master of the other Office will write the words "accepted for—Office" under his full signature. A transfer fee of one rupee is payable to the Post Office which accepts the transferred ticket.

(4)—A ticket-holder is entitled to receive his letters, &c., at the Post Office window.

(5)—Or he may receive in a closed bag his letters and newspapers (also such packets as can conveniently be enclosed in the bag) by the ordinary letter-carrier, if he provides the bag or bags required for this purpose. The weight of any such bag when empty is limited to one pound. The letter-carrier who delivers such a bag is bound to receive charge of an empty bag in return if tendered to him, but the ticket-holder may use the bag for sending letters by the hand of his own messenger to the Post Office, where the bag will be opened by the Post Master or other specially appointed officer of the establishment. Any postage due on the contents of a bag must be paid on delivery of a bag.

Delivery at window not claimable without Ticket at Offices where Tickets are issued.

38. At Post Offices authorised as above to grant delivery tickets, no person residing within the ordinary delivery range can claim to have his letters, &c., delivered at the window, unless he holds a delivery ticket. But the Post Master may deliver from the window to such persons, provided that inconvenience is not caused thereby to the general work of the Office, and especially to the prompt distribution of the mails by the ordinary letter-carriers.

Window Delivery how to be made at Offices where Delivery Tickets not issued.

39. At Post Offices not authorised to grant delivery tickets, delivery may be made from the window to any persons who register their names at the Post Office as being desirous of having their letters retained until called for, instead of being sent out in ordinary course for delivery, or to persons who, without having registered their names, apply for letters under circumstances similar to those described in the last sentence of the preceding paragraph.

Admission into interior, or examination of records of Post Office not allowed.

40. Persons not belonging to the department shall not be admitted into the interior nor permitted to examine the records of any Post Office without the special permission of the Post Master General, to whom, or to the Postmaster, applications for information or redress must be made either in person or in writing by the party requiring the same.

Letter boxes are so marked only when, as in the case of some boxes attached to or cleared by railway travelling offices, the facilities supplied for the posting of letters (the disposal of which constitutes the primary business of the Post Office) cannot be extended to other articles.

Hours for official references and personal applications.

43. Official references and personal applications must be made between the hours of 7 A. M. and 8 A. M., and between noon and 5 P. M., except on Sundays, when Post Offices will be open for this purpose from 7 A. M. to 8 A. M., and one other hour.

Hours for closing Mails.

46. The packets of all mails to be despatched in the course of the night shall be closed at 6 P. M. (except under special orders to the contrary); but for mails which usually pass in the course of the day, the packets shall be made up half an hour before the time appointed for the arrival of such mails.

Hours for delivery of Mails.

47. The hours at which mails will be delivered must depend upon the hours at which they are received. The number of daily deliveries, and the hours at which the letter-carriers will leave the Post Office, shall be duly notified from time to time in each Post Town.

Late Letters.

48. Except when a Post Master General shall deem a longer interval necessary, "late letters" will be received at any Post Office until fifteen minutes before the despatch of the mails. But no late letter will be forwarded by the mail preparing for despatch unless fully prepaid by means of stamps, so as to include the ordinary postage and the late-letter fee. The late-letter fee is half a rupee, except where any lower rate or scale of rates may be specially authorised by a Post Master General for any particular Office.

N. B.—Late letters are such as are posted after the hour fixed for the closing of any mail, any which, therefore, cannot be sent forward by the mail then in preparation unless extra payment be made. No Office shall be kept open merely for the reception of late letters after the usual hour of closing at night. Late letters can be posted only at a Post Office.

Unclaimed Letters, &c., how disposed of.

49. Any letter or other article, after remaining unclaimed for three weeks in any Post Office (during which it is entered for at least two weeks in the list of unclaimed articles exposed in the Post Office), is returned to the Posting Office (through the Dead Letter Office) for delivery free of charge to the sender, if his name and address are on the cover; and if his name and address are not on the cover, it is forwarded to the Dead Letter Office, where it is opened and returned to the sender in a dead letter cover if his name and address can be ascertained, otherwise it is destroyed after remaining in the Dead Letter Office for one year.

Refused Letters &c., how to be disposed of.

50. Any letter or other article rejected unopened by the addressee is, if any postage is due thereon, and if the sender's name and address are written on the cover, returned to the Posting Office (through the Dead Letter Office), in order that the postage due may be recovered from the sender; in all other cases, or when the sender's name and address are not on the cover, such letter or other article is sent to the Dead Letter Office, where it is opened, the postage being recovered from the sender or the cover destroyed.

Unlawful detention of Post Office Messengers, &c., penalty.

51. It is not lawful for any person, unless acting by express order of the Government, to detain, except for a criminal offence, a Post Office messenger whilst carrying the mails, or to detain any carriage or horse upon which the mails are being carried, or on

any pretence to open a packet or mail bag or box in transit from one Post Office to another; and any person guilty of such an offence is punishable with a fine not exceeding Rs. 500.

Refusal to deliver up letters, &c., which ought to have been delivered to another person, penalty.

53. Any person who shall fraudulently retain, or wilfully secrete or make away with, or keep or detain, or being required to deliver up by an Officer of the Post Office, shall neglect or refuse to deliver up a post letter or other article which ought to have been delivered to any other person, or mail bag, box, or packet containing a letter or other article which shall have been sent by the post, is punishable with imprisonment for a term not exceeding two years, and is also liable to fine.

Clubbed Packet—Definitions of, and prohibition against.

53. A "clubbed packet," according to the definition given in the Post Office Act, is "a packet containing a collection of letters not made by an agent of the Post Office, transmitted through the Post Office with the view of the enclosed letters being delivered to more than one person through the agent of the person by whom the packet was made up;" and the public are reminded that the transmission of clubbed packets is an infringement of the law, rendering the person liable to severe penalties under Section 46 of the Post Office Act.

Government not responsible for loss.

54. Under Section 65 of the Post Office Act, the Government is not responsible for any loss or damage which may occur in respect of anything entrusted to the Post Office for conveyance, and no person employed by the Government in the Post Office Department is responsible for any such loss or damage, unless that person shall have caused such loss or damage negligently, maliciously or fraudulently.

Letters intended for despatch by private Steamers or sailing vessels, should be so superscribed, or otherwise they may, in the absence of such directions to guide the Post Office, be sent by the land where such communications exist.

Ship and Indian Postage will be levied on all letters received from beyond H. M.'s Indian possessions when delivered at Madras or forwarded to the Mofussil.

III.—Rates of Postage and Conditions of Transmission by Foreign Post.

Definition of term "Foreign Post."

(1).—The term "Foreign Post" includes the posts under the control of the Government of India named below:—

India and the Straits .. { British India Steam Navigation Company via British Burmah.
Opium Steamers direct to and from Calcutta.

India, China, and the United States of America }
via Hong-Kong .. { Opium Steamers via the Straits.

India and Ceylon .. { British India Steam Navigation Company. Coasting Steamers

It also includes the land post between India and Ceylon. Also all mails sent by private ships or vessels, whether from one Indian Post Office to another, or to and from places abroad. Also all mails sent by Her Majesty's British packets (Peninsula and Oriental Company), or by Colonial packets, or by the French mail packets, whether from one Indian Post Office to another, or to and from places abroad.

Foreign Correspondence by private Ship.

(2).—Mails can be sent by any private vessel leaving a port in India, but only such classes of mails are forwarded as can be received under the postal regulations of the country of destination. Banghy parcels cannot be sent to any foreign country by private ship.

Letters, &c., intended for despatch by private vessels should be marked as such by the sender, the name of the vessel being given if transmission by a particular vessel is desired. Letters, &c., not so marked may be forwarded by private vessel if there be no regular mail communication with the country of destination.

Letters, &c., intended for despatch by private vessel must be *fully prepaid* by stamps at the ordinary Indian inland rates, and they will be liable on delivery in any foreign country to such postage as may be chargeable under the regulations of that country. This rule does not, however, apply to correspondence sent by private ship to Ceylon, Hong-Kong, Mauritius, Seychelles or the Straits, for which see those entries in the Foreign Post Schedule.

Letters, &c., cannot be registered by private ship.

Route by which forwarded.

(3).—The route by which an article is intended to be sent should be marked on the upper left-hand corner of the address side. An article marked for a particular route, but not fulfilling the conditions of that route (e. g., in respect of compulsory prepayment of postage), will be treated as if not marked for any particular route. Articles not marked for any particular route will, as a general rule, be sent by the route which stands first in the Schedule, except where there is a quicker despatch by some other route, or where the first route may require the compulsory prepayment of a higher rate of postage, than that which has been prepaid, or where the amount of postage paid may leave no doubt as to the route intended.

Correspondence from or to Aden or Zanzibar.

(4).—Correspondence passing direct between Aden and places abroad is ordinarily governed by the same conditions and is conveyed by the same routes as correspondence between India and places abroad: in cases where there are special conditions or routes applicable to correspondence from Aden, special mention thereof is made in the Schedule.

Correspondence from Aden to India or any Indian Post Office is charged at the rates shown in the Schedule for correspondence from India to Aden. Zanzibar stands in the position of a branch office to Aden: correspondence to Zanzibar is governed by the conditions mentioned in the Schedule: and correspondence from Zanzibar is governed by the same conditions as if it were posted at Aden, unless it be addressed to Aden itself, when it is subject to ordinary inland rates and conditions.

Letters for Erzeroum and the interior of Armenia, West Arabia, Persia, Turkey, Asia Minor, Kashmir, Ladakh, Cabul, &c.

(5).—It is recommended that letters for Erzeroum and other parts of the interior of Armenia be addressed to the care of some agent at Samsoun or Trebizond.

Letters for Hodeida, Jedda, Mecca, Mocha or other places in West Arabia and Mas-sowah (in Abyssinia) should be prepaid as far as Suez at the rate of postage prescribed for letters to Suez. From Suez they are forwarded to destination by Turkish Post, or such opportunity as may offer. Any letter for Jedda which may be specially marked by the senders for transmission *through Aden*, and prepaid at the rates of postage prescribed for letters to Aden, will be forwarded direct from Aden by such opportunity as may offer.

Letters for Kiermanshah and Hamadan in Persia* should be sent by the Indian inland post to the Indian Post Office at Baghdad, addressed to the care of some agent there; and letters for Teheran, Ispahan, Shiraz, Julla or other places in Persia, *if fully prepaid with ordinary Indian inland postage*, will be sent to the Indian Post Office at Bushire, and thence forwarded by land post to destination, subject to any additional charge which may be leviable there.

Letters for such place in Turkey and Asia Minor or Syria, as have no British Austrian or French Post Offices (see list of British, Austrian and French Offices in Turkey given in the Schedule), should be addressed to the care of an agent at the nearest port at which a British, Austrian or French Office has been established.

Letters and other articles for Kashmir are forwarded during the summer months (15th April to 1st November) through the Indian Post Office at Murree, and thence by Kashmir Post to *Srinagar*, where an Indian Post Office is maintained temporarily. During the summer, letters, &c., sent by this route are subject to the ordinary Indian inland rates of postage and to the ordinary rules as respects pre-payment; but additional postage equal to half Indian postage is levied on delivery on behalf of the Kashmir Government. During the winter months, letters for Kashmir, *if fully prepaid with ordinary Indian inland postage*, are forwarded to the Indian Frontier Post Office at Sialkot, and thence by Kashmir Post to Jummoo. This route is closed during the summer, when the Murree route is open.

Letters and other articles for Leh (Ladakh) are forwarded during the summer months (15th April to 1st November) through the Indian Post Office at Murree, and thence by the Kashmir post to Leh, where an Indian Branch Post Office has been established. During the winter month, letters for Leh are forwarded through the Indian Post Office at Sialkot, and thence by Kashmir post to Leh. By either route, letters, &c., must be fully prepaid with ordinary Indian inland postage, and will in addition be taxed on delivery by the Kashmir Government with postage equal to half Indian postage.

Letters for Cabul, *if fully prepaid* with ordinary Indian inland postage, are forwarded to the Indian Frontier Post Office at Peshawar, and there made over to the Postal Agent appointed by the Amir of Cabul, for delivery under local conditions and rates of charge. Mails are forwarded by the Agent towards Cabul about three times a week.

Letters for Russia.

(6).—Letters, &c., for Russia should have the name of the town added in either English, French, or German, and they should bear as a part of their address the name of the Province or Government in which they are situated. In addressing all letters, &c., for Russia, the name of the place of destination, as well as the Government in which such place is situated, must be correctly given; and further, the address must be plainly written. If these conditions be not complied with, the Russian Post Office declines to undertake the delivery of the correspondence.

Registration to places abroad.

(7).—Letters may be registered to those places abroad to which registration is available (*vide* Foreign Post Schedule), provided that the postage is fully prepaid, as well as the full amount of the registration fee shown in the Schedule. Letters for places mentioned in clause (5) cannot be registered, except in the cases of those addressed to *Srinagar* and *Leh*, where Indian Post Offices have been established.

It is to be understood that registration to places abroad applies only to letters or packets prepaid at letter rates, except in respect of the United Kingdom and other countries belonging to the General Postal Union (marked I in Col. 2 of Schedule), to which newspapers, books, and patterns may also be registered.

As stated in clause (2), letters, &c., cannot be registered by private ship.

* *Note.*—Consequent upon the entry of Persia into the General Postal Union, correspondence to and from that country will, from the 1st October 1877, be regulated by the Union conditions, the rates leviable in India being the same as those levied on correspondence with Aden.

Transmission of dangerous or offensive substance prohibited.

(8).—The prohibition against the transmission of dangerous or offensive substances contained in paragraph 20 of Section II applies also to Foreign Post articles.

Money, Jewels, &c., and articles liable to customs duty.

No letter or packet containing gold or silver money, jewels or precious articles, or any article liable to customs duty, may be sent through the post to places abroad. This does not apply to the Overland Parcel Post.

Newspapers.

(9).—Newspapers may be sent in packets as printed papers under paragraph 10, but if sent either singly or separately folded and tied in a bundle, the bundle to be superscribed with the number of separate newspapers contained in it, they are conveyed at the privileged rate of postage shewn in the schedule under the column headed "Each Newspaper."

Printed Papers and Legal and Commercial Documents.

(10).—The following conditions, &c., being those of the General Postal Union, apply generally to all countries, with the special exceptions mentioned in the Schedule opposite particular countries.

Attention is drawn to the limit of weight, *viz.*, 2 lbs., fixed for a packet of printed papers or legal and commercial documents. See schedule and exception opposite the United Kingdom.

Under the head of "Printed Papers" are included newspapers, stitched or bound books, pamphlets, music, visiting cards, catalogues, prospectuses, announcements and notices of various kinds, whether printed, engraved or lithographed, and photographs. The following articles are considered as "Legal and Commercial Documents," *viz.*, deeds of all kinds drawn up by public functionaries, invoices, insurance papers, copies or extracts of deeds under private signature written upon stamped or unstamped paper, scores or sheets of manuscript music, and in general all manuscript papers and documents which have not the character of an actual and personal correspondence.

NOTE.—The definition of "Legal and Commercial Documents" given above is held to include such written articles intended for publication in Newspapers as are not of the nature of a personal letter, as well as written descriptions or hand sketches of places which are sent for publication; it is held also to include written letters of old date which have previously passed through the Post and served their original purpose.

Articles posted as "Printed Papers" or "Legal and Commercial Documents" must be placed under bands or simply folded, so as to admit of the contents being easily examined, and excepting as follows, "Printed Papers" must contain no manuscript writing, figure or mark whatever or even typographical additions if they tend to take from the packet its general character:—

(a).—Proofs of printing or of music may bear corrections made with a pen, relating exclusively to the text or to the execution of the work. Manuscript may be annexed to such proofs.

(b).—Circulars, Notices, &c., may bear the signature of the sender, with his trade or profession and may also show the place of origin and the date of despatch.

(c).—A book may contain a manuscript dedication or a complimentary inscription from the author.

(d).—Passages in the text to which it is desired to call attention may be marked with a simple stroke.

(e).—Prices may be added in manuscript or otherwise on printed or lithographed stock and share lists, prices current, and market reports.

Articles posted as "Printed Papers" or "Legal and Commercial Documents" which do not fulfil the foregoing conditions, or are not fully prepaid, will be treated as unpaid letters, with the sole exception of newspapers and printed papers, such as circulars, notices, &c., which will, in such cases, not be forwarded.

NOTE.—As an exception to the above rule, unpaid and insufficiently paid articles posted as "Printed papers" or "Legal and Commercial documents" and fulfilling all conditions except that of full prepayment will, when addressed to the United Kingdom be forwarded via Southampton, but will be liable on delivery to double the prepaid rates for "Printed papers" and Legal and Commercial documents" less the value of stamps affixed.

Patterns of Merchandise.

(11).—The following conditions, &c., being those of the General Postal Union, apply generally to all countries, with the special exceptions mentioned in the Schedule opposite particular countries.

Attention is drawn to the limit of weight, *viz.*, 8 ounces, fixed for a packet of patterns. See Schedule and exception opposite the United Kingdom.

Patterns of merchandise are chargeable with the reduced postage under the following conditions :—

(a).—They must be placed in bags, or in boxes, or envelopes removable so as to admit of an easy examination of their contents.

N. B.—Samples of seeds, drugs, and such like articles, which cannot be sent in open covers,—but such articles only—may, if addressed to the United Kingdom, the United States of America, Holland and its possessions, Belgium, Denmark, Greece, Portugal and its possessions, and Switzerland, be sent in bags entirely closed, provided such closed bags are transparent, so as to enable the officers of the Post Office readily to satisfy themselves as to the nature of the contents.

(b).—They must not have any saleable value, or bear any manuscript writing other than the name or the trade or profession of the sender, the address of the person for whom the packet is intended, a manufacturer's trade-mark, numbers and prices.

Patterns of merchandise may not be introduced into a letter, or into a packet of any other kind, unless they form an integral part of a particular work.

Patterns not packed in accordance with these conditions, or not fully prepared, will be treated as unpaid letters, except those which are valuable. The latter will not be forwarded, nor any of which the conveyance would be attended with inconvenience or danger.

NOTE.—As an exception to the above rule, unpaid and insufficiently paid articles posted as "patterns of Merchandise" and fulfilling all conditions except that of full prepayment, will, when addressed to the United Kingdom, be forwarded via Southampton, but will be liable on delivery to double the prepaid rates for patterns of Merchandise less the value of stamps affixed.

Unpaid or insufficiently paid correspondence addressed to places abroad.

(12).—For unpaid or insufficiently paid Printed Papers (including Newspapers), Legal and Commercial Documents, and Patterns,—see the concluding remarks under clauses (10) and (11).

Unpaid or insufficiently paid letters (or articles to be treated as such under the rules above referred to) cannot be forwarded by routes marked C (compulsory) in the Schedule, and if there be no other route will be returned to the sender through the Dead Letter Office. In such case the sender has no claim to a refund of the postage originally paid, but, in the case of recent alterations of postage rates and conditions, the Postmaster General may exercise discretion in authorizing such refunds in special cases. Where prepayment is optional, unpaid or insufficiently paid letters will be forwarded, the postage paid being taken into account if addressed to a Union Country, or forwarded through a Union Country, but, if addressed or forwarded otherwise than above, they will be treated as if wholly unpaid.

The charges made on such articles when delivered in Non-Union Countries depend upon local regulations: but in the case of Union Countries the charge on unpaid letters delivered is the same as for prepaid letters despatched, together with an additional Union rate. In the United Kingdom the additional union rate is 3d per ½ oz.

Correspondence re-directed to places abroad.

(13).—Letters, &c., re-directed in India to places abroad will be sent forward charged with the non-union postage (if any) due at the time of re-direction, no extra claim being raised for the re-transmission so far as the Indian Post Office is concerned. The postage levied in the country of destination will be governed by the regulations of that country. Letters, &c., re-directed to the United Kingdom or countries served through it will, if originally received from such countries, be forwarded by the route by which they came and in other cases by the route via Brindisi.

This rule does not apply to articles re-directed by Overland Parcel Post.

Correspondence received from places abroad.

(14).—Although post cards are not among the classes of correspondence, for the transmission of which by post from India provision has been made, those received from Countries of the Union (marked I in Schedule) will be delivered in India as paid letters.

By routes marked I.

Letters received from any Country of the Union (marked I in Schedule) as unpaid or insufficiently paid will be charged on delivery at the unpaid union rate of 7½ annas per ½ oz. (8½ annas if received via Brindisi from or through the United Kingdom, and 6 annas if received from any country to which the prepaid rate is 4 annas). The value of any stamps (as marked by the country of origin) which may be affixed to an insufficiently paid letter will be deducted from the amount thus chargeable, fractions of half an anna in the remainder being raised to one-half anna.

Letters received in Aden from Zanzibar by British Packet are subject to the ordinary Indian inland rates and conditions.

Unpaid or insufficiently paid printed papers, &c., are in a few instances *exceptionally* received (i. e., received not as unpaid "letters" but as "printed papers," &c., and are charged at double the prepaid rates for "printed papers" less the value of any stamps affixed. The prepaid rates are those which would be chargeable in India on a packet addressed to the country from which it has come.

By routes marked II.

Letters received from any *Non-Union Country through a Union Country* (routes marked II in Schedule) as unpaid or insufficiently paid will be charged with the amount of Non-Union postage claimed by the Union Office serving as the medium, together with the unpaid Union rate of $7\frac{1}{4}$ annas per $\frac{1}{4}$ oz. ($8\frac{1}{4}$ annas) if received *via Brindisi* through the United Kingdom, and 6 annas if received from any country to which the prepaid rate is 4 annas.

Any articles other than letters which may be *exceptionally* received from such places either unpaid or insufficiently paid will be charged with the amount of Non-Union postage claimed by the Union Country serving as the medium, together with the rate chargeable on a similar article posted in India for the Union Country serving as the medium.

By routes marked III.

Letters and other articles received from *Ceylon, Hong-Kong, Mauritius, Seychelles or the Straits by private vessels* (marked III in Schedule) are all received fully prepaid and delivered without charge.

Letters and other articles received from *any other place* (except Ceylon, Hong-Kong, Mauritius, Seychelles and the Straits) *by private vessels* are charged with ordinary Indian inland postage at prepaid rates, according to weight in tolas, together with (in the case of letters) one anna each, being the sum paid to the Commander of the vessel.

By routes marked IV

Letters, newspapers, and packets are all received fully prepaid (and are delivered without charge) from the places and by the routes marked IV in the Schedule, viz. :—

Australia by British Packet.

East Africa (i. e., Cape, Delagoa Bay and Natal) by British Packet through Aden.

Unpaid or insufficiently paid letters *exceptionally* received from Australia or other places in the same category are charged at the rates shown in the Schedule for similar articles sent from India.

Re-direction of articles received from places abroad.

(15).—Articles received from places abroad and re-directed after arrival in India to another place in India, will not be charged with any additional postage on account of such re-direction.

The exemption contained in this clause applies to overland parcels.

An article re-directed from a Union Country to India will be treated in India as follows :—

(1) *If originally fully prepaid* it will be delivered without charge, unless it has only passed through the inland service of the country where it was redirected, in which case it will be charged with Indian inland prepaid rates according to weight in tolas : (2) *if originally unpaid or insufficiently prepaid*, it will be charged as if it had come direct from the country of origin as an unpaid or insufficiently paid letter.

The rule contained in this clause does not apply to overland parcels.

**BOOK AND PATTERN POST BETWEEN INDIA, THE UNITED KINGDOM AND BRITISH
COLONIES.**

Under the following conditions as to the mode of packing, exclusion of all communications, of the nature of a letter, and prepayment of postage by means of stamps, packets of books, patterns, publications, or works of literature or art, whether British, Colonial or Foreign; and all packets consisting of printed votes and proceedings of the Imperial Parliament or any Colonial Legislature, may be transmitted between any part of the East Indies, Great Britain, Malta, Gibraltar, the Australian Colonies, Hong-Kong, Ceylon, Mauritius, Aden, Singapore and Penang:—

1st.—The postage must be prepaid by means of stamps affixed outside the packet or its cover.

2nd.—Every packet must be sent either without a cover, or in a cover open at the side or sides, so as to admit of the enclosures being removed for examination. Samples, however, of seeds, &c., may be enclosed in boxes or in bags of linen, or other material fastened in such a manner that they may be readily opened, or in bags entirely closed, provided that they are transparent, so that the officers of the department may be able to satisfy themselves as to the nature of the contents. If this rule be infringed, the packet will be treated as a letter.

3rd.—A book packet may contain any number of separate books or publications (including printed or lithographed letters), photographs, (when not on glass or in cases containing glass) prints, or maps, and any quantity of paper, parchment or vellum, and the books or other publication, prints, maps, &c., may be either printed, written, engraved, lithographed or plain, or any mixture of these; but no printed matter or prints will be allowed, except such as may be printed on paper, parchment or vellum. Further, all legitimate binding, mounting, or covering of a book, &c., or of a portion thereof, will be allowed, whether such binding, &c., be loose or attached; as also rollers in the case of prints or maps, markers (whether of paper or otherwise in the case of books); and in short, whatever is necessary for the safe transmission of such articles, or usually appertains thereto: but the binding, &c., must not be sent as a separate packet.

4th.—The packet must not contain any letter closed or open, or any enclosure sealed or otherwise closed against inspection, nor must there be any letter or any communication of the nature of a letter written or printed in any such packet or on its cover. Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter. A Book may contain a manuscript dedication or a complimentary inscription from the Author. In case of packets of patterns, the address of the sender, a trademark and numbers, and the prices of articles, may be written, not on loose pieces of papers, but on the cover, or on small labels attached to the samples, or bags containing them.

5th.—No book or pattern packet can be received, if it exceeds two feet in length, width or depth.

6th.—The rule which forbids the transmission through the post of an article which might injure the contents of the mail bags, or the officers of the Post Office, is so far relaxed as to permit the transmission of scissors, knives, razors, forks, steel-pens, nails, keys, watch machinery, metal tubings, pieces of metal ore, and such like as samples; provided that they be packed and guarded in so secure a manner as to afford complete protection to the contents of the mail bags and the officers of the Post Office, while, at the same time, the samples may be easily examined. If any packet containing such articles as these be posted, which is found not sufficiently guarded, it will be stopped.

7th.—Samples of seed and similar articles may be sent in bags entirely closed if transparent, so that the officers of the Post Office may satisfy themselves of the nature of the contents.

8th.—Any packet which shall not be open to examination as required by Rule 2, or shall have any letter or any communication of the nature of a letter written or printed in it or upon its cover, will be charged with letter postage.

9th.—If a packet be found to contain any letter not wholly printed, whether closed or open, or any enclosure, sealed, or otherwise closed against inspection or any other unauthorised enclosure, it will be forwarded charged with full postage as an unpaid letter.

10th.—Book or pattern packets which are wholly unpaid or do not fulfil the conditions laid down above will be forwarded only to the United Kingdom and other places under the General Postal Union treated as unpaid letters.

MISCELLANEOUS RULES.

In order to protect, as far as possible, the public Mails from the chance of robbery, officers in charge of Post Offices shall not knowingly receive coin, bullion, precious stones, or jewels for despatch, either by Letter or Banghy Post.

Receipts will not be granted for any letters, or papers, or book packets, received at any Post Office for despatch, except in the case of registered articles; and will be granted

for parcels, either in books or on separate slips of paper along with the parcels. Receipts so presented will be duly stamped.

Letter-carriers are forbidden to deliver any letter, newspaper, or other article, without requiring immediate payment of the exact amount of postage. They are not bound to give change. If the amount of postage due is not at once tendered, and the letter-carrier is subject to detention, the letters, &c., upon which postage is due shall be taken back to the Post Office for the next delivery. Letter-carriers are forbidden to deviate from the prescribed routes.

Any person can rent a private box and receive his letters, &c., at the Post Office window, who is willing to pay the appointed fee of twelve Rupees per annum, to be paid in advance, and for a period of not less than a year. The same also are the terms for a private bag, except that in addition, a charge will be made for the cost of the bag itself and for conveyance,—the maximum of the latter being five Rupees per annum, if the bag be conveyed by a rural Messenger, and ten Rupees if by a Contractor for a Mail Cart or other Horse Post. The weight of a private bag, when empty, is limited to one pound. No private bag shall be allowed without the permission of the Inspecting Post Master.

The posting of a letter or parcel containing an explosive or dangerous material or substance is liable to a penalty of Rupees 200 (*See Section 42 of the Indian Post Office Act XVI of 1866*)

Any person who, for the purpose of defrauding the Post Office revenue, certifies on any official or other letter or packet what is not true in respect to the contents thereof, incurs a penalty of Rupees 500. A party sending private letters under an official cover duly franked, comes under this Rule.

Any person refusing to deliver up a letter or other article erroneously delivered to him by the Post Office, can be punished with imprisonment of either description, and shall also be liable to a fine.

Letters or parcels suspected to contain contraband articles can be opened by the Postal Authorities, and parcels for foreign countries can be refused by them, unless accompanied by a Custom House Certificate.

The Postal Department is not responsible for any loss or damage that may occur in respect of anything entrusted to it for conveyance.

All communications respecting change of address should be made to the Post Master at the station.

A separate instruction is required for every change of address, and no instruction is attended to for more than three months after receipt.

The practice of giving instructions to the officers of the Post Office to intercept and redirect letters, not only imposes much labour upon them, but in large offices seriously retards the delivery and despatch of Mails. A register of instructions regarding changes of address is kept in every Post Office, but it is to be understood that it is impossible to guarantee that they shall be attended to except in the case of letters received on delivery.

Verbal instructions, or such as may be of a complicated or conditional nature, will not be attended to.

Unless by an express order of Government, or Director General of the Post Offices, or a Post Master General, no letter, parcel, or packet which has been delivered into any Post Office, shall be restored to the sender thereof, except in the manner described in Section XXIX of the Post Office Act of 1866, and except in the case of a letter or other articles addressed to a place beyond the limits of British India, which, for any reason, cannot be forwarded to its destination.

Letters, papers, or packets, which follow a party or are re-addressed from one station to another, or stopped in transit, taxed with forward postage.

English postage stamps are not recognized in India, nor are Indian postage stamps acknowledged in Great Britain.

Official reference and personal application to Post Office Authorities shall be made between the hours of 7 A. M. and 8 A. M., and between noon and 5 P. M., except on Sundays, when Post Offices will be open from 7 A. M. to 8 A. M. and one other hour.

Whatever postage is marked on a letter, paper, or parcel, must be paid at once on delivery, after which any complaint of over-charge will be duly attended to. In all complaints of over-charge or unnecessary delay in delivering letters, or other articles the covers of envelopes bearing the Post Office stamp must be presented for inspection; and when any complaints are preferred against any letter-carrier, the number of his badge should be specified.

PATTERNS

(2).—Where this clause is quoted, samples of intrinsic value may be sent, but they must, nevertheless, be *bona-fide* samples of merchandise, all articles of value, such as Cashmere shawls, dressing gowns, scarfs, &c., being considered as beyond the scope of this rule.

OVERLAND PARCEL POST.

N. B.—Information respecting parcels to India from Foreign countries can be had at the Post Offices of those countries. The British Post Office does not receive parcels for transmission to India (see below under United Kingdom).

Persons in India ordering goods to be sent out by Parcel Post may refer the sender to the above means of information about the transmission of parcels.

(3).—Every parcel should be securely packed in a closed cover or case, and should bear the name and address of the person in the United Kingdom or foreign country for whom it is intended. Parcels containing valuables should be sealed.

N. B.—The public are specially warned against the use of flimsy covers for articles transmitted by the Parcel Post. Heavy articles are sometimes sent with only paper covering, insecurely tied with string; friction in transit detaches this cover, and damage and loss ensue. A covering of stout cloth or wax-cloth sewn at the edges is recommended; but if the contents are liable to suffer from pressure, boxes of wood or tin should be used.

(3).—Every parcel should be accompanied by a separate paper headed with the address of the parcel and containing a *declaration of its contents and value* under the signature of the sender. Below the signature the address of the sender should be given.

For the parcels addressed to—

The Netherlands (Holland)..

It is not deemed necessary to require exact adherence to any particular form of declaration, but the following specimen form may be useful to the senders of parcels—

<p><i>N. B.</i>—Declarations for parcels intended for France, the Netherlands or Belgium, should, in addition to the above, contain a statement of the weight (lbs and ozs. or tolas) of the contents. This may conveniently be done by adding the words "weight—lbs.—ozs." underneath the total value, and the words "and weight" at the end of the sentence containing the declaration.</p>	

(4).—The parcel so addressed, and the separate paper or papers above referred to, should then be enclosed in a *substantial outer cover*. This outer cover should be super-scribed and addressed as follows:—

Overland Parcel Post.	Postage Stamp to be affixed.
To	
THE POST MASTER,	
BOMBAY	

The outer cover must contain one parcel only. If more than one parcel be sent by the same sender such parcels should be sent separately.

(5).—The parcel so made up must be *fully prepared by means of postage stamps at the rate of 8 annas per lb (40 tolas) or fraction of a lb.*, care being taken that the stamps adhere firmly to the cover.

(6).—The parcel so made up must not exceed 50 lbs (25 seers) in weight, or 2 feet in length by 1 foot in breadth or depth. It will be received at any Post Office at the hours fixed for the receipt of ordinary banghy parcels, the usual receipt being given to the sender without reference to the mode of packing prescribed in the case of inland parcels for which receipts are claimed.

(7).—On arrival at Bombay the Postmaster will take off the outer covering, and forward the inside parcel and the accompanying declaration or declarations to the country of inside address.

(8).—It is forbidden to send in these parcels opium, or any liquid, or any substance or material of a dangerous, damaging or offensive kind.

(9).—In the case of parcels for or from Germany or Austria-Hungary, and the foreign countries served through Germany, compensation will be given by the responsible Post Office to the sender for loss or damage sustained in transit (cases of *sea risk* or of *viz major* or of the *own negligence of the sender* in respect of packing or otherwise excepted). Such compensation will in no case exceed 1½ rupees for each lb. weight or fraction thereof in respect of parcels forwarded from India, and 3 marks or 1½ florins for each 500 grammes or fraction thereof in respect of parcels from Germany or Austria-Hungary. Should the sender desire it the compensation will be paid to the addressee instead of to himself.

(c).—The letter must not weigh more than half an ounce.

(d).—It must relate entirely to the private concerns of the soldier, seaman, &c.

(e).—Any cover sent by a soldier or seaman under privilege must contain the name of the writer and his class or description in the Vessel, Regiment, Corps, or Detachment to which he belongs, and must also bear the signature of the officer having the command of the Vessel, Regiment, Corps, or Detachment to which the writer belongs, as well as the name in full of such Vessel, Regiment, Corps, or Detachment. and any cover addressed to a soldier or seaman under privilege must contain in addressed the name in full of the Vessel, Regiment, Corps, or Detachment to which the addressee belongs.

N. B.—Covers sent by or addressed to soldiers or seamen not belonging to a particular Vessel, Regiment, Corps, or Detachment, or not bearing the specification of such, are obviously precluded from the privilege. For instance, persons described merely as belonging to "Adjutant General's Office," or "Head Quarters Staff," or "Regimental office Royal Artillery," or as "Shipping Agent," or "Bazaar Sergeant," &c., without specification of a particular Vessel, Regiment, Corps, or Detachment, cannot be recognized as privileged. Nor can the privilege be recognized in respect of covers superscribed under such signatures as those of Quarter Master General or Adjutant General, or under any signature other than that of the officer having the command of the Vessel, Regiment, Corps, or Detachment to which the writer belongs.

The foregoing particulars should be given in one of the following forms:—

(3).—If the letter exceed half an ounce, or if any of the foregoing Regulations be not complied with, it will be forwarded, charged with the same postage as an ordinary letter.

Letters addressed to care of Agent, or sent by or addressed to Soldiers or Seamen in civil employ, not entitled to privilege

(4).—Soldiers' or Seamen's letters received in India from abroad, if addressed to the care of an agent or any other person, are liable to the ordinary rate of postage, the privilege of receiving letters at reduced rates being confined to such letters as are addressed directly to them.

IV.—Re-direction.

Forward postage when chargeable.

(1).—* Forward postage is chargeable under the following rules on the re-direction of ordinary (unregistered) inland letters (except those addressed to soldiers) and of inland parcels. Other articles, even if re-directed, are not chargeable with any forward postage.

(a).—When the re-direction takes place at the Office of original address, ordinary forward postage, in addition to postage previously paid or due, is leviable on all letters and parcels so re-directed.

(b).—In cases of more than one re-direction, forward postage is leviable as above on each re-direction.

(c).—When the re-direction takes place at the Office at which an article is posted, the same rule (a) is observed, but the Post Office is not ordinarily able to attend to instructions for re-direction at the Office where an article is posted, and does not, therefore, guarantee attention to such instructions.

(d).—Articles re-directed from a Head Office to a Branch Office, or District Office subordinate to it, or *vice versa*, or from a Branch or District Office to another Branch or District Office subordinate to the same Head Office, are not subject to any re-direction charge.

(e).—Requests for the interception and re-direction of articles in transit, i. e., at any place other than the Offices of origin or destination, cannot be complied with.

N. B.—The term "Soldiers" as used in this paragraph includes Non-Commissioned Officers, Band Masters, Army School Masters (not being Superintending or 1st Class School Masters), Army School Mistresses and Privates, but not Warrant Officers, or Police, or Local Companies or Soldiers on leave or in Civil employ.

Changes of Residence.

(2).—On this subject, see Remarks on page 352.

Articles returned or re-posted without having been opened.

(3).—Re-directed articles include not only articles re-directed in a Post Office, but articles which, having been delivered, but not opened, are returned or re-posted with a revised address within the local limits of the Office of last delivery: such articles are reckoned as being re-directed from the Office of last delivery. No refund of postage which may have been paid on the delivery of such articles is allowed; but postage paid at the first delivery will not be demanded again from the addressee under the revised address. Articles which have been opened and re-posted, or which, even though not opened, are re-posted at any Office other than that of last delivery, are treated as articles posted for the first time, no account being taken of any cancelled postage stamps which may be on them.

Incomplete addresses.

(4).—An address which does not include the name of the Post Town from which delivery is intended renders the article liable to re-direction charge, provided it be an article coming within the category of rule (1). If, for instance, such an article is addressed only to a Province or a District without the name of a particular Post Office, and is sent to the Capital or principal Office of the Province or District, and thence re-directed to the Office of delivery, it is liable to a charge for re-direction.

* "Forward postage" is the postage (at prepaid rate) to which the re-directed article would be liable if posted afresh at the Office of re-direction.

Re-direction tickets for Government Officials temporarily absent on tour.

(5).—A Government Official may, when temporarily absent from his station on tour, and on payment of the fee mentioned below, permit the Head Clerk or other Officer of his establishment to forward in the official packet made up by his Office all private articles *arriving to his address by post* which would otherwise have to be re-directed and sent separately by post. The re-direction postage otherwise chargeable will thus be avoided, and in lieu of this a fee of Rs. 12 per annum is payable. The payment will entitle him to the exercise of the privilege for one year from the date on which it is made. The Post Master will issue a re-direction ticket to any Government Official on payment of the above-mentioned fee, and such tickets may be transferred from one Office to another on payment of a transfer fee of one rupee, the Post Master of the Office of issue writing the words "Cancelled for—Office" under his full signature, and the Post Master of the other Office writing the words "Accepted for—Office" under his full signature. When an Officer holding a re-direction ticket proceeds on tour, he must during his absence deposit the ticket at the Post Office.

A re-direction ticket exempts from re-direction charge only such private correspondence as may be enclosed in an official packet under the above rule.

(6).—The following notification on the above subject was published by the Government of India, under date the 12th August 1870, viz. :—

"It having been brought to notice that, notwithstanding the concession made * * * regarding re-direction tickets for Government Officials temporarily absent on tour, some Public Officers evade even the moderate yearly payment of Rs. 12 prescribed in that clause by having their private correspondence forwarded to their camp under official frank without purchasing a re-direction ticket, the Governor General in Council warns Public Officers of the illegality of such proceeding and the delinquency of duty involved herein."

V.—Registration.*Full pre-payment of fee and postage. Presentation at window.*

(1).—Letters and newspapers may be registered at any Post Office for transmission by Inland Post, provided that the registration fee of 4 annas, together with the postage, be fully prepaid by means of stamps. All articles intended for registration must be presented for that purpose at the window. Articles found in the Letter Box marked "Registered" are treated as ordinary articles, except in the cases provided for in clause (8) below.

Hours of registration.

(2).—Articles are received for registration at all Post Offices every day, Sundays excepted, from 7 A.M. to 8 A.M., and from noon to 5 P.M.; but in the Bombay Post Office the hours have been specially fixed as from 10 A.M. to 4 P.M., and in a few other offices special hours have been specially fixed. On Sundays they will ordinarily be received from 7 A.M. to 8 A.M., and one other hour. Registered letters intended for despatch by a particular mail must be presented at least half an hour before the time fixed for closing the mail, otherwise they will be stamped "Too late" and retained for the following mail.

Parcels need not be registered.

(3).—Parcels being transmitted under the same precautions as registered articles, no separate registration of such parcels is necessary, and packets instead of being registered are forwarded as parcels.

Registration makes transmission more secure.

(4).—Registration makes the transmission of an article more secure, as it passes through the hands of comparatively few Postal officers, every one of whom has to give an acknowledgment of receipt. But although every endeavour will be made to trace the delinquent in any case of loss of, or damage to, a registered article, the Government is not responsible for such loss or damage under Section 65 of the Post Office Act.

Receipts and acknowledgments for registered articles.

(5).—A receipt for each article is ordinarily given to the sender, and a receipt for each article is ordinarily taken from the addressee; but in the case of a number of registered articles posted by the same person at the same time and all bearing the same address, only one receipt is given to the sender, and only one demanded from the addressee, the separate number of each article being, however, entered on the single receipt. Should, however, the person who posts the articles demand separate receipts, they will be given, and in that case separate receipts will also be taken from the addressee.

The sender of a registered letter will be furnished with an acknowledgment signed by the addressee on payment of one anna for postage. When a sender desires an acknowledgment, he must give his name and full address at the time of registering the letter, and prepay the acknowledgment postage by means of a stamp or stamps affixed to the letter in addition to the postage and registration fee otherwise due. The acknowledgment will be posted to the sender's address by the office where the registered letter is delivered.

The sender should furnish his name and address.

(6).—The sender of a registered article is not bound to give his name and address (unless he desires an acknowledgment under the preceding rule), but he is recommended always to do so, either verbally if he posts the article himself, or, if he posts it by the hand of a messenger, by writing his name and address on the cover (on the lower left hand corner) or on a separate slip of paper. The name and address of the sender when given are recorded in the despatching Office, so that if the article miscarries, or suffers damage in transit, or cannot for any reason be delivered, intimation may be forwarded to the sender.

Registered letters should be securely enclosed and sealed.

(7).—The sender of a registered letter is recommended to see that it is enclosed in a cover or envelope of a substantial kind fastened in a secure manner. Sealing-wax with a distinct impression (other than that of the current coin) is recommended for fastening the cover instead of or in addition to, any other means of fastening.

Letters containing Coin, Currency Notes, &c., must be registered.

(8).—If an article posted at any Indian Post Office and addressed to any place in India contains coin or a currency note, or any portion thereof, or manifestly contains a postage or other stamp, or label, or a cheque, hundi, bank-note, bank post bill, bill of exchange, or the like, the registration thereof is compulsory; and if any such article be found unregistered at any stage of its passage through the post, it is registered and a double registration fee charged on delivery, in addition to any other postage which may be due. Nothing in this rule necessitates the registration of an article containing a postage or other stamp or label, a cheque, hundi, bank-note, and the like, unless the contents thereof are either supercribed upon the cover, or are known or manifest to the officers of the Post Office Department, owing to the transparency, insecurity, or insufficiency of the cover, or to any other cause. Attention is drawn to the following order of the Government (published in the *Gazette of India* of the 27th March 1869, *vis.*—“In ordinary cases of lost notes, the Currency Department registers notes reported to have been lost, and communicates by letter with the losers. In cases where the holders of notes knowingly disregard the Notification of Government, making it compulsory to register letters containing currency notes, payment for half notes lost under such circumstances should only be made as the law would oblige, *viz.*, at the counter of the Currency Office under the usual bond, and the Currency Office should refuse to correspond regarding notes so lost, or to remit the amount as is done in ordinary cases.”

Registration to places abroad.

(9).—For information on this subject, see clause (7) of remarks preceding the Foreign Post Schedule.

VI.—Official Correspondence.

(1).—The privilege of sending and receiving, under frank, by Inland Post without payment of postage, articles *bona fide* and exclusively on Her Majesty's service, has been withdrawn from all officials and public offices in India, and is now enjoyed only by the Governor General at Goa. The Governor of Pondicherry and the “Chefs de Service” of the minor French Settlements in India, at Chandernagore, Karikal, Mahé and Yanam, are allowed to send official correspondence under frank without payment of postage between those Settlements.

Note.—The Government has decided that correspondence of the Offices of the Registrars of the Universities at Calcutta, Madras and Bombay, in so far as such correspondence relates solely to the public business of the Universities, shall be treated by the Post Office in the same way as official correspondence: and that the signature and designation of a Registrar of the University at a Presidency town shall be treated by the Post Office as if they were the signature and designation of a Government Officer. This privilege does not extend to any University official other than the Registrar.

Note—The following rule may facilitate the calculation of postage on letters exceeding 10 tolas :—Find the weight in tolas, take the next lower multiple of 10 and divide it by 2; the result will be the number of annas chargeable. Thus, for an article weighing (say) 38 or 40 tolas, the next lower multiple of 10 will be 30, which, divided by 2, gives 15, being the number of annas chargeable.

Pre-payment by means of service labels.

(3).—Official articles from Government offices should be prepaid by means of service postage stamps purchased at the Government Treasury or other local stamp depot. These stamps when used in payment of postage, must be supported by the superscription on the cover "On Her Majesty's Service," under the full signature and official designation of the Government officer who sends the article, or of the Head Clerk or Superintendent of his office, or of other responsible officer to whom the duty of despatching is confided. The particular officer who signs the cover must enter in full his own

<u>On Her Majesty's Service.</u>	Service Labels.
To (Here enter address.) (Signature of Sender.) (Official designation.)	official designation, in order that his individual responsibility may be enforced in cases of doubt or fraud. The superscription and signature should be entered in the form marginally given. Service stamps affixed to an article without the above superscription will not be recognised by the Post Office in payment of postage. Treasury officers are en-

joined not to sell service stamps to any but Government officials.

Note 1.—When ordinary stamps instead of service stamps are used in articles superscribed under Rule 2, they will be recognised by the Post Office, but the irregularity should be brought by the Post Office to the notice of the officer concerned, and if of frequent occurrence, to that of the Post Master General.

Note 2.—Post Masters are allowed to recognise abbreviated designations, provided they are generally known. But no official can claim the recognition of an abbreviation, the rule being that the designation shall be entered in full.

Note 3.—Post Masters are allowed to recognise *fac-simile* impressions of signatures, i.e. signatures impressed by stamps, but public officers who use such stamps are expected to make arrangements for their proper custody and use, and if there be any reason to suspect the misuse of such stamps, or the absence of proper precautions against their misuse, Post Masters may decline to recognise the stamp impression and require strict adherence to the rule. Lithographed imitations of signatures as well as printed names cannot be recognised in lieu of signatures; *fac-simile* impressions by means of stamps used under proper precautions being the only substitute for actual signature which can be recognised.

Registration of official Gazettes.

(8).—Official Gazettes should be registered at the Post Master General's Office, and when so registered are eligible for transmission at the lower rates above given under the same rules and conditions as apply to ordinary registered newspapers.

Unpaid official articles.

(4).—Official letters and parcels properly superscribed under Rule (2), but without stamps, are charged with postage on delivery at prepaid rates.

In cases where it is not thought advisable to entrust postage stamps to a subordinate official, who has to correspond with, or send returns to, a superior, he may be allowed by his superior to address official articles to him under this rule, and the same course may be adopted in other cases where it is found convenient or proper to make the postage charge fall on the receiving office.

Economy to be observed in the use of the Post.

(5).—Government officials should be careful not to incur needlessly the higher charge on account of the transmission of heavy articles by letter post. Similarly, the transmission of heavy articles as parcels (which are conveyed by post under a system of registration) is more expensive than their conveyance as packets, and the parcel post should not, therefore, be needlessly used by Government officials.

Notes.—All Official articles which do not exceed 10 tolas in weight are treated either as letters or as registered gazettes. For the rules under which the Post Office distinguishes official articles exceeding 10 tolas, as respects transit by letter post or banghy post, see paragraph 8 and the second clause of paragraph 10 of Section 11.

Limits of weight and size.

- (8).—No official article exceeding 600 tolas in weight can be received by the Post Office, and no official article exceeding the limit of size* prescribed for ordinary packets can be forwarded as a packet, though it may be forwarded as a parcel,

* One foot and a half in length by one foot in width or depth.

if within the limit of weight above mentioned.

Letters and parcels superscribed "Service Bearing" by Government Officers.

- (7).—Letters and parcels sent by Government officers in their official capacity, which relate nevertheless to the private interests and concerns of the individuals addressed, may be endorsed according to the specimen form given in the margin, under the full signature and official designation of the person by whom they are sent. Letters and parcels so addressed are regarded by the Post Office as private articles, but are charged, on delivery, with bearing postage at prepaid rates, and not at double rates, as in the case of ordinary letters. Under this head come replies sent to communications of the kind noted in the margin, as well as any other communications of a like kind which Government officers may make to individuals (whether private persons or Government officers) relating to the private interests of the addressees.

Letters and parcels superscribed "Service Bearing" addressed to Government Officers.

- (8).—Letters and parcels sent by private persons to Government officials relating to the affairs of Government, and endorsed according to the specimen form given in the margin, under the full signature of the sender (the address including the full official designation of the public office to which the article is sent), are charged, on delivery, at the rate to which they would have been liable if prepaid by ordinary stamps, and not at double rates, as in the case of ordinary letters. This rule is intended to provide for cases of zemindars reporting the occurrence of crime to a police officer, of employers of laborers sending returns required by the Protector, and of any similar reports or returns authorized to be so sent.

Official articles not liable to re-direction charge.

- (9).—Official communications addressed to Government officers "On Her Majesty's Service" or "Service Bearing" under the prescribed superscription and signature are not liable to additional postage on account of re-direction.

Note.—For explanation of the conditions under which articles re-posted are treated as re-directed, see section IV (Re-direction). An official article re-posted under conditions other than those referred to is treated as a private article posted for the first time, the obliterated stamps as well as the frank in support of them being disregarded.

Postage due on official articles to be initiated in the Post Office.

- (10).—The amount of postage marked as due on articles delivered under the superscriptions of "Service Bearing" or "On Her Majesty's Service" will be initiated by the Post Master or Deputy Post Master of the office of delivery.

Government Officers bound to receive and pay for articles under official superscription.

- (11).—Government officers are bound to receive and pay any postage which may be due on articles addressed to them under the superscription "On Her Majesty's Service."

Registration.

- (12).—The rules and conditions for the registration of ordinary articles sent by letter post govern the registration of similar official articles, the service labels affixed to them being supported by the prescribed superscription and signature.

Post Telegrams.

- (13).—Officers in charge of Telegraph Offices, when posting telegraph messages for onward transmission by post, are entitled to get receipts for them. Such receipts must be presented, ready written, in the form ordinarily used by Telegraph Offices when de-

livering telegraph messages to the addressees. The Post Master will compare the receipt so presented with the address of the article accompanying it, and, if correct, will affix the Post Office stamp in acknowledgment of receipt. All articles for which receipts are claimed under this rule must be superscribed with the word "Telegram (in addition to the usual official superscription), and must be fully prepaid. This rule is also applicable to Telegram Messages posted by Railway Telegraph Offices.

Government Officers on leave.

(14).—Government officers, when on leave, and those who have retired from the service of Government, can correspond only as private individuals.

Irregularities of address, &c.

(15).—Any irregularity or incompleteness of the address, superscription, or signature on an article renders it liable to be treated as an ordinary unpaid article, any service, stamps which it may bear not being recognised.

Official correspondence with places abroad, howsoever conveyed, or between Indian Post.

Offices when conveyed by British Mail Packets.

(16).—The rules contained in the preceding paragraphs relate exclusively to official inland correspondence, *i. e.*, correspondence conveyed between one Indian Post Office and another by Her Majesty's Indian Post.

Official correspondence with places abroad, howsoever conveyed, or between Indian Post Offices when conveyed by British Mail Packets (*e. g.*, between Bombay and Aden), is governed by the same rules as ordinary private correspondence, and must either be prepaid by service stamps (under the superscription and signature prescribed by Rule 2), or, where pre-payment is optional, be forwarded as unpaid subject to the levy of postage on delivery.

The only exception to the above has reference to official letters (not newspapers or book or pattern packets) sent by British packet to or from the public functionaries or departments in London having special accounts for overland letter postage with the London Post Office. Official letters intended for such officers need not be prepaid if superscribed "On Her Majesty's Service" under the full signature and official designation of the sender. The Public functionaries or departments in London which have accounts with the London Post Office are—Adjutant General's Office (Horse Guards), Admiralty (Somerset House and Whitehall), Audit and Exchequer Department (Somerset House), Board and Trade (Whitehall), Census Office (Craig's Court), Chancellor's Office (Downing Street), Charity Commission (York Street, St James'), Chelsea Hospital (Chelsea), Civil Service Commission (Cannon Row, Westminster), Colonial Office (Downing Street), Colonial Land and Emigration Office (Park Street, Westminster), Commander-in-Chief's Office (Horse Guards), Council of Military Education (Great George Street), Council Office (Downing Street), Court of Bankruptcy (Basinghall Street), Courts of Chancery (Lincoln's Inn Fields and Chancery Lane), Court of Probate (Doctors' Commons), Crown Agents for the Colonies (Spring Gardens), Duchy of Cornwall (Buckingham Palace Gate), the Customs (Lower Thames Street), Ecclesiastical Department (Whitehall Place), Endowed Schools Commission (Victoria Street), Exhibition Commissioners, 1851 (Westminster), Foreign Office (Downing Street), Her Majesty's Home Office (Whitehall), House of Commons, India Office (Charles Street, Westminster), Irish Office (Great Queen Street, Westminster), Inland Revenue (Somerset House), Local Government Act Office (Richmond Terrace, Whitehall), Merchant Seamen's Office (Adelaide Place, London Bridge), Metropolitan Police Office (Whitehall Place), Pay Master General (Whitehall), Local Government Board (Gwyddel House, Whitehall), Post Office, Prisons Office (Parliament Street), His Royal Highness the Prince of Wales' Quarter Master General's Office (Horse Guards), Registrar of Friendly Societies (Abingdon Street), Registrar General's Office (Somerset House), Royal Artillery, Royal Marines (New Street), Science and Art Department, Warden of Standards, Stationery Office (Prince's Street, Storey's Gate), Tithe Copyhold and Enclosure Commissioners (St. James' Square), Treasury Office (Whitehall), Tower, Veterinary Department of the Privy Council (Prince's Street, Westminster), War Office (Pall Mall), Woods, Forests and Land Revenues Office (Whitehall Place), Works and Public Buildings Office (Whitehall Place).

N. B.—The official letters received by *British Packet* from the public functionaries or departments in London above enumerated are marked by the London Post Office with the red "official paid" stamp which is the authority for delivery in India without charge.

In some cases, however, articles which have been received enclosed in official letters of the above descriptions are re-posted in India under the impression that the frank of the public office in London will carry them to destination free of charge. But this is not the case, the only letters recognised as official being those described above as bearing the London Post Office "official paid" stamp, and those which under the preceding rules are franked by public officers in India.

VII.—Postage Stamps.

Enumeration of Stamps in use.

(1).—The Postage Stamps and embossed envelopes at present used in India are as follow, viz.:—

Sale of Stamps.

(2).—Stamps can be purchased by the public in two ways, viz.:—

(a).—From any local depôt (all Government Treasuries are local depôts) in quantities of the value of not less than Rs. 5 worth of labels at a time, and not containing any fraction of a rupee. For instance, stamps of the value of Rs. 6-8-0 or any other fractional value cannot be purchased, but any quantity of an aggregate value represented by whole Rupees (not being less than five) may be purchased whether the purchase includes one or several classes of stamps.

(b).—From any Post Office, Receiving House, Tehsildari, Thanna or Police Station where letters are received for despatch, or from any rural messenger whose business is to collect as well as to deliver letters, or from any licensed Stamp-vendor. In this case the stamps are sold in any quantity, however small, at the value denoted thereon.

The sale of embossed envelopes is regulated by the same rules, the cost being the value of the stamps borne by them. But in purchases of embossed envelopes from local depôts, only whole packets (of 16 envelopes each) can be obtained.

Pre-payment can only be made by Stamps.

(3).—Pre-payment of postage can only be made by means of Stamps (adhesive or embossed.)

Advantage of embossed envelopes.

(4).—By using embossed envelopes all risk of the stamp being detached may be avoided.

Post Masters not to affix Stamps.

(5).—Post Masters are not allowed to affix Postage Stamps to letters brought unstamped to the Office.

Labels how to be placed, &c.

(6).—On this subject see instructions on page 354.

Stamps previously obliterated, or defaced, or cut out from embossed envelopes, may not be used.

(7).—Stamps previously obliterated, or defaced, or cut out from embossed envelopes, may not be used; and any letters or other articles to which they may be affixed are treated as unpaid.

Stamps other than Postage Stamps not to be used.

(8).—Receipt or other inland Revenue Stamps cannot be used in place of Postage Stamps, nor can Postage Stamps which have been torn, cut, or otherwise rendered imperfect, be used.

VIII.—District Post.

The District Post, or, as it is sometimes called, the Zemindaree Dāk, is an institution quite distinct from the Imperial Post. It consists of lines of communication between Police and Revenue Stations in the interior of districts, and is maintained primarily for the purpose of conveying official reports, &c. It was originally, and is still in some parts of Madras, under the control of the local Judicial or Revenue Authorities, but in other places this control has been transferred to the Officers of the Imperial Postal Department. Even in those provinces, however, the transfer is one merely of control, there being no amalgamation of the District and Imperial Posts, and the primary object of the former, *viz.*, the conveyance of official reports and correspondence, is equally kept in view, although the arrangement, of course, admits of a more free utilization of the District Post for the conveyance of private correspondence. As a general rule, all unpaid and insufficiently paid letters and other articles posted in a District Post Office are forwarded to the Imperial Post Office at the head-quarters of the district for transmission thence to their destination, prepaid articles only being sent direct. Private letters, &c., delivered through the Agency of the District Post are subject to a delivery fee of 4 anna per article when the delivery is effected otherwise than by rural messengers or ordinary letter-carriers.

(12).—The charge of 2nd commission for each of the above transactions separately, or for two or more made in the same application, will be equal to the 1st commission charged on the original order.

Payment of Orders.

(13).—Money Orders are not transferable (by endorsement of holder) nor payable after the end of the twelfth month.

(14).—Whoever presents the order for payment, whether the rightful owner or otherwise, must give full information as to the name, surname and address of the person who originally obtained it, unless it be remitted by a Firm, when the name of the Firm, together with its address and occupation, should be given.

(15).—A Money Order presented at the Office drawn on must always be signed by the payee in the place allotted for his signature before receiving payment of the same.

(16).—In the case of a person unable to write, he must make a mark in presence of the passing Officer (Treasury Officer) who will certify it by adding his initials.

(17).—When an order is presented through a Bank of the town upon which it is drawn, it should be duly signed by the payee and crossed with the Banker's name.

(18).—If payment of an order is refused in consequence of the particulars given not according with the advice, the person presenting the order should communicate with the remitter with a view to obtaining correction of the advice from the issuing Office, on receipt of which the order will be paid if the error was made by the Office of issue, but if otherwise, the order should be returned to remitter, who should obtain a fresh order.

(19).—After a Money Order is once paid, by whomsoever presented, no further claim will be admitted. The public are therefore cautioned—

1st.—To take all means to prevent the loss of the Money Order.

2nd.—Never to send the Money Order in the same letter with the information required on payment thereof.

3rd.—To be careful, on taking out a Money Order, to state correctly the name of the person in whose favor it is to be drawn.

4th.—To see that the name, address, and occupation of person taking out the Money Order are correctly known to the person in whose favor it is drawn.

(20).—Neglect of these instructions will risk the loss of the money, and will also lead to delay and trouble in obtaining payment.

Non-Renewal of Orders.

(21).—Money Orders will not for the future be renewable.

Refund of Orders.

(22).—An order may be refunded at the Office of issue after it has been ascertained by the Treasury Officer from the Head Office that no duplicate has been issued, and it should be duly signed by the remitter in the place assigned for the payee's signature.

(23).—Refund of a duplicate order can be made after a non-payment certificate has been obtained by the Treasury Officer from the paying Office certifying that the original order has not been paid, and that payment has been stopped.

(24).—When alteration of the name of the payee or station drawn upon is desired, the original order must be surrendered and a fresh order will be granted in lieu of it, after ascertaining from the Head Office that no duplicate has been issued.

Duplicate Orders.

(25).—Duplicate orders are granted at the Head Office *only*, on the remitter, or payee, as the case may be, reporting the loss of the original order, and making application in the prescribed printed form.

(26).—An application from a third person will not be attended to, unless the authority of either of the two principals is produced.

(27).—Applications can be forwarded through the Treasury Officer. This is by far the safer course, as applications made direct if lost in transit entail the loss of the postage stamps sent as 2nd Commission.

Lapsed Orders.

(28).—An order remaining unpaid after one year from date of issue, i. e., issued in January but unpaid at the end of the following January, is considered as void and lapsed to Government, and will not be paid unless satisfactory explanation as to the cause of delay in presenting it for payment be furnished to the Comptroller General, who alone can authorize such payments.

Miscellaneous.

(29).—If the Money Order form be clipped or mutilated, there may be difficulty as to paying it.

(30).—To save time and prevent errors, the public are advised to furnish in writing to the Issuing Office, at the time of application, the full particulars of every Money Order required, and to ascertain, before quitting the Issuing Office, that the order corresponds with those particulars.

(31).—These regulations have been laid down to secure, as far as practicable, that payment be made to the rightful person, and all officers have been instructed to enforce them, so far as a due regard to public convenience will permit.

(32).—The following is a list of the various Government Treasuries which are Money Order Offices in India:—

Telegraph Rules and Rates.

The following Revised Rules and Tariff relating to the Despatch of Telegraph Messages in India, British Burmah, and Ceylon, sanctioned by the Governor-General in Council, corrected up to 1st April, 1875, are published for general information:—

General.

Rule I.—The accuracy of messages is not guaranteed, and the Sender and Receiver must accept all risks arising from non-delivery, errors, or delays.

Rule II.—Telegraph Stations are divided into three classes,—1st, those performing permanent day and night duty; 2nd, those performing full day duty; 3rd, those performing limited day duty.

Stations of the 1st class are open day and night for the reception and transmission of messages.

Office hours.

Stations of the 2nd class are open from 7 A. M. till 9 P. M. (local time)

Stations of the 3rd class open from 10 A. M. till 5 P. M., and on Sundays and the holidays enumerated in Rule III, from 7 to 8 A. M., and from 4 to 6 P. M. (local time).

Rule III.—All Offices *except those of the 1st class* will be closed to the public between the hours of 8 A. M. and 4 P. M., (local time) on Sundays, Christmas Day, New Year's Day, Good Friday, and the Queen's Birthday.

Rule IV.—In cases of life and death, or of extraordinary emergency, a message countersigned by the chief Civil or Military authority at a station, or by any of the authorities empowered to "clear the line" (See Rule XLVI) can be sent from any Office at any time.

Messages should be legibly written and clearly expressed.

Rule V.—Senders of messages are advised to write their messages in an unmistakable and distinct hand, and to use the shortest and most familiar words they can select. The more intelligible the message the greater is the probability of its being correctly transmitted.

Acceptance of Messages for Transmission.

Rule VI.—No message or messages of more than 200 words can be sent at any one time by any private individual or firm, and no second message by the same individual or firm till after the lapse of three hours, unless the lines be free and not required by any one else.

Rule VII.—All messages must be legibly written in the Roman character or in Arabic figures; subject to the above limitation, messages may be sent in the vernacular, or any foreign language, or in cipher, if written in the Roman character or in Arabic numerals.

Messages translated for natives.

At stations other than the Presidency Towns, every assistance possible is afforded to natives in the translation of messages into English and *vice versa*.

Rule VIII.—*Cipher messages* are those which consist either wholly or in part of groups of figures or of letters not forming words. The whole of the cipher portion must be composed either *exclusively* of letters of the alphabet or *exclusively* of Arabic figures.

The body of the message may consist either wholly of cipher or partly of cipher and partly of ordinary language. The parts in cipher must be placed between parenthesis, separating them from the rest of the message.

EXAMPLES OF CIPHER MESSAGES WHICH ARE ADMISSIBLE.

"4597 68289 459 181764."

"Send sharp 839 2146. Further shipments 154."

"A V K B C P G G K R S N."

EXAMPLES OF CIPHER MESSAGES WHICH ARE NOT ADMISSIBLE.

"45 A B C 284 X Y Z."

"1284 P Q R C B G 789"

Rule IX.—The body of the message must be preceded by the *address* (as defined in Rule XX). The true signature and address of the Sender must always be written at the foot of the message.

Verification of signature to private messages may be insisted upon.

The sender of a private message can always be called upon to prove that the signature attached to it is genuine.

Rule X.—The address must contain all the information necessary to ensure the delivery of the message at its destination, and the Sender in all cases supports the consequences of insufficiency of address. After the message is once despatched, it can neither be cancelled, completed, nor rectified except by the despatch of a fresh *paid* message.

Authentication of corrections necessary.

Rule XI.—Every interlineation, reference, erasure, or alteration of words must be authenticated by the Sender of the message, or by his representative.

Rule XII.—Messages from places where there is no Telegraph Station should be addressed to the nearest Government Telegraph Office by Post registered, together with Telegraph or Postage stamps sufficient for their payment. Such messages are charged at the day rate at whatever time they may reach the Telegraph Station, and a receipt for the amount will be posted free to the Sender.

In the case of a *private* message sent by Post to a Telegraph Station with an insufficient number of stamps, the message and stamps will be returned "Service Bearing" to the Sender, who should in all cases give his full address.

Treatment of messages received by post for transmission insufficiently stamped.

Rule XIII.—Messages can be addressed to places where there are no Telegraph Stations. In such cases the Sender must state (free) from what Telegraph Office delivery is to be effected.

Messages addressed to non-Telegraph Stations.

Example.—To Hazaribagh, "Post Burhee." No charge will be made for ordinary *Inland* postage, which is defrayed by the Telegraph Administration. But if the Sender of a message that has to be delivered by *Inland* post wishes it to be *registered*, he must prepay the postal registration fee of four annas, and intimate that this has been done by adding (free) the words "Post registered," instead of "Post," before the name of the Telegraph Station at which the message is to be posted.

Postal registration is compulsory in the case of messages which have to be posted in India to places beyond Indian limits, and in such cases both the postage and registration fees* must be prepaid by the Sender.†

Rule XIV.—With the following exception, all charges for messages must be prepaid in cash or in stamps:—

Messages are sent "bearing" from Sea-ports when received for despatch by mail steamers or other vessels, but no such message whether "prepaid" or "bearing" will be received for transmission until the name of the vessel has been made known. *Bearing messages will not be delivered to the addressees until after payment has been obtained.*

Use of Stamps.

Rule XV.—All charges on telegrams are pre-paid in Telegraph Stamps, which are procurable at every Treasury and every Government Telegraph Station.

Telegraph Stamps are double-headed, the object being that the *upper half* shall be returned on the receipt, (whereby the Sender receives a guarantee that his message has not been suppressed for the sake of the stamps), and the *lower half* shall be affixed to the message as voucher to Government that it has been prepaid.

Forms obtainable *gratis* at all Stations.

Proper forms on which to write messages are available *gratis* at all telegraph stations, and senders are requested to use these forms only.

The Senders of messages should be careful to affix their stamps on the spaces left blank for the purpose on the message forms, the *upper half* on the receipt, the *lower half* on the message, and to see that the stamps are defaced with the Office Stamp which bears the name of the station and the date

Stamps to be properly affixed to the forms.

* 12 annas.

† The Registration fee (4 annas) is also payable in the case of messages to which replies are prepaid, and which are addressed to a Station where there is no Telegraph Office, or to Stations on the East Indian, Eastern Bengal, South Indian and Madras Railways (Vide note to Rule 43.)

Cut or defaced Stamps cannot be received.

Telegraph Stamps cut in two, before being sent into a Telegraph Office or which are in any way defaced, cannot be accepted.

Rule XVI.—Service messages from all public functionaries must be paid for in cash or in stamps prior to despatch; the rates are the same for service messages as those charged to private individuals. This rule will be relaxed in case of great emergency; whenever a State message is tendered for despatch under this permission, the Sender must certify to its urgency and to the necessity for its immediate despatch without prepayment, and must take the necessary steps to ascertain the charges on it, and pay them into the Telegraph Office within 24 hours.

Service messages take their turn for despatch with private messages.

Rule XVII.—Service messages have no right of precedence, and take their turn for despatch with private messages, except in cases of pressing public emergency, when priority may be claimed on special grounds.

Rule XVIII.—No unpaid messages, except those specified in the Departmental Regulations, shall on any account be transmitted. A violation of this rule will subject the Signaller or Telegraph Master in charge of the Station from which a message is improperly despatched to dismissal from the public service.

Rule XIX.—Telegraph Masters are required to refuse to transmit a message which may be of a decidedly objectionable or alarming character. Objectionable messages to Should the character of a message be disputed, the matter may be referred to a Secretary to Government, if the dispute occur at the seat of Government, or to the chief Civil or Military Officer if at a provincial station.

Objectionable messages to be refused acceptance.

Should the character of a message be disputed, the matter may be referred to a Secretary to Government, if the dispute occur at the seat of Government, or to the chief Civil or Military Officer if at a provincial station.

Charges.

Rule XX.—No charge is made for the transmission of the address.

The 'Address' includes names of stations from and to which the message is to be despatched, the bona-fide names or designations* of the Sender and Addressee, and the latter's address. No other words can be transmitted unless paid for as part of the body of the message, and the Officers of the Telegraph Department are authorized to omit from the address any words which are not essential to the correct delivery of the message.

A message can only be sent in the name of one individual or firm.

If the Sender of a message desire his own address to be telegraphed, it must be included in the body of the message, and paid for.

Rule XXI.—The following are the rates of charges for a message in ordinary language —

- Between any two stations in India, or between any two stations in the Provinces under the Administration of the Chief Commissioner of British Burma, one rupee for every six words or less, exclusive of the address.
- Between any station in India and any Station in British Burma, or between any station in India and any station in Ceylon, one rupee and eight annas for every six words or less, exclusive of the address.
- Between any station in Ceylon and any station in British Burma, two rupees for every six words or less, exclusive of the address.

Rule XXII.—A double charge will be levied on all messages tendered for transmission between the hours of 8 p. m. and 6 a. m. (local time), also on Sundays and the following holidays — Christmas Day, New Year's Day, Good Friday, and the Queen's Birthday.

Charge for a message in cipher.

Rule XXIII.—The charge for a message in cipher is double the charge for a message in ordinary language.

Messages despatched to and from Railway Stations without extra charge.

Rule XXIV.—A message can be sent from any station of the Government Telegraph Department to any Railway Telegraph Station, or vice versa without additional charge.

Rule XXV.—The local rate in Ceylon is one rupee for 20 words, inclusive of address, for any description of message between any two stations with eight annas for every additional ten or fraction of ten words. Double charges are levied on messages sent after hours or on holidays, the same as in India.

Rule XXV.—The local rate in Ceylon is one rupee for 20 words, inclusive of address, for any description of message between any two stations with eight annas for every additional ten or fraction of ten words. Double charges are levied on messages sent after hours or on holidays, the same as in India.

* Name and designation cannot both be admitted unless it would otherwise be obviously impossible for the Addressee to identify the Sender.

Application of Charges.

Rule XXVI.—The maximum length of a word is fixed at six syllables; the excess is counted as a word

Rule XXVII.—Messages must not contain any unusual combinations, abbreviations, or constructions. Any word in common use, which, although requiring two words to express it, is generally recognized as one word, is charged as one word when so written; when the two parts are not joined by a hyphen or apostrophe, and when less than six syllables. "Halfpenny," "Twopence," "Threepence," &c., up to "Elevenpence," when written as a single word, count as one word only. "F. O. B." and "C. F. I." when written as separate letters, are each counted as three words, but when written "Fob," "Cfi," as one word.

Words joined by a hyphen.

Rule XXVIII.—Words joined by a hyphen are counted as so many separate words

Words separated by an apostrophe.

XXIX.—Words separated by an apostrophe are counted as so many separate words. (*This rule does not apply to nouns in the possessive case, as "General's" "Charles's," "Brother's."*)

Rule XXX.—Proper names of towns and persons, names of places, streets, ships, titles, Proper names, titles, &c.

Christian names, prefixes, and qualifications are counted for the number of words employed by the Sender to express them.

Every separate character, including an underline, charged as a word.

Rule XXXI.—Every isolated character, whether letter or figure, is counted as a word. The same applies to an underline.

Rule XXXII.—Signs of punctuation, hyphens, apostrophes, inverted commas, parenthesis, fresh paragraphs are not counted in ordinary messages. But decimal points, commas, and bars of division, used with figures, are each counted as a figure.

Signs of punctuation.

Rule XXXIII.—When numbers are expressed in figures in ordinary messages each group of five or fewer figures is counted as a word; the same rule applies to groups of letters; letters added to figures to form ordinal numbers are each counted as a figure.

Charges for figures.

Rule XXXIV.—In 'cipher' messages all the characters, figures, letters, or signs employed in the cipher text are added together, the total divided by five, and the quotient, plus one for the remainder, if there be any, gives the number of words the ciphers represent. Signs used to separate groups in cipher messages are counted each as a figure or letter, unless the Sender expressly desires that they be not transmitted.

All words to be transmitted charged for.

Rule XXXV.—All that the Sender writes in his message to be transmitted is included in the cost, but the address of a message, as defined in *Rule XX*, will be transmitted without charge.

The day, hour, and minute

Date and time of receipt added by the Department and transmitted free.

(Madras time) of receipt of a message into a Telegraph Office for despatch are in every instance added by the Department and telegraphed free of charge. Senders may, however, date their messages if they think fit, but the Sender's date, if given, will be charged for.

Multiple messages charged as separate messages.

Rule XXXVI.—A message addressed to several persons, or to the same person in localities where delivery is to be effected by different offices, is charged for as so many separate messages.

Rule XXXVII.—A message addressed to several persons in one locality, or to the same person at several places of residence in one locality, with or without transmission by post, is charged for as a single message, but a copying fee of four annas, independently of postage, if any, is charged for each destination after the first.

Repetition of messages.

Rule XXXVIII.—The sender of any message can require that it be repeated. In this case the different stations employed in its transmission collate it as it passes, repeating it to each other integrally.

Collation of message.

Rule XXXIX.—The charge for repeating is equal to half the charge for the message. A repeated message is indicated by the word "*collatione*," which, to ensure the greatest accuracy, is telegraphed (free) both in the official instructions and as the first word of the text of the message.

Charge for collation.

Advice of delivery.

Rule XL.—Any Sender can require that a notice of the time at which his message is delivered be transmitted to him by telegraph. This advice of delivery may be addressed to him at any station he may name.

Advice of delivery.

Rule XLI.—If the message cannot be delivered, the return telegram indicates the circumstances which prevented delivery, and, if possible, gives the information necessary to enable the Sender to cause his message to reach its destination.

Case of non-delivery.

The return message has priority in transmission over other messages of the same class.

Priority of return message.

Rule XLII.—The charge for an advice of delivery is equal to that for a single message at ordinary or day rate.

Charge for advice of delivery.

Prepayment of Reply.

Rule XLIII.—The sender of a message can prepay a reply, depositing for this purpose a sum not exceeding ten times the cost of his original telegram. He must add to his message the words "Reply prepaid" or "Answer prepaid." These must form the concluding words of the message, but will not be charged for. On depositing the corresponding sum the sender can add (free) to the words "Reply paid" or "Answer paid" the amount to which he wishes the Reply to be limited. When the words "Reply paid" alone are given, without any specified amount, it will be understood that the minimum charge only has been prepaid. The terminal station pays to the receiver, in Telegraph stamps, the amount prepaid, leaving it to him to send his answer how, and when, and to what address he pleases, or not to send one at all. The reply, if sent, is considered in every respect as a fresh message.

Should it be impossible to effect delivery of a Reply-paid message, the terminal station sends a telegram to that effect to the Sender, and this telegram takes the place of the return message for which a reply has been prepaid.* The words "Reply paid" or "Answer paid" entitle the Addressee to receive the equivalent of the minimum charge only, and if he wishes to answer at a time when the double charge is levied, he must pay the additional cost himself. It should be distinctly understood that it is not compulsory on the Addressee to send a reply. The duty of the Telegraph Department consists simply in paying to him in Telegraph Stamps the amount prepaid, leaving him at liberty to do what he pleases with it.†

Delivery.

Rule XLIV.—Messages will be delivered free of charge at any place within five miles of a Telegraph Station. Beyond this distance messages will be sent by post or by such other means as the Sender may arrange and pay for.

Rule XLV.—Should the Addressee of a message have left the station to which it is addressed, and it be sent on by Telegraph to some other station, it will on re-transmission be considered in every respect as a fresh message, and all bearing charges must be paid by the Addressee before the telegram is delivered to him.

Clear Line Messages.

Rule XLVI.—On emergent occasions of great importance, the public functionaries named below have the power to "clear the line," that is, to suspend the receipt and despatch of all messages until the one for which the line is "cleared," is passed on.

- (1)—The Governor General of India.
- (2)—The Governors of Madras, Bombay, and Ceylon.
- (3)—Commanders-in-Chief, India Madras, and Bombay.
- (4)—Lieutenant-Governors of Bengal, North-Western Provinces, and the Punjab.
- (5)—Secretaries to the Government of India.

- (9)—Commissioners of Sindh and Peshawar.
- (10)—The Resident at Hyderabad (Dekhan).
- (11)—Director General of Telegraphs in India.
- (12)—The Maharajah of Patiala; from the Patiala office only.

The messages so sent are, however, to be paid for in cash or in stamps as other State messages.

Refunds

No refund given for errors in an uncollated message.

Conditions of refund in the case of non-delivery or delay of messages.

Rule XLVII.—No refund will be made for a message delivered wholly or partially in an unintelligible state, unless the extra charge for repetition has been paid by the Sender. See Rule XXXIX.

Rule XLVIII.—If a message be not delivered or be subjected to serious delay through the fault of the Telegraph Department, the whole charge made for it will be returned to the Sender.

Rule XLIX Applications for refunds, as also all complaints respecting messages, should be addressed to the TELEGRAPH CHECK OFFICE, CALCUTTA. Such claims for refund should be made, under penalty of rejection, within two months from the date of the message; but this period is extended to six months in the case of a repeated message, or of a message for which a Reply or an Advice of Delivery has been prepaid. (When an overcharge has been made on an Inland message through the neglect of the Telegraph employees, and when there exists no doubt whatever as to the justice of the claim, the amount overcharged will be repaid at once by the Telegraph Master.)

* When the amount deposited for a reply exceeds the cost for telegram reporting non-delivery (which is fixed at Rs. 2) the difference will be refunded on application being made to the Telegraph Check Office, Calcutta.

† As the East Indian, Eastern Bengal, South Indian and Madras Railway Companies declare their inability to make over prepaid reply deposits to Addressees, messages addressed to Stations on those Railways to which replies are prepaid are not transferred to the Railway Telegraph, but posted (with Telegraph Stamps enclosed) from the nearest Government Telegraph Station direct to the Addressee. Postal registration is compulsory in this case, as also in that of a message to which reply is prepaid addressed to a Station where there is no Telegraph Office.

Cancellation of Messages.

Rule L.—If the Sender of an Inland message wishes to cancel it before transmission has commenced, he can do so, but the charges upon it will not be returned when once the stamps are obliterated. If the message is in course of transmission, or has already been despatched, it can only be cancelled by a paid message from the Sender to the Telegraph Master of the terminal station. If in addition the Sender wishes to be informed by Telegraph in what manner his request has been acted upon, he must deposit the cost of the return telegram.

Obligation of Secrecy.

Rule LI.—To secure secrecy as much as possible, all persons (including Officers of the Department) not actually on duty, are strictly prohibited from entering the signal-room. Breach of this regulation renders an offender liable to a fine of Rs 500 under Act I of 1876.

Rule LII.—Violation of secrecy on the part of any person in the Department will be punished by dismissal from office, forfeiture of arrears of pay, and a declaration in the official *Gazette* of the incapacity of the delinquent to serve the Government in any capacity. He will also be liable to the further punishment of fine, or to imprisonment (with or without labor) not exceeding three years, or to both.

It is a violation of secrecy to mention the fact that a message has been received or despatched by any particular person or firm.

Copies of Messages

Rule LIII.—The Sender and Receiver have a right to be furnished with certified true copies of any message sent or received by them; a fixed charge of four annas is made for every copy furnished. As no Telegraph Office keeps copies of messages longer than three days, applications for copies required after that time has elapsed should be made to the TELEGRAPH CHECK OFFICE, CALCUTTA.

Applications for copies must be made within six months of the date of the message. At the expiration of that period all message drafts are destroyed.

One anna must be enclosed for postage of the reply, failing which it will be sent "bearing."

Press Messages

LIV.—Under certain conditions, to be ascertained on application to the Director General of Telegraphs (Traffic Branch), *bona-fide* Press messages, i.e., messages in the ordinary English language addressed to, and intended for publication in, a newspaper, can be despatched at reduced rates.

Rules for Registration of Abbreviated Addresses

Any Firm or Individual expecting to receive Inland or Foreign messages can register an abbreviated address at the Government Telegraph Office from which such messages have to be delivered.

No abbreviated address can be accepted which has already been registered locally by another Firm or Individual.

The fee for registration of each abbreviated address is Rs. 10 per annum payable in advance on the 1st January in each year, or Rupees 50 for all time with a fine of Rs. 5 for every change of address. Abbreviated addresses are considered confidential. The Department accepts no responsibility in respect of the delivery of any telegram having an abbreviated address, if such address has not been registered.

The Madras Railway Company forward Telegraph Messages for the public to any Station on the Railway, and Towns adjacent thereto, on the following conditions, viz —
GENERAL INSTRUCTIONS.

The accuracy of messages is not guaranteed and the sender and receiver must accept all risks arising from non-delivery, errors, or delays.

No message or messages of more than 200 words can be sent at any one time by any private individual or Firm, and no second message by the same individual or Firm till after the lapse of 3 hours, unless the lines be free and no not required for the Company's use.

Senders of messages are advised to write their messages in an unmistakable and distinct hand, and to use the shortest and most familiar words they can select. The more intelligible the message, the greater is the probability of its being correctly transmitted.

In cases of extreme pressure of business, Signallers in charge of Offices may refuse to receive for despatch any message beyond the number which experience shows may be

cleared off within the day. The messages in such cases are not to be received and kept for despatch the following day, but must be returned so as to prevent accumulation.

In cases of interruption on any line, Signallers in charge of offices have the power to refuse the receipt of messages for transmission to Stations, communication with which is interrupted.

In every case all persons tendering messages for places beyond the interrupted Station, should be informed of the interruption, advised not to leave the message, and acquainted that a refund will not be made in case of delay from this cause.

No stranger can be admitted behind the counter of the Telegraph Office except by a special order from an Officer of the Company

ACCEPTANCE OF MESSAGES FOR TRANSMISSION.

Messages must be in the Roman character, and legibly written. Messages can be sent in vernacular, if written in the Roman character, the charge will be the same as for a message in a foreign language.

The body of the message must be preceded by the address, and followed by the signature. The true signature and address of the sender must always be written at the foot of the message.

The sender of a private message can always be called upon to prove that the signature attached to it is genuine.

The address must contain all the information necessary to ensure the delivery of the message at its destination, and the sender must in all cases support the consequences of insufficiency of address. After the message is once despatched, it can neither be completed nor rectified except by the despatch, of a fresh message.

Messages may be written in *ordinary English language*, in *cipher*, in *code*, or in any *foreign language* written in the Roman character.

Ordinary messages can contain only standard English dictionary words.

Cipher messages are those which consist wholly or in part of groups of figures or letters not forming words. The whole of the cipher portion must be composed *exclusively* of letters of the alphabet or exclusively of figures. The body of the message may consist either wholly of cipher or partly of cipher, and partly of ordinary language. The part in cipher must be placed between parentheses, separating them from the rest of the message.

EXAMPLES OF CIPHER MESSAGES WHICH ARE NOT ADMISSIBLE

"(1284) (1' Q R) (C B G) (789) "

"*Code*" messages are those in which a number of recognised words follow each other without forming sense.

Messages consisting of nouns, adjectives, &c., unconnected by verbs and other parts of speech necessary for the formation of sentences are considered "code" messages. Cipher and code messages are always repeated back by every Station *enroute* to ensure the greatest possible accuracy.

Messages in ordinary language can contain no unusual combinations, abbreviations, or constructions, nor words of more than six syllables. Any word in common use, which although requiring two words to express, is generally recognised as one word is charged as one word when so written; when the two parts are not joined by a hyphen or apostrophe, and when less than seven syllables. "Halfpenny," "Twopence," "Threepence," up to "Elevenpence," when written as a single word, count as one word only. "F. O. B" and "C. F. I." when written as separate letters, are each counted as three words, but when written "Fob," "Cfi," as one word.

Every interlineation, reference, erasure or alteration of words should be authenticated by the sender of the message or by his representative.

Messages can be addressed bearing to places inland where there are no Telegraph Stations. In such cases the sender must state from what Telegraph Station the message should be posted.

Example.—To Seringapatam, "Post Bangalore." To Ramandroog, "Post Bellary."

If the Sender of a message that has to be delivered by *inland* post wishes it to be sent to destination by registered Post he must pre-pay the postal registration fee of four annas and intimate that this has been done by placing the words "Post registered," instead of "Post," before the name of the Telegraph Station at which the message is to be posted.

Postal registration is compulsory in the case of messages addressed to places beyond Indian limits, and in such cases the postage and registration fees must be pre-paid.

Proper Forms on which to write messages are available *gratis* at all Stations, and *senders are requested to use these forms only.*

No unpaid private messages shall on any account be transmitted. A violation of this rule will subject the Signaller in charge of the Office from which a message is improperly despatched to dismissal.

RULES.

CHARGES.

No charge is made for the transmission of the address.

The address includes names of Stations from and to which the message is to be despatched, the *bona fide* names of the sender and addressee, and the latter's address. No other words can be transmitted unless paid for as part of the body of the message.

RS.

For every six words or less or fraction of six words of ordinary English language exclusive of the address 1

For every six words or less or fraction of six words in foreign language or words of concealed meaning in cipher exclusive of the address . . . 2

For repeating a message by order of sender—Twice the value of a single charge.

The charge for a message in cipher, in code or in a foreign language, is double the charge for a message in ordinary English language.

A message can be sent from any station on the Madras Railway to any Government Telegraph Station, *vice versa*, without additional charge.

A double charge will be levied on all messages tendered for transmission between the hours of 6 p.m. and 6 a.m., double charges are also collected on Sundays and on the following holidays—viz, Christmas day, New Year's day, Good Friday, and on the Queen's Birthday.

Words joined by a hyphen are counted as so many separate words.

Words separated by an apostrophe are counted as so many separate words, but this *rule does not apply to nouns in the possessive case, as Generals', Charles', "Brothers", &c.*

Proper names of towns and persons, names of places, streets, ships, titles, Christian names, prefixes and qualifications, are counted for the number of words employed to express them.

Proper names of persons such as Rama Row, Runga Charry, Harry Doss, Kistna Sing, Sow Chund, Moonesawmy Pillay, Chinnasawmy Butler, Shauk Mahomed, &c., &c., must be charged as two words.

Every *separate* character, whether letter or figure, is counted as a word. The same applies to an underline.

Signs which the instruments express by a single signal (signs of punctuation, hyphens, apostrophes, inverted commas, parenthesis, fresh paragraphs) are not counted. But decimal points, commas, and bars of division, used with figures, are each counted as a figure. Signs used to separate groups in cipher messages are counted each as a figure or letter, unless the sender expressly desires that they be not transmitted.

When numbers are expressed in figures in ordinary messages, each group of five or fewer figures is counted as a word, letters added to figures to form ordinal numbers are each counted as a figure.

In cipher messages, the parts in cipher must consist exclusively of Arabic figures or exclusively of letters of the alphabet, and be placed between parenthesis, separating them from the rest of the message. All the characters, figures, letters, or signs employed in the cipher text are added together, the total divided by five, and the quotient, plus one for the remainder, if there be any, gives the number of words the ciphers represent.

All that the sender writes in his message to be transmitted is included in the cost, but the address of a message, *will be transmitted without charge.*

The day, hour, and minute of receipt of a message into a Telegraph Office for despatch are in every instance added by the Signaller and signalled, *free of charge.* Senders may, however, date their messages if they think fit, but the sender's date if given, will be charged for, and, to avoid confusion with that given by the Signaller, will, if written at the beginning be transferred to the end of the message.

A message addressed to several persons in localities where delivery is to be effected by different Offices, is charged for as so many separate messages.

The charge for a message sent partly by Government, and partly by any Railway Company's Line of Telegraph will be the same as that charged for a message between any two Stations on this Railway.

The charge will be divided between the Companies concerned in the following manner, viz :—

In the case of a message passing over *two systems only*—say from Salem to Bombay, the Madras Railway Company's share will be one-half, and the Government Telegraph share will be the other half.

In the case of a message passing over *the three different systems*—say from Trichinopoly to Bombay, the Great Southern Railway Company's share will be one-third, the Madras Railway Company's share one-third, and the Government Telegraph share, one-third.

PRE-PAID REPLIES.

The sender of a message can pre-pay a reply. He must add the words "reply paid" or "answer paid." These must form the concluding words of the message, but will not be charged for. On depositing the corresponding sum the sender can add (*free*) to the words "reply paid" or "answer paid," the amount to which he wishes the reply to be limited. When the words "reply paid" alone are given, without any specified amount, it will be understood that the minimum charge only has been pre-paid. The reply is considered in every respect as a fresh message. Should it be impossible to effect delivery of a reply paid message, the terminal Station sends a telegram to that effect to the sender, and this telegram takes the place of the return message for which a reply has been pre-paid. *The words "reply paid" or "answer paid" entitle the addressee to receive the equivalent of the minimum charge only, and if he wishes to answer at any time when the double charge is levied, he must pay the additional cost himself. It should be distinctly understood that it is not compulsory on the addressee to send a reply.*

DELIVERY

Messages will be delivered free of charge at any place within five miles of a station. Beyond this distance, messages will be sent by Post or by such other means as the sender may arrange and pay for.

Any additional words that may be necessary to explain the delivery of a message, when its destination is more than five miles beyond the nearest Telegraph Station, will be considered as part of the message, and charged for accordingly.

Should the addressee of a message leave the Station to which it is addressed, and it be sent on by Telegraph to some other Station, an additional charge of one Rupee for every six words of message in ordinary English language, and of two Rupees for every six words of message not in ordinary English language, must be paid by the addressee for every extra address, *before the telegram is delivered to him.*

REFUNDS

No refund will be made for a message delivered wholly or partially in an unintelligible state (or for late delivery, mis-delivery, or non-delivery) unless it be repeated. Applications for refunds, as also all complaints respecting messages, should be addressed to the Traffic Manager, Madras.

Every claim should be made, under penalty of rejection, within three months from the date of the message. *When an over-charge has been made on a message through the neglect of the Railway employees, and when there exists no doubt whatever as to the justice of the claim, the amount over-charged will be re-paid at once by the Traffic Manager.*

If a registered message be not delivered through the fault of the Railway employees or be delayed or mutilated to such an extent as to be manifestly unable to fulfil its object, the whole charge made for it, will be returned to the sender.

If the sender of a message wishes to cancel it when the message is in course of transmission, or has already been despatched, it can only be cancelled by a paid message from the sender to the Signaller of the terminal Station. If in addition the sender wishes to be informed by Telegraph in what manner his request has been acted upon, he must deposit the cost of the return telegram.

No stranger can be admitted behind the Counter of the Telegraph Office except by a special order from an Officer of the Company.

It is requested that all irregularities and delays may be notified to H. E. CHURCH, Traffic Manager, Madras.

STAMP DUTIES AND COURT FEES.

Acts XVIII of 1869 and VII of 1870 provide the Stamp Duties and Court Fees that have to be paid on Deeds, Instruments and Writings, and Law Papers

At a Meeting of the Council of the Governor General for making Laws, held at Simla, on 10th October, 1877, Mr. Cockrell introduced a Stamp Bill, to consolidate and amend the law relating to Stamps and Court Fees and moved that it be circulated and published for the purpose of eliciting opinion thereon, preparatory to its coming under the consideration of a Select Committee in Calcutta. The Motion was agreed to. The Bill was published in a Supplement to the Port St. George Gazette, on 30th October, 1877.

* As respects Bills of Sale of Ships executed after 1st January 1870, there can be no question that the exempting clause of the English Statute 17 and 18, Vic. Cap. 104, Sec. 9 is repealed by the Stamp Act of 1869, for the 3rd Section of that Act gives a very particular definition of the term "Conveyance," excluding from its meaning expressly certain specified instruments, and thereby implicitly including all others by which "property is conveyed inter vivos;" and a Bill of Sale of a ship is not one of the excluded instruments.—(Extract from Remarks by Mr. Stokes, Secretary to Council of Governor General for making Laws, in Proceedings of Government, Revenue Department, 18th May 1870, No 741.

In the Madras Presidency, the Jeypore Zemindari, in the District of Vizagapatam, has been excluded from the operation of the Act. (*Vide Notification published at page 778 of the Fort St. George Gazette of 1870.*)

The Act has been extended to the Province of Mysore and to the Hyderabad Assigned Districts and Cantonment of Secunderabad by the Governor-General in Council. (*Notifications, 27th June, 1877, Foreign Department, Simla, 20th July, 1871, No. 146.*)

What documents must be registered.

1. The registration of the following documents is compulsory —

i.—Instruments of gift of immovable property ;

The "Puttahs" granted by Zemindars to their ryots, as well as the "Muchilkas" (or counterparts) executed by the ryots under Section 8 of Act VIII of 1865, are defined to be leases for the purposes of the Registration Act, and all those not coming within the terms of the preceding proviso, if executed after the 1st July 1871, must be registered.

v.—Authorities to adopt a son, executed after the 1st January, 1872, and not conferred by a Will.

2 No person having a nephew or niece, or any nearer relative, has power to bequeath any property to religious or charitable uses, except by a Will executed not less than twelve months before his death, and deposited within six months from its execution in a Registry Office. What other documents may be registered.

8. The registration of the following documents is voluntary —

i.—Instruments (other than instruments of gifts and Wills) which purport or operate to create, declare, assign, limit or extinguish, whether in present or in future, any right, title or interest, whether vested or contingent, of a value of less than 100 Rupees to or in immovable property ;

iv.—Instruments other than wills which purport or operate to create, declare, assign, limit or extinguish any right, title or interest to or in movable property;

v.—Wills.

vi.—All other documents.

4. But although the registration of these documents is not compulsory, the advantages of registering them are—

i.—That all documents, not testamentary, duly registered and relating to any property whether movable or immovable, take effect against any oral agreement or declaration relating to such property, unless where the agreement or declaration has been accompanied or followed by delivery of possession;

ii.—That every document of the kinds mentioned in clauses i, ii, iii and iv, of paragraph 1, and clauses i and ii of paragraph iii, if duly registered, takes effect as regards the property comprised therein against every unregistered instrument relating to the same property, and not being a decree or order, whether such unregistered document be of the same nature as the registered document or not;

iii.—The period of limitation for a suit or a promise or contract in writing registered, and for the execution of any decree or order of any Civil Court of which a certified copy has been registered under the Registration Act, is six years instead of three. (Nos. 117 and 168, 2nd Schedule, Limitation Act IX of 1871)

Deposit of Wills.

5 Any testator may either personally or by duly authorized Agent, deposit with any Registrar his Will in a sealed cover superscribed with the name of the testator and that of his agent (if any) and with a statement of the nature of the document.

Description required in document relating to immovable property.

6. "No document, not testamentary, relating to immovable property, shall be accepted for registration unless it contains a description of such property sufficient to identify the same.

i.—"Houses in towns shall be described as situate on the north or other side of the street or road (mentioning it) which they front, and by their existing and former occupancies, and by their numbers, if the houses in such street or road are numbered. Other houses and lands shall be described by their name, if any, and as being in the territorial division in which they are situate, and by their superficial contents, the roads and other properties on which they abut, and their existing occupancies, and also, whenever it is practicable, by reference to a Government map or survey.

ii.—"No document, not testamentary, containing a map or plan of any property comprised therein, shall be accepted for registration unless it be accompanied by a true copy of the map or plan, or, in case such property is situate in several districts, by such number of true copies of the map or plan as are equal to the number of such districts."

Failure to comply with the provisions contained in clause i of this paragraph will not disentitle a document to be registered if the description of the property is sufficient to identify such property.

7. "The term 'territorial division,' as used in the Indian Registration Act, 1877, shall, as far as practicable, include—

- (1.) The Registration District.

If owing to urgent necessity or unavoidable accident, the presentation is not made within the prescribed time, the Registrar where the delay does not exceed four months, may direct registration on a payment of a fine not exceeding ten times the proper registration fee.

When a document purporting to have been executed by all or any of the parties out of British India, is not presented till after the expiration of four months, the registering officer, if satisfied,—

- (1.) That the instrument was so executed, and
- (2.) That it has been presented for registration within four months after its arrival in British India,

may, on payment of the proper registration fee, accept such document for registration.

A Will may at any time be presented for registration, or deposited

9. No document, other than a Will, shall be registered unless the persons executing such document, or their representatives, assigns, or authorized agents, appear before the registering officer within the time allowed for presentation ;

Such appearance may be simultaneous or at different times.

Provided, further, that it is not necessary for any officer of Government, or for the Administrator General of Bengal, Madras, or Bombay, or for any Official Trustee, or for the Sheriff, Receiver or Registrar of a High Court or Official Assignee, to appear in person or by Agent at any Registration Office in any proceeding connected with the registration of any instrument executed by him in his official capacity.

12. Wills must be deposited with the Registrars of Districts.

13. In ordinary cases, the registration or deposit of documents under this Act shall be made only at the office of the officer whose duty it is to register the same ; but such officer may, on special cause being shown, attend at the residence of any person intending to register any document, or of any person desiring to deposit a Will and register or accept for registration or deposit such document or Will.

The Conservancy Establishment for the planting and preservation of Forests in South Canara, Coimbatore, Malabar, Salem, Madura, Tinnevely, Cuddapah, Kurnool, Bellary, Nilgiris, Wynaad, North Arcot, South Arcot, Ganjam and Visagapatam Districts are now formed into one Department, for one entire Presidency. An extensive Teak Plantation exists on the banks of the Nelambur River in Malabar. Periodical sales of Timber by auction take place on account of Government. Means have been taken to stop the destruction of Forests by fire and stray cattle. Nurseries have also been established. The attention of the Special Department is being engaged in extending the fuel plantations and reserving the Forest tracts along the North and South-west lines for the future wants of the Railway Locomotive Department.

General Instructions to the Forest Office.

1. To keep a Diary of work done.
2. To obtain a complete knowledge of the quantity and quality of Timber in each Forest of the District, and to prepare a Forest Chart according to a fixed scale, indicating as far as possible the number and size of the more valuable Forest Trees within their respective ranges.
3. To prevent any kind of depredation or damage being committed in the Forests, to aid in which the Civil authorities will give every support in their power. It will be the duty of the Assistants also to make circuits of the Government Forests, and to prevent private individuals cutting or damaging trees of any description in them, and to complain to the nearest Police Official against all who violate the order, to be dealt with according to the offence.
4. To improve the Forests by clearing, planting, and by unremitting attention to young trees. To see that Teak and other fine timber is carefully seasoned, and to take care that no trees are felled except under the orders of the Forest Department, and when felled that the timber is properly protected. If Forests are being worked by contract to watch against injury to seedlings and undersized trees, also to see that trees are cut near the root (always within two feet) and to guard against wastage of timber from any cause whatever.
5. To present to the Officer in charge of the Central Office, Monthly Returns, Half-yearly Statements of the work done, and other periodical Returns.
6. To supply Tabular Statements of the quantity and description of the seasoned and green timber contained in their respective Districts. Personally to pay the establishment and to take every care of the health of the employees. Also to report every instance of neglect on the part of their Subordinates.
7. To give details of all sales effected whether by notifications or otherwise.
8. To transmit to the Central Office, as opportunity offers, any new or remarkable production of the Forests.
9. The services of the Assistants belong entirely to Government, and they are strictly prohibited from engaging in private transaction of any kind whatever.

O. G., No. 808, dated 26th September, 1886.

2. “ Such Officers cannot be required to subscribe to the Military Funds as Colonels; nor can they have the option of doing so in any rank higher than that they have attained substantively, unless under the operation of any rules of their respective funds, which would give them that privilege, if they merely retired from the service in ordinary course.”

QUEEN'S MILITARY FUND.

Regulations of the Queen's Military Widows' Fund, for the Benefit of the Widows and Children of deceased Officers in Her Majesty's Service in India, established in 1820.

Under the protection and countenance of the Most Noble the Marquis of Hastings, Commander-in-Chief in India, the abovenamed Fund was established in the year 1820, for the purpose of sending Home, in comfort and respectability, the families of deceased subscribing Officers in Her Majesty's Service in India, preventing thereby the painful and degrading practice of appealing to the public for subscriptions on such occasions. The Fund also provides relief in such cases until they can conveniently embark.

Modifications of the original Rules have at different times become necessary, and have been adopted with the approval of the subscribers and the sanction of the Commander-in-Chief for the time being.

On the present occasion the Committee of General Management having observed the desirability of making some of the rules more complete, of modifying the rates of subscription hitherto paid, and of amplifying the field of the Fund's operations, represented these views to the subscribers at large, and circulated voting lists in which opinions were given on the proposed alterations.

The Committee are gratified to find that their suggestions have been almost unanimously accepted, and the same are accordingly embodied in the following Code of revised Regulations for the Government of the Fund, which will come into force on the 1st January 1874.

As Officers, on 1st landing in the country may not have convenient access to the books of Local Regulations, the following extracts are here re-printed, showing the benevolent object with which the Fund came to be originally instituted, and the benefits to be derived from supporting it.

G. O., 25th June, 1820.—"1 With reference to the Circular Letter from the Adjutant General of His Majesty's Forces to Officers Commanding Regiments, dated the 22nd October, 1819, His Excellency the Commander-in-Chief, with a view to give further aid and facility to the arrangement of the Fund for Widows and Children of His Majesty's Officers, is pleased to publish for general information of all concerned, that the Most Noble the Governor-General has signified his consent to become Patron to the humane institution now in progress to establishment, and His Excellency the Commander-in-Chief will consider himself as President, and has been pleased to order a Committee of General Management to be formed at Head Quarters, with which the Presidents of General and Regimental Committees can communicate on all subjects touching the object in view. It will be the business of the Committee of General Management to examine the accounts quarterly, and to order the sums in hand to be deposited in Government Security and that the Paymasters of Regiments make the remittances at the periods prescribed in the printed Regulations, &c., &c."

G. O., 29th November, 1826.—"The Commander-in-Chief is pleased to publish, for the information of the Officers of His Majesty's Army serving in India, the following General Order, No. 271 of 1826, issued by the Supreme Government.—

Fort William, 17th November, 1826.—"RESOLVED—That the following paragraph of a Military General Letter from the Honorable the Court of Directors, under date the 27th of May, 1826, be promulgated for the information of the Officers of His Majesty's Service in India.—

59 and 61. The grant of passage money to the widow of Lieut. Twinberren, of His Majesty's 44th Regt., to enable her to return to England reported as a special case.

"Para. 18. 'It appears from the documents annexed to these Proceedings, that Lieutenant Twinberren had been so short a time in India, that he was probably not aware of the Fund established for the relief of the widows and families of Officers in His Majesty's Service, dying in India, and consequently had not subscribed to it.

"17. 'We desire that you will take measures for acquainting all Officers of His Majesty's Service, with the existence of this Fund, immediately on their arriving at any of the Presidencies, and with our determination not to provide maintenance or passage hereafter for the widows or families of any of His Majesty's Officers dying in India.

"The Commander-in-Chief is requested to issue such instructions far making all Officers of His Majesty's Service, on their arriving at any of the Presidencies, acquainted with the determination of the Honorable Court, expressed in the foregoing extract, as may appear necessary to His Excellency."

G. O., 20th April, 1829.—“The Commander-in-Chief, in directing the publication in General Orders of the accompanying statement of the Funds of the institution for the relief of widows of Officers of His Majesty's Service, regrets to find, that an institution so beneficial to all (whether married or single), and so perfectly within the means of the most limited incomes, should not meet with that universal support which it claims. His Lordship is satisfied that there are many who have, from want of attention only, omitted to return their names as subscribers, and is confident that such omissions have only to be pointed out to be remedied; but he considers it a duty which he owes to the Army, to inform them by the publication of the accompanying letter, in the sentiments of which he most fully coincides, that it now remains for the Service generally to consider whether they will support the institution, or allow the widows and children to appeal to individual charity for the means of enabling them in their distress to return to their homes. Such an addition to their misfortunes may be removed, and their respectability maintained, by so small a subscription to the Fund, of at most two Rupees a month from a Subaltern, and from other ranks according to the moderate scale laid down in its Regulations.”

Letter from the Secretary to Government, Military Department, to the Commander-in-Chief, No. 195, dated 18th December, 1828.

“The annexed extracts (paragraphs 2 and 11) of the Honorable Court's Military General Letter to Madras, under date the 14th May, 1828, prohibiting the grant of passage money to the families of Officers of His Majesty's Service returning to England, having been forwarded to the Supreme Government, with an intimation that these orders are equally applicable to this Presidency, I am directed to request, that you will lay the same before the Commander-in-Chief for His Excellency's information.

Extract Military Letter to Fort St. George, dated 14th May, 1829.

“Para. 2nd. We have had repeated occasions to comment on the Regulations of your Government granting passage money to the families of King's Officers on their return to England, but we regret to find that our instructions on this point have not been attended to with their desired effect at your Presidency.

“3rd. The cases which have arisen divide themselves into two classes :

“1st.—Widows and orphans of Officers dying in India.

“2nd.—Wives and children of Officers returning to England.

“4th. To provide for the conveyance to England of widows and orphans, who are left in destitute circumstances, a Fund was established in the year 1820 by Officers of His Majesty's Regiments serving in India. The principles and objects of this Fund have received our concurrence, and a subscription of 6,000 Rupees a year has been authorized by us towards its support.

“5th. * * * *

“6th. * * * *

* * * *

“7th. The Officers in our service, who have been appointed of late years, are all required to contribute to the support of the institution established for the relief of their widows and children, and we would hope that some rule, which shall be equally effectual for the support of this Fund may be adopted by His Majesty's Officers.

“8th. In the subscription we have made we have done as much, if not more in proportion for His Majesty's Officers, as we have done for the Officers of the Company's Army, in our subscriptions to their Funds; and as we never provide for any individual case of distress, which may arise on the part of the widow and children of an Officer of our own service, we must likewise decline to make any such separate provision in any future case for the widow and children of an Officer of His Majesty's Army.

“9th. His Grace the Commander-in-Chief has observed on this subject 'that if the Officers of His Majesty's Army will contribute, the Fund will be sufficient to remedy the inconveniences which now exist; if, on the other hand, they decline to subscribe to it, it must be understood that they are willing to rely, in the event of their death, upon 'charity,' for the removal of their families to England. If, therefore, any widows or orphans of His Majesty's Officers be left destitute, it will be from the fault of their husbands and fathers.

“10th. We, therefore, positively prohibit any further advance of money on your part to enable such widows and orphans to return to England.

“2nd.—Wives and children of Officers returning to England.

“11th. We had contemplated the advantage of including these cases among the objects to be provided for by the Fund; but on further consideration, we are of opinion, that every Officer must be left to make his own arrangement, independent of any chari-

able institution, or of the assistance of the State. The Funds to which we contribute for the advantage of the Company's Officers, make no provision for such cases, and no allowance from the Government is ever granted to defray the private expense of Officers on this account. We must therefore absolutely prohibit the grant of passage money to the families of King's Officers returning to England."

G. O., 30th May 1844.—"In conformity with instructions from the Right Hon'ble the Secretary at War, under date the 6th March, 1844, the Commander-in-Chief desires it may be distinctly understood, that all Officers refusing to become subscribers to the Military Fund for the benefit of the widows and children of Officers of Her Majesty's Regiments serving in the East Indies, their widows and families can have no claim to be relieved, either by the East India Company or by the British Government from any expense they may incur in returning to England."

A. G.'s Cir., No 25, 28th September, 1860.—"On two occasions recently, it has come to the notice of the Commander-in-Chief, that charitable contributions have been solicited from the public at large in aid of the widows of Officers of Her Majesty's Service in India, whose husbands had neglected to subscribe to the Queen's Military Widows' Fund."

"The origin of the Fund was to obviate such appeals, and at the same time to prevent what used to be not an uncommon spectacle, the reduction to the most painful state of destitution of ladies who, during the lifetime of their husbands, were enjoying great comfort, perhaps even affluence."

"Apart from other considerations, His Excellency thinks it very unfair to the unmarried Officers of the Army, a large proportion of whom have already consented to tax themselves in support of this Fund, that they should be thus called on to pay a further contribution in aid of the families of those who were too improvident, or too negligent, to become members of it in their lifetime."

"His Excellency therefore hopes that married Officers will recognize the advantages of this institution, one which the Government deems worthy of its support, and that they will bear in mind the hardship and suffering to which their widows may be exposed by a neglect on their part to entitle them, by the present payment of a small contribution, to a participation in the very substantial benefits which the Fund confers."

No Officer present in India shall be allowed to fall into arrears of subscription to this Fund; and the Honorary Secretary (or Local Secretary, as the case may be), shall be required to warn any Officer whose subscription is six months in arrears, that he must pay up at once on pain of having his name removed from the rolls. An Officer whose name has thus been removed can only re-enter the Fund on the same terms as a new subscriber, and the fact of his removal will not absolve him from his liability for any subscription in arrears at the time his name is struck off. An Officer will be held to be a subscriber if in India, till such time as he notifies his wish for the removal of his name from the rolls.

Officers detached from regiments shall remit their subscriptions to the Honorary or Local Secretary quarterly in arrears by Transfer Receipt, on the Bank of Bengal, obtainable from the Treasury which pays them their salary.

Rule 5th.—All Officers of Her Majesty's British Forces serving in India are eligible to subscribe to the Queen's Military Widows' Fund, on their notifying their intention to that effect through the Regimental Paymaster to the Honorary Secretary at Simla, if they themselves are serving in the Bengal Presidency, or to the Local Secretaries in the other Presidencies if serving in Madras or Bombay. - IV. All married officers returning with their families to India after an absence from any cause, shall subscribe within six months of their return.
- V. Married officers, whose families are not in India, may subscribe at married rates, and their widows will then be eligible for the advantages of Rule 21.
- VI. Any married officer, whose family is in India, failing to comply with the above conditions, can only be admitted as a subscriber to the Fund, on payment of a donation not exceeding six months' subscription of his married grade.

For instance—an officer who had been fourteen months in the country, and his family if present at least eight months, would be called on to pay a donation of two months' subscriptions on joining.

- VII. Bachelors may subscribe at any time without payment of any arrears.

Rule 6th.—This Fund, having been established for the purpose of sending home families of deceased officers, and with a view of preventing those painful appeals for assistance to the public, at once so humiliating to respectable individuals, and to the Queen's Service in India, it is earnestly hoped that all ranks of staff and regimental officers will support it; and in order to ensure its objects being known, a copy of these Rules will be furnished to every subscriber, and to the Commanding Officer and Paymaster of each regiment and battery.

Rule 7th.—That, in order to obviate the difficulties which would arise occasionally from the remoteness of certain stations of Her Majesty's Corps serving under the several Presidencies, the Most Noble the Governor-General in Council was pleased to order and direct, when the Fund was established, that Public Service Remittances might be granted to the Paymasters of Her Majesty's Regiments payable at sight to the Honorary Secretary of the Queen's Military Widows' Fund, acting for the Committee of General Management, thereby avoiding commission, double agency and loss by exchange.

Public service remittances allowable.

Rule 8th.—That all grants of assistance from this Fund shall be regulated and assigned by Committees of Subscribers, as herein declared.

Rule 9th.—That in order to ascertain the claims of any widow or family, who may become entitled to the benefits of the Fund by the death of any regimental Officer, such widow shall represent the case of herself and family through the Commanding Officer of the Corps the casualty occurred in, in order to its being brought to the consideration of a Committee; and the Commanding Officer shall, as far as his knowledge will enable him, state his opinion of any case so received.

Rule 10th.—That whenever there may be more than one Corps of Her Majesty's Service stationed together, every application for relief from this Fund shall be heard and decided on by a Station Committee, composed, as equally as possible, of Officers from the Corps present, being subscribers to the Fund.

One Subaltern or Officer of equivalent rank.

Rule 11th.—In the event of Officers dying while the Corps they belong to is stationed by itself, or while they themselves are absent from their Regiment, it shall be in the power of every Commanding Officer of a Regiment or Station, under these circumstances, to assemble a Committee of any three Officers, being subscribers, to hear and decide upon the cases of any widows and children who have become entitled to relief from this Fund. In the event of there not being three subscribers at once available to form a Committee, the Commanding Officer of the Station or Corps may avail himself of non-subscribers, to avoid the delay which would be entailed in assembling a Committee composed wholly of subscribers in the usual manner. It shall also be competent for the Commander-in-Chief at either Presidency to assemble a Special Committee to report on the case of any lady who may have become a widow, whilst the Regiment to which her husband belonged is at another distant Station, or on service beyond sea.

Special Committee.
stances, to assemble a Committee of any three Officers, being subscribers, to hear and decide upon the cases of any widows and children who have become entitled to relief from this Fund. In the event of there not being three subscribers at once available to form a Committee, the Commanding Officer of the Station or Corps may avail himself of non-subscribers, to avoid the delay which would be entailed in assembling a Committee composed wholly of subscribers in the usual manner. It shall also be competent for the Commander-in-Chief at either Presidency to assemble a Special Committee to report on the case of any lady who may have become a widow, whilst the Regiment to which her husband belonged is at another distant Station, or on service beyond sea.

Rule 12th.—That the Station, Regimental, or Special Committee, having duly examined into the circumstances, shall report their opinion thereon, and recommend the amount to be granted for Passage-money and maintenance, strictly in conformity with the Regulations annexed. The opinion and recommendation of the Committee shall be immediately forwarded to the Honorary Secretary of the Presidency by the President of the Committee, and the Paymaster of the Regiment, under the above authority, can at once advance to the widow the amount of "Travelling" and "Maintenance" allowance awarded by the Committee, reimbursing himself by drawing a bill on the Honorary Secretary or Adjutant-General if in Madras or Bombay, the residue of the award to be adjusted by the Honorary Secretary under the sanction of the General or Sub-Committee of Management, and paid to the widow before leaving the Regiment, or, on arrival at the Port of embarkation, by the Honorary Secretary.

Rule 13th.—The Sub-Committees at Madras and Bombay will in cases of award in those Presidencies, on satisfying themselves of the accuracy of the statements laid before them, draw on the Adjutant-General of the Presidency for the amount which may be awarded; but in the final adjustment of the accounts of such Sub-Committee, the Committee of General Management will consider themselves bound to object to any sum, however trifling, which may be granted in excess of the Rules laid down. To facilitate the immediate payment of awards, a sum of Rupees 5,000 is lodged in each of the Presidency Banks, to the credit of the Adjutant-General of that Presidency.

Rule 14th.—The Sub-Committee will, on drawing for any sum on the Adjutant-General of the Presidency, in cases of awards, transmit to the Honorary Secretary at Simla, the Report of the Station Committee, accompanied by receipts and certificates, showing that the money has been appropriated in the manner and for the purposes for which it was awarded.

Rule 15th.—But to prevent doubts and misconceptions which might possibly arise hereafter, it is distinctly declared, that no widow permanently residing in this country after the death of her husband, can expect any provision or allowance for herself and children from the Fund, further than is stated in Rule 28.

Rule 16th.—Orphan children are eligible for the benefits of this Fund, but awards for them must be specially made by a Station or Regimental Committee, and sanctioned by the Commander-in-Chief of the Presidency, who is requested to appoint some eligible person to take care of them, and provide a passage, &c., &c.

Rule 17th.—That the Honorary Secretary, acting for the Committee of General Management, shall furnish an annual account of the Receipts and Disbursements of this Fund to the Adjutant General, Bengal; in view to its being published in General Orders by the Commander-in-Chief in India.

Rule 18th.—That no General Rule or Regulation of this Fund shall be altered, except it is recommended by the General Committee, and approved by a majority of the subscribers.

Rule 19th.—That all widows of Officers, who were subscribers to the Fund up to date of departure from India, shall be entitled to the amount granted to widows and children

for passage money to England if their husbands had provided their own passages, and died en-route to England or during their absence on sick certificate at the Cape of Good Hope, the Mauritius or Australia; but in cases where their late husbands were found in passages by the State, then such widows and children will be entitled to four months' maintenance allowance only, according to the scale laid down in Rule 21.

Rule 20th.—That no special grant, in cases of great distress (not provided for by the Regulations of the Fund), shall be passed by the Committee of General Management without the sanction of the majority of subscribers, which sanction is to be declared in the General Abstract of Accounts published annually for the information of Subscribers.

Rule 21st.—When an officer dies in India, his widow will be entitled to maintenance allowance, according to the following scale, for three months, from date of decease of her husband if in India, together with passage money; and to four months' maintenance allowance without passage money, if she is in England; provided in the latter case that her husband was a subscriber at the married rate at date of his decease:

Of an officer, who paid on Rs. 400 and upwards, per mensem	" 400
Of all others	" 300

Rule 22nd.—In addition to the above a travelling allowance on the scale below, will be made to widows to the port of embarkation or place of residence in India, as the case may be. In certain exceptional instances, where the rates will not meet the expenses of the journey, the Committee assembled under Rules 9 and 10 should record in their Proceedings the actual cost of the journey, and the amount they recommended for incidental expenses, each case so specially recommended will be dealt with on its own merits, and the Committee of General Management reserves to themselves the power of rejecting any proposed deviation from the ordinary course, and will also, if the expenses of any journey appear to have been over-estimated, reduce the same to any limit which may appear to them fair and reasonable.

Annas 8 per mile for Dāk travelling.

" 8 "	Palkee ditto.
" 3 "	Railway.

Children above 10 years to be calculated as a full fare; below that age, a half fare.

Rule 23rd.—The same amount of sea passage money shall be allowed to all widows without reference to the rank of the deceased husband, and the passage money of a widow shall be.....Rs. 1,500

Rule 24th.—The following shall be the scale of award for all widows to defray the expenses of their journey in England to their homes, the amount to be paid to them by the Honorary Secretary as laid down in Rule 12, at the rate of 2s. per Rupee.

Rule 25th.—Any claims on the Fund will however be paid in full, only in the cases of officers who have joined the Fund for three full months. In the event of a subscriber dying within that period, the case will be specially considered by the Committee of General Management at Simla.

Rule 26th.—On the submission by a widow, of a certificate by a Medical Officer, that she is prevented by the ill-health of herself or her children from leaving India within the three months for which maintenance allowance is in the first instance granted, or that the state of her health is such as to prevent her travelling with safety during the hot

or rainy seasons, i. e., between the 1st April and 15th October, the General Committee, if the three months are exceeded, may sanction an additional grant to the extent of two months' detention allowance on the scale sanctioned in Rule 21, proportionate to the interval which will elapse before the journey can be commenced; but in no case shall a widow receive more than five months' maintenance allowance in the aggregate from the Fund.

Rule 27th.—In Madras and Bombay, the period at which journeys can be undertaken, and the grant of awards are to be specially considered by the Sub-Committees on the principles above declared.

No 507 of 1875.

The following General Order by the Government of India, is republished.

SINLA, THE 19TH JULY, 1875, No 728—With reference to G. G. O., No. 1815, * dated the 28th December, 1872, the following letter

* Republished in G. G. O., No. 560 of 1873 † from the Right Honorable the Secretary of State for India, received on this date, is published for general information—

FINANCIAL; MILITARY FUND, No. 328; INDIA OFFICE, LONDON, 21TH JUNE, 1875.

To His Excellency the Right Honorable the Governor-General of India in Council.

MY LORD,

1.—The case of an officer exchanging into the Staff Corps from the British Army not having been provided for in the regulations of the Indian service family pension fund, a reference was made to Major-General Hannington on the subject, and it appears from a calculation made by that officer that the ordinary donations for wives and sons will be sufficient to provide for the pensions allowed by the rules, but that the extra donations specified in the table in the margin must be charged in the case of daughters according to their age at the date of their admission to the fund.

2. Extra donations for daughters must accordingly be paid by an officer who has exchanged into the Staff Corps since the 1st January, 1870, and the table in question should be added to the regulations of the fund from the date of the receipt of this despatch.

I have, &c.,

Entrance Donations in both branches, may be paid at once or by twelve equal monthly instalments.

Increased payments in one sum are required from persons joining the Widows' Branch after the age of 40, and no person can be admitted or transferred to a higher class after the age of 55 years; delay in joining after being admitted by the Committee necessitates a fresh medical certificate being submitted. Subscriptions in the Children's Branch commence from the date of application to subscribe for the child, and continue until the age at which pensions terminate. Transfers from a lower to a higher class are permitted (on production of the prescribed medical certificate) on payment in one sum of difference of donation and of subscription according to age. Subscribers to the Children's Branch must also belong to the Widow's Branch.

The pension in the Children's Branch is secured as soon as entrance donation is paid in full. In the Widows' branch full and reduced pensions are respectively secured when the total payments in that branch amount to the sums specified in the foregoing table, irrespective of that paid for admission after 40 years of age. Subscribers are allowed at any time, on furnishing a medical certificate in the prescribed form, to pay in one sum, or by such instalments as they may find convenient, the difference required to entitle their Widows to immediate pension.

Pensioners may reside at any station or in any country they choose. Widows marrying, lose pension during coverture, but revert to the Fund on again becoming Widows. They also receive a portion of a second pension if the second husband also had been a subscriber at the time of his death. Pension is forfeited by incontinence. No pension is paid to families of subscribers who die with six months' subscription in arrears, and subscribers' names are struck off the books when twelve months in arrears. Subscriptions due for a period exceeding six months are not received unless accompanied by a medical certificate, and a sum equal to the amount due as a penalty.

The Regulations at length may be had on application to the Secretary :—from out-stations, one Anna postage stamp must be sent to cover postage.

G. O. G., No. 57, dated 10th March, 1874.—Vide Part III, Civil, (Military Furlough Regulation of 1868, Revised,) page 184 of this Manual.

G. O. G., 18th June, 1874, No. 145.—The following General Order by the Government of India, is re-published:—

Fort William, 5th June, 1874.

No. 535 of 1874.—The following additions and corrections of G. O. G., No. 171,* dated 25th February, 1874, are notified for general information. Order books to be corrected accordingly:—

To paragraph 1 add the following note—

"NOTE.—The advantages granted by the furlough rules of 1864 to officers who obtain furlough on medical certificate are not applicable to any officers of the British service whose regiments, battalions, brigades or batteries arrived in India after the date of the Passage Warrant of 1865, and neither those rules nor the furlough rules of 1868 are, as respects furlough on private affairs, applicable to British officers serving with their regiments or employed with a five years' tenure in staff situations (see para. 4)."

"But officers of the late Indian Army who hold permanent appointments under the Governments of India, and who may have elected to abide by the furlough rules of 1864, in preference to those of 1868, of course retain their election."

* Madras G. O. G., No. 57, dated 10th March, 1874.

3. For the 6rd clause of paragraph 5 substitute the following as Clauses 3 and 4:

§ 3. Such officers will be allowed an advance of passage money, or free passage in a troop ship if proceeding in the troop season, the advance to be refunded on receipt of the balance of furlough pay. The English rate of pay of their rank only will be passed to them during their leave; but at its conclusion, on their presenting an order for them to return to India, the difference between that rate and furlough pay, less the passage money they have received, will be paid to them in England conditionally on its refund if the order to return to India is not carried out.

§ 4. Those Royal Engineer officers who arrived in India before the 1st July, 1874, are, however, not subject to the provisions of the preceding clause as long as they do not exchange Indian for home service, but draw furlough pay during furlough as others.

3. After clause 4 of the same paragraph (para. 5) add the following:—

§ 5. An Officer of the British service holding permanent staff employ under the Government who may proceed on furlough under circumstances which involve the forfeiture of his appointment, must obtain the furlough as a British regimental officer, and it will reckon as a portion of the aggregate eight years of furlough on pay to which an officer is restricted during his service by Rule XVI. But, on again becoming permanently employed, he resumes the right of obtaining furlough under these rules.

4. Instead of the concluding sentence of Clause I of Rule XXII, following the words "if he possess one," read—

"The aggregate staff salary granted to the acting officer in such cases will not be less than Rs. 100 per mensem unless the full staff salary of the post in which he is officiating is less than that sum."

5. At the end of Rule XXII, insert the following note:—

NOTE.—The indulgence granted by § 1 of this rule is only allowed to one *directly* officiating in the place of the officer absent on furlough, not to one acting in the room of an officer who is himself acting for an absentee on furlough.

XVIII.—The Official Assignee shall enter into a book to be kept by him for that purpose separate and distinct accounts of each estate under his charge and of all such sums of Money, Bonds and other Securities for Money, Goods, Effects, and Things as shall come to his hands or to the hands of any persons employed by him, or in trust for him as such Official Assignee, and likewise of all payments made by him for and on account of the said estates, specifying the dates of such receipts and payments respectively.

XIX.—The Official Assignee shall twice in every year, that is, on the 1st day of January and the 1st day of July, or on the first day after those days on which the Court for Relief of Insolvent Debtors shall be sitting, exhibit and deliver in open Court a true and perfect Schedule of all sums of Money, Bonds, and other Securities received on account of each estate remaining under his charge, together with the payments made thereout during the preceding half-year, and the balances; and also of all estates wherein dividends shall have been ordered to be paid and shall have been paid over to persons entitled to the same during the preceding half-year, specifying the amount of such dividends; which Schedule shall, on and after the 1st day of January 1849, be in the form following:—

Part 1st.—Containing the particulars of all estates committed to his charge since the period of exhibiting his last preceding Schedule.

XX.—Previous to the Official Assignee exhibiting and delivering in open Court his Schedule in pursuance of the preceding Rule, he shall lay the same, together with the accounts of each estate and the Vouchers relating thereto, before the Master, in order that such Schedule may be examined and the several Vouchers compared with the accounts of the estates therein described.

XXI.—In all cases where the Courts shall direct that the estate and effects of any Insolvent shall be received by the Official Assignee and any Special Assignee or Assignees jointly, all Monies, Jewels, and Securities for Money belonging to each estate shall within seven days after the receipt thereof be paid or delivered and be kept in deposit in the Bank of Madras; and no part thereof shall be withdrawn therefrom but upon the order in writing of all such Assignees, or of any two of them, of whom the Official Assignee shall be one.

XXII.—The Chief Clerk shall, immediately after the hearing of any Insolvent upon his Petition, and after adjudication of the Court thereon, deliver over to the Official Assignee the Schedule of the Insolvent, which shall be thereafter kept in the Office of the Official Assignee. Provided that, if the Schedule be required by the Chief Clerk for any temporary purpose, it shall be delivered out to him as often as may be necessary, and shall be restored to the custody of the Official Assignee as soon as such purpose has been fulfilled.

Additional Rules for regulating the Proceedings in the Court for the Relief of Insolvent Debtors at Madras, made and passed by the Supreme Court of Judicature there and read in Court on the 9th day of September, 1853.

That henceforth the following Rule be substituted for Rule VII.—

Notice of the filing of every Petition and Schedule and of every adjudication of an act of Insolvency where an adjudication has been pronounced and of the time and place appointed for the hearing of the matters of the Insolvency and that an order has been made by the Court for vesting the estate and effects of such Insolvent in the Official Assignee shall be given to Creditors and Persons claiming to be Creditors whether such debts are admitted or disputed in the Schedule in the following manner. In cases where the Creditors or Persons claiming to be Creditors are resident within the local limits of Madras, such notice shall be served personally upon such Creditors or persons claiming to be Creditors and also upon the Attorney of any detaining Creditor suing by Attorney twenty-one days at least before the day of hearing. In cases where the Creditors or Persons claiming to be Creditors reside beyond those limits in any part of the territories of the East India Company, such notice shall be sent by the ordinary post. And in all cases notice to the like effect shall be published in two successive numbers of the *Fort St. George Gazette* which shall be published next after the making of the vesting order or of the appointment of the day for hearing, unless in any case the Court shall otherwise direct.

Proviso to be added to Rule XI. Provided always that the Court in its discretion may allow other grounds of opposition to be gone into.

XXIII.—That every Insolvent shall file with his Schedule a general Balance Sheet of his receipts and expenditure, which account shall in no case commence later than twelve Calen-

dar months before the filing of the Schedule. But if at any time subsequent to the date of the earliest debt in the Schedule any property shall have gone from the Insolvent by sale, assignment, mortgage, distress, execution, or by any means other than the ordinary course of trade or living, the account shall commence so as to include all such transactions, and every Insolvent shall also state in the said general Balance Sheet the cause of his present insolvency and the amount of debts, if any, still due by him under any prior insolvency.

XXIV.—That no dividend shall be reserved for any disputed claim or debt that shall not have been substantiated before or at the sitting of the Court at which the dividend shall be declared, unless the Court shall direct such reservation to be made.

XXV.—That the Court in its discretion, and if it thinks fit to award any costs, may do so against, or to any Assignee, any Insolvent finally discharged, any Petitioner for revocation of adjudication, any Creditor or any person interested in an Insolvent estate applying opposing, or appearing on any application, and either out of the estate or out of the private moneys of any such Person or Party, and may direct to what amount, how, when and in what manner, and by whom the same shall be paid, recovered, or retained.

XXVI.—That the Official Assignee shall be at liberty to apply to the Supreme Court or to the Insolvent Court to permit him to proceed in Equity or at Law, or in the Ecclesiastical, or Admiralty Jurisdiction, or to defend any suit or action, or take or defend any proceedings without the payment of any fees of office to the Officers of the Supreme Court or Insolvent Court in respect of any demand, claim, or right against or belonging to any Insolvent estate, wherein no assets have been received, and wherein there are no assets expected or recoverable except such as shall be the subject of such suit or action. Provided always that such fees shall be a primary charge on and payable out of the assets recovered therein.

TABLE OF FEES.—From and after this date the folio in the Table of Fees shall be deemed to consist of 90 words instead of 72, and all charges by the folio shall be made at the rate of 5 Annas per folio instead of 8 Annas as heretofore.

Madras Screw Pile Pier.

This important work has been completed by Mr. Frederick Johnson, Civil Engineer of North Street, Westminster, London, pursuant to the terms of a Contract entered into between the Council of India and himself, under date the 9th November 1868.

The dimensions of the structure are as follows :—

Extreme length, from high water-mark, 1,000 feet.

Breadth throughout, 40 feet. Besides its main body, the Pier has a cross of T-shaped head, 160 feet long by 40 broad. The work is constructed of Mitchell's Patent Screw Piles, of solid wrought iron, respectively 6 inches and 8 inches in diameter, placed in rows of four abreast, and at distances of 10 feet between the centre of each row.

These Piles are screwed down into the sand to the depths undermentioned, that is to say—the first 25 rows, 11 feet; the second 25 rows, 13 feet; and all the remainder, 15 feet.

The whole structure is securely tied together by transverse T-braces of wrought iron, and by longitudinal tension rods of the same material.

Commencing at the inner part side of the Pier Head and continued 200 feet on each side of the main structure, the iron Piles are protected by fender piles of timber placed at short intervals, and secured to the Iron Screw Piles by strong wrought Iron bands.

Originally the platform was composed of beams of creosoted Baltic Timber covered with teak planks, six inches broad by four inches thick, with spaces between the planks. This has now been replaced by beams of teak covered with mango planks, three inches thick, placed close together and the seams caulked in the same manner as the deck of a Ship.

Four lines of railway are laid down along the main Pier, with the necessary Turntables, &c., and the rest of the space available fitted up for the service of foot-passengers.

The Pier Head is furnished with six fixed cranes, varying in their lifting power from

Amended Rules for the better management of Boats and Canoes plying for hire at the Out-Ports of the Madras Presidency.

The following Rules for the better management and control of Boats and Catamarans, plying for hire at all out-ports under the Madras Presidency to which they may be extended by an Order of the Governor of Fort Saint George in Council, published in the *Fort St. George Gazette*, have received the sanction of the Government of India, and will come into force on the 1st day of October 1887.

I. No person, either as owner or servant, shall use any Boat, Canoe, or Catamaran, to carry goods or passengers to or from any ship or vessel at the port, unless such person shall have previously received a license, and unless the Boat, Canoe, or Catamaran which such person shall so use has been registered, as hereinafter mentioned. And in case any person who has not received such license shall use any Boat, Canoe, or Catamaran for the aforesaid purpose, or such Boat, Canoe, or Catamaran shall not have been so registered, such person shall be liable to a fine not exceeding the sum of (50) fifty Rupees, or, in default of payment, to imprisonment for a term not exceeding (3) three months, and the Boat, Canoe, or Catamaran shall be liable to confiscation, on conviction before a Magistrate or Justice of the Peace. This rule is not to be considered as interfering with Ships' Boats or Pleasure Boats taking off or landing passengers and their Baggage, or Ships' stores, all of which, however, must be embarked or debarked within the limits assigned by the proper authorities, in default of which a fine will be imposed under Clause X. The right of withdrawing this indulgence will be vested in the Master Attendant or Collector of Sea Customs, or other Registering Officer appointed by Government, should it appear that the interests of Government require it.

II. The Master Attendant or Collector of Sea Customs, or other Registering Officer appointed by Government, on being satisfied that a Boat, Canoe, or Catamaran is seaworthy and fit for the service of the port, will, on application of the owner or owners, who must first subscribe to a declaration in writing that he or they fully understand these Rules, grant a license to such owner to use the Boat, Canoe, or Catamaran, for the aforesaid purposes, such license (if a Boat or Canoe) expressing its dimensions and the number of the crew, as well as the number of passengers and quantity of cargo, it is to be permitted to carry. And, to enable the Registering Officer to grant a correct license, he shall survey, or cause to be surveyed, any such Boat or Canoe in presence of the owner, or any person deputed by him, the fee for such survey being regulated at each port by order of Government.

III. And as often as the property in such Boat, Canoe, or Catamaran shall be transferred, the owner must produce his license to the Registering Officer, that the requisite alteration may be made, the new owner subscribing to a similar declaration, respecting his comprehension of these Rules. In wilful neglect or default of which notice of change of ownership for the space of six days after such may have taken place, the original owner shall forfeit a sum not exceeding (25) twenty-five Rupees, or in default of payment, to imprisonment for a term not exceeding (6) six weeks, on conviction before a Magistrate or Justice of the Peace.

IV. Every owner shall paint in black English figures not less than six inches in length, upon a white ground, on a conspicuous part of the bow on one side, and of the quarter on the other, the number mentioned in the Register and license of his boat. And if any person shall fraudulently paint, or cause to be painted or counterfeited, upon any Boat or Canoe, not having been duly registered, any such figures, every such person shall be liable to a fine not exceeding the sum of (100) one hundred Rupees, or, in default of payment, to imprisonment, with or without hard labor, for a term not exceeding (6) six months, on conviction before a Magistrate or Justice of the Peace, and every such Boat or Canoe shall be confiscated.

V. For the better prevention of fraud and omission in painting the figures above provided to be used, the Registering Officer shall cause the number to be cut or branded in the most common Native character in some part of every Boat, Canoe, or Catamaran, on its being registered; and if the owner should refuse to keep cut branded or painted, the figures assigned, or should hide or obliterate them, he will be liable to a fine not exceeding (50) fifty Rupees, or, in default of payment, to imprisonment for a term not exceeding (3) three months, on conviction before a Magistrate or Justice of the Peace. And if any person, not being an owner shall be guilty of, or shall assist in, altering, or erasing any such figures, he shall be liable to a fine not exceeding (50) fifty Rupees, or, in default of payment, to imprisonment for a term not exceeding (3) three months, on conviction before a Magistrate or Justice of the Peace. All numbers painted or branded on a Boat, Canoe, or Catamaran are to be effaced by the Registering Officer on the license being withdrawn.

VI. All men employed as Tindals or Boatmen shall be registered in the Office of the Master Attendant or Collector of Sea Customs or other Registering Officers appointed by Government, and no others shall be allowed to ply in Registered Cargo Boats, Canoes or Catamarans, unless on emergency, and with the permission of the Registering Officer.

Any offence against this rule will subject the owner to a fine not exceeding (10) ten Rupees, or, in default of payment, to imprisonment for a term not exceeding (14) fourteen days, on conviction before a Magistrate or Justice of the Peace, for each man so engaged in his Boat: and the Lassars so employing themselves will forfeit all title to hire.

VII. All Boats, Canoes, or Catamarans must be manned with such number of crew as may be determined on by the Registering Officer and noted in the license: and any owner allowing his Boat, Canoe, or Catamaran to ply without the requisite complement of men, will be liable to a fine not exceeding the sum of (50) fifty Rupees, or, in default of payment, to imprisonment for a term not exceeding (8) three months, on conviction before a Magistrate or Justice of the Peace. And all Boats, Canoes, or Catamarans, must carry such number of passengers and quantity of goods as shall be expressed in the license a refusal to take, which will subject the owner to loss of hire, and suspension of license, if considered necessary.

VIII. If any Boat, Canoe, or Catamaran be loaded with passengers or cargo beyond what is specified in the license, the Tindal of such craft shall be liable to a fine not exceeding (5) five Rupees, or, in default of payment, to imprisonment for a term not exceeding (8) eight days, and the owner of the Boat to a fine not exceeding (10) ten Rupees, or in default of payment, to imprisonment for a term not exceeding (16) sixteen days on conviction before a Magistrate or Justice of the Peace, for every surplus passenger and candy of goods. And every other person who shall be guilty, either as principal or accessory, of the like offence, after having been duly warned by the Tindal or owner, shall be liable, on conviction before a Magistrate or Justice of the Peace, to a fine not exceeding (10) ten Rupees, or, in default of payment, to imprisonment for a term not exceeding (16) sixteen days for every surplus passenger and candy of goods.

IX. All owners of licensed Boats, Canoes, and Catamarans must conform to the rules laid down by the Master Attendant or Collector of Sea Customs or other Registering Officer appointed by Government, for regulating the hours between which they are to ply to and from the shore, who shall be at liberty to prevent any such craft from leaving the shore when, in his judgment, danger would be incurred by so doing; and in case any Tindal offend against this clause, he shall forfeit all hire, and the owner be subject to suspension of license.

X. All owners of licensed Boats, Canoes, or Catamarans shall submit their Boats when called upon to do so, to the inspection of the Registering Officer, or any person duly authorized by him, who is empowered to order such repairs to the Boats as, in his judgment, are required to render the establishment efficient. Any owner refusing to attend to such orders shall be subject to suspension of his license, and, if such refusal be continued beyond one month, to an entire withdrawal of the license.

XI. All goods are to be landed or shipped off from within certain limits that may be pointed out by the Master Attendant or Collector of Sea Customs, or other Registering Officer appointed by Government; and any person engaged in shipping off or landing goods without such limits, unless the sanction of the Master Attendant or Collector of Sea Customs, or other Registering Officer appointed by Government, shall have been previously obtained will be liable to a fine not exceeding (50) fifty Rupees, or, in default of payment, to imprisonment for a term not exceeding (8) three months, on conviction before a Magistrate or Justice of the Peace.

XII. All owners of licensed Boats, Canoes, and Catamarans shall, under penalty of having their licenses withdrawn, be subject to the control of the Master Attendant or Collector of Sea Customs, or other Registering Officer appointed by Government and shall submit to such rules as he, under the approval of the Collector of the District, shall think fit to impose, and the nature of the services required of them shall demand.

XIII. The rate of hire will also be determined by the proper local authorities; and if any owner, or person deputed by him, shall demand a rate beyond that sanctioned, he shall, on conviction before a Magistrate or Justice of the Peace, be liable to a fine not exceeding (10) ten Rupees, or, in default of payment, to imprisonment for a term not exceeding (16) sixteen days for each offence, together with the forfeit of the amount of such hire.

XIV. Any owner of a licensed Boat, Canoe, or Catamaran, or person deputed by him, refusing to let on hire such Boat or Catamaran, without assigning reasonable and satisfactory cause for such refusal, shall be liable, on conviction before a Magistrate or Justice of the Peace, to a penalty not exceeding (10) ten rupees, or in default of payment, to imprisonment for a term not exceeding (16) sixteen days for a first offence, and (30) thirty Rupees for a second, with withdrawal of license.

XV. And if any Boatman serving in any such licensed Boat or Catamaran shall, by wilful neglect or desertion of his duty, cause any impediment to the service of such Boats he shall be liable, on conviction before a Magistrate or Justice of the Peace, to a penalty not exceeding (10) ten Rupees, or imprisonment for a term not exceeding (16) sixteen days, or to receive corporal punishment not exceeding (8) three dozen lashes for a first offence; and for a second, or if in either case life may have been endangered, he shall be liable, on conviction, to have the punishment increased to commitment to hard labour

for a term not exceeding (8) six months, according as, in the opinion of the Magistrate or Justice of the Peace, before whom he is cited, the nature of the offence should warrant.

XVI. If any owner or person deputed by him shall be guilty of taking off or landing cargo without having previously received the permission of the Master Attendant or Collector of Sea Customs, or other Registering Officer appointed by Government, he shall, on conviction before a Magistrate, or Justice of the Peace, be liable to a fine not exceeding (50) fifty Rupees, or, in default of payment, to imprisonment for a term not exceeding (8) three months.

XVII. The Master Attendant, Collector of Sea Customs, and all Magistrates and Justices of the Peace, or such person as they shall duly authorize for that purpose, shall be empowered to search all parts of any Boat, Canoe, or Catamaran for prohibited, uncustomed, or smuggled goods, and to examine into all packages, boxes or baggage, of whatever description, in such Boat, or landed therefrom, provided they shall have good reason to suppose that smuggled or prohibited goods are contained in such package, box or baggage. And if any person shall resist or impede such lawful search he shall be liable according to the circumstances of the case, and the quality of the party offending, on conviction before a Magistrate or Justice of the Peace, to a fine not exceeding (100) one hundred Rupees, or to imprisonment, with or without hard labor, for a period not exceeding (6) six months.

2. Officers and other public Servants on the permanent Establishment of a Department will be allowed a free passage when proceeding on duty by sea, in cases in which they would receive travelling allowances if proceeding on duty by land. Military Officers in Civil employ will, in addition, be allowed a free passage when being employed at a station beyond Sea, they may be obliged to return to their Presidency in progress to Europe or to a Hill Station, on leave on Medical Certificate, also when they rejoin their station on return from that leave.

For every Covenanted Civil Servant, Military Officer in Civil employ and Uncovenanted Officer of higher rank than Clerk, who may thus be entitled to a free passage, the entire charge for a first class passage will be paid by Government, who will recover from such Officer either the full or half rate of table-money for the number of days occupied in the passage, according as his salary may or may not exceed Rupees 600 a month.

The full rate of table-money shall be reckoned at 8 Rupees a day on vessels in which the cost of a free passage includes, but at 4 Rupees a day where it is exclusive of charge for wine, beer, spirits and soda-water.

See PART XII—APPENDIX, PAGES 28—31 OF THIS MANUAL.

Rules relating to Quarantine for the Ports mentioned in Schedule A hereto annexed.

The following Rules, made by His Excellency the Governor of Madras in Council, with the sanction of the Governor-General in Council, in pursuance of the provisions contained in Act I of 1870, are hereby promulgated for general information:—

I.—The Master or other person in charge of any vessel about to enter any of the ports mentioned in Schedule A, annexed thereto, in which any case or cases of cholera, yellow fever, Asiatic plague, small-pox, or other disease dangerous to the general health, may have occurred within a period of ten days previous to the date of the arrival of such vessel at any of the ports aforesaid, shall notify this fact by hoisting a signal, which signal shall be in the day-time a yellow flag at the fore, and in the night time two lighted lanterns, one over the other, at the same mast-head; and such Master, or other person as aforesaid, shall not take up anchoring ground within the said port without having obtained the previous sanction of the Master Attendant or other officer in charge of the port, nor without such sanction shall he hold any communication with the shore, or with any shipping within the said port.

II.—Whenever the Master or other person in charge of any vessel about to enter any of the ports aforesaid is unable to produce a clean bill of health obtained from the proper authority at the port last visited, he shall notify this fact to the Master Attendant or other officer in charge of the port by hoisting a signal as aforesaid; and thereupon the Master Attendant or other officer in charge of the port may, on the report of the Port Surgeon or other officer appointed by Government in that behalf suggesting or warranting the adoption of such a measure, refuse to permit the Master or other person as aforesaid to anchor his vessel within the ordinary limits of the said port, and may forbid all communication between the vessel and the shore, until a quarantine of observation, not exceeding twenty-four hours from the receipt of the report of the Port Surgeon or other officer appointed by Government in that behalf, shall have been enforced.

III.—It shall be the duty of the Port Surgeon or other officer appointed by Government in that behalf to proceed without delay on board any vessel about to enter any of the ports aforesaid in which any case or cases of cholera, yellow fever, Asiatic plague, small-pox, or other disease dangerous to the general health, shall have occurred within ten days previous to the date of the arrival of such vessel as aforesaid, or whenever the Master or other person in charge of any vessel is unable to produce a clean bill of health from the port last visited and such Port Surgeon or other officer as aforesaid shall inspect the crew and passengers of every vessel as aforesaid, and make careful inquiry as to the nature of the diseases then existing on board every such vessel, and make a report thereon to the Master Attendant or other officer in charge of the port, (a)

IV.—Upon the receipt of the report of the Port Surgeon or other officer appointed by Government in that behalf, the Master Attendant or other officer in charge of the port shall determine whether any passengers or merchandise may be landed, or whether the

(a) Note.—“The Port Surgeon or other officer appointed by Government under Rule 8, shall in proceeding to visit an infected vessel, hail the vessel from the weatherade in the first instance; and if he is satisfied from the information he may thus obtain that it is necessary to place the vessel under quarantine, he shall refrain from going on board, and shall report the result of his inquiry to the Master Attendant or other officer in charge of the port. Such report shall be deemed to be a report within the meaning of Rule 8.”—*Proceedings of the Madras Government, Marine Department, 20th August, 1879* No. 205, para. 9.

master or other person in charge of such vessel shall be required to take the vessel to a quarantine anchorage, or to put it out to sea, or to anchor it beyond the limits of the port in such place as may be appointed for that purpose by the Master Attendant or other officer in charge of the port, or to undergo a quarantine of observation.

V.—Whenever cholera, yellow fever, Asiatic plague, small-pox, or other disease dangerous to the general health, shall be actually prevailing amongst any of the crew or passengers of any vessel as aforesaid, and none of those diseases shall exist at the time in the neighbourhood of the port which the said vessel is about to enter or has entered, it shall be the duty of the Port Surgeon or other officer appointed by Government in that behalf to report this state of facts to the Master Attendant or other officer in charge of the port. Thereupon the Master Attendant or other officer in charge of the port shall require the Master or other person in charge of such vessel as aforesaid to take the said vessel out to sea for a period of ten days, or to anchor it at any place to be appointed for that purpose for a period of ten days.

VI.—All persons on board vessels in quarantine are hereby prohibited from communicating with the shore beyond the limits of any place which may be set apart for performing quarantine on shore, or with any vessel in the roadstead, or vicinity of the roadstead, unless the permission of an officer duly authorized by Government in that behalf shall have been previously obtained; and all persons are hereby prohibited from going on board any vessel in quarantine, unless the permission of an officer duly authorized by Government in that behalf shall have been previously obtained.

VII.—It shall be lawful for every officer duly authorized by Government in that behalf to appoint a sufficient number of subordinates for the purpose of enforcing these rules at the expense of the owners of such vessels; and the Masters or other persons in charge of such vessels shall pay the subordinates so appointed and defray all expenses incurred in pursuance of this rule. It shall be the duty of the officer in charge of the Custom House to refuse port-clearance to such vessels until all such demands be discharged.

VII.—It shall be lawful for every officer duly appointed as aforesaid, with the sanction of Government, to appoint as many places for performing quarantine on shore as may be required, and to provide accommodation at such places for passengers on board any vessel to which these rules are applicable, at certain fixed fees to be determined from time to time by Government, which fees shall be payable by the Master or other person in charge of such vessel. No person shall be permitted to leave the place so appointed within ten days from the date of the last case of the disease for which quarantine was enforced, unless with the previous sanction of the said officer duly authorized as aforesaid.

IX.—Disobedience to any of the above Rules, Nos. I, II, III, IV, V, VI, and VIII, will subject the offender and all persons aiding or abetting him to a prosecution under Section 271 of the Indian Penal Code.

MADRAS CYCLONE CODE.

SECTION I.—METEOROLOGICAL DEPARTMENT.

I. It will be the duty of the local Superintendents of the Meteorological Stations at Masulipatam, Negapatam and Trichinopoly, to telegraph promptly to the Government Astronomer and Meteorological Superintendent at Madras, in accordance with detailed instructions which have been issued by him to them, all abnormal, barometrical, temperature, and wind variations, which may indicate the likelihood, approach, prevalence, or passing away of a Gale or Cyclone. Arrangements have been made for similar information being furnished from Trincomallee and Pondicherry.

II. On the first observation and during the continuance of "suspicious" or "dangerous" weather, the Government Astronomer will telegraph to his local Superintendents at all out-stations any observations, inquiries, directions, and warnings regarding the weather, which he may consider of possible utility. Orders have been given to ensure priority of despatch before all ordinary messages to his telegrams and their consequent replies.

III. Whenever the Astronomer shall have reason to apprehend the advent of a Gale or Cyclone he will at once by telegram or otherwise, communicate warning to the Master Attendant, and during the prevalence of such Gale or Cyclone he will continue to give such information regarding its varying phases as may be deemed by him to be of possible utility.

IV. As Cyclones after passing over Southern India from East to West have been known to be destructive to shipping on and beyond the West Coast, the Government Astronomer will communicate to the Master Attendant such information as may be by him obtainable regarding the inland direction and progress of any future Cyclone, in order that timely warning of the apprehended danger may, when possible, be given to the local authorities along that coast, and may by them be given to the shipping.

SECTION II.—MARINE DEPARTMENT.

I. The Marine Department will enforce, as far as possible, a strict observance of the Port Rules in regard to the anchorage and berthing of ships, &c. A copy of these Rules will as heretofore be given to every Master of a Vessel arriving in the roads. From the middle of April till June, and from the middle of September till January, each Commander will also be furnished with a copy of Circular marked A, appended to this Code, regarding the precautions to be taken at the periodical changes of the monsoons.

II. As on the occasions of wrecks at Madras, the establishment of communication, between the shore and stranded ships is, without the aid of rockets or other Artillery projectiles, sometimes practicable, two sets of life-saving apparatus, complete with hawsers, &c., (but without rockets), will be kept in charge of the Master Attendant, who will be responsible for their being in a constant state of readiness and efficiency, for their periodical inspection, and for his boats' crews being trained to their use.

III. The Master Attendants at the Out-ports on the Eastern Coast of this Presidency will despatch by telegraph to the Master Attendant at Madras prompt intimation of apprehended dangerous weather, and during the prevalence of such weather will continue, when practicable, to furnish information regarding its changes. Such information, when of an important character, as well as that which may be obtained by the Marine Department from ships or steamers, tending to establish the probable direction and progress of a Cyclone centre, will be promptly forwarded by the telegraph or otherwise by the Master Attendant to the Government Astronomer.

IV. Whenever the Master Attendant, or in his absence, the Senior Officer of the Marine Department present at Madras, shall have reason to apprehend the advent of dangerous weather, he will as hitherto direct the hoisting of "a white flag with a blue cross," signifying "the weather is suspicious. Prepare for running to sea." Information of this will be given to the Brigade Major and also to the Superintendent of the Marine Police, who will at once place himself, Serjeant, boats' crews, and Catamaran men under the orders of the Marine Department.

The following arrangements will also be made :—

1. All Officers of the Marine Department will be in attendance.

2. The Boat and Catamaran men belonging to the Marine Establishment will be assembled and held in readiness for immediate service.

3. The Marine life-saving apparatus will be run out by the boatmen, so as to be ready for use either independently or in co-operation with the Ordnance rocket parties.

4. The boats' crews for night service will be mustered before dark, and will remain in the lower verandah of the Marine Office.

5. The Pier Establishment will remain during the night at the Pier Office and will keep a good look-out along the Pier.

V. During the prevalence of "suspicious or dangerous weather," any important barometrical variations and any other information or advice that may be of possible utility will be, by signal or otherwise, communicated to the shipping by the Master Attendant.

VI. If it is decided by the Master Attendant, or Senior Marine Officer present at Madras, that the shipping shall be ordered to sea, the "red flag with swallow tail," signifying "out or slip," will be hoisted at the Marine Office. If the indication of the approach of the storm should occur after sunset, three good lights will be hoisted—one at the masthead, and one at each yardarm of the Master Attendant's flag staff. These signals will be repeated at the Fort, and intimation thereof will be sent to the Brigade Major, who will in either case order seven (not an uncertain number as heretofore) guns to be fired seawards with an interval of five minutes between each gun. It is, however, open to any Ship Commander to put to sea before the signal is made, should he deem such a course to be prudent with regard to his own ship; and the signal is, moreover, not to be considered an imperative order. Each Commander must know best the trim of his own ship, and must exercise his own judgment as to whether he ought to remain at his anchors or proceed to sea.

VII. When from a change in the direction or increased violence of the wind, from observing that ships are beginning to drive, or from any other reason, the Master Attendant deems that imminent danger of actual wreck has arisen, he will intimate the fact to the Superintendent of Marine Police and to the Brigade Major, who will order "the wreck signal" to be fired. This signal will be two guns fired landwards in quick succession and twice repeated with an interval of three minutes between each pair of guns.

VIII. The Senior Officer of the Marine Department will keep his officers and men together, or will distribute them along the beach as occasion may require. He will also point out to the Ordnance rocket parties those ships which first require assistance; to the Senior Officer of the troops where and how the military working parties can be most usefully employed, and to the Senior Officer of Police where his men are likely to be most needed.

IX. The officers of the Marine Department will wear their distinctive dress or uniform on wreck occasions.

X. The Master Attendant at Madras will telegraph to the Master Attendants at the other ports on the other coasts of Southern India such warnings and indications of the progress of Cyclones as may be of possible utility.

SECTION III.—POLICE.

I. On information from the Master Attendant through the Superintendent of Marine Police being received by the Commissioner of Police of the "suspicious weather" signal having been hoisted, the latter will telegraph to Vellore, Salem and Coimbatore, warning Police Officers to hold their respective reserves in readiness. On the receipt of a second telegram, each of these reserves will be despatched by first train to Madras, where orders as to their duties will be issued to them.

II. The Commissioner will also send intelligence to St. Thomas's Mount, where the Police reserve will be held in readiness and await further orders.

III. Information will be at once circulated by the Commissioner to Divisional Inspectors, by whom beats will be immediately extended and other duties so arranged as to enable them to collect at their respective central stations certain forces, which in all will amount to about 600 men.

IV. The Marine Police boatmen on the "suspicious weather" signal being hoisted, will, with their Superintendent and European Serjeant, be at once placed under the orders of the Master Attendant.

V. On the Superintendent of Marine Police being informed by the Marine Authorities of imminent danger of wrecks occurring, or on hearing the wreck signal, he will promptly send intelligence to the Commissioner of Police, who will distribute marching orders to the Divisional parties. Unless special circumstances should require a change of arrangements, the F and G Divisions and reserve will assemble under the Reserve Inspector at the Commissioner's Office and await further orders. The B, H and C Divisions will be marched without delay to the Pier under the Deputy Commissioner. The D. Division

will be marched to the Beach near the Fort, and the E Division to the Ice House. Each party will be accompanied by two Sowars or mounted men.

VI. Should the services of the Police not be at once required, the party at the Pier will be sheltered in the verandah of the Custom House; that at the Fort in the arcade of the Grand Arsenal; and that at the Ice House at the Inspector General's Office.

VII. The entire Police Force will be under the Commissioner, who will consult the Marine Officers on the spot as to where the services of his men are likely to be emergently required. The Commissioner will issue whatever detailed orders may be requisite.

VIII. The Police will be mainly restricted to their own proper duties, i. e., the maintenance of order, protecting personal or other property washed on shore; supervising the conveyance of the shipwrecked crews and passengers to the nearest shelter, and as soon after as circumstances will permit to the Hospital, Bidden Home, or other places of refuge; bringing back the hammocks, doolies, and sick carts; guarding or removing the dead, &c. They are not to be employed in hauling ropes or recovering wreckage or cargo, save in emergent circumstances, where there are no or insufficient military or other working parties on the spot.

IX. The Commissioner of Police will see that duties are so apportioned as to enable the men to be relieved from the reserves as frequently as circumstances may render requisite.

X. All officers and men will be in uniform.

SECTION IV.—TROOPS IN GARRISON.

I. The Ordnance Department will as hitherto have charge of and will work the Rocket and life-saving Apparatus, but portions of the Garrison Battery will be instructed and occasionally exercised in its use under the orders of the Commissary of Ordnance in charge of the Grand Arsenal.

II. The two-day Marine Signals to the shipping signifying "suspicious weather" (white flag with blue cross) and "cut or ship" (red flag with swallow tail), and the night signal of the approach of dangerous weather (three good lights, one at the mast head and one at each yardarm) will be repeated at the Fort flag-staff. On the first signal being hoisted the Brigade Major will warn the Ordnance, Medical, and Commissariat Departments of the fact, in order that all concerned may be held in readiness. On either of the last two signals being hoisted seven guns will be fired from the sea face of the Fort with an interval of five minutes between each gun. No further action will, however, be taken by the "Troops in Garrison" consequent on any of these signals.

III. In case of intimation being received from the Marine Department by the Brigade Major of imminent danger or of actual shipwreck, or in case of such danger or shipwreck being observed from the Fort, the "wreck signal" will be fired. It will be two guns fired in quick succession from St George's Bastion, which will be twice repeated at intervals of three minutes.

IV. When the "wreck signal" is rendered necessary, the Brigade Major will send intimation to the Troops in Garrison and to the Ordnance, Medical and Commissariat Departments; and the following arrangements will be carried out:—

1. Two mounted Non-Commissioned Officers and six Troopers of His Excellency the Governor's Body Guard will proceed to the Fort and place themselves under the orders of the Brigade Major. They will be used as orderlies, as occasion may require, and when not actually wanted will be kept as much under shelter as convenient. Twelve additional men of the Body Guard will remain in their lines with their horses saddled in case their services as patrols may be needed to watch ships driving to points at some distance from the Fort, and to convey prompt intelligence of wreck or applications for aid along the extended line of beach to the Officers Commanding Troops and other authorities on the spot.

2. The Royal Artillery and British Regiment garrisoning the Fort will fall in in fatigue dress, and working parties will be detailed and promptly despatched to the scene of action as required. Before, however, the working parties leave the Fort, inquiry will be made at the Arsenal as to whether any assistance in men from the Royal Artillery is required to supplement the Ordnance rocket parties; and application will, under the orders of the Officer Commanding Troops in Garrison, be made at the Arsenal for a supply of boat or firehooks, ropes of moderate length and thickness, grappling irons, &c., which will be under charge of the Officers Commanding the working parties, and will be used in saving life and property from the surf. Lanterns will also be supplied should the wrecks take place at night.

8. Half of the Native Infantry Regiment at Royapooram will at once fall in, and accompanied by its Medical Officer with medicines and surgical appliances, will march to the beach in fatigue dress. The remaining Native Infantry in Garrison will be restricted to their respective lines and await further orders.

V. It is not anticipated that the Police will be unable of themselves to keep perfect order along the beach, and adequately to perform all their appropriate duties, and, therefore, the action of the troops may be directed towards saving life and property; but they will be ready to keep the ground or aid the Police in any way that may be required.

VI. The Officers Commanding Troops, will, wherever possible, consult with the Officers of the Marine Department on the spot as to where and how the services of their men can be most usefully employed, and the advice of the Marine Officers will be met with marked attention.

VII. Arrangements will be made for the relief, food, &c., of working parties by the Regiments and Departments concerned.

VIII. The Officer Commanding Troops in Garrison will make emergent requisition on the Officer in charge of the Camp Equipage Depot for such tents as may be required to shelter shipwrecked people.

IX. Officers on wreck duty will be in uniform, and mounted Officers will have their horses with them.

SECTION V.—ORDNANCE DEPARTMENT.

I. The Commissary of Ordnance, Fort St. George, will be responsible that three sets of life-saving apparatus, with rockets, &c., complete, are at all times kept packed in carts ready for use in the arcade of the Grand Arsenal, and that the Warrant and Non-Commissioned Officers, &c., of the Department are instructed and periodically drilled to the practical use of the whole apparatus.

II. Inconvenience, danger, loss of life and much damage of property were sustained in the Cyclone of May 1873 by there being no available means of dragging from the sea the logs, pieces of wreck, bales of goods, &c., which were dashing to and fro on the edge of the surf. There will, therefore, be held at all times in readiness by the Commissary of Ordnance a supply of boat and firehooks, grappling irons, and ropes of short lengths for issue as required to the Military working parties. Lanterns will also be kept ready for wreck night duties.

III. On the Commissary's receiving intelligence from the Brigade Major that the "suspicious weather" signal has been hoisted, he will make arrangements to have one rocket party of Europeans with a Detachment of Store Lascars in the Arsenal night and day till the danger passes off, or their services are required.

IV. On the "wreck signal" being fired, or on receiving intimation from the Brigade Major of imminent danger to the shipping, the Warrant and Non-Commissioned Officers will be formed by the Commissary of Ordnance into rocket parties with Detachments of Store Lascars; and, as speedily as possible, one, two, or three of these parties (as may be required) will proceed to the point or points where their services are most urgently required. These points, and the ships to which aid is to be first given, will be decided on by the Commissary in consultation with the Marine Authorities on the spot, by whom he will be guided in the matter. If the rockets are used in the rescue of any ship's crew, the whole apparatus attached to the rocket cart will, under ordinary circumstances, be employed and be worked by the men of the Ordnance Department.

V. Two trollies, drawn by mules, have been ordered on occasions of wreck to be placed at the disposal of the Commissary of Ordnance by the Commissariat Department. They are intended to be used for the conveyance of rocket apparatus, hawsers, &c., should any wreck or wrecks take place at a distance from the Fort, such as at St. Thomé or the Adyar; but, should they not be required for this purpose, they may be employed under his orders, for any other necessary use connected with wreck work.

VI. The Commissary of Ordnance will, in communication with the Officer Commanding the District, arrange for the instruction of Detachments of the Battery of Royal Artillery in the use of the rocket and life-saving apparatus.

VII. He will apply to the Brigade Major or Officer Commanding Royal Artillery, Fort, for any aid in men which he may emergently require in the case of a Cyclone.

VIII. When hawsers are necessarily left attached to wrecks, the Commissary of Ordnance or Senior Ordnance Officer will inform the Police of the fact.

XI. All Officers, Warrant and Non-Commissioned Officers and Store Lascars will be in uniform on wreck occasions.

SECTION VI.—MEDICAL DEPARTMENT.

I. On the "wreck signal" becoming necessary, the Brigade Major will send intimation of the fact to the Fort Surgeon and the Resident Assistant Surgeon at the General Hospital. The latter will warn the Surgeon and the Physician of the General Hospital, and similar warning will be given to the Superintendent of the Eye Infirmary at Vepery and to the Surgeon of the 1st District at Royapooram by the Officers Commanding the Regiments at these places.

II. On hearing the guns of the "wreck signal," or on receipt of intimation from the Brigade Major, these Medical Officers (except the Physician, taking with them a portion of their establishments and the medicines and surgical appliances, which have been detailed by their Departmental Head, will forthwith proceed to the beach, and, in consultation with the Senior Marine and Military Officers on the spot, will distribute themselves to the various scenes of wreck or apprehended wreck, as occasion may require.

III. The Physician of the General Hospital will remain at the institution to receive and afford medical aid to all such as may be sent there from the beach for treatment.

SECTION VII.—COMMISSARIAT DEPARTMENT

I. On intimation being received from the Brigade Major of imminent danger to shipping, or on the "wreck signal" being heard, two trollies drawn by mules will immediately proceed under a Staff Serjeant to the Grand Arsenal and there await the orders of the Commissariat of Ordnance.

II. Two other trollies, drawn by mules, each under care of a Warrant or Non-Commissioned Officer, and each containing an assortment (which will always be held in readiness in waterproof covers or cases) of blankets, towels, flannel banyans, flannel drawers, biscuits, brandy, water and drinking vessels, will be taken in the first place to the Marine Office, and thence, as directed by the Marine Officer, to the scenes of shipwreck, where the contents will, if required, be issued and used for the relief of shipwrecked persons under the orders of the directing Medical, Military or Marine Officers present. As many sets of bearers as are available with hammocks slung on poles will at the same time be sent to the beach and will be placed at the disposal of the said officers.

III. The Executive Commissariat Officer will also despatch a supply of draught bullocks with drivers to the Camp Equipage Depot for sick carts, which, under the orders of the Warrant or Non-Commissioned Officer in charge, will be taken to the beach as soon as the violence of the weather permits, and will also be placed at the disposal of the said officers.

SECTION VIII.—QUARTERMASTER-GENERAL'S DEPARTMENT.

The Quartermaster-General will give directions that the Officer in charge of the Camp Equipage Depot will in cases of wreck promptly comply with emergent requisitions in writing from the Commissariat Department for munchies, doolies, sick carts, &c., and with similar requisitions from the Officer Commanding Troops in Garrison for tents for the shelter of shipwrecked people.

CIRCULAR

Whether uncertain at present season, on necessity for being prepared to stand to sea.

1. Top-gallant masts, &c., with their rigging also, must be got on deck, flying jib-boom sent in, topsails and courses kept ready reefed, and everything on deck and below so arranged as to admit of being quickly secured on emergency. A good ship rope and key should be attached to the riding cable, and, as an additional precautionary measure, a stout warp also, to be used as a spring in canting the vessel if found necessary, on being required to put to sea.

2. A prudent distance from the shore in respect to anchorage must now be observed, as a vessel lying nearer in at the time of bad weather here is, from exposure to the heavy ground swell, necessarily far less able to ride easily and securely than one well out.

2. A prudent distance from the shore in respect to anchorage must now be observed, as a vessel lying nearer in at the time of bad weather here is, from exposure to the heavy ground swell, necessarily far less able to ride easily and securely than one well out.

3. Too much care cannot be paid in maintaining a perfectly clear berth, and Commanders should be mindful to keep their ships at as great a distance from each other as can conveniently be managed in order to avoid risks of collision by driving, or when slipping to stand to sea.

4. Every attention in the way of observation and look out will be paid by this Department, and the usual warning and other signals promptly made, as need may call for. In order to prevent misapprehensions on the subject of signals, especial attention is requested to the circumstance that (during the prevalence of foul weather, however, only) when a *private* signal is intended to be made to a single vessel, besides hoisting her number in the first instance, No. 1 will be kept flying at the opposite yard arm. All other signals in which this said distinction is not made use of are to be considered as general, and obeyed accordingly.

5. It is very desirable that, during the prevalence of suspicious or threatening weather, Commanders should stay at nights on board their respective vessels, and also remain by them as much as possible until the uncertain period has been fairly passed over.

6. In the event of wreck occurring, the usual appliances as put forth by the Board of Trade are adopted here, but should it be observed the rocket apparatus is not at once forthcoming, a line should be *immediately* sent on shore from the vessel by some kind of buoy, or other handy means, to which the tail block and double line will be attached by those on shore, or signals made as to what other steps must be carried out.

7. In conclusion, Commanders are earnestly reminded that, as intimated in the Port Instructions, "Commanding Officers are not to wait the display of signals if they deem it prudent to put to sea," it being in no way whatever obligatory for them so to await directions from the shore for standing to sea.

A COMPENDIUM OF THE LAW OF STORMS PREPARED FOR THE BAY OF BENGAL.*

The Cyclone in all its various forms, and in all portions of the globe subject to its visitation, must be denominated the most fearful and the most frequent enemy which the mariner's perilous calling obliges him to encounter. But for this obstacle the Bay of Bengal would be very easy of navigation, for the very large amount of evidence brought to bear upon the subject goes far to prove that in this sea all violent storms are of a cyclonic nature, and move from eastward and westward. They are greatrevolving storms varying in expanse from forty or fifty to some hundreds of miles, blowing round and round a centre or vortex, but with an ever-varying force, now lulling into a strong breeze, and again swelling up into a blast of uncontrollable fury. The peculiar characteristic of their revolving action is that in each hemisphere the gyration invariably takes place in one direction contrary to the hands of a watch. In North Latitude from right to left; and in South Latitude from left to right. The knowledge of this law not only supplies the seamen with direct means of distinguishing them from common gales, but reveals to him the position of his vessel with respect to the vortex, and points out the way to escape from it. The following remarks and examples, though intended for the Bay of Bengal and Andaman Sea will apply also to the open parts of the Arabian Sea. These storms take their rise a few

* For the use of Native vessels of all classes. The compendium is translated into *Tami* Telugu, and *Hindusani* and issued free of charge at the various ports of the Presidency.

degrees of latitude north of the Equator, and at the periods of greatest atmospheric disturbance, owing to the changes of monsoons. About April and May, and Oct. and Nov., though these dates are only approximate, and unusual weather at any time may be attributed to their neighbourhood, and suspected accordingly, they are accompanied with threatening aspect of the sky, together with greasy halos round the sun and moon; rolled and tufted forms of clouds, with lurid streams of light and extraordinary colors; a heavy bank of clouds forming an arch in the direction of the storm, varying currents of clouds in motion above, and dark banks on the horizon below, with darting forks and threads of pale lightning, lurid redness at sunrise and sunset; peculiar moaning in the winds, the frequent presence of weary land birds and insects; and last and best warning of all to those who possess it, the decline of that invaluable monitor the Barometer, doubly valuable here, because its usual state is one of almost perfect tranquillity, broken only by a daily tide rising and falling about one-tenth of an inch, highest at 10 A. M. and P. M., and lowest at 4 A. M. and P. M.; whenever this action is suspended or interrupted, bad weather is never far off. The surface of the sea also exhibits signs of disquietude, becoming confused and uneasy, and crossed frequently by long swells from other than the quarter of the prevailing wind. Whenever any or all of these warnings are met with, the mariner should at once consider the almost certainty that exists of having to encounter a storm of the revolving nature we are treating of. His first duty is to find the centre of vortex, and its bearing from the ship. To do this he should note the direction of the wind, and with his face to it, tell off eight points to the right, if in the open sea, which we will first consider, thus—with wind at N. the centre is E., with wind E. centre S., wind S. centre W., wind W. centre N., and so with intermediate points—wind N. E. storm S. E., wind S. E. storm S. W., wind S. W. storm N. W., wind S. W. storm N. E., &c.; when near land or in roadsteads, these bearings require modifying, as will be explained hereafter. Having determined the direction of the storm, the next consideration in his position with regard to it. All experience tends to show that they commence to southward between southward and eastward and eastward and cross the Bay in a curve, sometimes sharp, sometimes very extended nearly N. and S., but an average tract of from S. E. to N. W. will suit the purpose of illustration. The continuation of the voyage, and the direct course of the ship ceases at this period to be a primary object. All knowledge and seamanship should be directed to avoiding this enemy, and the saving of life and property. The accompanying diagrams will show better than any verbal description both the nature of the evil and the remedy to be adopted. The outside circle represents the shape of the storm; the arrows and letters the direction of the wind; the small circle the centre, the dotted lines the path on which the storm is advancing; the compass points are also indicated.—See Figure 1.

In this diagram all the ships are shown having the wind on starboard quarter so that if the storm was stationary scudding in that position would always ensure safety. It does in fact do so in all cases, except with the wind easterly, when great care and judgment are requisite, and the value of preliminary observations becomes apparent, the direction of the storm, whether northward or westward of the average track, being of vital importance.

A careful study of books of reference and of logs and facts drawn from extended experience justify the conclusion that the best course with the wind at E. or to the north of east is to run to the N. W., changing your course as the wind veers to the northward, keeping it on the starboard quarter until it reaches N. W., when if bound to the N. E. you can bring it right aft and sail round the storm until your course is reached, or continue your track if bound to southward; much depends, however, upon the direction of the storm as indicated by phenomena, and the veerings of the wind if any have taken place.—See Figure 2.

With the wind from E. to E. S. E., carry on as long as possible to N. N. E., N. E., making all possible easting, then heave to on starboard tack. With wind at S. E. to S. if bound to southward or westward, you will be standing straight into danger, make easting until weather improves, then lie to on starboard tack. With wind from S. round to N. W., you must be behind the storm, and should have no difficulty in keeping clear of it. In fact the only risk with common management and taking in time is wind from E. N. E. to S. E.—See Figure 3.

When it suits best to heave to choose the port tack in the west side of the storm, and the starboard on the east side, for the wind in each will shift by the stern.

The foregoing remarks apply to the open seas, if Bengal and Arabia, and the ships are supposed to have sea room. They comprise all that need be said to advise and encourage the mariner. But on the coasts of Coromandel and Orissa and Ceylon, when the storm approaches the land, a modification of its form takes place, to which it is necessary to draw attention. The bad weather always commences a point or so on either side of north, although the centre may be E. S. E., S. E., or even S. S. E. There seems also to be a retardation of the speed of the southern half, as if it was marking time, until the outer half wheeled round before the whole finds itself on the land. This proceeding allows the careful navigator time to run to the southward, and having secured a position of

safety, return behind the storm to his anchorage, taking care not to overtake it. The shape of the land also favors this manoeuvre, for even in Madras itself a run of a few hours to southward gives room to let the ship off to the westward, or run down to Pondicherry. Standing out into the offing is merely exchanging one danger for another, and is directly opposed to the law of storms. Run at the earliest intimation of danger, without giving a thought to the distance it may take you from your port. Wind and current will hurry you down, and when on the safe side wind and current will bring you back before the state of the sea and surf allow business to be reconducted. You are losing nothing, and knowing that you are following the advice given with all the advantages of scientific knowledge, of experience, of the study of example and practice, and the aid of the best instruments and the Electric Telegraph. You can dismiss from your mind the great care of forming a judgment in such critical period, and give all attention to the ship, knowing that your conduct will meet with approval.

Pages might be filled of successful instances of this treatment, and the disaster following any other courses, but space will not permit, and it is requested to accept the facts as they stand, reserving the study to some leisure moments.

When compelled to lie in severe weather, when shifts of wind are dangerous, it would be well to keep ready a large stone anchor, like Chinese, stone being selected for cheapness, and the materials of a catamaran, which being put overboard with say twenty fathoms of cable will make a secure buoy, at which the ship may ride with her strong bows to wind and sea, and extra stays to her mast, the rudder being secured in midships, which is always one of the first things to suffer when used to keep the ship's head up. Then with hatchways well secured, the crew sheltered, and only the state of the well-requiring attention, a vessel will stand a great deal, and from the moment the first change you have been taught to expect occurs, a spirit of confidence will replace the doubt and dependence which add additional terror to the disturbance around. It is, however, very advisable not to navigate if possible, during the bad-weather months. Any injury to a vessel will cause much greater detention, and involve direct expense, and no shipowner of common humanity or honesty will send a vessel to unload entirely or render herself so unseaworthy that the advent of one of these storms to be expected at any moment must ensure destruction to property and grievous loss of life.

SIGNALS TO BE USED WHEN A VESSEL IS SIGHTED HAVING ON BOARD THE GOVERNOR OF THE PRESIDENCY.

When any vessel is sighted having on board the Governor of the Presidency, four guns will be fired, two guns in quick succession, and after an interval of half a minute two more guns also in quick succession. From the 1st of February to the 30th of September, during the prevalence of southerly winds, the signal guns will be repeated at St. Thomas' Mount in order that they may be heard at the Adyar and Nungambakum.

Any vessel having on board a Governor of this Presidency should fly the Governor's Jack at the foremast head while entering the port.

MAIL STEAMERS, &c., SIGNALS.

The following revised Signals will be made hereafter from the Garrison Flag Staff to intimate the arrival of Mail Steamers, and the arrival of Overland News from Bombay by the Electric Telegraph.

- 11.—The arrival of the Overland News from Bombay & Galle by Electric Telegraph. } One gun, and Telegraph Flag hoisted at the Fort Flag Staff, for one hour.

The above signals will be hauled down exactly at the time notified, and the P. and O. S. N. Company's or French Mail Steamer Flag (as the case may be) hoisted at the mast-head, to indicate that the Mail is closed, which will be kept flying until the Steamer gets underweigh.

N. B.—Occasions may occur when it will be necessary for a time to haul down the above signals and hoist the Union Jack, as when salutes are fired, &c., &c., after which the Mail signals will be re-hoisted.

MADRAS LIGHT HOUSE.

The Light House at Madras is immediately to the Northward of the walls of Fort St. George, and the light from it was first exhibited in January 1844. The light is elevated 128 feet above the mean level of the Sea,—and may be seen from the deck of a Ship at the distance of 20 miles. The Light is of the “Flashing Description,” and the duration of the Flashes to that of the Eclipses or Dark periods is in the ratio of 2 to 3,—but as the nature of the motion is Reciprocating instead of Rotatory, the above ratio merely expresses the average proportion of the Light and Dark intervals which are themselves variable according to the position of the spectator. The rapidity of movement is so adjusted, that the duration of the Flashes will vary from 0' to 48", and that of the Eclipses from 0' to 7" the sums of the duration of Light and Darkness bearing however in every position the constant ratio of 2 to 3. From the South-Eastern extremity of the Pulicat Shoal the Light House bears S. 23° W. and is distant 13 miles, but no Ship or Vessel when hauling in from the Northward for the Madras Roadstead should bring the Light to bear to the Southward of S. 28, W. or S. S. W. $\frac{1}{2}$ W.—unless her position is well ascertained. Commanders of Vessels are warned of the serious risk they incur by incautiously approaching the dangerous vicinity of the Pulicat Shoal, as hazy weather or other causes may obscure the Light,—true Soundings therefore and a vigilant look out are imperatively called for. The limits of the Madras Roadstead (in 8 or 9 fathoms) are comprised within the following bearings, viz., from the Northward the Light House will bear S. 56° W., and from the Southward N. 81 W. or from S. b. W. to W. $\frac{1}{2}$ N.

The Light House at Madras is in Latitude 13° 5' 0" North.

And in Longitude 80° 20' East of Greenwich.

The Dimensions of the Light House are as follows:—

From the ground to the vane.....	125 Feet.

GOVERNMENT SAVINGS' BANK.

BANK OF MADRAS—POPEHAM'S BROADWAY—Open daily from 10 A. M. to 3 P. M.

T. E. FRANCK, Esq.—Secretary and Treasurer, Bank of Madras, Ex-officio Secretary.

Savings' Bank Deposits—Revised Rules, 1874.

1. The duties connected with the Government Savings' Bank are conducted at the Bank of Madras, and the Secretary and Treasurer of that Institution is ex-officio Secretary to the Bank, and has immediate charge of its establishment, and is held responsible for the duties of the Bank being conducted in accordance with the orders which Government may from time to time issue.

2. The Bank opens daily (Sundays and general holidays excepted) for the transaction of business, from 10 o'clock A. M. till 3 P. M., except on Saturdays, when it is closed at 1 o'clock P. M.

3. With the exception of European Soldiers on the effective strength of the Army, for whom other provision has been made, all classes, including Native Soldiers, Non-effective Staff, Pensioners, Invalids, and the wives and children of Soldiers, may deposit their savings in the Bank, provided the amount of each deposit be not less than one rupee, or consist of fractions of a rupee, except when a draft on a Government Treasury is tendered; and no person will be allowed to deposit more than Rupees 500 in one year, or more than Rupees 3,000 in all. When the principal and interest at credit of any depositor shall amount to the latter

sum, interest will cease, and no further deposit will be received.

4. Deposits tendered on account of security of Subordinate Officers of Government, will, however, be received up to Rupees 3,000 in one or more years, or in one sum, and deposits made in accounts opened with the sanction of Government on behalf of School, Dispensary and other Funds, may be received in excess of the limit of Rupees 500. In all other cases the prescribed limit should never be exceeded.

5. When security deposits are made by Government Subordinates or Contractors, the account will be opened in their own names, the Bank holding a letter of agreement in the form appended. The parties so depositing money with Government Officers must sign the letter of agreement, addressing it to the

Secretary to the Government Savings' Bank or the Collector of the District, undertaking not to make any claim on the Bank for the principal of the sum deposited, except with the express written sanction of the Government Officer, not to object to payment by the Bank to the Government Officer upon his claiming it, and not to make any claim for the interest after such Officer shall have revoked the authority to him to receive it.

6. Persons residing in the Mofussil may effect the deposit and withdrawal of their savings either through the Civil, Muzoor, or Divisional Paymaster's Treasuries, but no remittances are received from them direct at the Presidency Office.

7. Each depositor is furnished by the Bank with a "Pass-book," which book must be produced whenever a sum is deposited or withdrawn. Every sum paid or received is entered by the Bank in that Book. The Secretary of the Bank affixes his signature opposite to each deposit, and the depositor affixes his to each withdrawal.

8. The name, rank, profession, business, occupation or calling, and residence, of the depositors should be entered by the Bank in the Pass-books, and the signature or mark of the depositor must be written on the same page, or in the signature-book kept by the Bank.

9. Should a Pass-book be lost, another will be supplied by the Bank on the identity of the applicant, as the owner of the missing book, being satisfactorily established, and after the lapse of a month, a fee of one Rupee is charged for the new book.

10. Should a Pass-book be so defaced or torn as to render the entries therein illegible, it will be retained by the Bank, a new one supplied, and a Rupee charged for the same.

11. Depositors are permitted to deposit or withdraw at any time any sums or portions of sums deposited by them, but no person is permitted to deposit or withdraw money more than *once* during the month. An exception, however, is allowed in cases in which good and sufficient reasons are assigned.

12. As a general rule, the Bank refund money only to depositors in person; but when the depositor is a female, or prevented from attending at the Bank by unavoidable causes,

the Secretary exercises his discretion in making payments on behalf of such persons to those duly authorised by them to receive the money by an order written as follows:—

MADRAS, _____ 18 .

To

THE SECRETARY TO THE

GOVERNMENT SAVINGS' BANK,

Madras.

Please pay to _____ Rupees _____, and place the same to my debit.

Signature.

13. No money is received by the Bank on account of trusts, and no joint account can be opened. But a depositor can open two accounts, one for his security as a Public Servant, or Contractor, and the other for his own private savings. Ordinarily no one may open for himself or the members of his family more than one account, but a wife can open a separate account for the investment of her own savings notwithstanding the existence of one in the name of her husband. So also each member of a (Hindoo) family, whether divided or undivided, may be allowed to open an account for himself.

A. G. C., No. 41, 3rd March, 1874.

Do. No. 7, dated 8th May, 1874.

Do. No. 88 of 18th Jan. 1874.

Do. 14 of 6th July, 1874.

Do. 7 of 8th May, 1874.

14. The surplus funds of an aided school, which the managers may put aside to accumulate for the eventual erection of School buildings, may be received in the Government Savings' Bank, to an amount not exceeding the limit allowed to private depositors, and on the understanding that two months' notice shall be given of the intention to withdraw such deposits.

A. G. C., No. 357, 1st Oct., 1867.

15. Instead of inserting the individual names of Commissioners and Deputy Inspectors of Local Schools in the accounts opened in the Government Savings' Bank, accounts may be opened in their capacity as Commissioners and Deputy Inspectors thus:—

"Commissioners and Deputy Inspector of Schools for the time being on account of" _____ school in _____ Taluq," care being taken to specify the particular Village and Taluq, in order to enable the Government Savings' Bank to keep each account separately. This method of opening the accounts obviates the necessity of changing the names of Commissioners as casualties occur.

A. G. C., No. 5397, 10th, Jan., 1868.

* Name of village.

† Name of Taluq.

16. Deposits can only be withdrawn by those at whose credit they stand in the books of the Bank. Persons depositing money on behalf of a minor, should be warned that such money cannot be withdrawn during the owner's minority, except by a legally appointed guardian. If it is desired that the minor shall be able to withdraw the money, he must deposit it himself. When a deposit is made on account of a minor, the age of the child must be communicated, that it may be recorded by the Bank.

17. On the death of a depositor, the balance at credit will be paid to the Executor or Assignee, but if a depositor dies, leaving a sum of money not exceeding one thousand Rupees, and if Probate of his Will or Letters of Administration of his Estate, or a certificate granted under Act No. XXVII of 1860, (for facilitating the collection of debts on successions, and for the security of parties paying debts to the representatives of deceased persons) is not produced, the amount in deposit may then be paid in accordance with Sections 4 and 6 of Act V of 1873, on a Bond of Indemnity, copy of which will be furnished by the Secretary to the Bank on application. Should however, the depositor have been in the Army or Navy, the balance will be paid in conformity with the rules of the service to which he may have belonged.

18. If a depositor becomes insane, or otherwise incapable of managing his affairs, payments out of his deposits will be made from time to time to any proper person, or to a Committee, or Manager of the depositor's estate, under Section 12 of Act V of 1873.

19. Compound interest at 3½ per cent. per annum, or at such rate as may be authorized by Government, is allowed on deposits. No interest, however, is allowed for broken periods of a month, nor is it calculated on fractions of a rupee; but deposits during the first four working days of a month are dealt with as having been made in the preceding month, in regard to the interest due thereon.

A. G. C., No. 68, 2nd March, 1865.

20. All receipts given by Savings' Bank depositors for sums withdrawn exceeding Rupees 20, should bear a stamp of one anna.

31. The accounts are closed annually on the 31st of March, and the balance of interest at that date is paid to depositors or carried to account.

32. In addition to the General Audit which all Public Accounts undergo in the Office of the Accountant General, a particular audit of the Accounts of the Bank after the close of each year, is effected by one of the gazetted Assistants to the Accountant General.

37. Should an account be overdrawn in consequence of a withdrawal not having been duly debited, or through an erroneous entry in a Pass-book, the loss will have to be made good by the Officer at whose Treasury the oversight or mistake occurred.

Lost Notes, obtainment of duplicates.

Loss of a Government Promissory Note is reported to the Comptroller General, Calcutta. It is then stopped in the Loan and Interest Books at the Public Debt Office, and the applicant for a duplicate note is required to advertise the loss in three successive issues of the *Gazette of India* as well as the *Government Gazette* of the Province where he resides. Should the note have been encased for payment of interest at any other Treasury than Calcutta, the loser is required to give the necessary information to the Treasury concerned, and two years after the date of the last advertisement of loss he has to apply to the Public Debt Office for a Duplicate Note.

Should the Note alleged to be lost not be forthcoming, and the title of the claimant be fully proved, the owner and two sureties to be approved of by the Solicitor to Government are required to execute a bond of indemnity, and on the receipt of such bond of indemnity, the Controller General submits the case, with his opinion, for the orders of the Government of India. In case, however, there be any doubt as to the title of the claimant, the case is in the first instance forwarded to the Advocate General.

As a general rule, duplicate Notes will not be issued until ten years after the last correct advertisement of loss, but meanwhile, interest will be paid on the lost Notes after the lapse of two years under a bond of Indemnity.

LOST OR MUTILATED CURRENCY NOTES.

Notes slightly mutilated, will be readily paid to *bona fide* holders upon a written statement as to the circumstances of mutilation, and upon an indemnity signed by a Banker or some known responsible person.

Seriously mutilated or wholly lost or destroyed Notes which can be identified by the number and date; will, subject to a strict investigation, be paid only on the authority of the Head Commissioner of Paper Currency, Calcutta, or of the Commissioner at Madras or Bombay, at whose Head Circle the Note may be payable.

Intimation of the loss, destruction, or mutilation of a Note or portion of a Note, must be sent to the office where the Note is payable, thus—

If it be a Calcutta Circle Note, notice should be sent to the Head Commissioner of Paper Currency, Calcutta.

If a Madras Circle Note, and not having the countermark of either the Calicut, Trichinopoly, or Vizagapatam Circles, notice should be sent to the Commissioner of Paper Currency, Madras.

If a Bombay Circle Note, notice should be sent to the Commissioner of Paper Currency, Bombay, and the Secretary and Treasurer, Bank of Bombay.

If an Allahabad Circle Note notice should be sent to the Deputy Commissioner, of Paper Currency, Allahabad, and Head Commissioner of Paper Currency, Calcutta.

If a Lahore Circle Note, notice should be sent to the Deputy Commissioner of Paper Currency, Lahore, and Head Commissioner of Paper Currency, Calcutta.

If a Nagpore Circle Note, notice should be sent to the Deputy Commissioner of Paper Currency, Nagpore, and Head Commissioner of Paper Currency, Calcutta.

If a Calicut Circle Note, notice should be sent to the Deputy Commissioner of Paper Currency, Calicut.

If a Coconada Circle Note, notice should be sent to the Deputy Commissioner of Paper Currency, Coconada.

The Currency Department cannot stop payment of any Currency Note, even though it be one that has been reported to have been "lost" or "stolen." All that can be done, is to register the loss, and intimate the name and address of the presenter to the loser and to the Police.

For further particulars see Notification in *Gazette*, 21st August, 1866, No. 333.

In case, however, of a passenger being unavoidably prevented from availing himself of a passage at the period for which it is taken, transfer of the passage can be effected to a subsequent Steamer, on sufficient notice being given, without forfeiture of any portion of the passage-money.

Passengers must comply with the regulations established on board the Steamers, for general comfort and safety.

No Berth or Cabin is to be occupied by a passenger without application to the Agent on shore, or to the Purser on board. It is to be understood that a passenger occupying a cabin of two or more berths, on the departure of the vessel (unless he shall have paid an additional sum for its exclusive occupation) is not to object to the vacant berth or berths being filled up at the intermediate Ports, if required.

Passengers for Bombay, Straits, China and Australia are transferred at Point de Galle, and will be required to defray their own Hotel expenses in the event of detention.

The intermediate rates of passage-money for reserved accommodation between Madras and Ports in India, China and Australia, will be regulated according to the accommodation required.

The rates for Native servants, between Ports in India and China, include a passage back to the Port of embarkation, if returning at once. A reduction of one-half is made in favour of Native servants returning from England within three months after arrival from India.

Passengers are at liberty to remain at one or more intermediate Ports, and proceed by the succeeding Steamer, provided there be room, upon application to the Agent, who will give written permission on the passage ticket.

Passengers wishing to telegraph their safe arrival in England to friends in India, can do so on payment at Madras of Rupees 6-0-0; the receipt for which must be forwarded on arrival, to the Manager, Oriental Telegram Agency, 140, Leadenhall Street, London, when the message will be immediately despatched. These Tickets include the free conveyance of the Passengers' Baggage from the Steamer to the Bombay Railway Stations.

Baggage.

The attention of passengers by the Company's Steamers is particularly requested to the undermentioned Regulations in reference to Baggage; much trouble and loss are occasionally caused by their neglect or non-observance. These Regulations are equally important to passengers between Suez and Alexandria, for the Egyptian Transit Administration will not accept any responsibility unless they be strictly complied with.

All Baggage should be packed in Leather Portmanteaux or Trunks, marked with the owner's name and port of destination in paint in full, and fastened securely with case locks, padlocks and leather straps being liable to damage or removal. The Transit Administration will not be responsible for the safe conveyance of insecure Packages.

Deck-chairs are conveyed free of charge at passengers' risk.

Canvas covers to Packages are not recommended, as they are frequently removed and lead to the loss of the Packages.

Packages containing Jewellery, Plate, or other Valuables, must be specially booked, and Freight paid thereon at the Company's established rates, failing which such Packages are liable to seizure and confiscation.

First Class passengers are allowed 336 lbs. of personal Baggage free of Freight; Second Class passengers and servants 168 lbs. each, children over 8 and under 10 years, half these weights.

A passenger taking a reserved cabin will be entitled to take in the Steamers, free of Freight, 4½ cwt., and a married couple, paying for reserved accommodation, will be entitled to take 9 cwt.

Passengers from Bombay can ship their heavy Baggage either at Calcutta or Madras, should they find any convenience in doing so, and if proceeding via Brindisi can forward any of their Packages to Southampton without extra charge.

The charge for conveyance of extra Baggage, will be at the rate of 10s. per cwt. between Southampton, Gibraltar, Brindisi, Malta, or Alexandria; 10s. per cwt. between Suez, India, China, Japan and Australia.

The Insurance of Baggage can be effected on moderate terms.

Passengers passing through Egypt will be charged by the Transit Administration 7s. per cwt. for conveyance of Baggage through, should it exceed, for First Class passengers, 336 lbs. each, and Second Class 200 lbs. each. Children over 8 and under 10 years are allowed half the above weights. This amount is collected on Board the Company's Steamers, for the convenience of passengers.

Passengers requiring information, respecting their Baggage during the voyage, can obtain it on application to the Officer in charge.

Passengers who may miss any Package of Baggage on arrival at their destination, are recommended to apply, *without delay*, to the Company's Agent, giving full particulars, in writing, when application will at once be made to the Missing Baggage Depot at Bombay or at Southampton.

Baggage can be occasionally had up from the Baggage-room during the passage, on application to the officer in charge.

No Trunks or Boxes allowed in the Saloon or Cabins, but only small Portmanteaux or Carpet Bags. The Portmanteaux for Cabin use should not exceed 3 feet in length, 1 foot 3 inches in width, and 1 foot 3 inches in depth.

CAUTION—Goods of a dangerous nature. The Company will not receive on board of their Vessels any goods of a dangerous or damaging nature. If any such goods be shipped without notice, the shipper will not only be liable to the penalties imposed by Statute, but also for all damages sustained in consequence of such shipment.

NOTICE—All parties are requested to take notice that the Company do not hold themselves liable for detention or delay of passengers arising from accident or from extraordinary or unavoidable circumstances, or from circumstances arising out of or connected with the employment of the Company's Vessels in Her Majesty's Mail Service, and that the Company do not hold themselves liable from danger to or loss or detention of Passengers' Baggage, or for any consequences arising from the restrictions of quarantine wheresoever imposed. In all cases in which the Company's Steamers may be placed in quarantine, First Class passengers will be charged Ten Shillings and Second Class passengers Five Shillings per diem for their maintenance on board during the detention of the ship.

SPECIAL NOTICE.

The Egyptian Transit Administration having issued a notice that they will decline to take charge of any Packages of Baggage intended for despatch through Egypt that are not properly secured, passengers are earnestly requested to see that all Portmanteaux, &c., shipped by the Steamers of this Company for Europe, are thoroughly efficient in this respect, thus obviating the probability of any plunder or delay in Egypt.

General conditions under which through-tickets for P. & O. Steamers are issued.

On payment of through-passages a receipt will be given which Passengers will exchange at the port of embarkation (per Peninsular and Oriental Company's vessels) for a ticket by that Company's Steamer.

The receipt so given does not guarantee passage by any vessel in particular, as no accommodation will be reserved for Passengers till they present the receipt and obtain passage-tickets at the Peninsular and Oriental Company's Office.

The expenses of Passengers, while waiting at the port where they exchange vessels, are payable by themselves.

The rates charged for through-transit entitle a Passenger to a single berth in a Cabin only.

Children of 8 and upwards to 10 years of age, half-fare. Infants under 8 years of age, if with parent, free; when more than one, each child additional will be charged one quarter fare.

No Second-class or Deck Passengers are booked, as it is uncertain what accommodation may be available for these classes of Passengers by the Steamers of the Peninsular and Oriental Company.

First-class Passengers are allowed on board 336 lbs. of personal Baggage free of Freight. Children of first-class Passengers (over three and under ten years), Second-class Passengers and Servants, 168 lbs. each.

Between any two Ports east of Suez, 10s. per cwt.

Between any two Ports west of Alexandria, 10s. per cwt.

The rate to Brindisi and Venice is Rs. 50 less than that to Southampton for an Adult Passenger.

The rates of Passage-money are exclusive of wines and all liquors by the vessels of both Companies.

INFORMATION AND GENERAL REGULATIONS.

Passengers.

The rate of Cabin passage-money includes Table, but not Wines or Liquors, which are provided on board and charged as per scale in possession of the Steward. Redding, linen, and all requisite Cabin Furniture are provided in the Steamers at the Company's expense.

The full amount of passage-money is payable on accommodation being secured. Those who fail to embark after securing accommodation will have half the passage-money returned.

Return-Tickets, available for six months from date of landing, are issued to Cabin Passengers only at a reduction of one-fifth on the return passage money. Passengers holding Return-Tickets, and travelling on board the Steamers after this period, will be charged on board with a fifth part of the return passage-money, if not previously paid on shore to an Agent of the Company.

No berth can be occupied by any passenger without application to the Agents on shore or the Steward on board.

During the North-East Monsoon, when all the berths are engaged, Quarter Deck passages are granted to gentlemen entitling them to mess at the Cabin Table, at two-thirds of first-class fare. Quarter Deck Passengers are allowed space for a bed on the poop, which must be rolled up during the day, and a trunk or portmanteau of 5 cubic feet.

A number of the Steamers are provided with Forward-Cabins; and when such accommodation is available, second-class passages, inclusive of table, are granted at half of first-class rates.

It must be distinctly understood that the Saloon and Quarter Deck are reserved for the use of First Class Passengers only, and that, if any First Class Passenger desires to hold communication with a Deck Passenger, he must do so on the Main Deck.

Servants being Deck Passengers, must not sleep in the Saloon nor enter the Saloon Cabins, except when in actual attendance on their employers.

European servants, half of first-class fare. European maid-servants occupying a berth in a Cabin with a lady, two-thirds of first-class fare. Native servants on deck, ordinary deck fare.

The rate of passage for deck passengers does not include diet, but they can be dieted on board as per scale in possession of the Steward.

One child under three years of age, if with the parent, free. When more than one, each child additional will be charged one quarter fare. Children of three and upwards to ten years, half fare. Children are not allowed in Cabin unless accompanied by an adult Cabin Passenger.

Passengers are strictly prohibited carrying Gunpowder, Sulphuric or other Acid, or any material which might occasion accidents on board the Steamers.

Passengers must comply with the Regulations established on board for general comfort and safety.

Each adult Cabin Passenger is allowed 8 cwts. of personal baggage. Any baggage in excess will be charged at Cargo rates with 25 per cent. added.

Baggage.

Packages containing Jewellery, Plate, or other valuables must be specially booked, and freight paid thereon.

European servants, and children over three years of age, are allowed 168 lbs. of personal baggage. Deck passengers allowed 56 lbs. each.

Passengers are requested to note that the Company will not be responsible for any loss or damage to baggage or property under their own charge.

Freight.

All packages shipped on board the Company's Steamers must be well packed, have a distinctive mark in English, and the port of destination also inscribed on each in English.

Although the Company's Steamers for the most part trade to free ports, all packages shipped on board must be accompanied by a registered Custom House Pass. Non-compliance with this Regulation will subject shippers to detention in having their goods put on board, till a Pass from the Custom House is obtained.

Freight on all packages must be prepaid at port of shipment.

The Company reserve to themselves the liberty to charge by weight, measurement, or value, and are not accountable for leakage, or breakage or for damage arising from insufficiency of address or packing; nor for damage, leakage, or breakage to re-exported goods.

For general facility, the Company reserve to themselves the power of landing cargo at the ports of delivery in their own or hired boats, and when landed, to deposit the same on wharf, in receiving vessel, or in store, charging consignees with the expense of landing and storing, according to a scale of rates to be seen at the Offices of the Agents. Goods so landed to be at risk of consignees after being discharged from the Steamer.

The Company do not guarantee that the Steamers shall have room at ports of transhipment, nor that there shall be no delay there.

The correct contents of all packages must be stated in Bills of Lading. Packages containing Gunpowder, Sulphuric Acid, or any other material which might occasion accident, are strictly prohibited from being shipped on board the Steamers.

Packages weighing more than 8 cwt. (excepting bales and boxes of manufactured goods) are only carried at advanced rates of freight, and by special agreement.

When, owing to heavy weather or other causes, goods cannot be safely landed at their destination within the time stipulated for stoppage at such port in the Company's Mail Contract with Government, the Company reserve to themselves the right to convey them to the next port on the voyage or to the final port of call, to be returned thence by one of the Company's Steamers having space, at the Company's expense and Merchants' risk, and the consignee cannot claim indemnity for such delay nor the consequences thereof.

A written declaration of the contents and value of goods is required by the Company, and must be delivered by the shipper to the Company's Agent with the Bill of Lading. A wrong description of contents or false declaration of value shall release the Company from all responsibility in case of loss, seizure, or detention, and the goods shall be charged double freight on the real value, which freight shall be paid previous to delivery.

In case of quarantine the goods may be discharged at risk of the Owners of the goods into quarantine depot, lighter, barge, hulk or other vessel as required for the ships despatch. Quarantine expenses upon the goods of whatever nature or kind shall be borne by the owners of the goods.

The Company will not be liable for any single package of cargo beyond the value of Five Hundred Rupees, unless additional freight at half specie rates has been paid on value above Five Hundred Rupees, and in all cases where claims are made, proof of loss must be furnished.

Specie will not be landed by the Company. It can only be delivered on presentation of Bill of Lading on board, and will be carried on at consignee's risk if delivery is not taken during the Steamer's stay in port.

Goods must be alongside at least 24 hours before the advertised hour of departure and shippers are requested to see that their receipts for same are in order before leaving the vessel. Most of the mistakes made arise through shippers sending their goods at the last moment.

Bills of Lading are only signed on the Company's forms, which may be had of the Agents at the several ports for the stamp duty only. These must be presented and delivered up, cancelled, before delivery of goods can be granted.

Single packages and parcels, not exceeding 2 feet in measurement, are charged Rs. 2-8 under 1,000 miles; under 2,000 miles, Rs. 5; over that distance, Rs. 10.

Horses, Cattle, &c.

Carriages are conveyed by special agreement, and on deck at Shippers' risk.

The rates of conveyance for animals are exclusive of food, and all animals are carried on deck at shippers' risk.

The charge for conveyance of horses includes passage of a syce in attendance on each horse, and space for fodder, which must be provided by the owner.

Horse boxes are not provided by the Company.

Shippers of horses are recommended to remove the shoes, and to provide coir matting for the animals to stand on, to prevent them slipping with the motion of the vessel.

Objects of the Company.

This Company has been incorporated under a special Act of Parliament (37 and 38, Victoria—Session 1874) and is formed by the amalgamation of the Great Southern of India and Carnatic Railway Companies. Its object is to provide railway accommodation between Madras and the provinces of Southern India, lying to the south of the existing Madras Railway. Starting from Madras the lines pass through Chingleput, Cuddalore, Porto Novo, Combaconum, Tanjore (from which town there is a branch to Negapatam), Trichinopoly (from whence a branch runs to Caroor and Erode), Dindigul, Madura and Maniacchi. From the junction at the town last mentioned lines run to Tinnevely and Tuticorin. The provision of branches from the main line to Conjeveram and to Pondicherry is under consideration.

At present there is an isolated portion of the South Indian Railway system running from Conjeveram to Arconum. This line and that from Trichinopoly to Erode, are not on the metre gauge, which gauge has, however, been adopted for the remainder of the Company's undertakings. When the whole of the railway has been put upon one footing in regard to gauge, as it ultimately will be, the South Indian Railway will consist of about 870 miles of metre gauge line and will be the longest continuous route in India constructed on the 8 feet 8½ inch gauge.

A gap in the through working now existing (1877) between Porto Novo and Shiyali will be reduced in the course of a few months by the opening of an extension from Shiyali to the southern bank of the river Coleroon.

TIME AND FARE TABLES ON AND FROM SUNDAY THE 1st JULY 1877.

The times shown in these Tables are those at which the Trains are intended to depart from the various Stations, but the Company cannot guarantee these times being kept under all circumstances, nor do they hold themselves responsible for delay.

Pending the completion of the permanent bridges over the Palar, Thondiar, Panar, and Guddalur rivers, the trains will run over a tramway laid across the bed of each river. In the event of floods preventing the use of these tramways, traffic between Chingleput and Cuddalore will be interrupted and the running of the trains may have to be temporarily discontinued.

TABLES OF COINS, WEIGHTS AND MEASURES.

(INDIAN.)

MONEY.

Silver is the legally constituted medium of exchange in all money transactions throughout the British Indian possessions. Gold Coin was intended to be a legal tender at a fixed value of 16 Rupees for the Gold Mohur of Calcutta and 15 Rupees for the Gold Rupee of Madras and Bombay; but it is not demandable in payment and is left to find its current value in the market. In 1841 officers in charge of public treasuries were authorized to receive gold coins struck in conformity with the provisions of Act XVII of 1835, establishing the 15 Rupee pieces, but in 1852 when the gold from California and Australia began to pour their treasures over the globe and in apprehension that India would be inundated with gold, the proclamation of 1841 was rescinded and gold debarred from entrance into any of the treasuries. Since then the sovereign has been made a legal tender for 10 Rupees.

WEIGHTS AND MEASURES.

The origin of all *Weights and Measures* in England was derived from a grain of wheat; 82 of them, well dried and gathered from the middle of the ear, were to make one pennyweight; 20 dwts. 1 ounce; and 20 oz. 1 pound. It was subsequently thought better to divide the pennyweight into 24 equal parts, called *grains*.

William the Conqueror introduced into England what was called Troy Weight, from Troyes, a town in the province of Champagne, in France, now in the department of Aube, where a celebrated fair was held. The English were dissatisfied with this weight, because the pound did not weigh so much as the pound in use at that time in England. Hence arose the terms *avon du poids*, which was a medium between the French and the ancient English weights.

Avordupois Weight was first made legal in the reign of Henry VII, and its particular use was to weigh provisions and coarse heavy articles. Henry fixed the stone at 14 lbs., which has been confirmed by a recent Act of Parliament.

With respect to Measures of Length, it is recorded that the various denominations were constructed from a *corn of barley*, 3 of which, well dried from the middle of the ear, made an inch. Other terms were taken from portions of the human body—such as the *digit* ($\frac{1}{4}$ of an inch, or a finger's breadth), a *palm* (3 inches), a *hand* (4 inches), a *span* (9 inches), a *foot* (12 inches), and a *cubit* (18 inches), being the length of the arm or bone from the elbow to the wrist. A *pace* (5 feet), or two ordinary steps; a *fathom* (6 feet), from the extremity of one hand to that of the other, the arms oppositely extended. It is stated that Henry I, in 1101, commanded that the *ulna*, or ancient ell, which answers to the modern yard, should be made the length of his arm; and that the other measures of length were thence derived, whether *lineal*, *superficial* or *solid*.

The *restored standard of Lineal Measure*, whose length is called a yard is a solid square bar 36 inches long, and one inch square in transverse section, the bar being of bronze or gun-metal, at the temperature of 62° of Fahrenheit's thermometer, marked copper 16 oz., tin $2\frac{1}{2}$ oz., zinc 1 oz.; and near to each end a cylindrical hole is sunk to the depth of half an inch; the distance between the centres of the two holes being $3\frac{1}{2}$ feet or 36 inches, or 1 *imperial standard yard*. The standard *square* and *cubic* measures will therefore depend entirely upon it.

All Measures of Capacity were first taken from Troy Weight, and several laws were passed in the reign of Henry III, enacting that 8 lb Troy of wheat, taken from the middle of the ear and well dried, should make 1 gallon of Wine Measure, and 8 such gallons make a bushel.

The carat is divided into grains, and the grains into quarters, thus:—

The Carat.—Troy.

	B.	oz.	dwt.	gr.		dwt.	gr.
24 carats make	1	0	0	0	1 grain or $\frac{1}{4}$ carat make	$2\frac{1}{2}$	10

TROY WEIGHT.

24 grains	make 1 pennyweight (dwt.)
90 pennyweights	" 1 ounce (oz.)
12 ounces	" 1 pound (lb.)

By this weight gold, silver, jewels, and precious stones are weighed. It is also used in ascertaining the strength of spirituous liquors, and in experiments in natural philosophy, though the weights for this latter purpose are generally constructed in decimals from 10,000 grains to the one-hundredth part of a grain; it is used to compare the different weights with each other. The weighing of diamonds is an exception in jewellery; they are weighed by the carat, which is four grains.

14 oz., 11 dwt., 16 grs. Troy, are equal to a pound avoirdupois; or a pound Troy bears nearly the same proportion to a pound avoirdupois as 14 to 17 or 5,760 grains are a Troy pound, and 7,000 such grains are a pound avoirdupois. This standard was adopted as being the weight of a cubical inch of distilled water, which was found to weigh by Fahrenheit's thermometer (the barometer being at thirty-six inches), 252 grains, 458 thousandth part of a grain.

AVOIRDUPOIS WEIGHT.

16 drachms	make 1 ounce (oz.)	28 pounds	make 1 quarter (qr.)
16 ounces	" 1 pound (lb.)	4 qrs. or 112 lb.	" 1 hundred wt. (cwt.)
14 pounds	" 1 stone (st)	20 cwt.	" 1 ton (ton.)

By this weight are weighed all articles sold by weight, excepting gold, silver, platinum, diamonds, and other precious stones, and drugs when sold by retail.

The sign *lb.* (*libra*, a pound) could never have an *s* after it, the plural being *librae*.

A line is the 12th part of an inch.

The Scotch and Irish miles are about 1½ English.

The hand is rarely used except in the measurement of horses; and the fathoms in sounding the depth of the ocean or of miles. The navy long-line is 48 feet long.

N. B.—The square of a number is obtained by multiplying the number by itself as $12 \times 12 = 144$, the square of 12.

By this measure all things that have length and breadth are measured.

Land is measured by *Gunter's Chain*; which is as follows:—

Length.		Square.	
792 inches	make 1 link.	62726 sq. inches	make 1 sq. link.
12 inches, or 151½ links	" 1 foot.	2296 sq. links	" 1 sq. foot.

CUBIC OR SOLID MEASURE.

1,728 inches	make 1 solid foot.
27 feet	" 1 solid yard.
40 feet of rough, or 50 feet of hewn timber	" 1 ton or load.
42 feet	" 1 ton of shipping.
1 yard of earth	" 1 load.

The dimensions of timber, stones, excavations, and all works which have length, breadth and thickness, are taken by lineal measure; but the contents are calculated by cubic measure.

A Cube is a solid body, and contains length, breadth and thickness. A cubic number is produced by multiplying the simple number twice into itself; thus 343 is a cubic number, being produced by multiplying the number 7 twice into itself; as $7 \times 7 \times 7 = 343$.

ARTIFICERS' TABLES AND CALCULATIONS.

800 do. 2 inch ditto

20 deals 12 feet long, 3 inches thick, 9 inches wide, $5\frac{1}{2}$ loads.

1 ditto contains 2 feet, 3 inches cubic.

A batten is from 2 to 8 inches broad, and from $\frac{1}{2}$ to 1½ inch thick.

A deal is above 7 inches wide.

A plank is 11 inches wide, or above.

120 deals are 1 hundred.

TO MEASURE PIPES, TANKS, &c.

The following is a rough-and-ready way to find the contents of circular tanks, wells and pipes:—

Square the diameter in inches, and cut off the right-hand figure as a decimal, and the result will be gallons in each 8 feet (yard) of depth,—or length, if a pipe; as,—

PIPES.

Diameter	Inches.	Square.	Gallons
Inches.			in 8 feet.
2	$2 \times 2 =$	4 or	04
6	$6 \times 6 =$	36 or	36
12	$12 \times 12 =$	144 or	144

WELL OR TANK.

88	$88 \times 88 =$	1,396 or	1396
100	$100 \times 100 =$	10,000 or	1,0000

TO FIND THE CONTENTS OF A BARREL.

If the diameter is equal everywhere—Multiply the square of the diameter in inches by the depth, and divide the product by 359. Thus a barrel with the diameter of 86 inches, and 60 inches deep; $86 \times 86 \times 60 = 64,800 \div 359 = 180\frac{1}{2}$ old measure = 188 $\frac{1}{2}$ Imperial gallons. If the centre or bung diameter is larger than the ends—First square the centre diameter in inches; and then multiply it by 2, to which add the square of the diameter of the end; then multiply this by the length of the cask and divide by 1,077. Thus a barrel with a centre diameter of 98 inches, and 95 inches and length 86 inches: $98 \times 98 \times 2 = 1,968 + 625 (25 + 25) = 3,168 \times 86 = 78,948 \div 1,077 = 78$ old measure = 74 $\frac{1}{2}$ Imperial gallons.

TO MEASURE TIMBER.

In order to ascertain the contents of unsquared timber, multiply the square of the quarter girth, or of $\frac{1}{4}$ of the mean circumference, by the length. When the buyer is not allowed his choice of girth in taper trees, he may take the mean dimensions, either by girthing it in the middle for the mean girth, or by girthing it at the two ends, and taking half of their sum. If not, girth the tree in so many places as is thought necessary, then the sum of the several girths divided by their number, will give a mean circumference, the fourth part of which being squared, and multiplied by the length, will give the solid contents.

The superficial feet in a board or plank is known by multiplying the length by the breadth. If the board be tapering, add the breadth of the two ends together, and take half their sum for the mean breadth, with which multiply the length.

The solid contents of squared timber are found by measuring the mean breadth by the mean thickness, and the product again by the length. Or multiply the square of what is called the quarter girth, in inches by the length in feet, and divide by 144, and you have the contents in feet.

1.—When Government 4 per cent Securities sell at 76, what are the equivalent values of the 5 and 5½ per cent. loans?

In the table opposite 76 in the first column are 95, the value of 5 per cent loan, and 104½ the value of 5½ per cent. loan—the interest in all the three cases being 5 263 or 55-19 per cent

2.—At what price should I purchase 4 per cents to obtain 5½ per cent. for my money?

In the fourth column opposite 5½ or 5-5 in the column for 4 per cent. stands 72 727 or 728 11 the price required.

3.—What would I gain, by selling out Rs 10,000, 5 per cent. Government loans at 104 and purchasing 5½ per cent at 112?

In the third column opposite 104 in the 2nd, is..... 114 4

Gain on Rs. 100 of Capital 112

And in the fourth column opposite 112 in the 3rd, is 4 911 per cent.

" " " 104 " 2nd, 4 808 "

Difference, or gain per cent per annum on Capital 0 103 " or fully 1-10 per cent being Rs. 10 5a. on every Rs 1,000 is invested.

4.—To find the equivalent values of four and 5½ per cent. Securities when 5 per cents. are selling at 103½, or Rs. 103 6a.

Hence 82-4 + -3 = 82-7, the equivalent price of 4 per cent, and 113-3 + 413 = Rs. 113,713, or Rupees 113, 11a. 5p. the equivalent price of 5½ per cents.

CHAPLAINS' VISITS TO OUT-STATIONS.

Extracts from Court's Despatch, 12th April 1842.

"Section 27 of the Regulations respecting leave of absence and deputation and travelling allowances which we have recently approved, you will find a Rule on the subject of travelling allowances on joining a station, and when any change takes place except at the desire of the Chaplain or Assistant Chaplain.

3 But to avoid inconvenience and guard against the possibility of misunderstanding, we think it desirable that for every circle of stations, the Lord Bishop should be requested to frame a plan determining the periods at which each place shall be visited by the Chaplain or Assistant Chaplain officiating in such circle, which plan being approved by Government shall continue in force till varied by the same authority. As minute local information will be necessary to the successful formation of such plan, we can only offer a few suggestions on the subject. The frequency of Ecclesiastical visits should be governed in a great degree by the extent of the Christian population of the place to be visited. A place may contain not more than three or four members of the English Church, and though it might not be right to exclude those few persons from the benefit of Christian ordinances, it is obvious that in the present state of our Ecclesiastical Establishment such a place could not be visited frequently without injury to others of greater importance. An annual visit might in some cases be all that could reasonably be afforded; while to others, visits twice, three or four times a year, might be expedient; and to others again, which might be more populous, it might be desirable that visits should be made once in six weeks, or once a month.

4. When a circle of Stations may, from the deficiency of our Establishment, or any other cause, be left without a resident Clergyman, we are of opinion that the Chaplain or Assistant Chaplain of a neighbouring district should, as desired by the Lord Bishop, be appointed to visit the Station thus deprived of clerical services. In such cases the most convenient course will be for the Lord Bishop to bring the subject to the notice of Government, and submit a plan of visitation. Such plan being approved, the Chaplain or Assistant Chaplain who can most conveniently discharge the required duty, should be specially appointed thereto, and thenceforward be entitled to draw travelling allowances in conformity with the provisions of the plan, and in accordance with our Financial Despatch of the 30th October 1839.

5. We should lament that the practice of visiting Stations at which no Clergyman is permanently resident should be discontinued, and it would be unjust to subject the Clergy to the expense attendant to such visits. Under these impressions we deem it proper to sanction the payment of such reasonable charges not exceeding those authorised in our Despatch of the 30th October 1839, before referred to, and we are encouraged in this view by the fact that although Chaplains and Assistant Chaplains when absent from their duty are subject to the same deductions as Civil Servants, no charge is incurred in providing for the duty of the absentee. The deductions may thus be regarded as a fund, meeting to a certain extent the extra charges incurred by occasional or provisional visits of the Clergy to Stations in which they do not reside."

The revised Plan, determining the Circle of Out-stations for the several Chaplaincies under this Presidency, is published for general information in lieu of the one sanctioned under date 19th October 1852.

RULES RELATING TO BURIAL GROUNDS FOR THE DIOCESE
OF MADRAS.

Fort St. George, 29th October, 1866.

I. The Chaplain of the Station shall have the care of the General Cemetery. It shall be his duty to apply to the proper Officer, when the walls want repairing; to see that weeds, grass, or jungle be cleared away, and the remains of dilapidated tombs be removed, and that the Cemetery be kept in proper order.

In the absence of the Chaplain, the Lay Trustees shall have the care of the Cemetery.

N. B.—These Rules apply in places where there is no Chaplain, to Ministers of the Additional Clergy Society, and to any other Clergymen who are appointed to the charge of English Congregations, and are in receipt of part of their salary from Government.

II. The Sexton or Lascar in charge of the Cemetery, shall be borne on the Church Establishment, and shall be paid by Government through the Chaplains, with whom the appointment and dismissal of this servant shall rest.

III. In every station, a portion of the Cemetery shall be set apart for the use of members of the Roman Catholic congregation. For the use of any body or bodies of Christians at such station, not being members of the Church of England, nor of the Church of Rome, another portion of the Cemetery shall be appropriated, should they desire it, for the sole use of such congregation, or for the joint use of such congregations. The portions thus set apart shall not be fenced or walled off, but simply divided by a pathway, from the rest of the Cemetery, and shall be added to, or reserved from, the existing Cemetery according as such Cemetery has, or has not, been consecrated according to the rites of the Church of England. The whole Cemetery thus divided shall be surrounded by a wall, and shall have but one gate of entrance. The entire Cemetery shall be under the care of the Chaplain, for the purposes specified in Rule I. The key shall be kept by the Sexton or Lascar acting under the Chaplain's directions, so that access to the ground may be had by those having a right thereto, easily and without delay.

IV. The Chaplain shall provide that one or more graves be kept ready for cases of sudden emergency. Such graves shall be covered with planks or boards. No grave shall be less than six feet deep.

V. A scale of charges for ordinary masonry-graves, headstones, and tombs, to be submitted by the Undertakers at each station, and approved by the Chaplain and District Engineer, shall be affixed to the Cemetery gate, or to the wall of the Church Porch, or exhibited in some other suitable place.

VI. Inscriptions intended for monuments to be placed in that portion of the Cemetery devoted to the Church of England, and for tablets to be placed in Churches shall be submitted to the Chaplain for approval, if not approved, such inscriptions shall not be allowed to be engraved on such monuments or tablets. But any party considering himself aggrieved by the Chaplain's decisions, may appeal to the Bishop.

VII. Stone or brick monuments shall not be placed over any but masonry graves; such monuments, unless built over masonry work, are liable to fall in during the rains. Brick monuments are to be discouraged, as they soon fall into decay in this climate.

VIII. The dimensions of no monuments shall be allowed to exceed nine feet in length, and four and a half feet in width. In special cases, where more space is desired, a fee calculated at the rate of Rupees 8 for every square foot, shall be charged by the Chaplain. The sum collected shall be placed to the credit of the Fund for improving the Burial Ground, and repairing the monuments in it and the Church.

IX. The Chaplain shall communicate with the friends of the deceased when a monument requires repair. Should a monument fall into a ruined condition, and no one be willing to undertake its restoration, the ruined monument shall be made level with the ground, and any slab it may have contained shall be placed over the grave.

X. Every reasonable effort shall be made by the Chaplain, not only to keep the Cemetery in decent order, but to preserve the sacred associations of the place, by suggesting appropriate designs for monuments, and by planting the ground with suitable trees. The money obtained by the sale of the grass, and the fees abovementioned, shall be laid out in the improvement of the Cemetery.

XI. The Cemetery shall be inspected once a year by the Chaplain, in company with the Executive Engineer, and a report made to the Archdeacon; such reports shall be recorded in the Ecclesiastical Record Book of the station, and also in the Engineer's Office.

XII. The Collector, or one of his Assistants, shall annually, or as occasion may require, visit all Cemeteries in his District, as well as those disused as those still in use, and shall make suggestions to the Clergymen or Lay Trustees in charge, and, if necessary, shall make a brief report to the Government or Archdeacon, regarding the condition of such Cemeteries.

XIII. Officers Commanding Regiments or Detachments shall cause a report to be made to the nearest Civil Officer of graves dug for Commissioned Officers, for Non-Commissioned Officers and Soldiers dying on the line of march, in order that measures may be taken for the effectual protection and preservation of such graves.

XIV. At stations where there is no Chaplain or other Clergyman in the pay of Government, the Lay Trustees will perform all the duties assigned to the Chaplain by these rules, with the exception of the approval of the inscriptions, which are to be forwarded to the Chaplain of the station or, during a vacancy, to the Archdeacon; such inscriptions shall not be engraved till the sanction of the Chaplain or Archdeacon is obtained. The Lay Trustees in stations where there is no Chaplain, shall place the key of the Cemetery at the disposal of the visiting Chaplain, on the occasion of that Minister's periodical visits to his out-stations. In the absence of a Clergyman of the Church of England, one of the Lay Trustees, or some Officer appointed by him, shall read the burial service at the interment of all persons entitled to burial according to the rites and ceremonies of the Church of England, and shall forward a return of the same, in duplicate, by the first post, one copy to the Registrar of the Diocese, Madras, and the other to be deposited in the Office of the Collector of the District. Forms can be obtained by application at the Office of the Diocesan Registrar, Madras.

CHURCHES AND CHAPELS.

The following P. W. D. Standing Order, No. 87 of 1886, regarding the expenditure of public money on Churches and Chapels in Military and Civil stations, is, we learn, to be considered applicable to the Madras Presidency —

Churches and Chapels in Military and Civil Stations.

The following general principles and rules regarding the expenditure of public money on Churches and Chapels are published for general information, and must be strictly adhered to by local Governments and Administrations in considering proposals for such works, and in according sanction to them —

I. In the case of purely Military stations, where there is no European population excepting the troops, such as the Hill Sanitaria at Dugshai or Subathoo, &c., applications for Protestant Churches, will not, as a rule, be entertained by the Government, and a Regimental School-room or other large suitable building should be made available for Divine worship.

II. Where, however, a Military station is of a permanent character, and there is also a Civil European community, Protestant Churches are desirable, and will be constructed by the Government.

III. Roman Catholic Chapels will be provided by the Government to the extent required for troops in those Military stations in which sanction is accorded to the erection of Protestant Churches.

IV.—The amount of Government Grant for a Protestant Church, will, in no case, exceed such a sum as will suffice to provide a plain substantial building adapted to its special purposes and large enough to contain the whole congregation which may ordinarily be expected to attend together with such plain furniture as is essentially necessary for the proper performance of the service according to the ritual of the Church of England. It will rest with private individuals to furnish the means of imparting ecclesiastical features, and architectural decorations to the building, should they desire it, and also of supplying additional furniture, or furniture of a more costly description and means of lighting.

V. The same principles with regard to the extent of accommodation and amount of the Government Grants will hold good in the case of Roman Catholic Chapels.

VI.—At the chief Civil station of a district, the Government will be ready to provide a small Protestant Church, on a scale commensurate with the probable congregation to be accommodated, whenever the community of the station is willing to bear a portion of the expense, the share taken by the Government being calculated on the principle above laid down, viz., that the Government will provide the cost of the solid and essential parts of the fabric, while it shall rest with the community to supply the means of giving to the building the special architectural character and the distinguishing features of ecclesiastical form, which it is desirable Churches should possess.

VII.—The following sums are fixed as sufficient to provide places of worship on the above principles for the various details of troops and for Civil stations. The scale of size for Military stations, and of expense for all Churches or Chapels, now laid down, are in no case to be exceeded without a reference to the Government of India, even though the proposed expenditure may be within the power of sanction, vested in the Local Government or Administration.

RULES RELATING TO THE OFFICE AND DUTIES OF LAY TRUSTEES IN THE DIOCESE OF MADRAS.

FORT ST. GEORGE, 29th October, 1867.

I. Two Lay Trustees are appointed to each Chaplaincy or station where there is property belonging to or held in trust for the Church of England.

II. At Civil stations, or Joint Civil and Military stations, the Senior Civil Servant should be appointed a Trustee, provided that he is a communicant of the Church of England, and has no objection to hold the office. At Military stations the Officer Commanding the Cantonment or Garrison under the same provisos. When these Officers are unwilling to hold the office the officer next in seniority (Civil or Military as the case may be), if qualified as above, should be nominated.

III. The second Trustee may be any communicant resident at the station, nominated by the Chaplain, and approved by the Bishop.

IV. When the office of either Trustee is vacant, the Chaplain should report the circumstances to the Lord Bishop, for the information of Government, and at the same time nominate a duly qualified person to fill the vacancy.

V. The duties of the Trustees are in many respects similar to those of Church Wardens in England. They are appointed to see that the Church and Churchyard or Cemetery* are kept in good order and repair, to provide for the preservation of the property belonging to the Church, to present to the Bishop or Archdeacon, either on their visitation or immediately by letter, whatever is wrong or irregular on the part either of the Chaplain or the congregation, and to aid and assist the Chaplain in the performance of his duties.

VI. During the absence of the Chaplain or other licensed Clergymen, one of the Lay Trustees is, in ordinary cases, the proper person to read the Service and a sermon on Sundays, and to take charge of the Register and other books connected with the Chaplaincy.

N B—It is to be borne in mind that Lay Trustees have no power to interfere in the administration of Divine Service, but merely to represent to the Ecclesiastical authorities whatever they may deem objectionable. Their office in this respect is one of observation and complaint, not of control.

VII. The Lay Trustees, in conjunction with the Chaplain or Minister, form a Committee of Management on all Church matters, and should meet for business once in each month, or oftener, if necessary. The assignment of seats in Church and (in places where they are authorised) the collection and disbursement of pew rents, the management of school and charity funds, should be supervised and arranged by the Committee at their Meetings.

VIII. All indents, letters, proceedings and other papers emanating from a Church Committee, are to be signed by both the Lay Trustees (unless for special reasons which are always to be assigned), as well as by the Chaplain; and all indents, letters, &c., received or sent, are to be entered in a correspondence book distinct from that of the Chaplain, and should be produced for examination at Meetings of the Committee.

IX. The Chaplain or Officiating Chaplain or Minister present, as a mark of respect due to religion in the person of its Minister, presides at all Meetings of the Committee of Management and signs proceedings and letters as President, and the two Lay Trustees in the order of their relative rank.

X. The Church Committee are responsible that no alteration is made whatever in the Church or Churchyard without representing the matter to the Archdeacon, who will, except in matters of trifling importance, bring it before Government for their sanction.

XI. When any addition, alteration, or improvement to a Church or other Ecclesiastical building is considered necessary, or when any new building is required, the subject should be brought with full explanation to the notice of the Bishop, who, if approved by him, requests the Archdeacon to submit the same for the consideration and orders of Government, on whose approval the necessary plans and estimates (if not previously furnished) are called for from the Public Works Department.

XI. All ordinary repairs to Ecclesiastical buildings in the provinces, the cost of which does not exceed Rupees 50, are effected, and all trifling articles within the same limit are supplied on the direct application of the Church Committee in the provinces by the District Executive Engineer, and at the Presidency by the Barrack Master. Contingent charges for the supply of matting, blinds, and other articles of a similar kind necessary for each Chaplaincy, not exceeding 50 Rupees per annum, will be entered in a Contingent Bill, which should be submitted for the approval of the Archdeacon.

Rules in regard to the Levy of Ecclesiastical Fees.

ECCLESIASTICAL, Simla, the 20th September, 1869, No. 482.—The following amended Rules for the levy of Ecclesiastical fees throughout India, which have been framed by His Excellency the Governor-General in Council, are published for general information in supersession of the Rules which appeared under Notification, No. 648, dated the 18th September, 1868:—

I.—No fees are charged for the performance of the rite of baptism or burial, or for the registration of the performance of those offices.

II.—In addition to the fee for the Surrogate's license, a fee of Rs. 10 shall be charged on all marriages by license, except the marriages of Officers and others in the Military or Naval Service of Her Majesty.

III.—The fee for the Surrogate's license shall be Rs. 50 both at the Presidency Towns and in the interior. No fee will be charged on marriages by banns.

IV.—When registers are searched and copy of any entry given, a fee of one Rupee shall be charged for the first year,* and four Annas for every additional year over which the search may extend, as well as a fee of one Rupee for the certificate. Soldiers, Sailors and Non-Commissioned and petty Officers are exempted from payment.

V.—A fee of eight Annas for every square foot of ground occupied shall be charged for the construction of any masonry grave in a burial ground.

VI.—A further fee of one Rupee per square foot shall be levied on the erection of a monument in a burial ground, provided, however, that for a simple headstone or flat slab of the size of an ordinary headstone, an uniform fee of Rs. 15 only shall be charged. A fee of Rs. 75 shall be levied on a faculty for the erection of a monument in a Church.

VII.—The fees levied on the construction of masonry graves and the erection of monuments shall form a fund for keeping the burial ground and Church compound in order except in Calcutta, Madras and Bombay, where they will be credited to Government.

VIII.—British Soldiers and Non-Commissioned Officers are exempted, with retrospective effect, from the payment of any fee for the construction of masonry graves, or for the erection of monuments in burial grounds to the memory of their comrades, wives or children. No monument, however, either regimental or private, shall exceed six square feet, and no masonry grave shall occupy more ground than an area of eight feet by four. The simple stone slab or headstone should be generally adopted.

IX. The Chaplain may at his discretion reduce, or altogether remit in cases of extreme poverty, the fee for searching registers and making copies, as well as the fee leviable on the construction of masonry graves, but not for the erection of monuments.

X.—The fees prescribed in these Rules should be paid to the Chaplain, or, in the absence of the Chaplain, to the Officer in charge of the burial ground, and shall be duly accounted for.

All fees levied for masonry graves and for cemetery monuments and all other receipts for cemeteries will now be placed at the disposal of the Provincial Governments who will take them as an asset simply with the gross, and will provide per centum in their budgets under the heads "Department Public Works" and "Civil" (Ecclesiastical) respectively, for such repairs as are to be done by the Chaplains or other Officers in charge of cemeteries as laid down in the Resolution of the Financial Department, No. 8015, dated 3rd September, 1870.

Letter from the Officiating Under-Secretary to the Government of India, Home Department, (Ecclesiastical), to the Secretary to Government, Fort St. George, dated Simla, 8th July, 1872 No. 165.

"The Lord Bishop of Calcutta having brought to notice that difficulty is occasionally experienced by Chaplains in collecting fees, under existing rules, on monuments and masonry graves, the Governor-General in Council considers that in all cases where such difficulty arises the duty of collection should be made over by the Chaplain to the Magistrate or Deputy Commissioner in charge of the district in which the burial ground may be situated; and I am to request that, with the permission of His Excellency the Governor in Council, instructions may be issued to the District Officers accordingly."

Orders for the performance of Funeral Rites on verdicts of Coroner's Inquests.

NOTIFICATION—*Fort Saint George Gazette, June, 11, 1850, page 623.*

The Right Honorable the Governor in Council is pleased to rescind the Order of Government of 8th April, 1842, which directs a copy of the verdict of the Coroner's Inquest to be furnished, when practicable, to the Clergyman who is to officiate at the interment of a body on which an inquest may have been held, and the Reverend Chaplains will in future consider the warrant of the Coroner for the interment of a body on which an inquest has been held to be a sufficient authority for their performance of the Burial Service over it, if it would be their duty, under ordinary circumstances, to perform that service.

2. In the provinces where no Coroner's jurisdiction exists, the same course will be observed by the authorities appointed to enquire into the causes of sudden death, and the same difference will be paid by the Clergymen to their certificates of Warrant.

Parties desirous of being married should apply direct to some Surrogate residing near them; but from places where there is no Surrogate, application should be made to the Registrar, who will procure a commission under the Episcopal Seal, authorizing some persons to administer the usual oath and grant the necessary license. None but a Clergyman of the Church of England can marry by virtue of Episcopal license. Parties who cannot on account of distance obtain the services of a Clergyman to marry them must state the fact, and apply to the Brigade Major, Fort Saint George, who will obtain the permission of the Right Honorable the Governor for their marriage under which the Senior Judicial Officer of any station is authorized by Government to marry them.

In the case of a minor in H. M.'s or the Honorable Company's Services, the written consent of the Governor must be obtained previous to the publication of Banns, or the grant of a license.

Further information respecting marriages can be obtained on application to the Registrar of the Diocese, F. Rowlandson, Esq., B.A., LL.B.

756 INSTRUCTIONS FOR THE GUIDANCE OF SURROGATES. [PART VIII,

Instructions for the Guidance of Surrogates in administering Oaths and granting Marriage Licenses within the Diocese and Archdeaconry of Madras.

1. The Surrogate will use great caution in examining the parties to be sworn filling up the Forms with the names, rank, and places of residence, and dates at full length.
2. In no case is a License to issue unless the parties are sworn before the Surrogate, and in case of doubt or difficulty the Surrogate will refer to the Registrar as recommended in the Surrogate's appointment.
3. In case the lady to be married has been divorced, the License should issue in her maiden name.
4. In case the party to be married is a minor, consent of the father if living must be obtained, or if the father be dead, the guardian of the person of such minor, and in case there be no such guardian, then the mother of such minor may give consent, unless no person authorized to give such consent be resident in India.
5. In case the party to be married is a minor, either in the Civil or Military Service, and without possessing either parents or guardian in this country, the consent of the Governor of Madras must be obtained by the minor to his marrying under age, unless the proper consent can be shown to be already given on the part of the absent parents or guardians to his marrying as a minor, in which case the consent of the Governor of Madras need not be obtained.
6. If the parties to be married are both of full age (twenty-one years), and both of them are to be sworn, the Surrogate will use No. 1 Form; but if one of the parties is prevented from attending and another person joins in the Affidavit on behalf of the party not present, No. 2 is in such case to be used instead of No. 1.
7. If one of the parties only is of full age (namely, twenty-one years), and the other is under that age, and the parent, next friend, or guardian makes oath on the part of the minor as to age and consent, the Surrogate will use No. 3 Form.
8. If both the parties are minors (under the age of twenty-one years) and the respective parents, next friends, or guardians swear on their behalf, No. 4 is to be used.
9. In case the lady to be married is a widow and under the age of twenty-one years' Oath No. 1 is to be used, the Surrogate first running his pen through the words, "that they have respectively attained their respective ages of twenty-one years and upwards," and adding at the foot of the oath (above the signature), "the former being twenty-one years of age and upwards, and the latter a widow."
10. The Surrogate having filled up, and the party having read and signed the Affidavit at the proper places, the former will then give the Testament to the party to be sworn, and holding the paper in his hand, say, "You (A B.) do swear that the contents of this your Affidavit are true. So help you God."
11. The party answers, "I do," and kisses the book, repeating, "So help me God."
12. The same form is observed to each person sworn.
13. The Surrogate will then fill up the License, date and sign it, adding his title as Surrogate, and hand the License to the parties.
14. In case of any caveat entered in the Registry or intimation received through the Surrogate against the grant of a License, the Surrogate will ascertain the particulars and communicate the same to the Registrar for the immediate advice, refusing the License until the result of that reference is known and forwarding any Affidavit sworn.
15. The Surrogate will forward to the Registrar for record all Affidavits as above on the day they are administered, and the Licenses with the Quarterly Returns, unless sooner or whenever required.
16. A fee of Government Rupees fifty to be received by the Surrogate on each License previous to delivery of the same to the parties entitled to receive such License, Rupees sixteen of which fees for the License being due and payable to the Registrar, are to be transmitted to him either on the day the License is granted or with the Quarterly Returns.

* Senior Marriage Registrar.

THE INDIAN CHRISTIAN MARRIAGE ACT XV OF 1872.

ECCLIESIASTICAL DEPARTMENT, Fort St. George, March 14, 1874.

Rules for the submission to Government of the Returns of Marriages solemnized under Act XV of 1872, and for the disposal of marriage fees.

Under the provisions of Section 68 of the Indian Marriage Act (No. XV. of 1872) the Right Honorable the Governor in Council is pleased to direct the observance of the following Rules for the disposal of the fees prescribed by Section 82, the supply of register books, and the preparation and submission of returns of marriages solemnized under the Act.

*Head I.—Rules relating to Persons who have received Episcopal * Ordination (but who are not Clergymen of the Church of England nor the Church of Rome), and to Ministers of Religion who, under Section 6 of the Act, have obtained licenses to solemnize marriages.*

Definition of "Minister."

1. The term "Minister" will be used for both of these classes of officers under this Head.

2. As required by Section 84 of the Act, a Minister will forthwith detach from his marriage register book every certificate of marriage solemnized by him and transmit it, *within one month from the time of solemnization* of such marriage, to the Marriage Registrar or Senior Marriage Registrar of the District, or to the

Magistrate of the District, when there is only one Marriage Registrar, in a district, and such Registrar is absent from the District, or ill, or his office is temporarily vacant (Section 7). Ministers in Madras should forward their certificates to the Senior Marriage Registrar for the Town of Madras.

3. The form to be used by Ministers for this purpose is given in the fourth schedule of the Act.

4. The Marriage Registrar or Magistrate acting under Section 7 on behalf of the Marriage Registrar, as the case may be, is required by Section 84 and the two following sections of the Act.—

(a)—To add to each certificate the number of the entry of the copy in the book to be kept by him under Section 84;

(b)—To affix to it his signature or initials; and

(c)—To transmit all the certificates received during the month to Government, together with the certificates from his own marriage register book, if he should have solemnized any marriages during the month.

5. On the face of every certificate of marriage thus forwarded, the Minister *must* distinctly state if either party to the marriage is a *British subject*, as in this case it is imperative that the certificate should be forwarded to England. If neither party to the marriage be such, that fact also must be stated; and it

must be noted in the latter case if either of them desires the certificate to be transmitted to England for delivery to the Registrar-General of Births, Deaths, and Marriages.

6. The following is the definition of the term "*British Subjects*" which should be adopted in carrying out the above distinction:—"The term *British Subject* means (1) a subject of Her Majesty, born, naturalized or domiciled in the United Kingdom of Great Britain and Ireland, and (2) the child or grandchild of any such person by legitimate descent.

Native Christians.

7. The certificates furnished by Ministers are not to include entries of marriages between Native Christians.

These marriages, under Section 87 of the Act, must be registered in a separate register book in the form given in Schedule 4 of the Act. When certificates of such marriages are given, they shall also be in the form given in Schedule 4. The headings of this register book should be in the language of the district in which the register is kept, but so much of it as has to be filled in by the hand of the person performing the ceremony must be in his own vernacular language. This book, when filled, must be dealt with as directed by Section 87. Under Section 64, true extracts from this register book shall be deposited in the office of the Marriage Registrar or Senior Marriage Registrar of the District, or in that of the Magistrate of the District when the Marriage Registrar is absent from the District, or ill, or his office temporarily vacant on the 31st December of each year. For the form of extract see Appendix 1.

* Such as Clergymen of the Armenian and Greek Churches.

8. Applications from persons connected with any Missionary Society for licenses should be submitted to Government by the Secretary or Senior Chaplain of the Society through the Magistrate within whose jurisdiction the applicant may be residing, or in the case of residence in Madras, through the Senior Marriage Registrar for the town of Madras. Those officers should also forward an expression of their opinion. In every case the name of the applicant should be given in full.

9. When any person desires to resign the office of a Minister licensed to solemnize marriages under the Act, or is about to leave the station or district in which he has exercised such functions, it is particularly requested that he will report the circumstance to the Marriage Registrar or to the Magistrate of the District, as the case may be, and make over to him for safe custody the marriage register books, and all forms and other documents appertaining thereto, unless his (the Minister's) successor be duly licensed to solemnize marriages under the Act, in which case the books, forms, and documents referred to should be made over to such successor, and the fact should be reported to the Marriage Registrar or to the Magistrate of the District when there is no Marriage Registrar for information. In Madras the report should be made to the Senior Marriage Registrar for the town of Madras.

10. A form of report is given in Appendix No. 2.

Copies of the Certificate should never be sent The original is required in every case.

2. A form of the certificate is given in the fourth schedule of the Act.

3. On the face of every certificate of marriage thus forwarded, the Marriage Registrar must distinctly state if either party to the marriage is a British subject within the meaning of Rule 8 of the foregoing Rules (Head I), as in this case it is imperative that the certificate should be forwarded to England. The Magistrate, or the Senior Marriage Registrar, as the case may be, should forward the applications to Government with an expression of his opinion.

5. When any person, not being a Marriage Registrar of the district, desires to resign the office of Marriage Registrar under the Act, or is about to leave the district in which he has been authorised to exercise the functions of a Marriage Registrar, it is particularly requested that he will report the circumstance to the Magistrate of the District, and make over to him for safe custody the marriage register books, and all forms and other documents appertaining thereunto, unless his (the Marriage Registrar's) successor be duly authorised to register marriages in the same district under the Act, in which case the marriage register books, forms, and documents referred to, should be made over to such successor, and the fact be reported to the Magistrate for information. Fort St. George 14th March, 1874.

Rules for submission of Quarterly Returns of Baptisms and Burials of European Christians.

The Governor in Council having, under the Indian Christian Marriage Act of 1872, prescribed Rules for the submission of Returns of Marriages, deems it desirable to issue the following Rules for the submission of Quarterly Returns of Baptisms and Burials of European Christians.

1. In addition to the Quarterly Marriage Returns required under the Indian Christian Marriage Act, 1872, the Government require the submission, for statistical and other purposes, of Quarterly Returns of Baptisms and Burials of European Christians, i. e., of "all Christians of European birth or descent, or of mixed European and Native descent," in the forms specified in Appendices A to C.
2. The Registrar of the Diocese is not called upon to use the certificate of correctness of the Returns as each Clergyman certifies to their correctness at the foot of each Return. The Senior Chaplain of the Church of Scotland is also permitted to write the certificate of correctness on the Returns.
3. The Return relating to baptisms and burials of each quarter should be kept distinct and not contain entries which belong to other quarters.
4. These Returns are to include no entries in respect of Native Christians.
5. Whenever there may have been no baptisms or burials recorded during any quarter, a "Certificate of No Occurrence" (see Appendix B) should be forwarded.
6. As the Government desire to possess a record of all deaths of European and Eurasian Christians buried by the laity and not only of those buried by the Clergy, all magisterial officers are required to report every burial by laymen within their several jurisdictions to the resident Chaplain, or to the Chaplain or Minister who visits the station at which the burial has taken place, in order that it may be included in the Returns furnished by him to the Registrar of the Archdeaconry.

* Indents should be forwarded in triplicate to the Superintendent of Stationery.

7. In cases of burials performed in places not visited by any Chaplain, the report should be made to the nearest Clergyman.

8. A list of all the stations and out-stations in Madras, showing by what Clergymen the out-stations are visited under the orders of the Lord Bishop of Madras, will be found in Appendix F.

9. For the purpose of registering burials not performed by Clergymen of the Church of England, or by laymen according to the forms of the Church of England, the following Rule will be adopted:—"In every Register Book there should be a separate page or pages, with heading and form distinct from those entries of burials in which at present the Clergyman or layman officiating himself enters and certifies the record of the service which he has performed. In this part of the book the Chaplain shall enter (as a copy) the copy of the certificate transmitted to him by the magisterial officer of the district. In this form there should be added a statement of the place of interment. The Chaplain shall copy these entries and return them with the others in his Quarterly Return certifying the correctness of the copies which he makes."

10. The reports made by magisterial officers to Chaplains should include the names of all European and Eurasian Christians buried by laymen, whether the funeral service be conducted according to the form of the Church of England or not.

11. The same rules are applicable to baptisms when performed by laymen.

Returns to be forwarded within one month.

Officers who are required to submit Returns.

12. All officers who forward the Quarterly Returns to Government should forward them, if possible, within one month after the close of each quarter.

13. The officers who are required to submit these Quarterly Returns of baptisms, and burials to Government are—

(1)—The Registrar of the Diocese, who collects them from (a), Chaplains in the service of Government, (b), Senior Chaplain of the Church of Scotland, (c), Clergymen (not being Covenanted Chaplains) ministering under the Bishop's license.

(2)—The Right Reverend the Vicar Apostolic in the Madras Presidency, who collect them from the various Roman Catholic registering officers within the Presidency.

(3)—The Very Reverend the Vicar-General of St. Thome, who collects them in a similar manner.

(4)—Ministers of religion licensed to solemnize marriages under the Indian Christian Act, Section 6, and any other Ministers not included in any of the before-mentioned classes, who perform such offices as well as Ministers of the Baptist denomination who will furnish registers of births in lieu of Baptisms.

14. Forms of Returns will be issued gratis on application to the Chief Secretary to Government.

By order,
D. F. CARMICHAEL, Acting Chief Secretary.

Garrison Battery	50	.

7. *May include provision for additional sittings in certain cases.* Any reasonable provision that may be necessary can also be made for Staff Officers, Officers of Native Regiments, and where no Civil Church exists, for British-born European subjects in the service of Government or of the local Railway Company.

8. *Limitation on provision of Churches in each station.* As a rule, only one Protestant Church and one Roman Catholic Church will be provided at any Military Station, and where the number of sittings required for the troops according to the scale given in para. 6 is very large, the size of the Church may be regulated so as to allow of at least one-half of the troops attending service at one time.

9. *Government grant for Churches.* The Government grants for Churches at Military Stations will be regulated on the following basis. The Executive Engineer should prepare a ground plan, which will afford accommodation for the total congregation to be provided for, according to the scale laid down in paras. 6 and 7, allowing 6 superficial feet per sitting, exclusive of all passages and other parts not actually occupied by the

congregation. To the total superficial area thus arrived at and sanctioned by competent authority may be applied a rate per superficial foot 25 per cent. in excess of that which prevails at the Station (or at any Station in the District where the general rates for works are the same) for ordinary single-stored buildings. The result will represent the Government grant.

Civil Stations.

10. *Churches at Principal Civil Stations.* At the chief Civil Station of a District, or at a Railway Station where there are at least 25 British-born European subjects, Protestants or Roman Catholics, in the service of Government or of a Railway Company, and where no Church exists already, the Government will contribute towards Church accommodation upon the following terms:—

(1) Number of sittings required.	(2) Maximum Government grant.
	RS.
25	2,000
50	3,500
100	5,000
150	6,000
200	7,000
250	8,000
300	9,000
350	10,500
400	12,000
For any excess over.....400	Rupees 30 per seat in excess.

Note—For Protestants accommodation will be provided for the Church of England service only.

Number of sittings to be provided to include provision for women, children & pensioned soldiers. In ascertaining the number of seats to be provided, women, children and pensioned soldiers and their families may also be taken into account, two children being counted as one adult. In cases of stations where abnormal rates prevail, special application may be made to the Government of India for an increase to the grant given by the State.

Limit on number of sittings to be provided. But no grant for more than 200 sittings will be made except at seats of Local Governments and Administrations, at Hill Sanitaria, or at Railway Depôts. In the two latter cases, the number of European-born British subjects in Government or Railway service must exceed (without their families) 120, to warrant the grant for a Church of greater accommodation than 200 sittings. When the number of sittings required is intermediate between the number given in the table, the grant for the seats in excess of the nearest number below the number required will be at the rate of the next lowest number in the table. And in no case will the Government grant be allowed until these contributions, together with the grant, amount to the estimated cost of the Church.

11. *Church accommodation to be provided only for British-born European subjects.* The number of sittings required for any particular Civil Station, other than a Railway Depôt or Station, will be finally determined by the Government, solely with regard to the number of the British-born European subjects in the service of Government. No grant for Churches in Civil Stations will be made until private subscriptions have been obtained, and then the Government grant will not exceed double the amount of private subscriptions actually realized; the maximum figure in column 2 of the Table above being in any case the extreme limit of the grant towards the scale of accommodation which stands opposite in column 1.

12. *Combination of Civil with Military Church.* It is desirable, whenever such a course will not be attended by inconvenience, to combine the Civil with the Military Church of a Station, the grant allowed for the Church accommodation of the British troops given in para. 9 being supplemented by a grant according to the scale shown in para. 10, and to the probable number of seats that will be required for the Civil British-born European residents in the service of Government or of a Railway Company.

General.

13. *Authorized scale not to be exceeded.* The scales of sizes, and of expense, for all Churches above laid down, are in no case to be exceeded without a reference to the Government of India, even through the proposed expenditure from Public Funds may be within the powers of sanction vested in the Local Government or Administration.

14. *House for Chowkeedar to be provided: as also in certain cases for servants other.* A house for the Chowkeedar or resident beater may be provided. In cases, however, where the Church is distant from the bazaar, and where special grounds are shown, accommodation may be provided for other duly authorized servants, but such further accommodation will be limited to shelter for day use only. These houses should, when practicable, be adjoining to, and not within the Church compounds, but when within them they should be erected in keeping with the other Church buildings.

15. *Churches for non-official residents require sanction of Government of India.* Church accommodation for non-official residents, either British-born Europeans or others, or for official residents other than British-born, should not be sanctioned by the Local Governments or Administrations without reference to the Government of India.

16. *Private contributions.* When private contributions are made towards building a Church in aid of a Government grant, the procedure to be adopted is as follows:—

17. *Basis of design and estimate.* The amount of private contributions being known, a definite design and estimate will be prepared by the Executive Engineer, and submitted for sanction in the usual way, the limit by which the Executive Engineer will be guided in his designs being the aggregate of the Government grant according to the scales given in paras. 8, 9 and 11, and the amount of private contributions actually realized.

18. *Private contributions to be deposited.* Before the works commenced, the amount of the private contributions must be paid into a Government Treasury, and carried to credit of Deposits in the accounts of the Public Works Department, as laid down in Chapter XX, Section v, para. 16. The expenditure incurred from the Government grant, and the contributions, will be adjusted in the manner directed in Chapter XX, Section ii, para. 51, and on the principle laid down in para. 53 of the same Section.

Note.—In the case of a grant from the Church building fund for the Diocese of Calcutta, a certificate instead of a cash payment in advance may be accepted showing the amount of the contribution to be allowed. The conditions on which this certificate may be accepted are that in every case definite arrangements must be made with the Local Government or administration concerned respecting the precise dates on which the contributions will be paid, and that, until the payment is made, the Government shall have a primary lien on the funds of the Society. In case of any failure in paying up the stipulated payment on due date, the privilege herein allowed is to cease.

19. *Mode of treating these contributions.* In dealing with cases of this nature, unless it be otherwise specifically ordered, the private contribution is to be looked upon as an addition to the Government grant, instead of the money allowed from Public Funds being considered as a grant in aid of private contributions, and the responsibility of Public Works Officers with respect to the preparation of estimates, and the construction of such buildings with reference to excess of expenditure over the estimate, will be as strictly enforced as in a case where only public funds are expended.

20. *Supply of Church furniture to be regulated by following rules.* The supply of Church furniture will be regulated by the following rules. All expenditure connected with the articles to be supplied by the Public Works Department will be provided for under the rules laid down in Chapter Section of Code.

The Executive Engineer will be guided in granting the certificates above alluded to by the following principles:—

Class I.—Churches built by Government.—The certificate should state that the Church was built by Government for the use of European Troops or British-born European subjects in the service of Government or of the local Railway Company, and is still maintained for the same purpose.

Class II.—Churches which have received building grants from Government.—The certificate should state that the Church received a building grant of Rs. ———, equal to the ——— part of the total cost of the building, and that the grant was made on account of European Troops or British-born European subjects in the service of Government or of the local Railway Company, and that the building is still used by them.

For this class of Churches a proportion of the standard cost of the articles will be sanctioned equal to the proportion of the grant-in-aid to the total cost of the building itself.

Class III.—Churches rented by Government.—The certificate should state that the Chapel is wholly rented by Government for the use of European Troops or British-born European subjects in the service of Government or of the local Railway Company.

In this class the articles necessary for service will be given by the Military Department, but returned into Store if the building ceases to be rented for the performance of Divine Service to a Military congregation.

In none of the classes described above should any article of furniture be allowed with retrospective effect, and the required certificates should afford information as to when the article was originally supplied, and by whom, and the reason for recommending its renewal. When, however, the Government pay for the use of a certain varying number of seats in a Church, the hire of the seats should include everything necessary for the performance of the Service.

V.—When a Church, whether Protestant or Roman Catholic, is to be furnished the Executive Engineer should communicate with the Ecclesiastical authorities concerned with a view to afford the congregation an opportunity of furnishing the Church by private subscriptions in more costly style, should they wish to do so. It is to be understood, however, that any article of furniture to which any public funds may have been applied will remain the sole property of Government, even though a portion of its cost may have been contributed by private persons. And in cases where articles of Church furniture are procured from England, they should be purchased through the Secretary of State in the ordinary way, with the exception of the "fair linen cloth, napkins, Bibles and Prayer-books," which may be purchased in India.

21. *Renewals of furniture to be a charge against Pew rents.* When Pew rents are charged, the renewal and repair of furniture will be met from that fund, and not be allowed to be brought forward as a public charge.

22. *Clocks.* The care of Church clocks is to be charged against the above fund where it exists.

23. *Chowkedars.* The pay of Chowkedars of Churches will be disbursed through Chaplains.

24. *Tablets, &c.* Churches are under the control of the Bishop of the Diocese in respect to the erection of tablets, ornaments, &c., while in course of construction, as well as after completion and consecration.

25. *Churches built by Government to be considered property of Government.* All Churches built by Government under these rules shall be considered the property of the Government.

Compensation for accommodation for Roman Catholic Soldiers in Chapels neither belonging to, nor rented by, Government.

26. The rate of compensation for sittings for Roman Catholic soldiers shall be determined by the Public Works Department with reference to the value and description of the accommodation provided, subject to a limit of Rs. 8 per seat per annum, broken periods counting as a year.

27. The number of sittings for which compensation is allowed will be subject to the same limit as is imposed in the case of the number allowed in Churches built at Government expense (para. 6), the maximum allowed being 800 for a regiment of European Infantry or 88 per company.

28. The outlay will appear in the Public Works Department budget-estimates and accounts under the head of Civil Buildings—Repairs.

29. Charges for compensation require the previous sanction of the Government of India, and must be supported by a certificate from the officer commanding the station of the numbers of Roman Catholic soldiers, and by women and children for whom chapel accommodation has been obtained and by a receipt for the money paid.

Ex-officio.

The above Institution was founded by the Rev John Anderson, in Black Town, on 3rd April 1837. Its aim is to provide for native youth a liberal Christian education, that shall cultivate, expand and quicken the whole man, the conscience and will as well as the understanding and memory. With this view all the branches of a liberal education are so taught as to show their connection with the great central truths of religion and Christianity. The Bible is regularly taught as the record of God's revelation of Himself for man's salvation.

The instruction is carried on by the Professors, Assistant Professors and Teachers mentioned above; and the managing body is the College Council. As the College is in-

tended to be the centre of the higher Christian education in Southern India, its constitution is as catholic as possible, and the members of the Council represent the majority of the Protestant Churches in the Presidency. The Church Missionary Society and the Wesleyan Missionary Society contribute each £800 a year to the support of the College, so that the Secretary of the former and the District Chairman of the latter are *ex-officio* members of the Council, as well as the Secretary of the Free Church of Scotland Mission. The College educates up to the standard of the Bachelor of Arts degree of the Madras University. It has at present 220 students.

In the school department there are 820 pupils, of whom 360 are in the upper, and 460 in the lower school.

Visitors are welcome on school days between the hours of 12 and 1 P. M.

SCHOOLS OF THE FREE CHURCH OF SCOTLAND MISSION.

In connection with the Central Institution, there are 9 Boys' Schools:—Iyempettah, Rajampettah, Wallajahbad, (Lower Class Schools), two in Madras (Middle Class Schools); Nellore, Conjevaram, Trivellore and Chingleput (Higher Class Schools). These are conducted in the same manner as the Central School. At these 9 schools there is an attendance of upwards of 1,100 boys.

Female education is extensively carried on by the Mission. A Boarding School for daughters of Native Christians is under the charge at present of Miss Wolff. The number of pupils is about 60. Two schools in Black Town for Caste Girls are superintended by the Rev. R. M. Banboo with an attendance of upwards of 400—one by Mr. Hutton with an attendance of about 75, and one by the Rev. P. Rajahgopaul with an attendance of 90. Besides these, the Mission has Caste Girls' Schools at Nellore, Conjevaram, Trivellore and Chingleput. The number of girls attending these 9 schools is upwards of 1,000.

On the whole, therefore, the number of young persons receiving a Christian education in the College and Schools of the Mission is about 8,200.

PURSEWALKUM GENERAL CEMETERY.

FORT ST. GEORGE, 16th November, 1853

The following Rules for the management of the Burial Ground for the interment of the dead of all Christian denominations not Members of the Church of England, are published for general information —

I. That the Burial Ground be designated "Pursewalkum General Cemetery," this designation being inscribed in large letters over the entrance; and that the right of interment belongs to all Christians not Members of the Church of England.

II. That the management of the "Pursewalkum General Cemetery" be confined to a Committee, selected from the Ministers labouring in Madras, those at present being connected with the London Mission, American Mission, Wesleyan Mission, the General Assembly's Mission, the Free Church Mission and the Baptist Mission, and such other Missionaries and other lay persons as may hereafter be deemed by Government entitled to take part in the management.

III. That the Committee keep the Burial Ground in order (free from all rank vegetation, the trees and shrubs in it being neatly lopped) from the fees realized, making over to Government annually any sums that may accrue after the payment of all expenses on this account, and rendering for the same period an account of receipts and disbursements to the Military Board for submission to Government, and for publication in the Official Gazette.

IV. That the Committee nominate their own Secretary and fill up vacancies, both being subject to the approval of the Military Board under the authority of Government.

V. That all applications for permission to inter must be in writing to the Secretary to the Committee of Management, with particulars of the name of the deceased, date and cause of death, age, late profession or employment.

VI. That all applications for the interment of children shall, besides containing the name of the child, also contain the name of the parents, their profession, &c., and the Committee will register all Burials according to the established form, submitting the same quarterly to the Military Board.

VII. That the Committee to whom the management of the Burial Ground is entrusted, be careful to have graves so arranged, that there shall be no waste space.

VIII. That the charge for monuments be as follows —

A first class monument, with ground not exceeding 10 feet by 6.....Rs. 40

A second class monument, with ground not exceeding 7 feet by 3½..... „ 25

A head-stone monument..... „ 5

The charge to Native Christians wishing to erect a monument, to be reduced to one-half of the above amounts.

BANGALORE FREE COMMUNION BAPTIST CHURCH.

(FORMED 26TH NOVEMBER, 1854.)

Pastor.—EDMUND MARSDEN.

Place of Worship—*Ebenezer Chapel, Commissariat Road.*

(Opened 18th August 1867.)

Times of Service—Lord's day, 11 A. M. and 6½ P. M.—Thursday, 6½ P. M.

This Church was formed on the above date by the Rev. T. C. Page, (formerly of Madras) then temporarily residing at Bangalore. It enjoyed the pastoral superintendence of that esteemed servant of Christ for the first few months of its existence, but was for some time subsequently to his departure from the station without a Minister. On the 30th March, 1856, Mr. Marsden, who had been previously set apart for the work of the Gospel Ministry at Madras, became its Pastor.

Besides watching over this Christian Society, Mr. Marsden devotes a considerable portion of his time to evangelistic visitation among the residents of Bangalore, *particularly the Military*, of whom there is always a very large number at the Station. Last year [1876-77] they were in this way about 465 persons come into contact with, and phed and pressed with the Gospel offer, about three-fourths of whom had never previously been operated upon, and during the twenty-one preceding years, about 11,600 persons. A very large proportion of these were *Soldiers*. Though not bearing the name, Mr. Marsden, to the fullest extent of his ability, is doing the work of a TOWN MISSIONARY.

The Madras Seamen's and City Mission was established more than twelve years ago, and during this time it has done a good work among the Sailors visiting this port. In September 1873, the Mission was reconstituted and placed on its present basis. A Committee was formed for its future management consisting of representatives, lay and clerical, of the different Christian denominations. They decided to direct their attention to the following spheres of effort:—

1. The Sailors on Board the Shipping in the Roads.
2. The Sailors' and Strangers' Homes.
3. The Lock and General Hospitals.
4. The Parochies, low lodging houses, and other haunts of the lowest class of the English-speaking population.

The Committee are aware that to do this work thoroughly several agents will be required, but at present they are only able to employ one. The former agent, Mr. Graham, having left this country, they have engaged the services of Mr. Charles Yeomans, a man strongly recommended for his personal character and fitness for Christian work. He is now fully engaged in the work of the Mission, and judging from his labours in the cause of Christ elsewhere, there is good reason to believe that he will prove a valuable and successful agent.

Though the Committee have but a single agent at present, they earnestly trust that the funds will one day be sufficiently large to admit of their employing three agents, so as to place one in each of the principal districts of Madras.

It will be seen from the spheres of labour to which Mr. Yeomans is to direct his attention, that this special agency is not intended to interfere in any way with the work of established congregations, but rather to supplement it, by reaching a class that is not at present reached.

The Mission is strictly undenominational, the desire of the Committee being not to gain converts for this or that congregation, but to win souls to Christ, and they will not fail to impress this on every agent.

Little need be said in advocacy of such a work. It is one that must commend itself to every Christian heart. Neither is it necessary to attempt to prove that an agency like this is required. Its wants is well known and deeply felt by all who come in contact with the English-speaking people of this city. The Census returns published in 1872, shew that many hundreds of those who are classed as Protestants never enter a place of worship, nor give evidence of being Christians in anything more than name. By their unholy lives they prove one of the greatest hindrances to the progress of Christianity in this land. But degraded though they are, they are not too low for the message of mercy to reach, or for the Holy Spirit to sanctify.

And need one word be said to establish the claim of the British Sailor to the efforts of English Christians in India? Found on a foreign shore, and easy prey to temptations, his case at once appeals to our sympathy, and calls aloud for our help.

The Committee are not unmindful of the difficulties that lie before them, but they are prepared to face them, knowing that the work they have undertaken is well pleasing to Him who came on earth "to seek and to save the lost."

Subscriptions will be thankfully received by the Treasurers, or by the Secretary, 48, POONAMALLEE ROAD, MADRAS.

THE NATIVE CHRISTIAN IMPROVEMENT SOCIETY.

RULES.

I. It is proposed to form a Society to be called "The Native Christian Improvement Society."

II. The Society will be Catholic in spirit and aim; and Protestant Christians of all denominations will be eligible for Membership. All the Society's operations will be conducted and maintained entirely by Native Christians without the intervention of foreign aid and support.

III. The object of the Society will be to employ all means in its power to promote the growth of the Native Christians of the Tamil country in Christian knowledge and practice, and to advance their social, intellectual, moral and religious progress, with a view to their attaining to an elevated standard of Christian character, and to gradual independence as a Native Indian Church.

IV. With a view to the development and attainment of this object, the Society proposes to adopt the following measures:—

1. A Monthly Periodical will be started, to be called "Desabhimani," or "the Patriot," and conducted in English and Tamil. It will, for the present, be limited to 16 pages Octavo. Its contents, consisting of original and translated articles, will embrace the following subjects: viz., Wonders and Curiosities of Nature, Mental and Physical Science, Useful Arts and Manufactures, Historical and Biographical Sketches, Interesting and useful Medical subjects, Social and Moral Reforms, Religion and Morality, Christian Literature, Religious Errors, Independence and self-support of the Native Church, Missionary and General Intelligence, Light Reading, &c.

2. The Society proposes to translate into Tamil a judiciously chosen collection of English books on various important and useful subjects, and by publishing them, from time to time, hopes to contribute, to a certain extent, towards enriching the Tamil Christian Literature. It may be mentioned that steps are being taken for forming principally among the members of the Society, a Committee comprising a good staff of writers who will make themselves responsible for a regular supply of materials for the Periodical and other Publications.

V These and similar objects of the Society for the improvement of Native Christians cannot, of course, be expected to be attained at once. The Society will have to contend with difficulties; but by God's blessing upon its patient and persevering efforts, the difficulties will disappear, and the desirable objects of the Society will gradually be accomplished. Constituted as it is, the Society cannot but commend itself to all Native Christian brethren, of whatever denomination, as deserving their sympathy and aid, and it is confidently hoped that they will, under the constraining influence of the love of Christ, cordially co-operate with the Society and do all in their power to promote its important objects.

Directions concerning the Periodical:

1. Short and well digested articles on the subjects specified above, will be most thankfully received from all Native Christian brethren.

2. All such articles will be subjected to the examination and approval of a Sub-Committee appointed for the purpose who will be responsible for the soundness of the views contained in the Periodical.

3. Rates of subscription for Desabhimani:

In advance, One Rupee per annum.

In arrears, One Rupee and a half.

Postage, Twelve Annas per annum, extra.

Single copy, Two Annas.

Six copies can be sent for One Anna postage.

4. All articles and subscriptions are to be forwarded to the Rev. W. T. Sathianadhan, Secretary to the Society, Chintadrepettah, Madras.

Armenian Cemetery.

The present Cemetery was built and given to the Armenian Community by Government in the year 1862.

Previous to the erection of the Church, the Armenian Community performed Divine Service in a temporary place built of timber (on the North of Monument Esplanade, opposite Fort St. George), by the late Honorable East India Company, who also paid for the support of the Priest (50) £50 annually for 7 years, agreeably to a Treaty entered into by the said Company with the Armenian nation, dated London, the 22nd day of June, A. D. 1668, and in the fourth year of the reign of King James the Second. The present Church was built by the Armenian Community at their own expense in the year 1712, and alterations and additions made to it by them from time to time. In the year 1883, the British Government was pleased to grant the sum of Rupees five thousand (5,000) from the late Lottery Funds, for the repairs of the Church, out of which Funds the Community was enabled to erect a substantial and extensive verandah, 148 feet in length by 10 in breadth, on the east side of it. Government was further pleased to grant a donation of Rupees (2,000) two thousand from Dr. Woolley's Estate to the Church in the year 1889.

This Institution, the first Government School for Mussulmans exclusively in the Presidency, was opened on the 1st May 1859, Sir Charles Trevelyan being at the time Governor of Madras, Sir A. J. Arbuthnot, Director of Public Instruction, and Mr J. T. Fowler, the Inspector of Schools in charge of the Division; Mr W. Joyes was the first Head Master and the late Mr. N. A. Harley, the first Second Master. The School numbers from 280 to 260 boys, who are divided into nine classes. There were originally seven Assistant Masters, two Persian and Hindustani Teachers, and two Tamil Teachers, Telugu taught by a separate teacher, was after some time discontinued in consequence of but few of the boys studying the language.

The standard of education is properly that of a Zillah School, qualifying the highest class to pass the Matriculation Examination of the University; but by a recent order of Government the two highest classes have been transferred to the Presidency College. The Madrisse is situated in Triplicane, almost upon Wallajah Road, leading from the Round Tannah, Mount Road, to the Government buildings, Chepauk. The School hours are from 10½ to 1 P. M and from 2 to 4½ P. M. No school on Friday.

NOTICE TO PRINTERS AND PUBLISHERS.

The Registrar of Books having noticed that Books and Pamphlets are not unfrequently printed with words on the Title-page intimating to the public that the copyright is "Registered" when in fact it is not registered, the attention of all Printers, Publishers and Proprietors is called to the following brief abstract of the Copyright Act (No. XX of 1847) so far as it affects them :—

In order to secure the proprietary right in any publication, a written application must be made to the Registrar in the subjoined form given in the Schedule to Act XX of 1847 (*vide* Section V).—

TO THE REGISTRAR OF BOOKS,
Madras.

Sir,—I have the honor to request that you will be so good as to cause any proprietorship of the copyright of work described in the annexed Schedule to be registered under Rule 6 of Section 20 of Act XXV of 1867, and I herewith forward the prescribed fee of two Rupees for the registry.

Madras,
Date

I have, &c.,
A. B.

SCHEDULE.

Time of making the entry.	Title of Book.	Name of the Publisher and place of publication.	Name and place of abode of the Proprietor of the Copyright.	Date of first publication.

Unless the copyright is secured thus formally the Author or Proprietor will have no copyright. Anybody else may publish the work with impunity and deprived him of his interest in his work, and no remedy can be had in a Court of law (Section XIV). If, on the other hand, copyright is registered, the fact will be admissible as *prima facie* evidence of title and the registered Proprietor can exercise the right to assign his

interest or any portion of his interest in the book : (Section V).

Should any person print, or cause to be printed any book in which there subsists copyright without the consent in writing of the Proprietor entered as such in the Registry-book of this office, or have in his possession for sale or hire any book so unlawfully printed without such consent, such offender makes himself liable to a special action for damages (Section VII). And all printed copies of such work are forfeited to the copyright Proprietor (Section XII).

The practice which now prevails of inserting such formula as "*Copyright registered*" or "*Copyright reserved*" on the Title-page of a book and then omitting intentionally or otherwise to register the same is highly objectionable. It amounts to a false statement, made with a view to deter others by misrepresentation

from publishing the book. Apart from the utter worthlessness of such false statement, the party making it may probably render himself liable to prosecution for cheating under the Penal Code.

Under Section III of the Copyright Act, the Registry-book kept at this office is open to inspection at all reasonable times on payment at this office of eight Annas for every entry which any person may require to be searched for or inspected in the said book, and therefore such person can thus inspect it to satisfy himself whether the copyright has been registered or not, or he can obtain, if required, a copy of any entry in such book, certified under the Registrar's hand, on payment of Rupees 2; and such copies so certified are receivable in evidence in all Courts and in all summary proceedings, and are a *prima facie* proof of the proprietorship of copyright.

2. The Registrar of Books would now warn all concerned that hereafter there can be no excuse for any false statement made concerning copyright or for any infraction of the rules regarding the registration of books generally under Act XXV of 1867, on plea of ignorance; and that any omission to register a publication after the receipt of this notice will be presumed to be intentional, and all parties concerned are hereby warned against the consequences of such neglect.

The benefits of instruction have been since thrown open to the community at large. The Medical College has been recognised by the Royal Colleges of Surgeons of London, Dublin and Edinburgh, as one of the Colonial Schools of Medicine and Surgery. It is under the control of the Director of Public Instruction.

A building has been appropriated solely to the objects of the Institution, the foundation stone of which was laid in December 1886. It was greatly enlarged and improved in 1887.

There is a separate building for practical Anatomy; there is also a Laboratory where practical Chemistry is taught.

A Museum has been formed, which in addition to morbid specimens, possesses numerous preparations, models, &c., for illustrating the different branches of the course of instruction. There is also a Museum of Botany and Materia Medica.

The Institution is supplied annually with a selection of Works on the several branches of Medical Science, for the purpose of forming a Library of Reference. There is also a Students' Library.

The Academical year extends from 1st October to 30th June inclusive, and is divided into a Winter Session of six, and Summer Session of three months. The annual examinations of the College are held in June.

3. Government Students, forming the *Junior Department* of the College, are divided into two classes. Their period of study extends over two years; they are designed for Hospital Assistants in Government employ.

A class of Lady Students has been formed. The pupils study for three years to qualify as medical practitioners.

(b)—No further application for a grant of books of reference, maps, &c., will be complied with for a period of five years from the date of the previous grant.

(c)—After the lapse of 5 years from the date of the last grant, a renewal grant will be made at rates not exceeding those noted above and with the proviso already laid down.

6th.—That in the event of any building, towards the erection, purchase, or enlargement of which a grant may have been made by Government, being diverted, prior to the lapse of twenty years from the date of issue of the grant, to other than educational purposes, the Manager at the time of the diversion shall refund to Government such portion of the grant allowed them as shall be determined by Arbitrators, who, in making their award, shall take into consideration the length of time the building has been used as a school-house and its consequent deterioration; but in the event of such Managers failing to make such refund, then they shall sell the building to Government at a valuation to be determined by Arbitrators, who, in making their award, shall deduct from the price such portion of the grant as may seem equitable, regard being had to the length of time the building has been used as a school-house and its consequent deterioration.

7th.—That the Arbitrators referred to in the last preceding rule shall be three in number, one of whom shall be nominated by Government, another by the Managers of the school, and the third by the two Arbitrators so appointed; and, in case of the Arbitrators differing in opinion, the award of the majority shall be binding and conclusive on all parties.

24. Grants for the provision of school furniture will be made once in five years, on condition that the Managers of the school shall contribute in equal sum for the same purpose, and that, in the event of the school being permanently closed within five years from the date on which the grant may have been made, the Government shall be at liberty to purchase the furniture, towards the supply of which the grant was given at a valuation to be determined, as in the case of school buildings, by Arbitrators, credit being taken in each case for the amount of the grant, allowing for depreciation due to wear and tear. All applications for grants must be accompanied by a list of the furniture required. A furniture grant will be paid on the Director of Public Instruction being satisfied that furniture to the full amount proposed to be expended, including both local contributions and the Government grant, has been made up and placed in the School.

25. Application for grants-in-aid of Industrial Schools, for the rent of school houses, the wages of school servants, the contingent charges of schools, school prizes, and for other purposes not provided for in this Notification, will be disposed of on their merits, each case being determined, as far as possible, by the analogy of the foregoing rules.

EDUCATIONAL DEPARTMENT.

Fort St. George, October 18th, 1877.

NOTIFICATION.

The following Revised Rules for Results Grants will supersede the special Regulations and Schedules published in the Notification of the 8rd December 1867 and hitherto appended to the Educational Grant-in-Aid Rules.

2. Examinations will be held and payments of grants will be made under the new Rules from and after the 1st April 1878. Every Manager who desires to have his school examined for a result grant in the year 1878-79 must forward before the 31st December 1877 the application prescribed in Rule 1 to the President of the Local Fund Board or Municipality in which the school is situated. Lists of the schools selected for examination and of the dates fixed for such examinations will be published in the District Gazettes before the 31st March 1878, and any prospective reductions in the scale of grants, whether general or affecting particular schools, will be notified at the same time under Rules 3, 4, and 28.

3. During the remainder of the current official year examinations will be held and grants issued under the Rules which have been hitherto in force.

RULES FOR RESULTS GRANTS.

N.B.—Not applicable to schools on the combined system.

I. SELECTION OF SCHOOLS.

1 Every Manager who desires to have his school examined for a grant under the results system shall forward before the 31st December an application, in the subjoined Form A, to the President of the Local Fund Board or Municipality in which the school is situated.

2. Every such application shall be referred to the Deputy Inspector, who shall, as soon as possible after the 1st January, embody the substance of all the applications referred to him in a tabular statement, and shall submit the same to the Inspector of the Division with a covering letter in which he shall briefly state any facts which he may consider it desirable to communicate regarding the respective claims to aid of the several schools applying for grants, and shall also name the date on which he proposes to examine each school.

3 A copy of this letter and list shall be furnished by the Inspector of the Division with his own opinion to the Local Fund Board or Municipality, who shall determine what schools shall be eligible for results grants payable from Local or Municipal Funds during the ensuing official year. A list of such schools and of the dates fixed for their examination shall be published in the District Gazette before the 31st March, and no other schools shall be examined for results grants payable from Local or Municipal Funds without special orders. When a school has been placed on a Local Fund or Municipal list it shall be considered eligible for a grant from Provincial Funds for the fourth standard in the event of its being able to earn one.

4 Such portions of the list and reports as relate to schools applying for results grants payable from Provincial Funds only shall be forwarded by the President of the Local Fund Board or Municipality with his own opinion to the Director of Public Instruction, who shall decide what schools shall be eligible for results grants payable from Provincial Funds only during the ensuing official year. The names of such schools and the dates fixed for their examination shall be published by the President of the Local Fund Board or Municipality in the District Gazette, and no other schools shall be examined for results grants payable from Provincial Funds only without special orders.

5. In the selection of schools to be aided the amount of funds available and the educational wants of the special neighbourhood and of the Circle or Municipality itself will be taken into consideration.

6 An appeal shall lie to Government from any order passed by the President of a Local Fund Board or Municipality, or by the Director of Public Instruction refusing to declare a school eligible for results grants. The omission from the published list of any school for which an application (A) has been submitted, within the prescribed times, shall be deemed equivalent to an order of refusal.

II. CONDITIONS OF AID.

7. No school shall be deemed eligible for a results grant if it contains classes working beyond the fourth standard.

8. A school receiving aid under the salary-grant system cannot claim assistance in the same official year under the payment-for-results system, and similarly a result school cannot be aided under the salary grant system.

9. A school cannot receive aid under the salary-grant system for one portion of the school and under the result-grant system for another.

10. Amongst schools otherwise equally eligible a preference will be given to those in which school fees are levied and trustworthy returns of such fees are submitted.

11. All schools receiving aid under the system of payment for results shall furnish such returns and statements as may from time to time be prescribed.

12. Regular registers of admissions, attendance, and fee collections shall be kept and shall be submitted for inspection when demanded.

13. The attendance registers must be marked every time that the school meets.

14. The village or house-name of the pupils must be written in full in all the registers, and when there are two pupils of the same name the father's name must be added. No entries are to be made in pencil, to be inked over afterwards. There must be no blanks or erasures. If any error has been made it must be corrected by a foot-note. And in every case the register produced must be the original register, and not a fair copy.

15. Every register must have the pages numbered before any entries are made in it.

III. EXAMINATIONS.

15. A school shall be examined for a results grant once a year.
17. Local Fund Boards and Municipal Boards are invited to depute one or more members to be present at such examination. In villages the head of the village and other local village officials are invited in like manner to attend and should be present at such examination.
18. The subjects of examination under the several standards are specified in Schedule B.
19. To be eligible for examination a pupil must have attended the school for at least ninety days during the six working months preceding the examination. Attendance for not less than three hours will suffice to allow a day to count.
20. Only such pupils as have been actually studying within the standards throughout the six working months preceding the inspection shall be eligible for examination.
21. A pupil presented under the first or second standard will not receive any grant unless he or she passes in at least two of heads 1, 2, or 3 of the standard. A pupil presented under the third or fourth standard will not receive any grant unless he or she passes in at least three heads, two of which must be 1, 2, or 3.
22. A pupil is not to be presented for examination under any standard who has already received a grant for that standard.
23. To pass in any head a pupil must secure one-half the marks assigned to that head. Forty per cent may, however, be accepted if the deficiency under one head is compensated by an equivalent proficiency under another.
24. When it is evident that some of the results attained at examination are due to some other school in the town or village, no grant shall be passed for those results, and the ground on which it is proposed to withhold it shall be reported for approval to the President of the Local Fund Board or Municipality, if the grant is one payable from Local or Municipal Funds, or to the Inspector of the division, if the grant is one payable from Provincial Funds.
25. Any falsification of the registers, any misrepresentation regarding the fees and attendance, any deception in the presentation of pupils, and any other fraud or irregularity, shall be similarly reported after the completion of the examination, and the Countersigning Officer will have the power to withhold the grant in such cases and to take any ulterior measures which the occasion may appear to him to demand.
26. As soon as possible after the conclusion of the examination the Inspecting Officer shall furnish the Manager with a statement giving the names of the pupils passed, the standards under which they were examined, and the marks which they obtained under each head.

IV. PAYMENT OF GRANTS.

27. The maximum scale of grants claimable under these Rules is shown in Schedule C. Rates less than maximum rates may be given to any school when a smaller proportion of aid is evidently sufficient.
28. All prospective reductions in the scale of grants, whether general or affecting particular schools, shall be notified in the District Gazette, when the list of schools to be aided is published.
29. The Inspecting Officer shall as soon as possible after the examination of a school furnish the Manager with a certifying memorandum in duplicate, or, if necessary, with two certifying memoranda in duplicate, showing the number of pupils examined and passed under each standard, and the grant claimable in consequence either at maximum rates or at the reduced rates noted in the District Gazette.
30. If the grant is payable from Local or Municipal Funds, the certifying memorandum shall be submitted to the President of the Local Fund Board or Municipality, on whose countersignature the grant therein specified shall be paid by the Treasury Officer of the Circle or the proper Municipal Officer.
31. If the grant is payable from Provincial Funds the certifying memorandum shall be submitted to the Inspector of Division, on whose countersignature the grant therein specified shall be paid by the Treasury Officer.
32. The duplicate copy of every certifying memorandum shall be forwarded, with an endorsement showing the amount paid thereon, to the Inspector of the Division for transmission to the Director of Public Instruction.
33. All results grants earned by boys under the first, second, and third standards shall be payable from Local and Municipal Funds. All other results grants shall be payable from Provincial Funds.
34. If, owing to any miscalculation, the funds available for the payment of results grants run short of the amount required, all unpaid claims due for the past year shall be discharged before any sums are paid for grants earned during the current year.

SCHOLARSHIP RULES.

The Committee of the Doveton Protestant College with the view of encouraging and aiding students to prepare for and to join the degree of Bachelor of Arts in the University of Madras, resolve to confer scholarships on pupils who have passed the entrance examination of the University and who shall promise to pursue their studies for four years thereafter in the Doveton College.

The following are the Rules, in accordance with which the scholarships shall be given and held

1. That four scholarships shall be given each year to the students who are commencing their collegiate course, and that each of these scholarships shall be tenable for four years under the rules hereinafter laid down.

2. That two of the scholarships shall be given to Christian pupils who have matriculated from the Doveton Institution according to the order in which they may have passed the University Matriculation Examination provided they also attain to a certain fixed standard in scriptural knowledge, and produce satisfactory evidence of moral character.

3. That two remaining scholarships shall be given to Christian pupils coming from other Institutions on the same terms, provided such pupils hold higher places at the University Matriculation Examination than Doveton students excluding those holding scholarships.

4. That the Scholarships shall be Rupees 10 each per mensem during the first and second years of the College course, and Rs. 20 or 15 per mensem during the third and fourth years of the said course according as the holder shall be placed in the First or Second Class at the First Examination in Arts.

5. That should the holder of a scholarship fail to pass the First Examination in Arts at the end of his second year, the scholarship held by him shall lapse; should such holder of a scholarship, however, pass the First Examination in Arts from the Doveton College in a subsequent year, the Committee may at their discretion grant him a scholarship during the third and fourth year of his course.

6. That unauthorized absence, continued absence for three months from whatever cause or misconduct shall involve forfeiture of scholarship, and that a scholarship thus forfeited shall be available for other students in the same year of the course according to the principles laid down in these Rules.

7. That scholarships not conferred by the Doveton Protestant College shall be held on such conditions as may be prescribed by their founders, subject, however, to the provisions laid down in these Rules.

8. That the scholarships shall cease or be liable to diminution, if the state of the funds render such a course necessary, and that these Rules may be altered by the Committee on sufficient grounds.

9. That the Committee reserves to itself the right of withholding one or more of the scholarships if it deems fit.

Miss Firth, *Hon'y Secretary*.

In January 1875 a Committee under the Presidentship of Lady Hobart, discussed the question of the education of Mahomedan girls, and proposed to encourage it by promoting the establishment of Schools, where the girls will be taught their own language, needlework of every description, and other industrial occupations.

The School has, by desire of the Members of the Committee, been called "The Hobart School" in memory of the warm interest taken in this movement by the Late Lord Hobart, and the active assistance and sympathy given by Lady Hobart, the President of the Committee. Lady Hobart has presented the School with a donation of Rs. 10,000, to be invested for its support, and has been asked to continue her interest as Honorary President whilst in England.

In December 1875 the School was visited by H. H. the Princess of Tanjore. The Committee are much encouraged by the warm interest taken by Her Highness in the institution and by her liberality in assigning the interest of Rs. 7,000 towards the support of the School.

The accommodation of the School House proving insufficient for the increasing number of children, that had been admitted from time to time, another building was engaged on the 30th November, 1875.

There are now 160 names on the books and an average daily attendance of 130. The Staff employed to instruct them is: one Head School Mistress (an Englishwoman), one East Indian, five Mahomedan school teachers and one Mahomedan work teacher.

The Committee especially have in view the promotion of such industrial work as will enable the children when they have grown up to earn a livelihood. They particularly wish to have them taught all kinds of Indian needlework, as the girls make sufficient progress in plain sewing, knitting, &c.

The progress made by these children is most interesting, not only in the more immediate objects of the School, but in habits of order, cleanliness, and tidiness.

The Committee take this opportunity of expressing their best thanks to those European and Mahomedan ladies and gentlemen, who have given their kind interest and substantial support towards the advancement of this experimental undertaking.

The condition of the poorer classes of Europeans and East Indians, residing in Black Town and the neighbouring suburbs, is admitted to be most deplorable. This distress is occasioned by their inability to earn a livelihood. Those who are most seriously affected are the old and the infirm who are physically unable to labor, and the young who have not the necessary skill to compete with others in the labour market. The former perhaps fall more legitimately for relief on the Friend-in-Need Society, and arrangements are being made, it is believed, to meet the evil so far as funds will permit. But the young require help of a special nature; they require to be taught how to earn an honest livelihood. The Education given in the several Charitable Institutions of this City, fits them only for Writers and Accountants, a section of the labour market which is already supplied to overflowing, and which will as far as the experience of the past can be depended upon be taken up entirely by the Natives of the country who can work equally well and at lower rates of remuneration. Other portions therefore of the labour market must be tried. To meet this great difficulty, an Industrial School has been established for the poorer classes of Europeans and East Indians in Black Town. The extent of the operations are at present limited, confined to one or two of the principal industrial trades, Repairs, varnishing, &c., of carriages, house painting, carpentry, work in leather, book-binding, &c., but will be extended as funds permit.

The School was opened on the 2nd November, 1874 at present there are 56 boys borne on its Rolls, many have obtained employments as Carpenters, Blacksmiths, Artificers, &c. &c., since the school opened.

Contributions in aid of the Industrial School will be most thankfully received by the Secretary, Rev. Dr. Sayers, and will be duly acknowledged.

The design of this Institution is to afford a refuge for those destitute orphan girls of European descent, who are not eligible for either the Military or the Civil Orphan Asylums. As such, it is one, the Committee plead, well deserving of public support. The Committee invite those who may be disposed to aid this Institution to visit it, and to judge by personal inspection whether it be worthy of support.

The existence of this Society is owing in great part to the exertions of the late Dr. Wight, formerly a Surgeon in the Madras Army, and whose valuable contributions to Botanical Science have gained for him a widely-spread and well-earned celebrity.

The gardens are situated opposite to the chief entrance to the Cathedral, and an additional piece of ground on the east of the Cathedral was purchased in the year 1858-57.

The garden occupies a space of about 7 acres, which were originally granted by the local Government. Part is laid out as a landscape garden and much increased of late in space, with the additions of a number of new and rare plants, especially in tropical palms and Australian trees; the whole forming a splendid collection, gathered from various parts of the world, and is constantly being increased by exchanges and purchases. It is open at all times to the public, and forms a healthful place of recreation, for the inhabitants of Madras.

A nursery for seedlings and cuttings of useful and ornamental trees, is maintained to meet the requirements of the Members who are supplied from it gratis. European vegetable and flower seeds are also similarly distributed; but all these advantages are open to the general public on payment.

Most of the plants are labelled with their botanical names and the natural order to which they belong. The number each holds in the Catalogue is also given, so that those who may wish to obtain the botanical history of the plant, can do so immediately by referring to the page of the Treasury of Botany given in the Catalogue.

There is also a Botanical Library attached, to which access can be had by Subscribers.

The general affairs of the Society are managed by the Committee who meet on the 1st Wednesday in each month, and compile annually, in the month of March, a Report of the year's Proceedings which is submitted to a General Meeting of the Subscribers at large. The Proceedings of each Meeting of the Committee are also published and distributed to Members.

Persons of all nations are eligible as Members of the Society, and have a voice in the annual election of the Committee and Office-bearers.

The rate of subscription is 7 Rupees a quarter, no entrance fee being demanded, and the subscription being allowed to lapse, temporarily, should a Member be absent from India.

Up-country Subscribers are entitled to all the advantages of Members, which it is possible to place at their disposal.

An annual show is held in February, when a large number of prizes are awarded for flowers, fruits, vegetables, and several articles of importance in connection with botanical science. The Society has also made arrangements to award prizes for tea, coffee, &c.

Lists of the prizes to be distributed, and all information may be obtained on application to the Honorary Secretary, by whom lists of Members, Rules of the Society, &c., will be supplied gratis.

The objects of the Club are:—

(1) To afford greater facilities than at present exist for intercourse of an interesting and useful kind between Native and European Gentlemen in Madras.

(2) To provide a good Reading room, where the current literature of the day may be found, and a really good Library be gradually collected.

(3) To afford opportunities for occasional lectures, discussions, readings, &c., whenever opportunity offered, or it appeared desirable to collect opinions on any particular topic.

(4) To supply a place where Gentlemen, residents in the Mofussil, visiting Madras, may meet their friends, make appointments, &c.

(5) To supply means for introducing European visitors to Madras to the principal residents, and thus affording them some insight into native society.

The entrance Fee is Rs. 25; the Annual Subscription for Residents in Madras, Rs. 86, for non-residents, Rs. 12, payable quarterly.

It is hoped that those who view the establishment of the Club with favor, will be disposed to assist it by donations, either of money or books. The formation of a good Library must depend mainly on the degree of support thus afforded, and the Committee earnestly hope that aid may be generously accorded.

The Club was opened on the 6th of October 1873.

GOVERNMENT CENTRAL MUSEUM, PANTHERON ROAD.

Established on the 14th August, 1851, by the Madras Government.

G. Bidie, Esq., M.B., Superintendent.
C. Anthecassevoooloo Naidu, Curator.

Mr. W. F. Digue, Assistant Curator.
P. Anthony Pillay, Head Taxidermist.

This is a Museum of Natural History, Raw products used in the arts and manufactures; specimens of Manufactures, Implements and Machinery, Ethnography, Antiquities, &c. The Natural History section is the most extensive and embraces a small number of Mammals, and extensive collections of Birds, Reptiles, Fish, Shells, Insects, Crustacea, &c. There is also an extensive Herbarium and very large collection of mineralogical and geological specimens. The Museum is intended chiefly to illustrate the natural history natural resources and manufactures of British India, and the manners, customs, and antiquities of its inhabitants. There is also a very interesting collection of Gold, Silver and Copper Coins, which can be seen by personal application to the Superintendent or Curator. As the collections in the various sections are yet far from complete, specimens for any of them will be very acceptable, and the Superintendent will be glad to enter into arrangements with contributors or collectors which will prove advantageous to both parties. Attached to the Museum there is a general Library and Reading Room, in which any visitor may consult books daily from 6½ A. M. to 5 P. M. There is also a scientific library containing books of reference on the various subjects of Natural History; and any one wishing to consult such works, may obtain permission to do so by applying to the Superintendent who will grant a ticket of admission.

The Museum is opened gratuitously to the Public daily, Sundays excepted, from 6½ A. M. to 5 P. M. The Popular Lectures at the Institution are also free to the Public.

PEOPLE'S PARK, INSTITUTED IN 1859.

CUSTODIANS—MUNICIPAL COMMISSIONERS FOR THE TOWN OF MADRAS.

Mr. JAMES HAY ELLIS, Superintendent.

We owe the People's Park to Sir Charles Trevelyan. It is not at all improbable that the idea of some such place suggested itself to many a man in power before his day. It would be singular indeed if Europeans should, for a hundred years, have seen a large native town growing up on the site of a small village—a vast population massing together with lungs to be fed with fresh air and limbs to be allured to exercise and health—without sometimes thinking it possible that the “village greens,” “commons,” and “parks” of his native land *might* perhaps be re-produced with advantage within reach of Black Town. The monotony of Indian life, and the lack of sympathy between the classes of Indian society, may be regarded as the causes why such an idea, if suggested, was never carried into execution. While the “upper ten thousand” could have their drive along the Beach and round the Island, it mattered little to them that the “masses” (unfriendly phrase) who could not drive, or were to be stimulated to recreation, had no place convenient for health, exercise and amusement.

But then Sir Charles Trevelyan was a man not given to routine, and somewhat wide in his sympathy. So the idea of the people's want suggesting itself to him and he having the power as well as the will—the people got their Park. Thousands who knew nothing of the step that cost him a Governorship, will hold his name in memory by the People's Park.

But when Sir Charles was recalled, the scheme was in a most elementary state. The plan was on paper; but never adopted. Little else was done, and little else would have been done if the inheritors of Sir Charles Trevelyan's dignity had not also inherited his sympathy with the people. We owe it to the various gentlemen who have been entrusted with the execution of the scheme, that the “plan” was not thrown into the official waste paper basket, and the idea, recorded as one of Sir Charles' amiable follies. It is in unison with Sir William Denison's career, previous to his arrival in this country that he should have shown a hearty approval of an undertaking so intimately connected with the health and pleasure of the middle class population.

There can be no doubt that the Park has been a success. Any one may convince himself of that by a visit morning or evening. The place has already fixed its character as a popular resort, and it is certain that it will be so in a much greater degree when the attractions of the ground are fully developed. It is pleasing to see that the native population appreciate the pleasure provided for them, and when the sternness of social life amongst them is relaxed, we may expect to see not only the Ramasawmies, but the Lutchmies of Black Town taking their ease in the fretted shade of well-grown trees.

But we must suspend any further remarks, and lay before our readers a brief description of the Park.

The gate adjacent to the Hospital Bridge is the main entrance. The trees are planted in avenues and groups. Twelve lakes of various dimensions and shades are completed; and various other things have been achieved: but we cannot do better than print the following description (though brief) of the park, kindly furnished by the Superintendent, which will convey a clear idea of the Park.

In the North-west angle of the Park is a Serpentine lake with two large raised islands one at each end. One of these is 80 feet above the water, and is well calculated for a large basin, from which the cascades might hereafter be made to fall over the sides. The second or Victoria lake, with a central island, is situated almost midway between the band-stand and the northern end of the Park. The island is approached by one bridge of ornamental design, measuring 300×4½ feet. The third is a small lake on the west side, elliptical in shape, and contains good drinking water for cattle. The fourth is a small lake close to the Aviary. The fifth a similar one. The sixth is a semi-lunar lake near the band-stand, with a gravel walk around it. The seventh is a medium lake, between the band-stand and the Superintendent's house. The ninth is a large lake on the west side of the main road. The tenth is a medium lake west of the last-mentioned. The eleventh is a medium lake, with a central island at the south end.

There are two masonry basins, one elliptical, measuring 170 feet × 78 feet, and 4½ ft. in depth, formed of solid masonry with brick-on-edged foundation and central fountain; the latter, of ornamental design, galvanized. This has recently been surrounded by an iron fence and converted into a public bath, the floor of one-half of it has been raised so as to give a depth of about 4 feet adapted for the use of boys—the other half has an uniform depth of 5 to 6 feet. It is supplied with Red Hills lake-water from the public main road, and good dressing rooms have been built round it for the bathers. The roads of the Park, embracing 5½ miles, are complete.

The Zoological collection in the Park consist of the following specimens:—

2 Lions, 1 Lion Cub, 2 large Tigers, 1 Black Panther, 2 Panther Cubs, 5 Cheetahs, 2 large Hyenas, 1 Rhinoceros, 1 Elephant, 2 Porcupines, 5 Black Swans, 1 White Swan, 1 Opossum, 1 Emeu, 2 Black Bears, 1 Rattail, 12 Spotted Deer, 15 Monkeys of different species, Guinea Pigs, and a variety of Rabbits

THE NAPIER PARK.

Superintendent.

Madras owes so much to the administration of Lord Napier that it is very fitting that some permanent and palpable token of the public approbation of his labors should remain in our midst, at once to stimulate succeeding Governors to walk in Lord Napier's steps, and to remind generations to come of how much the sick, the suffering and the poor must always owe to one who has initiated so great improvements in all our public charities that their effect must long continue—blessing those who are too weak or poor to help themselves. The Napier Park is such a memorial. Its very position is most fitting. Standing midway between Government House and one of the most squalid quarters of Madras, its beneficent influence with rest upon both. Its site had been for scores of years a pestiferous swamp, covered for months in each year by salt and stagnant water, the overflow of the filthy Cooum. Within was a wretched parcherry, notorious for its liability to epidemic disease, that spread from thence throughout the city. To partially remedy the evil, the Municipality made it a dépôt for street sweepings, so that in time its level might be raised sufficiently to ensure its being free from water. This while amending one evil created another—placing on the borders of a dense population masses of putrescent matter that could not but be very injurious to both the water and air of the locality. This grew to be such an evil that the Sanitary Commissioner at last put a stop to the discharge of sweepings on the land. It was, however, impossible to build on such a spot and the whole remained a useless “dismal swamp.”

At present all is changed. The level has been raised by material dug from ornamental tanks. Trees of useful and beautiful kinds have been planted, and are rapidly growing to their full height. Roads and side-paths have been laid out, and in the midst a Band stand will probably be erected. Parks are things of slow growth, and it must be years before this can be worthy of the name it bears, but it is hoped that before Lord Napier leaves our shores, the whole of the area will be ready for the public—a boon that cannot but greatly influence for good the whole population of Chintadrepattah and Nursingspoomam.

The Park contains an area of about 18 cawnies. A great part of this was formerly the property of Government, but was generously given to the town on condition that the Municipality purchased the rest from the native owners. For this purpose the Municipality has expended several thousand rupees, and the total cost previous to the public opening will not be less than twenty thousand Rupees. The river-face of the Park has already been protected by a simple elegant fence palmyra and laterite, while a new road divides the northern side from Chintadrepattah. The design and laying out the park are the work of Mr. Standish Lee, the Municipal Engineer, who deserves great credit not only for this but also for the economical but yet effectual manner in which the whole work has been performed.

As a last gift, Lord Napier has provided the whole of the funds required for erecting on the west side of the Park a handsome building for a girls' school in the Indian fashion. The cost will not be less than 6,000 Rupees. It is intended to be a purely national girls' school and to lead on through carefully gained experience to some mode of teaching which will embody the best western systems while not departing from Hindu customs any more than may be necessary. It is greatly to be hoped the scheme will prove a benefit to the public while the school shall ornament the Park.

Provided nevertheless that it be distinctly understood, that among the objects left to the discretion of the Committee of Management are not included balls, concerts, theatrical exhibitions and such like entertainments as have the character of mere worldly amusements.

—o—

The MONEGAR CHOLTRY is an Institution which affords shelter, food and raiment to the Native poor, lame, halt and blind of Madras, without reference to caste. It was founded in the year 1808, and why named as above cannot now be ascertained. The Institution is supported by public contributions aided largely by the Government. The management is placed under the supervision of a Committee selected annually by Government, from amongst the European and Native gentlemen of Madras.

In its early days, large contributions were made by Lord William Bentinck, Colonel Martineau, Mr. D'Monte and Pollum Arnachellum Chetty. The nature of the Institution having been explained to His Highness the Nabob of the Carnatic, he munificently agreed to subscribe 800 Pagodas a year, which sum is still continued.

In 1863, Sir Stafford Northcote kindly remitted a sum of money through Lord Napier to be distributed amongst the Charitable Institutions at Madras. His Lordship kindly sent the sum of 1,000 Rupees to the Directors. Two wards, Male and Female, have been furnished with bedding for 25 Patients, and are called "NORTHCOTE SURGICAL AND MEDICAL WARDS."

The late Doctor Wyllie, C.B., of the Madras Medical Establishment, bequeathed the sum of 18,025 Rupees for the poor of this Institution.

Lord Napier has kindly furnished bedding for 11 Patients, which is called the "NAPIER WARD." His Lordship, with the late Honorable R. ELLIS, has also undertaken liberally to build a School-room which is now completed to educate the Foundlings, the children of the Paupers in the Institution, and the poorer children in and about the neighbourhood.

The Honorable Gajapathi Rau has kindly contributed 1,000 Rupees, which was applied for furnishing a Ward for 8 Patients, and which Ward has been designated as that of the family of "STREE GODAYS." This contribution is in addition to 400 Rupees annually granted by this charitable Native gentleman.

The Maharajah of Vizianagram has also lately very liberally placed the sum of 10,000 Rupees at the disposal of the Directors for the erection of a Ward, for Bed-ridden Paupers. The Ward is now completed and will contain about 20 Beds and designated after the name of the Maharajah.

The Zemindar of Kalahustury very kindly sent a donation of 2,000 Rupees after visiting the Institution, as indicative of his satisfaction and good-will towards the charity.

The new buildings in the Choultry are now completed, viz., 3 blocks; 2 blocks are to contain 25 Paupers each, and the other 30 Paupers. The improvements are now complete.

The Choultry is undergoing great improvements. The old Alms House has been pulled down, and three new buildings in separate blocks have been completed.

The block to accommodate 25 Paupers is already finished. The Native Infirmary attached to the Choultry has also undergone great improvements. Several of the old buildings were removed, and three new blocks have been erected. Two other blocks have been built by Government on the north-west of the Infirmary, for the reception and treatment of contagious diseases. By the above improvements and additions, the Infirmary can now accommodate 100 Patients, and the Contagious Wards 20. The Native Infirmary is undergoing further improvements. Mr. D. Sassoon of Bombay has kindly, through Lord Napier, given 4,000 Rs. for the Institution, out of the sum it is proposed to build an Operating-room and Surgery over the present Surgery. This building is now completed.

In the year 1837, the Vencatagherry Rajah built a Choultry to the east of the Monegar, which cost about 9,400 Rs., in which 70 Paupers are fed daily and clothed, besides 180 outdoor poor receive 2 ollocks of Raw-ice per diem. The Rajah contributes annually Rs. 5,000 to meet the expenses of this branch of his charity. The Rajah has forwarded to the Directors the sum of one lac, the interest of which is to support this Institution.

The Executive Committee of the Choultry is composed of the following Gentlemen :—

The Hon'ble J. G. Coleman, *Secy & Treas.*
T. Ramachendra Row.

ST. PAUL'S CHURCH MISSION,

ESTABLISHED IN 1817.

The present Church was built by the Rev. G. Trevor, and consecrated on the 31st March, 1840.

An increase in the Tamil congregation having necessitated the enlargement of the Church in 1864, a Chancel was added with a Vestry, and the Church greatly improved and beautified through the exertions of the then Honorary Secretary, the Rev. S. T. Pettigrew, by whom also the very pretty compound wall was built.

The Mission premises, which are close to the Church, contain a residence for the Native Pastor, as well as School-rooms for boys and girls. The present Pastor, the Rev. G. Lazarus, was appointed in August 1870, in succession to the Rev. J. Eleazer. He is assisted by 8 Catechists; and there are also 4 Schoolmasters and a Schoolmistress attached to the Mission. The former contains about 68 boys and the latter 54 girls. A Girls' Boarding School has been established in connection with the Mission, and is supported entirely by voluntary subscriptions.

The number of Christians in connection with the Mission in Bangalore is 650. During the past year the beautiful Church of St. Paul's has been enlarged to meet the requirements of an increasing congregation.

The salary of the Native Pastor in charge of the Mission is provided by the Venerable Society for the Propagation of the Gospel, and the rest of the expenses of the Mission are met by local subscriptions and donations.

Subscriptions and donations will be thankfully received by the following Members of the Committee:—

- Rev. Dr. POPE.
 „ G. WARLOW, M.A. Chaplain of St. Mark's Church, *Honorary Secretary*.

THE LAL BAGH.

THE MYSORE GOVERNMENT GARDEN, commonly known as the LAL BAGH, (from the Hindustani, signifying *red or ruby and garden*) is under the direction of a Superintendent who is responsible to the Commissioner. The present Superintendent is Mr. J. CAMERON. The garden is situated about two miles, south-east of the centre of the Cantonment, and covers an area of about 50 acres of ground, which slopes gently from the southern boundary, where there is a tank communicating with water channels which are led through most of the garden. The greater portion of the ground is very tastefully laid out in ornamental lawns and terraced flower gardens with green houses, aviary, and cages for Lions, Tigers and Cheetahs, &c. The Menagerie has now been enclosed and enlarged; a Picnic House built; the large Terrace completed, and upon which it is contemplated to build an Exhibition house. The Deer Park is situated at the East end of the gardens and greatly adds to the curiosities of the garden. Fruits and Vegetables are cultivated and acclimatized to a greater extent than hitherto. The garden is open from 6 A. M. till dusk. Carriages and horses are expected to enter by the left-hand entrance gate, and return by the one on the right, keeping to the main drive which encircles the garden. Furious driving is strictly prohibited. Visitors are not permitted to pluck flowers or fruits; and are expected not to bring dogs to the garden, as they do much injury to the plants and seed beds. Plants and seeds may be purchased at the garden.

A large ornamental Fernery has been built adjoining the rookery in which the collection of Ferns will be arranged geographically.

The plants in the gardens are being permanently named for the information of visitors. And an economic garden in which the official and medicinal plants will be brought together and grouped according to their natural orders is being formed near the Menagerie.

The number of visitors that entered the garden gates during the official year 1876-77, were Pedestrians 118,152, Equestrians 2,098, Carriages 2,338.

HYDERABAD

Is the capital of the Nizam's territories and the present seat of Government. It is situated within 6 miles from the Fort of Golconda, its distance from Calcutta is about 963 miles, from Madras 460, and from Bombay 470 miles. The Nizam's country viz., that part under the sole management of His Highness' Government contains an area of about 80,000 square miles. Although no census has been taken of the population, yet it is generally computed at ten millions. It is bounded by Berar on the north, the Madras Presidency on the south, Bombay on the west, and the Central Provinces on the east. The population of the city of Hyderabad is supposed to be about (four) 4 hundred thousand. The city is approached by numerous bridges, gates and posterns, it being surrounded by a stone wall, which, however, is in a weak and ruinous state. Great improvements are, however, being effected in the city, by widening the streets in several parts, and sanitary arrangements are being slowly introduced under the present enlightened minister, Sir Salar Jung, G.C.S.I.

The Hill Fort of Golconda was anciently the seat of its Government, and in the Fort as well as near it are the far-famed Tombs of Golconda, a series of splendid mausoleums built in oriental style over the departed Sovereigns and Princes of the Hyderabad dynasty. The Tombs are greatly admired for their extent and beauty.

The Nizam's Government.

The last Ruler, His Highness Afzool-ud-Dowlah Bahadur, G.C.S.I., was the seventh Nizam of the Deccan, who was the descendant in succession of the celebrated Asaph Jah Nizam-ool-Moolk, the "First Nizam," or founder of the Hyderabad Dynasty since the 17th century. Asaph Jah Nizam-ool-Moolk died in 1748.

The late Afrul-ud-Dowlah, the seventh Nizam or Nawab of Hyderabad, departed this life in February 1869, after a reign of twelve years, and has been succeeded by an infant son.

The infant Prince was placed on the Hyderabad Musnud on the 1st March 1869 as H. H. Nawab Meer Mabooob Ali Khan Bahadoor shortly after the demise of the late Nizam, Afrul-ud-Dowlah. During the minority of the present Prince, Meer Mabooob Ali Khan Bahadoor, two officers have been appointed to conduct the affairs of the Hyderabad Government.

Nawab Mooktiar-ul-Moolk Sir Salar Jung Bahadoor, *&c.*, Prime Minister.

Nawab, "Shumsool Oomrah" Amir-i-Kabir Bahadoor Co-administrater.

The re-construction of the Government of the Nizam, during the minority of the present Prince, is one proof of the Minister's administrative ability and sound judgment, for which advantages this country will be indebted, and the benefit thereof will be fully appreciated in due course of time.

The undermentioned four Noblemen were further selected to superintend the departments of the City Public Service :—

TRIMULGHERRY.

At Trimulgherry are the Barracks of the European Regiments of the Subsidiary Force as also of the Horse Artillery. Nearly all the Troops have been removed from Secunderabad and Balgummett to the new and stately buildings erected at Trimulgherry. At Trimulgherry is also an entrenched fort, which contains all the Barracks and principal buildings of the two Regiments of European Infantry, affording accommodation if need be for four thousand people. It is surrounded by a stone ditch and earthen parapets flanked by five batteries. Besides there are an Arsenal (removed from Secunderabad), two Magazines, Commissariat Store Houses, a Bakery, and a good supply of water.

The Head Quarters of the 12th (Prince of Wales' Lancers) have been removed into the splendid buildings that have been erected at north Trimulgherry. North Trimulgherry is

S. E. of the Bolaram Residency, and immediately behind Byam's Cenotaph, this will give the reader, who knows anything of this locality, some idea, of what the Station of Trimulgherry now is. Several Officers' Quarters are nearly finished to the East of and in line with the Bolaram Residency, and within a short distance of it.

There is a Church also at Trimulgherry, which answers the convenience of British Europeans at that Station.

Rev. F. Horsley, Church of England, Chaplain of Trimulgherry.

BOLARUM,

Is 12 miles north of the Residency, a Military Station for troops of the Hyderabad Contingent. The Protestant Church at this place is a neat Gothic structure, erected by public subscription in 1845. The Rev. H. C. Pelly is the Chaplain of Bolaram. There are also two Catholic Chapels, (Irish and Goa), a Post Office and an English school for children of both sexes of Europeans and East Indians. A People's garden has also been beautifully laid out, and is a great ornament to the Station. The Band of the Infantry Regiment plays in the garden once a week. Owing to the proximity of Bolaram to north Trimulgherry, the Troops (Lancers) are marched to the Bolaram Church for Divine worship. The Church is about to be enlarged to provide sufficient accommodation for the Lancers.

At the end of last March, they totalled 8,185 volumes. 472 volumes were added during the past year, at a cost of £800 of these one was presented by the Government of Madras, namely, "Breake's Report on the Tribes of the Nilgiris."

Madras Committee

Colonel R. M. Macdonald.	Colonel—
Archdeacon C. R. Drury, M.A.	E. J. Firth, Esq., <i>Secretary.</i>

Mr. W. H. Moore, *Superintendent of the Printing Press, Madras.*

The objects contemplated in the Establishment of this Institution are two-fold—first, to do honor to the memory of a great and good man, the late Sir Henry M. Lawrence, K.C.S. ; second, "to benefit the children of the European Soldiery, by providing for them a refuge, both from the debilitating effects of a tropical climate and the demoralizing influence of a Barrack life."

The amalgamation of the Madras Military Male Orphan Asylum with the Ootacamund Lawrence Asylum was effected in August, 1871, on the completion of the new Buildings at Lovedale.

The number at present on the rolls are, boys 830 and girls 60.

The salubrity of the situation (which surpasses that of some of the healthiest public schools in England) is shown by the diminished percentage of sick in Hospital, and the robust appearance and healthy appetite of the children.

Although the Institution may be said to have been adopted by the State, it is not perhaps so generally known that Government has never contemplated doing more than furnishing it with a liberal *Grant-in-aid*. Contributions are earnestly requested that the benefit of the Asylum may be more widely extended to a class which has one of the strongest claims on British Subjects in India. Four years' annual subscription of Rupees 50, or a donation of Rupees 800, gives a title to nominate a child.

The boys receive such a training as will fit them for usefulness hereafter in various lines of life, whilst the girls are employed in such occupations as will tend to qualify them to become useful wives and mothers, should they be spared. The clothing and most of the in-door work in both branches is done by the children, and native servants are dispensed with as much as possible.

The rule respecting "Proof sheets," modified so as to include "Manuscript for the Press," will be as follows:—

"Proof sheets and Manuscripts for the Press, marked as such, may be sent by letter post, either without covers or in covers open at the ends, at the rates prescribed for Registered Newspapers, provided that the contents be correctly certified on the outside under the signature in full of the sender," viz. :—

Not exceeding in weight 10 tolas.....	½ anna.
Not " " 90 "	1 "

and so on, adding ½ anna for every additional 10 tolas.

This Notification has reference only to the Inland post, the conditions governing the transmission of articles by foreign post being unaffected thereby.

No. 2450.—Under the provisions of Sections 20, 21 and 22 of the Post Office Act of 1866, the Governor General in Council is pleased to direct that the additional postage chargeable under Section 24 of the said Act upon any letter or other article re-directed at any Post Office or forwarded by post from any place to which it shall have been conveyed by Post, shall not be charged upon any such letter or other article which may be so re-directed or forwarded on or after the 1st January 1878.

Post Office.

NOTIFICATION.

SIMLA, THE 2ND NOVEMBER 1877.

1. On and after the 1st January 1878, registered letters and parcels may be insured for the actual value, as certified on them by the sender, for transmission by inland post.

2. The facility for insuring registered letters and parcels will be made available at almost all post offices; the only exceptions being a few vernacular offices. The Government will guarantee to the sender the safe transit of insured registered letters and parcels, and will give compensation to him, within the insured value, for any actual loss occurring in transit from any cause whatsoever, except in the cases described below.

The excepted cases are as follows:—

(1).—Misdelivery arising out of incorrectness or incompleteness of the address written by the sender.

(2).—Wrong declaration or fraud on the part of the sender or addressee.

(3).—When the receipt or acknowledgment has been signed by the addressee or his agent: it being understood that the addressee shall fully examine the outward appearance of the letter or parcel before signing the receipt or acknowledgment. By the term agent is meant not merely a person specially authorized by the addressee but any servant or other person connected with the addressee's household or business establishment who is accustomed to sign the receipts for registered letters or parcels arriving to his address. Any person who wishes to restrict the delivery of insured articles arriving to his address may do so by communicating with the post office.

- (4).—When the sender does not give intimation of loss within three months from the date of posting.
- (5).—In cases of damage as distinguished from loss; it being understood that the sender is responsible for the proper packing of articles liable to damage so as to provide sufficient protection for them.
- (6).—When there is no visible damage to the envelope or other covering or seals: it being understood that the sender must so pack the letter or parcel that its contents cannot be touched without visible damage as aforesaid being caused.
3. The compensation will be payable one month after the date on which intimation of loss is given by the sender to the post office, except in cases in which the postmaster general or chief inspector of post offices may consider that the circumstances demand the withholding of payment pending enquiry.
4. An acknowledgment signed by the addressee will in ordinary course be transmitted to the sender: and in the event of the acknowledgment conveying the intimation of loss, or of the non-receipt of an acknowledgment within three months, he is expected to give intimation to the post office.
5. The sender shall, on receiving compensation, make over in writing to the Government the whole of his rights in the lost property, and shall give all information necessary to facilitate the search for it.
6. No letter or parcel may be insured for an amount greater or less than the actual value of its contents as certified thereon by the sender. Letters and parcels may be insured without limit as to value. The weight of an insured parcel may not exceed the usual limit of 2,000 tolas, and in respect of size also it will be subject to the ordinary conditions mentioned in the postal guide.

7. The charges for insurance will be as follows:—

When the value certified does not exceed Rs. 10	... 1 anna.
" " " " 25	... 2 annas
" " " " 50	... 4 "
" " " " 75	... 6 "
" " " " 100	... 8 "

and 8 annas for every additional rupees 100 or fraction thereof.

* Specimen of declaration to accompany the letter or parcel.

This letter (or parcel) addressed to
Major G H Grantly,
16th Hussars,
Muttra,
is declared by us, the senders, to contain
the following articles, viz —

A gold ring, value	Rs. 110
Three gold studs, value	72
and currency notes—	
No. $\frac{₹}{12}$ 46569	20

Total value	217

(Signature) HAMILTON & Co.,

Dated 19th March 1878.

8. The prepayment of postage, and in the case of letters of the registration fee, is compulsory and must be effected by postage stamps affixed to the article. The prepayment of the insurance fee is also compulsory and must be made in cash to be tendered with the article. Thus a letter weighing (say) three-fourths of a tola and insured for rupees 1,000 must be prepaid with stamps to the extent of 1 anna for postage and 4 annas for registration (the total prepayment by stamps thus being 5 annas), and in presenting it at the post office it must be accompanied by rupees 5 in cash for insurance. Similarly a parcel weighing (say) 110 tolas and insured for rupees 1,000 must be prepaid with stamps of the value of 1 rupee for postage and accompanied by rupees 5 in cash for insurance.

9. A written declaration* stating the nature and value of the contents must accompany each registered letter or parcel tendered for insurance, and if currency notes form the contents or part of the contents thereof, the serial and general numbers as well as the value of each note must be written in the declaration. The signature and address of the sender must be added. This declaration will be recorded in the post office.

* *Specimen of writing the certified value on the envelope.*

Certified value of two hundred and seventeen (217) rupees.

To Major G. H. Grantly,
15th Hussars,
Muttra

10. The declared value must also be certified by the sender in figures and words immediately above the address* on the envelope or cover of the letter or parcel no correction or erasure is permissible in the writing or figures of the amount certified.

11. Any person making a false certificate will be liable to the penalty under Section 48 of the Post Office Act of 1866, as well as to penalties for cheating under the Penal Code.

12. Registered letters and parcels intended for insurance must be presented at the window

of the post office. The hours for their reception will be the ordinary registration hours, which with a few exceptions are from 7 to 8 A.M. and from noon to 5 P.M. They will not be received at all on Sundays, and they must be tendered at least one hour before the time fixed for the closing of the mail by which they are intended to be despatched. otherwise they will be detained till the next despatch is made.

13. Letters and parcels intended for insurance should be closed as follows.—

In the case of a letter if the cover be an envelope of the ordinary kind as represented on the margin, it should be of strong paper having seals on the flap point in the centre, and on each of the four corners, with distinct impressions of some device other than that of a current coin. If the cover of the letter be other than an ordinary envelope of the kind referred to above, it should be of strong paper or other substantial material, the seals being placed along each fold or seam not

more than two inches apart. A parcel should be securely packed in cloth, wax-cloth or tin, and if it is packed in cloth or wax-cloth it should bear similar seals at intervals not exceeding three inches along each line of sewing.

14. Letters and parcels not fulfilling the required conditions will not be insured.

15. As a further precaution it is recommended that in closing an envelope containing only paper enclosures, the flaps should be closed with paste as well as with seals, and that a needle and thread should be passed through the envelope and its contents, the knot of the thread being placed under the central seal. A specimen of an envelope closed in this manner can be seen at the post office.

16. The addressee of an insured letter or parcel must sign both the receipt and acknowledgment presented therewith, unless the outward appearance of the cover give rise to suspicion of tampering. In such case he should return the letter or parcel unopened, arranging with the post master to take delivery at the post office, the letter or parcel being opened there in the presence of the post master and its contents entered in an inventory which will be prepared in duplicate and must be signed by the addressee. One copy of the signed inventory will be forwarded by the post office to the sender with the unsigned acknowledgment attached to it.

17. "Value payable parcels," i. e., parcels the value of which is realized from the addressee and paid to the sender under the Postal Notice of 1st November 1877 may also be insured; insurance however renders the prepayment of postage and the insurance fee compulsory. When a "value payable" parcel is insured the sender will receive from the post office two receipts, viz., a value payable receipt and an insurance receipt.

MARRIAGE LICENSES.

I.—RULE OF RESIDENCE.

II.—RULE REGARDING DIVORCED PERSONS.

TO THE REVEREND THE SURROGATES.

MADRAS,

December 1875.

REVEREND SIR,

With reference to Rule 3 in the "Instructions for the guidance of Surrogates," I am directed by the Right Reverend the Bishop to inform you, that, inasmuch as the prescribed residence of fifteen days before the granting of a marriage license has from time to time been found impracticable, and there has hitherto been no requirement that a period of time should elapse during which the Surrogate, after receiving an application for a license, may inquire concerning the parties desiring to be married, and for want of due inquiry improper marriages have occasionally taken place—the residence of fifteen days is no longer required, but instead thereof the Surrogate must henceforth require that every application for a license be made in writing, and that, after he has received such application and immediately before his granting the license, one of the parties to be married shall reside in his (the Surrogate's) Station or District for four successive days. He must not issue the license until satisfied by affidavit* of such four days' residence.

2. A similar rule to this was promulgated by the Right Reverend the Metropolitan last year for observance in the Diocese of Calcutta.

3. The opinion of the Advocate-General of Madras as to the power of Indian Bishops to make such a rule, obtained through the Government, is here subjoined:—

OPINION.

It is true that 4, Geo. IV., Cap. 76, Sec. 14, (the enactment regulating the grant of licenses for marriage by the Surrogate or other authorized person), provides that one of the parties shall swear to having resided for fifteen days preceding within the Parish or Chaplaincy; and that the residence for fifteen days in such case is, accordingly, a "rule" of the Church of England.

2. Considering, however, that the practice has never been observed in the Diocese of Calcutta, and only very partially observed in the Diocese of Madras, I do not consider that it can have been the intention of Section 5 of the Christian Marriage Act of 1872 to impose a rule not hitherto observed, or to deprive the Indian Bishops of a power, which they appear long to have exercised, of prescribing a shorter period than that laid down in the Act. I think, therefore, that it is competent to the Bishop to issue instructions as to residence in such cases similar to those issued by the Right Reverend the Metropolitan for the Clergy in Bengal.

MADRAS,
24th September 1875. }

(Signed) H. S. CUNNINGHAM,
Advocate-General.

II.

For the removal of doubts which some have entertained regarding the purport of Rule 4, I am directed to state, that it is not intended thereby to compel any Surrogate to grant a marriage license to any person whose former marriage may have been dissolved on the ground of his or her adultery.

I am, Reverend Sir,

Yours very faithfully,

FRED. BOWLANDSON,

Offg. Registrar of the Diocese

* Forms of the requisite affidavit can be obtained on application to the Registrar of the Diocese.

In these cases the allowance admissible is charged to the British Indian revenues.

1-B.—If the Local Government decides before an officer whom it has the power to remove from the service leaves India, that he shall not be permitted to return to duty in India, notice should be given to him before he leaves India, so that any remonstrance which he may wish to make may be considered on the spot by an authority fully cognizant of the facts of the case. Such notice should not be postponed until after the officer's departure and then communicated to him through the Secretary of State. But if the question to be determined is the propriety of removing an officer for incapacity, whether mental or physical, which is of such a nature that it is not possible to say before his departure whether it will be permanent or temporary, the Local Government should report the circumstances fully to the Government of India for communication to the Secretary of State for India.

Note.—These Rules (1-A and 1-B) must not be understood to authorise the grant of furlough to an officer who ought to be dismissed or removed from the service for misconduct or general incapacity.

In such case the Local Government should grant, in lieu of the gratuity, a pension equal to that which the gratuity would purchase according to the scale in Table A, Appendix E, for a pension of the same age with normal prospects of life. But it is not intended that this rule should be employed indiscriminately, and the Government of India will be ready specially to consider any cases in which its strict operation would work serious hardships.

SUPPLEMENT A.

With the sanction of Her Majesty's Secretary of State for India in Council the following is substituted for Section 8.

Section 8—After thirty-five years' service counting from the date of his arrival in India, an officer shall not, except for special reasons, with the sanction of the Secretary of State, retain his office or be appointed to any new office. Provided that, if such an officer has held his office for less than five years, he may, for special reasons, with the sanction of the Government of India, be permitted to retain his office until he has held it for five years. CEMETERIES.

HOME DEPARTMENT. NOTIFICATION—ECCLIESIASTICAL.

Fort William, the 12th December 1877.

No. 491.—The following Rules for the care and use of Government Cemeteries other than those in the Presidency Town of the Diocese of Calcutta, for the levy and expenditure of fees on graves and monuments in Cemeteries and Churches throughout India, and for the levy of other ecclesiastical fees, are published for general information and guidance:—

I.

Rules for the care and use of Government Cemeteries throughout India except those in the Presidency Town of the Diocese of Calcutta.

CHARGE OF THE CEMETERY.

RULE I.—(1).—The Resident Chaplain of a station has charge of the general cemetery and frames an estimate of the expenditure connected therewith in accordance with the directions contained in paragraph 1, Home Department* Resolution No. 6—870-882, dated 9th November 1876.

(2).—The term "Resident Chaplain" includes a Clergyman of the Additional Clergy Society so far as concerns the stations to which he stands appointed or other Clergymen of the Church of England placed in charge by the Bishop.

(3).—During the temporary absence of the Chaplain, and at stations where there is no Resident Chaplain, the charge of the cemetery belongs to the Chief Magistrate on the spot, or the senior Military Officer if the cemetery is attached to a military cantonment.

(4).—At out-stations where there is a Church Committee the charge of the cemetery will belong to the senior member of Committee, and where there is no such Committee, to any subordinate officer nominated by the Magistrate or Deputy Commissioner of the district.

RULE II.—Each cemetery is allowed a malchowkidar or chowkidars in accordance with the scale prescribed in paragraph 2, Home Department Resolution† No. 6—370-882, dated 9th November 1876. These chowkidars are paid by Government through

the Resident Chaplain by whom they are appointed and dismissed. In stations where there is no Resident Chaplain, the chowkidars are paid, appointed and dismissed by the other officers named in Rule I.

RULE III.—Every reasonable effort should be made by the Resident Chaplain or other officer in charge under Rule I, not only to keep the cemetery in decent order, but to preserve its character as the resting-place of the remains of departed friends by providing for the necessary repairs and by planting the ground with suitable trees.

NOTE.—To meet the expenditure under this Rule, see Rule I, and paragraph 1 of Home Department Resolution‡ No. 6—370-882, dated 9th November 1876.

RULE IV.—The chowkidar will keep the key of the cemetery under the direction of the officer in charge.

RULE V.—The officer who has charge of the cemetery under the operation of Rule I will perform all the duties assigned to the Chaplain by Rules VII, VIII, IX, X and XI, with the exception of the approval of the inscriptions in that part of the cemetery reserved for the Church of England. These are to be forwarded to the visiting Chaplain, or, if there be none, to the Archdeacon, and not cut till his sanction be obtained. Should however, an inscription be disapproved, it may be referred to the Government for decision.

INTERMENTS BY WHOM TO BE CONDUCTED.

RULE VI.—(1).—The Chaplain buries Christians of all denominations whose friends desire his services as laid down in the orders of the Government of India in the Home Department§ No. 159, dated the 6th June 1877, using always the service of the Church of England, and the consecrated portion of the cemetery.

§ Appendix B.

(2).—A portion of every cemetery will be set apart by the orders of Government for the use of Roman Catholic congregations, and another portion will be appropriated for the joint use of other Christians whose friends desire that they should be interred otherwise than according to the ritual of either the Church of England or of the Church of Rome, or who cannot legally be so interred.

(3).—These unconsecrated portions thus set apart are not to be fenced or walled off from the rest of the cemetery, but simply divided off by a pathway, and they must be added to the existing cemetery or reserved from it. If the existing cemetery be large enough for the wants of the whole Christian community, such portions will be reserved, without reference to the fact that the whole enclosure has or has not been consecrated.

according to the rites of the Church of England. If the cemetery be only large enough for the wants of Christians desiring to be buried with the service of the Church of England, such portions will be added. The whole cemetery thus divided is to be surrounded by a wall, to have but one gate of entrance, and to be under the care of the officer specified in Rule I.

RULE VII.—(1.)—Ministers of all denominations have a right to conduct the service of burial over the body of any deceased member of their respective congregations who may be buried in any fitting portion of the ground set apart for the denomination to which the deceased belonged. At least six hours' previous notice of the burial should be given to the Chaplain in charge of the burial-ground, or, in the absence of the Chaplain, to the officer who may be in actual charge. The period herein prescribed may, for special reasons, be shortened with the permission of the Chaplain or officer in charge of the cemetery. Such Chaplain or officer will, if he thinks the circumstances of the case demand it, bring the facts to the notice of the local Magisterial authorities in time to admit of an order stopping the burial being passed if necessary.

(2.) A certificate of burial drawn up according to the required form must be sent to the Chaplain or to the Registrar of Births, Marriages and Deaths, to be entered in the register kept up by him.

RULE VIII.—No burial can take place in that part of a Government cemetery which has been set apart for the use of members of the Church of England, unless the service prescribed by that Church is read by the Chaplain if there be one, or, in his absence, by the layman who officiates at the funeral. But a person may be interred in the other portions of a Government cemetery with or without the use of any services of religion.

ARRANGEMENT FOR BURYING.

RULE IX.—The arrangements for making the necessary preparations for digging graves, preparing coffins, and the like, should rest in military stations upon the senior military officer, and in civil stations upon the chief local Magistrate. These officers are authorized to direct any local Public Works officer to supply all that is necessary. The local Public Works officer would usually be the Executive Engineer of Military Works in Military stations, and the Civil Executive Engineer in other stations. The expenditure incurred by the Executive Engineer will be held in his miscellaneous advance account until repaid by the officer authorizing the expenditure. But in cases of necessity or emergency, either officer may be called upon to do what is required.

RULE X.—The officer in charge of the cemetery shall keep a plan of the entire cemetery to be provided by the Public Works Department, with references written upon it, in a book, in which the names of parties interred are recorded; this plan and book being kept with the church registers.

ERECTION AND REPAIR OF MONUMENTS.

RULE XI.—Monuments may be erected by any interested person. The inscription before being cut, and the design, must be first approved of as laid down in Rule V, and the dimensions of the monument must accord with the orders in paragraph 8, Home.

* Appendix A. Department Resolution* No. 6—370-82, dated 9th November 1876.

RULE XII.—(1.) The Chaplain should communicate with the friends of the deceased when a monument needs repairing, or, when such communication is not possible, advertise three times in the *Gazette of India* and the *Gazette of the Province*, and if it falls into a ruinous condition, and no party will undertake to restore it, the ruined monument must be made level with the ground during the next repairs, and any slab it contained must be placed over the grave in simple masonry, or be inserted in the wall.

(2.)—All work connected with monuments must, as far as possible, be carried on outside the cemetery, and any undertaker not removing the debris of his work immediately upon its completion is liable to a fine of Rs. 5.

Note.—This rule does not apply to monuments of historical or archaeological interest. Lists of such tombs should be obtained by Local Governments and Administrations, and as many of them as may be properly preserved at the public expense should be looked after by the local Public Works Department.

INSPECTION.

RULE XIII.—The cemetery should be inspected once in a half-year by the Chaplain in company with the Executive Engineer, the plan and book kept under Rule X being also examined, and a report made to the Archbishop, and recorded in the Ecclesiastical record-book of the station, and also in the Engineer's Office.

RULE XIV.—(1.)—Commissioners of Divisions should inspect cemeteries, whether closed or in use, within their respective jurisdictions, in the course of their annual tours and should bring to the notice of the local Government any instances of cemeteries which are negligently kept, or which the officers in charge may have allowed to fall into a state of bad repair or disorder. All cemeteries are equally subject to the visitation and supervision of the Bishop and Archbishop.

(2.) Sanitary officers in cantonments are invited to inspect cemeteries within their respective cantonments, and to report to Local Governments any matter calling for notice.

MISCELLANEOUS.

RULE XV.—It is desirable that officers commanding regiments or detachments should be instructed to cause a report to be made to the nearest civil officer of graves dug for

soldiers on march, that measures may be taken for their effectual protection and preservation. These graves and all scattered Christian graves throughout the districts are under the care of the local civil authorities.

RULE XVI.—The above rules do not apply to Presidency cemeteries which have rules of their own.

II.

Rules regarding the levy and expenditure of Fees on Masonry Graves and Monuments in Cemeteries and Churches throughout India.

WHAT FEES ARE PAYABLE, AND BY WHOM.

RULE I.—A fee of 8 Annas for every square foot of ground occupied shall be charged for the construction of any masonry grave in a burial-ground.

NOTES.—(1.) This fee is independent of the actual charge for making a grave.

(2.) The fee leviable on a masonry grave regularly built up to the level of the ground is also leviable on a masonry grave which is not built up to the level of the ground, but which is only over and round the coffin.

(3.) The "ground occupied" is to be regulated according to the rule laid down in paragraph 3 of Home Department Resolution, * No. 6—370-882, dated 9th November last.

* Appendix A.

(4.) The same fees which are levied on pukka graves should also be levied on cutcha graves which have pukka foundations.

RULE II.—A further fee of one Rupee per square foot shall be levied on the erection of a monument in a burial-ground; provided, however, that for a simple headstone or flat slab not more than 3 feet 6 inches in height or length, and 2 feet in width, a uniform fee of Rs 5. only shall be charged. A fee of Rs. 75 shall be levied on a faculty for the erection of a monument in a church.

NOTES.—(1.) A tablet on the wall of a cemetery is to be regarded as a monument.

(2.) "Simple headstone." A cross no higher than a usual headstone and no longer than a usual flat stone is included in this description.

(3.) When a monument is erected over a masonry grave, the total of the two fees will be equivalent to one and a half Rupee for each square foot of ground occupied.

(4.) The fee of Rs. 75 levied on a faculty, drawn in the case of non-Government churches by the present incumbents of the office of Registrar of the Diocese in Calcutta and Bombay, shall cease on a vacancy occurring in the appointment. The money is to be spent in charity as in the case of Government churches.

RULE III.—When a cenotaph is erected in a cemetery, a fee of Rs. 50 should be levied in addition to the fee charged for the ground occupied, and the space should be strictly limited to six feet square.

RULE IV.—Fees for masonry graves and monuments should be levied over the whole cemetery, including those portions which are used by Roman Catholics and Non-conformists.

NOTES.—(1.) The same rules in regard to fees apply to all graves, whether of Roman Catholics, of Non-conformists, or members of the Established Church.

(2.) Where a parcel of ground used for burial by a Christian community of any particular denomination other than the Established Church of England forms no part of the general cemetery but is separate from it, or where, although not so separate, it is clearly distinguishable and was not originally acquired, and has not been kept up at the expense of the State, then, if the community by which the ground is used so desire, the Government will give up all claim to fees, on the distinct understanding that it is divested of all responsibility for the maintenance of the cemetery in proper order. On the other hand, where such parcels of ground form part of a cemetery of the Established Church or the general Christian community, provided and maintained by the Government, no distinction can be made as to keeping up any one part of the cemetery, nor should any exemption from fees be permitted.

EXEMPTION FROM FEES IN GOVERNMENT CEMETERIES.

RULE V.—British soldiers and Non-commissioned officers are exempted, with retrospective effect, from the payment of any fee for the construction or masonry graves, or for the erection of monuments in burial-grounds to the memory of their comrades, wives, or children. No monument, however, either regimental or private, shall exceed the

* Appendix A.

dimensions prescribed in paragraph 3, Home Department Resolution, * No. 6—370-82, dated 9th November 1876.

NOTES.—(1.) This rule is applicable to the British soldiers and Non-commissioned officers whether in military or civil employ.

2. Monuments erected under this rule subscribed for partly by Non-Commissioned officers and men, and partly by officers, are likewise exempted from the prescribed fee.

3. Warrant officers are not exempted from payment of ecclesiastical fees.

RULE VI.—The Chunar pensioners being more or less under military control come under the category of soldiers, and are therefore entitled to the same exemptions as soldiers. But this ruling does not apply to other pensioners who are not similarly under military control.

RULE VII.—The Chaplain may at his discretion reduce, or altogether remit in cases of extreme poverty, the fee leviable on the construction of masonry graves, but not for the erection of monuments.

NOTE.—The Bishop on special occasions may sanction a reduction or remission of fees for the erection of monuments.

FEES BY WHOM TO BE COLLECTED.

RULE VIII.—In those stations in which a mason has been appointed, who alone is allowed to work within the cemetery, he is required, in exchange for the monopoly, to collect the fees on monuments and masonry graves, and pay them to the Chaplain; and any person ordering the construction of a masonry grave or monument by a mason or undertaker other than the person appointed by the Chaplain must pay the fees in advance.

NOTE.—Fees on masonry graves and monuments constructed by the appointed mason or undertaker need not be paid in advance, but, in case of failure of payment, their recovery must be entrusted by the Chaplain to the Magistrate or Deputy Commissioner as the case may be.

FEES TO WHOM TO BE PAID.

RULE IX.—The fees prescribed in Rules 1, 2, and 8 should be paid to the Chaplain or, in the absence of the Chaplain, to the officer in charge of the burial-ground and remitted at once to the Civil Treasury, except fees for monuments in churches, which would be paid over by the Chaplain to the charitable objects to which the Bishop assigns them when his faculty is issued.

CEMETERY RECEIPTS AND CHARGES.

† Appendix A.

RULE X.—All cemetery receipts and charges to be regulated as laid down in paragraph 4 of Home Department Resolution† No. 6—370-882, dated the 9th November 1876.

MISCELLANEOUS.

RULE XI.—(1) A person may not purchase a portion of a Government cemetery as a burial-place for himself and his family, so as to have a right to fence it with a wall or fence, and thus make it the private property of himself and family. But when such rights already exist, they are not without reason to be interfered with, and special cases as they arise may require exceptional treatment. And in such cases the Archdeacon may exercise his discretion with the sanction of the local Government.

(2) All private rights must, however, cease if for sanitary or other public reasons the cemetery is closed against burials, or even that portion of it in which the private ground is situated, but in special cases the Archdeacon may exercise his discretion of giving permission to open a vault or masonry grave.

(3) No kutcha grave can be opened in any cemetery for the purpose of converting it into a masonry grave without application to the Archdeacon, which must be accompanied by a certificate from the Principal Medical Officer that this may be done without risk to public health.

RULE XII.—(1) When a piece of ground is granted by Government as a cemetery to a Railway Company for the interment of its own servants, which afterwards keeps it in repair and provides the necessary establishment, so that beyond the original grant of ground Government is at no expense, the collection and application of fees accruing is left to the decision of the Railway Company which maintains the cemetery in good order and repair.

(2) The Commissioner or District or Judicial Officer, and in military stations the officer commanding, should inspect such cemeteries and report to Government if they find them negligently kept.

III.

Other Ecclesiastical Fees.

RULE I.—No fees are charged for the performance of the rite of baptism or burial, or for the registration of the performances of these offices.

RULE II.—In addition to the fee for the Surrogate's license a fee of Rupees 10 shall be charged on all marriages by license, except the marriages of officers and others in the Military or Naval Service of Her Majesty.

RULE III.—The fee for a Surrogate's license shall be Rupees 50 both at the Presidency towns and in the interior. No fee shall be charged on marriages by banns.

RULE IV.—When registers are searched and a copy of any entry given, a fee of Rupees one shall be charged for the first year,* and four Annas for every additional year over which the search may extend, as well as a fee of Rupee one for the certificate. Soldiers, sailors, and Non-Commissioned and petty officers are exempted from payment.

NOTE.—The amount of fees payable for marriages performed, and for searching registers kept in accordance with the provisions of Act XV of 1872 (The Indian Christian Marriage Act), is fixed by each local Government.

APPENDIX A.

Extract from the Proceedings of the Government of India in the Home Dept. (Ecclesiastical), Nos. 5-870-362, dated Simla, the 19th November 1876.

Read Home Department Resolution, Nos. 514 to 518, dated 6th October 1875, appointing a Committee to report upon the following matters connected with ecclesiastical administration :—

- (1.) The framing of joint estimates for expenditure on cemeteries or churches by the Executive Engineer and the Clergyman in charge.
- (2.) A revision of establishments for cemeteries according to their area.
- (3.) The size of monuments and amount of ground that may be enclosed.
- (4.) Provision for planting cemeteries and preserving them in decent order.
- (5.) Mode of supply of certain articles of church furniture.
- (6.) The substitution of three for two classes of churches with respect to the expenditure allowed for them by Government.

Read the Report of the Committee, dated 29th October 1875.

Resolution.—The Report of the Committee has been considered by the Governor-General in Council, who desires to express to the Committee his satisfaction at the result of their labors.

The following rules have been approved relative to the subjects referred to the Committee for report :—

I. Churches and cemeteries have already been divided into two classes : (1), those in stations where there are military cantonments and the military works which are under the charge of the Inspector-General of Military Works ; and (2), those in other military cantonments and civil stations.

In both classes of stations joint estimates* of expenditure should be framed annually by the undermentioned officers :—

(a.) In the case of all expenditure connected with establishments, *e.g.*, pay of servants, alterations in their pay or number, &c., also all expenditure by Government connected with the provision of articles of church furniture supplied by the Civil Department. } By the Chief Magistrate of the District and by the Chaplain.

(b.) In the case of all expenditure connected with repairs and additions to church fabric, to church compound or cemetery walls, to cemetery gates, walks, wells, chouldars, or other church servants' houses, provision of necessary appliances for graves or for the repair of tombs or for the planting of trees and shrubs in cemeteries and keeping the same in decent order ; also all expenditure by Government connected with the provision of articles of church furniture supplied by the Public Works Department. } By the Executive Engineer and by the Chaplain.

The estimates of expenditure to be prepared by the Executive Engineer and the Chaplain should show distinctly the probable charge under each of the following heads :—

I.—New works connected with additions to existing churches and improvements to church compounds.

II.—New supplies of furniture for churches and sanctioned articles of church use.

III.—New works connected with additions to existing burial-grounds.

IV.—Repairs to churches and church furniture and maintenance of church compounds.

V.—Repairs to burial-grounds to be executed by Public Works Officers.

VI.—Repairs to Burial-grounds, including planting and cleaning, to be entrusted to the Chaplain or Chief Civil or Military Officer of the station or cantonment under paragraph 4.

It would be convenient if distinct estimates were prepared for each of these classes of expenditure.

The provision of funds to meet the charges above enumerated will be made in the Budget Estimate for the Public Works Department. The estimates for the same will be subject to the scrutiny of, and be passed by, the Superintending or Chief Engineer or local Government or Administration, according to the rules in force in the Public Works Department.

In stations in which the churches and burial-grounds are under the local Governments and Administrations in which the Provincial Service arrangements are in force, the

* NOTE.—The estimates should be for the financial year and should be prepared in advance, as is prescribed for other Budget Estimates.

charges debitable to the Public Works Department will be provided for in the Provincial Public Works Budget Estimate. In other Provinces and in the Military Works Branch the charge will be provided for in the Imperial Public Works Budget Estimate under Civil Buildings.

2. The following scale of establishments should be maintained at all cemeteries:—

- (i.) For a cemetery of which the area is five acres or less, one mali-chaukidar;
- (ii.) For a cemetery of which the area is more than five and less than ten acres, one mali-chaukidar and one assistant cooly;
- (iii.) For a cemetery of which the area is more than ten and less than fifteen acres, one mali-chaukidar and two assistant coolies;
- (iv.) For a cemetery of which the area is more than 15 acres, one mali-chaukidar and three assistant coolies.

It is left to the local Governments and Administrations to determine the proper wages to be given to each servant. The cost of this establishment will be charged to Provincial Services in the case of those local Governments and Administrations in which the Provincial Service arrangements are in force, and in the case of other local Governments and Administrations and the Military Works Branch of the Public Works Department to Imperial Funds. In either case the charge will be included in the Civil Budget Estimate.

3. The size of kutcha and pukka graves should be limited to 8' x 4', and the amount of ground to be enclosed should be restricted to 11' x 7', by external measurement in both cases. No monument over a pukka grave must exceed 8' x 4' at the base, except with the previous sanction of the local Government concerned. A simple cross or head-stone on an adequate masonry foundation, not exceeding 3' x 2', is the only monument that should be allowed over a kutcha grave; no kutcha grave should be enclosed by a railing.

4. No portion of the receipts from cemeteries should be retained by any Government officer to be directly expended by himself; all such receipts should be paid into the Civil Treasury to the credit of the Public Works Department. In the case of receipts from cemeteries in charge of the Military Works Branch and under those Governments and Administrations in which the Provincial Service arrangements are not in force, the credit will be treated in the Public Works accounts as a receipt under Imperial Public Works Revenue. In the case of the other Governments and Administrations the credit will be raised to Provincial Service Public Works Revenue. But the amount passed upon the joint estimate framed by the Executive Engineer and Chaplain to provide for planting a cemetery and preserving it in decent order should be entrusted to the Chaplain where there is one. Where there is no resident Chaplain, the amount should be placed at the disposal of the Chief Magistrate on the spot, or of the senior Military Officer if the cemetery is attached to a military cantonment. The necessary funds for the purpose will be advanced by the Executive Engineer concerned to the Chaplain or Civil or Military Officer. Bills for the expenditure should be rendered by the officer to whom the advance has been made, either monthly or otherwise, to the Executive Engineer, who will charge for the amount thereof in the usual way in his accounts. Until the bills are received and charged off, the advance will be placed in the Miscellaneous Advance Account of the Executive Engineer. All planting of shrubs and trees by private persons in cemeteries should be under the control of the Chaplain if resident, otherwise under that of the Magistrate or senior Military Officer, as the case may be. When practicable a well should be sunk in or near every cemetery.

In connection with the preservation of cemeteries in decent order, attention is invited to

The Chaplain should communicate with the friends of the deceased when a monument needs repairing; and if it falls into a ruinous condition, and no party will undertake to restore it, the ruined monument must be made level with the ground during the next repairs, and any slab it contained must be placed over the grave in simple masonry or be inserted in the wall by the Government officer.—(Rule VIII, Diocese of Calcutta Burial-ground Rules.)

the rule cited on the margin. This rule, however, should not be applied to monuments of historical or archaeological interests. Lists of such tombs should be obtained by local Governments and Administrations, and as many of them as may be

properly preserved at the public expense should be looked after by the Local Public Works Department.

5. It should be understood that the Government cannot provide cemeteries at the public expense for Native Christian communities.

NOTE.—Where their number is small, the question is of little importance and is best arranged by mutual concessions or by special provisions made locally by the parties immediately concerned. And I am to suggest for His Lordship's (Bishop's) consideration, whether, if the necessity of dealing at the present time with this matter of Native Christian interment be in his judgment unavoidably established, it should not be carefully examined in consultation with the several local Governments, having regard to the diverse needs and circumstances of the population in each separate province.

6. It is not considered necessary to make any alteration in the existing rules regarding the mode of supply of church furniture.

7. Further orders will be passed on the sixth point referred to the Committee for report.

8. The arrangements for making the necessary preparations for digging graves, preparing coffins, and the like, should rest in military stations upon the senior Military Officers, and civil stations upon the chief local Magistrate. These officers are authorised to direct any local Public Works Officer to supply all that is necessary. The "local Public Works Officer" would usually be the Executive Engineer of Military Works in military Stations, and the Civil Executive Engineer in other stations. The expenditure incurred by the Executive Engineer will be held in his Miscellaneous Advance Account until repaid by the officer authorizing the expenditure. But in cases of necessity or emergency either officer may be called upon to do what is required.

NOTE.—The intention of this paragraph is to provide an ultimate authority in case of difficulty, and existing arrangements need not be disturbed.

Office Memorandum from the Military Department, No. 810, dated the 16th November 1875, forwarding for an expression of opinion a draft General Order which His Excellency the Commander-in-Chief proposes to issue on the subject in accordance with the above rules.

RESOLUTION.—On a reconsideration of the subject, the Government of India think it necessary to modify the rules contained in the Resolution of 8th September 1875, so far as regards the burial of deceased Roman Catholics. The Government of India have now decided:

1st, that at stations where there is a Roman Catholic Priest drawing an allowance from Government, he shall be held bound to read the burial service over the body of every deceased Roman Catholic brought for burial, unless he be excused from doing so by the rubrics and canons of the Roman Catholic Church; and that when the Roman Catholic Priest refuses to read the burial service over the body of a deceased Roman Catholic soldier, the Military authorities shall make proper arrangements for the decent interment of the corpse;

2ndly, that where there is no Roman Catholic Priest paid by the State, the Protestant Chaplain shall, if requested by the friends of the deceased, or by the Officer Commanding, be bound to bury the deceased according to the rites and ritual of the Church of England, except in either of the three cases in which Protestant Chaplains in India are excused from burying a deceased Protestant, viz., dying unbaptized even by lay baptism; excommunicated by the major excommunication, or declared to be *felo de se*; and that when a Protestant Chaplain refuses to officiate at the burial of a deceased Roman Catholic soldier on either of the three abovementioned grounds, the Military authorities shall, as in the case of refusal by a Roman Catholic Priest, make proper arrangements for the decent interment of the corpse;

3rdly, that whenever, with or without furnishing any explanation of his reasons, a Roman Catholic Priest paid by the State, or a Protestant Chaplain refuses to perform the funeral rites of his Church over the body of a deceased Roman Catholic soldier, the circumstances of the case should be fully reported by the Military authorities for the consideration and orders of the Government of India.

2. The Governor-General in Council is accordingly pleased to direct the modification in the above sense of the provisions of paragraphs 15 to 19 inclusive of the Resolution, 8th September 1875.

Agents in London,

Messrs. ARBUTHNOT, LATHAM & Co.

The Chief Characteristics of this Society are :—

Mutual Assurance.

Consequently there are no shareholders to be provided out of the premiums with a dividend.

Claims paid immediately upon a casualty being proved to the satisfaction of the Directors.

An official notice of death in any of Her Majesty's Government Gazettes is a sufficient proof of death.

Life Policies, (excepting those formerly issued at annually increasing rates of premium), when they have paid three years' premiums are saleable to the Society at rates specially prepared by the Society's Actuary in London.

For the convenience of policy-holders residing in Europe, an agency has been opened in London for the receipt of premiums at a fixed Exchange of Two Shillings per Rupee, and for payment of

death claims at the current Exchange on Madras. In the event of policies thus transferred to the London Register, becoming claims by death, Indian Probate or Letters of Administration are not required.

Renewal premiums are payable half-yearly on the 1st January and 1st July.

One calendar month's grace allowed for payment of renewal premiums.

Claims arising whilst renewal premiums are due are not invalidated provided the premium be paid within the month's grace.

Policies voided by non-payment of premium may be renewed at any time within twelve months upon production of satisfactory health certificates.

The funds of the Society not required for current purposes, must be invested in Securities of the Government of India, or in Securities, the interest of which is guaranteed by the Government of India, or by the Secretary of State for India in Council.

All such Securities must be held in the joint names of three of the Directors of the Society. The Directors must be residents at Madras, and are elected by the Members.

Quinquennial valuations of all the Society's assets and liabilities are made by the Actuary of an Assurance Office established in London having a duration of not less than twenty years.

The Surplus Funds which by every such valuation are found to be held by the Society, are divisible, at the discretion of the Directors, rateably with the premiums paid during the expired quinquennium amongst the holders of life policies subsisting on the last day of the period embraced by every such valuation, and are applicable to the reduction of premiums becoming payable during the ensuing quinquennium.

The valuation to 31st December 1875 was made by A. H. Bailey, Esq., of the London Assurance Corporation, his report shows that the Society had on that date a clear Surplus of Rs. 5,96,434.

Premiums payable during the quinquennium 1876--1880 on policies that were subsisting on the 31st December 1875, have been

ALMANACK ADVERTISER.

reduced to the extent of sixty-five per cent. of the aggregate amount of premium paid on such policies during 1871—1875.

The following is an example of the effect of the reduction.
Policy No. — for 15,000 Rs., age next birthday 35 years, civil rate,
gross annual premium 46 Rs. per 1,000 Rs. Premiums paid thereon
from 1st January 1871 to 31st December 1875 3,450-0-0 Rs.

Sixty-five per cent. of which amount is 2,242-8-0 „

Divided by five for so many years of ensuing
quinquennium gives an annual reduction
during 1876—1880 of 448-8-0 „

Gross annual premium 690-0-0 „

Less, annual reduction as above stated 448-8-0 „

Net annual premium payable during 1876—1880 241-8-0 „

Or at the rate of 16-1-7 Rs. per 1,000 Rs. annually.

The current quinquennium commenced on the 1st January 1876. Reduced premiums on new Assurances came into force on the 1st January 1871.

The members of the Society consist of all persons who hold policies of assurance either on their own lives or on the lives of other parties, *for the duration of life.*

General meetings of members must be held annually.

Special general meetings may be summoned by the Directors or by twenty members.

An Annual audit of the Society's accounts is made by an Auditor elected by the members.

The Report of the Directors and of the Auditor, together with an abstract of the accounts for the previous years, are read at every annual general meeting.

Members holding policies for Rs. 1,000 or up to Rs. 10,000 have one vote, and an additional vote, not exceeding ten in all, for every additional Rupees 10,000.

The past experience of the Society leads the Directors to anticipate that the retention of the mutual principle, and the quinquennial distributions of Surpluses, will bring down the cost of assurance by this office, for life, to the lowest possible point.

Term policy-holders are not members, and are not entitled to share in the surplus funds of the Society.

Term policies are therefore issued at reduced, non-participating rates of premium.

Assurances may be granted on the lives of Europeans, East Indians or Eurasians, and Parsis.

No policy issued for a less sum than Rupees 500, or for a larger sum than Rupees 30,000, on any one life.

The Medical Examiner sees Applicants for Assurance at his residence, Pantheon Road, Egmore, on Wednesdays and Saturdays between 11 and 12 A. M.

THIS COMPANY was established in 1825, and is one of the largest and most successful of the Life Assurance Institutions of Great Britain. Its Profits have been very large, and persons assured have derived very valuable benefits from their connection with the Company. It has also acquired a marked character for liberal management, being the first institution which relieved Policies of Assurance from restrictive and unnecessary conditions, and gave such contracts increased value and stability in other ways.

PROGRESS OF THE COMPANY'S BUSINESS.

The business of the Standard Life Assurance Company since its institution, has increased steadily year by year, until it has attained its present large amount.

Beginning in 1825 at *nil*, there are now subsisting Assurances to the amount of more than *Eighteen-and-a-half Millions sterling*; the annual revenue of the Company is *Seven hundred and seventy thousand Pounds*; and the Assets are considerably upwards of *Five Millions sterling*.

These results have not been attained by any other than constitutional means; and the Directors are satisfied that large as the Business has been, no Office can exhibit a better class of risks, the Assurances being to a great extent in connection with Family Provisions, Marriage and other Settlements.

INVESTMENT OF FUNDS.

The Funds of the Company, amounting to considerably upwards of **Five Millions sterling**, are invested in Government Securities; in Loans on the security of Land, by bond or mortgage; in Landed property; in advance to the Company's Policyholders; and in other ways affording undoubted security.

DIVISION OF PROFITS AMONG THE POLICYHOLDERS.

One feature in the STANDARD LIFE ASSURANCE COMPANY, the operation of which has contributed in a marked degree to the great success of the Institution, is the liberal DIVISION OF PROFITS among the Assured, and the Directors request attention to the great advantages of the system. The Divisions are made at intervals of *five* years, and they are preceded by a most searching investigation into the affairs of the Company.

At the Division of Profits in 1875**THE LARGE SUM OF****£372,710**

was allocated to the Policy-holders, representing Bonus Additions to existing Assurances to the amount of upwards of

£720,000.

The following Table shows the Bonus Additions to Policies in force at 15th November 1875.

The additions to Policies of larger or smaller amount are in the same proportion.

Those who did not wish to add the amount of the Bonus to the Sum Assured were permitted to take the value of the addition in a present sum, or to apply its value to the reduction of the Annual Premium for five years.

The next Investigation and Division of Profits will be made at 15th November 1880, and quinquennially thereafter.

RESERVES.

While the Company have conferred these important benefits on the Assured, they have at the same time made very large reserves in estimating their Liabilities, so as to secure the future stability and welfare of the Institution. In valuing the Liabilities of the Company the Actuaries have adopted, as the basis of their calculation, a rate of Interest considerably below that which the Company can readily realise on the best security which the country affords. The rate of Interest assumed in the great bulk of the Company's calculations is 3 per cent. In some cases $3\frac{1}{2}$ per cent. is adopted as more appropriate to the particular class of risks under consideration, and in others as high as 4 is the assumption; but, on the whole, there is a gain of above one per cent. on Interest alone, which, on upwards of Five Millions of Money invested, gives a large and handsome Annual Profit. But the large Reserve of the Company, consisting of the unvalued portion of the premiums payable, is the mainstay of the business, being sums set aside at the Investigations which the Company may calculate on receiving equally with the rates of the Premiums contracted for, but which are not taken into account in the calculations. That is to say, if an Annual Premium under a Policy is £100 per annum, £80 only may be valued, the difference being called the Reserve or Loading. It is not easy to explain this distinctly without fuller illustration than can be here given, but the effect is apparent, when it is stated that the Company have an annual income of upwards of £100,000, coming in year by year in this shape. The Company have other large sources of profit arising from the selection of lives surrendered and abandoned Policies, etc., etc., but enough has been stated to show that the Company's affairs are highly prosperous, while the benefits conferred on all interested are very large.

THE RATES OF THE COMPANY,

which have been recently reduced, being calculated on data derived from the most authentic sources, will be found moderate, and looking to the facilities and advantages afforded, they are undoubtedly more advantageous, and less expensive, than those of any other Office transacting the same class of business.

A STANDARD POLICY IS

UNCHALLENGEABLE

according to the resolution of 1861, on any ground whatever connected with the original documents on which the Assurance was effected, after it has endured five years, and that without application to the Directors or other forms, evidence of age having been produced.

GENERAL REGULATIONS AND CONDITIONS.

These have been framed with much care, with the view of making the Company's Policies available securities of the most perfect kind, and of allowing as much freedom to the Policyholder as may safely be granted. The Directors invite particular attention to them.

Claims paid at home or abroad.

Policies with Profits purchased at any time after payment of one year's Premium, and Policies without profits for the whole term of life, after three years' Premiums have been paid.

Assignments of Policies recorded, and from the date of such recording Assurances not subject to forfeiture on any ground whatever, except fraud or non-payment of the Proper Premiums.

Age and Interest admitted on the Company's Policies in all cases where proof is given satisfactorily to the Directors.

Thirty days of grace allowed for payment of Premiums yearly, half-yearly and quarterly, and ten days' grace for monthly; and in the event of death taking place during the currency of these days, before payment of the Premium, the Policy will be as valid and effectual as if it had been paid.

Assurances forfeited may be revived within 13 months from the date at which the Premium became due, under certain conditions.

The Indian Military Rate covers the risk of war in the case of Officers in Her Majesty's service while on the Indian Establishment.

Military Men holding appointments of a civil character, not requiring military service, charged the rate applicable to civilians, with certain exceptions.

Persons Assured through the Indian Branches of the Company have permission to reside in any part of the world, so long as they continue to pay the original rate of Premium stipulated in their Policies.

Persons Assured for the whole Term of Life returning to Europe, or other climate considered equally healthy by the Directors, pay the reduced Premium applicable to Europe, according to the Company's published Rates, Table No. II, commencing with the first Premium due after their arrival within such limits has been duly reported, and they receive a return of a proportion of the extra premium calculated by days for the period from the date of their arrival in Europe to the date of the next renewal Premium falling due, provided the return is then claimed. This rule, however, does not apply to first year's Premium, except in special cases.

Persons Assured paying a reduced rate of Premium for residence in Europe or elsewhere, desirous of returning to India, require to make application to the Directors for permission to do so, paying the original rate of Premium required in terms of their Policy. If desirous to proceed to any other part of the world instead of returning to India, the terms will be specially arranged.

No Expenses in connection with obtaining Policies for the whole term of life; and all Medical Fees paid by the Company.

Assurances for limited periods can be effected at moderate rates of Premium.

Assurances can also be effected by a limited number of payments either with or without profits, the amount assured being payable at death; or as an Endowment without profits, by a limited number of payments, the sum assured being payable on attaining a certain age or sooner in the event of death.

The Local Boards in India are empowered to accept Proposals and issue Policies, and adjust claims, and every facility is afforded for the despatch of business.

Full particulars, together with Proposal Forms, Prospectuses, &c., will be forwarded on application being made to any of the Sub-Agents of the Company, to
